A MICHIGAN ANOMALY

The current issue of Harper's Weekly, edited by Norman Hapgood, takes a rap at E. O. Wood, national committeeman from Michigan, for using his office to promote his own power at the cost of harmony and the interest of his party.

"It has been the policy of the Washington administration to recognize the national committee in its distribution of patronage, and in some states this practice has brought embarrassment. Just now we have in mind the situation in Michigan, where the

national committeeman, E. O. Wood, the state leader for Harmon in the pre-convention contest, and closely allied with the reactionary element of the party, has used his office to promote his own power at the cost of harmony and the interest of his party. He has taken every opportunity to punish the active workers for Wilson in proportion to their activity and to the amount of their contribution of time and money to the nomination of the President. He has persistently resisted the recognition of any man who differed with him in the pre-convention contest. The men in the state who are strongly back of the Wilson administration have induced William A. Comstock, an ardent supporter of the President, to make the race against Wood. Mr. Comstock represents the respectable and progressive element. He served as regent of the University of Michigan and he is serving his second term as mayor of the strongly Republican city of Alpena.

"No doubt the Washington administration would enjoy a change in the Michigan situation that would unite all the factions and furnish peace on earth. It has had no easy time. The President has had very big things to think of and his is not the type of mind to dwell on the details of local appointments from the point of view of local factions. The whole system, of course, of throwing such things on the administration is wrong, but it is a fact that has to be dealt with. The old school, to which Wood belongs, holds its forces together by the hope of office holding. In 1912 he lined up a number of anti-Wilson delegates by promising post-offices, some of which promises he was able to keep by virtue of the custom of following a national committee-man's recommendation in districts represented by Republican congressmen, and thus was held the spectacle of offices being given out by a national administration as a reward for efforts to keep that administration from getting in. The progressive element hold that even on the lowest plane Wood has not proved a success. Obviously one moral of the mix-up is that a national committee-man should be in harmony with a national administration."

THIS FINISHES IT.

Unless something unforeseen happens this will be the last issue of The Mirror until Monday evening. We may issue a Sunday paper, but hope that it will not be necessary. This whole campaign has not been

pleasant on account of the personalities that have been injected into it. We would much rather have told our readers more about "The Birth of a Nation" which is coming here next Monday for four days, but justice and common sense forced us into the battle and we felt it our duty to the readers of this paper to tell them what the effect of local option would have upon Escanaba.

At this late hour we are not going to bore you with a long argument, but will simply call your attention to a few brief facts.

If local option carries the town WILL NOT be dry.

If local option carries, the city WILL NOT be dry.

If local option carries taxes WILL be higher.

If local option carries many people will not be able to pay any taxes.

If local option carries, those who have invested their money in the local breweries will suffer a big loss and the property cannot be assessed as being worth anything.

If local option carries the stamping out of the blind pigs will be much harder than the regulation of the saloons.

If local option carries property values will be decreased about 30 per cent.

Forget about the mean part of this campaign and vote for what is best for Escanaba.

Thanks!

Although The Mirror is supporting Mayor MacKilligan for re-election the columns of this paper are open to his opponent for any statement he wishes to make. In fact Alderman Smith opened the newspaper campaign himself.

Whether or not The Mirror issues a Sunday paper will depend in a great measure upon what happens between now and tomorrow. We are all ready to turn the hose upon any belated campaign bunk that appears.

O. V. Linden has during the last year proven himself a most competent city clerk. He has carried on the duties of his office in the most satisfactory manner and fulfilled all the promises he made before election.

GORDON'S BUSINESS COLLEGE
(Eleventh Year)

To the Citizens of Escanaba

IS THE WATER COMPANY TO BE THE POLITICAL FOOTBALL OF ESCANABA?

We have tried to keep the question of valuation of the water plant out of politics, and we want to keep it out now. The amount involved is too large and the question too serious to be made a matter of politics. It should be decided in a fair and impartial way outside of politics. Consider this carefully.

WOULD YOU LIKE TO SELL YOUR BUSINESS AT THE OTHER FELLOW'S PRICE?

