

DRIVE FOR ARMY "Y" FUND STARTS; TO RAISE \$5,000

COUNTY CHAIRMAN C. M. THACHER BELIEVES FUND ORIGINALLY SET AT \$3000 WILL BE INCREASED.

ROUSING MEETING OPENED CAMPAIGN

Several Good Speakers Explained the Work of the Association; Committee at Work.

Five thousand dollars, it was predicted last night at the Y. M. C. A. mass meeting, will be the amount Delta county will contribute to the \$3,000,000 fund being raised throughout the United States for carrying on the work of the Y. M. C. A. with the flag, wherever it goes.

This prediction was made by County Chairman, C. M. Thacher, who spoke for a few minutes after the several speakers on the program had finished. He said that preliminary canvassing had resulted in the finding of a man in Escanaba who was going to give \$500 and another who promised he would give as much as anyone.

The drive for funds for the army Y. M. C. A. fund will be started today. The work of raising the money is in charge of the following men, making up the canvassing committee:

Other teams are as follows: Carl Anderson and O. P. Chatfield, F. L. Baldwin and P. Jensen, Taylor Peterson and Dr. William Elliott.

Coleman Nee and J. S. Lindsay, J. E. Byrns and Thomas J. Riley, J. L. Loell and Arthur Peterson, L. M. Beggs and M. J. Ryan, Joseph Cuddy and G. T. Werline, W. R. Smith and George F. McEwen, C. E. Snyder and L. W. Gidlund, J. C. Baker and John Stromberg, F. L. Brooks and W. W. Berry, Carl Sawyer and C. G. Swan, C. E. Fenton and H. J. Rushton, J. B. Wilkinson and Charles Gundersen.

Gus Willman and C. N. Wood, John Lambert and Andrew Bredahl for Wells.

Bad weather and counter attractions last night cut the attendance of the mass meeting at the city hall, but did not seem to dampen the enthusiasm or the attention given the speakers of the evening. The meeting was started at 8 o'clock, with J. A. Allo as chairman. The speakers were: G. D. Westermann, upper peninsula secretary of the Y. M. C. A.; Captain E. J. Sharpe of Grand Rapids; Private Hubert Jarvis, of Ishpening, and Lieutenant J. W. McNeal.

Mr. Westermann spoke first as he was obliged to take a train for another city. He told something of the birth and growth of the army Y. M. C. A. movement and how the people of the upper peninsula were taking hold of the proposition to raise its share of the big fund. He sketched the proposition briefly during which time he told of the magnificent work being done by county committees of eleven counties he has already visited.

Captain Sharpe, who was in charge of a Y. M. C. A. army camp at Camp Cotton, near El Paso, was the second speaker.

"We take these boys, physically and morally O. K., from their homes," said Captain Sharpe, "it is our duty to send them back to their mothers, fathers, sisters and sweethearts, as clean as they come to us. The temptations of a soldier's life are great."

(Continued on Page Six)

I. W. W. PLOTTED TO HURT LAKE TRAFFIC

(By Associated Press) Detroit, Mich., June 1.—Federal officers here announced that an alleged plot to tie up Great Lakes commerce by a strike was probably broken up by a raid on the local Industrial Workers of the World this week. Two officers of the organization are under arrest and a considerable amount of literature was confiscated.

COTTON CROP HURT BY COLD WEATHER

(By Associated Press) Washington, June 1.—Cold weather in April and May has hurt the cotton crops throughout the entire south, according to a report of the department of agriculture today.

Censorship to be Abandoned In the Senate

HOUSE VOTE AGAINST THE CENSORSHIP PROVISION OF ESPIONAGE BILL CAUSES SENATE ACTION.

HOUSE DEFEATED THE BILL 184 TO 144

Bitter Fight Over Press Gag Ended When House Rejected the Proposal of Wilson.

(By Associated Press) Washington, June 1.—Administration managers in the senate today decided to let the newspaper censorship section of the espionage bill die with the house vote of yesterday against it. The senate conferees are expected to drop the hard fought section out of the espionage bill entirely and bring the bill before the senate for final passage stripped of the offending section.

House Defeats Bill. The administration's fight for war censorship on newspapers was lost in congress late yesterday, when the house refused, by a vote of 184 to 144 to accept even the modified censorship section written in the espionage bill in conference.

War Finance Bill. Washington, June 1.—No new decisions were made today by the senate finance committee in the revision of the war finance bill. Some protests on sections already changed were heard.

SLEEPER ASKS HELP TO ENFORCE DRAFT

Reports Reach Lansing That There Are Indications Widespread to Defeat Registration.

Lansing, Mich., June 1.—Reports coming to Lansing from all over the state indicate that widespread efforts are being made to escape conscription. Governor Sleeper is asking all county and city police officers throughout Michigan to assist in the registration, and to take every means of making certain that all those liable to selective conscription between the ages of 21 and 30, inclusive, register on June 5.

Many in all parts of the state, it is reported, are leaving their homes, doctoring birth records, and using other means to escape the draft.

The Canadian frontier is closed as far as possible to would-be evaders and officers of other states have been advised to be on the watch.

REV. GRANT PERKINS PREACH ON SUNDAY

Gladstone Pastor Will Fill Pulpit at the Methodist Church. Rev. Hoard at Menominee.

Rev. Grant Perkins, pastor of the Methodist church of Gladstone, will fill the pulpit at the First Methodist church in this city next Sunday at both the morning and evening service. Rev. Guy V. Hoard, pastor of the church, will preach at Menominee.

The Sunday evening service at the Methodist church will be in charge of the Ladies' Aid of the church. A chorus made up of the members of the society will sing. Mrs. A. Rodgers, president of the society will preside. Rev. Grant Perkins of Gladstone will deliver a special sermon on "The Place and Work of Women in the Church."

SUPERIOR GOES OVER TO EARLY HOUR PLAN

(By Associated Press) Superior, Wis., June 1.—Superior awoke an hour earlier today than yesterday when the daylight savings plan went into effect at midnight. Street cars and factories are operating on the new schedule and the schools will start next week.

NOTED SCIENTIST OF MICHIGAN IS DEAD

(By Associated Press) Ann Arbor, Mich., June 1.—Julius O. Schlottonbeck, dean of the University of Michigan college of pharmacy, died today of stomach trouble at the age of 51 years. He was widely known as a scientist.

Mayor's Proclamation.

