21 DEAD SCORES HURT AS TORNADOES SWEEP KANSAS AND MISSOURI

STORM SWEEP EASTERN KANSAS AND WESTERN MISSOURI, CARRYING HAVOC IN WAKE

NO COMMUNICATION WITH LARGE AREA

Telegram and Telephone Wires Down, Making Difficulty in Obtaining Details

(By Associated Press)

Kansas City, April 20.—Reports up to noon today from the tornado swept sections of Kansas and Missouri indicate that the death list in the storm which prevailed yesterday afternoon and last night will reach 20. More than 100 persons were injured and the property damage will probably reach 750,000.

Kansas City, Mo., April 20.—Eleven persons are reported killed and scores injured in a succession of tornadoes which swept the central portion of eastern Kansas and western Missouri last night.

The property damage is believed to have been great, but on account of the disabling of telephone and telegraph systems great difficulty was met in obtaining accurate information.

The center of the storm area was north of Topeka and along a line running from the southwest corner of Wilson county in Kansas across the Missouri line and into the border counties.

CONGRESSMAN TESTS SEEDS FOR FARMERS

(By Associated Press)

Washington, April 20.—To make sure he is not deceiving his constituents, and that he is not being deceived by the Agricultural Department, as well as to experiment in the production of first class vegetable seed, Congressman Jesse S. Haverport of Oklahoma today donned a pair of blue overalls and hied away across the river from Washington to cultivate a seven-acre farm and practice on the government's seed crop.

Associated with him in cultivation of the festive soy bean and the gambling cow pea is J. S. Coffman, an old time employee of the government planting office, who owns the farm.

Possessed of the idea that those numerous packages of seeds which the government sends out at the request of "your Congressman" maybe grown

trips instead of Early Spring radishes, cauliflower instead of frost-proof cabbages, and spinach instead of Golden Head Lettuce, Congressman Haverport has started this practical experiment within the shadows of the capitol. It might be that they are good voters and again, a constituent expecting to raise a crop of rutabagas rely would be irritated to find parsnips instead.

100 LOCAL PEOPLE TO PRESENT ATTRACTION

Arrangements have been made by the Woman's Guild, St. Stephen's church with the Randolph Madgett Lyman of Chicago to present "A Gypsy Campment" Thursday May 4th, in the Delft Theatre. There will be near two hundred persons in the cast and rehearsals will begin Monday April 24th, and continue every afternoon and evening until the production is given.

"A Gypsy Encampment" depicts the wandering life of a Gypsy tribe introducing the weird music of the Gypsies and the lively up to date songs and choruses of the visitors to the camp. Altogether the "Encampment" will be a novel and interesting attraction and undoubtedly the best ever given in Escanaba by local talent.

WILL HAVE PANTRY SALE

The Ladies Aid Society of the Baptist church will conduct a pantry sale at Bourwine's drug store on Saturday, a variety of home made food products will be on sale.

RUSSIAN TROOPS LAND IN FRANCE TO ASSIST FRENCH AND BRITISH

DETACHMENT OF CZAR'S MEN DISSEMBARK AT MARSEILLES, COMING FROM ARCHANGEL

FRENCH TAKE OFFENSIVE AT VERDUN

Paris Reports Capture of German Positions in Attack on Right Bank of Meuse

(By Associated Press)

Paris, April 20.—A strong force of Russian troops disembarked at Marseilles at noon today. The Russians are to fight beside the allied soldiers in France.

The Russians are believed to have embarked for France from the port of Archangel on the White Sea, the only port through which there is free communication between Russia and her allies in the west. It is considered probable that the transport carrying the troops made a wide sweep into the North Atlantic before heading for the Mediterranean, to avoid the submarine danger zone in the vicinity of the British Isles.

In this connection it is to be noted that word reached New York today through private cables that Russia had closed the port of Archangel to all except government traffic. This may indicate that other troop movements from Archangel to the western front are under way or are contemplated.

Several times during the war it was reported that Russia was sending troops to the Franco-Belgian front. Travelers even declaring that detachments were seen en route through Scotland and England. No such troops, however, ever appeared on the western front.

French Take Offensive

Paris, April 20.—French troops took the offensive last night in the Verdun region on the right bank of the Meuse. The official statement this afternoon says that they captured parts of German trenches, occupied a redoubt, and took several hundred prisoners.

Cabinet Crisis Settled

London, April 20.—It was stated authoritatively today that a settlement had been reached in the British cabinet crisis.

