Three Million Men is Reported to be the Loss Sustained by Germany during the War--Russ in Great New Offensive

SLAVS START MOVE ON ENTIRE EASTERN FRONT AGAINST THE GERMANS

TURKS ARE FORCED BACK IN ARMENIA BEFORE THE STEADY ADVANCE OF THE MUSCOVITE HOSTS IN THAT VICINITY--GREAT BRITAIN TO EXEMPT COTTON.

(By Associated Press.) The chamber of deputies in Roumania is considering the calling of a huge war loan and the calling of the 1915 recruits to the colors. Greece awaits with anxiety the decision of the crown in the matter of intervention into the war and Athens reports that the population is in favor of such a step being taken. Russia is just now contemplating the institution of one of the most vigorous offensives since the start of the war, and which is expected to extend all along the entire front. Berlin admits the capture of an important town near the Prussian border, by the Russ, but it is generally reported here that the Russ are being repulsed. In the west the fighting has become more general and in the Champagne district the combat is ferocious and the activity is increasing in Belgium. ITALY CALLS RESERVES. London, March 6.—A Rome correspondent of the Exchange Telegraph company sends word that the Italian non-commissioned officers of four classes had been called and ordered to be ready to report. GERMANY'S LOSS IS BIG. Paris, March 6.—An official statement from the official press bureau today says that the German losses, in killed, wounded, invalidated and captured, since the beginning of the war in August, amounts to 3,000,000 men. This calculation is based on the known casualties in ten different German regiments. RUSS DRIVE TURKS BACK. Petrograd, March 6.—An official communication received from the Russian army of the Caucasus, dated March 4, says the Russ troops are continuing with the same success in their activities against the Turks in the region of Bohoruk, in Turkish Armenia. London, March 6.—The Daily Express says that there is a strong sentiment in well informed circles that the British government does not intend to make cotton contraband. The Express says it regards this, if true as a grave danger and urges that it would be better for the government to buy every pound of cotton in the United States than to allow Germany to get cotton to make explosives. DARNELL IS TAKEN TO MILWAUKEE TODAY (By Associated Press.) Milwaukee, March 6.—James Morrison Darnell, in custody of a United States marshal arrived in Milwaukee this afternoon and was taken to the county jail. No application was made for bail. Darnell will be tried early in the week on a Mann act violation.

SUMMARY OF THE DAY'S WAR NEWS

Three million men is officially stated to be the losses sustained by the German troops in the great conflict. This number represented losses from all sources, since the inception of the struggle. According to the day's despatches, the Russians are still forcing their advantage in the Poland campaign and in Turkish Armenia. Italian reserve officers of four classes have been called to the colors and both Roumania and Greece are anxiously awaiting the decision of the crowned heads as to whether or not these countries will engage in the war. The Muscovites are contemplating one of the most comprehensive campaigns yet started since the beginning of the war in the entire eastern section of the battle line. Latest despatches declare the Dardenelles cleared of mines that a continual bombardment is being made on the forts still left intact.

POULTRY ASSOCIATION NAMES E. W. DOAK NEW PRESIDENT FOR YEAR

ENTHUSIASTIC MEETING OF THE COUNTY CHICKEN FANCIERS AND BREEDERS HELD AT CITY HALL LAST NIGHT--PLAN FOR 1915-1916 SHOW.

INCREASE DIRECTORS BY THREE

E. W. Doak of Escanaba, was elected as head of the Delta County Poultry association, the live organization of poultry fanciers recently banded together, and whose initial show has proved such a tremendous success. Other officers were named during the meeting, held at the city hall last night and the directorate of the association increased from three members to five. "A bigger, better and more comprehensive poultry show for 1915-1916," was the sentiment expressed among the large gathering, concerning the prospects for a poultry show during the next winter. Plans towards these ends will be put into active operation soon and the efforts of the members will lead gradually to this feature. Elect New Officers. The following list of officers were named, to guide the destinies of the organization during the coming year: President, E. W. Doak; vice president, Frank DeGroot; J. L. Loell, secretary, and L. A. Erickson, treasurer. The board of directors now comprises the following local men: Alex Christie, C. W. Canfield, Joseph Villemure, F. F. Davis, Dr. William Firkus and C. W. Olmsted. It is evident that the association has a bright future ahead, as it is now only several months old and its membership is rapidly increasing and considerable more interest is being manifested among poultry breeders of the county.

DARDENELLES CLEARED OF MINES BY ALLIED FLEET IS THE REPORT

BULGARIA SENDS TROOPS EVENTUALLY AGAINST THE TURKS--WARSHIPS CONTINUE BOMBARDMENT OF THE DARDENELLES STRAITS.

(By Associated Press.) Paris, March 6.—The straits of the Dardenelles are cleared from all mines as far as Chanak-Keles, one-third of the entire distance through the straits, says a Tenedos despatch received here this afternoon. The mine workers were protected at all times by the fire of a number of warships whose guns were kept busy in a bombardment of the remaining forts of the straits. A despatch says that a Bulgarian division, the Kosendil division, has been sent to an unknown destination, and an unnamed Bulgarian officer is quoted as saying that "these troops will be useful in an advance on Adrianople."

PORTUGAL NAMES PRESIDENT

London, March 6.—Anton Enrietto was today named president of the North Portugal republic at the meeting held at Lamego, according to a despatch received today by a Madrid news agency. The report reached Madrid from Badadoz this morning.

DIPLOMATS LEAVE CITY.

Washington, March 6.—The foreign diplomatic corps in Mexico City has decided to leave the city in a body at their earliest convenience. This information was contained in a despatch to the state department today.

JAPAN AIRMEN DROWNED.

Tokio, Japan, March 6.—The pilot and two officers of a Japanese seaplane were drowned today when the plane fell into the sea at Yokosuka. The seaplane was attached to the naval station at that place. The bodies were recovered.

HIGH SCHOOL STUDENTS MAY PRESENT OPERETTA

According to the rumors that have been circulating at the high school during the past few days, there is a plan on foot at the institution towards the presentation of an operetta by students of the school, some time in the future. The date for the event and the plans are still somewhat in the air as yet, but it is expected that some decision will be had Tuesday, when a meeting has been called, it is understood.

DISORDERLY PERSONS GIVEN JAIL SENTENCES

Two followers of the doctrine of J. Barleycorn, who had imbibed a bit too freely of the liquid always associated with the name, found themselves facing short terms in the city bastille this morning following a justice court session. Announcement is made today that members of the high school glee club, composed of young men of the school, are planning to give a recital in the school auditorium some time in the near future. The recital is expected to cover the work of the club under the direction of Miss Ryan during the present year. In addition, it is hinted at the school, the Girls' club will also follow later with a recital of similar nature. Classes Doing Better Work. Miss Frances Ryan, head of the department of music of the local schools, has stated that the work of the music departments this year has been far ahead of any previous year. The above recitals will be held under the direction of Miss Ryan. No dates have been set thus far.

GLEE CLUB IN RECITAL

Music Classes of High School Plan Public Review of Work.

WILL BE NO REPORT ON MICH. COPPER STRIKE

House Committee of Congress Decides Not to Make Report.

(By Associated Press.) Washington, March 6.—There will be no report on the investigation of the Michigan copper strike by the house committee which has made exhaustive investigations and inquiries into the situation in the copper country. It is said that the ending of the strike led the committee to decide not to make the report. Glass Heads Rural Credits Body. Washington, March 6.—Representative Glass was today elected chairman of the body who will make special will appoint two other sub-committees of the body who will make special study of land mortgages and to pay particular attention to the rural credit matters.

