### JAM OF ICE FORMS AND PRES- SURE FROM IMPRISONED WA- TER BREAKS DOWN EARTHEN RETAINING WALL.

## ICE JAM CAUSES MUCH DAMAGE.

Water Floods Excavations and Quarry  
and Work is Tied Up Until Jam  
Can Be Broken and Repairs Made.  
—Half of the Big Dam is Now Com-  
pleted and Water Turned Over It.

The cofferdam at the new Escanaba  
Traction company plant at Groot, was  
carried out again early this morning  
by a jam of ice and slush that backed  
up the water of the river until the  
pressure became so great that the cof-  
fer dam could not stand the strain and  
gave way. The entire force of men  
at the plant were hard at work all  
night trying to break the jam and re-  
lease the imprisoned water, but with-  
out avail. Considerable damage was  
done by the break, the water pour-  
ing in and flooding the quarry and all  
the lower end of the construction job  
so badly that all operations are tem-  
porarily suspended. About 8 o'clock  
this morning, the gates at the electric  
power station, about a mile below the  
new dam were opened and the level  
of the water in the river was lowered.  
Both the footbridge and the tote bridge  
have been torn from their places and  
piled up on top of the ice jam.  
The part of the cofferdam which

## TAFT IGNORES SUFFRAGIST'S PLEA

(By Associated Press.)  
Nashville, Tenn., Nov. 13.—A plea  
that President Taft "say a word for  
the women," while he was asking  
support of the people for his peace  
treaties, was without result here late  
last night, for Mr. Taft ignored the  
letter passed into his hands until after  
he had completed his formal ad-  
dress.

The suffrage movement recently in-  
vaded Nashville, and a great crowd  
that heard the President's talk about  
peace also wanted to get his idea of  
the votes for women campaign.

The President left early today for  
Sewanee, Tenn., the site of the Uni-  
versity of the South, where Major Butt  
spent part of his youth.

## TWO BOATS ARE SAFE.

Much Worry Will Be Brought to An  
End Now That They are in Port.

(By Associated Press.)  
Chicago, Ill., Nov. 13.—The launch  
Evening Star and barge Delta, sup-  
posed to have foundered in lake Mich-  
igan are reported safe with their crew  
totaling fifteen persons. The Delta  
worked her way into South Haven and  
the Evening Star reports from St. Joseph.

## BOOK AUTHORS PROTECTED.

(By Associated Press.)  
Washington, Nov. 13.—The supreme  
court today handed down the decision  
that dramas portrayed on motion pic-  
ture films, whose plots are based on  
copyrighted books, may constitute an  
infringement of the copyright or the  
rights to dramatize.

Local Dealer Says Supply of Thanksgiving Birds  
Is Larger Than For Years Past  
Dry Summer Cause

"On the other side of the big pond  
the Italians have been carving Turkey  
with considerable vigor for the past  
few months," said an Escanaba dealer  
who will dispense Thanksgiving birds  
to the public ere long, "but on this side  
of the pond we are going to do a little  
carving ourselves the last day of this  
month, and we are going to carve

## EXTREMES MEET IN CHICAGO.

Heat Kills Saturday, Cold Kills Sun-  
day—Unparalleled in History.

Last Saturday afternoon while at  
work in the freight sheds in Chicago  
a laborer was prostrated by the heat,  
the thermometer standing at 74. Yes-  
terday two men were picked up on the  
streets of the metropolis frozen to  
death.

## NAVAL BOARD HERE TONIGHT

DISTINGUISHED NAVAL OFFICIALS  
WILL ARRIVE IN CITY TONIGHT  
TO INSPECT THE LOCAL RE-  
SERVE.

Although it had been hoped right  
along that the members of the naval  
board of the state would arrive in  
the city this morning and give some  
of the citizens a chance to see them  
and talk over the plans for a better  
naval reserve in this city, it is now  
learned that they will not arrive until  
this evening and will go directly to  
the armory where the local company  
will have to stand inspection.

Nothing is known as to what report  
or recommendation will be turned in  
by the naval board and there is much  
anxiety among the members of the  
local reserves as to what is going to  
happen. The members of the board  
who will arrive this evening are Com-  
mander Duffield of Detroit, Col. J. N.  
Cox of Calumet and Lieutenant Farm-  
er of Benton Harbor.

## NO DEVELOPMENTS IN FOGARTY CASE

POLICE IT IS SAID ARE WORKING  
QUIETLY—CLEWS WHICH MAY  
OR MAY NOT PROVE RELIABLE.  
—DETAILS OF WORK.

There have been no new develop-  
ments up-to-date in the Fogarty mur-  
der case, but the police it is said are  
still working on other clues which  
may lead to more arrests before long.  
The authorities are reticent regarding  
the progress of the case and at police  
headquarters it was stated that nothing  
of a tangible nature throwing further  
light on the alleged killing of Fogarty  
has materialized.

John Lindquist, one of the trio of  
murderers suspected arrested is oc-  
cupying a cell at the county jail, while  
Arthur Lindquist, his younger brother,  
and Daniel McCarthy are lodged in  
cells at police headquarters.