Many mis-statements have been made during the past few weeks of the Company's position and the terms of the franchise. THE METHOD OF VALUATION PROVIDED BY THE FRANCHISE DOES NOT FORCE THE CITY TO BUY. IF AFTER SEEING THE PRICE OF AN INDEPENDENT VALUATION THE CITIZENS DECIDE IT IS TOO HIGH, THE APPRAISAL WILL NOT PREVENT THE CITY FROM BUILDING ITS PLANT, BUT THE COMPANY MUST SELL IF THE CITY WANTS THE PROPERTY AT ITS APPRAISED VALUATION. THE CITY CANNOT LOSE AND MUST GAIN BY AN APPRAISAL.

Remember, Mr. Citizen, we have never put a price on the property. The Company's proposition which has been in the Mayor's hands since last July will show this. The Chapin report was given merely as a guide to the city in outlining various parts of the property and subject to revision and proper depreciation in values. WE HAVE SET NO PRICE AND DO NOT EXPECT THE CITY TO DO SO. LET CAPABLE MEN DO IT. WE DO OBJECT TO A MAN WHO IS BY PROFESSION A LUMBER INSPECTOR, AND WHO HAS NO EXPERIENCE IN THE CONSTRUCTION OR VALUATION OF WATER PLANTS, PLACING A PRICE UPON OUR PROPERTY. Not until the last minute was the Byrns' report released. We have not been given time to analyze the report and prove inaccuracies of which our preliminary examination convinces us there are several.

The same is true of the Burns & McDonnell report. This has been in the hands of the Water Committee since March 18th. On March 21st, the City ordered the payment of \$1,750.00 to these engineers for their services. However, the report was not placed with the city clerk for public inspection until March 29th, just three business days before election, and of course our engineers have not had an opportunity to examine the estimate.

When our engineers have gone over these appraisals and estimates, we will give the public the benefit of their opinions.
If Mr. Byrns is qualified to value the present plant, why secure the services of hydraulic engineers to draw plans for the construction of a new one? Why not let Mr. Byrns build your new plant for you? ISN'T IT BE-

CAUSE YOU HAVE NO CONFIDENCE IN HIS ABILITY ALONG THESE LINES!

If there is any unfairness in the method of selecting the third engineer thru appointment by the Circuit Court, we are willing to leave the selection of the third engineer to a group of prominent citizens of Escanaba in whom you have confidence, and who will protect the interests of the City. You will then have two engineers on the board and we have only one. We know any board composed of impartial and expert engineers can readily fix the value of this property, protecting the interests of the City, eliminating politics and setting a fair price, which is all we want.

HAS ANYBODY ELSE SPENT AS MUCH MONEY IN ESCANABA SECURED ONLY BY FAITH IN ITS CITIZENS?

We have shown our confidence in the City of Escanaba and our belief in the fairness of its citizens when, during the past four years, we have spent in the face of a maturing franchise over \$50,000.00 in improvements to give you good service.

All we ask is fair treatment, and we believe, Mr. Citizen, you will give it to us. Keep this question out of politics and give us time to prove to you any inaccuracies that have been stated. We urged last September immediate discussion of the value of this property, but only now, eight months afterward, on the eve of election does one appraisal come out. THE OTHER WAS WITHHELD EXCEPT AS TO TOTALS UNTIL THREE DAYS BEFORE ELECTION. In fairness to us, give us a few weeks to arrange the data necessary to show our side of the question, and then decide what you want to do. We do not want one dollar more than this property is worth. If you, Mr. Citizen, are protected by the proper qualified representatives, you are sure your interests will be cared for. Our engineers have not yet been able to secure a copy of the plans and estimates of the cost of the proposed new plant. HAVE YOU SEEN THEM, MR. CITIZEN, AND DO YOU KNOW WHAT YOUR MONEY IS GOING TO BUY? If you buy our plant you know what you are getting. ANYTHING ELSE IS ESTIMATES. If an independent board should say this plant was only worth \$100,000.00 we would have to accept it. All we ask is a fair method of fixing the value of the plant.

We are "Strangers in a strange land." Will you, Mr. Citizen, protect your own interests and also protect ours by assisting in arriving at a cost valuation for this plant, eliminating the possibilities of competing plants, increased taxes, disorganized City highways, and the multitude of troubles and expenses that would arise, if it were not possible to settle this question amicably. We are in your hands, Mr. Citizen. It is up to you. TREAT US JUST AS YOU WOULD WANT TO BE TREATED, AND WE CAN ASK FOR NOTHING MORE.

themselves the commendations of the taxpayers for their wise business administration.

We want to call your attention to the fact that the current cash on deposit in open account amounting to \$13,000.00 is sufficient to run the city until May 1st.

