SOME OF CITY'S POOR LIVING ON LUXURIES

New Poor Commissioner Starts Reform in His Department—Will Farm Ten Acre Plot

James Powers, who was chosen to fill the unexpired term of Narcisse Blanchet as poor commissioner, is making arrangements to farm the ten acre plot owned by the city. With the produce Mr. Powers hopes to reduce greatly the expenses of maintaining the city's poor.

Mr. Powers is requiring of all the grocerymen itemized statements of groceries purchased on city orders and a glance over the statements would convince the ordinary hard working mortal that being a dependent on the city of Escanaba was a sinecure.

The city is required to extend aid only to those who are in destitute circumstances and then only the necessities of life.

A good many of the city's dependents give "necessities of life" an extremely broad interpretation as a glance over the orders will show. Beans, butter potatoes, rice, etc., the real substantial are decidedly in the minority on a good many of the orders, while grape fruit, watermelon, olives, etc., appear not infrequently. Mr. Powers intends to see that the city in the future furnishes not the luxuries but the substantial of life to the poor of the city.

ENGLUND FUNERAL FRIDAY AFTERNOON

Arthur Englund one of the City's Most Esteemed Young Men

Funeral services over the body of Arthur Englund, brief mention of whose death was made in yesterday's issue of The Mirror will be held Friday afternoon at 2:30 o'clock at the home, 317 North Sarah street. Burial will be made in Lakeview cemetery and Rev. Hoyen of Gladstone will officiate.

The deceased was but twenty-three years of age and was a young man of exceptional intellectuality. He was a graduate of the Chicago College of Pharmacy and received his diploma before his twenty-first birthday. He passed the state pharmaceutical board of Minnesota when he had just passed his majority and was the youngest practicing pharmacist in the state. While in Minneapolis he was taken ill with typhoid fever about fifteen months ago and was brought to his home in this city. He steadily grew worse and his death was not unexpected.

He had resided in this city practically all his life and was held in the highest regard by a large number of friends. He is survived by his parents, Mr. and Mrs. Charles Englund and one sister, Esther.

UNIVERSITY STUDENT BREAKS BACK ON BOAT

Young Man Working on Lake Steamer to Secure Funds for His and Brother's Education is Fatally Injured

Ashland, Wis., September 5.—Shepherd D. Tyler, an Ohio University student, working as a deckhand on the steamer Joseph W., fell through a hatchway on the steamer this morning and broke his back.

The mother of the young man resides in Ohio and his sister at Wasau. He was working during the summer months to secure enough money to educate himself and his younger brother.

WHAT WE ARE NOW EATING

(Continued from Page One.)

"great" and samples are being analyzed this afternoon. The law permits a two per cent injection of the chemical.

Mr. Helmes has lost a big share of the appetite he used to have on the farm before he became dairy and food commissioner. There are many things on the bill of fare of the high-class cafe today that he won't eat.

The storage men will buy a fresh turkey from the farmer at Thanksgiving time and expose it for sale in the market until after New Years. Thanksgiving is the time when the farmer gets rid of all his turkeys and is through with them for the season. Shortly after New Years the demand for turkeys is gone, and the meat man gathers up the unsold birds and freezes them. He puts them on sale a year later. If the turkey were frozen when it's fresh it would be all right for a year. But they don't freeze it until after it has hung in the market for several weeks. I won't eat turkey unless I buy it alive and see it killed and dressed.

"And I am through with frog legs. I got through with them after I finished my trip through the storage house of Detroit. I didn't know before how bad frog legs got before they found their way on to the tables of the riverside roadhouses.

"The greatest disappointment of my life is the loss of the liver and bacon breakfast which I have always enjoyed. You aren't sure any more, even when you buy calves' livers. I found them in storage houses yesterday that were so old the label 'calves' livers' was gone entirely.

