THE WAR A YEAR AGO TODAY

March 21, 1915. Germans captured a hill in the Vosges. Austrians renewed operations against Serbia but were defeated in artillery duel near Belgrade. Russians advanced on Tilet. Both announced capture of Germans at Swakopmund, German Southwest Africa. German submarine sank British collier Cairntorr. Zeppelins dropped bombs on Paris and Calais. Italy national defense law promulgated.

Copenhagen, Mar. 21.—A dispatch to The Politiken from Berlin says that a great concentration of Russian troops is occurring in southern Poland.

(By Associated Press) London, Mar. 21.—A Reuter's dispatch from Teheran says that Russian forces entered Ispahan, the old capital of Persia, on March 19.

Ispahan is one of the important cities of Persia, with a population of about 80,000. It is 218 miles southeast of Teheran. The foregoing announcement indicates a Russian move further to the south than any which has been reported hitherto. The Russian forces, after capturing Hamadan, advanced southwest toward Turkish frontier. The army now reported at Ispahan evidently went southward from the main Russian forces in the direction of the Persian Gulf.

Push Back Austrians London, Mar. 21.—Austrian forces operating northwest of Uscelczko on the Dniester river near the Bukowina border were forced by the pressure of the Russian forces to evacuate the bridgehead and abandon their posts. Under cover of night they succeeded in reaching an Austrian advance post northwest of Zale Szczyk, north of Czernowitz, according to the Austrian official statement today. The official statement pays a tribute to the bravery of the Austrian troops, which gave way only on account of the superior numbers of the Russian attacking forces. It adds that the only means left the Austrians to avoid capture was to break through the Russian position at Uscelczko, and this they did with complete success.

Destroyers in Battle London, March 21.—An engagement occurred off the Belgian coast yesterday between four British and three German destroyers. Two of the German vessels were hit. Four men on the British ships were wounded.

Take French Position Berlin, Mar. 21.—A French position northeast of Malancourt has been captured by the Germans, who took 2500 prisoners. Paris, Mar. 21.—German forces again made a violent attack in the Verdun district west of the Meuse last night. The war office announced today that they gained no success except a slight footing southwest of Malancourt wood. East of the Meuse last night all was calm.

More Promises Made London, Mar. 21.—The entente allies have promised Belgium she will be invited to take part in the peace negotiations.

WINDOW WASHERS GET GOOD WAGE INCREASE

Des Moines Women Who Worked For \$1.50 a Day Now Get \$3.20 a Day Des Moines, Mar. 21.—Women who wash car windows in Des Moines will receive \$3.20 a day henceforth. An agreement between the street car company and its employees, granting a substantial wage increase, was announced today. Labor leaders insisted on especial provision for the window washers, who heretofore received \$1.50 a day.

5 Ballots In This Election

PRESENTATION TO VOTERS OF FIVE DISTINCT PROPOSITION ENTAILS TASK

The heaviest election task for county officials for many years faces them in Monday's election, when five separate ballots will be submitted to the voters. The citizens will decide on the questions of local option, county road bonds, presidential primary, national party committeemen, and on city officials.

The number of ballots which will be distributed through the county clerk's office is 46,200. The largest single allotments of ballots will be on the local option and the county road bond propositions. Ten thousand of each kind will be distributed.

Mistakes by the voters in marking their ballots are frequent in elections involving but one proposition, and with five different ballots to handle, extraordinary care will have to be exercised by the voter if he wants to get his preference in each case clearly indicated.

Too ill to get out of bed, Mrs. Joseph Kwak, of La Branch, was forced to stay at her home this morning when her one year old son Stephen was buried at St. Joseph's cemetery here. TAX REPRESENTATIVE HERE TO START WORK ON NEW VALUATION

ARRIVAL OF JAMES SNODY MARKS BEGINNING OF REASSESSMENT IN COUNTY

SIX MORE MEN TO ARRIVE FOR TASK

Work of Placing New Value on Every Piece of Property to Take Time

The beginning of the re-assessment of Delta County, which will involve the placing of a new valuation on every building and piece of property in the county, was marked yesterday by the arrival of James R. Snody, a representative of the State Tax Commission.

Six other representatives of the Commission are scheduled to arrive today, and the preliminary work will be undertaken at once. When the work is once under way, clerks will arrive to take up the clerical part of the undertaking. It is stated that the work of placing new valuations on every piece of Delta County will occupy the time of this staff until June.