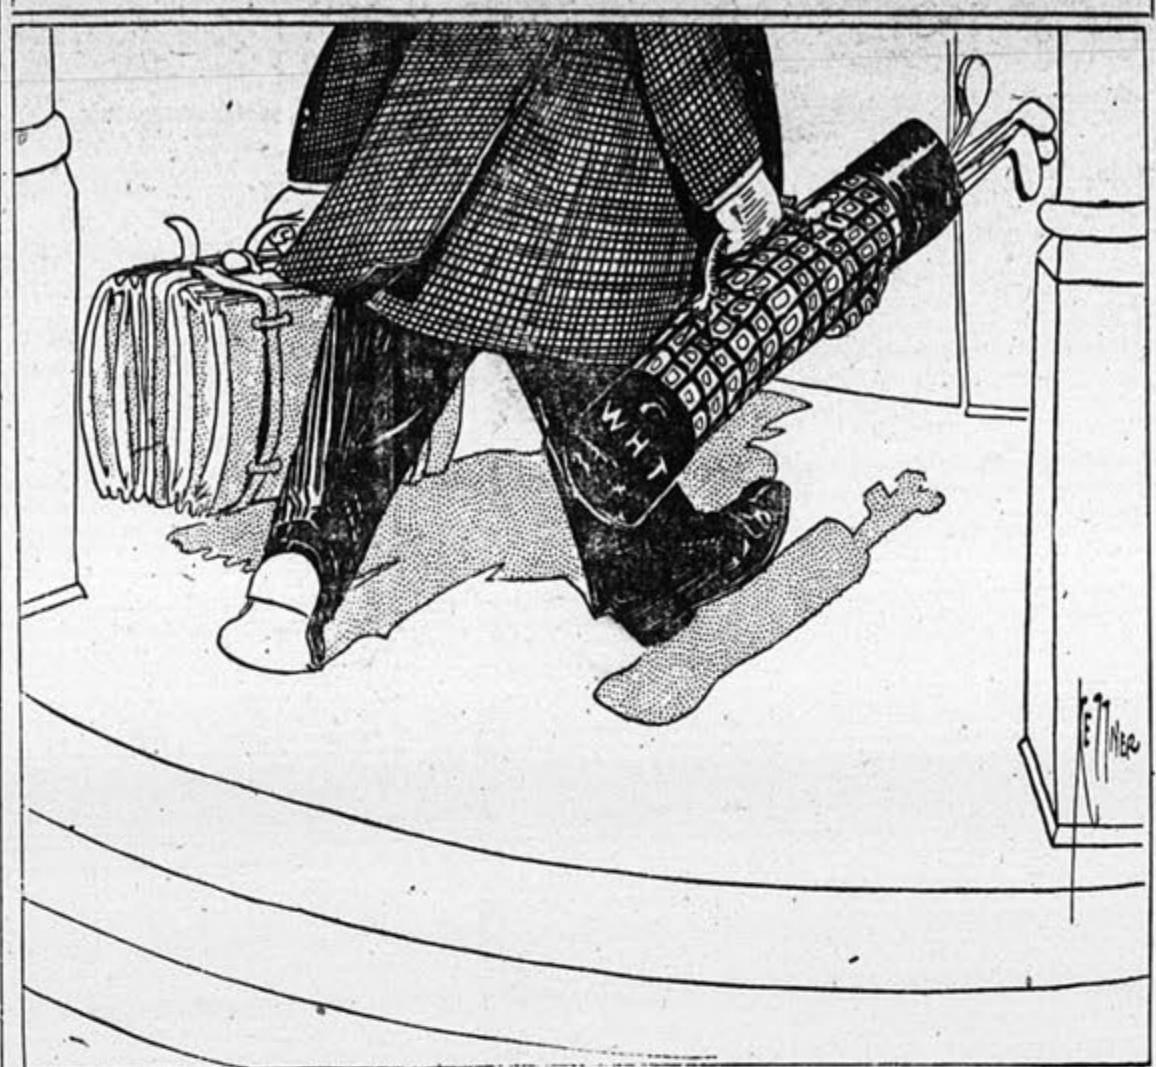

All three will be arraigned for an-  
other examination before Judge Lin-  
den on the 21st and 22nd of the month.

## BIG STEAMER IS LOST.

Steamer Washington is Breaking Up  
and 50 People Are in Peril.

(By Associated Press.)  
Astoria, Oregon, Nov. 13.—The  
steamer Washington which ran ashore  
near here yesterday is today being  
driven toward the rocks on Cape Dis-  
appointment. A terrible southeast gale  
is blowing and terrific seas are re-  
ported to be breaking over the strand-  
ed vessel to such an extent that it is  
not possible to use a surf boat, breech-  
es buoy or any of the other lifesaving  
apparatus and the 50 persons aboard  
the steamer are believed to be doom-  
ed.

### JOHN NOVACK SAYS IT IS AUTUMN NOW ON THE PLANET MARS

WAS FIRST OBSERVED ON NOVEM-  
BER 10TH, WHICH CORRE-  
SPONDS TO AUGUST 23RD WITH  
US—DETAILS.

There were few persons in the sta-  
tion when the presidential train pulled  
in, only a few policemen and a num-  
ber of White House employees. The  
president had breakfast and luncheon  
alone, attended church and spent the  
remainder of the day in resting and  
receiving callers. He took a long  
walk through the streets of the cap-  
ital in the rain late in the afternoon.

