GENERAL PERSHING REACHES ENGLAND

BRITISH CAPTURE 6,000 TEUTONS IN NEW DRIVE

FIRST DAY OF DRIVE IN BELGIUM RESULTS IN GREAT GAINS AND GREAT GERMAN LOSSES.

GERMANS FAIL IN COUNTER ATTACKS

Capture of Messines by British First Result of Gigantic Drive Opened Yesterday.

(By Associated Press)

British Headquarters in France, June 8.—(By a Staff Correspondent of the Associated Press).—The number of prisoners reaching the collecting stations since the beginning of the new British drive has now reached over 6,000. Many more prisoners are coming in.

No estimate is made of the guns captured yesterday by the British, although it is known that several German batteries were taken practically intact. Prisoners say that scores of guns were destroyed during the bombardment.

The night passed quietly on the front, all conquered territory being held. The German losses in counter attacks were terrible. The full depth of the British attack was 5,000 yards. Three counter attacks by the Germans, not delivered with any great force, were broken.

(Associated Press War Summary)

Vast numbers of German troops are being rushed forward by General von Hindenburg in an effort to stem the British torrent which yesterday swept over the heights dominating the Lille plains and threatens to sweep the Teutons from the great industrial section of Northern France.

As every succeeding clash of the mighty armies has made a dwarf of the one which preceded them, the initial phase of the battle of the Messines seems merely a prelude to the great struggle to come.

The British thrust, following on the triumphal announcement by the Germans that the allied offensive had been definitely checked, bears out the report of underestimation of the power and resources of their foe, and of the Germans not being ready to withstand the terrible blow.

From these captured heights the British guns are today sending messages of death across the low and level plain, nearly five miles in width, which separates them from the industrial capital of northern France.

The renewal of the British thrust overshadows all war events, but the news is timed with the arrival of reassuring reports from Russia.

Rusa Situation Better.

The surrender of the Kronstadt secessionists has been followed by reports of the enthusiastic reception of Minister of War Kerensky who is on a tour of Russian fronts. The energy with which the minister has acted in restoring the morale and discipline of the army has had its reward and brings revived hope that the great Slavic country can make her military power felt again on the eastern front.

Outside of the belligerent interest centers in Spain, where the internal crisis is coming to a head. The cabinet will meet today under the presidency of King Alfonso and it is reported that the meeting may terminate with the resignation of Premier Prieto.

On French Front.

Paris, June 8.—Heavy fighting continued throughout the night below St. Quentin, the war office announced. German infantry attacks between St. Quentin and Laferre were checked by the French fire, it was announced.

Austrian Reinforcements.

Udine, Italy, June 8.—A semi-official announcement says that Austria-Hungary has made a formidable concentration of their forces on the Italian front by the withdrawal of troops from the Russian front. The statement asserts that the Italians there are confident.

NEXT MEETING WILL BE HELD AT CALUMET

The next convention of the Woman's Home Missionary society of the Methodist church will be held at Calumet, it was decided at the meeting of the society here on Wednesday. The convention voted unanimously to go to Calumet next year. The convention here was the most successful ever held by the society.

EMERY SNYDER HAS RESIGNED TO TAKE UP INSURANCE WORK

POPULAR ESCANABA MAN WILL BE DELTA COUNTY AGENT FOR EQUITABLE ASSURANCE COMPANY.

After 17 years or continuous service with the I. Stephenson Co. Trustees, during which time he worked up from stenographer to manager of the Escanaba lumber and wood yards, C. Emery Snyder has resigned his position to take the Delta county agency for the Equitable Life Assurance company. His resignation dates from June 1. Mr. Snyder has already taken up his new work.

Mr. Snyder numbers his Escanaba friends by the score and there is not a more popular young man in the city. He is known as a keen business man and a hustler and he has the best wishes of many friends in his new

C. EMERY SNYDER

line of endeavor.

He came to Escanaba in December, 1900, to take a position as stenographer for the I. Stephenson company. He held that position for a year, and for two years he was a scaler and timekeeper for the company in the lumber camp. During the next three years he was employed in the mill yards at Wells as a stockkeeper and estimator. In February, 1905, he was promoted to bookkeeper in the company's Escanaba retail yards and from that position was promoted to manager of the wood yard on Stephenson avenue. In 1910 he was again advanced, this time to the position as manager of the retail lumber yard, in addition to the position as manager of the wood yard. From that time until June 1 this year, he continued with the company in that capacity.