WHEREAS, The President of the United States has, in pursuance of Congressional authority designated June 5th, 1917, as REGISTRATION DAY for the purpose of enabling all male persons who shall have attained their twenty-first birthday, and who shall not have attained their thirty-first birthday on or before the day set for registration, to register their names for service if needed in the military and naval forces of the United States, and

WHEREAS, The military authorities of the United States have requested that REGISTRATION DAY be observed by a general celebration throughout the Nation, and that all civic and commercial activities be suspended and special honors be paid to those men who are so patriotically offering themselves in the service of their country, now,

THEREFORE, I, Thomas J. Riley, mayor of the City of Escanaba, do hereby proclaim June 5th, 1917, a day of public celebration, and I do hereby request that all business of civic and commercial nature be suspended on that day, and that special public honors be shown to the registrants in the following manner:

1. At the opening of the polls at 7 o'clock a. m., June 5th, 1917, all church bells shall be rung and all factory and other whistles sounded.
2. That a parade shall be organized and all men of registration age shall be given places of honor.
3. Every business place, private residence and vehicle shall fly a flag in honor of the registrants.
4. That all the inhabitants are respectfully requested to participate in the demonstration, and offer every encouragement in making the event a success.
5. That all stores and other mercantile and industrial establishments close for the day, and the employers and employees participate in the celebration.

Given under my hand and the Seal of the City of Escanaba, this first day of June, A. D. 1917.

THOMAS J. RILEY, Mayor.
CARL E. ANDERSON, City Clerk.

FRANK E. BUELL IS CALLED BY DEATH

Veteran Engineer of the North-Western Succumbed Yesterday Afternoon at Stephenson.

Frank E. Buell of this city, veteran engineer of the North-Western railroad on this division, and well known to railroad men all over the Peninsula division, passed away yesterday afternoon at 4:30 o'clock at the hotel in Stephenson, where he was taken after being taken ill on the Chicago train which left here yesterday morning. Heart trouble caused the sudden death of a well known resident of the city.

Mr. and Mrs. Buell left this city yesterday morning to go to Chicago to meet their son, Ray, who has finished his course at the Michigan Agricultural college, and was returning home. As the train neared Stephenson, Mr. Buell complained of feeling ill and became so bad that when the station was reached, he was removed from the train and taken to the hotel where Dr. Sawbridge was called.

Mr. Buell did not improve as was expected and at 4:30 the end came. The body was brought to this city last evening in the automobile of William Richer and taken to Wilkinson's undertaking parlors where it was prepared for burial. Rev. Guy V. Hoard and Franklin Buell, the youngest son, went from here in an automobile to Stephenson as soon as they learned of the illness of the father. They did not arrive there until after his death.

Deceased was 55 years of age and had made his home here for many years. He is survived by his wife and two sons, Ray, who has been attending M. A. C., and Franklin, a younger son, who has been attending school here. Mr. Buell was a member of the Masonic fraternity and of the Methodist church. He was well known and highly respected by a large circle of friends.

The funeral services will be held on Sunday afternoon at 2:30 o'clock from the family home, 920 Park avenue. Rev. Guy V. Hoard, pastor of the M. E. church, will officiate and interment will be in Lakeview cemetery.

RECEIVES INSURANCE.

Albert Laviolette, secretary of the Association Canada American, has received a check for \$1000, payable to Miss Clementine L'Heureux in settlement of a policy carried by the late Gusien L'Heureux, who was a member of that order.

T. M. JUDSON BUYS FRONT PAGE AND DONATES SPACE

SPACE WILL BE USED TO FURTHER INTERESTS OF RED CROSS AND THE Y. M. C. A.

TWENTY-TWO BIDS WERE RECEIVED

The Hundred Dollars Will Be Given to Local Red Cross Society Immediately.

T. M. Judson was the highest bidder out of twenty-two for the front page space in The Mirror, the next highest bid was \$90.00 and the lowest bid for the space was \$60.00.

For this month the space will be devoted to the interests of the Red Cross and the Y. M. C. A., both of them well worthy of all the support that the people of this city can give.

When Mr. Judson was notified today that his bid had secured the front page space, he was highly pleased and said he was sure that the two organizations who have the space will make good use of it.

Mr. Judson will give his check directly to the local Red Cross society and the money will be used in buying material for bandages and yarn for socks. The Woman's club will soon have knitting and bandage classes working and before long a shipment will be ready for the war department.

As Mr. Judson states in his letter, both the Red Cross and the Y. M. C. A. are equally worthy of the support of the people. Both organizations are doing very necessary work in the battle fields and both of them are necessarily kept up by the public.

The Mirror is glad that the space was donated to the cause. For several weeks it may be used for notices of meetings, advertising special entertainments for raising money and for scores of other things which will help the cause.

BUYS \$6,000 WORTH OF LIBERTY BONDS

Six thousand dollars worth of Liberty loan bonds is the contribution of one Escanaba man, whose name is withheld, to the task before the United States. The bonds were purchased for his three sons, \$2,000 to each of them. This is probably the largest contribution to the loan from an individual in this city, but probably will be equalled or beaten by other patriotic citizens.

WILSON SAYS ALL MUST BE REGISTERED

(By Associated Press) Washington, June 1.—President Wilson in proclamation issued today, warned all persons seeking to avoid draft by leaving the United States that they expose themselves to prosecution and military service eventually in spite of their efforts to avoid it.

LEFT THIS MORNING FOR TRAINING CAMP

Professor Glenn C. Hickle of the high school, who made application for the officers' training corps and who has been accepted and waiting for a call, left this morning for Ft. Sheridan, Ill., having received his call to report last night. He was examined and accepted several weeks ago, but was not called.

ALPERVITZ BUYS TWO LARGE SAW MILLS

Jacob Alpervitz, one of the largest junk dealers in the upper peninsula, announces the purchase of two saw mills, one at Carney and the other at Harris, and that he will start a crew of men at work immediately to dismantle the mills.

British in Air Attack on the Coast Belgium

MANY TONS OF BOMBS HAVE BEEN DROPPED ON THE GERMAN POSITIONS, IT IS ANNOUNCED.

GREAT ACTIVITY IN THE YPRES REGION

Heavy Firing May Be Forerunner of Attack by the British and Belgians in District.

(By Associated Press) London, June 1.—Many tons of bombs have been dropped by British airplanes on the Belgian towns of Ostend, Zebrugues and Bruges, says today's official statement.

Firing at Ypres. Berlin, June 1.—Heavy gun firing reaching a state of great intensity in the region of the dunes on the Belgian coast and in the Ypres bend particularly in the Wycheaede sector occurred last night, says today's official statement.

