## Constantinople is Threatened From two Directions; Russ Fleet Steaming to the Attack; Two German Submarines Sunk

### PRUSSIAN READY FOR AN HONORABLE PEACE—TEUTONS DRIVEN BACK

**SOCIALIST DEPUTY OF PRUSSIA VOICES SENTIMENT FOR PEACE TODAY — RUSS BLACK SEA FLEET OFF COAST OF BULGARIA ON WAY TO DARDENELLES—VON HINDENBERG MEETS REVERSES.**

(By Associated Press.)  
The British admiralty confirms today the sinking of two German submarines, reported in a French despatch. The submarines were the U-8 which it was previously announced had been destroyed by a torpedo boat, and an unidentified submarine, rammed by the steamer Stordis. The captain of the American steamer Gulf, flight, on arriving at Weser, Germany, is reported by a Berlin newspaper to have said that he had witnessed the destruction of two steamers by a German submarine.

A formal report of the detrimental effects of American trade comes from Bremen. It is said there that several American vessels were loaded with cargoes of materials, a large part of which was dye stuffs, and that they unloaded these cargoes and returned to the United States under ballast.

Although the fighting at the Dardanelles continues there is such a confusion of reports that it is impossible to tell just what damage has been done, the Turks claim the inner forts are still intact. The British report states that the allied fleet has worked into the straits to attack the inner forts and that these fortifications were damaged.

While the Anglo-French fleet is striking at the Dardanelles the Russian Black fleet is steaming along the Bulgarian coast, according to an official despatch from Bucharest to approach Constantinople from the east. The official German report today says the French left more than a thousand dead before the entanglements of the Germans as a result of one of several attacks made yesterday along the western front. In the east champagne the Russian offensive continues without results.

**PRUSSIA READY FOR PEACE**  
Berlin, March 5.—The Overseas agency today gave out the following: "The socialist deputy Hanisch in the eastern Prussian diet today expressed the feeling of the social democrats when he said that the party desires an honorable peace."

**CZERNOWICZ EVACUATED**  
London, March 5.—The Bucharest correspondent of the Evening News telegraphs that the Russian offensive movement in Galicia has forced the Austrians to evacuate Czernowicz, the capital of Bukovina. The despatch adds that the main Austrian body retired in the direction of Franzenthal, to the south of the Carpathians.

## WETS WOULD MAKE STATE PROHIBITION BILL PROHIBIT EVEN TAKING A DRINK; WOULD MAKE IT A CRIME FOR DRINKER TO IMBIBE

Lansing, March 5.—The "wets" are planning to "come back" at the Straight State wide prohibition bill, introduced in the senate, by lining up their forces for an attempt to amend the measure so that it will be as illegal to take a drink as to sell one. The amendment will be offered in earnest on the grounds that where a sale is illegal, two parties must be involved, the seller and the buyer, and that one should be regarded as equally guilty with the other.

**Suffrage Abandoned.**  
Suffrage has been abandoned for the session. The women's lobby that has been very active during the early part of the sessions, has given up hope of accomplishing its aims, or even of securing a vote. The defeat of the suffrage amendment, submitted two years ago, is regarded by the legislators as not only being an indication that the state is not ready for women's participation in elections, but that it is so recent a test that another now would be folly.

### CANDIDATES STANDING INCREASED BUT LITTLE

With the receipt of added precincts at the county clerk's office this afternoon, the standing of the county office nominations were changed but little. Woolpert being given an increase of 19 over Legg in the total: Reade gained 12 on Gasman through this medium. There is still the Fairbanks books to be received before the entire vote can be ascertained.

### LAND SUBMARINE CREW

Dover, March 5.—The crew of the U-8, of twenty-nine men, were landed at Dover today and taken under guard to Dover castle. The U-8 was one of the smallest of the German submarines and is considerably smaller than the newer types, being of but 300 tons displacement under water.

London, March 5.—Another of the semi-weekly communications from British general Sir John French received today says that on March 2, a British aeroplane flew behind the German lines and was attacked by two German machines, but the Englishman forced the Germans to descend.

**Black Sea Fleet on Way**  
London, March 5.—The Russ Black Sea fleet is steaming towards the Bosphorus, says a despatch from Rome. The Bucharest correspondent of a Rome newspaper says the fleet has passed Burges, Bulgaria.

**Allies Claim Advantage**  
London, March 5.—Even if no decisive battle develops from the present Russian defensive on the east front, the allies are advancing claims that broad German plans have been interfered with. A few weeks ago von Hindenberg was sweeping through north Poland while in the south the Austrians were going forward in Galicia and in the Crown land of Bukovina. Today these same rules seem to be reversed, the Russians attacks along the German line from Niemen to the Vistula and although the Germans are clinging to their position before Osowetz and other points north of the Vistula, their thrusts towards Warsaw are at a standstill and are being slowly forced back. The Russ general staff declares their attacks brings no gains. The German army corps being reduced to three corps in the south leaves the brunt of the fighting on the Austrians and Hungarians. It is taken in London that the fighting everywhere favors the allies.

### WELL KNOWN ARCHITECT DEAD AT ST. LOUIS HOME

St. Louis, March 5.—W. B. Eames, architect and designer of note in the United States died at his home here today. A general breakdown is held responsible.

### U. S. DEPARTMENT OF AGRICULTURE

**Local Office Weather Bureau For Escanaba and Vicinity:**  
Snow tonight and Saturday; northeast to north gales.

## BELGIANS PROTEST SEIZURE OF GREAT AMOUNT MACHINERY

**REPORT ON SINKING AMERICAN SHIPS RECEIVED—U. S. INVESTIGATES REPORTS OF U. S. OFFICERS SERVING WITH ALLIES—SHIPPING SITUATION DISCUSSED TODAY.**

(By Associated Press.)  
Washington, March 5.—The Belgian legation today issued a statement protesting the seizure of more than \$2,000,000 worth of machinery by Germans, which the statement says was taken in violation of the fourth Hague conference.

**Ships Sunk by Mines**  
Washington, March 5.—Commissioner Gerhardt's supplementary investigation into the sinking of the American steamers Carib and Evelyn has been received from Berlin and says: "Both boats were sunk by mines. No false directions were given out by British officers and both boats simply ran on mines in a mined field."

**Investigation Ordered**  
Washington, March 5.—Secretary Garrison today directed Brigadier General Bliss, acting chief of staff of the American army to investigate the published reports that American officers were serving with the Canadian volunteers in the European war. Officials here are in doubt if the federal law forbids the serving of officers with foreign troops, but none will be allowed to serve with the belligerents if it is possible to prevent it. The law cannot prevent the serving of retired men.

**Administration Stand O. K'd.**  
Washington, March 5.—President Wilson was told today by Rep. Sabath of Illinois that the majority of the foreign born population of the United States are of the opinion that the administration was observing a strict neutrality. Wilson said that ultimately the world would agree that the United States is strictly impartial in her dealings with the belligerents.

**Discuss Neutral Shipping**  
Washington, March 5.—The neutral shipping situation was discussed today at the cabinet meeting, but it is said that there will be no further formal taken by the United States until the means to be pursued by Great Britain and Germany are known here.

### SNOW STORM IS HEADED IN THIS DIRECTION

That a snow and wind storm is headed this way is evident in the forecast given out from the local weather bureau today. Advice from Meonomee this afternoon stated that the city was in the grip of a wind and snow storm of considerable proportions. The heavy wind that has been evident all day has carried warning of something more to come, the sky being overcast also.

### OPEN NEW MUSIC STORE IN THE CITY

The Benjamin Music company, occupying the location formerly held by the Vandenberg Music company, was opened to the public today for business. The store carries a full and up-to-date stock of musical instruments and supplies and caters to the musical public of the city.

### MR. AND MRS. PETER OAS LOSE YOUNGEST CHILD

Word has reached this city of the death of the youngest daughter of Mr. and Mrs. Peter Oas, of Blackduck, Minn. Both the parents are well known in this city as they made their home here for some time. Mr. Oas is the resident manager for The National Pole company at Blackduck, Minn.

### FORGER IS CAUGHT AFTER BEEN WARNED

Peter Newhouse, an employe of the Larson Camp at Pine Ridge, forged a check for \$29, on Milton Larson, signing the name of Paul Williams to the check. The check was cashed at Kratze's store here today and a few hours later the man was caught by Sheriff Iverson.

## BAPTIST MINISTER BECOMES INSURANCE WRITER APRIL FIRST

Following the presentation of his resignation to the First Baptist church members on a recent occasion, Rev. C. L. Randall, pastor of the Sarah street organization for the past year, announced that it would become effective April first.

