

RUSS DEFEND LEMBERG IN FINAL STAND; WELL PROTECTED ON FLANKS

GRODEK FRONT, NEAR GALICIAN CAPITAL TO BE SCENE OF FINAL DEFENSE AGAINST THE AUSTRIANS.

ITALY PUSHES INVASION OF AUSTRIA

King Victor's Troops Have Taken More Territory Than Austria's Peace Grant Would Have Given.

(By Associated Press.)

London, June 19.—The forces of the Russians are at bay along the entire Grodek front to the west of Lemberg, the Galician capital, where her venerable flanks are well protected by the Galician marshes and here she will defend Lemberg against the attacks of the Teutonic allies.

Insistent claims are being heard from Petrograd that the Austrians and Germans have been hurled back from the Russian border into Austria in the territory between the Lucster and the Pruth rivers.

The French are holding the Germans to the north of Arras, and now hold three positions on as many sides of Souchez and soon may make the German position on this front untenable.

Italy is attacking the Austrian front with energy, but the only advance by Italian troops is the reported shelling of the railroad station at Grozia.

Pushes Invasion of Austria.

The invasion of Austria is being pushed all along the line is said by the Rome newspapers to have resulted in twice as much territory as offered to Italy for her neutrality. A despatch from the Italian general army headquarters says that the fortress of Manborgete was being demolished. Manborgete is twenty miles from Villach.

The city with Trent and Trieste constitutes the present objective of the Italian forces. Along the Isonzo front hinges the fate of Trieste and the fight there is assuming large proportions. The Austrians are sending their finest troops to this region for attacks on the invading Italians.

Italians Raid Seaport.

Rome, June 19.—A combined raid by Italian seaplanes and dirigibles was made on the Isonzo front and is described in an official communication today. Serious damage is said to have been done to the Austrian fortifications and entrenchments.

The Italians are reported to have gained further successes in the important struggle near Plava.

RESIDENTS OF RIVER BOTTOMS ARE WARNED

(By Associated Press.)

Kansas City, Mo., June 19.—The government weather bureau has issued a warning to residents of the east and west river bottoms to prepare to move to second stories and prepare for floods. The section is in that adjoining the Kansas and Missouri rivers which are rising rapidly owing to the recent rains.

TODAY'S ODDDEST STORY

San Francisco, June 19.—"B natural" is a sure cure and certain to tone you up, according to Miss Ethel Johnson of San Francisco, who is planning a series of musical cures for her ailing friends. They are to be used on the modern girl, disobedient youngsters or whoever shows cause for treatment. She also advocates the cure of spiritual ills by music. She ought to know because she says she has "tried it on her piano."

If her "cure" is a success small brother will never again balk when called on to wipe the dishes because the new "cure" is one that never fails where the ill has been diagnosed as plain, common laziness. If there is trouble in the house turn on the phonograph. If the servant gives notice and quits just play "How Can I Live With out You?" Have your ailments diagnosed and set to music, says Miss Johnson.

FEARED EPIDEMICS FAIL TO SHOW UP

Paris, June 19.—France is in excellent health. None of the epidemics dreaded with the coming of hot weather have developed. There were 839 deaths in Paris last week as against 919 the preceding week and 942 the average for this season of the year. Typhoid fever, the most dreaded of all diseases, made only three victims. Reports from points where soldiers are concentrated and where there were a great many cases during the winter show that the epidemic is abating.

BRITAIN WILL SEND WELSH COAL MAGNATE TO BUY MUNITIONS

DAVID THOMAS TO COME TO AMERICA TO DIRECT THE PURCHASE OF WAR SUPPLIES, SAYS DESPATCH.

(By Associated Press.)

London, June 19.—David A. Thomas the Welsh coal baron, according to the Exchange Telegraph company has accepted an appointment from David Lloyd George to come to America and supervise the war munition contracts. Thomas presided at one of the government's "speeding up" munitions meetings at Cardiff, recently. He said at that time that he must have been spared from the disaster to the Lusitania to do some work for the government that had not yet been accomplished.

WILSON YOUTH TRIES SUICIDE ROUTE; CUTS THROAT AND WRISTS

ISSAC BEAUCHAMP, BARBER, ATTEMPTS TO KILL SELF EARLY TODAY—TAKEN TO MENOMINEE

At an early hour today, Isaac Beauchamp, a well known young man, a barber in the village of Wilson where Chester Raymond committee suicide last week, slashed his wrists with a razor and then attempted to cut his throat with the same weapon. He was prevented in time to save his life and rushed to Menominee by Under Sheriff Walter Kell of Powers. Dr. Hurton of Powers, dressed the wounds. He will recover.

The young man is 24 years of age and has borne the best kind of a reputation in the village. It is believed he went insane suddenly. He has suffered for the past two years from tuberculosis. An examination is being made this afternoon into the question of his sanity.

GERMANS ADMIT LOSS OF SUBMARINE U-29

(By Associated Press.)

Berlin, June 19.—Among the news given out by the Overseas Agency today was the following:

The German admiralty publicly confirms the longstanding rumor that the submarine U-29 had been sunk by a British tank steamer, which rammed the submarine after she had been ordered to heave to. The tank steamer was flying the Italian flag. Commenting on this the German admiralty says this is proof of the abuse of neutral flags by England and makes necessary the actions of German commanders of submarines, who must use the safety first idea.

LUNCHEON IS SUCCESS

King's Sons' Annual Affair Largely Patronized Today.

Between the hours of 11:30 and 1:30 o'clock today the storeroom at 704 Ludington street which was being used by members of the King's Sons society of the Presbyterian church as a luncheon room, was filled with hungry Escanabans. While it is stated that the number served today was a bit less than that of last year, nevertheless, it is considered that a success has been scored by the young men.