There are two matters before Mr.  
Taft that he regards as most impor-  
tant. His third annual message is yet  
to be written and, although data for it  
has been assembled, he has not  
written any part of it. In addition to  
writing his message, the president in-  
tends to give much consideration to  
the appointment of a successor to the  
late Supreme Justice Harlan and to  
the naming of men to fill other im-  
portant judicial vacancies. For the  
supreme court vacancy alone, there  
have been more than forty recommen-  
dations, but the president has made  
no determination as to whom he shall  
name, nor does he expect to do so  
for several weeks.

## AGED MAN IS TAKEN TO THE HOSPITAL

An aged man, evidently in very bad  
shape from illness and exposure,  
crawled up the stairs on hands and  
knees, into Dr. Lemire's office this  
morning and fell on the floor in the  
hallway. He was revived with stimu-  
lants and sent to the Delta County  
Hospital where he gave his name as  
William Stewart, but aside from the  
fact that he had come from somewhere  
"up in the woods," nothing could be  
learned of his history.

## YEOMEN GET THE BANNER.

Trophy Won For Getting Most Mem-

District Deputy Adolph Dupuis to-  
day received the banner which is giv-  
en by the state for the Brotherhood of  
American Yeomen taking in the great-  
est number of members for a  
given length of time. Delta Home-

banner and is entitled to keep it un-  
til January 1. It will then go to the  
lodge getting the largest number of  
members for the last three months of  
the year.

## EXECUTIVE OF NATION ARRIVES AT WHITE HOUSE ON SCHEDULE TIME—HAS BEEN AWAY SINCE AUGUST 22.

Washington, Nov. 13.—President  
Taft arrived in this city Sunday morn-  
ing at 6:45 o'clock, exactly on time  
at the end of his 15,000 mile trip, and  
fifteen minutes later the doors of the  
executive mansion were opened for  
him. It was his first call there since  
August 22, with the exception of a  
short stop between trains two weeks  
ago.

## MAYO BROTHERS GET WHITE DEER

Rapid City, S. D., Nov. 13.—Black  
Hills deer may hereafter be seen at  
Rochester, Minn., by the thousands of  
people who annually visit the Doctors  
Mayo, the surgeons. Friends of Dr.  
Charles H. Mayo have just shipped to  
him four deer, two whitetail does  
and a whitetail and blacktail buck.  
Quarters have been prepared for the  
animals at the doctor's home in Roch-

## PROCLAMATION BY GOVERNOR OSBORN

MICHIGAN'S CHIEF EXECUTIVE  
DESIGNATES NOVEMBER 30TH  
AS THANKSGIVING DAY—IT IS  
VERY FLOWERY.

Governor Osborn's Thanksgiving  
proclamation has been issued from  
the executive office, and like most of  
the governor's writings, it is not mere-  
ly a formal state paper, but a literary  
gem. It is as follows:

"The loving and merciful God has  
vouchsafed benediction upon the peo-  
ple of Michigan during the year nine-

Janesville, Wis., Nov. 13.—A visit  
today to the scene of Saturday's cy-  
clone in Rock county only confirms  
and adds to last night's reports of  
the disaster.

The storm, unlike the usual cyclone  
was preceded by a heavy rain. It  
swept over the county shortly after 2  
o'clock and missed Janesville by the  
narrow margin of three miles, turning  
north and east. The worst of the  
damage was west of the city and in

## SCARLET FEVER IN TOWNSHIP.

Little Son of Mr. and Mrs. Miron is At-  
tended to by Local Physician.

Ernest, the six year old son of Mr.  
and Mrs. Joseph Miron of Escanab  
township is ill at the home of his  
parents but it is hoped that the attack  
will be light. Dr. P. C. Dube, who was  
called this morning to attend the child  
says that he notified the proper town-  
ship authorities and that the same  
precautions will be taken that are usu-  
ally inaugurated in the city.

Mrs. J. J. Cox left last night for Chi-  
cago, where she will visit her brother,  
Wm. Donnelly, who is recovering from  
a serious accident at one of the hospi-  
tals.

## WRIT OF ERROR DENIED.

Unless Governor Interferes Beattie  
Will Hang on November 24.

(By Associated Press.)  
Richmond, Va., Nov. 13.—Appeals to  
the supreme court asking that the pe-  
tition for a writ of error in the case  
of Henry Clay Beattie, Jr., has been  
denied by that body and unless the  
governor interferes, Beattie will be  
hanged on November 24 for the mur-  
der of his wife.

## NEW STORY STARTS IN MIRROR SOON

ALL READERS WILL BE GLAD TO  
KNOW THAT IT IS BY JOSEPH  
VANCE THE AUTHOR OF "THE  
BRASS BOWL."

Within a few days The Mirror will  
start a new serial story that will ex-  
ceed in interest the story by Jack  
London, which has just been complet-  
ed. The new story is by Joseph Vance  
and is his latest venture. It is entitled  
"The Flaming Pool" and from the very  
first chapter will hold the reader spell  
bound until the final chapter is finish-  
ed. Vance has a pleasing way of writ-  
ing that is testified to by all those who  
have read his stories. In the "Flam-  
ing Pool" he is at his best and every  
chapter of the story is brimful of ad-  
venture with a startling climax at the  
end. Look for the first installment  
about Wednesday or Thursday.