Austrians Are Repulsed. Rome, June 1.—Violent efforts were made last night by the Austrians to regain some of the ground recently taken in the Italian offensive. The Austrian masses attacks in the Vodicce region were fairly met and the attacks failed completely, says the war office.

THE DAYS' GRIND AT CAMP RILEY

Camp Riley, May 31, 1917.

On the 29 of this month we moved into our real homes. All of the men are more than pleased to get into tents again, but as it is now we have not all of the men in tents. Up to the present time we have six tents pitched and we also have the officers' quarters ready. The officers intend to move tomorrow.

The Supply Sergeant has enough tentage to supply at least 80 men, but due to the shortage of stakes, it is impossible for us to set up more tents.

Each tent contains a stove and it is up to the men that belong in the tent to see that there is enough wood on hand at all times.

Clothing for New Men. The last requisition which came in a few weeks ago, was for the old men, but now the clothing for the new men has reached here and today not a man was turned down. Every one received clothes, even up to the two recruits we received yesterday. There was shortage on the shoes, socks, leg gins, but it will only be a matter of time before they will arrive.

Deserter at Fort Brady. The sheriff of Powers arrived yesterday at headquarters of Company L and received the deserter, Oliver Poquette, who left his company on the fourth day of May. He was taken to Fort Brady at the Soo, and will be given his trial there as is so far known. Nothing definite as to what his sentence will be has been given, but if rules and regulations are followed out according to the articles of war, he will be given the death penalty.

Supply Sergeant James A. Roel, leaves this evening for Ossining, N. Y. He will be gone for 15 days to visit his friends and relatives. Jimmy has been very busy since he was appointed supply sergeant.

Sergeant Paul Coogan who has been home for the past thirty days, returned to his company today to continue his duties as sergeant.

Corporal Robert Ackermann, who has been home for Decoration Day, is expected to his company tomorrow.

Yesterday, Captain Falk turned out with four full squads and headed the parade. The men fired three volleys, in honor of the old soldiers and sailors. An exhibition drill was also given near the Delta hotel for a period of nearly half an hour.

The two new recruits enlisted with Company L yesterday are, John E. Shultz, living on Hartnett avenue, Escanaba; and Henry Hart, living at Ford River Switch.

Saptain Falk has been busy the last few days making out the pay-rolls and muster rolls for the month of May. The men signed the pay rolls today and it will take from ten to fifteen days before the paymaster is around to visit the boys once again.

Marvin Bowerman and Edward Gullenger, of Munising, are in the city.

Misses Blanche Butler and Ellen Childs left for Stack this morning.

31,829 GERMANS TAKEN IN DRIVE ON ARRAS FRONT

FRENCH REPORT CAPTURE OF THIS NUMBER OF PRISONERS BETWEEN APRIL 15 AND MAY 24.

FRENCH PREPARE FOR NEW OFFENSIVE

Preparations Being Made to Smash the German Lines Again When Time is Opportune.

(By Associated Press) On the French Front, June 1.—(By a Staff Correspondent of the A. P.)—Between April 15 and May 24, the number of German prisoners falling into French hands reached a total of 31,820 of whom 28,046 were unwounded.

This covers the period of three phases of the general attack now temporarily abated and which the French will undoubtedly continue when the moment arrives.

As the result of the attacks, the French have gained the initiative and occupy more important positions than when they started the drive in April. Artillery duels continue unceasingly. Thus far the French have regained any position taken from them by the Germans and in some places have bitten further into the German lines.

(Associated Press War Summary) Dispatches from the French front in France indicate a renewal of the offensive against the Germans there as soon as the moment is ripe for an attack. The french occupy more advantageous positions now than when they began their offensive in April and are still improving them.

One of these minor but collective operations was carried out last night when the German post at Chevreux, near Craonne was captured.

The British on their front to the north again report gains after a period during which only raiding operations were attempted. The advance scored was in the region of Cherisy between Croisilles and the Arras-Cambrai road. In one of the big attacks during the height of the Arras battle, the British were reported to have reached Cherisy, but were not able to hold it at that time. Now they have pushed further west of the town.

The gravity of the situation in Spain is emphasized today by news of disorders at Barcelona in which troops participated.

Three American sailing vessels and a four master have fallen victims to submarine attacks. All members of the crews were saved with the exception of one man who drowned when a boat was launched. The vessels are reported as having carried valuable cargoes.

RECORD OF BRINGING DOWN 43 AIRPLANES

(By Associated Press) Paris, June 1.—Captain George Guynemer, most famous of all French army aviators, has brought down five more German machines, two of them in a minute. The captain is credited officially with having brought down 43 enemy machines. Between May 17 and 31 the French brought down 32 German machines and 57 others are believed to have fallen behind German lines.

TO SEE SERVICE IN FRANCE SOON

E. H. Gilley of this city, connected with the Mutual Film company here, has received word from his brother, R. G. Gilley, who is a member of the engineering corps, to the effect that the first regiment of Engineers has left San Francisco for France.

REV. MR. HOHENSTEIN GOES TO MINNESOTA

Rev. O. Hohenstein, pastor of the German Lutheran church, was called last night to Loretto, Minn., by the death of his mother, Mrs. Adam Hohenstein. Before leaving he announced that there would be no services at the church this coming Sunday, but that Sunday school and church exercises will be held on June 9 and 10.

The Escanaba Daily Mirror, City.
Gentlemen:
I will give One Hundred Dollars (\$100.00) for the space on your front page, as per your offer. The space to be used (if this bid secures it) to further the cause of the Red Cross and Y. M. C. A. work which I consider of equal importance and which our people should support to the extent of their ability.
Yours very truly,
T. M. JUDSON.

DON'T FORGET The Big Selling Out Sale

Entire Grocery Stock

About \$2,000 worth of high grade staple foods, composed of canned peas, lima beans, tomatoes, beets and all kinds of vegetables and fruits, bottled goods, etc., at less than wholesale cost.

One Pound Package Raisins 13c	Macaroni or Spaghetti, per package 9c	Pet Milk, large can, for close out 11c	

Hundreds and hundreds more money savers. Riches for the laboring man. Don't disappoint yourself by staying away.

DETROITERS LIVING UNDER THREE FLAGS

Standards of Great Britain and of France Are Conspicuous in Auto City.