In conclusion, the Non-Partisan party has attempted to conduct this campaign without injecting personalities into it. We have tried to stick to facts, and tell the truth. This, we are going to continue to do, regardless of many false statements circulated on the streets. We believe there is only one way to do business, and that is to do it right.

We have nothing to cover up and the record of the present administration during the past year speaks for itself, and is open to investigation by any citizen. There is one way to deal with the public and that is to take them into your confidence. Tell them honestly what you have done and what you propose to do. Now Mr. Voter we leave it in your hands and we have confidence enough in the intelligence of the voters of Escanaba to feel they are going to handle it right, and the whole business will eventually be decided in the interest of the taxpayers, and neither the Water Company, nor anyone else will be in a position to say that they have treated unfairly.

To the Citizens of Escanaba

In answer to the circulars sent out and advertisement paid for by the Water Company and appearing in this issue of the Mirror, we wish to call the attention of the citizens to the following. The Water Company claims they have tried to keep the question of valuation of the water plant out of politics, as it is too serious a question to be a matter of politics; citizen, in reply to this statement, we wish to call your attention to Mr. Smith's statement that appeared in the Mirror under date of March 27th, wherein he states he is in favor of an appraisal that will determine the practical value of the water plant even if the value is only one hundred thousand dollars. This statement is a repetition of what the water company state, and you can decide for yourself what attorney wrote Mr. Smith's platform. The Water Company further state the method of valuation provided by the franchise does not force the city to buy, if, after seeing the price of an independent valuation the citizens decide it is too high, and further state the company must sell if the city wants the property at its appraised valuation; this statement is absolutely wrong. If the city concludes to submit to an appraisal according to the franchise, it binds the city to pay whatever price is agreed upon no matter if it amounts to half a million dollars. They further state they have never put a price upon the property, and do not expect the city to do so, and further state: "Let capable men do it." Citizens under date of August 3rd, 1915, the Water Company in their communication to the council stated the company is willing to sell the plant and property to the city for the sum of \$401,350.31, or willing to abide by the terms of the franchise. They further state: "Has anyone else spent as much money in Escanaba secured only by faith in its citizens." This sounds rather odd at this late day, that they have placed so much confidence in our citizens and all they ask is fair treatment. Mr. Voter, you placed every confidence in the Water company when you gave them a franchise thirty years ago to furnish pure and wholesome water. Was your confidence misplaced or did the Water Company give you fair treatment, when they gave you poor service in the way of fire protection, that has kept your insurance rate 50 per cent higher than other cities of the same size, did they give you fair treatment in furnishing you poor water that caused the deaths of many of your relatives and dear friends from typhoid fever; oh no, and now when they have something to sell to the city they claim: "We are strangers in a strange land." Will you, Mr. Citizen, protect your own interests and

also protect ours by assisting in arriving at a fair and impartial valuation for this plant, eliminating the possibilities of competing plants, increased rates, disorganized city highways. When the Water Company franchise expires June 10th, that will be the time for you to consider what kind of treatment the Water Company is entitled to. Mr. Smith, candidate for Mayor, in his article in the Mirror March 27th, states he is opposed to tearing up the streets and alleys, at a great loss and inconvenience to the public. He undoubtedly received this inspiration from the Water Company, who are so interested in the welfare of the public that they had Mr. Smith take a picture of the new sanitary sewer on Norris Street near F. L. Baldwin's home showing the material cast aside of the sewer representing a nineteen and a half foot cut, in fact the deepest cut along the route, and have had this picture thrown on the screens of the moving picture houses in the city outlining what would happen to our streets if the city did not buy the water plant; whereas any and every citizen knows that water mains are laid between five and six feet under cover. If the Water Company wants to keep this out of politics why do they circulate the pamphlet and put the advertisement in the newspaper, unless it is for the express purpose of inducing some people to vote for Mr. Smith, who have not had an opportunity or taken the time to dig into both sides of the question. Remember this Mr. Voter, that the Non-Partisan party, Mayor MacKilligan, nor any of the members of the council have it within their power, to confiscate the property of the Water Company. Mr. Byrns' report has been made and submitted to the public, and whether he is a Lumberman, or not, has nothing to do with the situation. It would seem to us that it is up to the Water Company to prove by facts and figures that Mr. Byrns' figures are not correct. You will also notice Mr. Voter, the question, "If you buy our plant you know what you are getting." There is no reason to suppose that the committee handling this question will treat the water company in any way but a fair way, and in the same spirit that they have given the citizens the information so far gathered pertaining to the question. In conclusion all we ask the Citizens of Escanaba is to view with impartial judgment the fact that the present administration is operating along lines that are to the interests of the city at large, and with this endorsement on your part the Water Question will be handled satisfactorily to the public. (Signed) NON-PARTISAN PARTY.