DEFENDED CATTLE WITH SHOTGUN; LANDIS HANDS OUT A TWO CENT FINE

JUDGE WHO ASSESSED \$29,000,000 FINE ON STANDARD OIL LE-NIENT WITH ILLIONIS FARMER.

"MUST UPHOLD DIGNITY OF LAW"—LANDIS

Defendant Kept U. S. Agent From "Doing Something" to His Cows—Held For Resisting an Officer.

(By Associated Press.)

Chicago, June 19.—Judge Keenesaw Mountain Landis, the United States district judge who assessed a fine of \$29,000,000 against the Standard Oil company, today imposed one of two cents on Henry Johnson of Barrington, Ill. Johnson drove a United States animal bureau officer from his land with a shotgun when the latter attempted to examine cattle owned by Johnson, during the recent foot and mouth disease scare.

"The fact is that this man is a farmer who rents of another and that at the time men were going around the country doing things to cattle. Armed with a squirt-gun, this agent came to the Johnson place and was going to do something to the cows owned by this man with it.

"Now, besides that this court has to consider what kind of a criminal he has to deal with. I have looked at his hands and see hard knots in them. This man has worked twenty-eight years to provide a home and sustenance for his family, and he has worked hard to get together a small herd of cows. A dairy cannot be built up in one night. However, he resisted an officer of the United States. It is the duty of this court to uphold the dignity of the government, and it is his duty to impose a fine upon the offender.

I therefore direct that the defendant shall pay a fine of two cents with costs.

There were but few persons in the court room at the time and Johnson was absent. The fine was split between the bailiff of the court and a reporter.

FR. BARTH PLEADS FOR CATHOLIC EDUCATION

Escanaba Clergyman Addresses Graduates of Baraga School Last Evening.

Rev. Fr. F. X. Barth of this city, speaking before the graduating class of the Baraga high school, last night made a splendid impression upon his audience. He delivered an address upon the value of a Catholic education.

The Mining Journal's correspondent says of the event: "Father F. X. Barth, of Escanaba, in the commencement address to the graduating class of the Baraga High school last night, made a strong plea for Catholic education, which he declared developed the physical, mental and moral faculties of the being, as is accomplished by no other means.

Throughout his address, which was an eloquent appeal heard with great interest by a large audience, Father Barth illustrated his theme with concrete examples. His words carried great force. The speaker urged a loyal support of the parochial schools. "Father Barth deplored the lack of moral education in some of the higher institutions of learning in the country, and urged the graduates to advance their moral powers in proportion to their physical and mental facilities as they become young men and young women. Throughout Father Barth's remarks were weighty, and his manner of speech and clearness of thought brought out his points forcibly."

VIENNA FACES CHOLERA EPIDEMIC, SAYS REPORT

(By Associated Press.)

Geneva, June 19.—The Geneva Tribune has received a despatch from its correspondent at Innsbruck which says that cholera is spreading in Vienna and that the local authorities have found it necessary to adopt severe measures to prevent the spread of the disease.

MISS LILLIAN SOSKIN Miss Lillian Soskin, a New York girl, who has won the \$300 prize offered by Barnard College for Women. She has specialized in economics and has been active in welfare work.

OHIO FARMER SHOTS AND KILLS WIFE AND DAUGHTER; IS SUICIDE

HARVEY DYSINGER, RICH ARDEN, CO., OHIO, FARMER ATTEMPTS TO WIPE OUT ENTIRE FAMILY—SON ESCAPES.

(By Associated Press.)

Upper Sandusky, Ohio, June 19.—Harvey O. Dysinger, forty years of age and a rich Arden county farmer, shot and killed his daughter Esther, aged 13, and fatally wounded his wife, and then shot and killed his son Herbert, aged 16. He then committed suicide by shooting himself.

The only member of the family who escaped the fury of the man's passion was the youngest son Kenneth, who was saved by Herbert.

BIG SCRAP STARTED AT SOUTH PARK TODAY

Escanaba and Manistique Get Away to First of Series This Afternoon Garland Up.

Escanaba leads the visitors this afternoon at the end of the fifth inning by a score of 2-1. Escanaba scored in the second and third frames, while Manistique drew first blood in the opener. Garland and Paul are doing the mound honors. Murray slammed out a hit in the 5th that looked good for two bags, but was speared after a hot chase by McDougal of the visitors.

The Summary— Escanaba 0 1 1 0 0 Manistique 1 0 0 0 0 R. H. E. Escanaba 2 5 2 Manistique 1 3 1

With the weather man a bit off color, and promising rain for this afternoon and Sunday, fans were nevertheless wending their way towards the South Park grounds to witness the fray between Escanaba and the crack Manistique squad, which started at 3:30 o'clock this afternoon.

The visitors arrived in the city last night and this morning held a short workout on the field. From appearances they are a corking good lot of ball tossers and will put up an awful argument with Olmsted's lads.

Garland or Swanson were slated to perform on the hilltop for the Escanaba aggregation with Boyle or Murray behind the rubber. Eddie Paul, the crick little (?) twirler of the visitors, it was announced would start the scrap for Manistique with Walker back of the log.

If the threats of rain do not materialize, fans will see the fastest games of baseball staged on a local lot this season, today and tomorrow. Tomorrow is the big day, however, with the Manistique special, brass band, fans etc., etc. on the job and the occasion—barring bad weather—on which Escanaba will attempt to take one on the speedy Lake City squad. A big crowd is expected.

THE WEATHER. Fair tonight and Sunday; moderate fresh northwest winds.