## WILL PASS UPON GAS STOVE MERITS

MICHAEL DOHERTY AND EDWARD  
ERICKSON OF THE BOARD OF  
PUBLIC WORKS LEAVE TONIGHT  
FOR CHICAGO.

Michael Doherty and Edward Erick-  
son, two members of the Board of  
Public Works, will leave tonight on a  
business trip to Chicago, Detroit, St.  
Louis, Cleveland and Hamilton, Ohio,  
to be absent several days.

The object of the trip is to investi-  
gate the merits of the different makes  
of gas stoves and ranges with a view  
to obtaining the best makes for sale  
in Escanaba. Visits will not only be  
made to the stove companies, but it is  
the plan of the board to have their  
representatives visit a number of the  
large flat buildings in the cities and  
ascertain from the persons using the  
stoves, the merits of the  
different makes.

A large number of applications have  
been made to the board for stoves, as  
many property holders are planning on  
using the new gas as soon as it is  
turned into the mains, and the result  
of the trip of Messrs. Erickson and  
Doherty will be awaited with interest  
by them.

On their return, a full report of the  
trip will be made to the Board of  
Public Works.

than harm will be a surprise to local  
people. Jonas Howard has the follow-

## NOVEMBER 25, MICHIGAN DAY.

Residents of Northern Michigan Urged  
to Be Present on 25th Which Will  
Be Known as Michigan Day—Gov.  
Osborn to Be Present Show Will Re-  
flect Credit on This Section.

The coming great land show in Chi-  
cago is the one subject of general in-  
terest just now in the Upper Peninsula.  
Last year this important part of the  
great state of Michigan was not repre-  
sented at the land show and that fact  
being given emphatic and widespread  
publicity led directly to the organiz-  
ing of the Upper Peninsula Develop-  
ment Bureau.

This year it is understood that  
while lower Michigan has two develop-  
ment bureaus neither has seen fit to ar-  
range for an exhibit at the coming  
land show leaving the field clear for  
the Upper Peninsula which will ade-  
quately represent the entire state at  
that great exhibition.

The exhibit from the Upper Penin-  
sula will be worthy of this section and  
of the entire state. While it will  
mainly tend to advertise in a striking  
manner the agricultural resources of

## BOOKS AND CARDS HAVE REACHED CITY

LOCAL EMPLOYEES ARE WELL  
PLEASED WITH THE PENSION  
SCHEME INAUGURATED BY AR-  
MOUR & CO.

Blanks to fill out and a book telling  
of the plan for the pensioning em-  
ployees of Armour & Co., were re-  
ceived in this city this morning by  
the local employees. The plan is ex-  
plained to a considerable length in  
the book and the card that is to be  
filled out by the employees tell the  
length of time of service, wages paid  
and other particulars that it is nec-  
essary for the people in charge of the  
plan to know. It is thought by the  
local employees that the arrangement  
is a good one and all of them have ex-  
pressed a willingness to join the list  
of pensioners.

Curious Freaks of the Storm. Many stories are told of many narrow escapes of the storm's freaks. On one farm a valuable bull, securely fastened to a stallion in a barn by a rung nose, was found unhurt in a field half mile away still fastened to the stallion.

On the Schmidt farm nothing remains but a chicken coop. A cow had a huge beam driven entirely through her body and a hog was found with a plowshare driven into its body.

At the Will Douglas farm two little girls were hurt. They were caught in the house which was demolished. On the George Schaeffer farms Mrs. Lou Layman had her leg crushed.

Blown From a Cellar. Augusta Schaeffer, who was thought safely in their cellar with her father and grandmother, was literally blown clear of the house and suffered serious injuries. North of the city the barn, tobacco shed and a half of the house of T. J. R... a milkman, were blown several hundred yards into the Rock river, while the remaining half of the house, which contained a piano, chairs and a large mirror, remained intact. The family were away from home and thus escaped. At the Little farm west of the city the house and farm structures were entirely destroyed.

gave way was the earthen bank along the spillway below the new pulp mill, where excavations and blasting is taking place. This part of the work is tied up entirely and will be until the water can be drained out of the excavations and quarry, and the earth wall repaired.

Half of the dam proper has now been completed sufficiently to allow of its use. The other side is being constructed and the water was let through the upper cofferdam and over this side of the dam proper, for the first time on Saturday afternoon. At first some anxiety was felt for the upper cofferdam when the water was let through it, but no accident occurred at that time. Work will be started on the other side of the dam as soon as the trouble caused by last night's break has been overcome and the force of men put back on their regular work.

The directors of the great land show have designated November 25 as Michigan Day. Special exercises in honor of that day will be held in the

lecture room of the Coliseum in Chicago. Governor Osborn will be present and a program will be given which will reflect credit on this great commonwealth.

A meeting of the executive board of the Upper Peninsula Development Bureau has been called at Hotel LaSalle for November 24 and it is expected a majority of the fifteen members of the board will take part in that meeting and attend the land show.

Either on Nov. 25 or some day early in December the Upper Peninsula Press association will attend the land show in a body and give the Upper Peninsula exhibit due publicity.

Haven't You a Job

Of Work for a Want Ad to Do?

It needn't be some task so easy that it will almost do itself. You can entrust it with some errand that is difficult--that only a want ad. can do WELL AND INEXPENSIVELY.