After that time, Mr. Randall will be identified with the Equitable Life Assurance company and will devote his entire time to the production of the general business of the company in the upper peninsula, having been appointed general agent for it here. For the present, Mr. Randall will have his office in the Hill Drug store building where, under the direction of the new district manager, F. L. Brooks a district office is being established.

The decision of Rev. Randall to enter the field of insurance and to relinquish the ministerial duties that were his, has come only after considerable thought. His pastorate here has been one acceptable to members of his congregation and is not given up because of any dissatisfaction. The demands of family and home, however, and the fact that a larger income than that afforded by the pastorate, owing to the losing of several influential families from the church during the past year whose support counted heavily, became imperative, caused the change.

## WILL HOLD LAST WEEK DAY MEET REVIVAL TONIGHT

Services Close Sunday—Seven go Forward Last Night

Seven persons went forward during the meeting at the Methodist church last evening, following the invitation by Rev. Hoard, after he had preached a splendid sermon to them. An inspiring song service with choir and orchestra assisting in a large manner preceded the services of the evening. The church was again comfortably filled.

The meeting tonight will mark the close of the week day services, and a large attendance is expected at this time. Sunday evening the services will come to a close with a big meeting, it is believed.

## EPISCOPAL BIBLE CLASSES SUCCESSFUL

A large amount of interest has been aroused among the members of St. Stephen's church and others who have attended the series of bible classes being held in the homes of Escanabans under the leadership of Mrs. W. J. Danson, and large attendances are features of the meetings.

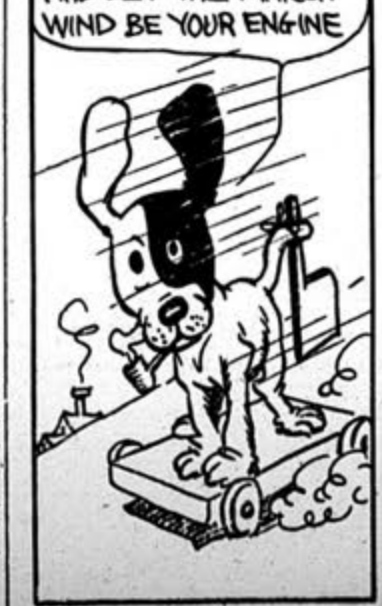

## RECOVERING FROM LONG ILLNESS

Miss Esther Burdick is slowly recovering from her serious illness of the past month.

## THE WEATHER

Snow tonight and Saturday; northeast to north gales.

## STICK OUT YOUR EARS AND LET THE MARCH WIND BE YOUR ENGINE

## BISHOP FOX UNDERGOES CANCER OPERATION

(By Associated Press.)  
Green Bay, March 5.—Bishop Joseph J. Fox of this city underwent an operation Tuesday for cancer of the bowels, at Alexian Brother's hospital in Chicago. The prelate is reported to be resting easily today. Bishop Fox recently submitted to an operation for appendicitis at Appleton.

## CLAIM WHOLESALERS BEHIND BREAD COST

New York Dealers Tell Investigators of the State That They Were Ordered to Increase Prices

(By Associated Press.)  
New York, March 5.—The state attorney general's inquiry into the cause for the high price of bread was concluded yesterday after forty-eight out of fifty retail bakers who were summoned had testified. Alfred L. Becker, deputy attorney general stated that further action will depend on the result of a joint conference which he and Meyer Nussbaum, the referee in the proceedings, will have with attorney General Woodbury. The larger number of the witnesses who were examined yesterday testified as to whether they had been asked by the wholesalers to raise the price of bread from five to six cents a loaf.

Spro Kachovas, owner of two groceries, testified that he had been instructed by a driver of the Ward baking company to raise the price of his bread from five to six cents. James Theodore, also a grocer testified that drivers for both the Ward and Cushman Baking companies said to him on the day bread went up to six cents: "If you don't sell your bread at six cents we will refuse to supply you further."

Other grocers who received bread from the Ward concern denied that the latter's drivers had asked them to raise the price of bread to six cents. Herbert Lanyon, a baker testified that although flour cost him more than seven dollars a barrel it cost him only two cents and a fraction to bake a loaf of bread and then he sold it wholesale at three cents and a half to one grocer, who retailed it at four.

## YOUNG MEN WILL HAVE CHARGE OF MEETING

Conference Reports Will be Heard at Presbyterian, Sunday

According to announcements made today, the morning service at the Presbyterian church will be conducted by the young men of that church who were present as delegates to the Calumet conference of recent date.

It is planned to have all the boys organizations of the city present at that time and also all others interested in the development of the boy problem in Escanaba. A splendid musical program will be presented by the high school orchestra in addition to some special features by members of the church choir.

## CALLED AWAY BY DEATH

Grandfather Escanaba People Dies at Mackinaw Island

Mr. and Mrs. William Walker of Escanaba were called to Mackinaw Island today by the death of Mrs. Walker's grandfather, who succumbed last night. Funeral services will probably be held tomorrow or Sunday at the home of the family at the island.

## SERVICES AT WELLS CHURCH INCREASING IN INTEREST DAILY

A large attendance featured the meeting held in the Wells M. E. church last night and considerable enthusiasm is evident. A prayer service will be held this afternoon at the home of Mrs. Wells, in the village at which time Mrs. Field of Gladstone will have charge. It was announced today that a large company of Gladstone people are planning to attend the services this evening at the Wells church.

## KIPLING WOMAN DIES; WAS BURIED TODAY

Mrs. Charles Mattson of Kipling succumbed early in the week from an attack of illness, leaving two sons and a husband. Funeral services were held at Kipling this morning.

## MAYOR CHARGES FRAUD IN HIS PETITION; RECOUNT SATURDAY

TODAY'S ODDDEST STORY

Baker, Ore., March 5.—Frank Rogers at LaGrande, Ore., owed Joe Paradise of this city a dollar. He pasted a stamp on one side of a silver dollar, a slip of paper bearing Paradise's name and address on the other side and sent it by parcel post. Paradise is saving the coin as a souvenir.

## SUPT. F. E. KING HAS RETURNED FROM BIG EDUCATIONAL MEET

The most valuable convention that he has ever attended is the way Supt. F. E. King of the city schools characterized the recent Cincinnati meeting of the National Educational Association, whose sessions Mr. King attended.

"It was the most valuable from many points" he said this afternoon while relating some of the features of the event. Mr. King stated that the Michigan delegation to the convention was a very creditable one, numbering 150 and having in its roster fifteen from the upper peninsula. State Superintendent of school Keeler was present and delivered an address of great pertinency on the preparation of teachers for rural work. Mr. Keeler handled the subject in a splendid manner, according to the local school man.

## Hears Taft Address

The address of former President Taft, in which he touched upon the great problems of the nation's schools was one of the features of the convention that appealed largely to the great majority of delegates.

Mr. King was particularly impressed with the school system of Cincinnati in which a student can get his training from the kindergarten to the university, the University of Cincinnati being a component part of the system.

## Visits Manual Training Schools

During his stay in the Ohio city, Supt. King visited the manual training schools of the city, of which there were a number, and found much to interest him there. He was particularly impressed, he stated, with the co-operative system used in Cincinnati schools whereby young men students over sixteen years of age, and who are so situated, financially that they cannot take up the regular courses, are allowed to study one week and work one week thus accomplishing a half year's work each year.

A report of the convention will be prepared by Mr. King and submitted to the school board in the near future, it was stated this afternoon.

## MR. WOOLPERT THANKS FRIENDS FOR SUPPORT

C. U. Woolpert, of Wells, the successful candidate for county commissioner of schools asks this paper to extend thanks to his friends for the interest taken in his campaign and also wants thanks extended to those who voted for him.

He says that when he assumes the duties of his office he will give the school affairs of the county the very best administration that his experience of years as a teacher will permit.

**FORMAL DEMAND FOR RECOUNT IS MADE TO CITY COUNCIL IN SHORT SESSION, LAST NIGHT MAYOR CLAIMS ERRORS AND FRAUD RESPONSIBLE FOR RESULTS—SAYS BALLOTS COUNTED FOR EDW. SMITH THAT WERE CAST FOR HIM.**

## FAILED TO COUNT VOTES

PETITION SETS FORTH THAT BALLOTS WHICH WERE VOID AND MUTILATED AND MARKED WITH A DISTINGUISHING MARK BEEN COUNTED FOR SMITH.