AT THE THEATRES

The next big attraction at the Delta will be D. W. Griffith's mighty spectacle "The Birth of a Nation." The engagement begins on Monday night and is for four nights and three matinees.

This is the great production which is still making a record run of over 600 performances in New York City where it created the sensation of the season. It is estimated that over two million people have seen the production since it was originally brought in the east. It has other sensational runs in Boston, Chicago, San Francisco and Los Angeles to its credit.

Mr. Griffith was eight months making this wonderful story. He employed 18,000 people and 3,000 horses and the total cost of the work reached the enormous figure of half a million dollars.

The story is one of romance and adventure linked to the most vital periods of American history. It records its facts with the rapidity of lightning

and yet never departs from the fundamentals of true drama, Love and conflict are its basic theme but a myriad of details illumine the narrative and lift it so far beyond anything our stage has ever known that the usual avenues of comparison do not offer a road to follow in this instance. Linked with the drama is an operatic score which carries recurrent themes with every vital scene and character in the epic. This wonderful score which is synchronized to the drama is in itself an incomparable work of art. An orchestra of forty travels with the attraction to handle the musical features of the presentation.

That part of history dealing with the rise and fall of the slavery problem is the vital spark upon which Griffith has built his story. The conflict which this question caused is reproduced in great battles and in all the thrilling things which are a part of its history.

BAT NELSON SAYS HE IS A COWARD

Ex-**Lightweight Champion Denies He Loved to Fight.**

HATED TO ENTER RING.

Famous Battler, Who Took More Punishment Than Any Other Pugilist, States He Dreaded Black Eyes and Tin Ears—Money Was His Only Attraction.

Bat Nelson is a coward. This will be news to fight followers who know the many hard battles the Dane has been through; but, as Bat himself says he wasn't game, the statement will have to be given credit. In a talk with Ed Smith in Chicago Nelson acknowledged that on many occasions he only managed to keep from going to the mat for a nice little rest by lulling himself and his opponent. In part Bat raves this way:

"They used to say I loved to fight. They said I gloried in being punched and that I was impervious to pain. They often wrote big stories of how eager I was for the battle.

"Now, for the first time I'm going to tell you the truth. I hated to fight. So does every fighter. I never got into the ring without a feeling of dread. I knew that I was going to get punched. I was going to get hurt. I was going to get black eyes and banged up ears and bloody noses galore. I knew that for a few days after the fight I was going to be sore in every muscle and creaking in every joint.

"I knew some fellow cleverer than I was going to stick his left jab into my right eye and then smash his right hand against my jaw. And they tell you that's a pleasant prospect and that a man 'blocks' in it. It's not on the face of it; that's what I say, and nobody that ever got into a ring can deny it.

"I have come out of battles all battered up. Folks have been waiting for me to take lunch with them after a fight. A guy through usually waited in the hotel cafe. Sometimes I joined them, but not often. Do you know what I had to do? Well, I had to go to my room and have a rubber pound the soreness out of my flesh and a boy hold ice cloths to my face. This would last several hours, while downstairs the throng would enlorge Nelson for his gameness and spend the money he had won for them.

"Now, here's the real inside; Remember my fight with Hanlon? Also the one with Canole? I received my most severe punishment in these fights. In both battles I was tired at times—fearfully tired. Time and again I felt like sinking to the floor. That canvas looked so nice and soft and inviting; And by standing up I got more punches in the jaw and on the body. Gee, but I wanted the fight to end—at times I didn't care how, just as long as it ended. Canole hit me in the liver in the fourth round, and I actually howled with pain for five minutes. Poor Martin thought I was cursing him. Had he known how badly I was hurt he might have finished me.

"Throughout both fights I was kept on my feet by just one thing—the knowledge that no matter how tired I was, the other fellow was just as tired, and in all probability just a little bit more tired. Every round I figured that if I could stand on my feet for two more rounds the other fellow might quit in one. That's all that saved me.

"And look of all that so-called gameness there stands out the fact that, like Lenx Cross, I was a business man. I knew that a reputation for gameness and durability were the two capitals of Battling Nelson.