The person who finds jobs for want ads. to do is the sort of chap who looks at you rather quizzically when you try to tell him that business is dull, or that you can't rent that apartment, or office, or store, or house, or that you can't find a position. For, you see, he has gotten into the habit of accomplishing things--which is a habit within the reach of any person with half a will and three-quarters of a purpose.

## GRAY HAIR MAKES YOU LOOK OLD

A Simple Remedy Brings Back the Natural Color—Dandruff Quickly Removed.

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy, a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

Don't neglect your hair.—Start using Wyeth's Sage and Sulphur today, and you will be surprised at the quick results.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

### RAILROADS GETTING EVEN.

Recent interference with their business by refusing holiday rates.

And now the railroads propose to get even with the public for the unwarranted interference with their business which has led to legislation tending to lower passenger and freight rates.

It has been announced by the eastern passenger association that no holiday rates will be granted this year in the states traversed by the railroads affiliated with that organization, Illinois, Iowa, Missouri, Minnesota, North and South Dakota, Wyoming, Montana, Nebraska, Colorado, Utah, Wisconsin and the upper peninsula of Michigan. Special rates were also refused for numerous other events during the coming month, for which application had been made.

"Railways" and "Railroads." We are all speaking of "railways" now instead of "railroads," as they do in America. Both words seem to be of about equal age in this country. Cobbett in 1832 wrote of "rail-ways" with the hyphen, Scott in 1831 of "railroads." But already in 1838 an engineering journal declared that "railway" by this time seemed to be generally adopted as the popular form, though nearly twenty years later Ruskin still talked of "railroads." It is curious that America has preserved the word which remembers the descent of the railway from the old road, while Americans speak of "engineers" and "conductors" where we say "drivers" and "guards," perpetuating the old coaching words.—London Spectator.

Sir Evelyn, then a captain, one day returned from London and with great hurry proceeded to array himself for parade. "Well, sir," replied the latter, "you are dressed correctly as to kit, sporan and all the rest of it, but you have forgotten to remove your tall hat!"

**"GRACE DARLING OF AMERICA"**

Ida Lewis Was Heroine of Many Thrilling Rescues.

SHE SAVED EIGHTEEN LIVES.

Had Been Keeper of Lime Rock Light For More Than Half a Century—Received Thanks of Congress and Many Other Honors.

Miss Ida Lewis, keeper of Lime Rock light, off Newport, R. I., for more than half a century and who died recently, was the heroine of numerous thrilling rescues and was frequently alluded to as "the Grace Darling of America." Miss Lewis had saved eighteen lives. She received many honors, including medals, a life pension and the thanks of congress.

One stormy night in 1869 she first came into fame. Late in the afternoon of a March day a winter hurricane had arisen, and at sundown a sea was running that made the skippers of even the larger coasters put in for shelter. Ida Lewis had trimmed and lighted the old fashioned lamp when in a lull of the storm she fancied she heard cries for help. Peering from the window, she caught a glimpse of three figures clinging to the bottom of a capsized sailboat.

Any attempt at rescue in such a sea seemed madness, but the young woman did not hesitate. Scarcely waiting to dress, though it was bitterly cold, she rushed, hatless and shoeless, to her little craft and pushed into the waves. Then began a desperate struggle. Again and again she was nearly driven under. Often she lost sight of the men and feared she was too late.

At length she reached them, but too late to save one, a boy, who lost his hold and sank just as his companions heard her call. It was another discouraging task to get the exhausted men aboard without capsizing her little boat, but after repeated failures they were dragged in and sank in the bottom of the boat, powerless to help her, their dead weight, added to her exhausted condition, making the return to the lighthouse doubly difficult.

The rescued men proved to be two young soldiers, a corporal and a sergeant, stationed at Fort Adams. They had been on their way from Newport to the fort in a sailboat managed by the boy who lost his life. When Miss Lewis reached the lighthouse her work was not completed. One soldier was unconscious and in a serious condition, but her nursing restored him.

The story of this daring exploit spread quickly. The citizens of Newport bought the little lifeboat, refitted it and gave it to Miss Lewis. The Life Saving Benevolent Association of New York presented a silver medal and a check for \$100 to her. The general assembly of Rhode Island sent her

a document acknowledging her services, and from the officers and soldiers of Fort Adams came a letter of thanks and \$200. She received letters and gifts from all over the world. She was thenceforth known as "the Grace Darling of America."

Ida Lewis was then twenty-seven years old. She had been born and educated at Newport, and at the age of fifteen went to live at the Lime Rock lighthouse when her father, Captain Hosea Lewis, was appointed its keeper. Soon after that her father was stricken with paralysis and Ida, the eldest of the children, took the greater part of his duties. She became expert with the oars. On her fell the duty of bringing supplies from the shore and of rowing her brothers and sisters back and forth to school.

Her first rescue was in the autumn of 1858, when a sailboat had been carelessly upset and she saved the lives of four men. Again on one of the coldest days of winter in 1866 a man had set out in a light skiff. He was overcome with cold and would have perished if Miss Lewis at the risk of her own life had not gone to his rescue.

A year later, in the face of a terrible gale, she rescued two men who were crossing the harbor with a boatload of sheep. She first took the men ashore and then returned to save the sheep.

With this record already to commend her, it was fitting that, on the death of her father in 1867, Miss Lewis, by a special act of congress, was appointed to succeed as keeper at Lime Rock, the only woman. It is said, ever to receive such an honor.