BATTLESHIP ARIZONA TAKES THE WATER AT NEW YORK YARD TODAY

NEW SUPER-DREADNAUGHT IS LAUNCHED AT NEW YORK NAVY YARD—SISTER TO PENNSYLVANIA.

ONE OF GREATEST SHIPS IN WORLD

Guns Have Range of Twelve to Thirteen Miles—Match for Ship of Any Great Navy.

(By Associated Press.)

New York, June 19.—The new battleship Arizona successfully took the water today at the Brooklyn yards, and now shares with the Pennsylvania, her sister ship, the distinction of being the largest battleship afloat. She slipped from the ways into the water at 1:12 o'clock this afternoon.

Miss Esther Ross, Arizona's prettiest girl, swinging a bottle of water and one of wine fastened with a red-white and blue cord, against the prow of the ship, crushed them. The wine effervesced and was scattered over the young woman's dress as well as launching of the Arizona.

New Devices Tried Out.

That the navy department experts are now experimenting with devices that it is hoped will protect the navy from submarine attacks was revealed today in a speech by Secretary Daniels at a luncheon following the launching of the Arizona.

After describing the work on the three great dreadnaughts authorized by congress, he said: "As soon as the Arizona leaves the ways, work will begin on laying down the California. This vessel will be equipped with electric propulsion, being the first to use this type of motive power. It is estimated that by the use of oil burning devices, the California, traveling at a speed of twelve knots will be able to steam twelve days longer than the ships using the coal burning apparatus, and covering a distance of approximately 3,000 miles farther. She could steam, with bunkers filled, for an additional 3,000 miles.

Washington, June 19.—Another fifteen million dollar battleship was launched for the American navy today when the super-dreadnaught Arizona slid into the water at the New York navy yard. She is a sister ship to the Pennsylvania, recently launched at Newport News, and in size and armament is one of the largest and most powerful craft ever built for any navy.

Ships of the line, like the Arizona, are built to give and receive punishment in sea battles. Their mission has little in common with that of the battle cruisers which have been the (Continued on page six)

HAVE SPECIAL SERVICE AT PRESBYTERIAN, SUN

Presbyterian Sunday School to Have Charge of Sunday Morning Services.

An interesting service in observance of Children's Day will be held at the Presbyterian church, Sunday morning. The following announcement regarding the event has been given out: Next Sabbath morning at 10:30 o'clock, in place of the regular worship, the children will take charge and give a children's program. It is "Children's Day" once more. A special silver offering will be taken for the benefit of the Sabbath school. The children and teachers are working hard that this event may be a splendid success. The interest of everybody is hoped for. Help the children make their day a great day.

A baptismal service for children is being arranged for. Parents desiring this sacrament for their children at this time are gladly welcomed and asked to report to the pastor of the church some time during the present week.

It is a great pleasure for us to know that our Saviour gave such a prominent place to the children in his kingdom. Show your appreciation by your presence.

HOLD PICNIC SOON

Plans are being made for a picnic in which the children of the Baptist Sunday school will participate, and which will be held some time before July 4th.

SIR THOMAS GIVEN HIGH DECORATION

Nish, Serbia, June 19.—Sir Thomas, Lipton has been made a grand commander of the Order of Saint Sava. This is the highest Serbian decoration ever conferred on a foreigner. The order is granted for service in education, science, art or literature.

GRADUATES TO ATTEND BACCALAUREATE SUNDAY IN SCHOOL AUDITORIUM

PRINCIPAL W. T. REAM OF GREEN BAY HIGH SCHOOL SPEAKER OF THE EVENING—EXPECT LARGE ATTENDANCE.

Members of the graduating class of the Escanaba high school will gather at the school auditorium tomorrow evening to listen to the words of advice and counsel from Mr. W. T. Ream, principal of the last high school of Green Bay. Mr. Ream is a speaker of interesting caliber and his message to the young men will be built up from practical experience. He will speak on "Golden Apples."

In order to allow its members an opportunity of attending the baccalaureate, there will be no church services in the evening at the First, St. E. and St. Stephen's churches, the announcement being made today.

Orchestra to Play

Following the address by Principal Ream the school orchestra will play "Romance of the Rose," followed by the Girls' Glee Club in a number, "Fragments of the Night." A trio, violin, cello and piano, with William Peterson, Lester Finckelstein and Miss Cleo Dewey, will follow the address by Mr. Ream. The orchestra and Glee Club will complete the program for the evening.

It is expected that the auditorium will be filled to capacity on this occasion with parents of the students, friends and others interested in the occasion which marks the close of the school year.

Commencement will be observed on Monday evening, also at the school auditorium at which Gen. Supt. Fred L. Kessler of the state schools will be the speaker. The Girls' Glee Club will furnish music on this occasion, the orchestra also being given a part of the program. Presentation of diplomas will be made by President W. A. Collins of the school board.

DESERTED WIFE AND THREE CHILDREN; IS CAUGHT HERE TODAY

ERNEST BURTCHEM TAKEN INTO CUSTODY THIS MORNING—WAS LIVING WITH OTHER MAN'S WIFE.

Several months ago, Ernest Burtschen, then a resident of Freeport, Ill., deserted his family of wife and three children and came to Escanaba. He obtained a position as driver for the A. & J. DeGrand company, driving their big truck.

At the same time Burtschen disappeared from Freeport, a woman, Mrs. Fred Witbeck of the same city, was lost to her friends and relatives. Incidentally, Burtschen and the woman arrived in Escanaba, according to a story unfolded to Prosecutor Rush-ton recently by the husband of the woman. A flat was rented and the two lived there as man and wife.

Hubby Is Determined.