Expect More Revenue

The work of the commissioners will be watched with much interest by property owners and business men of the county, as it is expected that a number of changes in assessments will be made. It is believed that assessments will be placed on some parcels of property which heretofore have not been a source of income for the county, and that taxes will be realized from several sources which have hitherto not been available.

The reassessment, involving as it does an enormous amount of investigation and a mass of detail work, is a task of no small magnitude, and will keep the tax representatives and their assistants busy for many weeks.

STORE WILL ENTERTAIN

Everything is in readiness for the reception to be given this evening at the Fair store in connection with the spring opening.

The reception will be held on the second floor, where everything that's new in spring styles for the ladies will be on display. No sales will be made tonight, the affair to be in the nature of a reception and display only.

Orchestra music has been arranged for, and roses and carnations will be given as souvenirs.

DRESS SUITS WILL BE BARRED FROM THE TEXAS CATTLEMEN'S BALL TONIGHT

(By United Press) Houston, Tex., March 21.—Dress suits will be barred, not borrowed, at the grand ball of the Texas Cattle Raisers' association, which opened a three days' convention here today.

Of course every one says full skirts as they must be shirred at the waist for the slender, or with flare at the hips, suggesting panniers, and marvelous side pleats and tucks.

There are hosts of styles from which to select, as a suggestion, the following styles will be worn at "style parade" tomorrow night—Premiere, Lanvin, Maison Agnes, Paquin, Bonfanti, and G'Bell.

Silks and Dress Goods—More beautiful, more charming and in more variety than this store has ever shown. Silks that are quite different in designs, silks that were woven to please and give service, silks that sparkle with originality. THE REAL TRUTH ABOUT THE "IRISH" POTATO

Greely, Colo., March 21.—The Irish potato isn't Irish originally, at all. According to C. H. Wolfe, the well known Greely authority, it is American and South American at that. However, the Irish brought it to this country long after it had been taken from its Chilean home and domesticated on Erin's emerald isle. Sir Walter Raleigh figured in the transfer, according to the potato's historian.

High Society Has Arrived

Miss Spring, the well known Miss Joyful Spring, officially arrived here with her retinue yesterday. Accompanying the perennial favorites were many of her widely known relatives and friends, the most notable among them being:

The Zephyr sisters, Miss Mild Spring-Zephyr and Miss Soft Spring-Zephyr, who never speak above a whisper; Mr. and Mrs. Spring-Showers and all the Little Showers, who are apt to be heard pattering around any time; Mme. Spring-Fashion, who has long been remarkable for her fickleness and expensive tastes.

Sir Inthe springa-Youngmans Fancy who as everyone knows, lightly turns to thoughts of Love; also the Flowerethal Sisters, Miss Bloomintha Spring and Miss Tra-la.

The venerable Sir Cecil Spring-Tonic also arrived with his dainty little pink-cheeked sister, Miss Sassafraz Tea and the lugubrious Tonic Twins, Molasses and Sulphur Tonic.

Miss June Wedding, such a social favorite here for so many seasons, will follow later. It is understood, however, that even now Miss June has a number of social engagements on her calendar.

NEWEST STYLES TO BE SHOWN AT ERICKSON'S

How very excited one becomes when "style" is to be the subject and good reason, too, for the visions presented by shops of fashion is most bewildering, yet, after all, it is a simple question, easily solved—the best styles are those most becoming to one.

In womens suits, the most noted features are the flaring side jacket, the peplum, and the cascade effect on the side of the skirt.

You will see at their best at one "style show" Wednesday night Tailored suits, Demi-Tailored Suits, evening and Reception Gowns, Coats for Sport Wear, Coats and Wraps for Dress Occasions.

The following named garments will be most conspicuous at "Style Parade" tomorrow evening. "Doucette," "Jonquille," "Vivre," "Honore," "Hirobelle" Jone et Nuet, Rayor D'or, "Artane," "Goya," "Postillion," etc.

Skirts Have Come Into Their Own The fashion of wide skirts gave a wonderful opportunity to designers to put their heart and soul into their work, which almost perished in the days of close fitting skirts. Skirt arden: they have embraced this privilege!

Of course every one says full skirts as they must be shirred at the waist for the slender, or with flare at the hips, suggesting panniers, and marvelous side pleats and tucks.