In the fall of 1869 Miss Lewis was married to William H. Wilson, a yacht captain, but the couple lived together less than two years, when they separated. They were never divorced, but the light keeper resumed her maiden name.

**SAVED A DOLLAR.**  
But Connecticut Postmaster Loses His \$700 a Year Office.  
The postmaster at East Berlin, Conn., reports that his receipts in the last year were \$900.  
If he had spent a dollar for stamps his receipts would have been \$1,000, the minimum allowable if his office was to continue in the third class.  
But the dollar was not spent for stamps, and so the postmaster general under the law must, he said, put East Berlin back into the fourth class. That cuts off the annual allowance of \$700 for rent, fuel and clerk hire.

**TURKEYS TO BE REAL CHEAP**  
(Continued from page one.)  
offspring.  
So we may go ahead and lay in a little more celery and a little more cranberry sauce than we had counted on providing on this occasion.

The dealers say the dry weather in the late spring and early summer is responsible for a big supply of birds and the consequent lowering of the price.  
You may not have known it, but the young turkey is more affected by bad weather than any other domestic fowl in the barnyard. The trouble with the turkey is he doesn't know enough to come in out of the rain, wherein he resembles a good many of the folk who buy him for food every year. The dealers say he refuses to stay under shelter, but goes roaming around in the woods, where the sudden rains and changes of temperature soon get the best of him.

But dry weather favored him this year and it is said there will be more turkeys on the market than at any time during the past ten years. Seventeen and eighteen cents a pound is the price quoted for the choice dressed stock, and the lower grades are quoted as low as fourteen cents. By Thanksgiving week, the dealers declare the retail price should be not more than twenty cents a pound, although it is possible that bad weather might send it up a cent or two.

From California, however, comes word that there will probably be dearth of the golden fruit of Southern California this year. This, it is explained, will be due to an order from the Bureau of Food and Drug Inspection, which no longer permits the artificial coloring of oranges. Orange shippers say the prohibition of coloring makes the eastern shipments from two to four weeks late.

Picks American Tennis Team.  
The make up of the American lawn tennis team that will visit Australia, this winter in quest of the Davis cup, was announced the other day. The selections are: William A. Larned, the national champion; Maurice E. Mouloughis, the winner of the All-Cornet tournament at Newport, and Beals C. Wright, the runner-up to McLaughlin.

Local Small Craft Owners Asked to Give Customs Dept. Data.

Local launch owners are receiving circulars advising them that the customs department desires to make a record of all motor boats and requesting them to furnish the information on blanks enclosed with the notices. Just what use is to be made of it is not disclosed by the circular, though from the stringent regulations imposed on motor boats in the last few years it is believed a register is to be compiled to facilitate the department's efforts in locating violators of the rules.

### IRON MOUNTAIN JEWELER ROBBED

STORE IS ENTERED DURING THE NIGHT AND \$1,000 WORTH OF JEWELRY IS CARRIED AWAY.

At Iron Mountain last Friday evening, a daring theft was committed at the store of Rahm & Will, jewelers on Stephenson avenue, and over \$1,000 worth of jewelry was taken, such as opal scarf pins, ladies necklaces, teaballs, link sets, pearl and diamond brooches, scarf pins, and a number of other valuables. There was a safe in the store in the rear, near to where the entrance was gained, but from all appearances no attempt was made to tamper with this. An electric light, too, was hanging over the safe. On the side of the latter, leading from the main street, there is a small passage-way through to the alley where one or two persons can walk through in comfort to the rear of the store. Leading from this passage way, there is a side-door, made of wood. It is near the rear of the building. The person or persons took out the lower right hand panel of this door, and along bored two half-inch holes to the side of the panel, near the center of the door, one at the top of the panel and one at the bottom part.

The burglary was committed some after eleven o'clock at night, for at that hour Andrew Lindberg, a druggist in the employ of Mr. Uddenberg, was in the store. At that time everything was all right.

Owing to the fact that the rain poured down in torrents, the culprits probably took advantage of the downpour, enabling them to work unnoticed. Two weeks ago a leading store at Escanaba, located in the heart of the business district, was entered and

much taken; at Daggett, Menominee county, a short time ago a safe in a store there was blown, and at Bessemer two stores were entered and considerable booty secured. Whether an organized gang is operating in this section or local talent, is not known.

It is provided in the deed of gift that the winner of the trophy, which is to be awarded for individual excellence, shall furnish a bond of \$2,000 to guarantee the care of the trophy during the time it may be in his possession, and until it may be awarded after the tour of the following year. The trophy bowl was designed by a Philadelphia jeweler, and cost \$1,000.

### MADE THEIR OWN COFFINS.

Neighbors Did This Years Ago—One Just Used His.  
Several years ago Isaac Good, farmer of Rochester, Ind., and his chum neighbor, Jonas Myers, agreed to make their own coffins.

Accordingly a giant walnut tree which stood on the Good farm and was one of the familiar sights on the place was felled and sawed into lumber. Then the raw material was transformed into coffins, which they had upholstered and stored in a local undertaking establishment until needed.

Mr. Good died recently and was buried in the casket he made. Harsh physics react, weaken the Doan's Regulate operate easily, tone the stomach, cure constipation. Ask your druggists for them.