In the meantime, "hubby" back there at Freeport, unloosed the police on the case. Chief Tolson and Detective McCarthy were soon on the job and today rounded the culprits up. Both the woman and Burtschen were haled before Justice McEwen. The former was placed under bonds of \$500 which he failed to furnish and was remanded to the jail to await trial on a charge of adultery. The woman, who is in a delicate condition, was allowed to go.

The irate husband of the woman arrived in the city this morning to prosecute the case.

SURPRISE IS HELD AT CONNORS HOME

Mrs. S. J. Connors was the surprised guest of members of the Evening Card Club Wednesday evening at her home. The affair was in the nature of a farewell gathering, as Mrs. Connors will leave shortly for Green Bay to make her future home.

A NEW SITUATION IN MEXICAN CRISIS IS REVEALED OVER NIGHT

CARRANZA AND OBREGON DIFFER—DISSENTION BREAKS OUT IN PROVISIONAL CABINET.

WITHHOLD ACTION SEVERAL WEEKS

Note to Wilson Says Mexico Will Uphold "Dignity" of Pressure or Threats Is Contained in Wilson Note.

(By Associated Press.)

Washington, June 19.—Differences between Carranza and General Obregon, his chief aide; dissensions in the Carranza cabinet and Carranza's removal of his headquarters to the isolated safety of San Juan de Uloa in the harbor of Vera Cruz are reported to Washington today and have brought the situation into a new focus.

Official despatches say that the situation is threatening the solidarity of the Carranza movement. The occupation of Mexico City has been put off for several days pending the reorganization of the cabinet. Officials here have no intimation of what is the cause for the cabinet crisis, but it is evident that a new situation has been revealed over night.

Will Wait Awhile.

Wilson will wait for several weeks before he takes any steps towards the enforcement of the new policy. He wants a coalition of the various branches of the original constitutional government and will give no recognition to any of the factions until some government is set up that gives promise of some stability.

Maintain "Honor and Dignity."

Washington, June 19.—The United States government was informed yesterday in a note from Francisco Lagos Chazaro, president of the Villazapeta convention government at Mexico City that if President Wilson's recent statement warning Mexican factions to compose their differences, should signify "pressure or threat," that the convention government, "still harboring the conscience of its sacrifices, will maintain the dignity of the Mexican people."

DIKEMA TO MAKE RACE FOR THE GOVERNORSHIP

Holland Orator Tells Marquette Reporter Will Make Race for Republican Nomination.

Announcement is made today in the columns of the Mining Journal of the candidacy of Hon. Gerrit J. Diekema of Holland, for the Republican nomination of governor of Michigan at the next primary election.

According to the Mining Journal, Mr. Diekema admitted as much to a reporter of the paper who had called upon him in his hotel last night.

"UNCLE IKE" HAS A BIRTHDAY; IS 86

"Uncle Ike" Stephenson, Marquette's foremost citizen celebrated his 86th birthday yesterday. The aged senator from Wisconsin is still hale and hearty. Senator Stephenson was host to members of his family at a dinner party yesterday.

War Bulletins

(By Associated Press.)

Berlin, June 19.—The German war office announces that the village of Ebermenil, thirty miles east of Nancy had been taken by the Germans.

British Steamer Sunk.

London, June 19.—The British steamer Dulcie, 2,000 tons, was sunk by a torpedo off Suffolk today. Her crew was rescued, with one exception.

Russ Admit Retirement.

Petrograd, June 19.—Admission was made today in official statements that the Russ had withdrawn beyond the lake region of Grodek, less than 16 miles west of Lemberg. This is their last line of defense.

Organize Golf Club.

Berlin, June 19.—Prisoners at Ruhlben have organized the first concentration camp golf club. A course is laid out in the park.

SAYS SEVEN "MIDDIES" PICKED AS THE 'GOATS'
 Congressman Asks Naval Academy Student if Lads Were Not Picked—Witness Says Seven Picked
 Annapolis, Md., June 19.—Highly interesting opinions of midshipmen on "cribbing" and "dope," or advance information on examinations, were given Friday before the court of inquiry which is investigating these matters at the Naval academy.

"It is not the general impression among the midshipmen regiment that the seven original defendants were picked by the former investigating board to be the 'goats'?" asked Congressman Carlin of Midshipman H. M. Mullnix, a witness.
 "It is," was the reply.
 Mullnix testified that J. K. Davis and W. E. Mackay did not study the advance questions which were generally circulated because they thought these "might be really a part of the examinations." He thought the "dope" he had might have come with the illegal classification, and possibly had gotten out, not with the approval, but with the knowledge of the authorities.

U. P. MEN DELEGATES
 Ferris Appoints Representative to Mining Congress
 Lansing, June 19.—Michigan will be represented by the following delegation, appointed Thursday by Governor Ferris, at the American mining congress in September: A. E. Seaman, John Black, J. H. Rice, Houghton; T. F. Cole, Charles L. Lawton, Tenney Desollar, Hancock; E. F. Brown, Iron Mountain; William Kefty, Vulcan; W. H. Johnston, M. M. Duncan, S. R. Elliott, Ishpeming; Alton T. Roberts, Marquette; Byron Sherwood, Crystal Falls; R. M. Randall, George M. Humphrey, Saginaw; W. B. Paltison, Negaunee; G. L. Woodworth, Iron River; R. C. Allen, Lansing.

LOCAL MAN MOVES TO PHLOX, WIS.
 R. R. Kimball and family has moved to Phlox, Wis., the home of Mrs. Kimball's mother. Mr. Kimball will travel out of the Wisconsin city.