Mr. Snyder was one of the most popular of the I. Stephenson company employes and enjoyed the greatest confidence of his superior officers. His leaving the company will be a surprise to his many friends, but the fact that he is to remain in the city will be received with general satisfaction.

TWO SHIPBUILDERS LOSE THEIR JOBS

General Goethals Dismissed His Assistant and Another Engineer for Attacking Him.

(By Associated Press) Washington, June 8.—Major General Goethals, general manager of the Emergency Fleet corporation, today dismissed F. A. Eustis, assistant general manager of the corporation, and F. H. Clark, of New York, the two engineers who originated the wooden fleet plan. The dismissal of Eustis and Clark followed their action yesterday in issuing a statement virtually charging holding up the ship building plan in a national emergency.

MAN IDENTIFIED AS BROTHER DR. LEMIRE OF CITY

BODY OF MAN FOUND IN SWAMP AT LITTLE LAKE ON WEDNESDAY WAS IDENTIFIED AS GEORGE LEMIRE.

DR. LEMIRE IDENTIFIED BODY LAST NIGHT

Death is a Mystery as There Are No Indications of Foul Play or Accident.

The body of the man found lying in a swamp near Little Lake on Wednesday by a trainman on the North-Western has been identified as George Lemire, brother of Dr. W. A. Lemire of this city, who was called to Ishpeming yesterday to look at the body, and who immediately identified it as that of his brother, George. Dr. Lemire notified Mrs. Lemire this morning by telephone to the effect that the identity could not be mistaken.

How the man came to his death and how the body came to be lying in the swamp near the railroad tracks at Little Lake is a mystery which authorities of Marquette county have thus far failed to solve. The body has been taken to Chassel, the home of deceased, by Dr. Lemire where funeral services will be held. Dr. Lemire will probably return to the city tomorrow evening.

George Lemire made his home most of the time at Chassel, but for two years had spent a great deal of his time at Montreal. He was on his way home from Montreal when the misfortune overtook him. His baggage had been checked to Chassel and the checks were found on his person. Bank notes to the amount of over \$600 as well as his watch, jewelry and other valuables were found by the authorities who searched the body. In addition were a number of letters and papers, which pointed to the supposition that his name was Peter Lemire.

No marks were found on the body which would indicate that he had met with an accident or foul play, and the authorities are baffled to know how he came to his death. The body showed signs of having been in the water for several days. It was discovered Tuesday by a trainman on the North-Western who immediately notified the authorities at Marquette. Coroner William Prin took charge of the body as soon as it was reported to him and immediately started to find the man's relatives. Dr. Lemire was communicated with and went to Ishpeming yesterday to take charge of the body. George Lemire was a single man and leaves several brothers and sisters.

PUPILS REPORT 908 GARDENS IN CITY

According to a report made by the girls of the schools who made a visit to all the homes in the city a short time ago to learn how many gardens there were in the city, a total of 908 gardens have been planted this year. The report also brought out the fact that only 21 families need more seed. The girls learned that 699 families will raise more vegetables than last year, if conditions are good. Housewives to the number of 765 advised the girls that they intend to preserve and can vegetables for their own use. There are more beds of lettuce in the city gardens, the report shows, than any other vegetable, there being 742. Potatoes rank second with 732 patches.

WHEAT CROP IS FORECAST AT 656,000,000 BU.

GOVERNMENT ESTIMATES BASED ON JUNE 1 CONDITIONS EXCEED THE FINAL ESTIMATES IN 1916.

WINTER WHEAT IS BELOW THE NORMAL

Crops Will Be 160,000,000 Less Than Average for 1911, 1915, Department Estimates.

(By Associated Press) Washington, June 8.—The wheat crop of the United States, according to the forecast issued today by the department of agriculture, was estimated at 656,000,000 bushels, combining the revised estimates of the badly damaged winter wheat crop and the first estimate of the new spring wheat crop, based on June 1 conditions.

That estimate compares with 640,000,000 in 1916 and 806,000,000 the average for the years 1911-1915. Improved weather conditions in May increased the prospects of the winter wheat crop and the estimate was 373,000,000 bushels. The crop began with adverse conditions, 12,437,000 acres having been abandoned because of the severe winter.

April 1 condition forecast a production of 430,000,000 bushels but during the month the growing conditions were adverse so that on May 1 the forecast was 365,116,000 bushels.

POTATOES MAY ROT IN GROUND

Chris Bonefeld Who Was in City Today, Says the Crop is in Great Danger Now.