Germans Move Troops

Paris, April 20.—French resistance in the region of Verdun is compelling the German general staff to withdraw large forces from the Teutonic fronts in Macedonia, Serbia and Russia, according to information here today.

GOOD FRIDAY SERVICES PLANNED AT CHURCHES

Special Services at Many of City's Churches Will Observe Religious Anniversary.

Many of the churches of the city will hold special services tomorrow in observance of Good Friday.

At St. Joseph's church there will be a special mass at 8:00 o'clock in the morning, and a Passion service will be held at 7:30 in the evening.

An 8:00 o'clock mass will also be held at St. Patrick's church.

At the Presbyterian church the regular Good Friday service will be held at 7:30 in the evening, in connection with the special Passion Week services being conducted. The sacrament of the Lord's Supper will be observed tonight.

A report from Hancock says that the Sturgeon Bay Transportation Co. will put a larger boat on the run embracing Green Bay, Sturgeon Bay, and Escanaba this season to take the place of the Sailor Boy, which was recently sold.

2 Boys Killed By Lightning

Bolt Strikes Group of Five Children Returning From School South of Harris

Two boys were killed outright, two more were stunned, and a fifth was unhurt when a bolt of lightning struck a group of five pupils of the Belgian school five miles south of Harris late yesterday. The dead:

John Englebartz, aged 14, son of Theophile Englebartz, Norman Melchoir, aged 12, son of Joseph Melchoir.

The injured: William Englebartz, brother of the dead boy, stunned and scorched.

George Piriot, stunned and scorched. A fifth lad in the party escaped unhurt, and carried the news of the tragedy to the Englebartz home, a mile and a half away.

School had just been dismissed at the Belgian school, and the children were walking across a field in the rain on the way home. Miss Mary Lundin, the teacher, was watching them from a window when she saw the bolt of lightning strike in the midst of the group. She ran to the scene, and found that two of the boys had been instantly killed, and that the clothing of Normann Melchoir had been set afire by the bolt. After putting out the fire in his clothing, the teacher worked over the stunned boys and succeeded in bringing them back to life.

ILLINOIS WOMEN TO ATTEND SUFF MEETING

(By Associated Press)

Chicago, April 20.—When thirty thousand women from the United States and other nations meet in New York from May 22 to June 2 for the twenty-first biennial meeting of General Federation of Women's clubs, the question, "Do Illinois ladies hear?" will by no means have the same significance as it did two years ago in Chicago when Illinois ladies were hostesses and sat high up in the gallery of the auditorium—almost beyond earshot of the speakers.

This year the three hundred delegates from Illinois and the delegates from Texas are to be given front seats in the Seventh Regiment Armory, Park Avenue, New York. Illinois is so honored because her delegates took back position two years ago and because Mrs. Frances D. Everett, who has arranged the program, is an Illinois woman. Texas is given right of way because Mrs. Percy V. Pennybacker, Texan is general federation president. Not only this, but the delegations from Texas and Illinois will make their headquarters at the Hotel Astor, also the convention's headquarters.

Illinois will announce at the New York confederation that her members have given nearly a tenth of the \$100,000 Sarah Platt Decker memorial fund started four years ago. This sum is nearly three thousand dollars more than Illinois was expected to give.

The Illinois delegation, three hundred strong, will leave Chicago for New York in a special train over the Michigan Central railroad. The train will leave Chicago Sunday, afternoon, May 21.

SPRING FEVER HITS

Spring has surely struck Escanaba, according to Chief Tolman's opinion anyway, yesterday a gentleman of colored extraction walked into Dr. Reynolds' office and immediately took possession of it. He calmly stretched himself out on the couch and took a gentle little nap. Everything was lovely until an officer arrived on the scene and took the gentleman to the police station. In a short time the gentleman's partner appeared on the scene and this morning the police chief gave them 5 hours either to leave town or go to work.

BERLIN RECEIVES NOTE

(By Associated Press.) Berlin, April 20.—The American note to Germany arrived in Berlin late yesterday evening. Ambassador Lansing will probably present it to the foreign office early this afternoon.

Washington, April 20.—Secretary Lansing and the German ambassador were in conference for twenty minutes this morning. After the ambassador left Mr. Lansing would make no statement as to the discussion.

READE TREASURER OF BUREAU; WERLINE IS ON EXECUTIVE FORCE

LOCAL MEN ARE HONORED WHEN OFFICERS ARE ELECTED AT MEETING IN ISHPERING

COMMITTEE IS TO ELECT A MANAGER

Head of Work and Headquarters for Bureau to be Decided by Committee Meeting

H. W. Reade was reelected treasurer of the Upper Peninsula Development Bureau at the annual meeting yesterday, when it was decided to leave the matter of a manager and headquarters in the hands of the executive committee.