ATTY. RYALL APPEARS BEFORE LEGISLATIVE BODY ON PERSON BILL

ESCANABA ATTORNEY APPEARS FOR PUBLIC UTILITY INTERESTS OF THIS SECTION AT LANSING AND ARGUES FOR THE APPOINTMENT OF UTILITIES COMMISSION. TO INSURE STABILITY OF REGULATION. Attorney A. H. Ryall of this city, together with Atty. I. H. Beyers of Iron River, and F. H. Josslyn of Oshkosh, Wis., and Rep. Perfon, appearing before the house committee of the state legislature on Wednesday afternoon to explain the Person Bill, now before the house. Attorney Ryall is one of the framers of the bill, which aims to have the state change the state railroad commission into a public utilities commission, and to add water works, lighting plants, gas plants and waterpower plants to the utilities over which it has supervision and to extend this supervision to municipally owned as well as privately owned utilities. The framers of the measure, including the Escanaba attorney, went before the private corporations committee of the house and stated the intents of the measure. Both Atty. Ryall and Beyers are lawyers for the large interests that control public utilities. Says Must Stabilize Regulation. Mr. Ryall stated that if the controllers of public utilities could be assured that the laws relating to these utilities would not be changed in the next 10 years the Person bill would not have been introduced. It is primarily, he insisted, to insure stability of regulation that the public utilities owners want a public utilities commission to control them rather than municipalities. As to Constitutionality. Senator eVrdie, who is chairman of the senate judiciary committee and who put through the home rule act at the 1913 session, raised the question at Wednesday afternoon's hearing. This question is whether the legislature can constitutionally itself exercise, or delegate to a public utilities commission, the power to regulate rates of public utilities in municipalities. Aside from the constitutional question another is raised against the (Continued on page six)

INSPECTORS NOT CHARGED WITH FRAUD

Mayor O. P. Chatfield this afternoon has indited a reply to the statement of Alderman Ed. Smith, appearing in the morning paper, of today's issue and which appears in another column of The Mirror. The Mayor states, according to his reply, that his petition for a recount does not charge the inspectors of election in the various wards with fraud, that being merely the terms in which the petition is couched, according to the statutes. "I do not believe that any election inspector was guilty of fraud," he declares, "or that any one of them tried to perpetrate any fraud on me," the statement adds, as the Mayor asserts that his specific charges do not lean that way. Is Attempt to Mislead? Mayor Chatfield declares that the statement alluded to was written for the purpose of misleading the public, stating that owing to the complicated nature of the election laws the average man would understand but little of the significance of the petition filed with the city council, yesterday. MAYOR CHATFIELD'S REPLY. "To the Editor of The Mirror: "In view of the article appearing in the Escanaba Morning Press this morning purporting to have been written by Edward Smith, I wish to make a statement as that article was written for the sole purpose of misleading the public, and it is self-evident that it was the intent of the writer when he states that I charged the election inspectors of the city with fraud; the author evidently intended to mislead the public, realizing that the primary election laws are so complicated that they would not understand the legal significance of my petition filed for a recount. "The statute sets forth upon what grounds a person feeling himself aggrieved, may have a recount. My petition simply sets forth fraud, errors and mistakes, which are the grounds set forth under the statute, and then the petition sets forth the real grounds as error and mistakes, and no where charges any election inspector with committing a fraud. I do not believe that any election inspector was fraudulent or tried to perpetrate any fraud on me, and in my specific charges, I do not charge them with it. "The real author of the article, who has a great deal of experience in writing articles of this nature, attempting to appeal to the prejudice of the public, knows that there was nothing in that petition which charges any person with fraud. "OLIVER P. CHATFIELD."

WILL STAGE ANOTHER ROLLER RACE TO SETTLE QUESTION OF WINNER

Owing to the fact that the participants in the roller race staged at the Peterson rink this week are dissatisfied with the outcome of the set-to, the race will be held again some time during the month at a date to be announced later. A hard times skating party will be held at the attraction at the rink next Thursday evening, March 11.

CLASS PREPARES PLAY

Seniors of High School Working On Annual Dramatics. Plans for the presentation of the senior annual dramatic feature, at the local high school, are well under way at this time and in the near future a decision will be made as to the play which will be given on that occasion by members of the dramatic society. It is said there is plenty of good material for the cast and with the enthusiasm evidenced by the class in the undertaking, it is believed this will prove the banner event of the year in school circles. Miss Lynch will be in charge of the work.

HOUGHTON MAN WHO SLEW FATHER IS FOUND GUILTY TODAY OF MURDER; IS CULMINATION OF CASE WHICH ATTRACTED WIDE ATTENTION

(By Associated Press.) Houghton, March 6.—(Special)—John Lahna, eighteen years of age, who has been on trial for the past three weeks on a charge of murdering his father at Oskar, Sept. 5, 1915, was found guilty of the charge by a jury in the Houghton circuit court today. The case went to the jurors last night and it was not thought that an verdict would be returned before noon today. The case is one that has created a great amount of interest in the upper peninsula and especially in the copper country where the deed was committed. He is alleged to have killed his father on the evening of the date mentioned and then to have gone to Houghton and later quit the copper country. His trial has consumed the entire time of the Houghton circuit court for the past three weeks. Final arguments for the defense were finished yesterday afternoon by Atty. W. A. Burritt, senior counsel for the defense.

MAYOR CHATFIELD IN REPLY TO STATEMENT OF CANDIDATE SMITH

CITY EXECUTIVE EXPLAINS THE TERMS OF PETITION--HE SAYS REAL GROUNDS FOR RECOUNT DEMAND ARE ON MISTAKES AND ERRORS--PETITION DOES NOT CHARGE FRAUD, HE SAYS.

SMITH BELIEVES THE INSPECTORS FAIR IN HANDLING PRIMARIES

There will be no contest against the proposed recount, to be staged this evening at the city hall, by the council members, from Ald. Ed. Smith the successful republican candidate at the primaries of Wednesday. Mr. Smith has stated that he is perfectly willing and anxious that an investigation of wide scope be made, and that it will not change the result, he believes. He is equally certain that there has been no crookedness, fraud or intent to garble the returns in any of the districts of the city. Ald. Smith has issued a statement in which he believes that reflections and criticisms cast upon the inspectors of election, as intimated in the petition of Mayor Chatfield to the council, are most unfair. Boxes Improperly Sealed. That some of the ballot boxes were improperly locked and sealed, but that he will not take advantage of this technicality is one of the statements contained in the communication issued yesterday by Mr. Smith and which is appended in full below. Asks a Square Deal. Ald. Smith asks a square deal and nothing more, so he says, from the council or its committee, whoever makes the recount, and that only such ballots as are legally cast be counted for either of the candidates. He says, also, that in the event the recount shows him to have been defeated, that he will take the situation gracefully and will not result whatever. The council will meet at the city hall to canvass the returns in the official recount, and it is believed that the event will occasion a great deal of interest among the voters of the city, who are somewhat anxious to see to what extent the throwing out of ballots, alleged in the Mayor's petition, has gone. The session will be held at eight o'clock. Ald. Smith in Statement. Setting forth his position, and acquiescing in the demand of the Mayor quiescing in the demand for a recount, the following statement was issued yesterday by Ald. Smith: (Continued on page six)

FOUR ARE KILLED BY GEORGIA GUNFIGHTER

Lumberman Shoots Four at Brunswick--Policeman Killed.