There are hosts of styles from which to select, as a suggestion, the following styles will be worn at "style parade" tomorrow night—Premiere, Lanvin, Maison Agnes, Paquin, Bonfanti, and G'Bell.

VOTERS HEAR PLANS AND ESTIMATES FOR A CITY WATERWORKS

NEW PLANT WOULD COST NEAR \$400,000—PRESENT PLANT IS VALUED AT \$228,911.38

WOULD BUY OUTSIDE OF FRANCHISE

Judge Yelland Declares Administration Plan Would Give People a Voice.

WATER PLANT FIGURES Cost of new plant, capable of supplying 30,000 population, with bay as source of supply, \$389,872.66.

Same with wells as source of supply, \$416,000.00. Appraisal of present plant's value, \$228,911.38.

Escanaba's water supply question again came into the limelight last night when a mass meeting of citizens heard the most comprehensive and authoritative discussion of the water problem which has yet been presented to the voters of the city. The outstanding features of the meeting were the estimates of the cost of a new plant, as presented by A. H. McDonald, the appraisal of the present plant, as estimated by J. E. Byrns, a statement by Mayor MacKillican on the water committee's policy, and a discussion of ways and means by Judge Judd Yelland.

The question, "How much will a new plant cost?" was answered by Mr. McDonald with the figures given above, showing an estimated difference of about \$26,000 between a plant with the bay for a source of supply and one with wells as the supply source. These estimates include the cost of a modern filtration plant in connection.

Tells of Problems Mr. McDonald's talk was not confined to the figures. He described water problems of other cities, and warned his hearers that Escanaba should not buy under the terms of the water franchise. He went over the plans he had prepared for a new water plant, and upheld the course of the city officials, who, he said, are taking the only course open to obtain a municipal plant. A number of interesting stereoscopic views were shown at the conclusion of his talk.

Mr. Byrns' report on the value of the present waterworks takes in every consideration, figuring each phase of cost, going concern value, depreciation, etc., with the final conclusion that the present equipment of the water company is worth \$228,911.38.

Buy Outside Franchise Mayor MacKillican, in the address which opened the meeting, told of the work of the water committee in the months of preliminary planning for a definite proposition to be submitted to the voters for their decision. He expressed regret that the water problem issue had been injected into the present political campaign.

In speaking of the plan of the present administration to buy the waterworks outside the terms of the franchise, Judge Yelland said that such a plan is the only reasonable course to be followed. Under such a system, he said, the people would have the right to say whether they would purchase the plant or not, while if it were bought under the terms of the franchise, the people would be forced to purchase the plant at the figure decided upon by the board of appraisers which would be selected. Judge Yelland warned his hearers to insist that the plan be chosen which will insure them the fullest possible voice in the purchase of the water plant.

McDonald at Menominee

Mayor M. B. Lloyd, of Menominee, where the proposition of buying the waterworks was put through, today telephoned Mr. McDonald, asking him to appear at Menominee tonight before a meeting of the aldermen to give them his advice on the question of obtaining a water supply from wells instead of from the bay.

\$50,000 Doesn't Look Large To Willard Fight Promoter

TEX RICKARD HAS BEEN CALLED ON HALF A DOZEN TIMES TO CALL ON HIS FINANCIAL RESOURCES SINCE TAKING ON THE WILLARD-MORAN BOUT, BUT HIS GAMENESS TO STAKE EVERY THING HAS OVERCOME ALL OBSTACLES.

New York, March 21.—No mere matter of fifty thousand dollars or so will ever interfere with Tex Rickard's plans for the Willard-Moran fight.

The clear-eyed, smiling promoter, backer of the biggest fight enterprise in the history of the game, the Jeffries-Johnson bout, is ready almost any time to dig into his tailored jeans—for Tex doesn't wear corduroys nor a sombrero and toss up a shower of bills to overcome obstacles.

Tex lays no claim to gambling sense or unusual tenacity with his money. He simply works on the principle that if an enterprise is big enough to attract him, in the slightest, it is big enough to command his entire resources, mental and financial. In the Willard-Moran fight Rickard has been called on half a dozen

U. S. AVIATORS SCOUT FOR VILLA, FLEEING AFTER FIRST DEFEAT

BIRDMEN SEARCH FOR BANDIT, WHO IS THOUGHT TO HAVE SCATTERED FORCES

CARRANZA TROOPS ROUT VILLA BAND

Sixteen Villa Soldiers Are Killed in Engagement Near Trinidad

(By Associated Press) Washington, 3:30 P. M.—A message was received by the war department from General Funston this afternoon, asking for more troops to prosecute the pursuit into Mexico on the trail of Villa.