Chris Bonefeld, who is one of the most experienced farmers in Stonington, says that unless the weather keeps moderately cool for a few days the potato crops on that side of the bay will rot in the ground. The ground is so very wet that the air will have to be cool for days to allow the water to sink into the ground.

Mr. Bonefeld also says that the farmers have planted about a fifty per cent increase in potatoes all over that peninsula. Should the weather continue cool and no more rain, the crops may be saved and if that is the case the farmers will have a bumper crop of the tubers.

EDWARD STROMBERG IS HIGHLY HONORED

Edward Stromberg, son of John Stromberg of this city, who is a student at Northwestern university, has been signally honored by being awarded the fellowship in English. This means that he will receive his tuition for next year in addition to \$300 for expenses. He has been elected to the honorary society, the Phi Beta Kappa and is now president of the Wranglers' fraternity.

GLADSTONE YOUNG MAN DIED AT FLINT

Word was received here today of the death at Flint, of Delore Carrier, a former resident of Gladstone, but who had been employed in one of the automobile factories in the lower peninsula city. The body will arrive this evening at Gladstone, where the parents reside and the funeral services will be held probably tomorrow. Mr. Carrier was a member of the local council of the Knights of Columbus.

VOLCANO RUINED CAPITAL OF SAN SALVADOR TODAY

SAN SALVADOR, CITY OF 60,000 POPULATION, IS PRACTICALLY DESTROYED, SAYS REPORT.

SEVEN OTHER CITIES ARE DESTROYED

Loss of Property Large, But Meagre Report Does Not Tell of the Loss of Life.

(By Associated Press) San Juan Delsur, Nicaragua, June 8.—San Salvador, the capital of the republic of San Salvador, with a population of more than 60,000, has been totally destroyed, according to a dispatch from San Miguel, Salvador. No details as to the manner of destruction were received but it was undoubtedly the result of an earthquake or volcanic eruption.

A dispatch from Tegucigalpa, Honduras, says that in addition to wiping out of San Salvador, seven other towns were destroyed.

At 9:50 this morning there was still no communication with San Salvador. An operator who reached the edge of the destroyed zone reported at 9:29 that San Salvador was in ruins and that everything within a radius of thirty miles was destroyed.

The residents of San Salvador are camping in the streets and the parks. At the time the report was sent, it had been raining heavily for five hours. The destruction is believed to have been caused by the eruption of the volcano, San Salvador, at the foot of which San Salvador is situated.

Report at Washington.

Washington, June 8.—A dispatch from American minister Long at San Salvador sent at 9 o'clock last night while the volcano was in eruption at San Salvador, said a part of the city had been placed under control. Great damage was done, said the report. No details were reported in the minister's dispatch as being known at that hour. It is quite possible that a volcanic eruption, fire or an earthquake might have done great damage after that time.

RUSSIAN PEASANTS PLEAD FOR DEFENSE

Their Congress Calls Upon Army to Submit to Discipline and Start Fighting.

(By Associated Press)

Petrograd, June 8.—The congress of peasants in session here has adopted a resolution calling upon the army to submit to discipline and to defend revolutionary Russia. The congress affirms that it is the duty of those it represents to defend the country energetically and to make every sacrifice to sustain the fighting strength of the army.

New Revolution.

Petrograd, June 8.—M. Krustaleff-Nosar, who was president of the executive committee of the workers' council at the time of the Russian revolution of 1905, has proclaimed the complete autonomy of the Pereyaslav district of Little Russia, according to a telegram received from Poliva. He has refused to permit the district to send supplies to the army.

WORD RECEIVED OF DEATH OF NEPHEW

Word reached this city this morning of the death at Michigan City, Ind., of Earl Jensen, a resident of that city, and a nephew of Mrs. Martin Peterson of this city. Mr. Jensen was a graduate from the pharmacy department of the Northwestern university in the class of 1913.

COMMANDER U. S. TROOPS ON HIS WAY TO FRANCE

1,608 DELTA COUNTY MEN DO NOT CLAIM DRAFT EXEMPTIONS

FIFTY-EIGHT PER CENT OF THE MEN REGISTERED TUESDAY ARE READY FOR SERVICE, RECORDS SHOW.

Fifty-eight per cent of the men of Delta county between the ages of 21 and 30 years claimed no exemption from military service on their registration cards, according to a report compiled last night by County Clerk Pepin after he and his corps assistants had completed the work of classifying the 2,776 names enrolled Tuesday.