(By Associated Press.) Brunswick, Ga., March 6.—Four persons were shot and killed here today by Monroe Phillips, a lumberman, in a revolver battle in the streets of the city. Phillips was himself killed by a shot from a policeman. One of the men killed by Phillips was W. H. Dunwoody, a prominent attorney. Policeman Killed in Duel. Wilmington, Del., March 6.—In a running fight here today Frank Tierney, a policeman, was killed by a shot from a revolver in the hands of an unknown man, one other policeman mortally wounded and two others seriously and several more slightly injured. The desperado is still at large.

TODAY'S ODDEST STORY.

Pittsburgh, March 6.—John Wikey, recruit fireman of truck No 6, has no use for bedbugs, but he dearly loves cockroaches. He considers them among man's best friends. When he joined the company, some of the vamps decided to start a bedbug farm in his bed. John looking like a man with a rash after a sleepless night, went to a restaurant and purchased one hundred cockroaches. He turned them loose with the "b-b's." In two days he was assured peaceful sleep. Forty-eight of the cockroaches, he declared he returned to the kind restaurant keeper with thanks. The other forty-two died from overeating. FAMOUS DRIVERS ARE ENTERED IN TODAY'S GREAT AUTO CLASSIC FORTY CARS ARE ENTERED FOR EVENT--CARS TRAVEL THREE HUNDRED MILES WAS TODAY'S GRIND--ANDERSON, COOPER, WILCOX AND OTHER DRIVERS IN THE BIG RACE. Exposition Grounds, San Francisco, Mar. 6.—The hundred thousand spectators who gathered about the exposition auto race track this morning hoped for fair skies when the starter's pistol sent off the classsy field of drivers entered in the Vanderbilt cup race. Originally scheduled for February 22, the race was postponed until today because the track was not in shape on the former date. The distance to be covered today was 294,962 miles, there being 76 laps to the race. If DePalma, the early favorite today, won the race, he would attain permanent possession of the trophy and the race would be removed from America's list of speed classics. Drivers entered and their cars were: Stutz, Gil Anderson; Stutz, Earl Cooper; Stutz, Howard Wilcox; Peugeot, —; Peugeot, —; Mercer, Eddie Ruckstaller; Mercer, Louis Nikrent; Marmon, De Alene; Simplex, Louis Disbrow; Chevrolet, LeCaine; Maxwell, Barney Oldfield; Maxwell, Billy (Continued on page six)

USE UNIQUE SNOWPLOW

Boys, Automobile and Plow Form Unique Combination. A half dozen lads, an automobile and a regulation snowplow, created considerable interest, and at the same time did a bit of appreciated work on the sidewalks in the east part of the city shortly before noon, today. The lads were loaded into the seats of a Ford auto, to which was fastened by ropes, a snowplow the width of the walks. The machine was driven down the walks, with the boys as balast and cleaned a path in a splendid manner. The unique sight attracted many persons to the windows of their homes as the outfit went by, the occupants of the machine enjoying the stunt to the fullest. Walks on Wolcott, Campbell, Ord and other streets were cleaned speedily and effectively in this manner.

BIG SHIP AFIRE IN MID-OCEAN PERILS THE LIVES OF PASSENGERS AND CREW--WAS LOADED WITH GREAT QUANTITY OF RIFLE AMMUNITION

(By Associated Press.) Rotterdam, Swanmore, Cornishman and the Arabis in addition to other steamers, were hurrying to her assistance. The La Touraine sailed from New York, Feb. 27, bound for Havre and is approximately 1,200 miles west of her destination. Five doctors and nine nurses were aboard the vessel bound for France and new hospitals there. Had 84 Passengers Aboard. New York, March 6.—When the La (Continued on page six)

**LETTERHEADS**  
Of Real Class Will Be Prepared For You In Shortest Time at This Office. Any Quantity For Any Purpose.

## Flickerings From Film Land

THIS IS THE THIRD AND LAST OF THE SERIES OF STORIES ON UNIVERSAL CITY, THE CITY OF FILMS ON THE PACIFIC COAST WRITTEN ESPECIALLY FOR THE MIRROR BY H. B. BRACKETT, MANAGER OF THE LOCAL UNIVERSAL EXCHANGE—IN THIS STORY THE SURROUNDINGS OF THE CITY ARE EXPLAINED AND THE RELATION IS A DELIGHTFUL ONE.

ONE OF THE LARGEST PRIVATELY OWNED ZOOS OF THE WORLD LOCATED IN UNIVERSAL CITY IT IS STATED.

As you walk through the forest or scale Mount Imp, you will find boxes on the side of the trees with large numbers on them. This might be puzzling, but if you set aside your timidity and pull the latch, you will find a telephone on the inside. It is not merely an instrument used for picture work, but is a regular phone which is connected with the large exchange housed in the administration building. Perhaps if you picked up the receiver and asked for Nestor forty-two hundred, you would receive Bison forty-four hundred, because the girls are only human the same as they are in the big cities. These phones are used constantly and serve the same purpose here as does the field phone in the war zones of Europe.

The telephone and telegraph plan wires and water and sewerage pipes are all underground as the overhead plan might interfere with the flight of aeroplanes, and then again telephone poles might break into some ancient scene where the modern inventions were not known.

Has Great Zoo.  
One of the largest and privately owned zoos in the world is located in the center of this city containing practically every known animal in the world. Bears from the polar regions,

lions from Africa, wolves, leopards, tigers, elephants, reptiles of every description, alligators, crocodiles, and camels, many different kinds of birds, a complete dog kennel, all kinds of domestic animals, buffalo, wide-horned cattle, wild horses and cowponies.

In the exhibition theatre it is possible to project three pictures at one time. It is here that the finished product is looked over and inspected before it is sent on east for final inspection. Occasionally a fault may be found which of course necessitates the taking of that scene over again. The exterior of this picture house can be made to resemble either the photoplay house of the big city as we know it, or the typical country theatre.

### Modern Barracks.

Patterned after our modern forts, barracks have been built for the housing of the cavalrymen. Also bunk-houses for the quartering of the cowboys have been erected. These are all equipped with the latest sanitary contrivances and are made as clean and wholesome as the living houses which are erected along the many streets of the city.

Faithful reproductions of the cities typical of different countries have been erected. The Indian village which is inhabited by a tribe of red men forms one of the picturesque spots. These native Americans are permitted to pursue their own mode of living, performing their own pe-

culiar religious rights, maintaining the customs that were practiced by their fore-fathers. These Indians are paid and cared for by the Universal Film Manufacturing company with the special permission of the United States government as they are wards of the nation.

There are two restaurants that might do credit to Broadway. Their exteriors are correctly canopied, electric lighted, have the modern swinging doors and a foot-man. The interior has the cloak boy, but of tipless variety, head waiters and staff of waiters. All the food consumed is raised in the city.

The great number of dressing rooms are thoroughly fireproofed and equipped with every modern convenience, such as hot and cold running

rooms for both men and women, Children Cared For.

In the making of this city, the children were not overlooked. A school has been built for them. It is operated under state supervision, all expenses being defrayed by the Universal Film company. This gives the child actors and those children who do not appear in pictures an opportunity of securing the education which is prescribed by the state for all its residents.

Two modern and thoroughly equipped hospitals are a part of the city. These are fitted out with every modern instrument for surgical and pathological remedy. In the pharmacy department there is every drug (chemical and every scientific appliance necessary to the upkeep of the medical department.

The several corrals contain white Arabian steeds, English thoroughbreds, saddle horses, western horses, long-eared steers, burros, Shetland ponies and military mules.

Temperance has come to Universal City to stay. In the few short months it has been in vogue it has proven its worth. Its virtues are acknowledged by all in the city. All the Universalites are thinking people. When the proposal was made that Universal City go dry they heartily agreed with the founders of the city. Many had before the rule went into effect practiced temperance. None acknowledged it as a hardship but all extol its virtues. Universal City is not only a city of teetotalers, but a city of cheerful teetotalers.