Columbus, N. M., Mar. 21.—A wireless message received from the expeditionary forces this afternoon says that one of the American aeroplanes was wrecked in a fifty-foot fall. The pilot was injured, but not fatally. Two other aeroplanes are reported as missing.

El Paso, Mar. 21.—Aviators of the United States army are reported today to be searching the almost blind trails leading to the passes in the Sierra Madre mountains, where the bandit Villa may seek to escape after his defeat by the Carranza forces yesterday at Namiquipa. Details of the fight, in which Col. Chano with about 900 Carranzistas took part, are still lacking but reports say that Villa was badly worsted and fled leaving his dead and wounded behind.

Captain B. D. Foullos is in charge of the seven birdmen who are flying ahead scouting for Villa, who after the fight with Chano, it is thought, will scatter his band rather than risk an engagement with the American troops, which are said to bar the way to the north.

Task a Difficult One

Army officers agree that if Villa's army would break up into small bands and turn to the Sierra Madres it will be well nigh impossible to capture him. He spent his early days as an outlaw in these mountains, through the passes of which an army and its transports cannot move. It requires ten or twelve days to negotiate these passes into the Sonora district. It is probable, however, that Villa will not go into the Sonora district, where he is hated and feared on account of his raids. Mexicans here believe that he will hide away in the mountains until the American troops have given up the chase.

Mexican Consul Garcia, in El Paso, says that Villa would enjoy nothing more than to lead the American troops into a wild chase in these mountains and then laugh at their efforts to capture him.

Villa Force Routed Torreón, Mexico, March 21.—Government troops routed a band of Villalistas at Trinidad yesterday, killing 18

times to show his gameness and the color of his corpuent roll.

First, Willard demanded \$40,000, a price the mere mention of which would have sent most promoters up to Harry Thaw's old rustic manse at Matteawan. Then Jess fiddled around with a case of croup, bouncing the plans in the air day after day while Rickard's fortune depended on him.

Meantime Rickard was stuck for dozens of long-distance calls between Chicago and New York and those calls don't come for a nickel a throw. The phone bill ran into four figures. It was understood at the time. Tom Jones, Willard's wealthy manager, squeezed the luscious fruit of the championship again when it came time to leave for New York.

By all the rules of the game Willard has been called on half a dozen

### SCANDINAVIAN MASS MEETINGS

Unity Hall, Tonight at 8:00 p. m.  
Sw. Lutheran Church, Tomorrow, 8 p. m.

These meetings will be addressed by Dr. David Ostlund, lately from Iceland. Swedish language will be used.

David Ostlund is a Swede by birth. He has, however, had his lifetime divided up between the Scandinavian countries, having spent his first 17 years in Sweden, the next 11 in Norway and Denmark, and last, but not least 17 years in Iceland, where he has been a minister of the gospel and also for quite a number of years the editor of a widespread Icelandic journal. He has taken a great interest in the Scandinavian languages and knows them all very well, also the difficult Icelandic. He is given a very fine reputation for his Scandinavian scholarship by the professors of the university of Reykjavik, Iceland.

Among his special interests may be mentioned his work for temperance and total prohibition in Iceland. This country has now, since the first of January, this year, in action the most perfect law of prohibition that any land has, since the manufacture, importation and sale of alcoholic drinks are all strictly prohibited. Mr. Ostlund wrote more in the campaign for prohibition in Iceland than any other man, and as a recognition by the temperance people of Iceland, was twice selected as a representative of the Icelandic Temperance Movement to international congresses held in Belfast, Iceland, 1905 and in Washington, D. C., 1906.

# WHO IS C. A. WINDLE?

Here is What JOHN F. CUNNEEN of Chicago, a Catholic and a Union Machinist Says About Windle:

"C. A. Windle was president of an A. P. A. lodge, holiness preacher and a party prohibitionist in Cornell, Ill., about 25 years ago. He found he could not destroy the Catholic church with the A. P. A., so with great cunning he changed about and became a great saloon champion. The saloon will destroy more Catholics in an hour than the A. P. A.'s would in a thousand years.

JOHN F. CUNNEEN."