Detroit, Mich., May 31.—Since the United States went to war, Detroiters have been living under three flags. Countless thousands of American banners are flying over the city but here and there, among the blazing colors of America triumphant, float the standard of Great Britain and the tri-color of France.

erican soldier, or Detroit demonstration without Tommies and Scots taking part was a spectacle which seems incomplete. But the advent of war has furnished Detroit with a more unfamiliar thrill than the presence of soldiers of another nation. The sight of British and France colors bring to mind the fact that each of these flags once ruled the land which is now the city of the Straits. History shows that Detroit was founded before Peter the Great had built Petrograd. Champlain carried the banner of France up the river and planted it on a spot which now is in downtown Detroit, before New Orleans or Philadelphia was settled. The location received the name of Fort Pontchartrain.

made by adventurers, explorers and priests, who owed allegiance to the flag of France. The story of the war of 1812 is written all over Detroit. Memorial tablets and historic cannon and monuments to heroes have long been prime attractions for visitors. But as union and confederate veterans of the civil war rest in honored graves in cemeteries of Detroit, so do the flags of 2 foreign nations mingle with the Stars and Stripes, almost directly above the cannon which roared in successful defiance, when Perry fought his way to victory in the battle of Lake Erie.

LACOMB FUNERAL WAS HELD THIS MORNING

At All Saints church in Gladstone this morning at 9 o'clock the funeral of the late Gaspard Lacombe, pioneer resident of Gladstone, was held. Rev. Father Bennett officiating. The body was laid to rest in the cemetery there. Deceased was a member of the G. A. R. and the honorary pallbearers were Joseph J. Beattie, W. J. Hammond, E. B. Carr and Mr. Turpin. The active pallbearers were Gaspard Richleau, Henry Michand, Louis Coress, George LaTouch, Joseph Phelan and John Noblet.

DISEASE AND DIRT ARE TWINS

Filth in Streets May Cause Your Death, So Help as Much as You Can to Clean Town.

See That the Children Wash Hands and Face Before Eating—and Fight Flies, for They're Pestilent.

By DR. A. S. BARNES. Dirt and disease are apt to go together, but until lately no one knew why. Today we know that dirt and disease often are closely connected, because dirt generally is not merely dead earth, but rather a kind of living earth, crowded with unseen and almost countless germs of microbes, some of which are dangerous, and even deadly. Dirty streets are dangerous because the dirt in this case may cling to shoes or other articles of footwear and be carried from the streets into houses where, either as fresh dirt or more often as dry dirt (dust), it may find its way to foods or other articles, which either enter or touch the mouths of members of the household.

circulation with each and every dust, log and sweeping.

Germs Plentiful in Food. It is still easier to understand why water which contains dirt or excreta may be very dangerous, because in no way are the germs of disease more readily taken into the human body than with food and drink. Dirty milk is dangerous because the dirt most often found in milk is manure or else dirt from dirty barns, or dirty utensils, or dirty milkmen who have handled the milk with dirty hands. Dirty hands are dangerous, as human hands, so very readily almost everywhere, and thus only too easily, become dirty—children, for example, have soiled their hands, may perhaps the next minute put their fingers upon their faces or into their mouths, and thus carry dirt, and with that the germs of disease directly into the body itself. Frequent washing of the hands is a great sanitary safe guard.

Keep Streets Clean. This dirt menace and nuisance is preventable not only in the streets, but likewise in our living and working places. Much house dust pollution may be avoided if the original street dust were removed or allayed. The remedy for abating street dust in cities is thorough flushing of streets with large amounts of water. In order to make street sprinkling effective, it should be sufficiently abundant to wash the dirt away into the sewers, or if moderate amounts of water are used, then it becomes imperative to put in the water some suitable disinfectant.

Small towns should clean streets of loose dirt, pack undersoil with roller and oil carefully with heavy oil. With a better insight into the dangers from dust, a real live interest is awakening. Education has been telling, methods are improving, the public has awakened to the dangers from dust and filth. Every person should do his part to assist in the eradication of disease from these dangerous sources. Dust then is not by any means or in the main a mere nuisance and source of public discomfort, but perforce a menace and direct public danger of deadly potentiality.

Swat the Fly Harder. Whether the house fly or the stable fly or any other fly is the carrier of the germ of infantile paralysis, there is enough evidence against the pest to urge extra efforts at extermination. At least, it is very plain that conditions which encourage the multiplication of flies also promote and spread the paralysis. If it were possible to indict communities, those communities which permit flies to continue the nuisance—to put it no more strongly—which they are, would be liable to criminal carelessness. The fly can be measurably suppressed, and ought to be.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning. We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach. The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

DANGERS OF A COLD

Escanaba People Will Do Well to Heed Them. Many bad cases of kidney troubles result from a cold or chill. Congested kidneys fall behind in filtering the poison-laden blood and backache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Doan's Kidney Pills at the first sign of kidney trouble. Follow this Escanaba resident's example: Mrs. H. F. Hamm, 301 N. Mary St., Escanaba, says: "Occasionally, I took cold which settled on my back and my kidneys began to annoy me. I felt badly all over, also. Whenever I had an attack like this, I used Doan's Kidney Pills and in almost no time, they removed the trouble." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hamm had. Foster-Milburn Co., Props., Buffalo, N. Y.

Editorial

"WAKE UP, AMERICA!" It is a noble duty to respond to such a noble cause. Each one must "do his bit" if success is to be attained, and as was once said by a great admiral: "There is Glory Enough For Us All." So it is with any public institution—a store. For surely no one can deny the fact, a store is a public institution. Since the beginning of this store, we have been awake to the needs of the public—each one of us having a duty to perform, his or her share to do, so that as an institution the desire to render a service to its patriots has always kept us AWAKE. Is Your Hair Coming Out?

Ask a Friend or Prove Its Value Yourself?

STOP IT NOW!

Remember! Nothing hurts your attractiveness so much as a straggly dead-looking head of hair. A first impression of your character is often formed by the appearance of your hair.

Dandruff Kills Hair Roots

Dandruff takes the life from the hair makes it look thin and straggly or oily and heavy. A few minutes' care twice a week will soon make your hair healthy, vigorous and attractive.

Pompeian HAIR Massage

A clear amber liquid (not a cream). Not oily. Not sticky. Is a treatment, not merely a tonic. The massaging into the scalp stimulates the roots. Thus its name. After the first application your scalp will feel refreshed and your hair look brightened up.

25c, 50c and \$1 bottles, at the stores.

MEN—Have your barber give you a Pompeian HAIR Massage. Used in over 30,000 of the best barber shops from Maine to California. Made by the reliable makers of the famous Pompeian MASSAGE Cream.

Delta Hardware Co.

"We Can Sell Almost Any Make of Tire Once"

—but this town is not big enough in which to do business on the ONE SALE ONLY basis.