### CONNIE MACK A SPARTAN AMONG BASEBALL OWNERS

Manager Connie Mack of the Philadelphia Athletics has shown Spartan qualities by pruning his former world's championship team by sale and release until Coombs, Bender, Plank and Collins are no longer Athletics and Baker's connection with the club is uncertain. Pres. Edward Barrow of the International League has notified the various club in his circuit that reductions in player's salaries were in order. Other league executives and club owners favor similar moves but are deferred by long term contracts that cannot be violated. The move toward economy, can be seen however in the unconditional release of players wherever possible. Not in many years has there been the number of unconditional releases, recorded since the close of the 1914 season.

### FINANCIAL SIDE OF BASEBALL TO BE ONE OF ITS BIG FACTORS

(By Associated Press.)  
New York, March 6.—The financial side of baseball promises to be one of the most important factors of the professional game during the coming season. Recent re-adjustments in the sport has confronted the magnates with problems which can be only answered at the expiration of the 1915 pennant races. From the least of these is the question of the player's salary. A large majority of the club owners in both major and minor leagues are convinced that the limit has been reached in this direction and curtailment is necessary. Just how and when to put this economy into effect is a proposition over which there is a wide variation of opinion.

### GOLD NUGGETS FOR LADIES.

This fully tested scientific method of Treatment with Suppositories and Medicated Supporters quickly and positively relieve diseases and disorders peculiar to the sex. Uterine and Ovarian pains, Inflammations, Ulcerations, Displacements, Disturbances due to change of life, etc., etc., are promptly corrected and banished. Elegantly put up. Augusta, Me., has rebuilt the Kennebec river bridge.

### NON-MORMONS ARE DROPPED FROM THE UTAH 'U' FACULTY

Students Protest Action of President —Ask Reasons.

Salt Lake City, Utah, March 6.—Dismissal of four professors of the University of Utah and the demotion of the head of the English department without reasons having been made public, resulted in a mass meeting of the students yesterday and the adoption of resolutions disapproving the action of President J. T. Kingsbury and petitioning the regents to make public the reasons for the action.

Prof. G. M. Marshall, head of the English department for more than 20 years, was notified that he would be removed as head of the department and retained as an instructor, if he desired. The announcement was made that O. J. P. Widstoe, a professor in the Latter Day Saints' High school

## THE FAIR SAVINGS BANK

at Salt Lake City, and a bishop of the Mormon church, would be appointed to succeed Marshall.

It was also announced that four others would be dropped from the faculty at the end of the year. All five of the men are non-Mormons.

Anton H. Lund, first counselor to the president of the Mormon church and a member of the university board of regents, is quoted as saying that the religious affiliations of the men affected and nothing to do with their removal.

# Spoons for Our Readers

Read this Remarkable Offer—Every Reader Can Now Own These Wonderful Souvenir Spoons—All the Rage—Clip Coupon at Once!

These are the spoons that the people of all the big cities are collecting. They are the souvenir spoons that started this unparalleled furore. Think of what it would mean to you to have a complete collection, and do not delay action one moment! Many who get just one or two or three spoons at first, to see "whether they will like them," are so thoroughly delighted with what they receive, they simply cannot help getting the "souvenir spoon collecting habit." It is easy to understand, then, why this has become such a fad all over the country.

It is only by special arrangement we are able to make this superb offer. There are other souvenir spoons which we could have secured for less money, but we want our subscribers to have the best. We naturally want to keep the good will of our large and growing family of readers. And we have selected for you these famous

## Oneida Community State Souvenir Spoons

This illustration shows the actual size of these spoons. No picture, however, can give any idea of the solid wearing qualities, beautiful finish and elegant design of these state souvenir spoons. Every spoon a work of art. Exquisitely carved, rich, deep cut silver nickel base, heavy pure silver plated spoons, backed by the most celebrated silversmiths in the U. S. These spoons will stand up beside any silverware in your home. Will lend an air of uniqueness and elegance to your table. And they make Acceptable Gifts. You

Can Have One Spoon or Many—A Set of OUR OWN STATE Spoons—or Spoons of Any or All of the Other Forty-Eight States.

If you will clip one or more of the Coupons as they appear. Bring or mail the coupons to this office, with

18c for One Spoon; 16c for Each Additional Spoon --- 98c for Six

if ordered at the same time to be sent to the same address. This covers the entire cost to you. The expense of package and postage is paid by the distributors and the spoon reaches you by mail postpaid.

You cannot buy these spoons for money alone. The coupon must accompany the order—and Not More than One Spoon can be had with Each Coupon. Start your collection to-day—and watch for the next coupon.

WE GUARANTEE THAT THIS STATE SOUVENIR SPOON STAMPED "ONEIDA COMMUNITY AS X" IS MADE BY US; THAT THE BASE IS 18% NICKEL SILVER, AND THAT IT IS PLATED WITH A HEAVY PLATE OF PURE SILVER (SO DUTY TO THE GROUND) WE HEREBY AGREE TO REPLACE, FREE OF CHARGE, ANY SPOON WHICH AT ANY TIME DOES NOT GIVE SATISFACTION TO THE PURCHASER.

There's the Rub. The one phase of inequality as between the sexes that the average woman resents most deeply is the fact that her husband never considers it incumbent upon him to wash out the bathtub when through with it for the time being.—Ohio State Journal.

Oil Your Rubbers. Before wearing your rubbers rub them well with vaseline, lard or sweet oil, letting it remain on for a day or two.

OPERA STARS FACE INQUIRY IN ALLEGED DODGING INCOME TAX

Chicago, March 6.—Foreign opera stars and other aliens who have drawn exorbitant salaries from the defunct Chicago Grand Opera company may soon find themselves in trouble with federal revenue officials unless they have filed income tax schedules.

Deputies working under the direction of Julius F. Smetanka, collector of internal revenue, started yesterday checking up on the opera singers and other high salaried aliens connected with the company living in the Chicago collection district.

Doubt exists as to whether many of them have made returns. Should it appear from the records that they have not complied with the law, notices will be sent them and the facts in the case reported to the commissioner of internal revenue at Washington.

All Must Pay. The law requires all aliens doing business in the United States to make income tax returns and pay taxes if their income reaches the legally prescribed minimum.

Collector Smetanka and Frank E. Hemstreet, his chief deputy, believe there are several grand opera stars living in Chicago who are subject to the tax.

May Face Prosecution. Should the stars attempt to evade the subject or try to contest payment they will face a decidedly different situation than that created by their claim against the grand opera company for pay under their canceled and unfulfilled contracts.

In addition to an automatic addition of 50 per cent of the tax, the penalty for willful failure to file returns is a maximum fine of \$10,000, five years in the penitentiary, or both.

BREITUNG DREAM OF AMERICAN MERCHANT MARINE IS REVEALED

Washington, D. C., March 6.—How Edward N. Breitung of "Dacia" fame sought to seize the world opportunity and create an American foreign merchant marine out of idle freighters on the great lakes was revealed in the United States senate Wednesday by Senator William Alden Smith of Michigan.

Mr. Breitung made telegraphic importations to buy, over night, ten lake freighters of 10,000 tons each and have them cut in sections and rushed through the Welland canal; pleas for whole fleets of smaller vessels; intimations that the National City bank of New York was willing to cooperate in establishing shipping routes to South America, and persistent endeavors to get freighters at Buffalo, Cleveland, Toledo, Detroit, and Chicago.

Breitung Seeks a Vindication. All these efforts were related in the presentation by Senator Smith of the entire correspondence culminating in the purchase for \$165,000 of the ocean-going German ship Dacia, now held as a prize by France.