Mr. Cunneen has published this statement over his own signature in many local option campaigns, and WINDLE HAS NEVER DENIED THE TRUTH OF THE STATEMENT.

Mr. Cunneen has been engaged to give a series of local option addresses in Delta County on March 31st and April 1st and 2nd. He will repeat this statement about Windle in his addresses in this county.

#### FORM ORGANIZATION FOR NEW CANDIDATES

Scott Will Run as Slip Candidate For Supervisor in Coming Election

One of the most enthusiastic demonstrations that has taken place in local political arena in lo, these by moons, developed Sunday as culmination of a series of preliminary meetings in which L. E. Scott to the will of about thirty of supporters and consented, after assurance had been brought to bear incessantly for the past two weeks, to become a slip candidate for office of supervisor.

They also went on record as opposing the injection of any objectionable features in the campaign. Partly to avoid confusion in the matter of slips and partly because it was not desired to put up opposition to some of the candidates, candidates for but few of the offices were indorsed and no candidates were suggested except L. E. Scott for supervisor, Walter Darrow for clerk and Carl Vietske for highway commissioner. These three candidates were unanimously indorsed for the respective offices.

Those present were emphatically of the opinion that there should be no misunderstanding between these slip candidates and the usual slip candidates that develop following a caucus. If elected, a clear case will have developed of the office seeking the man. The electors sought out these men and urged upon them to take the stand that they have taken and altogether it was a distinct movement on the part of the people to secure desirable slip candidates made necessary by the sudden application of the law changing the dates for holding caucuses, March 13 being the last date upon which a regular caucus could be held.

#### BARBOO WILL RUN IN SPITE OF REPORTS

Following the regular township caucus Levi Barboo gave out the word that inasmuch as he was defeated by the small margin of two votes that he would be a slip candidate. Since that time it has been rumored about that he had decided to with-

draw. "There is no truth in the report," said Mr. Barboo to the writer a short time ago. "You may state in the paper that I am to be a candidate in spite of the reports and if elected to the office of supervisor I will give the duties of the office all of the attention that they require in the event I am elected."

Levi Barboo has a strong following and his ability for vote getting has stood the test in the past.

#### AFTER FIVE YEARS

Escanaba Testimony Remains Unshaken

Time is the best test of truth. Here is an Escanaba story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. A. V. Lindquist, 1401 Escanaba Ave., Escanaba, says: "I suffered from backache for years and had a dull, heavy ache across my loins. I tried many remedies and consulted doctors, but didn't get relief. Two boxes of Doan's Kidney Pills, procured from the Mead Drug Co., removed the trouble."

OVER FIVE YEARS LATER Mrs. Lindquist said: "I use Doan's Kidney Pills occasionally and find them just as represented."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lindquist had. Foster-Milburn Co., Props., Buffalo, N. Y.

GRACES OF THE SPIRIT.

Some days ago we quoted Gerald Massey's line, "Lean out your soul and listen," but the distinguished composer wouldn't have it so, and so he had it "clean out your soul and listen." After some reflection we accept the amendment, especially during these "clean-up" days, when we are called upon to put our premises, alleys and streets in order, says Ohio State Journal. Well, there are back yards, alleys and streets of the mind that need cleaning as well as the material ones. In fact, there is no sense in cleaning up one without cleaning up the other. There is hardly a soul that does not need cleaning quite as much as the premises and alleys. There are prejudice, spite, suspicion, selfishness, unkindness, hate, deceit, hypocrisy and a score of other vile and corrupt spots in the soul that need to be cleaned out. A nice lawn, a weedless garden, bushes of flowers are all pretty and desirable, but they are of little value compared with the nobler traits and graces of the spirit. And really their influence upon the public taste and sentiment are nil unless the spirit behind this natural loveliness possesses somewhat of its character and beauty.

Passports are a very ancient institution. Some of the old monkish chroniclers mention as an achievement on the part of King Canute that he obtained free passes for his subjects through various continental countries on their pilgrimages to the shrines of the Apostles Peter and Paul at Rome. Each pilgrim was furnished with a document in the nature of a passport called "Tractura de Itinere Peregrina." Hall in his "Chronicle" makes reference to a system of passports in the time of Edward IV and the enforcement of this system is known to have been very strict in the reigns of Elizabeth and James I.