"It's purely a business proposition. Gameness is the ability to stand up and take the gaff—not because you like the gaff, because nobody does, but because you know you'll be a dead one in a business sense unless you do."

"I never loved to fight. But I loved the money it brought me. With that money I could enjoy life and make life enjoyable for my family.

"I never knew a man who loved to fight. Neither did you nor anybody else. I never knew a man who loved punishment. No such man ever existed. I never knew a man who loved to punish his opponent unless the reputation of his loving to so treat the other man compelled in part his ring capital and made him a card."

"Always original, the 'Durable Dane' seems to have put a new idea into the annals of the ring. There is no questioning the fact that Nelson was the gamest and most courageous of all fighters. It is ring history that in more than 250 fights he has never backed one inch away from an opponent.

"When a man of this caliber says that there is no such thing as a man loving to fight, no such possession as what is known as physical gameness, his words must bear weight.

Willard Doyle who has been visiting in the city expects to return to his home in Menominee tonight.

your Easter clothes!

Easter is the "dress up" day of Spring— "everybody" dresses just as well as he can on Easter Sunday—it's been done every year for years and its going to be done again this season.

You'll find no better way of "dressing up" possible than to order one of our custom tailored, made to measure suits or overcoats.

The clothes will fit you as no other clothes have ever fitted you before—perfectly, precisely, accurately—make you a better dressed man than you've ever been—and provide all these advantages at the same price you've always paid for ordinary clothes.

The fabrics will be of a truly distinctive character woven to order only for custom tailors and not to be had in other lines—you're thus assured that the fabric you choose possesses an uncommon excellence which will demonstrate your good taste and arouse admiration wherever it's worn.

The tailoring will be entirely done by hand—even down to so minute a detail as having the button holes stitched by hand. Hand tailoring hardly requires any praise of ours as a proof of its advantages—well dressed men know how very much hand tailoring means.

You want your Easter clothes to put you at your ease, to stamp you as a man who knows what to wear and what to choose—if you decide upon custom tailored clothes you're sure that you've accomplished all these things. And the clothes take but little time in the making.

Best dressed men will wear clothes made by The Continental Tailors of Chicago for Easter.

DOG IS SQUIRREL'S FRIEND

Animal Belongs to the Bride of Governor Brumbaugh of Pennsylvania.

Harrisburg, Pa.—The hundreds of squirrels in Capitol park have found a new friend. His name is "Fritz."

"Fritz who?"

Why, to be explicit, "Fritz" Brumbaugh, "first dog of the state," if you please, pet of none other than Mrs. Brumbaugh, bride of the governor of Pennsylvania.

Mrs. Brumbaugh, who is a great lover of animals, has brought to the Executive mansion from her German town home her dog "Fritz," a St. Charles spaniel, full of clever tricks and good nature. "Fritz" took a decided fancy to the frisky little gray squirrels which infest Capitol park and the river front park in front of the governor's home the moment he got his eye on them.

And, strange to relate, the squirrels have no fear of Fritz. And so one more opportunity is given the great T. R. to shout "nature faker."

AFTER FIVE YEARS

Escanaba Testimony Remains Unshaken

Time is the best test of truth. Here is an Escanaba story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. A. V. Lindquist, 1401 Escanaba Ave., Escanaba, says: "I suffered from backache for years and had a dull, heavy ache across my loins. I tried many remedies and consulted doctors, but didn't get relief. Two boxes of Doan's Kidney Pills, procured from the Mead Drug Co., removed the trouble."

OVER FIVE YEARS LATER Mrs. Lindquist said: "I use Doan's Kidney Pills occasionally and find them just as represented."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lindquist had. Foster-Milburn Co., Props., Buffalo, N. Y.

CASH BOWLING PRIZE PLAN GETS APPROVAL

A Lake Linden article in the Houghton Mining Gazette, discusses the recent U. P. bowling tournament there as follows:

So thoroughly in harmony with the plan of substituting cash prizes for cups and other trophies are the bowlers affiliated with the Upper Peninsula Bowling association, that the plan is likely of adoption in future tournaments. The plan was experimented

within Lake Linden this year when a total sum of \$168.70 was divided among the winning bowlers.