The officers elected were: President—L. C. Harmon, Manistiquette.

Vice President—William E. Davidson, Sault Ste. Marie.

Second Vice President—August Wallen, Ewen.

Treasurer—H. W. Reade, Escanaba.

Members of Executive Committee—E. C. Bowers, Iron River; R. S. Smith, Ahmeek; M. E. Beermann, Newberry; M. Hopan, St. Ignace; R. P. Bronson, Ishpeming; M. B. Lloyd, Menominee; G. N. McPhail, Ewen; G. S. Collins, Munising; F. W. Hebard, Piquette; W. E. Davidson, Sault Ste. Marie; G. T. Werline, Escanaba; R. W. Peterson, Ironwood; J. C. McNamara, Houghton; Benjamin, Gero, Manistiquette.

Yesterday's Meeting

Ishpeming, April 20.—Although at 3 o'clock this afternoon no definite action had been taken by the members of the Upper Peninsula Development Bureau, who met here in their annual session, towards selecting a new manager to succeed Col. C. W. Mott, or to outline a definite policy under which the bureau would proceed in the future, it was plain to be seen that all of the men present were of the firm opinion that the bureau has accomplished many things for Cloverland, and the spirit of the meeting made it assured that the organization will be strengthened and that some plan for its maintenance will be worked out.

When President Geo. W. McCormick of Menominee, called the meeting to order, there were about 125 men present, including mining men, farmers, lumbermen, bankers, manufacturers, men representing many kinds of business endeavor. Every section and city of the Upper Peninsula was represented. From the standpoint of attendance, spirit, and representation, it was plain at the very beginning that the meeting would bring great results and would mark an important epoch in the history of the bureau.

Co-operation Emphasized.

President McCormick, after the minutes of the last annual meeting in Houghton and the financial reports of the bureau showing the condition of the books to date, had been read, addressed the meeting and outlined the purpose of the meeting and what he believed should be done.

Mr. McCormick said that no doubt the bureau and its officers and executive committee were open to some criticism for the manner in which the work of the bureau had been carried on.

"There is no doubt, but that some mistakes have been made," he said. "All business men make mistakes, and the executive committee with which rested the activities of the organization, was composed of men who were almost without experience in this kind of work.

"I believe," he continued, "that the development bureau should operate in a manner so that its work would lead to consolidate the 15 counties of (Continued on page six)

McKenzie Case Given to Jury

TESTIMONY IS CLOSED THIS MORNING, AND PLEAS TO JURY ARE MADE THIS AFTERNOON

The case of Mrs. Florence McKenzie, charged with running a house of ill fame, went to the jury this afternoon at about 4:00 o'clock.

The taking of testimony was closed with this morning's session, and this afternoon Prosecuting Attorney Rushton and Attorney Spencer made their pleas to the jury.

Mrs. McKenzie took the stand in her own behalf when court opened this morning, and contradicted the story told by Helen Lundigren on the stand yesterday afternoon. Mrs. McKenzie testified that the two girls from Gladstone were not upstairs in her house more than twenty minutes. She said that they did not complain of being insulted, and denied that they came downstairs weeping. She also denied that they had been locked in the room and kept for three or four hours.

Mrs. McKenzie's relations with a Mrs. Haley, who also went by the name of Lottie Sourwine, were the subject of much cross questioning, while arguments over various dates took up considerable time. Mr. McKenzie testified that she rented furnished house on Market St. for \$15 a month. Asked if she did not consider that a very reasonable figure, she replied to Prosecuting Attorney Rushton:

"Well, the way you people have got that street now, that's about all I could get for it."

"Interfering with business, are we?" returned Mr. Rushton.

On cross question Mr. Rushton also asked Mrs. McKenzie if she was not riding about town and over to Gladstone with Mrs. Haley, who was drunk, and with other men and women, three nights ago. This Mrs. McKenzie denied, and said she had received a letter two weeks ago saying that Mrs. Haley was dead. She could not remember the name of the person who sent the letter.

Recess was taken as Mrs. McKenzie left the stand.

SPAIN AIDS LAUNCHING OF NEW STEAMER LINE

A \$20,000,000 Corporation is Being Formed to Establish Spanish-American Line

(By Associated Press)

New York, April 20.—Plans for the organization of a \$20,000,000 corporation to operate the proposed steamship line under the Spanish flag between Vigo, Spain, and New York were announced here today by the local Spanish-American chamber of commerce, which confirmed recent reports that the Spanish government would in June grant legislation sanctioning the project.