## THEATRICAL

**THE PETERSON**—In the second act of "The Traveling Salesman," James Forbes' latest comedy which comes to the Peterson on Sunday, November 19, the scene represents the sample room of a traveling salesman in a little town hotel where a poker game is in progress. This portrayal of the national game is said to be one of the funniest pieces of stage business ever devised. The prototype of Bob Blake, the principal character in "The Traveling Salesman," is a prominent young "drummer" who travels for a well known Chicago firm. He is a personal friend of James Forbes, the author.

In "The Traveling Salesman" the author, who also gave theatre-goers "The Chorus Lady," has given a humorous exposition of the characteristics of the modern drummer. It is a story true to life, and between the hundreds of laughs that this play contains are bits of pathos to add variety to a most interesting performance. The presentation in this city will be marked with the same careful attention to detail and staging as was manifest during the nine months' run of this play at the Gaiety Theatre, New York.

**AT THE GARRICK**—Another great bill is in store for the patrons of the Garrick tonight when the new program opens, including four great acts, Hanlon Dean and Hanlon, comedy and sensational acrobats and the feats dished out by these boys are certainly hair-raising.

Al Wild, a comedian with a big reputation will also be there to entertain you with funny stories, Katherine Moore and Dancing Brownie come well recommended, with McKinno and Layman billed as the dark pair of comedy entertainers, will in all probability make the strongest attraction offered since the Garrick has opened under the present management.

The Ladies Souvenir matinee Wednesday should prove a strong drawing card as 5000 beautiful china tea cups and saucers will be given away free

to the ladies at the matinee, and judging from the display they are the real article and worth twice the price of article and worth twice the price of being in the window at the Browne cafe.

**AT THE PETERSON**—The Burgess stock company opened a week's engagement at the Peterson last night to a record-breaking house in the first of their repertoire, "The Final Settlement," and from all reports, the company is going to prove very popular with Escanaba theater goers. The part of Jime Mayne, played by T. H. Nestell could not have been placed in better hands, his playing of the simple country boy making a hit throughout the piece. Miss Edith La Nora, the clever little leading lady, who has played here before, showed to great advantage in the role of "Hettie" and has lost none of her popularity in Escanaba. Dober Saburn, playing the villainous "Richard Bradley" showed great ability in handling a difficult part. Between the acts, several members of the company entertained the audience with some very clever specialties.

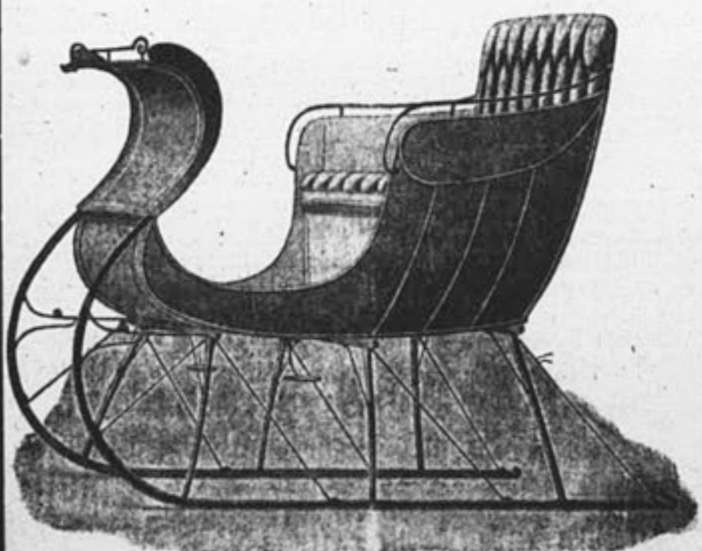

The company is carrying special scenery for each of its productions, which lends greatly to the interest of the plays. The play for tonight is "Ranch 7-11," a western drama of heart interest.

## RETAILERS SCORE CATALOGUE HOUSES

MICHIGAN IMPLEMENT DEALERS HURT BY UNFAIR COMPETITION IS CLAIM AT CONVENTION AT LANSING.

Lansing, Mich., Nov. 13.—Costs, accounting and methods of competing with catalogue houses are the chief topics of discussion at the eighth annual convention of the Michigan Retail Implement and Vehicle Dealers' association in session at the capitol, with 300 delegates present.

"Our influence as an association is felt throughout our state and beyond its border, but we need every dealer as a member and every business man's co-operation until it is felt even in Washington," said President William Goodes, of Flint, in his opening remarks.

"Our representatives should be made to realize that the business men and their interests in this country need protection from the get-rich-quick schemes and catalogue house deception.

"Every year we realize the necessity of local or county clubs as a valuable asset to our state association. It improves friendly relations with our neighboring dealers. It cuts out petty strife and jealousy between you and creates good fellowship. Dealers learn to know each other by personal contact, and not as painted by the misrepresentations of those who would profit by stirring up strife."

F. H. Van Cleve, land agent for the Chicago & Northwestern railroad is in Chicago. He will be back in Escanaba Wednesday.

Fifteen farmers from Stonington were detained here since Saturday noon, owing to the heavy wind and sea. They will attempt to make the return trip across the bay late this afternoon.

### COLD SPELL COMES MUCH TOO EARLY

NOVEMBER HAS NOT BEEN SO COLD IN FOURTEEN YEARS—FIRST COLD WEATHER WAS IN DECEMBER LAST YEAR.