The correspondence was sent to Senator Smith by Mr. Breitung in an endeavor to clear himself of the charge, made by the allies, that he is in reality pro-German, and that his purchase of the Dacia was nothing but a subterfuge to release a German vessel from internment.

MIKE GIBBONS IS AMBITIOUS

Middleweight Champion Would Mingle With Heavies.

IS HOTFOOT AFTER SMITH.

St. Paul "Ghost" Believes He Can Defeat the "Gunner"—He Wants to Be Called the White Champion From 145 Pounds Up.

Mike Gibbons has become ambitious for championships. Not content with showing James Clabby a few gloves in their recent Milwaukee battle, Michael now sighs for a chance at Gunboat Smith, who is a claimant of the American heavyweight championship.

Mike Gibbons, middleweight champion, is shown in a boxing stance.

him to believe because Packey refused those terms several times in the past. However, if McFarland will get into the ring at that weight Gibbons says he will oblige him and willingly.

HARVARD'S STRENGTH RECORD. George A. Davis of Boston Braves Scores 1,437 Points in Test.

George A. Davis of the world's champion Boston National league team, who pitched a no hit, no run game last year, broke all strength test records at Harvard college recently.

Ski Tourney at Duluth. Duluth may secure the National Ski association championships as a yearly fixture.

MURRAY MANAGED SOME BALL CLUB. Bill Murray, who has managed baseball teams here, there and everywhere in his long connection with the diamond, asserts that a nine which he led in Portsmouth, N. H., was the worst professional club ever assembled.

Mike Gibbons, middleweight champion, if Johnson will give him better terms than those offered recently—25 per cent.

Gibbons believes that if he gets in the ring with Gunboat he will have no difficulty in outpointing the big fellow and, though there would be little chance to put the K. O. on Smith, the St. Paul slugger says he could show him the back of a few gloves. They are about thirty pounds different in weight.

Then, too, there is Packey McFarland. The Chicagoan has been quoted several times of late as saying he is willing to meet Gibbons at 145 at 3 o'clock. This, Mike says, is hard for

Spring Arrivals of Fashionable Skirts at \$5.00. The separate skirt is more in demand this Spring than in many seasons. Smart, circular flare models, featuring fancy yokes, gathered backs, novel pockets, soft, unpressed folds, high-waisted belts of self-material and button trimming.

The Mutual Life Insurance Co. of N. York Has a Story that Compels Attention. The successful solicitor talks about his own company—not about other companies. PRIMARY MISTAKES.

The primaries of Wednesday served to show in a very unmistakable manner the defects in the primary system in use in Michigan.

In a large number of instances, "split" ballots were thrown out because the voter had merely marked his preference of a party in the circle at the head of the ballot and then voted in another column.

But few of the average voters were able to understand the proper method of voting for their candidates. Many thought they could split and accordingly did so, believing their ballots valid.

From this and other indications, it is certainly true that some steps should be taken towards the simplification of the primary system. The Mining Journal, in an editorial yesterday discusses the new measure towards this being prepared by Senator J. C. Wood of this district, and approves of the stand taken by Mr. Wood. The Mining Journal says:

Senator Wood, of Manistiquette, has prepared a primary and an elections bill, to be presented within a few days, which is said to be the prospective "real" bill of the kind of the session, in other words, the bill on which the Republican majority in the senate will join hands and which will probably be accepted, in principle, by the house. This measure is not the comprehensive revision of the primary and election laws which the senator has been reported to be planning, but still it reaches many of the weak places in the present statutes. For one thing, it provides for the restoration of party enrollment and the separate primary ballot, which apparently furnish the most effective means for preventing interference by members of one party in the nominations of another.

It is the purpose, it appears, to associate this proposed legislation with the resolution for submission of constitutional amendment now submitted in both the house and the senate and between the two to work out a marked modification of the general election practice, to make much less onerous that at present the demands on the voters.

The proposed constitutional changes would do away with the spring primary and the spring election, and would make the members of the board of regents of the university, the board of agriculture and the board of state school commissioners appointive officers, to be named by the governor. The supreme court justices, now nominated and elected in the fall, along with the other elective state officers.

Here is proposed a vital grain for simplicity in the election system, one that will greatly decrease the aggregate expense and the complexity of elections. When it is recollected that the subject has been given life principally by the wretched performance in Wayne and Kent counties this spring, prior to the Republican convention, the state should be duly thankful for the crass stupidity that is one of the dominating characteristics of the factional dealers in those two balltwicks.

New despatches today carry the announcements that the "American Automobile Classic is on." Can any one tell us why that term "classic" is used in connection with an automobile race? We can't see anything that smacks of the ancient or classic in the manner in which these speed demons eat up time.

The weather man must have a grudge against this section of the country. Yesterday he turned loose a snowstorm on Menominee—today Escanaba gets the same dose while the sun shines and all is like summer in Chicago.

A Minnesota horsedealer told delegates to a horsehoers' convention that if they treated the mules that came to their places of business as gentlemen, the animals would reciprocate and act like that class of gentry. However, we know of some gentlemen that certainly have the characteristic that distinguish this branch of the equine (or should we say assine?) classification.

Michigan farmers are now in favor of a probe of the railroad rate increase, and have signified their intention through the medium of the stage grange association. The farmer as a rule uses the steam lines less than any individual and his protest looks like a far fetched idea.

Members of the Baptist church are sorry to lose the services of Rev. C. L. Randall, their pastor, who is to relinquish the duties of the pulpit for those of the insurance field. His work has been a pleasure and he has accomplished much that is good during his pastorate here.

All right, Chronicle, we won't quarrel. There is one thing, however, that we know absolutely that we can beat you in. Marquette cannot stage a better bit of real old time politics than that evident in Escanaba today.

The Mayor says he is certain that the recount will change the face of appearances. Ald. Smith says that it won't—only will give him more votes. What is needed is a referee, not a recount.

WITH STATE EDITORS

Scientists have robbed us of the story of the first robin. The weather man says all the old weather saws are jokes. But from a Massachusetts woman comes the statement that Mary's little lamb was an actual fact. —Detroit News.

No sir, we don't propose to let Escanaba outdo us, whether it's eggs, good morals, or a P. A. Y. E. system. —Marquette Chronicle.

"Jim" Helme's appointment as dairy and food inspector, is being held up by the Michigan senate. Jim is noted for hold-ups himself. He deserves it.—Iron Ore.

An exchange says that glances, cards and charities are the principal Lenten diversions. Probably some are willing to make up still greater sacrifices by giving up the charities. —Houghton Mining Gazette.

CHOIR FOR THE WELSH ARMY

Will Go to Battle to Sound of Male Chorus Instead of a Brass Band.

Cardiff, Wales.—When the new Welsh army of 40,000 takes the field it will go to battle to the sound of a Welsh male choir, which has been substituted in its regiments for the customary brass bands. The choral organization is known as the "Welsh Army Voice Chorus," and its members include some of the finest singers in the Welsh valleys, men who have competed in the famous eistedfods, or minstrelsy festivals.

THIS BIBLE IS CENTURY OLD

Published in Windsor, Vt., and Bears Marks of Exhaustive Study by Owners.

Wahpeton, N. D.—E. H. Carter of this city has an old relic of bygone days in a Bible published in Windsor, Vt., in 1812, by Merrifield & Cochran at "The Sign of the Bible."

This book is one hundred and three years old. It was the property of a great uncle of Mr. Carter, who evidently had made an exhaustive study of the Bible as was evidenced by the copious marginal notes and references in old-fashioned handwriting.