A fleet of eight passenger vessels and freight vessels will be operated.

BOX CAR IS BURNED; TRAMPS RESPONSIBLE

Tramps seeking shelter from the rain are believed to have started a fire in a boxcar on the Northwestern tracks at the foot of Norris St. early this morning which destroyed the car.

The fire department received a call from the Northwestern freight depot at 1:10 a. m. and No. 3 company answered the alarm. The car was loaded with pressed brick, and it is believed the straw in the car attracted the attention of hobos looking for a bed.

San Antonio, Texas, April 20.—Early withdrawal of the troops sent into Mexico as a punitive expedition, or the authorization of military operations on a big scale must be the result of General Scott's investigation of the situation, in the opinion of army officers here.

General Funston and his staff are ready to show the chief of staff all the written records of the failure to catch Villa, and are prepared to place him in touch with the unwritten evidence.

General Pershing is not pushing the campaign against Villa and will not until he gets from headquarters authorization and facilities to operate more freely. Officers here believe the facts in the case, showing the futility of extending preparations along the existing line, will convince Secretary Baker's envoy of the hopelessness of further pursuit unless the commanding officer in Mexico is given more effective backing.

Advance to Bring War

Villa, if yet alive, can be caught, officers here believe, but only by the adoption of a plan that Mexico generally would almost certainly characterize as a war. He has penetrated so far into Mexico and the hostility of Mexicans, both friends of Villa and adherents of the de facto government, has become so marked that army officers are convinced that further operations will be undertaken with the understanding that armed opposition from both factions will be met.

Troop movements ordered by General Funston were carried out today, but probably none of the 2300 men he had planned to give General Pershing will get farther than the base at Columbus by the time General Scott arrives. Pershing is holding intact his 10,000 men, stretched from Columbus to points almost 400 miles beyond the border.

Dispatches Are Withheld.

The mobilized cavalry detachments scouring the district beyond Satava are now in easy communication with the main command, and will hold their position for the present.

General Pershing has sent through several reports in the past 48 hours, but General Funston has made none of them public.

BREITUNG'S DAUGHTER TO SUE FOR DIVORCE

New York—Juliet Breitung Kleist, daughter of Edward N. Breitung, the banker of New York and Marquette, Mich., is expected to file suit for divorce against Max Kleist the young coachman to whom she was surreptitiously married a few years ago.

This action will be started as soon as the decree of the United States circuit court, affirming the decision of Judge Hough, in the Federal district court, throwing out Kleist's suit for \$250,000 for alienation of his wife's affection against Mr. and Mrs. Breitung, is filed.

Mr. Breitung told a reporter of his daughter's decision to sue for divorce.

LYMAN HOWE TOMORROW AT THE DELFT THEATRE

Though the silent drama has become an almost universal craze, there are still a few people left who are not movie fans.

But though these lonesome ones may not go to another picture show during the year, they all turn out when the Lyman H. Howe pictures come to town. Lyman Howe has become an institution as well as "Uncle Tom's Cabin" in the old days, and more popular because it is new every time it appears.

No one has yet duplicated the "noises" which accompany the Howe pictures, where a whole crew works on the stage behind the curtain to add realism to the screen effects.

And nowhere have the comics been brought to such a stage of perfection and been shown in so extensive a program as with the Lyman Howe pictures. Tomorrow night the old pictures which have made "travelogues" popular will appear at the Delft theatre, and will doubtless be greeted by the usual crowded house.

"TWIN BEDS" AT THE DELFT.

An important event announced for the Delft theatre on Friday night, April 28, will be the initial local presentation of "Twin Beds," a rollicking farce of life among the flat dwellers, by Salisbury Field and Margaret Mayo, author of "Baby Mine," which comes here direct from a record run of an entire year in New York city where press and public acclaimed it as one of the funniest the American stage has ever known.

"Twin Beds" is a veristic and imitating exposition of the amazing and amusing adventures of three married couples who are neighbors in one of the fashionable tall apartment buildings which abound in certain sections of New York city. In conformity with its title the scenes of the play are laid in a sleeping chamber. The appearance there of an Italian tenor, in the bibulous misapprehension that it is his own instead of his neighbor's provides the situation from which a variety of ludicrous complications result. Previously this tenor and his wife and another newly married pair have been neighbors in another apartment house. The tenor persists in forcing attentions upon the girl-neighbor, whose husband insists upon moving. So, also, does the tenor's wife, and, of course, the two couples, unknown to each other, move into the same building.