This means that 1,608 men in Delta county are ready for military service, being able bodied and with no dependent relatives. On the other hand, 952 men of the county have dependent relatives and 212 are classed as probable exemptions.

The report compiled by County Clerk Pepin shows that only 10 men in the county are classed as "alien enemies" while the total number of aliens registered was 49. Only four negroes were registered, and one of these claimed exemptions.

Mr. Pepin estimated yesterday before his reports were complete that 60 per cent of the men of the county had made no exemptions. He also estimated that 30 per cent had dependent relatives and that 10 per cent were barred from service by physical disabilities, or other means of exemption.

The big task of the registration as far as the county clerk is concerned still remains. A copy must be taken of every card filled out at the polls. Then lists must be made in alphabetic order taking the county as a unit and also lists taking each precinct as a unit.

Mr. Pepin yesterday received a message from Adjutant General Bersey, announcing that instructions have been received to continue the registration of all who present themselves at the office of the county clerk.

Following are the instructions issued to Provost Marshal General Crowder: "Attention is invited to paragraph 49 of the regulations, which contemplates the registration of persons who for any reasons shall not have been registered on Registration Day. While scrutiny should be made in each case to determine whether punitive action is required it is desired for the next few days to pursue a liberal policy in this regard in order that the registration may be made complete at the earliest possible moment."

"Non-residents may also continue to register under the provisions of paragraph 64. If it after appears that the liberality of this policy is being abused, more stringent action will be taken. Cards received from absentees after June 5 should be filed as prescribed in paragraph 40."

ATTORNEY M'GILLAN ON U-BOAT CHASER

Brother of Mrs. H. J. Robertson of This City Leaves Green Bay for Patrol Duty.

Attorney J. H. McGillan of Green Bay, a brother of Mrs. H. J. Robertson of this city, has entered the government service in command of a scout patrol boat and will serve the government on a submarine chaser.

Mr. McGillan holds the rank of ensign in the U. S. navy and his submarine chaser is known as Scout Patrol 219, formerly the Killarney, one of the best known yachts on the lakes. The boat will be outfitted at a lower lake port and will then be designated to a certain port for duty. A three-pound gun will be mounted forward. The crew of the patrol was picked by Ensign McGillan.

CHILDREN'S PAGEANT AT ISHPERING FOURTH

Ishpeming, June 8.—A children's pageant will be the feature of the Fourth of July celebration in this city. The pageant will be of a patriotic nature and will include the children of all schools in the city.

ROYAL WELCOME EXTENDED TO AMERICAN ARMY OFFICERS UPON ARRIVAL AT BRITISH PORT.

ESCORTED BY AN AMERICAN DESTROYER

Pershing Gives Out Statement to A. P. Hoping That He Gets Into the Fray at Once.

(By Associated Press) A British Port, June 8.—Major General Pershing and his staff arrived here this morning after an uneventful voyage. All members of the party were in good health and good spirits. The ship bearing the party was escorted into port by an American destroyer.

A hearty welcome was extended to the American officers by representatives of the admiralty, the war office and the municipal authorities. The war office has assigned a brigadier general of the British navy as aide to General Pershing. He took up his duties with the commander in chief of the American army as soon as the latter reached here.

The formal welcome to the Americans at the landing stage was a stirring scene. A guard of honor of Royal Welsh Fusiliers served at the landing. Cheers drowned the band music. When General Pershing was introduced to the military official commanding the landing, he inspected the guard while the band played "The Star Spangled Banner."

General Pershing said to the Associated Press: "The trip was delightful, particularly the latter stage when we were escorted through the danger zone by our own destroyers."

"Speaking for myself and my party, we are glad to be the standard bearers for America in this great war for civilization. The opportunity of landing at a British port and the welcome extended are significant and are deeply appreciated. We expect in the course of a short time to be playing our part, which I hope will be a big part on the west front in France."

The ship docked at 9 o'clock. After the band played the American national air, it played "God Save the King," while all present stood at salute.

BAKERS MAY REFUSE TO TAKE BREAD BACK

Commercial Economy Board of Council of National Defense Urges This Action.

Bakers in Escanaba as well as every city of the United States have been asked by the Commercial Economy board of the Council of National Defense to discontinue the acceptance or return of unsold bread after June 25. This action is necessary, the board claims, to conserve the bread supply of the country.

The Commercial Economy board of Washington, D. C., has conducted an inquiry into the wholesale bakery practice of taking back unsold bread from retailers, and the investigations show that approximately four per cent of all bread delivered by wholesale bakers is later returned to them, and at least a third of this is sold for animal feed.