Wash Day Troubles Ended

By Remarkable Electric Machine

No Wear on Clothes—Only 2 Cents for Current Sold On Easy Payments

No longer need women be slaves of the tub—no longer need they endure red hands, tired backs, wet feet and the long day's drudgery of washing the family clothes. "Blue" Monday is now only a memory with those who have found the new, quick easy way to launder.

Women—as you have bent over the steaming suds, as you have inhaled those stifling vapors, as you have spent your strength and worn out your garments on the ugly wash board—how often you have wished for relief from toil that is not fit for women—and here it is. The

Electric Washing Machine

will give you rest. Silently and quickly it will do that washing. It will cleanse your finest laces, your sheets, your lingerie—anything you have to wash—to a pearly whiteness. It will do it without a single rub. It will save that wear on clothes, while it will save you that nerve-wearing, muscle-tiring work.

A Startling Invention

It has created a sensation among inventors—this wonderful Thor Electric Washing Machine—and 90,000 women who are using it say it is the most marvelous help on wash day.

Think of this, Madam—a handsome cabinet standing in your laundry or kitchen, with a cylinder inside, running smoothly and noiselessly, washing a great mass of billowy white suds through and through the fabric of the clothes, taking out every particle of dirt—every spot of grease—cleansing the sheers, the thinnest waist or the heaviest blanket equally well. Wonderful isn't it—as you look and see your work being done? Push a button and it starts. Push another button and it stops. How simple it all is!

Will you continue the old way of washing—will you suffer from roughened hands and tired muscles—will you continue to put that washboard wear on your clothes—when you can have a Thor to do your work?

Only 2 cents per Hour for Current

Yes, only 2 cents will pay for all the electric current necessary to operate the Thor for an hour—and in an hour you can do a good sized washing. Only 2 cents for the luxury of having the washing done. The saving on the clothes will be a good deal more than pay for it.

If You Employ a Laundress

You may say, "I don't need the machine—my laundress does the work." But just watch her rub the clothes. Think of that wear. Better pay the laundress' wages and have the machine, too, for the saving on the garments and it means more contented servants. There's more to think of than only the saving of your own strength and temper.

The Automatic Wringer—and the Atalog

The Thor does your wringing, too. Just push a lever and the automatic wringer starts ready for you to feed the clothes through.

And this is the only machine with the Atalog—a remarkable controlling device. Ask to see the Atalog.

Our Special Offer | Our Guarantee!

We are making a great special offer now on the Thor. You ought to let us tell you about it. Anybody can have a Thor Washing Machine now. Come in. Do this today or tomorrow sure. See the wonderful Thor Ironing Machine and the Thor Electric Suction Cleaner, also.

2 cents a day for cost of current is not an idle statement. We guarantee that the cost will be no more. And we guarantee that the mechanism will be perfect,—we will replace any defective part free of charge to you—and will give you our written guarantee.

6,760 Miles

Though this great average was rolled up on heavy cars last year in the official Automobile Club of America test of strictly stock Pennsylvania Oilproof

VACUUM CUP TIRES

—we have largely increased the mileage assurance indicated by building into 1915 Vacuum Cup Tires, by a new toughening process developed by us, 50% additional wear-resisting quality.

This process also means far greater wear in the heavy Vacuum Cups, thus greatly prolonging their guaranteed ability to eliminate skidding on wet or greasy pavements.

MANUFACTURERS' GUARANTEE.

Plain Tread, 3,500 Miles Vacuum Cup Tread, 6,000 Miles

Think of a 6000 MILE GUARANTEE on Vacuum Cup Casings and backed by one of the most reliable manufacturers today on the market. A Company whose adjustments have always been more than liberal.

WHY BUY SECONDS OR INFERIOR TIRES when you can get Pennsylvania Tires at practically the same figures? Look at our prices for cash.

DELTA HARDWARE CO. ESCANABA MICHIGAN

Useless Proceeding. Showing a man that he's wrong won't stop the argument. It will only make him more angry.

ASSOCIATED PRESS SERVICE.

Orders for delivery of The Daily Mirror, by mail or carrier, can be made by postal card, letter, telephone or in person.

Change of Address. In ordering change of address, both old and new address should be given.

Any irregularity in delivery of The Daily Mirror should be immediately reported to the business office.

Matter intended for news or editorial publication should be telephoned or addressed to the editor.

PITH AND POINT

An Escanaba newspaper shows at Milwaukee's lake drive project, pointing out that while this city has been discussing a driveway, the Michigan town has planned and built nine miles of the lake shore road in the west.

Delta can sympathize with Milwaukee if she lacks good roads. This county and district was once without them also but not in recent years.

Escanaba will soon be brought within range of one of the most important features of civic work in the coming "Good Health Week."

A New York judge dismissed a suit brought against a rich woman of that city with the remark: "Even the rich have some rights in this court."

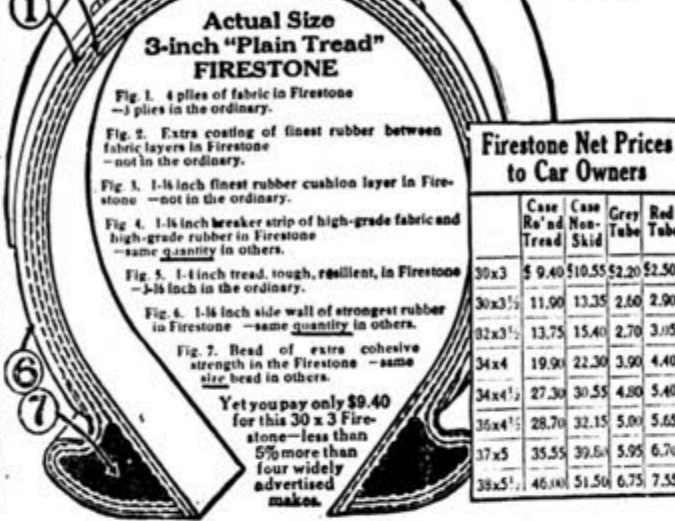

Experiments with house flies recently made abroad seem to indicate that they tend to travel either against or across the wind.