We must sell tires again and again to the same people.

On this principle our business has grown because we sell a tire that cuts down upkeep to a fair and reasonable figure.

People ask how far will this tire run? We tell them we rarely see a Diamond that won't go five thousand miles. Yet Diamonds are PRICED on a basis of only three thousand five hundred miles.

There is no "velvet" in the price, but plenty of "velvet" in Diamond mileage.

We carry a complete line of sizes in stock and can fill your tire wants immediately. If you can't come, telephone.

Every Diamond Tire must deliver full value in service. If ever a Diamond Tire fails, a cheerful, willing adjustment will be promptly made.

Diamond TIRES

'CIVILIZATION'

At Delt Theatre Monday and Tuesday.

Great interest will be at once aroused in the theatre-going public of Escanaba in the announcement by the management of the Delt theatre in the securing of the massive Thomas H. Ince photodramatic production, "Civilization" for presentation at the Delt for a special engagement on Monday and Tuesday, June 4 and 5, twice daily.

With all due respect to other great film productions of the past year or two, it may truthfully be stated that never has as great, massive and wonderful a motion picture ever been projected upon the screen of any theatre in this city.

SCENE FROM THOS. H. INCE'S 'CIVILIZATION'

Stupendous in conception, awe-inspiring in massiveness and magnitude, "Civilization" has taken its place as the greatest film production of all time. Personally endorsed by President Wilson himself, in magnificent terms has expressed his deep endorsement of the film. "Civilization" is a subject for all time. One which will go down into history as the greatest cinematographic achievement of all time.

MAY GET U. S. ENCAMPMENT

Army Officers Who Inspected Site Offered by City, Seem Pleased With Offer.

Marquette, May 31.—Marquette's chances for obtaining the government army cantonment or encampment of 30,000 troops seems to be growing brighter.

The army officers who inspected the Marquette lake shore site last week are now closing their trip through lower Michigan. While they have given no direct intimation of the choice of the board for a Wisconsin-Michigan conscription troop camp, yet they have permitted the idea to get abroad that they will report on a lake shore site.

This may well lend hope to the proponents of the Marquette site since the officers have found nothing it is believed better adapted to the government's requirements than the beautiful lake side property offered freely by the people of Marquette.

BAIRD IS SLATED FOR WARDENSHIP

Saginaw Man is Strongly Mentioned as Successor to William R. Oates, as State Game Warden.

John Baird, of Saginaw, is slated for the appointment as state game warden to succeed William R. Oates, as soon as Oates tenders his resignation.

While the exact date of Oates' departure from the state game department is not known, he has made up his mind to resume the practice of law and in all probability will enter the attorney general's department or the securities commission.

Some time ago Attorney General Groesbeck suggested to Oates that he give up his work as state game warden and take up the legal profession again, and he offered the state game warden a place in his department as assistant attorney general.

It is known that Oates is giving the matter serious consideration and has made up his mind to surrender his present position. Oates' term as state game warden will not expire for three years, and his successor, who will be the chief deputy of the department, John Baird, of Saginaw, will probably be named for the unexpired term.

Oates was made state game warden in 1911 by former governor Chase S. Osborn, and was reappointed two years ago when the game and forestry department was placed under the jurisdiction of the public domain commission.

An Argument Addressed to Every Motorist in Escanaba

WE believe there are many very logical reasons why every motorist in this city and surrounding territory should seriously consider the question of equipping his car with Lee Tires.

We don't expect to be able to bring this about—not this year at least, but we do expect to see a good many Lee Tires rolling about this community during the season and furthermore we expect to see every Lee Tire user satisfied. That expresses the confidence we have in the present output of the Lee Tire & Rubber Company's factory.

Let's consider what you get when you buy Lee Tires.

Take Lee Puncture-Proof Pneumatic Tires, for instance. They are twice guaranteed.

What do we mean by twice guar-

Continue your advancement. Get rid of punctures.

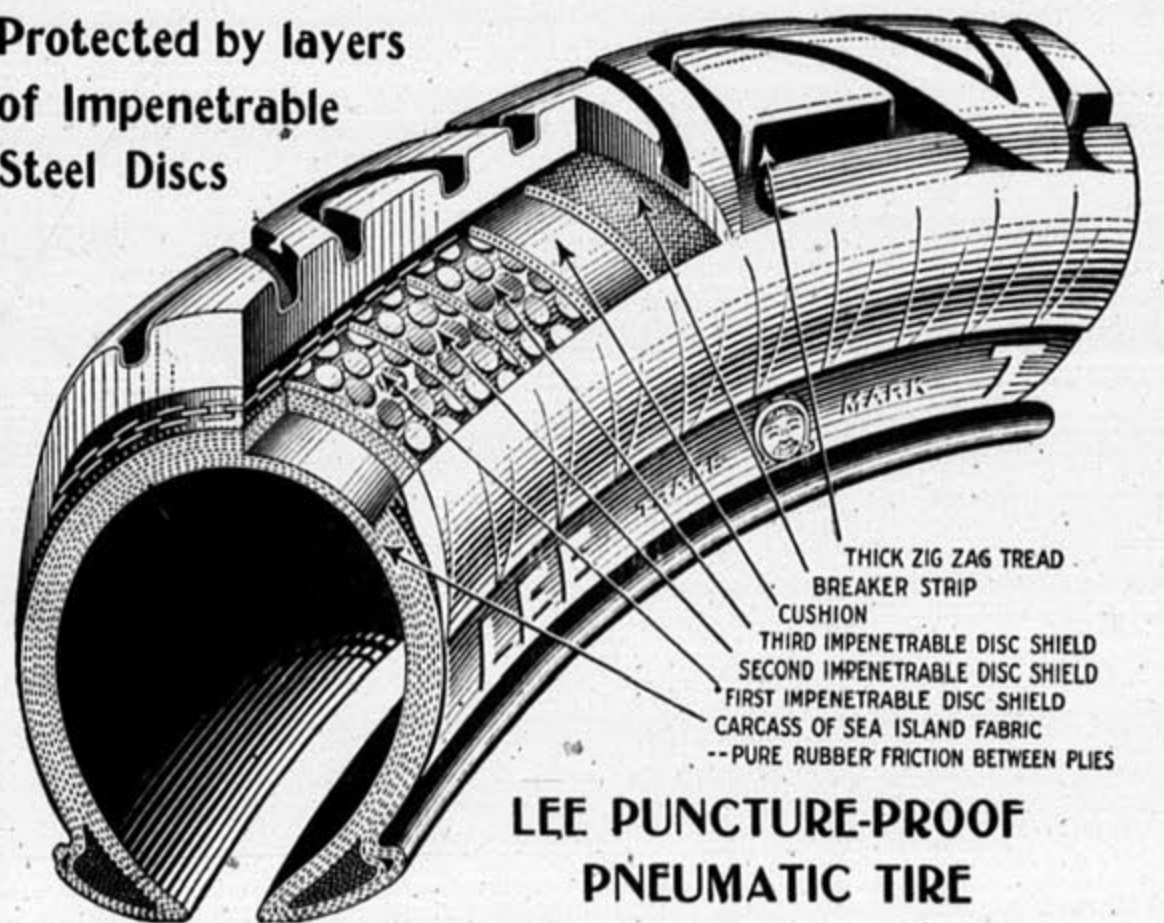

You know how annoying they are. We know how expensive they are, because no matter how quickly you stop when a tire goes flat, the carcass is bound to be injured every time you get a puncture.