The bowlers see in the plan a medium of covering at least a part of the expense met in attending tournaments. To begin with the cost of transportation and hotel bills for visiting bowlers runs high, and even though an outside team wins the highest honors and trophies, the latter does not reimburse the bowlers in a financial way. The innovation this spring replaced the banquet as well as the prizes and has met with such strong favor that there seems little doubt it will continue in future tournaments.

How Melon Was Split.

Lake Linden bowlers grabbed the bulk of the melon when the awards were announced as will be seen by the following:

- Five-man teams—
- Big Lakes, first, \$40.
- All Stars of Lake Linden, second, \$25.
- Pathfinders, Marquette, third, \$15.
- Iron River, fourth, \$10.
- Doubles—
- Hennes and Peifer, first, \$20.
- Pfuffig and H. Ketttenbell, second, \$15.
- Smith and Curran, third, \$10.
- Buschell and Barbeau, fourth, \$5.
- Singles—

C. Mitchell, Hancock, \$10.
G. Mitchell, Hancock, \$6.
Hendrickson, Ishpeming, \$4.
Percy Messner, Calumet, \$2.

Grand high average—

A. A. Barbeau, Lake Linden, \$11.70.

The last prize represents the treasury balance after the general expense have been deducted from the receipts.

Escanaba bowlers left word with the copper country pin spillers that no regrets will be expressed for awarding that city the 1917 meeting.

The visiting delegation paid the Ketttenbell allays and local bowlers a high compliment before leaving by saying they will be perfectly satisfied if their tournament is as successful as the one here this spring.

IRISH BALL PLAYERS VANISHING. Johnny Evers and Joe Kelley were talking about the young players of the Yankees in Macon recently. When Kelley had finished telling Johnny who this or that player was Evers remarked: "It is a puzzle to me why the name has so few real Irish names in it now, as compared with a few years ago. In the old days the sons of Erin numbered the representatives of any other race, and the score cards contained as many Irish names as all others together. Now you take almost any club and the Irish names are very few." "But then," added Johnny, "a lot of the old boys are managers or coaches now. Look at McGraw, Donovan, Bresnahan, Kelley, Farrell, Carrigan, Gleason and a few more. They are not all gone."

NEW THREE CUSHION CHAMPION A GIANT

Charles Ellis, the new champion of the world at three cushion carom billiards, was born in Doylestown, Pa., twenty-five years ago. Nearly six feet in height, of athletic build, he possesses a strong countenance of intellectual mold and stands as erect as a West Point cadet.

In action or repose his carriage is impressive. At the billiard table or away from it his deportment is polite, courteous and gentlemanly. Like De Oro, he is a left hander.

SCOTCHMAN WINS BELT.

Says Jujitsu is Best Means of Self Defense.

That the occidental athlete who will devote the necessary time and attention to training can hold his own in any form of sport the world around has again been demonstrated. Allan Smith, a Scotchman employed by an American company in Japan, has recently been awarded the famous "black belt" given for proficiency in Jujitsu. In order to win this distinctive honor in the Japanese art of self defense it is necessary to secure 10,000 falls. Up to a few days ago only three foreigners had won the "black belt," although hundreds had tried and failed after long sessions of training and competition.

As a means of self defense Smith asserts that Jujitsu is far superior to wrestling or sparring. He says: "A master of Jujitsu could have defeated Jack Johnson in his prime. My friend here," indicating his instructor, "would have had no trouble in defeating Johnson."

Much Money Bet on Races.

During the seventeen day race meet which ended early in October at Hoppegarten, Germany, \$2,067,500 was wagered in the mutuels, and the gate receipts were close to \$90,000. After paying all the expenses of the track and the racing from the entrance fees, gate receipts and pari mutual winnings the Union club found itself with a very respectable balance, which it turned over to the kaiser to be used for charitable purposes in connection with the war.

Oliphant Gets Four A's. The coveted letter "A" was awarded recently by the army athletic council to cadets who have earned the right to wear it by athletic prowess during the last year. Cadet Oliphant, '18, of Indiana was the first in the history of the academy to win the letter in four sports. He was the star of the Army-Navy football game last fall and also was on the baseball, track and basketball teams.

Sixty-two Racing Days For Kentucky. Sixty-two days of racing for Kentucky have been provided by the Kentucky state racing commission.

Lexington was awarded twelve days, April 27 to May 10; Churchill Downs, thirteen days, May 13 (Derby day) to May 27; Douglas park, thirteen days, May 29 to June 12; Latonia, twenty-four days, June 14 to July 11.