COMPARE PRICES

In the Light of Firestone Extras

YOU who know, know tire values from experience; but note also the specifications in this cross section. The same relative values apply in all sizes of Firestone tires.

Less material and lower grades are traps to make sales on prices. The Firestone organization, the largest in the world specializing on tires, can make and market tires and tubes at a lower cost to you, the user, than any one else in the industry.

Actual Size 3-inch "Plain Tread" FIRESTONE. Fig. 1. 4-ply fabric in Firestone - same quantity in others.

Table titled 'Firestone Net Prices to Car Owners' with columns for Case, Re'ed, and Price. It lists various tire models and their corresponding prices.

TYRUS RAYMOND STILL HEADS FIRST STRING SLUGGERS WITH .401

COBB UNCHALLENGED LEADER OF ALL SLUGGERS IN NATIONAL PASTIME-OTHERS CREEP UP.

(By Associated Press.) Chicago, June 19.—While Ty Cobb holds the lead in the American league and the only batting average in the majors better than .400, new leaders have appeared in the National and Federal, according to figures published here today.

BRITISH SOCIETY WILL PROMOTE ARCHITECTURE

London, June 19.—In order that an adequate record may be preserved to posterity of the architectural beauties of that part of Belgium, which has been devastated by the belligerent armies, a committee has been appointed by the Royal Institute of British Architects to collect photographs, drawings and old prints of all buildings of historic interest.

WAR FUND HELPERS ERECT MONUMENTS

Amsterdam, June 19.—Potsdam, Heilbron, and other German towns have joined Berlin in erecting wooden war monuments, the surface of which they are covering with nails hammered in by contributors to war charities.

PARIS FASHIONS BEAR IMPRINT OF THE WAR

Paris, June 19.—Warm weather has finally brought fashion back to the Boisde Boulogne—war fashion particularly. The other morning were noticed taking their morning ride a pretty American girl in the costume of a boy scout and an English girl in khaki leggings, flat crowned cap and all.

LEGAL NOTICES

June 12, 1915. June 26, 1915. June 19, 1915. July 3, 1915. ORDER FOR PUBLICATION—Appointment of Administrator.

LAW NEVER WILL STAND

Here's Just One Reason Why Women Can't Vote in Indiana Now

Gary, Ind., June 19.—Before women suffrage is granted in Indiana the election laws will have to be revised. A section of the law reads as follows: "The curtain in front of the booths must be of sufficient height from the floor to make the lower limbs of the voter plainly visible to the election officers."

LOCAL BREVITIES

Word has been received in the city that the condition of Joseph A. Sturgeon, of this city, who recently submitted to a critical examination at the hospital of the Drs. Mayo at Rochester, Minn., is slowly improving.

T. A. Shanahan and family have left for a three weeks visit with friends in Minneapolis.

F. R. Cunningham was in Marinette on Thursday on business.

Mrs. H. J. Booth will arrive in the city tomorrow from Hiram, Minn., on a visit at the home of Mrs. and Mrs. A. P. Sawyer on Harrison ave. Mrs. Booth is accompanied by her daughter, Mrs. J. E. Booth.

H. T. Hanson was in Sault Ste. Marie on business yesterday.

Fred Hudson who has been attending the University of Michigan for the past year, has returned to his city to spend the summer.

Nathan Godwin and Ronald MacVittie of Chicago are in the city visiting with H. Robert Green on South Gary street.

W. E. Dwyer went to Rutledge yesterday on business.

Servants of John Larson of Maple Lake were in the city yesterday on business.

J. H. Grady and son, master of the ship "St. Joseph" school commencement exercises at the D. H. theatre Thursday evening.

W. E. Belmont of Chicago is visiting with Timothy Marler for a few days.

Mrs. Chas. O'Connell went to Alpena to attend the funeral of a relative.

R. A. Blum left for points in Iowa where he will buy horses for the local market.

Thomas O'Meara left yesterday in response to a telegram from Chicago to visit the bedside of his brother, Michael, who is dangerously ill at his home in that city.

GOOD PAY—Men, women, introducing hosiery direct mill to wearer, guaranteed four months. Part or all time permanent, no experience. Liberal terms. Complete outfit, International Mills, Penn St. Norristown, Pa. 170

Miss Fay Harrington has returned to the city after spending the past year teaching at Hancock.

Rev. and Mrs. W. J. Dutton returned last evening from Saganaw where they have been for the past few days.

FOR RENT—Three furnished rooms and bath for light house keeping, at 417 South Georgia St. Inquire at 417 So. Georgia St. 172

CHAMPION LOG ROLLERS TO MEET IN MARINETTE

Marinette, June 19.—A world's championship log-rolling match with such nationally known entrants as A. H. Thompson and John Murray of Eau Claire, Terry Maudrie, formerly of Marinette and now doing exhibition work at Riverside park, Chicago, and a half dozen others of lesser fame from Minnesota, Michigan and Wisconsin will be one of the features of Marinette's big Fourth of July celebration.

A gold cup and other substantial prizes are the awards the log chumps will compete for. The event will take place at 1:30 o'clock in the afternoon July 5 in the Menominee river to the rear of the public library, where the event will be visible to thousands grouped on Riverside avenue and the bridge across the river.

WATER FOR LAUNCHING?