We would rather sell you a Lee Puncture-Proof Pneumatic Tire than to sell you any other tire in the world. But if you haven't made up your mind definitely about the puncture-proof feature, we can supply you with Lee regular tires, wrapped and full mould construction.

There isn't a factory anywhere that can produce better tires than are being turned out today in the plant of the Lee Tire & Rubber Company.

If you want tires of regular construction at a fair price, you can't do

Protected by layers of Impenetrable Steel Discs

LEE PUNCTURE-PROOF PNEUMATIC TIRE

anted? Simply this:—They are guaranteed for 5000 miles of service and are guaranteed against puncture for every mile of it.

In view of these two highly important features of tire service which we not only sell you with the Lee Puncture-Proof Pneumatic Tires, but which we guarantee you, we believe this to be about the best form of tire insurance a motorist can buy.

You can remember the time not so very long ago when you demanded that your car be equipped with electric lights. A little later on it was the self-starter you wanted. Both of these refinements reduced your motoring worries and added to your motoring pleasures.

better than equip your car with Lee Tires.

We have them in Plain, Zig-Zag and Standard non-skid treads.

You can't make a mistake, no matter which one you buy.

And if you pay a little more for the added Puncture-Proof feature you have what we consider absolute supremacy in tire equipment.

Otherwise we wouldn't feel justified in extending the two-fold guarantee which Lee Puncture-Proof Pneumatic Tires carry.

Lee Standard Tires are guaranteed for 4000 miles. For economical reasons, if for no other, you ought to be our customer. Why not make your next set of tires Lee Tires?

Did you know that the words "cipher" and "zero" came from the same Arabic original? Of course you know that they commonly mean the same thing, but they don't at all look as if they had the same root. It came about in this way: The Arabic word was "sifr." The old Latin treatises on arithmetic took this word from the Arabic, but Latinized it into "zephyrum." The Italians contracted this into "zefiro." We knocked the two middle letters out and still further shortened it to "zera." The French, on the other hand, contracted the Latin term into "cifre," thus getting nearer to the Arabic. And since the English language has always taken what it wanted from the French—whether it was needed or not—we took this word, changing its spelling to "cipher." We have differentiated the meanings of the two words, now; zero means nothing, and cipher means the character for nothing.

There are 19,316 living holders of Yale degrees, according to the annual directory of living graduates of the university. The total number of degrees awarded since the foundation of the college is 30,164. The geographical distribution of graduates show that New York city is the largest. Yale center with 3,278. New Haven is second with 1,645 and Chicago third with 715. In foreign countries Tokyo, Japan, has the largest number, 48. More than one-fifth of the graduates practice law.

Boston announces a new substitute. People who call for fried scallops in restaurants now often are served not with shellfish, but with imitations cut out of the meat of a sea skate with a die, and so closely resembling the real thing, it is said, that when they are cooked no one but experts can tell the difference, says Milwaukee Wisconsin. Is this a response to the recent campaign of government food authorities in favor of the utilization of heretofore unpopular varieties of sea food?

A sleepy boy is one of the pathetic things of life. There must be something physically wrong with him.

Everybody seems to be getting more money, but not more to eat or wear.

Perhaps most of your "bad luck" consists in failing to answer the want ads that contain opportunities for you.

Liberty Loan

Backed By All the Resources of the Richest Nation In the World

A UNITED STATES Government Liberty Loan Bond is the safest investment on earth. It is backed by the total resources of the richest nation in the world. It pays an absolutely net income—it is practically as good as cash with none of the risk of actual cash.

When you invest in a Liberty Bond you get a signed "promise to pay" from a nation whose wealth is recorded at \$250,000,000,000 or nearly the combined wealth of Great Britain, France, Germany and Austria-Hungary. You receive the bond of a nation whose yearly income is estimated at \$50,000,000,000 or twenty-five times the present loan—one whose per capita wealth of \$2,500 is larger than that of any other power and whose per capita debt, even after the present \$2,000,000,000 loan is sold, will be about \$30, or less than one-tenth that of either Great Britain, France or Germany.

Not once in its history has this nation defaulted a single dollar of its obligations. America's credit has steadily risen and today our Government bonds hold the highest credit of any bonds issued by any government in the world.

In asking you to subscribe to this loan your Government does not ask you to spend your money. Instead it offers you an opportunity to save and invest.

Liberty Bonds may be purchased in multiples of \$50. They bear 3½ per cent interest, payable semi-annually December 15th and June 15th. They mature in 30 years and are redeemable in 15 years. Should the Government put out any future issues at an interest rate higher than 3½ per cent before the close of the war, the "Liberty Loan" will immediately become convertible into higher rate bonds.

A SAFE NET INCOME.

Our Government has made these bonds exempt from all state or federal taxes, except estates and inheritances. They thus give an income absolutely net to you, regardless of the income tax. There are many investments paying a higher rate of interest which do not yield as much as 3½ per cent net after all taxes have been paid.

THE BEST BASIS FOR CREDIT.

Liberty Loan Bonds are the best possible basis for credit. When you need a loan you can present them to your banker and get the money you need. As soon as you repay your note, he will return the bonds to you. They will have been drawing interest for you the entire time.

A Liberty Loan Bond is worth many times its face value in the credit it secures for you.

No investment you hold can be safer and no other bond enjoys such a broad and ready market in case you wish to sell.

A PROFITABLE INVESTMENT.

The last great government bond issue sold for par in 1898 and for 110¼ in 1900. So highly were these bonds regarded by investors that the Secretary of the Treasury only succeeded in buying back one-tenth of the issue when he offered redemption.