With the thermometer hovering close to zero and making a frantic attempt to drop to it from three degrees above the first cold weather of this winter was ushered in about midnight Saturday, reaching the coldest period this morning at five o'clock.

Last year the first cold winter weather was on December 9, when the mercury dropped to five above and let it be known, with a shiver, that since 1897 the month of November has never been quite so cold as it was this morning. In 1897 the month of November was pretty cold, but even then the mercury did not get down near zero until late in the month.

### LIEUT WILLIAMSON LEAVES NAVAL BODY

LIEUTENANT COMMANDER OF THE DULUTH DIVISION OF THE MINNESOTA NAVAL RESERVE RESIGNS.

Members of Escanaba division, Michigan Naval Reserve, were advised Saturday of the resignation of Lieutenant-Commander Williamson of the Duluth division of the Minnesota Naval Reserve. Mr. Williamson was known to many members of the local division. The Duluth Herald says of his resignation:

"Lieutenant-Commander S. S. Williamson, executive officer of the Minnesota Naval militia, has sent his resignation to Adj. Gen. Fred B. Wood and it has been accepted. Mr. Williamson gave as his reason for the resignation the fact that his private business claims all of his time and he is unable to longer attend to the duties of a naval militia officer.

"Mr. Williamson has been identified with the naval militia since its organization here and was an active worker in the upbuilding of the local divisions. He was made executive officer about three years ago.

### STAR EXPERT OFFERS BOOKS TO NOVACK

FAMOUS GERMAN ASTRONOMER PROF. AUWERS WANTS LOCAL STAR EXPERT TO BUY HIS LIBRARY—PRICE \$5,000.

John Novack of the Novack observatory in this city is in receipt of a letter offering him a chance to buy the library of Professor Auwers, the famous Berlin astronomer. The letter follows:

"Please permit us to inform you that Professor Auwers, the famous Berlin astronomer, is willing to dispose of his library. The collection is very rich in periodicals, books, star catalogues, essays and pamphlets on all branches of this study, and therefore, very suitable for fitting out, at once, a new observatory with a complete first rate library.

"If you wish to avail yourself of this opportunity, or if you intend to interest another person in it, please apply for details, to this, the undersigned, who are entrusted, to act as agents in the matter of sale.

A rough valuation gives the sum of \$5,000."

It is possible that Mr. Novack may purchase a part of the German astronomer's library. He said today that he would give the matter consideration.

The Novack observatory is in touch with observatories in all parts of the world, and it keeps step with modern science concerning the stars. A number of local people have interested themselves in this observatory and are proving themselves willing students.

Picture on Display at Store.

At Mr. Novack's jewelry store, there will be displayed this week a reproduction of a famous painting, showing Christ with Judas and two of his disciples. Father Duford of the Holy Family church at Flat Rock has loaned the picture to the jeweler, and local lovers of religious art will be interested in viewing this reproduction.

Live local and general news will be found on every page of this paper.

### PROCLAMATION BY GOVERNOR OSBORN

(Continued from page one.)

teen hundred eleven, now rapidly drawing to its close. The elements, in their devastations, have made visitation, but the loss of human life has been small as a result. Vital statistics show a decrease in the death tolls. From the soil has come to those who till it and those who must be fed, a reward of more than that which is barely sufficient. The state is free from famine contagion and abnormal lawlessness. Human life is held sacred, homes are inviolate and property is safe. A condition obtains for which our people should be profoundly thankful.

"Observation of Thanksgiving Day may be festive, but it is the duty of every individual to give thanks unto God. This should not be merely lip service, but should touch the recesses of the heart and the deepest caverns of the soul. Man is recreant and a coward who thanklessly accepts Divine blessings in strength, happiness and prosperity and only turns to God in weakness, misfortune and extremity. A meaningful way to celebrate Thanksgiving would be to make a contribution church. These institutions of God should be remembered wholesomely in the glory of our best days, so that when the tottering eventide arrives there shall be that comfort which will cure fear and trembling.

"Therefore, in consideration of the blessings of Almighty God, so bountifully visited upon the people of Michigan, I, Chase S. Osborn, governor of the state of Michigan, do appoint and set aside Thursday, November thirtieth, as a day of prayer, feasting, and thanksgiving."

### FUNDS NEEDED FOR MISSIONARY WORK

FUNDS WILL BE COLLECTED IN FIVE DOLLAR INSTALLMENTS FROM ONE HUNDRED MEN OF THE PRESBYTERY.

The Rev. M. M. Allen, chairman of the home missionary committee of the Lake Superior Presbytery, is trying to find 100 men in the Upper Peninsula who are willing to give \$5 more than their regular church pledge. Circular letters have been sent out explaining the object of raising this fund which is for use in home missionary work. A number of local men have received copies of this circular, and have responded very heartily to its appeal.

The Rev. P. B. Ferris, pastor of the First Presbyterian church, said this morning, "The soliciting of the \$5 subscription by the home missionary committee is receiving a very hearty response from local church members and if the letters are as persuasive in other localities as they have been here, the \$500 will very soon be raised. The Upper Peninsula has always received its full share of the allotments made from this fund and local men can feel sure that in giving their support to this cause, they are engaging in a real home missionary work."

### M. B. A. TO HOLD CHICKEN SUPPER