Question Whether Wine or Water be Used on Arizona Today

Washington, June 19.—Governor Hunt of Arizona, will determine whether the drought-stricken Arizona, to be launched at the New York navy yard today will be christened with wine or water or both.

Secretary Daniels said today he had covered the question and personally had nothing to do with it.

Governor Hunt and his party, including the Arizona's sponsor, Miss Esther Ross, are here today. They will be present to President Wilson and later leave for New York.

Ask for Allen's Cough Balsam and take no other. It has fifty years reputation for the quick and permanent relief of Coughs, Colds, Sore Throat, Bronchitis and all throat troubles. Take home a bottle today. 25c, 50c and \$1.00 at all druggists. Be sure it's Allen's Cough Balsam.

URGES COUNTY PEOPLE ATTEND U.P. MEETING

Urgent requests for a large attendance at the Upper Peninsula Development meeting to be held in Houghton in the near future have been received from the officers of the association. The following appeal urges as big attendance as possible.

"Use every effort you can to get as many people as possible from your county to be at the annual meeting of the Upper Peninsula Development Bureau at Houghton on July 1st, because the program is a worthy one, and the orators are capable of explaining the work and putting some enthusiasm into all of us.

"One thing we certainly do need is for all of us to help in interesting the people of Cleveland, and especially the board of supervisors of each county in the work of the Bureau, which has been very successful, and evidence of permanent value has come from its publicity and other efforts.

SCARLET FEVER ON A RAMPAGE IN JOLIET

Illinois City in Grips of Rigid Quarantine—Two Dead 200 Are Infected With Disease

Joliet, Ill., June 19.—"Quarantine rule" grips Joliet because of the unprecedented epidemic of scarlet fever, which has killed two children and attacked nearly 200 more. The quarantine had its climax today when Dr. C. E. Crawford, chief inspector of the state board of health, swore out a warrant for William D. Heise, wealthy lawyer, former state's attorney, and once a candidate for mayor of Joliet. Dr. Crawford charges Mr. Heise with willful violation of quarantine regulations which the police have been enforcing by dozens of arrests.

Dr. Crawford charges that Sunday night Mr. Heise smuggled his 11-year-old son, John, to Hannibal, Mo., by stalling to a ticket agent at the Joliet union station that he had a special permit from the state board of health.

PUTS A BULLET IN NECK

Iron River, Mich., June 19.—William Sullivan, for many years a deputy sheriff, is in jail at Crystal Falls while his aged father lies in a critical condition with a bullet wound through his neck, inflicted by the son with a rifle. The son, it is alleged, has been drinking heavily since election time and while intoxicated, insisted upon going after deer. His father, Michael, attempted to restrain him, pointing out that shooting deer was illegal. The interference brought on a quarrel that ended when the son raised the rifle, which he had already secured, and fired at his father. The bullet just missed the jugular vein. Physicians say there is hope for recovery.

DUTCH MARINERS "SORE" AT GERMAN SUBMARINES

Amsterdam, June 19.—The Society of Dutch Captains and Mates of the Merchant Marine has passed a resolution expressing indignation at the German submarine war against defenseless merchant vessels and non-combatants. The resolution also conveys sympathy to the relatives of all those who perished on the Lusitania.

Ole Erickson of Stonington transacted business in the city yesterday.

NEW SPEEDWAY GOES DRY IS ANNOUNCEMENT

Chicago Racing Park Officials Put Taboo Upon Intoxicants Being Sold on the Ground

Chicago, June 19.—Great activity in the order of affairs at the Chicago speedway and yesterday's practice dashes were accompanied by high raising feats in which Bob Burman, Ed. Limberg, Gil Anderson and Orr featured.

Tuning up their machines for the final trials, which will be held next Tuesday, practically every driver on the ground was out to show off his machine yesterday. Nothing startling occurred and no records were broken but there were several little friendly races pulled off, each of which proved intensely interesting as well as highly thrilling. The most interesting and incidentally exciting contest of the afternoon was that staged between Bob Burman, in his Peugeot and Ed Limberg in a Sunbeam. For thirty miles these daring drivers raced nip and tuck, first one and then the other leading. They finally steamed over the line abreast and called it quits.

Taboo "Booze"

"The Speedway has gone dry" was the startling announcement made at the Maywood park yesterday. And the announcement stands.

"For the good of the automobile racing game and for the uplifting of the sport here and everywhere we have decided to prohibit the sale of intoxicating liquors on the grounds" was the explanation offered by one of

BATTLESHIP TAKES THE WATER

(Continued from Page One)
largest ships to engage each other during the European war. Speed is sacrificed in the construction of the battleships to weight of armor and against such a ship as the Arizona with her broadside fire from twelve 14-inch guns and protection of more

than a foot of the toughest steel than can be made around the vessel's vital parts like a wall, a battle cruiser would be helpless and must depend on her speed and seek safety in flight. There are few ships in any navy to cope with the Arizona, ship to ship.

Thirteen Mile Range.
The range of the Arizona's guns is from 12 to 13 miles as they will do so.

be set in her turrets, or as far as her gun-pointers and observers can see in brightest weather. As previous ships carrying the 14-inch guns, the Arizona's main battery will have a maximum elevation of nearly twenty degrees. It would be impossible, it is said, to almost double that elevation and add miles to the range of the guns; but already they can shoot and hit farther it is probable they would ever be called upon to do so.

Three Gun Turrets.

The Arizona will carry the three gun turrets which have been developed by American naval constructors, her twelve big rifles being housed in four turrets, two forward and two after. In addition she will have a secondary battery of twenty-two 5-inch, long range rifles for defense against destroyers, torpedo boats and submarines. The big guns can be fired over either broadside and around the entire circle with the exception of an arc of less than thirty degrees directly forward for the after turrets and directly astern for the forward turrets. Four of the secondary battery guns, two on each side, are so placed that they can fire three degrees across the ship's bows, taking the place of bow chasers of the old wooden ship days.