A new angle to the primary election of Wednesday has been uncovered in the presentation of Mayor Chatfield's petition to the city council, to other mayoralty candidates and to the city clerk, yesterday.

Fraud is charged in the manner in which ballots were counted and declared valid, according to the petition, in the several wards of the city. Mistakes, made by inspectors of elections in those wards, is also charged with being contributory to the failure of a majority being returned for Mr. Chatfield.

The petition sets forth that numerous ballots cast for Chatfield were not counted by election inspectors and which should have been counted; that ballots cast for Mayor Chatfield were counted for Mr. Smith.

## Mutilated Ballots Counted

It was also charged, according to the petition, that mutilated ballots were counted for Mr. Chatfield's opponent and that many, marked with a distinguishing mark were also counted for Mr. Chatfield's opponent and that many, marked with a distinguishing mark were also counted for Mr. Smith.

The charge is also made that the ballots from the third ward were taken from that ward by the mistakes of election inspectors, and without being put in the ballot boxes of those precincts and sealed, and that they will not tally with the number of votes actually cast.

## Council Receives Petition

A lengthy petition, embracing the above features in brief, and covering a large number of points, upon which the Mayor bases his demand for a recount, was presented to the council last night, and a facsimile copy to Candidates Smith, A. S. Winn and A. J. Valentine. A copy was also filed with Clerk Folio. The council adjourned immediately after the petition was heard, to meet Saturday evening at the council chamber to make the official canvass.

It was stated today by a local attorney that the recount is mandatory, the council must allow it.

The petition was presented to the council through the Mayor's attorney Myrick D. Mead, and at the same time the sum of \$70, as prescribed by law, was deposited.

## Creates Wide Interest

That the filing of the petition was anticipated Wednesday evening is patent, but charges of fraud in that connection had not been anticipated. Hence the terms of the petition occasioned a great deal of surprise among those present in the council chamber at the time it was presented.

## The Petition in Full

Mayor Chatfield's petition is appended below:  
To The Board of City Canvassers of The City of Escanaba, Michigan, And To The Common Council of Said

(Continued on page six)

## POVERTY STRICKEN BOSTON GIRL, INJURED BY LIVE WIRE, IS MADE RECEIPT FOR \$16,000—RESULT OF JURY'S VERDICT

Boston, Mar. 5.—To be a poor little girl with the poor little girl's dream of some day becoming a princess with untold wealth and then to suddenly find that the wealthy part of the dream has come true, is the experience of fifteen-year-old Josephine Romano, whose father is a laborer in the employ of a gas and coke company in Everett.

Josephine's dream of wealth came true just the other day when she was awarded \$16,000 by a Suffolk county jury for injuries sustained several years ago when she was hit and tripped by a live wire which was dangling from one of the Boston Elevated poles. She was so severely burned about the head, face and hands that the marks will remain on her body for life. A scar extends across her neck from ear to ear, both hands are disfigured, only two fingers are of use on her right hand. "It is so much money that I don't know what to do with it," she said, "I think I'll put it in the bank and then be a real lady."

# CLASSIFIED ADVERTISEMENTS

WANTED—Five salesmen for Michigan, capable of earning \$125 or more per month. Compensation limited only by ability of the man. Doan Oil Co., Cleveland, O. 63

FOUND—Bunch of four keys on ring with identification plate bearing the number 108,298 in the Ridgely Protective Association. Owner can secure same by proving property at this office and paying for ad. 14

## South American Drink Is Popular

The unquestionable fact that a person can drink all the Maté he desires, be it ever so much, and not suffer any ill effects whatever makes this great South American drink more popular every day. Woodley's Maté is pure and wholesome, refreshing and invigorating, strength giving and health preserving—and it is one of Nature's products, unadulterated, nothing added, nothing taken away. In some South American countries ladies drink ten or twelve cups of Maté a day because it is good to drink at any time, at meals or between meals, hot or iced, and always quenches thirst, invigorates and refreshes. Woodley's Maté is sold by grocers everywhere. It is inexpensive and easy to prepare. The day's requirements can be made at a single boiling for breakfast and it will hold its peculiar fresh tangy flavor for hours without deterioration.

(Copyright by McClure Syndicate.)

### A JUST REASON

Visitor—Why did the doctors declare him insane?  
Keeper—Because he refused to take their medicine.

**Ancient King a Terror.**  
Mithridates, king of Pontus, is rarely mentioned nowadays, but in the year 88 B. C. he was the terror of the world. He killed his own family, slaughtered seven different kings and their courts, marched through Asia and left everywhere trails of dead. He invaded Greece and there slaughtered nearly half a million human beings, then he marched against Rome with awful carnage. In his own army he lost only 85,000 men, but he is thought to have killed at least twenty times that number of his enemies.

### SHE TOLD HIM HOW TO VOTE

Mr. Askitt—How are you going to vote at the next election?  
Mr. Henpeck (absently)—I don't know. My wife changes her mind so often of late.

**Languages of the World.**  
Strange as it may seem, there are more than four thousand languages spoken by mankind, while the number of dialects exceeds this. There are more than sixty vocabularies in Brazil and in Mexico the Nahua is broken up into some seven hundred dialects. There are hundreds in Borneo, while in Australia there is no classifying the complexities. Assuming that 50 dialects on the average belong to each language, we have the colossal total of 250,000 linguistic varieties.

### THAT'S WHY

Mother—Willie, why will you persist in telling such fibs?  
Willie—Well, dad says that's the only way to get along wid you.

**Russian Priests Must Marry.**  
While the Catholic priest must be a celibate, the Russian must be married when he gets a position. As soon as he loses his wife he has to give up his position or go into a monastery. There is celibacy in the Russian church, but this exists only in the monasteries. A monk can never be a parish priest.

## BRAMPTON NOTES

Mrs. Anna Baker entertained two of her sisters from Escanaba, Saturday.

Mrs. William Bennett and Miss Virginia Richards were in Escanaba between trains Thursday.

O. L. Sheffer and family of Forestland are expected Friday morning to make Brampton their future home.

Mrs. Chester Summerfield has been on the sick list the past week.

Mr. and Mrs. A. J. Volker spent Sunday in Trosbley.

Miss Belle Hannigan spent the week-end with her parents at Kipling.

### School Notes.

Master Ole Oseen is absent from school on account of illness.

The Sewing Club met at the school house Wednesday afternoon and after working an hour they enjoyed a marshmallow toast given by Miss Katherine Browale.

Edwin and Oliver Hage, Hylmar Norrell, Sarah Oseen and Nellie Browale were given half holiday this week for being neither absent nor tardy the past month.

The School Children's Literary Society met last Friday. The program was in honor of Lincoln.

## CENSORS MAINTAIN STRICT WATCH ON UNCENSORED MAIL

(By Associated Press.)

London, Feb. 24. (Correspondence)—The close watch on travelers from Germany to prevent their bringing in uncensored letters, is illustrated by the recent conviction at Folkestone of an Italian for endeavoring to smuggle in two business letters addressed to a London firm. Secret service men testified they discovered the letters hidden in the soles of his shoes, between the layers of leather. Their suspicions were aroused by the bulky appearance of the man's shoes.

## POULTRY MEN WILL CHANGE THE DATE OF ANNUAL ELECTIONS

Members of the Delta County Poultry Association will meet at the city hall this evening in an important session. It is planned, at this time, to effect a change in the date of the annual election of officers of the organization and to increase the size of the board of directors. Every member to the association is urged to be present at this time as other matters will be discussed relative to the progress of the association.

## DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Grandma's Recipe of Sage Tea and Sulphur Darkens So Naturally That Nobody Can Tell.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of a famous old recipe for about 50 cents. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with hit and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

## Lung Trouble Yields to This Medicine

If you are suffering with serious lung trouble, it will pay to fully investigate Eckman's Alternative, a remedy which has caused many recoveries. One follows:—  
"5323 Girard Ave., Phila., Pa.  
"Gentlemen—In the winter of 1907 I had an attack of grippe, followed by Pneumonia, and later by Lung Trouble. In the winter of 1904 I had a cough, night sweats, fever and raised quantities of awful-looking stuff, and later I had many hemorrhages, at one time three in three successive days. Three physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alternative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened until entirely gone. I am perfectly well."  
(Abbreviated.)  
(Abridged) ANNE F. LOUGHRAN.  
Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and up-building system. Contains no harmful or habit-forming drugs. Accept no substitute. Small size, 51¢; regular size, \$1.00. Sold by leading druggists. Write for booklet of recoveries.  
Eckman Laboratories, Philadelphia.