A portion of the returned bread, however, is sold to charitable institutions and the poor at reduced prices. The board points out that with the cost of carrying this bread to and from the retailers eliminated, the baker could afford as well as now to sell the same amount of bread at the same reduced prices.

ITALIAN SOCIALISTS TO GET NO PASSPORTS

(By Associated Press)

Rome, June 8.—Minister of Interior Orlando has confirmed the report that no passports will be given to Italian socialists, who wish to participate in the conference at Stockholm. The minister considers the conference a maneuver of the Central Powers aided by the Russian extremists.

WILSON NAMES THREE FOR MAJOR GENERALS

(By Associated Press) Washington, June 8.—President Wilson today nominated these brigadier generals to be major generals: John F. Morrison, William L. Sibert and Charles G. Morton.

Gentlemen:—

We wish to state in your columns that while we were not the successful bidder for the space on the front page, we are very well satisfied that it is being used for so worthy a purpose. Both the Red Cross and the Y. M. C. A. fill an important place in the struggle now on and we feel that both are entitled to all the support the citizens of Escanaba can give.

Yours very truly,

"IN TODAY ALREADY WALKS TOMORROW."

The editor of "The Nation's Business," the official organ of the Chamber of Commerce of the United States, writing of post-war economic plans, says: "Until we have some other things set straight, we shall leave the days after the war to look after themselves." In the same article he says that the economic problems which the end of the war will bring have the continuous attention of France. We know that they have the continuous attention of Germany, as well as of England.

Our commercial attaché in Chile informs us that a British traveler representing about 100 merchants and manufacturers of Great Britain is at present appointing local agents throughout Central and South America. We know that Japan is moving heaven and earth to insure her commercial supremacy in the Pacific after the war. Canada, Italy and Australia are making preparations for post-war trade. Does the statement of the editor of "The Nation's Business" represent the attitude of the nation's business men? Are we to be dilatory in preparing for post-war trade as the administration was in preparing for the war itself?

ORDINANCE NO. 241.

An Ordinance For the Prevention and Suppression of Fires Within the City of Escanaba.

The City of Escanaba Ordains:

Section 1. It shall be the duty of the chief engineer of the fire department and such members of the fire department as may be detailed by him, and they are hereby authorized and directed to enter into or upon any lot, yard, premises, or any warehouse, factory, shop, business block or work shop, store or business room or any cellar, basement, or arway thereunder within the City of Escanaba.

Section 2. Any failure to remove any or all combustible material hereinafter mentioned, within the time specified or failure to alter or take such better care or management of such buildings or parts thereof as will tend to lessen the danger of fire, shall be deemed a misdemeanor and upon conviction thereof such person or persons shall be fined not less than \$5.00 nor more than \$100.00 for each offense, or by imprisonment in the county or city jail not exceeding sixty days, or both such fine and imprisonment in the discretion of the court. It is hereby made the duty of the chief engineer of the fire department, to cause the arrest of any person or persons violating the provisions of this ordinance and all other ordinances for the prevention of fires, and to prosecute such offenders before the proper court.

Section 3. This ordinance shall take effect twenty days from and after its passage and publication.

WHAT IS THE NATURE OF A LIBERTY LOAN BOND?
There are two kinds of Liberty Loan Bonds. Bearer Bonds are to be issued in denominations of \$50, \$100, \$500 and \$1,000. These Bearer Bonds, which are made payable to bearer, have interest coupons attached which are detached by the holder when the interest installments they represent are due, and can be cashed at any bank the same as a United States Treasury note.
Registered bonds are to be issued, which are registered as to both principal and interest, in denominations of \$100, \$500, \$1,000, \$5,000, \$10,000, \$50,000 and \$100,000; checks for the amount of interest due will be mailed out semi-annually to the holders of these registered bonds.

IMMIGRATION INTO NORTHWEST LARGE

Northwest Railroads Report That Records for March and April Show Large Increase
St. Paul, Minn., June 8—All records for immigration into the Northwest were broken during March and April according to reports from local headquarters of the Great Northern, the Northern Pacific and the Chicago, St. Paul, Minneapolis & Omaha railroads, three of the lines penetrating this section.

It would be impossible, road officials said, to estimate accurately the number of persons who have moved into Northern Minnesota, Northern Dakota, Montana and Northern Wisconsin, but the movement, it was added, has surpassed any previous in the same length of time.