The brilliant cast to be seen here includes Juliette Day, J. Morrill Morrison, Marian Lord, P. Paul Porcasi, Editha Maxham, William Weston, Eleanor Wilton and others.

AT THE STRAND.

From its first scenes depicting a massacre at Kiev, Russia, by the dread "Black Hundreds," the story of "The Yellow Passport" grips the spectator with tense fingers.

Her family destroyed in the massacre and herself persecuted by the leader of the murderous band, Sonia Sokoloff, in desperation, obtains from the police a license such as is issued to the Russian women of the night. With this license as her protection she endures the ignominy of living as a supposedly immoral woman, while in reality leading a pure life.

At last she succeeds in escaping the vigilance of her arch-persecutor and comes to America to pursue her operative ambitions.

Success, wealth and love come to her hand, but just as her fingers are

about to close upon her happiness the long arm of circumstance stretches forth to snatch it away. Her lover and his family discover the secret of the "Yellow Passport."

In the end Sonia triumphs, but not until her soul has been racked with the torture of suspicion and false accusation.

MILITIAMAN INJURES ATTACKING STRIKERS

Hastings-on-Hudson is Quiet Except for Fracas When Men Try to Disarm Trooper

Hastings-on-the-Hudson, N. Y., April 20.—With four companies of militia in control of the town, the strike situation involving employes of the National Conduit and Cable Co. were quiet today with the exception of one minor disorder, when two foreigners attempted unsuccessfully to disarm a trooper. Two strikers are in a hospital as a result of this fray.

A dozen men gathered about this trooper and characterizing him as a "tin soldier" told him they were about to take away his gun and bayonet. Two of the men rushed forward and the militiaman whacked one on the skull with the gun and thrust the bayonet through the fleshy portion of the other's shoulder. Their companions dispersed. Neither was seriously wounded.

"Corns All Gone! Let's ALL Kick!"

Every Corn Vanishes by Using Wonderful, Simple "Gets-It" Never Fails. Applied in 2 Seconds.

Isn't it wonderful what a difference just a little "Gets-It" makes—on corns and calluses? It's always right somewhere in the world, with many

"What! I Don't Care! I Got Rid of My Corns With 'Gets-It'!" folks humped up, with cork-screwed faces, gouging, picking, drilling out their corns, making packages of their toes with plasters, bandages, tape and contraptions—and the "holer" in their corns goes on forever! Don't you do it. Use "Gets-It," it's marvelous, simple, never fails. Apply it in 2 seconds. Nothing to stick to the stocking, hurt or irritate the toe. Pain stops. Corn comes "clean off," quick. It's one of the gems of the world. Try it—you'll kick—from joy. For corns, calluses, warts, bunions. "Gets-It" is sold everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

GERMANY WILL SEEK STUPENDOUS LOAN AS SOON AS WAR CLOSES

British Statistician Says Kaiser Will Negotiate Huge Loan When Peace Comes.

SHIPPING INDUSTRY IS DESTROYED

By Wilbur S. Forrest (United Press Staff Correspondent)

London, April 1—(By Mail)—Juggling stupendous figures to show that Germany is in desperate financial straits, Edmond Crammond, well-known British statistician, declared here today that the Kaiser will seek a gigantic foreign loan at the conclusion of peace.

"This means, in effect," said Crammond, "that Germany will repudiate her internal war debt. Germany's expenditures to date amount to about \$3,595,000,000, while her estimated national wealth in 1913 was about \$75,000,000,000. Germany's investments abroad amount to \$5,800,000,000 of which about \$750,000,000 have been sold in the United States and the remainder are unrealizable. Germany's colonies are gone; her shipping industry is ruined.

"I do not believe Germany is living and fighting solely on what she is producing. She is living on the fat

of the world. She is living on the fat of the world. She is living on the fat of the world. She is living on the fat of the world.

she has accumulated during the last forty years. The decline in the exchange value of the mark and the failures which are taking place among the large banks, despite frantic efforts of the government to keep the financial machine going, point to the approach of the greatest financial debacle the world has ever seen."

Turning to the British financial problem, Crammond asserted that a tariff for revenue purposes here is absolutely essential for the "preservation of the balance of our economic system." He points to Britain's outlay, to date, \$5,920,000,000, including the gross expenditure and the loans to Dominions, Allies and repayments to the Bank of England, declaring: "We overcame the financial difficulties of the first eighteen months of war with astounding ease, but the outlook for the coming financial year gives cause for anxiety."