Is a Mammoth Ship.

Compared to the Arizona the old battleships of the Oregon class are almost like toys. The new ship could engage a fleet of three of them at the same time, turning upon each as many guns as it could bring to bear and her guns would be bigger and of longer range. In addition she could steam away from them or overtake them at pleasure, developing 21 knots against 16 or 17. The remarkable thing about the great increase in size and gun power, however, is that each of the smaller ships would need as many or more men than the Arizona which will carry a complement of 915 in her crew.

Cost Over \$15,000,000.

Compared to this—If ETAINN The new sea fortress as she took the water today cost more than seven million dollars. That was for hull and machinery alone. The guns and armor will cost as much more and other equipment necessary to fit her for duty will add another million to her total cost. She is longer and wider than any but the newest trans-Atlantic liners. If it is desired to put her through the Panama canal the locks and bends in the channel will be taxed almost to the limit to give her passage way.

The Arizona is the fourth battleship to be built in a government yard and her place on the ways will be taken at once by the California, a larger and faster but similarly armed ship.

PICNIC AT STONINGTON

An outing and picnic will be held all day Sunday, June 20, at Stonington under the auspices of the Swedish-Finnish societies of the city. The steamer Saugatuck has been chartered for the occasion and a good time is assured those participating in the event.

MINNESOTA MINISTER TO PREACH IN CITY

Announcement is made today that Rev. Nicolay Nilsen of Minot, North Dakota, will deliver the sermons at both the morning and evening services at the Norwegian Lutheran church, Sunday. The morning service will be held at 10:30 o'clock and the evening at 7:45 o'clock.

METHODISTS PLAY BALL IN AFTERNOON

An interesting game of ball is being played this afternoon at the "yellow diamond," the participants in the fray being The Usona class of the M. E. church and the Men's Class of the same denomination. Great interest has been taken in the event and there are a number of spectators present.

HOME HAS BIG ENDOWMENT

Institution That Cares for Naval Veterans Not Worrying Over Keeping Wolf From the Door.

One of the richest and most honorable institutions in Philadelphia is one of the least well known. I speak of that eighty-nine-year-old veteran—the United States Naval home.

Ninety-nine persons out of one hundred think this is a charitable affair. On the contrary, not only does it support itself, but as a self-supporter it is right up in the Statesbury-Widener-Morgan-Carnegie class.

The naval home has over \$14,000,000 invested in bonds. It has never cost the government one cent. Of its income of \$420,000 last year, only \$77,000 was expended for maintenance, so you can see that keeping the wolf from the door is not a strenuous occupation at those somber-looking buildings at Gray's Ferry.

The great \$14,000,000 fund was collected by the turning over of prize money received by sailors and officers during our various wars. Moreover, every officer pays twenty cents a month, and sailors also contribute. General Forney of the Marine corps told me yesterday he had paid his twenty cents every month for fifty years.

"No difficulty," I suggested to Commander F. R. Payne, executive officer of the home, "to support your one hundred or so occupants."

"Scarcely," he replied. "We could support all the sailors in all the naval homes in the United States and still not exhaust our yearly income."

Commander Payne was one of those who received prize money during the Spanish-American war for capturing Spanish ships.

"Got my check framed as a souvenir," said he, "because our government has by law abolished prize money." In future no sailor in this country will profit financially by the capture of an enemy's ships.

Next to Girard college the Naval home is the most heavily endowed institution in Pennsylvania. Were this fund invested in high-class municipal bonds it might increase its yearly income by \$140,000, or nearly twice the amount required to support all its occupants.—"Girard," in Philadelphia Ledger.

Easy to Live Splendidly.

The fumblest man of woman can live splendidly. That is the royal truth we need to believe, you and I, who have no "mission" and no great sphere to move in.—William C. Ganett.

Optimistic Thought.

It is not enough to run, one must set out in time.

Woodcraft.

You can make fire by rubbing two pieces of dry wood together, but it is not believed that this method will ever supersede the plan of rubbing a match against a piece of sandpaper.

SENIORS TO MEET MON

Full Attendance is Desired—Class Members Asked to Bring Dues.

Members of the graduating class of the high school are slated for a meeting of importance to be held Monday afternoon at two o'clock, in the drawing room of the high school. Every member of the organization is asked to be present at that time and to bring his or her dues.

ORDER FOR PUBLICATION—Specific Performance of Land Contract

STATE OF MICHIGAN, the Probate Court for the County of Delta. At a session of said Court, held at the Probate Office in the city of Escanaba, in said County, on the fifteenth day of June, A. D. 1915.

In the Matter of the Estate of John Bonifas, deceased. Adam Grandchamp, having filed in said court his petition praying that the administrator of said estate be authorized and directed to convey certain real estate in pursuance of a certain contract made by said deceased in his lifetime.

It is Ordered, that the twelfth day of July, A. D. 1915, at ten o'clock in the forenoon, at said probate office be and is hereby appointed for hearing said petition.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks, previous to said day of hearing, in The Escanaba Daily Mirror, a newspaper printed and circulated in said county.

JUDD YELLAND, Judge of Probate.

E.L.A. FRECHETTE, Registrar of Probate.

BRITAIN'S REPLY TO COME SOON, IS STATED

(By Associated Press.) Washington, June 19.—It was stated officially yesterday that there had been intimations from Great Britain that a reply might be forthcoming soon to the American note of March 30, protesting against the legality of the orders-in-council in its restriction on non-contraband commerce with Germany through neutral countries.