BE A GOVERNMENT BOND HOLDER.

The Liberty Loan offers an opportunity for you to become a government bondholder.

Investors: Put your money where it is tax exempt—in Liberty Bonds.

School Teachers: Liberty Bonds are as good as a pension. They are the safest investment in the world.

Married Men: Liberty Bonds are as safe as life insurance for your family. Uncle Sam never goes out of business.

Mothers: Buy a bond for the baby. Give him his start in life with Uncle Sam as a backer.

Young Business People: Get your financial start by putting your savings into a Liberty Bond.

Trustees: Relieve yourself of the worry of separate investments by putting monies in trust into Liberty Bonds.

Employers: Help your employees get ahead by loaning them money for Liberty Bonds.

Old People: Relieve yourself of financial worry and make sure of the safety of your estate by concentrating your capital in Liberty Bonds.

Organizations: Put your sinking fund where it will be safe and will draw interest—in Liberty Bonds.

Widows: Avoid the risk of business dealings about which you know nothing by investing in Liberty Bonds.

New Americans: Put your money where it will be safe—in Liberty Bonds.

Enlisted Men: Be sure your money is safe and benefiting those at home by putting it in Liberty Bonds before you go.

SUBSCRIBE TODAY.

Subscribe for your Liberty Bonds today. Millions of dollars of Liberty Bonds have already been sold. If you have not the cash at present, borrow it from your employer or from the banks who are making a specialty of lending for this purpose. You can be a government bond holder if you will.

Secretary of the Treasury McAdoo says: "The greatest immediate service the American people can render in this War for universal liberty throughout the world is to furnish the means for its vigorous prosecution. This bond issue is the first step. I earnestly bespeak the co-operation of every citizen throughout the length and breadth of the land in this great service of patriotism."

You can place your subscription for Liberty Bonds through any bank, trust company, bond house, department store or post office. Make the best financial and patriotic investment today by subscribing for your Liberty Bond.

LAND BLESSED BY NATURE

Inhabitants of Small Italian Fishing Village Are Among the Fortunate of the Earth.

One of the oddest and quaintest little independent states that ever existed in Europe—the tiny Republic of Noli, founded before Rome and maintaining its liberty for many centuries until Napoleon swept away its privileges—is today merely a fishing village near Genoa, but it is full of reminders of its former greatness, and affords a wonderful glimpse of medieval times. Destroyed by the Carthaginians in 217 B. C., and who knows now often by subsequent marauders, there seemed no limit to her powers of recovery. This quaint little fishing village maintained itself as a sovereign state for centuries, took a prominent part in the quarrels of Guelphs and Ghibellines, sent doughty warriors to the Crusades, commanded the interest of emperors and popes, and only succumbed at last to the armies of Napoleon. Dante clambered hither over terrible hills on hands and knees, and revenged himself by consigning Noli to his "Purgatory." Everybody is rich in this poor man's paradise, says the Wide World Magazine. During the anchovy months it is not rare for the 120 boats to earn £800 pounds in a night, or £15,000. In a season through fish alone a man earns far more than a clerk, besides which he has no "appearances" to keep up. Under these happy conditions he soon acquires lands and houses, which afford a steady revenue while he sleeps or fishes. The earth here has only to be scratched in order to bring forth wealth, so rich is the soil and so abundant the water.

Someone's necessity—as indicated in a classified ad—is probably your opportunity.

Mrs. Wm. Bonifas of Bonifas, was a shopper here yesterday.

Henry Anderson of Marinette, is the guest of relatives here.

Val Pollo, now of Milwaukee, is in the city visiting his parents and friends.

Alfred Johnson of Daggett, motored here yesterday.

Victor Granholm of Nahma, was in the city yesterday.

Harry Bichler left last night for Canada.

"THE VAMPIRE OF FRANCE"
AT THE STRAND TOMORROW

"Here is where I keep my jewels."

The speaker was Count Strezzi, a wealthy bachelor, and as he spoke he touched a spring and revealed a secret hiding place. The people to whom he revealed this secret were a famous dancer and the two musicians who accompanied her.

Later one of these musicians, driven mad by the demands for money, made on him by his creditors, stole these jewels and was caught in the act by the count.

From this develops one of the most startling stories ever filmed. It is the first release in the Brady-International Service—World-Pictures and it will be shown at the Strand theatre Saturday. Be sure to see it.

BITS OF GOSSIP FROM THE SCREEN

Movie Star's Life by No Means a Bed of Roses.

FILMED VENICE IN JERSEY

On Account of War Movie Company Had to Duplicate Streets and Build Bridges in Sparkill, N. J.—P. J. Cameron Becomes "Warden" in Pictures of Same Prison He Had Once Visited in Arizona For Pleasure.

THE life of the motion picture actress, especially that of the comedy player, is no bed of roses. As to the rosiest of the life here is what Miss Madge Kirby, a comedy star, had to do in one day. Incidentally the day was of eighteen hours' length:

Dresses at dawn in room which is having steam pipes put in, but the pipes are not there yet. Shivers.

Climbs tower, 170 feet above the ground, to oblige a magazine which wishes to show the dashing of some girls. Shivers.

Shower bath scene. It is now 9 o'clock. All the January water in the world pours over her. Changes her clothes. Shivers.

Picked up by automobile and dragged thirty feet—into water ditch. Still January water. Shivers.

Luncheon, soup. Grease a-plenty on top. Shivers.

Big water scene. Speeding launch upsets. She remains under water minute and a half. Shivers.

Cafe set. Evening clothes outdoors. Winds whistle through doors and draperies and evening clothes. Shivers.

Dusk and lamps are lighted. Cafe set continues. Night winds are at work now. Shivers.

Cafe set. Night winds still at it. Automobile bursts through walls of cafe. She is missed by an inch. Shivers.

Home for the day. Bungalow is cold. Cook's day off. Fire is out. Alarm clock set for 6 next morning. Shivers.

And that is an ordinary day, not alone for Miss Kirby, but for a host of other girls—Annette De Foe, Peggy Provost, Amy Jerome, Violet Eddy, Dot Farley, Gertrude Selby, Edyth Hoskins, Caroline Rankin, Ann Ivers

Look at a few of the furnished rooms advertised—and pack your trunk!

WHAT IS THE NATURE OF A LIBERTY LOAN BOND?

There are two kinds of Liberty Loan Bonds. Bearer Bonds are to be issued in denominations of \$50, \$100, \$500 and \$1,000. These Bearer Bonds, which are made payable to bearer, have interest coupons attached which are detached by the holder when the interest installments they represent are due, and can be cashed at any bank the same as a United States Treasury note.