Canada's Capital.

The old seat of government in French Canada was the city of Quebec. Under British rule the capital was Montreal, but as a result of a riot in 1849 the government was removed and alternated between Toronto and Quebec until 1858, in which year Queen Victoria selected Ottawa as the capital of Canada. Ottawa was founded under the name of Bytown in 1829 and was incorporated in 1854 when the name was changed.

Darktown Wisdom.

You wants de rain ter rain yo' troubles 'way, an' de sun ter shine silver in yo' pockets, losin' sight o' de great fact dat, ef you don't hit hard licks fer a livin' you'll go es hongry es de wolf what ain't got no mo' sense than ter howl at you do!—Atlanta Constitution.

COUNTY ROAD DEPT.

R. P. MASON, C. E.

GUARD AGAINST ROAD ABUSE

Some Punishment Should Be Meted Out to Those Who Deliberately Cut Up Highways Built for Public.

You bought and paid for the road that runs by your doorway and the other roads in your township and county. That is, you paid your part in building the highway. If you are a property owner you paid that part directly in so many dollars and cents of road and bridge tax. If you are a renter you are not escaping. You are paying in rent and indirectly.

The road is your road. If it is cut up by the hauling of heavy loads on narrow-tired wagons you will have to stand for the trouble and discomforts of next winter, when the ruts are huddup. If you permit heavy rains to scour out the foundations of a wooden culvert and that culvert finally falls in or is washed out, you, as one of the daily users of that road, will be discommoded.

Most of our roads are dirt highways, writes H. S. Sullivan of Missouri in Farm Progress. Only a small, very small, percentage of the highways of this country are "hard roads." One hundred years from now we may have the beautiful "metal" highways such as are found in the older European countries, but this is a big land of ours. It is a country of magnificent distances, and the rock and concrete roads are going to be built very slowly.

It is the dirt highway that suffers from carelessness. Two or three men in a neighborhood can spoil more miles of highway than the remainder of the community can build. They are abusers of what other men build. They will pile on the heaviest load it is possible to pull and they never use the wide-tired vehicles that might help the wagon track stand up under the big loads.

Good or bad weather is all the same to them if they have something they want hauled. The sensible man knows that the use of a dirt road for heavy hauling in bad weather will spoil the highway. He won't do any teaming that he can avoid, but the road butcher will go right ahead. He will spill his own roads and the roads of others.

There ought to be some punishment provided for the man who will deliberately cut up the roadway built by the community for the use of the whole community and paid for with the public money. Some states have laws providing punishment for the man who overloads, who uses "skidding logs," who fills mudholes full of old rails, chunks and poles and who will pile a

wheelbarrow full of rocks in a rut, to become a menace to all vehicles as soon as the road dries off.

But these laws are seldom enforced. Not from any lack of offenders or from the lack of knowledge as to just who the offenders are. Good people are afraid to complain against such men. They are found in every neighborhood and they go along for years in a domineering, overbearing manner, working all manner of injustices because they have their "bluff in" on the community. They are the gentry whose cattle are rogues, whose fences are always bad, whose dogs are "sheep kill-

Good Road in Georgia.

ers," and who are known in the neighborhood as "bad men to have trouble with."

Most of our dirt roads are so abused in winter that they have to be partially rebuilt in the spring. This eats up the road tax and the days of road work that might be expected to make the roads of this year better than those of last. Late fall, winter and early spring are the seasons when the roads should be guarded against abuse. Why not try a policy of "road conservation" in your neighborhood this year?

Bridges Should Be Painted.

Recent investigations of the Illinois state highway department indicate that few highway steel bridges in that state are painted after their final completion and acceptance. Very serious corrosion results and is illustrated in a number of cases, says the Engineering Record. A serious factor in the corrosion of iron and steel is the use of salt to clear the roadway of snow and ice. This was considered at least partly responsible for the bad condition of truss members in a bridge fifteen years old.

Worth Knowing.

One of the quickest known ways of dispelling a headache is to give some of the muscles—those of the legs, for instance—a little hard, sharp work to do. The reason is obvious. Muscular exertion flushes the parts engaged in it, and so depletes the brain. When your head aches take a stiff walk or a short bicycle ride.

Rich Pearl Oyster Banks.

The richest pearl oyster banks are situated around the northern and eastern coast of the Bahrein Islands. Units of measurement in the sale are the rice bag and the coffee bag, which hold on the average 140 and 175 pounds, respectively, of uncleaned shells.

Productive Land Used.

British Honduras presents the incongruous picture of a natural greenhouse, capable of growing almost every ordinary edible people can desire, importing nearly all of its food from overseas. Its natives know nothing whatever about agriculture, but the government has finally set aside a tract of land where modern farming will be attempted under direction of practical men.

Really Hard Thing to Do.

It is no great matter to associate with the good and gentle, for this is naturally pleasing to all, and even one willingly enjoyeth peace and loveth those best that agree with him. But to be able to live peaceably with hard and perverse persons, or with the disorderly, or with such as are contrary to us, is a great grace and a most commendable and manly thing.—Thomas a Kempis.

Slames Husband's Folks.

Jersey City.—Mrs. Lucy Rubinetto asked a divorce, saying her husband's relatives called frequently and "treated her as a servant."

Copyright, by McClure Syndicate.

Dig Deep for Mineral Wealth.

Michigan is said to have the deepest mines in the world, but one is being mined at the depth of 5,000 feet in the Catlin shaft, the deepest gold mine of the Witwatersrand in South Africa. Considering the small and uniform increase in temperatures in this shaft and the fact that there are apparently no mechanical barriers, it is believed that mining can be carried on at a profit at a depth as great as 8,000 feet.

Diseases That Ravage Armies.

Modern science has done much to banish disease amongst soldiers, and the scourges of smallpox, malaria and cholera, which in former campaigns have killed more men than bullets, have lost much of their menace for fighting men. There still remain, however, diseases such as dysentery, pneumonia, and enteric, which are likely to break out amongst bodies of troops unless careful precautions are taken by the men themselves.

First English Newspaper.

The first newspaper printed in the English language, with its old English type and its quaint account of events in foreign countries, was a pamphlet issued in 1621. Its title, "Corrant or Newses From Italie, Germanie, France and Other Places," is as curious as its contents. For many years it had been supposed that no copy of the Corrant was in existence but recently a copy of this interesting document was discovered.—Exchange.

Consoling Philosophy.

Perhaps if one were browsing around, amusing himself trying to hit upon the most consoling bit of philosophy ever written, this of Socrates would be easy to surpass. "If all our misfortunes were laid in one heap, whence every one must take an equal portion, most people would be content to take their own and depart."

Will Prove It Himself.

There is no excuse for using abrupt and inelegant language in accusing a man of deliberate mendacity. Let him go on talking and if he is what you think he is he will tell it on himself.

What Is Real?

The professor who went five days without eating says the pain caused by starvation is almost purely imaginary. Maybe so, but the pleasure of eating is real.

Without Exception.

Every normal girl passes through a period when she wishes her name were Celeste or something of the kind.—Columbus (O.) Journal.

Various Seats of Memory.

It is seriously doubted, from recent researches, that the memory resides in any particular tissue such as the brain, the ganglion cells or the nerves. It has been proved experimentally by a host of laboratory scientists that any kind of human tissue, such as skin, muscles, stomach, kidneys or any part of the fabric of life, retains and is able to repeat an impression once received.—Dr. Leonard Keene Hirschberg.

Doing Well on Small Means.

It is no small commendation to manage a little well. He is a good wagoner that can turn in a little room.—Bishop Hall.