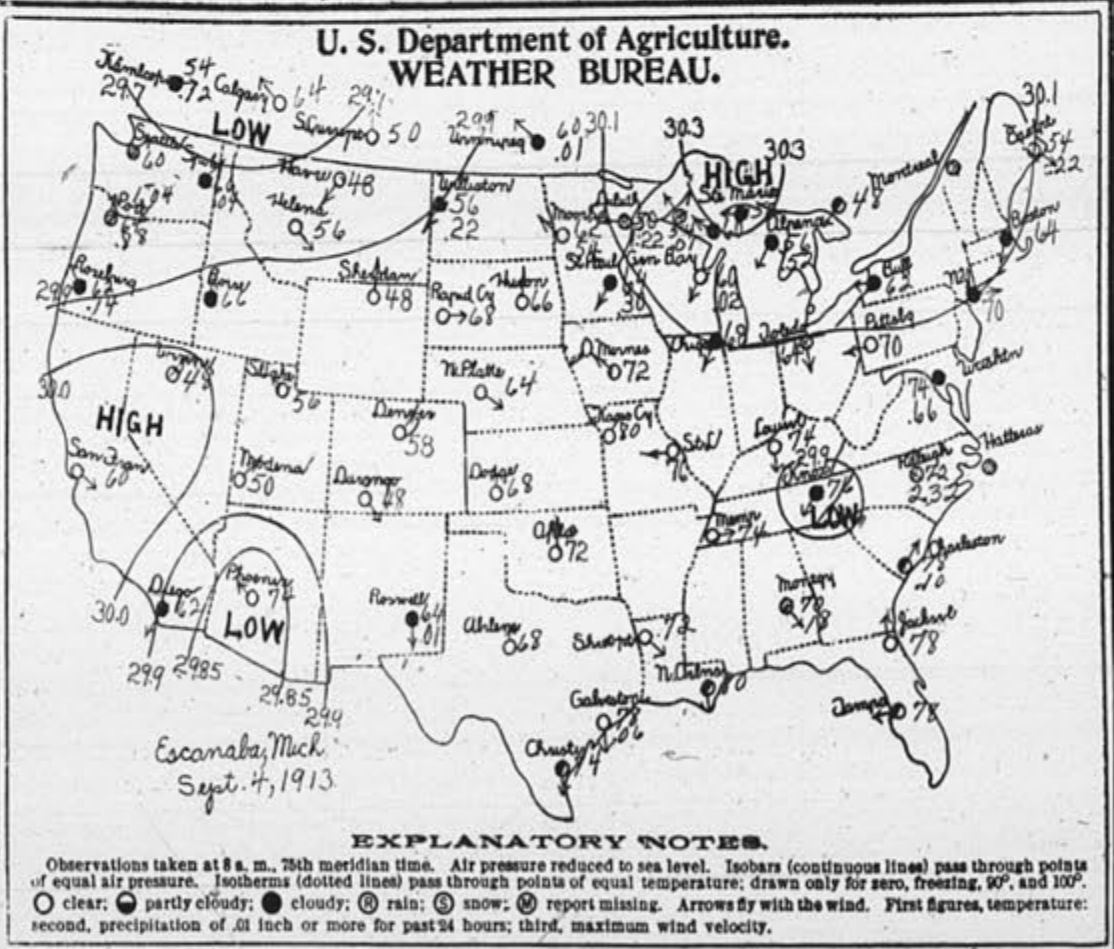

"Fish, with me, is tabooed entirely. It is safe to say that every pound of fish sold in Detroit has been taken from storage. I found some of it seven years old.

"We had a cold storage bill before the last legislature which I was sure would be passed. The storage interest killed it. You couldn't think that any man who eats would be against regulation of the pantry.

"Well, the city men were for the bill because they realized what they have to contend with in the food problem. But the farmer, who don't realize the conditions in storage

houses, voted it down. The storage men only had to tell the country legislators that farmers would be hurt through lower prices for their products. That got their vote. But the farmers didn't understand. They'll be for it next time when they see the error in some of the statistics shown them by the storage men. The farmers now, I believe, will vote for cleaner food for the city men."