Figuring in the newly established excess profits tax which he estimates will bring in about \$500,000,000, Crammond says that if the national income for the coming year should only reach a sum as estimated for the year ending March, 1916, the government's financial deficiency at the end of March, 1917, will be about \$4,690,000,000, "which makes a tariff for revenue imperative."

If the war lasts until March 31, 1917 the statistician estimates that the expenditures of the various allied powers approximately will be:

Belgium	\$ 2,500,000,000
France	12,500,000,000
Great Britain	13,000,000,000

ALL PAIN MUST GO

When the old enemy, pain, ties you up; when you suffer with colds in head and chest, sore throat, sore and strained muscles, sprains, bruises, neuralgia, rheumatism, lumbago, stiff neck—let Minard's liniment give you almost instant relief. It is the most satisfying remedy known for relieving pain.

Minard's liniment is absolutely pure, stainless and dependable. It has stood the test of years of constant service, carries healing properties to affected parts and can be obtained from any druggist.

No other liniment can take the place of Minard's. Its success in thousands of cases is positive.

Italy	2,500,000,000
Russia	12,000,000,000
Serbia and Montenegro	500,000,000

Total \$43,000,000,000

As a measure of exacting a penalty on Germany for these expenditures, Crammond suggests that the allies should pool their indemnities and present them in a lump to Germany, also, that each allied power should undertake to impose, "a war debt on all German and Austrian manufacturers; a war debt export duty on all exports of raw materials to Germanic empires."

"In addition," says Crammond, "the maritime powers should impose supplementary war debt dues on all German and Austrian shipping entering their ports in all parts of the world. The proceeds from these duties should be paid over by the allied powers to the war debt commission."

As an argument for government purchase of a fleet of merchant ships, Secretary of Commerce Redfield suggested that if traffic should later diminish to such an extent that profitable employment for the ships could be found, the vessels could be sent to Alaska to bring down ship loads from a deposit of seal bones—to be used as fertilizer. Now comes the disclosure that the Department of Commerce has issued a bulletin saying that the seal bones have too small a fertilizing value to make it profitable to bring them into the U. S. for that purpose.

President Wilson demanded a vote on the Gore resolution after "full public discussion in the Senate." Then friends of the administration deliberately gagged the Senate by a motion to lay the resolution on the table—and the announcement is made that the President is satisfied. Changed his mind, evidently, on the question of "full public discussion."

In 1912 the total vote in Indiana for both Taft and Roosevelt was a little more than 300,000. In this year's primaries, the reunited Republicans of Indiana cast 225,000 votes. The progressives had 162,000 at the election of 1912. This spring they mustered less than 3,500 at the polls. The mathematics of politics is disastrous to Democratic hopes this year.

The Bell Telephone News for April announces that the number of Bell phones in Michigan, including regular and connected is 368,955. In Wisconsin the total is 297,326.

The lachrymose lady who proposes a "sex strike" as a means of ending the war is hailed by herself and her press agent as "original," says the Chicago Journal. This claim is not quite correct. If the lady will get a translation of the works of a gentleman named Aristophanes, she will there find a play written, in memory of her, in 412 B. C., in which the same idea is put forward with a keener wit than any modern pacifist has displayed, and a freer imagination than would get through the mails in our finicky day. It would seem, therefore, that the lachrymose lady missed being original.

by a little matter of 2,327 years. Even at that, she came closer to starting something new than most of her fellow self-advertisers. Yet one sweetly solemn thought comes to the harassed citizen whose eyes and ears are assailed unceasingly by quack devices for "stopping the strife." These things have proved the national vitality. A country that has endured the abysmal weariness of pacifist preaching is not likely to be frightened by the comparatively mild and variegated horrors of war.

Under the pressure of necessity, owing to its scarcity because of the war, platinum is being replaced in many electrical appliances. Formerly, platinum was employed for the lead in wires in electric incandescent lamps, but at present wires made of nickel-chromium, metallic tungsten or metallic molybdenum are being employed with good results. Metallic molybdenum has also replaced platinum, which was liberally used for the resistance wires of electric furnaces in ante-bellum days. Platinum was formerly employed for the ignition point of spark plugs, but the greatly increased cost of the metal has compelled the use of substitutes, chief among which is metallic tungsten.