## M. A. C. EXPERT ASSERTS CHICKENS ARE VICTIMS OF PHTHISIS DISEASE

East Lansing, Mich., March 5.—Inspection of poultry for tuberculosis, the use of motor tractors on the average farm and the teaching of dancing to children were advocated by speakers at the Michigan Agricultural college on the program of farmers' week.

Dr. E. T. Halman, of the bacteriology department of the Michigan Agricultural college, said that tuberculosis in poultry was increasing at an alarming rate because of the lack of inspection. Huge losses to the poultry men are resulting, he said.

Dr. Ward Giltner told the farmers that the loss from tuberculosis in cattle during the last year in this state was close to a million dollars, and that the disease was especially menacing because of being transmitted from cattle to children under five through milk.

"One per cent of the meat cattle and two per cent of hogs sold for pork are affected with tuberculosis," he said. Ten per cent of dairy cattle producing milk have the disease.

Miss Edith Casho, of the physical training department of M. A. C., advised mothers to teach their children to dance as soon as they were able to walk, in order to develop the young muscles.

Professor Musselman advised the purchase of tractors for the farm. "If the farm is not large enough to warrant the purchase of a tractor, buy one with your neighbors," he said. "Tractors can now be bought at prices that complete with horses."

Judge P. T. Colgrove outlined the value of trunk lines as compared with farmers' roads.

## THOMPSON'S BAKERY 1308 Ludington Street

## FRISCO HAS A NEW LABOR TEMPLE

(By Associated Press.)  
San Francisco, March 5.—The formal opening of the new Labor Temple of the San Francisco Labor Council will take place tonight when the Council will assemble in the building for the first time. The building has been open for inspection since last week and some of the unions transferred their headquarters there during the present week, but the opening will not come until tonight. The building is one of the most complete labor assembly structures in the country. Its cost was more than \$150,000. Cambridge, Mass., is to have an official to be called "city adviser."

# Spoons for Our Readers

Read this Remarkable Offer -- Every Reader Can Now Own These Wonderful Souvenir Spoons -- All the Rage -- Clip Coupon at Once!

These are the spoons that the people of all the big cities are collecting. They are the souvenir spoons that started this unparalleled furor. Think of what it would mean to you to have a complete collection, and do not delay action one moment! Many who get just one or two or three spoons at first, to see "whether they will like them," are so thoroughly delighted with what they receive, they simply cannot help getting the "souvenir spoon collecting habit." It is easy to understand, then, why this has become such a fad all over the country.

It is only by special arrangement we are able to make this superb offer. There are other souvenir spoons which we could have secured for less money, but we want our subscribers to have the best. We naturally want to keep the good will of our large and growing family of readers. And we have selected for you these famous

## Oneida Community State Souvenir Spoons

Every Spoon Is Fully Guaranteed

Back of every spoon is the guarantee of the makers, who have a national reputation to maintain. Back of every spoon is our personal guarantee. These spoons are guaranteed for the length of your life. Oneida Community Souvenir Spoons Contain 100 per cent More Silver than other spoons that have been offered in this way. The more you know of their value, the more you will appreciate the value of our offer.

Makers of the Highest Quality Turkish and Egyptian Cigarettes in the World

### Fastening Benefit From Duffy's

This lady suffered a long time from Bronchitis with no relief. She finally used Duffy's with great success. Several years ago she wrote as follows:

"For some time I was a sufferer from bronchitis and spent a great deal of money doctoring, until I heard through a friend of the wonderful merits of Duffy's Pure Malt Whiskey. Early in the fall I began taking it and since have been entirely free from the bronchial attack. I consider it my duty to thank you but have not enough words to say in praise of this wonderful Pure Malt Whiskey as a medicine that is good for everyone."—Miss Mae Rodgers.

Today she is well and strong with no return of bronchial trouble, as her recent letter proves: "My health is perfect. Am entirely cured of bronchial trouble, but still continue to use Duffy's Pure Malt Whiskey as a tonic, and I recommend it to all my friends."—Miss Mae H. Rodgers, 202 S. Grove St., E. Orange, N. J.

### Duffy's Pure Malt Whiskey

A life-sustaining agent in cases of emergency which no family medicine chest could lack. It is an absolutely pure distillation of clean, selected grain, carefully malted and so processed as to remove, as far as possible, all injurious elements. By its salutary effect upon the digestion it enriches the blood and builds body and muscle, and in the prevention and relief of coughs, colds, and many troubles it is very dependable. It makes the old feel young and keeps the young strong and vigorous. Heed the advice of thousands—

"Get Duffy's and Keep Well."

Get Duffy's from your local druggist, grocer or dealer \$1.00 per bottle. If he cannot supply you, write us, we will tell you where to get it. Medical booklet free.

The Duffy Malt Whiskey Co., Rochester, N. Y.

## FERNANDO CIGAR COMPANY

There's luxury in the smoke of a Fernando cigar; so much flavor—it tastes good down to the last, and then it is such an easy smoker and is so nicely made. The Fernando is a 10c cigar, but you can buy three for a quarter. Ask for three the next time you go in a drug store.

We also make about twenty other brands.

## SOME SPICY SPORT CHATS

Looks as If Old Athletics Are Shot to Pieces.

### HIT BY BAKER'S RETIREMENT

Mack Will Have Hard Time Replacing Great Third Sacker—Bender, Plank and Collins Will Be Missed—Other Sport Comment.

If Frank Baker does not change his mind and quits baseball, the Athletics' chances in the coming race will be considerably reduced. In fact, the Mack forces will be so much weakened that it is almost certain the team will not be able to finish in the first division.

A team which loses two such players as Collins and Baker is very apt to be changed from a pennant winner to a second division proposition.

It is hard to believe that Baker, who is still in his prime and in a position

## Eddie Dugan to Receive Large Sum For Piloting Belmont Horses

Photo by American Press Association.

AUGUST BELMONT, chairman of the Jockey club, will race a string of eighteen fine thoroughbreds this season. In the lot are eleven two-year-olds, one six-year-old, two five-year-olds, three four-year-olds and one three-year-old. These horses are now at the Sheepshead Bay (New York) track under the care of S. C. Hildreth, their trainer. Eddie Dugan, who rode in Russia last year, will pilot the Belmont racers this season. Dugan is considered to be the best pilot in the country at present. Belmont's thoroughbreds are sure to receive the proper handling. Dugan is to receive the largest retainer paid to any horse pilot in America.

Photo by American Press Association.

### LARRY LAJOLE, VETERAN WHO ATTEMPTS TO FILL COLLINS' SHOES AT SECOND

to demand enormous pay, should want to quit the sport. But strange things have happened.

With Lajole in Collins' place and the rest of the wonderful infield intact there was hope for the Athletics to cut a figure in the race again. Lajole, while not as agile as Collins, is pretty sure to fill his shoes in an offensive way, so that Collins would not have been badly missed. But there is no one who can take Baker's place. This wonderful batter is not easily replaced. In fact, it is questionable whether the game has ever had a player whose hitting has been as sensational as that of the Athletics' third baseman.

The weakening of the Mackmen by reason of the loss of Collins and Baker, not to speak of the dropping of Bender and Plank, ought to leave the American league race solely between Boston and Washington. The Athletics have been torn to pieces and can no longer be figured as a dangerous foe. Judged from the tone of Connie Mack's announcement of the retirement of Baker from the game, he does not have much hope of inducing his star player to change his mind.

The deal which Jimmy Callahan was handed by Comiskey does not seem fair. Callahan managed the Chicago White Sox for several seasons when the material was lacking to give him a chance to bring the team well up in the race. There were no Eddie Collinses on the roster. In fact, all during the Callahan regime the material on hand, barring a fair pitching staff, was somewhat mediocre.

It is generally recognized that the acquisition of Eddie Collins will make the White Sox pennant contenders. There have been many instances where the addition of a single player has made a world of difference in the athletic achievements of a ball team. Collins may prove this, but Rowland, the new manager, will get the credit, and he is having a better team handed him than has held forth on the White Sox grounds for several years.

### NO OXFORD-CAMBRIDGE RACE.

Famous Rowing Event Abandoned For First Time Since 1855.

It is officially announced that there will be no university boat race this year.

The contest was hardly possible, for all the leading oarsmen at both Oxford and Cambridge have gone to the front or are engaged with the officers' training corps. Instituted at Henley in 1829, the boat

race has been held annually without a break for sixty years. The last previous time it was abandoned was in 1855, at the time of the Crimean war. As soon, however, as the treaty of Paris was signed the race was resumed and it has been rowed on the Thames every year since.