Of two turkeys examined, it was stated that one was so badly spoiled that it disintegrated when it thawed. It was intimated that the condemnation of all the meat in storage might result if the samples proved to unfit for use.

MERRICK-PETERSON

Young People Married at the Presbyterian Church at Nine O'clock This Morning

Fred W. Merrick of this city, who is employed as a telegraph operator for the Northwestern railway company at Saunders and Miss Martha Peterson of Loretta, Mich., were married at nine o'clock this morning at the Presbyterian Manse by Rev. P. B. Ferris, pastor of the First Presbyterian church.

Miss Anna Dahl of this city attended the bride while Walter Erickson, of Escanaba, was best man. Following the ceremony the young couple left for Chicago where they will spend several days. Returning they will make their home in this city.

SAGE AND SULPHUR DARKENS GRAY HAIR

Brush this through faded, lifeless locks and they become dark, glossy, youthful.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

FOUR ACTS OF VAUDEVILLE

Opening Night at the Peterson Opera House—Looks For Big Patronage

Vaudeville opens tonight at the Peterson Opera House with a four act bill, which includes Mlle. Vartex & Co. Mlle. Vartex is said to be the most daring lady acrobat on the stage today, and will feature her most dangerous feat here, entitled "Dental Aviation," in which she whirls across the roof of the theatre suspended on a chain by her teeth. Another feature of her act is that of the Human Butterfly, a dazzling dance performed in mid-air.

Gilroy, Earle & Co. will put on their comedy skit, "The \$10,000 Bunco." This is the act that aroused considerable favorable press comment both in

Chicago and New York newspapers.

Fayne and Lee, the "Original Bill-Hins," appear in a breezy singing and dancing act that always pleases.

Fletcher, Libbey and McCabe close the bill in a rapid singing, talking and dancing number that brings the crowd to their feet.

But one performance will be given tonight because of the late arrival of the vaudeville artists. The performance will begin at 8:30. In the future two shows will be given, one beginning at 7:30 and the second at nine.

NO LICENSE REQUIRED

The council of Menominee has exempted the Miller Greater Shows, a carnival company which will appear in that city during fair week, from paying a license. Owing to the fact that the businessmen of the city have made it apparent that they are dead against carnival companies it is not probable that one will appear here during the week of the fair.

Funeral services over the body of James Costley will be held tomorrow at nine o'clock at St. Joseph's church. Burial will be made in St. Joseph's cemetery.

IS IT YOUR KIDNEYS?

Don't Mistake the Cause of Your Trouble. An Escanaba Citizen Gives a Valuable Hint

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is where danger often lies. You should realize that these troubles often lead to dropsy or Bright's disease. An effective remedy for weak or diseased kidneys is Doan's Kidney Pills. Read the experience of a resident of Escanaba who has tested Doan's.

Mrs. Peter Sullivan, 902 Escanaba Ave., Escanaba, Mich., says: "I, and others of my family, have used Doan's Kidney Pills, procured from the Mead Drug Co., and have had good results. I had trouble from my kidneys and suffered from rheumatic pains and backache. Doan's Kidney Pills brought me great relief. Another one of my family took this remedy for lame back and got benefit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

A Foundation for Health Grape-Nuts

Many people are half-sick because of wrong diet. White bread, rich meats, gravies and pastry put thousands into the "all-out-of-sorts" crowd.

If you feel "out-of-sorts," suppose you change food 10 days—and try Grape-Nuts

This food is a perfectly balanced ration made of whole wheat and malted barley, thoroughly cooked and ready to eat from the package. Digests easily—generally in about one hour.

Grape-Nuts contains all the rich nutrition of the grain, including the vital mineral-salts (grown in the grain) which Nature designed for rebuilding muscle, nerve and brain cells. White bread is lacking in these salts.

A regular morning dish of Grape-Nuts and cream has brought rosy-cheeked, clear-brained health to thousands.