The term "eating crow" comes from an ante-revolutionary story. A soldier of an English regiment stationed in Virginia shot a pet crow belonging to a farmer. The latter entered a complaint with the colonel, who sentenced the soldier to eat the crow. The farmer was left alone with the soldier to see that he did it. After the soldier had consumed a portion of the bird he took his gun, presented it at the farmer and told him to eat the remainder of the crow or he would shoot him. This was the origin of the eating crow story.

In Japan almost every house has a statue of three monkeys. The hands of one are over his eyes, those of another are over his ears and those of the third are over his mouth. See no evil, hear no evil, speak no evil, is the interpretation of them. There are great men in the world, but there are few great men who talk much. When they do talk they do not utter idle words, hence little evil creeps into their speech. There are loved men in the world, generous and pitiful, but they have no time to listen to gossip and evil communications. There are other men who see evil, not through morbid curiosity, but with an eye to its correction; nor do they impute evil and view with suspicion all human actions except their own. Evil communications, seeing evil, hearing evil, speaking evil, corrupt humanity. There are many who can afford to ape the three monkeys.

The St. Louis Post-Dispatch says it is estimated that between 60,000 and 70,000 new laws have been enacted by congress and the state legislatures in the past five years. This is an average of 12,000 a year, or about 33 per day, or one every 40 minutes. Often the complaint is made that America is a country in which the laws are not obeyed. But how can they be, when there are so many of them. Consider the time it would take merely to read the mass of enactments. No wonder that many people break law in sheer ignorance of its existence—and no wonder that this country is a paradise for lawyers.

A French contemporary has been amusing itself by making a list of long street names, and offers the Parisian record—Rue des Pretres-Saint-Germain-l'Auxerrois. That is a mouthful, but it is equalled by a thoroughfare in Brussels that rejoices in the name of Rue de la Montagne aux Herbes-Potagères. In the outskirts of the Belgian capital there is even more of a tongue twister, the Ougeschildelivernockormoefestraat, which may be translated as the street of the little unpoked silver nut.

The war is developing some hopeful signs. A German military court lately sentenced a man to death for writing an undesirable poem. If all undesirable poets can have their pernicious activities thus cut short, this will be a happier and a better world.

Phonograph needles are being used in hand grenades. Now if the allies can find some use for old razor blades they will have helped solve another problem in those households where father shaves himself.

When a young man and a young woman make up their minds that two can live as cheaply as one it is time for their friends to begin saving money for wedding presents.

The Paris theaters are sending their players to the trenches to entertain the soldiers. One property they will not have to take along is the stage thunder.

A little money goes a long way in helping war orphans—and yet it is difficult to get enough. That is because the war orphans are so many.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

A whole lot of men at one time or another have tried to smoke a pipe—and used the wrong tobacco. Result—a hot tongue and "cold feet." Try again with the right tobacco—Tuxedo.

Tuxedo has made thousands of happy, contented pipe-smokers because it's so wonderfully mild and cannot burn, bite or blister the tongue or irritate the throat.

The rich, sun-ripened leaf for Tuxedo is aged 3 to 5 years. Then it's treated by the original "Tuxedo Process"—a doctor's discovery—which removes every particle of bite. There are many so-called processes—all are imitations of the "Tuxedo Process"—none has ever even approached the "Tuxedo Process" in making tobacco leaf mild and wholesome.

Try Tuxedo for a week and learn what it means to love your pipe.

Great Whittall Rug Exhibition

Ship Leaving the Orient With Cargo of Wool for Whittall Rugs

Deep down in the hold of almost every great liner as it plows its way westward are bales and bales of Oriental woollens, consigned to the WHITTALL MANUFACTURERS, to be woven into the finest floor coverings produced by the modern loom. Only in the Whittall weave is it possible to reproduce so faithfully the glorious beauties of the ORIENTAL RUG, as well as the softer and more subtle art of French Hangings and Tapestries. Not only are they unequaled for wear, but in so high a regard are they held that it is in them the finest and newest patterns are expressed.

We shall have no difficulty in convincing anyone who will visit our Carpet Department that Whittall's rugs are, as we have said, the finest produced in America. We do not make claims that we are in no position to prove, and here on our Second floor we have ample assortments of the very newest Whittall Rugs to show that we have not overstated the facts in telling you that these rugs are fine beyond all others made in this country. Their incomparable beauty of designs, and colorings never fails to win admiration of all who see them, and they have vastly more to commend than mere beauty.