When the present war started all competitive sport ceased at Oxford and Cambridge, and, like the boat races, other interarsity contests have been abandoned.

### NEW POOL PHENOM.

Louis Kreuter, Boy Champion, Issues "Defi" to Youngsters.

A new boy phenomenon in the pool world has popped up in the person of Louis Kreuter, the sixteen-year-old youngster of New York. Experts who have watched this youngster perform are of the opinion that it is only a

LOUIS KREUTER.

question of time when he will make the champions of the green cloth look to their laurels.

Kreuter has been handling a cue since he was nine years old and is now classed with the experts. His high-strung in practice is 129 straight and in open competition 94. Kreuter has won every tournament in which he has competed. He now issues a challenge to any boy player in America.

### SPORTS WEAKEN YOUTHS.

Gymnasium Director of University of Michigan Thinks They Do.

Dr. G. A. May, the University of Michigan gymnasium director, who will have charge of Michigan's first "trooper man test," recently declared that for a decade the chest, shoulder and arm development of college students has been yearly decreasing.

He bases his assertion on observations extending over many years spent as a university gymnasium instructor. He holds the present craze for intercollegiate athletics is responsible for the decrease in the development.

"Enthusiasm for intercollegiate sports is actually weakening college men," says Dr. May. "They come to

### WHEN ZIM CALLED SWEENEY.

Speaking of Heinie Zimmerman, which we were not, recalls an incident at the Cardinal park in St. Louis one day. It was early last season, and Sweeney, who went from Boston to Chicago in the famous Evers mess, was playing second. Sweeney made a brilliant stop of a ground ball, ran to second and then completed a snappy double by throwing to first. Zim was playing shortstop.

"Well, whatchathinkyordoin'?" said Zimmerman to Sweeney as they came to the bench after the inning, and his voice carried a mean sound. "Why didn't yer let me in on the play?"

"Wasn't necessary. The play was completed all right, Zim," said Sweeney.

"Yes, you're pullin' some of that Boston stuff, ain't you?" replied the mighty Zim.

A little more of "that Boston stuff" on the Cubs team might have served them well at this time. Zim didn't know what "Boston stuff" was when he made that remark.

colleges with the sole intention of making a team. Their previous athletic training has been connected with teams.

"To my way of thinking, and I have been engaged in the physical development of college men for many years, every student should first prepare his whole body by constant apparatus and drill work of the right sort during the freshman year and when proportionately muscled give his attention to the games which are used for intercollegiate contests."

Dr. May already has a number of Michigan's huskies trying out their prowess, and one of his candidates has scored within 500 points of the record.

### GUY NICKALLS TO RETURN.

More Than 200 Students Enroll as Candidates For Yale Crew.

Guy Nickalls, the English oarsman who will again take charge of coaching the Yale university crews. More than 200 students have presented themselves as candidates for positions in the varsity and freshman boats. Practice on the machines are now held daily in the gymnasium.

Weather conditions permitting, it is expected that the men will be on the water in the latter part of March.

### PLENTY OF RACE COURSES.

Eleven Within Forty Miles of Sydney and 387 More in Australia.

There are eleven licensed race courses within forty miles of Sydney, Australia, and during 1914 507 licenses for horse racing, pony racing and trotting were issued by the New South Wales authorities to 387 tracks outside of the forty-mile limit of Sydney.

The revenue derived from the race courses in the way of license fees for 1914 totaled \$8,000.

Sacramento, Cal., in 24 years has paid \$3,952,500 and lost 465 persons on account of typhoid fever, all due to polluted drinking water.

OUR EXAMPLE

American ships bound for British, French or Russian ports must run the chance of being torpedoed by a German submarine with a total loss of ship, cargo, passengers and crew.

Our ships bound for an Austrian, Turkish or German port, or the port of any neutral power which has been habitually receiving imports for transmission to Germany, Austria or Turkey, are subject to seizure and detention with no danger to property rights or the lives of passengers and crew.

This virtually means that all Europe stands ready to repel imports to any country and to block exports from the powers of the German alliance.

The United States government expects to protest both actions, but under existing conditions protests look like a waste of breath and of stationery because these powers regard the restriction of trade as a military necessity and military necessity gives little heed to ordinary necessities.

The present situation for the first time in history puts this nation in a position to appreciate the hardships that were inflicted upon European nations by our order which closed all ports of the southern states to foreign commerce.

Our action at this time was vigorously protested. It brought about earnest consideration of a point intervention which could have easily swept aside our blockade, but in spite of the strong temptation Europe stood aside and suffered the severe punishment we inflicted for four dreary years while we fought out the war for the preservation of the Union. Remembering the past should make us more patient in the present—Detroit News.

ALIEN LAWS

The highest court of New York has just upheld a state statute which prohibits the employment of aliens on public works and even provides for the forfeiture of contracts for such work on which alien labor was used. In the New York press this statute was severely criticized, but the Court of Appeals sustains it because the legislature is entitled to regulate public work. The question is one of expediency and policy, with which the judiciary is not supposed to deal.

It is a very different thing to attempt, as Arizona did, to interfere with private employers and tell them how many, if any, aliens they may employ. The Arizona act, it will be recalled, was annulled by a federal court.

The Arizona legislators, by the way, appear to have conceived an indirect method of accomplishing their object. They are proposing an act prohibiting the employment in any "hazardous occupation"—a very elastic phrase—of those who cannot read the English language. "Safety" is the ostensible motive for this prohibition, but everybody knows that the real motive is that which underlay the plain and naked anti-alien statute.

This anti-alien tendency is not confined, moreover, to actual aliens. In one southern state an industrial litigation test similar to that proposed in Arizona is sought to be applied to American blacks. Sheer anti-negro prejudice prompts this mean and reactionary attempt. Will enlighten national sentiment sanction and tolerate such outbreaks of perverted "nationalism"—Chicago Tribune.

The city's weekly publication comes out today with a strong editorial re-

garding the defeat of H. W. Reade, candidate for county road commissioner, intimating in outspoken terms that the matter was a disgrace to the city.

"If not one of the candidates had received a vote in this city Mr. Reade would have been nominated by the voters of Gladstone and several townships. What encouragement is there for capable, honest men offering themselves as candidates for public office when they get such treatment? And that the defeat should come at the hands of Escanaba voters. The city is in disgrace," says the Journal.

If the statements made in the pre-election campaign were true and the tactics of the two candidates, quiet on the one side and a little mud slinging on the other are taken into consideration, it is evident that something went wrong, and the blame, as indicated above, can be laid only on the shoulders of Escanabans.

The city's morning publication publishes an article today purporting to have come from John Gasman, successful candidate for the road commissioner, carrying the imputation that this paper refused to publish a paid article supporting his candidacy.

The statement by Mr. Gasman that the influence of this sheet is not as "large as it used to be," is evidently inspired by a biased view and smacks somewhat of sour grapes, as the support of this paper was thrown to Mr. Reade.

The Journal says it has received a jolt in the confidence reposed in the editorial ability of the Stephenson Journal, in that a story was published in the latter sheet regarding a deputy sheriff singing gospel songs for eight hours to quiet an insane woman. "We'll wager a good cigar that there isn't a deputy in Menominee county who can tell a gospel hymn from the tune the old cow died on," he says. You never can tell, Journal, there are always exceptions to be found, and maybe Menominee county isn't so bad as it is painted.

That denizens of the underworld are afforded protection in their lairs that is denied the more respectable man who occasionally visits them was revealed in the trip to a Louisville vice den by a prominent Chicago woman. The peculiar thing is that the woman was the only one arrested, while the habitués of the place were unmolested.

President Theodor of Hayti seems to be in danger of losing his rule there. What he needs is one more letter to the name and a big stick, and he will be invincible—Calumet News.

A ring general of the Badger state is named Dauber. Suppose he was given that name on account of his proclivities for "daubing" the visages of his opponents.

PITTSBURG PROHIS MEET  
Pittsburgh, March 5.—Senator W. S. Kenyon of Iowa, one of the principals in the framing of the Webb-Kenyon bill, was to be the principal speaker at the prohibition mass meeting under the auspices of the Board of Temperance of the churches of this city.

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists.

Take one or two nightly and note the pleasing results.  
The Olive Tablet Company, Columbus, O.

U. S. PLAYGROUNDS

National Forests to Be Open to Pleasure Seekers.