A Brooklyn physician says that thyroid gland, desiccated, is a preventive and cure for the grippe. As a prophylactic its effect lasts in different persons for various periods up to one year. As a remedy he declares it to be a specific. The dose as a prophylactic is two grains thyroid gland, desiccated, at 11 a. m. and 4 p. m. The dose for those who have contracted the disease is two grains thyroid gland, desiccated, three or four times daily. It will be interesting to note the judgments of other physicians on this announcement.

Music's potency as a therapeutic agent is being demonstrated again just now in the hospitals in England. The physicians have recorded remarkable results from the effect of music on soldiers who have suffered from gun fire and bombing and have returned from the fighting line mere nervous wrecks. Some specialists have gone so far as to say that no other cure has brought about such permanently good results.

Europe is said to know our secret diplomatic code. Why couldn't we adopt football signals, if would have something truly American that no European knows anything about?

The camera is pitiless. That is one reason why an elderly actor finds it hard to make an impersonation of youth convincing in the movies.

NORTH DAKOTA PRIMARY TODAY IS A FIGHT FOR DELEGATESHIPS

Bismark, N. D., March 21.—North Dakota's presidential preference primary today developed in to a fight

for positions as delegates. There was no fight for the head of the ticket. Twenty-seven democrats sought to go to St. Louis, all pledged to Woodrow Wilson: Other fights were equally interesting. Wilson was the only democratic presidential candidate.

Henry D. Easterbrooke, New York, was the sole nominee of the Republicans, although he did not have the support of the old guard Republicans, who were noncommittal. Progressive Republicans went to the polls with Senator Robert LaFollette of Wisconsin at the head of their ticket. Arthur Lesuer, Minot, N. D., was the sole Socialist candidate.

IS THIS ANOTHER INSTANCE OF "TEUTONIC FRIGHTFULNESS?"

(By Associated Press) London, March 21.—British family doctors are in a quandry. The finicky chronic patient who has been accustomed to taking red, saffron or green elixir isn't satisfied with the color now. Neither are the family physicians, according to the wholesale druggists, but there is no alternative. The cochineals for the red tonic that does the chronic patient so much good, while it is red, is getting scarcer and scarcer. The innocuous saffron which his secretly put into the bottle just to make the mixture yellow is about exhausted and the chlorophyll which forms the basis for a pretty green is simply unobtainable.

**AS GOOD AS A CHEW OF "SPEAR HEAD"**

That Means the Supreme Degree of Rich, Luscious Tobacco Flavor

**NO OTHER CHEW EQUALS IT**

Nature varies the flavor she puts into the different grades of tobacco leaf, and the best of all is the flavor of choice red Burley that pleases you so mightily when you chew Spear Head. The delicious fruity flavor of a chew of Spear Head is a revelation to the man who has never chewed or who has been chewing near-good tobacco. For chewing is the one way to get all the wholesome, healthful, appetizing flavor of the tobacco leaf—providing you chew a high-grade plug like Spear Head. No other tobacco can compare with Spear Head in the wholesome satisfaction it gives. You get more savory sweetness in a chew of Spear Head than in a whole plug of ordinary tobacco. And you get it in its purest form—Spear Head is made amid the most wholesome surroundings, in a great, new factory that's kept absolutely clean and sanitary. Try this rich, mellow, satisfying, pure chew. Such a chew cannot be obtained in any other tobacco than Spear Head. In 5c and 10c cuts.

letting in the public to watch his Moran shis training affrays free. Rickard is paying his training expenses. Rickard is paying Jess Willard's training expenses, too, but no one ever tried to horn into the Pioneer A. C. while he was on, without dropping two bits in Tomaso Jones' outstretched bonnet.  
That training money of Willard's ought to set another brace of diamonds in the glittering head of Tom Jones' walking stick.  
It's a safe bet the easterner thought some caustic things when Jones announced he was going to charge admission to his training quarters, but he never peeped and so far as any word from him is concerned he is perfectly satisfied to have his big attraction shielded from the public.  
Experienced promoters agree that it's bad for the box office to let a reigning soubrette be seen very often outside the theatre. The same goes for movie people, too.  
Something in the psychology of the crowd prescribes that celebrities shall be shielded as much as possible when not performing for a price, if their popularity is to stand. The public soon finds, perhaps that the soubrette has a wart right on the end of her nose, that the constant use of paint has given her a skin like the hide of