Registered bonds are to be issued, which are registered as to both principal and interest, in denominations of \$100, \$500, \$1,000, \$5,000, \$10,000, \$50,000 and \$100,000; checks for the amount of interest due will be mailed out semi-annually to the holders of these registered bonds.

WHAT ARE THE TERMS OF A LIBERTY LOAN BOND?

Liberty Loan Bonds of the first issue of \$2,000,000,000 are to bear date of June 15, 1917, and to run for thirty years, except that the Government reserves the right to pay them fifteen years after date. If this right is not exercised by the Government fifteen years from date, the bonds will run the full thirty years.

These bonds bear interest at 3 1/2 per cent per annum, and the interest is payable semi-annually on the fifteenth day of December and the fifteenth day of June in each year.

WHAT THE CRITICS SAY

JOURNAL: "'Civilization' is the only picture to rival 'The Birth of a Nation.' Few films have ever offered scenes which match the touching pathos of these."
TIMES: "The Prince of Peace is reverently introduced, and the scenes in which the Christus appears are beautifully managed."

A picture that has been showing in the larger cities at prices from 25c to \$2.00 and it is only because we have rented this production that we are able to show it at such ridiculously low prices.

Money to Be Saved Buying Now

Double the Business in June

Yes, we are determined to double the business in June. How we are going to do it should be of interest to every thrifty shopper. Keep in close touch with the store; watch our Ads; you are sure to be the gainer.

"JACK" BACON JOINS FORESTRY REGIMENT

"Jack" Bacon, of this city, son of Mr. and Mrs. W. L. Bacon, who is a graduate of the forestry division of the engineering department of the Michigan Agricultural college in the class of 1917, will leave about July 1 for Washington state to join the new forestry regiment which has been organized by the government. Whether the regiment will see service in France or whether the members will remain in this country is not known.

MODERN GYPSY USES AUTOMOBILE TRUCK

Gypsy bands driving horses have been common sights in this country for many years, but few are seen driving automobiles, modeled to resemble a house, with windows and doors, like the old horse wagons used to be fitted up.
Today, however, a gypsy band making their way down Ludington street in an automobile fashioned into a house attracted a good deal of attention and reminded persons of the rapid development in America.

WOOL SELLING FOR 54 CENTS A POUND

(By Associated Press)
Butte Mont., June 1.—Wool is selling for 54 cents a pound and some sheep men of the state are holding out for higher prices, according to E. A. Gray, general agent of the North-Western line. Mr. Gray estimated that the clip will approximate 20,000,000 pounds.

FIELD DAY EVENTS WERE POSTPONED

On account of the uncertainty of the weather this morning, the field day of the high and grade schools was postponed until another day by the school authorities. No date is announced for the events, but it is planned to hold them on the first nice day, probably Monday, if the weather will permit.

CARD OF THANKS.
We wish to thank L. J. Jacobs, manager of the Delta theatre and also the orchestra for the music rendered during the dinner hour at the Armory on Decoration Day.
(Signed) Committee of W. R. C.

BIG ANTI-GERMAN FEELING IN NORWAY

Newspapers and Comment by People Shows Disaffection With the State of Affairs.

(By Associated Press)
Christiania, Norway, May 6.—(Correspondence of the Associated Press).—Several recent happenings serve to emphasize the present anti-German feeling in Norway as shown by the press and public expression.
One of these is a wide spread demand for the cancellation of the engagement of the German Philharmonic orchestra scheduled to play here May 11. Protests published are to the effect that the orchestra should not be allowed to partake of Norwegian hospitality at a time when Norwegian vessels are being torpedoed by the hundreds and Norwegian sailors being killed while serving their country on merchantmen.

This free expression was made following shortly the defeat of a bill imposing drastic censorship on the press with a heavy penalty, including imprisonment and fines, for a paper publishing anything likely to "disturb the friendly relations between Norway and another country."

DRIVE FOR ARMY "Y" FUND STARTS; TO RAISE \$5,000

(Continued From Page One)
largely due to the fact that he has no home, is young and often homesick, and absolutely needs diversion and recreation. If he cannot get clean amusement, he gets unclean amusement. It is the great privilege of the people back home to provide the means for the former.

Vice Preceded Soldiers.
He told of the experiences of the Michigan troops at Grayling and El Paso. "Vice preceded us to both places," he said. "In El Paso it was necessary to pass 29 saloons, most of them connected at their back doors with houses of prostitution, between camps and the center of the city. More than 6,000 fallen women competed there to take the beggarly \$15 of the soldier. Many of them succeeded, not only in doing that but, with the saloon, in wrecking the boy, morally and physically. But the Y. M. C. A. with its unceasing work, providing clean recreation seven days a week, did more to combat this condition than any one thing. It did wonders and it deserves great support."

Mr. Sharpe declared the work but just started. "It is the opinion of military experts that we are in for a long war. Two million will go from America. When President Wilson asked for war on April 6, he wired John R. Mott, America's greatest Christian statesman, and challenged him—'What is the Y. M. C. A. going to do in this crisis?' And Mott replied, 'The Y. M. C. A. will follow the flag everywhere, to the camps, the hospitals, the prisons, the battlefield.' And all we ask is the opportunity to make those words good."
Y. M. C. A. Asks \$5,000,000.
"The Y. M. C. A. asks the United States for \$5,000,000 and Michigan for \$250,000, to buy 'huts' each with a seating capacity of more than 900, one for each brigade, where there will be five secretaries, and provision for writing, reading, moving pictures, games, amusements, athletics, etc. It

War Is a Stern Teacher

but out of its countless horrors and unthinkable wastes come some good results.
The War of 1871 taught the French people to be more thrifty and the present great war will undoubtedly result in increased Thrift and Saving of the American people.

has asked for the money, and is getting it."
Telling of the great work done at Grayling and El Paso, Mr. Sharpe related incident after incident, some of which brought tears to the eyes of his hearers, of boys saved from desertion, disease, disgrace by the fact that they had what was, at least, the substitute for a home in every camp. He told of 1,000 out of 1,200 on one Michigan regiment attending a Y. M. C. A. picture show in preference to the saloons. In fact, he told an absorbingly interesting story which well deserves columns of our space, if we had had opportunity to give it.

Hubert Parvis, of Ishpeming, a private in the Michigan regiment which went to the border, told in his own way the work of the Y. M. C. A. on the border. He explained it from the standpoint of the soldier and his talk was very interesting.
Lieutenant J. W. McNeal, recruit-