Hundreds of Permits Already Granted for Camps and Cottages in the Woods Belonging to the People.

Washington.—To make the national forests with their aggregate area of 187,000,000 acres a vast camping and recreation ground for the people is one of the ambitions of Henry S. Graves, chief forester. Already hundreds of canyons and lake shores are dotted with camps and cottages built on sites obtained through permits of the forest service.

The combined area of the national forests equals that of Chile and is nearly half as big as Germany. While most of the forests are in the Pacific coast and Rocky Mountain states, with several million acres in Alaska, there are acres in various other states. All types of American scenery are included in these forests of the people.

The forests embody the Cascades and Sierras of the Pacific coast, snow capped peaks in Alaska, rugged wild sections of the central and northern Rockies, desert lands in the southwest, the flat lake regions of Minnesota, semitropical swamps of Florida, Ozark highlands, southern Appalachians and North woods of New England.

Special provision is made by the forest officials and rangers for enabling pleasure seekers to get the full worth of their holiday. Four-fifths of the people in the national forests during the last fiscal year were pleasure seekers, numbering over 1,500,000. But they were not a drop in the bucket compared with the number that could be taken care of.

Those who do not care to camp and settle down in one spot may travel from place to place without let or hindrance so long as they observe reasonable caution to prevent fires. Those who want a particular spot for a camp are required to pay a nominal sum for a permit. This enables the forest officer in charge to keep track of them.

Forest rangers are under special instructions to assist the tourists and campers in every reasonable way. They can always be depended upon to advise the traveler how best to reach his destination or to direct him to places or trips of special attractiveness, to aid him in an emergency, to procure a physician for him if needed or to give him a neighborly lift.

Straight "sight seeing" in the national forests may be had for the taking. At certain of the ranger stations interesting collections of plant and tree specimens are on exhibition. Special attention is paid to poisonous forage plants, which are a menace to the stockman's grazing cattle or sheep and to the camper's pack animals.

Many lines of activity are constantly carried on in the national forests, but they do not in any way interfere with their use as a national recreation ground. Lumbering does not leave such scars on the mountains as usually occur where private timber lands are being logged. The slash and debris of the logging operation is cleaned up as the work proceeds, and later is burned or otherwise disposed of. This reduces the fire hazard, prepares the ground for the reproduction of a new forest crop and at the same time makes the area more accessible and less unsightly.

One of the great recreation attractions of the national forests is hunting and fishing, and numerous camps are maintained for this purpose. The fish and game laws of the particular state in which a forest is located govern the use of the forest for these purposes. Many of the streams, which are very numerous, are kept stocked by the bureau of fisheries.

The spare time of the rangers is spent in building, with other workers, the trails and other permanent improvement in the national forests, and the rangers will find the forest officers ever ready to instruct him in the necessary camp and wood lore.

All to Be Expected.  
The most you can ask of the man who has an ax to grind is not to drop it on your foot after you have helped him sharpen it.—Washington Star.

Others Censored.  
A newspaper classifies the various kinds of people, but the world only recognizes two—the rich and the poor.—Nashville Banner.

GERMAN PROFESSOR IS AGAINST ABOLITION OF ENGLISH IN SCHOOLS

(By Associated Press.)

Berlin, March 5.—The much noted plan to abolish the study of English in the German public schools is strongly opposed by Albert Bockelmann, director of the Uelzen higher academy, in an interview in the Rheinisch-Westfaelische Zeitung.

He declares that, much as patriotic students may regret it, English will undoubtedly continue to be the trade language of the world and that, so far from ceasing to learn it, Germans should become proficient in it.

Quite as unreasonable as the proposition is to put the ban on English in Germany, he says, is the talk of England to forego German in favor of "simple, rich and musical" Russian, Serbian, Flemish or Japanese. The Germans, he says, might as well take up Turkish.

"Even the most brilliant victory over England," declares Herr Bockelmann, "and its various dependencies, will not mean that English as a universal trade language will be easily displaced. More than ever will the German youth, going into the world to make a living, have need of knowing English. For if he does, he can, in the friendly 'blockade' of trade, sink the boat of his opponent. More than even before, if we are to live the 'practical life,' the slogan must be 'learn English.'"

"That after the war the world will have to learn German we believe to be a fact. Even England will have to take an interest in the language of the German 'barbarians' in spite of the 'wealth, simplicity and music' of Russian. And the national consciousness of the German-American has been so strengthened by the war that the care and growth of the German language in North America is certain to be promoted.

"Our own beautiful virile, well-constructed tongue would suffer endlessly if it were to become the universal medium of every-day intercourse. Wherever we may require it—and we hope that we shall require it—the world will have to find it convenient to speak German. But it were a terrible pity for it to become the jargon of universal ports and the patois of the highways and byways of the world. German must be the language of masters."

Grass Map.

Manuel L. Quezon, resident commissioner from the Philippine islands, has an interesting map, sent him recently. It is one representing the islands, and is woven of a kind of fiber in different colors, some tints showing the land and others water. Even the titles are wrought in colored grass. The whole thing is about three yards long by two wide, and hangs on the wall of Mr. Quezon's room, a most conspicuous object to every visitor. It is the work of the pupils of one of the native colleges. Near by is an oil painting of Wilson done by a Filipino artist, and admirably done, too. Its frame is of different kinds of wood, all hand-carved in graceful designs.

The Two Go Together.

Show us a man who has accomplished anything worth while, and we will show you a man who makes a specialty of attending to his own business.

Technical Rights.

A man should not be too strong in insisting on his technical rights. You have a perfect right to wear a red necktie in a field with a bull, but you shouldn't.—South Bend News-Times.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister.

MUSTEROLE does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage MUSTEROLE in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears.

And there is nothing like MUSTEROLE for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

STEALS \$1.60; LIFE SENTENCE

Convicted Fourth Time, West Virginia Man Is Sentenced as Habitual Criminal.

Huntington, W. Va.—For the theft of 150 pennies and a plugged dime, Bernie Smith will spend the remainder of his life in the state penitentiary. Smith was sentenced by Judge Graham. It is alleged Smith broke into the office of the Guyan Big Ugly and Coal River Railroad offices at Hamlin and stole \$1.60 from the safe. A dollar and a half of the loot is said to have been in pennies.

Smith was arrested when he spent the plugged dime at the company store. It was the fourth time he has been convicted of larceny, and Judge Graham sentenced him under the habitual criminal act.

Fashion Note.

The black silk slip-cover that comes with a gift umbrella is rarely utilized for its original purpose. But the deft fingers of a handy housewife may easily transform it, at slight trouble and expense, into a fashionable skirt.

No refitting or reshaping necessary. Simply turn the affair upside down, cut off the metal end, and attach a belt. See that the slash comes at the side. Life.

Peeling Onions for a Living.  
The profession of onion peeling is not one that obtains much notice, yet there are at least five hundred women in the East end of London earning their living by removing the skins from onions. With practice they can make \$1.25 per day. Very often they have been peeling since childhood, daughters succeeding mothers. It is no profession you can learn in one lesson for the skin must be removed by hand or the onion "juices" and is no use pickling. The onions are always peeled in water. This is not to save the eyes of the peeler, but is done to keep the onion white.—Stray Stories

His Reason.

"Your heroines always dress rather poorly."  
"My wife would get jealous," responded the author, "if one of them had any more gowns than I all her."

**WANTED**—Helper in baker-shop. Apply after six. Hoyle & Baur if J. A. Talbot of Maple Ridge is in the city today to attend the services at the Methodist church tonight.

### NOTICE

To My Friends and Patrons:  
GENTLEMEN:

I beg to announce to you and the public generally that I have this day sold my interest in the Fernando Cigar Co. to Mr. Walter Lippold who has been during my time of management my trusted and able assistant.

The transfer of business is made because I have a very promising offer at Appleton, Wis., which place is my old home and the choice of residence of my family. You will find that the new manager will be just as painstaking as I have been and will keep the Fernando Cigar the leader of all cigars in the U. P. "and then some."

All bills due the Fernando Cigar Co., and all the accounts the said Company owes will be due to and payable by the Fernando Cigar Co., the same as heretofore. My business association with my partners has been most pleasant and I recommend them and my successor to you with all my heart. Thanking you for your patronage and your many kind considerations, I beg to remain,

Yours very Truly  
AUG. STORCH

### PRETTY GIRLS APPEAR IN COLLEGE PLAY

Boston, March 5.—Pretty girls wore trousers and smiled behind silky false beards this afternoon as they strolled toward Agassiz House theatre, where Radcliffe college freshmen will give "Quality Street," J. M. Barrie's comedy tonight.