an alligator and that her complexion is not at all what it has been fancied. But in the case of a heavyweight champion the crowd reverses itself. The crowd wants to see a champion on the street, to unconsciously imitate his swagger and wonder how in the dickens he ever got that scrambled ear.  
Joe Gans was once a popular champion and an example of crowd curiosity. Though a negro, and of a retiring shrinking disposition off-stage, Gans one day choked Madison street, Chicago for a whole block when some one discovered him and shouted his name. It was just after Gans had beaten Kid Herman the victory following his first crowd and elbowed up to Gans, prepared to avert a murder or nab a safe-cracker. Why? learned it was Gans the cop's jaw fell and he was just as awe-stricken at the smallest kid in the crowd.  
If Willard were to show himself along Broadway now and then and shake hands with a few of the hundreds who are going to pay \$25 each to see him step 10 rounds it is a safe conjecture that he would be much more popular. Only the bigness of the town is going to sell out the house on the night of March 25; Willard's popularity will have little to do with it.

**Attention, Mr. Pelter, and Delta County Local Option Association:**

Mr. Windle is here. He agrees to give half of his time tonight to any Champion of the "Anti-Saloon League" who will undertake to defend Prohibition, on the ground that it is right in principle, Christian in character and a cure for the evils of intemperance. If Prohibition cannot be defended on these grounds, it is unworthy of support; it hasn't a leg to stand on.

**What to Do for Eczema**

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 25c or \$1.00 for extra large size, get a bottle of Zemo. When applied as directed, it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is dependable and inexpensive. Try it, as we believe nothing you have ever used is as effective and satisfying.

**"WETS" WILL NOT DEBATE**

"Windy Windle," as usual, dodging issue. Time after time Windle has been challenged to debate such questions as proposed by Dr. Dickie, namely, "RESOLVED, That the Liquor Traffic Ought to Be Prohibited," and Windle comes back with another question, so that he can take the affirmative. The

question as submitted by the Drys is in the affirmative; therefore, we should have the question stated so that it gives us the affirmative and as we issued the challenge and submitted the question, there is only one thing Mr. Windle should do and that is to accept or reject. And it is very evident that he has de-

ecided to REJECT in that he has not accepted. Dr. Dickie will be in Gladstone on the 27th and in Escanaba at the Peterson Opera House on the 28th at 8:00 o'clock. As Mr. Windle is afraid to meet Mr. Dickie, use the fine tooth comb, Mr. Powell, and bring in any man that you have in the United States, and let us have this debate.

#### Fall to Hear From Troops

San Antonio, Mar. 21.—Failure to hear from cavalry divisions of General Pershing's force was noted at Funston's headquarters today, but did not arouse any anxiety. It was reported that cavalry detachments along three trails were out of communication other than that afforded by the signal corps, and that General Pershing himself would probably not receive reports from these detachments until after considerable delay.

## Says Movies Should Be Put Under Management of State

HEAD OF CHILD WELFARE DEPARTMENT OF KANSAS UNIVERSITY DECLARES FILMS ARE GREAT EDUCATIONAL FORCE, AND SHOULD NOT BE LEFT IN THE HANDS OF COMMERCIALISTS—ADVOCATES CONTROL BY THE STATE.

Lawrence, Kans., March 21.—"Kansas should take over and manage the motion picture business as it has the publication of text books," declared William A. McKeever, head of the Child Welfare department of Kansas university in an interview today.

"The motion picture business is today our greatest educational force," explained the professor, "and yet it is in the hands of commercialists.

"A state board of educators in full control and management of motion pictures could, at present prices, clear a million dollars annually for the school fund. It could do vastly more than this. Through the right selection of films and especially through the use of films made to its order by artists with educational insight, the state could create for its rising generation a new set of high ideals.

"Our state censorship has done a courageous and commendable work, but it is placed by the law at the losing end of the game. Seventy-five per cent of the films shown in Kansas today are cheap and mediocre productions. About half of them are depictions of some base crime or other form of human depravity.

"Those shows are breaking down our high ideals of moral integrity and Christian citizenship. Thus the thou-

sands of acts of altruistic suffering, sorrow, sacrifices and other forms of virtue are crowded out of the films, while theft, murder, robbery, family brawls, sexual sin and uncleanness are played up under a veneer of fine clothes and a glare of bright lights.

"Thus, through its subtle influence in breaking down the ideals of the family, of Christian worship and services, the science of motion pictures is being permitted to blast the 'Rock of Ages.'