Oriental Art in American Rugs

Whittall Peerless

Five-frame Body Brussels, in full 9x12 feet size, a range of very desirable patterns, originated by the same noted artists that produce all Whittall's matchless designs. This is a Rug that we can heartily recommend for dining room use, as it will give years of service. We have them in soft color effects, size 9x12 feet **\$32.50**

Teprac Wilton Rugs

For those requiring a better grade rug, the Whittall manufacturers make what they call the Teprac Wilton, which while a trifle higher in price, retains the high class designs and color effects of the most expensive makes. This year we are better prepared than ever to execute special size orders. Talk the matter over with our salesman, 9x12 feet size **\$42.50**

Whittall Peerless

A Peerless Rug will satisfy the most critical taste, and as the name implies is of unequalled excellence strictly all worsted, will give efficient service, has luxurious and rich effects.

6x9 feet size, at **\$20.00**
8.3x10.6 feet size at **\$30.00**

WHITTALL RUGS

Royal Worchester Rugs

Another very popular brand of Wilton Rug, from these famous makers, that can be furnished in any size, color or pattern. Rugs of the Whittall quality cost but a trifle more than do those of much inferior grade, but this trifling additional cost secures additional beauty, style and durability, 9x12 feet size **\$50.00**

Anglo Indian Rugs

If you want a Rug that will give you years and years of service, embodying designs and colors that will never become tiresome, by all means choose an Anglo-Indian Rug. There is everything that heart could wish for in the wide variety of soft, pleasing colorings and designs
9x12 feet size **\$57.00**

Anglo Persian Rugs

These rugs are the very finest produced in this country, the yarns and dyes being of foreign importation. Connoisseurs, ever on the alert for choice rugs, will tell you that Whittall Anglo-Persian Rugs are without duplication. (Special orders for room sizes taken from this showing) 27x54 inch size **\$7.00**

Anglo Indian

Very similar to the Anglo-Persian. We can't describe their high qualities in terms too glowing. The textures, the colors, the designs are superb, without equal in rugs at same moderate price
27x54 inch size, **\$5.75**

Here You Will Find The Following Standard Makes

Burtworth Wilton, Bigelow, Bagdad Wilton, Sanford Axminster and Brussels, Body Brussels in All Room Sizes Desired
You'll not realize to what a degree of perfection the American manufacturer has brought the art of rug making until you see this assembly of room rugs. The color schemes evidence the taste of the artist, while the ingenuity of the clever artisan is also well portrayed. A particularly desirable point about these rugs of domestic manufacture is that you can find sizes to fit any space desired.

Burtworth Rugs

For all purposes is the Burtworth Rugs. We have these in a wide range of most beautiful oriental and floral patterns.

9x12 feet size at **\$45.00**
8.3x10.6 feet size, at **\$42.50**

A Most Complete Assortment

Linoleums, Poreh Rugs, Window Shades, Door-mats, Bath Rugs, Lace Curtains, Portieres, Rug Fringe, Stair Rods, Curtain Poles, Brass Rods, Oil Cloth, Poreh Shades, Bissell Sweepers, Etc.

Window Shades, Etc.

Window Shades—Showing in shades of greens—36 in. wide at each 35c to **50c**
Brass Rods—both straight and curved ends at prices 19c, 15c, 25c, 35c to **\$1.00**
Poreh Shades—All sizes in colors green and brown, prices \$3.25, \$4.25 to **\$6.00**
Curtains—See our splendid line of "Quaker" lace curtains at pair \$1.50 to **\$15.00**

As the true art of house furnishing becomes more and more a question of simple good taste, we need fewer things and handsomer things, and we appreciate more and more the rich weaves and colorings of the Orient for our floor coverings. Rarely beautiful and artistic rugs are the very basis of interior decorations—the keynote—the color scheme of each room should be dominated by them.

MANY PRAISE OFFER OF NEW DICTIONARY

Language Guide Should Keep Apace With Flow of Added Words.

Distributing a new dictionary has brought this paper many complimentary remarks. One subscriber who presented coupons yesterday for half a dozen dictionaries for different employees and members of his family said he deemed it necessary that a dictionary should progress with the language just as a newspaper does. The world moves rapidly these days, and only the New Universities is apace with today's growth of the language. The departments handling this great educational offer are being kept busy handing out the books. More reserves had to be rushed last night to fill up the rapidly depleted stock. At this rate the first and limited edition will soon be exhausted. While readers are eager for the book on account of its being authoritative and complete, its absolute newness appeals to thousands. It has been many a long year since an actually new dictionary was given to the public. The new Universities Dictionary is new in all the word implies—new in contents, new in type, new