## BRITISH SAILOR HAS MIRACULOUS ESCAPE FROM CERTAIN DEATH

**WAS IMPRISONED FOR HOURS  
BENEATH THE UPTURNED  
HULL OF STEAMER WHICH HAD  
FOUNDERED — PLATES CUT  
FROM SHIP'S SIDE TO RELEASE  
HIM.**

(By Associated Press.)

Yarmouth, Eng., Feb. 26.—(Correspondence)—Yarmouth sea-faring men believe there is no parallel to the rescue of E. S. Riches, of this place, who was the only man saved from the Hull salvage vessel, Salvor I., after being imprisoned in the fore-castle of the upturned wreck.

Riches was in the fore-castle when the vessel rolled over. All the other members of the crew were washed away and drowned. The vessel had turned so quickly, however, that Riches found plenty of air left to him, and as the boat lifted in the swell he could see light through one of the port holes. He put out his hand and waved it. Every minute or so the boat dipped beneath the water, but when she lifted again he repeated his efforts to attract the attention of anyone who might be watching the wreck from shore.

This went on for three hours.

"I was dazed and practically gasping for breath," Riches continued. "I then heard tapping outside the hull of the boat. Then someone spoke through the port hole. The voice said: 'Where shall I cut open the hull?' I indicated this, showing him how to keep clear of the stanchions. It seemed hours before I knew anything else. There were fumes of acetylene gas blown into the vessel, and then someone gripped me by the neck and pulled me out of the dark dungeon of the hull, where, for a time, death seemed to be my only hope of release. I found afterwards that my rescuer was Mr. McRobbie, a Peterhead blacksmith."

McRobbie's attention had been attracted by Riches' hand showing out of the port hole. He fetched from his shop a cylinder of oxygen and another of acetylene. Standing neck deep in the water for almost an hour, he with the aid of several assistants, cut through the double plate of almost two inches thick, ultimately succeeding in reaching through to the fore-castle.

### SKATERS AT ODDS ON RESULT OF THE RELAY, LAST NIGHT

Owing to the fact that during the progress of the race, two of the skaters were touched and their progress momentarily retarded, a dispute has arisen over the results of the relay race staged at the Peterson rink, last evening between Helmar Groth, Richard Flath and Albert Godin. Groth claims to have won the speed contest, but his claims are disputed by Flath who asserts the race should have been called a no race or tie. Groth covered the two miles in 6:18, said to be the fastest time ever made on the local rink. Frankie Bryant, speed merchant of the upper peninsula did the same distance in seven flat. Godin and Flath each skated one mile against Groth's two. A board of arbitration will settle the status of the race.

### CO-EDS ARE NOT ARTISTS' MODELS

Columbus, O., Mar. 5.—Seventy-six percent of college girls have eye trouble, eleven percent ear trouble, twelve percent poor teeth and twenty-nine percent round shoulders, if report on the physical condition of Ohio state university first year co-eds can be taken as a basis.

This report includes 230 young women, and shows that sixty percent have weak backs, average 116 pounds in weight and five feet, three inches in height.

Among other things of interest noted were, that fourteen percent got too little sleep (less than eight hours) and that fifteen percent are excellent swimmers.

### COST OF WAR TO THE ALLIES EXCEEDS NATIONAL DEBTS

(By Associated Press.)  
London, Feb. 28. (Correspondence)—The financial editor of the Daily Telegraph points out that the ten billion dollar expenditure by the Allies for carrying on the war from now until the end of this year, as estimated by the Chancellor of the Exchequer exceeds the total national debts of both France and Russia. It even exceeds the entire revenue producing capacity of all Europe, including belligerents and neutrals, by over three billion dollars.

## What's Doing in Theatre World

Wildfire and Lillian Russell at Bijou

The "movie" public of the city will be given an opportunity this evening of witnessing one of the finest bits of film work ever shown in the city in "Wildfire" with Lillian Russell, the legitimate stage's star of the past few years, playing a lead role. The piece is one of great interest and depicts one of the most exciting horse races imaginable.

### Exploit of Elaine at the Delft

The third of the Elaine series is the attraction at the new Delft theatre this evening an addition to several other pictures of genuine interest. The installment of the Elaine pictures to be shown this evening is entitled, "The Vanishing Jewels," a story of how a clever thief warns his intended victim of the theft beforehand, exactly to the hour and minute it will occur.

Alice Joyce will also be seen in "The Swindlers" a two part Kalem feature showing the dangers that beset an unsophisticated country girl who listens to the smooth and glib talk of a crooked New Yorker.

### MAN KILLED BY ALARM CLOCK IN AP ARTMENT

Chicago, March 5.—Ferdinand N. Batcher was killed by his alarm clock yesterday. Batcher, who was 57 years old, was a retired mechanical engineer and kept a rooming house at 48 East Superior street. For some time he had been suffering from heart trouble. Tuesday night he set his alarm clock for 6 o'clock. He was aroused suddenly by the ringing and leaped from his bed. The shock of being awakened so abruptly was too much for his heart. He dropped dead. A roomer, attracted by the ringing, summoned a physician, who gave heart disease as the cause of death.

### FIRE GUTTED BUILDING IS BEING TORN DOWN

The building at the corner of Elm and Ludington street, gutted by fire early last fall and which has remained in that condition since, is being partially torn down to allow of extensive repairs.

### TOOK MONEY; GETS NINETY DAYS; "VAG" DRAWS THIRTY DAYS

Two miscreants came before Justice McEwan Wednesday afternoon and were handed stiff jail sentences. Thomas Maher, charged with larceny of \$24 from a local man was adjudged guilty after he had entered a plea to that effect. He will rest for the next

### FIRST CONFERENCE TRACK MEET TONIGHT

Madison, Wis., March 5.—The first big indoor track event of the Conference universities is to take place here tonight when Wisconsin and Illinois athletes compete in a dual meet.

Next week the Badger athletes will go to Chicago to face the Maroons.

### HANOVER, N. H., MARCH 5.—AMHERST AND HANOVER COLLEGE ATHLETES COMPETE IN A DUAL MEET TODAY.

### ANNAPOLIS, MARCH 5.—MIDDLE AND YALE WRESTLERS ARE TO MEET ON THE MAT HERE TONIGHT.

### PUT-IN-BAY, OHIO, MARCH 5.—THE BIG BRONZE TRIPOD ATOP THE BERRY MEMORIAL SHAFT BEING ERECTED HERE WAS COMPLETED TODAY, MARKING THE FINAL STAGE IN THE WORK ON THE GREAT SHAFT THAT WILL OVERLOOK THE SCENE OF COMMODORE PERRY'S VICTORY ON THE BATTLE OF LAKE ERIE. THE MEMORIAL WILL BE COMPLETED BY JUNE 1. ONE HUNDRED ELECTRIC LIGHTS WILL BLINK EACH NIGHT THROUGH A HUGE GLASS DOME WHEN THE SHAFT IS COMPLETED.

### NAVY LIST IS GONE; FIRST TIME IN HUN- DRED YEARS TIME

(By Associated Press.)  
London, Feb. 26.—(Correspondence)—For the first time during a century the British navy list has disappeared, at least so far as the public is concerned. The February number has been prepared but withheld for official use only. Its first issue was in February, 1814, just at the close of the great war.

### BITTEN BY DOG 15 YEARS AGO, WOMAN SUCCUMBS IN N. Y.

New York, March 5.—Miss Ella Frances Hobby of Far Rockaway, L. I. died today from the bite of a dog inflicted fifteen years ago. During that time she underwent twelve unsuccessful operations to cure the blood poisoning which set in from the wound. Forty different physicians treated her and failed. She was 30 years old.

### IMPORTANT QUESTION BEING CONSIDERED

Washington, March 5.—Whether railroads may deviate from the Interstate Commerce Commission's rule requiring a fixed form of accounts, in order to comply with various state regulations on the same subject, is being considered by the Interstate Commerce Commission today.

R. W. Hinz left last evening for Appleton, Wis., where he has accepted a position.

## MARQUETTE CLAIMS CHAMPION EGG LAY- ING HEN; LAYS BIG EGG

Five Ounce Hen-Fruit is Presented in  
Evidence by Owner of Chicken

A Marquette hen (it's owner, rather) now lays claim to what is believed is a champion egg in the five ounce "fruit" laid by this particular bird yesterday morning in the coop maintained by Mrs. George Wilson, 134 Ohio street, of that city. The egg is said to measure nine inches around and seven inches in length, in addition to weighing in the vicinity of five ounces. Recently an egg was laid by a hen owned by F. F. Davis of this busy city, measuring eight inches one way by six another. Escanaba hens better get busy to beat the above record.