New Life for Your Feet

The pleasant painless methods used by Dr. W. H. Winger, graduate Chiropractor and Pedicure, makes this possible.

No matter what foot ache or pain besets you—whether it be sore, burning soles, agonizing corns, callouses, bunions, ingrowing nails, stiff joints, throbbing ankle or foot muscles. A few minutes of pleasant, painless treatment will make your feet feel cool and "fresh as a daisy."

The pain will be relieved as if by magic and off you go to work, skate, dance or theatre with your feet feeling just fine. You will suffer no pain or any danger of infection, nor will the method of treatment cause you any inconvenience or embarrassment. Arrange to have treatment as soon as possible and get instant relief. Do it now and forget your feet. Be able to put your mind on your occupation.

Dr. Winger will call at your residence at any time during the day or evening as best suits your convenience. Ladies and children treated at their residence. Men only treated at office.

John E. Reade of Marinette, transacted business in Escanaba yesterday.

A. R. Dohl of Mt. Clemens, was here on business today.

Walter Hansen of Negaunee, is a business visitor in Escanaba.

## SNOW AND WIND STRIKE CITY DURING THE NIGHT

A genuine winter storm, wind and snow combined, arrived in the city per schedule of the weather man's prediction of yesterday and this morning the city lay under a blanket of snow several inches in depth. The Escanaba Traction company was forced to bring their snowplows into use again and citizens were forced to be out early with brooms and shovels in order to clear the walks of the accumulation of the "beautiful."

Telegraph and telephone service was somewhat crippled, especially to the south of the city where the storm was felt more severely. Wisconsin points bore the brunt of the storm, according to news despatches reaching here.

## TWO ARE MISSING IN \$100,000 FIRE IN MINNEAPOLIS

(By Associated Press.)

Minneapolis, March 6.—Six were hurt and two are missing as a result of a fire that did \$100,000 damage here early yesterday when the Astoria and Frederick hotels were burned.

Edward Perry and Edward Johnson, firemen, were seriously hurt, in falls from ladders.

Helen Smith, aged 65, a blind man named Bradley, and an unknown transient are unaccounted for. Many women were carried into the street from the burning structures.

## LOCAL SCHOOL BOARD MEMBER VISITS SCHOOL AT ISHPERING, FRIDAY

An inspection of the manual training schools at Ishpeming was made during the day yesterday by Mrs. C. M. Frost, member of the Escanaba school board, the entire day being spent on that mission. Mrs. C. R. Henderson accompanied Mrs. Frost. Mrs. Frost was impressed with the apparent difference in the cost of maintaining repairs on school buildings in the Hemetite city, it being explained to her that a large share of this work is done by the students of the manual training departments. She also expressed considerable interest in the fact that the erection of fire escapes at the Ishpeming schools had been done by the manual arts students. This has been a big expense feature here. It is said because the schools were in but few cases so equipped. Both Mrs. Frost and Mrs. Henderson returned last evening. These aunts are being made under direction of the school board and for the purpose of securing data and material in line with the recently broached idea for a manual training school in Escanaba.

"Allen's Cough Balm" can be had at any drug store for 25c, 50c, or \$1.00 bottles. You will not regret securing it if you have any throat irritation. Sold for over half a century.

## GREAT LAKES SURVEY SHOWS MARCH LEVELS BE SLIGHTLY LOWER

The United States Lake Survey reports the stages of the Great Lakes for the month of February, 1915, as follows:

Lake Superior, 601.70 feet above mean sea level; Lake Michigan-Huron 579.54 feet above; Lake Erie, 571.41 feet above; Lake Ontario, 244.99 feet above.

Lake Superior is .11 foot lower than last month, .51 foot lower than a year ago, .99 foot below the average stage of February of the last ten years, .78 foot below the high stage of February, 1901, and .94 foot above the low stage of February, 1871. Average stages of the last ten years indicate that the March level will be .2 foot lower.

Lakes Michigan-Huron are .16 foot higher than last month, .54 foot lower than a year ago, .54 foot below the average stage of February of the last ten years, 3.18 feet below the high stage of February, 1886, and .38 foot above the low stage of February, 1896. Average stages of the last ten years indicate that the March level will remain about stationary.

## SAW WIFE FLY IN CAR WITH MAN AS HE FLEW IN AIR

Chicago.—William H. Hill, aviator, was telling his troubles to Judge Chas. M. Walker yesterday. He was referring to his wife, Stella.

"I used to pick a spot where I would descend after a flight," he said, "and send my automobile there to meet me when I came down. I was flying along one day when I saw my wife beneath me in a car. She was with another man and she flew right on with him."

Mr. Hill told of another occasion when he was flying over the Pacific. "My machine was going smoothly," he said, "but my mind was not. I was worrying about my wife and her liking for other men. I became so absorbed in my reflections that I fell into the ocean."

Judge Walker indicated he would grant the decree.

## ESCANABA NOW ONLY OFFICE OF NATIONAL CASH REGISTER CO.

With the closing of the Hancock office of the National Cash Register company, the Escanaba office now becomes the only office of the concern in the upper peninsula, and the sales force will be directed through this office hereafter.

Pictures and stock of the Copper country office were moved to this city and added to the local office equipment. J. H. Willis of this city, is district manager of the company.

James McDonald, of Georgetown, Del., after a separation of 32 years, is now trying to find his family.

m., 4:00 p. m. and 8:00 p. m. Sunday School at 2:30 p. m. Services on Tuesday, Thursday and Saturday evenings at 8:00 o'clock.

Swedish Lutheran Church. Sunday School at 9:25 p. m. Morning Service at 10:30 a. m. Evening Service at 7:45 p. m. Rev. C. A. Lund, Pastor.

## 700 BIG LEAGUERS NOW AT TRAINING CAMPS

Right now there are more than 700 baseball players scattered through the south and southwest, training for the annual pennant races of the National American and Federal leagues.

With the gathering of veterans and recruits, the baseball situation will pass through another stage of the progress which marks the annual seasons of the national sport. Managers, league executives and legal authorities will give way to the player, so far as popular interest is concerned, and the coach's cries silence the wrangling of rival combinations.

Georgia will quarter six clubs within her borders, while Florida will entertain five. Texas has been named by four clubs as the state wherein to prepare for the 1915 campaign.

## TRAINING CAMP SCHEDULE.

The following is the training camp schedule of the three big leagues:

NATIONAL LEAGUE

Club	Camp
Boston	Macor, Ga.
New York	Marlin Springs, Tex.
St. Louis	Hot Wells, Tex.
Chicago	Tampa, Fla.
Brooklyn	Daytona, Fla.
Philadelphia	St. Petersburg, Fla.
Pittsburgh	Dawson Springs, Ky.
Cincinnati	Hot Springs, Ark.
Cleveland	Alexandria, Va.

AMERICAN LEAGUE

Boston	Hot Springs, Ark.
Philadelphia	Jacksonville, Fla.
Washington	Charlottesville, Va.
Detroit	Gulfport, Fla.
St. Louis	Houston, Tex.
Chicago	Paso Robles, Cal.
New York	Savannah, Ga.
Cleveland	San Antonio, Tex.

FEDERAL LEAGUE

Indianapolis	Valdosta, Miss.
Chicago	Shreveport, Miss.
Baltimore	Southern Pines, N. C.
Buffalo	Athens, Ga.
Pittsburgh	Brown's Woods, Miss.
Kansas City	Brunswick, Ga.
Pittsburgh	Akusta, Ga.
St. Louis	Havana, Cuba.