### TURN BREWERY INTO CREAMERY

Bellingham, Wash., Mar. 5.—The Bellingham Bay brewing plant, one of the largest and most modern establishments of its kind in the northwest, will be devoted into a creamery after the state goes dry January 1, 1916, it was decided by the stockholders today.

Bottled milk, butter, ice cream and cheese instead of beer, will comprise its output. A cold storage plant will also be run in connection with the creamery.

# DELFT THEATRE

## —TO-NIGHT—

## EXPLOITS of ELAINE

THIRD EPISODE  
**"THE VANISHING JEWELS"**

A criminal who warns his victim before hand of the hour and day of his crime and in spite of all safeguards, accomplishes it, leaving no trail.

Alice Joyce

## "THE SWINDLER"

Two part Kalem drama showing how a country girl listens to the soft words of a stranger

### FORE RUNNERS OF SPRING

### The Story of Spring Wash Goods

Grows longer and longer. We have given you chapter after chapter of it, and yet the narrative is not half told.

Every day unfolds another page of newness in the volume of exquisite textures that is already more extensive and more satisfying than any other spring has ever furnished. Some of the most attractive weaves that have yet reached us are now on display—they are rich values in unusually artistic cotton goods that have just landed in our wash goods department.

### Saturday Morning's Sensation Will Be "Olympic Dress Crepe" at yard 12 1/2c

Displayed in show window, same quality, made in same town, on same looms, by the same manufacturer, as are elsewhere called "18 cent grade." We are showing more attractive and practical patterns and colors than ever before.

### Basement Specials

**Dress Crepes**—500 yds. dress crepe in pretty new color effects, values that ordinarily would sell at 12 1/2c to 15c per yard, our bargain basement price per yard ..... **9c**

**Light Percalates**—36 in. percales, many are the most exclusive styles yet offered at the price, showing them in short lengths only. Values 15c to 18c per yard, basement sale at yard ..... **12c**

**Dark Percalates**—Navy and black grounds, with combination stripe and figured patterns, a quality we usually ask 12 1/2c a yard for, on first floor, our price in basement ..... **8c**

**Hosiery**—We offer for Saturday the biggest values in women's and Misses Hosiery, strictly fast black, regular made ..... **10c**

### Wash Goods Section

**Olympic Crepe**—27 inch dress crepes in the prettiest range of patterns we have ever shown, now displayed in window on sale Saturday .....

# EXTRA SPECIAL

For Saturday Only

# DOUBLE STAMPS

**TWO** instead of the usual one, with every ten cent purchase in any part of the store, except Grocery, where the usual one will be given with every purchase. You'll note this is the first double stamp day of the year; take advantage of it to the utmost. Double stamps mean six per cent on all the money you spend.

Not Any Too Early to Select

# New Spring Merchandise

Many of the spring stocks are now very complete, and at this date selection is better than in any former spring season. You might as well be one of the first in the new togs when the warm sunny spring days arrive. Buying the new goods now, you'll get the whole wearing season out of them.

With all the spring styles established and colors and materials determined the selection of new garments or material now resolves itself practically into a quest for the particular things one might fancy.

In the Ladies apparel line—The radical change in style points from last year add a peculiar interest to present shopping days. The wide skirt the natty strictly tailored coat and the graceful shirring's and quaint line of the dresses suggest a becomingness and comfort that every woman will appreciate. Indeed the season promises at every step, sane and normal dressing with just enough snap and dash to many styles to satisfy patrons of the more extreme and out-of-the-ordinary taste. The same applies to everything in the material line silks, Dress Goods, wash goods, white goods and new furnishing goods shown.

The added inducement for tomorrows selling of double trading stamps—instead of the usual one ought to be a sufficient inducement to patrons of the store to make their selection tomorrow—you gain nothing by delaying the selection of the new spring merchandise now.

Every business day in the year we sell good, dependable

## Guaranteed GROCERIES

At lowest prices consistent with good merchandising. If you take the trouble to investigate—comparison will prove to your fullest satisfaction—that quality for quality, our prices have and always will be the lowest—not for a few weeks a few months but year in and year out its the same story.

### MAYOR CHARGES FRAUD IN PETITION

(Continued from page one.)  
City of Escanaba.

Gentlemen:  
Your petitioner, Oliver P. Chatfield, respectfully represents that he was a candidate for the office of mayor of the City of Escanaba, Michigan, on the Republican ticket at the primary election held in said City on Wednesday, the Third day of March, Nineteen Hundred and Fifteen, and that he was voted for at said primary election, and that according to the returns made by the inspectors of election in the several wards in said City, it appears that your petitioner was not nominated for said office, and that your petitioner did not receive a plurality of all the votes at said election for said office; that on the contrary the opponent of your petitioner, Edward Smith, was nominated for said office and received a plurality of all the votes cast at said election for said office, and that your petitioner

Therefore conceives himself aggrieved thereof on account of fraud

and mistakes in the canvas of the votes by the inspectors of election in the several wards in said City of Escanaba, and in the returns thereof made by said inspectors of election, and that said fraud and mistakes occurred in the canvas of the vote by the inspectors of election in each of the several wards in said City of Escanaba, and in the returns made from each of said wards.

That the errors, mistakes and frauds complained of as near as may be stated and which occurred in each of the several wards in said City are as follows:

A. That the inspectors of election in each of the several wards erroneously and mistakenly failed to count for your petitioner numerous ballots which were cast at said election in favor of your petitioner, and which should have been counted for your petitioner.

B. That the inspectors of election in each of the several wards in said City counted numerous ballots in each of said wards for the opponent of

**"That's Just the Weight You Asked For"**

WE don't like to say it, but it's true that some meat dealers either skimp you on weight or purposely weigh you more than you ask for. Such DISHONESTY doesn't pay. We ABSOLUTELY give FULL WEIGHT, and we don't purposely give a half pound too much in order to charge you a few cents more. YOU weigh US on TRIAL.

Pork Roast, small loin, per lb.	13c	Spare Ribs, per pound	10c
Pork Roast, of the butt, per lb.	12c	Mutton Roast, per lb.	14c and 16c
Beef Roast, per lb.	12c	Veal Roast, per pound	16 and 18c

1115 Ludington Street Phone 126

your petitioner, Edward Smith, at said election which said ballots should have been counted for your petitioner, and if said ballots had been counted for your petitioner the result would have shown a plurality of all the votes cast in said City in favor of your petitioner as a nominee for said office.

C. That the inspectors of election in the several wards in said City failed, refused and neglected to count numerous ballots cast at said election which were cast for your petitioner and should have been counted for your petitioner.

D. That the several inspectors of election made mistakes and errors in each of the several wards in said City in counting the ballots cast for your petitioner.

E. That the several inspectors of election made mistakes and errors in each of the several wards in said City, and that they counted ballots for your petitioner's opponent, Edward Smith, which were void and should have been counted for no one, and that if the several inspectors of election of said City had not counted said ballots your petitioner would have had a plurality of all the votes cast in said City.

F. That the several inspectors of election made mistakes in each of the several wards in said City in counting ballots for your petitioner's opponent, Edward Smith, that were mutilated and marked with a distinguishing mark, which should have been thrown out and not counted, and if said ballots had been thrown out, so marked and mutilated, your petitioner would have had a plurality of all the votes in said City.

G. That the several inspectors of election made mistakes and errors in each of the several wards in said City, and especially in the third ward of said city in allowing the ballots to be taken from said voting precinct and not put back in said ballot box and sealed, and that all the ballots in said ballot box will not tally with the number of ballots actually cast at said election.

Your petitioner therefore prays that this Board proceed pursuant to the

provisions of the statute in such case made and provided, and recount and recanvas the vote cast at said election in each of the several wards in said City, and correct the errors and mistakes complained of, and in this connection your petitioner does hereby deposit with the clerk of said board the sum of Seventy dollars, the same being ten dollars for each of the several wards in said city as provided by the statute.

O. P. CHATFIELD,  
Petitioner

# Richter "BOCK"

## Is Ready

This is the time of the year when it is called to your mind that

# Richter "BOCK" Is Ready

Because of its mild, temperate qualities, its wholesomeness and healthfulness, and lastly, its fine Richter hop flavoring it is an admirable family beverage.