## THE GREED OF SOME BALL PLAYERS IS GREAT

The prevailing greed of the players was well illustrated recently by the attitude of Pipp and High of Detroit and Bill James of the Boston Braves. Pipp and High refused to be transferred to New York unless Donovan would agree to increase their salaries. They held out the argument that Detroit was a sure pennant contender and that a transfer from the club might lose them a share of the world's series next fall.

Hoyer Baking Company

607 LUDINGTON STREET

SMITH BELIEVES INSPECTORS FAIR

(Continued from page one.)

Mayor Chasfield has filed a petition with the council asking for a recount of the votes cast at the primaries on the 3rd, basing his request on alleged frauds, mistakes and errors which he claims the various election boards in the city committed.

Personally, I invite the most thorough and searching investigation into the election that these charges of fraud and error may be rightfully determined, and those accused properly vindicated.

them to be improperly locked and sealed, so far as the legal requirements are concerned. I would not be in favor of taking advantage of such technicalities to prevent a recount, but would be willing to waive such defenses.

"All I ask at the hands of the city council, or its committee, is a fair, square deal, on the recount, and that in the counting of the ballots only such as are valid according to the legal requirements, shall be counted for either or any candidate.

"If the result shows that I am defeated, I shall take it gracefully. If I have been beaten, after a fair and honorable recount, I shall gladly abide the result, and shall remain loyal to the Republican party, and the many voters in it who gave me their support in the primary campaign just closed, and shall stand by the candidates they have, by their majority, chosen to head their ticket in the April election.

"Respectfully submitted, 'EDWARD SMITH'"

SALESMAN INJURED ON ICY WALKS; GOES HOME

M. B. Proper, a traveler from a Chicago house, arrived in the city yesterday and began caring for his business here. Late in the afternoon he slipped and fell on an icy walk, sustaining a fracture of the patella, or knee cap. He was taken to St. Francis hospital where the fracture was dressed. While here he suddenly decided that he would be better off at home so, calling for a pair of crutches and assistance, he hobbled out to a waiting cab and was driven to the Northwestern station in time to catch the evening train for Chicago.

WANTED—To take in a few washings. Inquire 1401 Escanaba Ave. 71

Atty. A. H. Ryall has returned from a brief business trip to Lansing.

ATTY. RYALL BEFORE LEGISLATIVE BODY

(Continued from page one.) bill. It is that to vest with a public utilities commission rate raising and regulating powers over utilities in a municipality, would be a violation of the right of full local self-government.

It transpired at the hearing that this section that was in the bill when introduced, and which would have empowered the utilities commission to issue indeterminate franchise, has been eliminated. It had to be, for it was found to be not sanctioned by the constitution. In Indiana and Wisconsin, whose public utilities commission acts the Person bill follows, indeterminate franchises may be granted by authority of the constitutions of these states, and their public utilities commission grant many such franchises. Michigan's constitution must be amended before any indeterminate franchise can be granted in this state.

Effect on Detroit. Mr. Ryall, replying to a question as to how the bill would affect Detroit, said it would not apply to the municipal lighting plant as long as this plant does not engage in commercial lighting. It would, however, apply to the city-owned water works. At any time ten or more water consumers who believed their water rates were too high could petition the utilities commission to investigate the water department to ascertain if water rates could not, in fairness, be reduced.

The bill as now amended provides that the public utilities commission could reduce, upon proper showing, rates that a public utilities property is charging but could not raise rates. Another hearing will be had on the bill next Wednesday afternoon.

SHIP AFIRE PERILS LIVES OF MANY

(Continued from Page One.) Touraine sailed for Havre last Saturday she had aboard eighty-four passengers of whom 38 were first cabin and the remainder 46 steerage passengers. She was one of six big liners to leave the same day, which is said to have been an unusually heavy departure for the conditions.

At the local offices of the line it is said that no confirmation of the above report had been received, but maritime circles have received from abroad messages to the effect that all aboard are safe. This is not confirmed here. There were 200 members of the crew.

The La Touraine was heavily loaded when she left New York harbor last Saturday. In addition to other things she carried 4,948 cases of cartridges and a large number of machine guns and supplies for the allies, both of food stuffs and clothing. The clothing was in the form of uniforms and goods for the making of uniforms, sweaters and hose for the soldiers in the trenches. There was also a large amount of machinery aboard and 275 bars of silver, consigned to France.

"Fire Was Fierce." London, March 6.—A message from Queenstown says that the "fire was fierce," otherwise the message was the same as that received at Valencia by the Lloyd's wireless station. The Campania office is without specific advice on the matter.

DUNBAR, WIS., VISITED BY BLAZE THAT DOES \$300,000 DAMAGE FRIDAY

Dunbar, Wis., Yesterday sustained a big fire, the flames doing a damage in the warehouse of the Gerard Lumber company to the extent of \$300,000. In addition to the warehouse another building belonging to the Dunbar and Wausaukee railroad was destroyed.

MEMONINEE MAY HAVE FIRST MANAGER FORM OF COMMISSION GOVT

Menominee, March 6.—Members of the Menominee charter commission met last night and considered the plan of city manager form for this city, under the commission form of government. If this plan is adopted, Menominee will be the first Michigan city to use this system, it is said. Benton Harbor a southern state city, is also considering the plan and may adopt it in the near future.

YEOMEN FILM ARRIVES; TO BE SHOWN TONIGHT

The belated film of the big Yeomen anniversary homecoming at Des Moines, Iowa, last year, which was to have been shown at the Delft theatre, Thursday evening, has arrived and will be shown this evening at the local playhouse.

A large crowd was disappointed at the previous announced showing and it is expected that a big attendance will be noted this evening.

SENIORS AND JUNIORS WIN AND LOSE GAMES

In two fast games at the school gym last evening, the Senior squad defeated the Junior unlimited squad while the Junior limited defeated the Sophomore squad.

REV. LUND TENDERED A SURPRISE PARTY

Popular Pastor of the Swedish Lutheran Church is Given Substantial Purse.

Last evening when Rev. C. A. Lund of the Swedish Lutheran entered the church parlors to be present at the regular meeting of the Luther League he was surprised to find most of the members of his congregation present. Later he was informed that it was in the nature of a surprise party on himself and had been arranged by his people in honor of his birthday.

Rev. Dahlager of the Norwegian Lutheran church, was among those present and it developed upon him to present Rev. Lund with a well filled purse as a gift from his people. The evening was spent very pleasantly and a luncheon was served.

ENTHUSIASM GROWING IN PROPOSED TOURNEY OF U. P. FIRE LADDIES

Manistique, March 6.—Enthusiasm and united support is being met with on every hand by the committee in charge of the preliminary work for the Upper Peninsula Firemen's tournament and Home Coming Week to be held in this city about the first week in August. Already the subscription list totals more than \$1,700 and it is expected that \$3,000 will be available in the next two months.

Thanks to the efforts of Fire Chief Gault and Postmaster Mertz of Gladstone, who attended the mass meeting here last Wednesday evening, President Maclaren has been able to get the project successfully launched and, if everything goes well, Manistique will stage one of the best and most successful tournaments ever held in the peninsula.

DUNBAR IS EXPOSED TO TUBERCULAR FAMILY—REFUSE AID.

Marquette, March 6.—Because a widow refuses medical attention to herself and six children, more than 700 people residing in Dunbar, Marquette county, are exposed practically every day to the dreaded contagion, tuberculosis. Not only does the woman's physical condition indicate she is a victim but every one of her six children has symptoms of the disease.

The woman is Mrs. Axel Peterson, whose husband died several months ago following a long siege of sickness with tuberculosis. Since the death, Mrs. Peterson and the children have made their homes in the same little cottage in Dunbar, but have not improved sanitary conditions about the home in one single respect.