The campaign to interest settlers in the Northwest will not be slackened on account of the war, but will be continued on a larger scale than ever this summer, the officials have agreed. The high price of farm products, desire for cheap land and the home-seekers' campaigns conducted by the roads were credited as the causes of the movement.

"We never found the interest that prevails right now in the Northwest," E. C. Leedy, immigration commissioner of the Great Northern said. "If the war lasts another year the movement will decrease, but there are no indications of it right now."

"Iowa farmers have awakened to the value of cheaper lands for grazing of stock," Edward L. Pardee, assistant general passenger agent of the Omaha, said. "If farm produce prices continue high, dairying and stock raising in Northern Minnesota and Wisconsin will continue to develop rapidly."

"Farmers in Iowa at present are shipping livestock north to graze during the summer."

NO ARMY CAMP WILL BE NEAR THIS CITY

Army Board Does Not Pick Site in Northern Wisconsin or Michigan for Cantonment.

The government will not pick a site in northern Wisconsin or the upper peninsula for an army cantonment, as was expected, if the dispatch from Washington on Wednesday is authentic. Battle Creek has been chosen as the site for the Michigan-Wisconsin division.

Marquette was a contender for the Michigan-Wisconsin site and probably would have secured the cantonment had the number not been reduced from 32 to 16 by the war department.

The Washington dispatch relative to the cantonments is as follows: "Recommendations of Gen. Barry, commander of the Central department of the army, for four of the six sites for cantonment camps in his department for the training of the new national army are:

"Illinois division—Rockford.
"Michigan-Wisconsin division—Battle Creek, Mich.
"Ohio-West Virginia division—Chillicothe, O.
"Indiana-Kentucky division—Lexington, Ky., named as most available site although no definite recommendation is made.

"On these cantonment camp sites will be erected cities to accommodate populations of 20,000 soldiers each before Sept. 1. The cantonments will be one and two stories in height. It will require approximately 4,000 carloads of lumber and material to build each cantonment camp. It is estimated that these cantonments will mean a temporary increase of 120,000 in the populations of the cities which get the sites.

"No national guardsmen will be sent to the cantonment camps. Since they will go to France this fall, they will be sent south immediately after mobilization this summer.

"As fast as the new national army units are sent to France, they will be replaced by other increments, so that the cantonment camps will be filled with soldiers from Sept. 1 to the end of the war."

MRS. ALDRICH DIED IN GREEN BAY, WIS.

Former Resident of the City Passed Away Yesterday After Serious Illness.

Word reached the city yesterday to the effect that Mrs. F. L. Aldrich of Green Bay, formerly of this city, passed away in that city of pneumonia, after a serious illness of several days.

Mrs. Aldrich was a resident of Escanaba for many years prior to moving to Green Bay and has a host of friends here. She is survived by her husband and one sister, Mrs. M. A. Berrigan, and two brothers, H. O. Brotherton and D. A. Brotherton, both of this city.

Relatives from here were called to Green Bay the early part of the week in response to an urgent message that her condition was quite serious.

KEEP THE BOAT BALANCED.
The ship at sea is caught in a storm and the great waves of the mighty waters toss it here and there like a chip on the ocean.
"To the other side! To the other side! Keep the boat balanced!" comes the command from the officer. Each individual is acting as a pilot for the great noble ship—AMERICA—and we must keep it balanced by WASTE not overloading it one side by HOARDING MONEY for both are dangerous and either will be disastrous.
Spend freely, but BUY wisely. Keep your money in circulation and you will contribute "your bit" in helping to bring the ship safely in port to the land of right, justice and freedom.

REV. FATHER BARTH AT NOTRE DAME "U"

Noted Priest of Escanaba Gave Series of Lectures Ending Thursday at South Bend.

Notre Dame, Ind., June 6.—As a preliminary to the exercises held to commemorate the Diamond Jubilee of Notre Dame University, the Rev. John Cavanaugh, C. S. C., president of the university, has secured the services of the Rev. Francis X. Barth, pastor of St. Patrick's church of Escanaba, Mich., and Dean of the Counties of Delta and Schoolcraft, to deliver a series of five lectures on the Hebrew Trial of Jesus and Two on the Roman. The first lecture was delivered last Friday and will continue until Thursday evening, June 7.

The entire student body and the faculty felt highly complimented by Father Barth, as such lectures are rare. Father Barth delivered his lectures in an interesting manner. Being an authority on the subject, Father Barth presented the entire matter to the understanding and comprehension of all attending.

The first lecture dealt with the study of the authenticity of the Gospel biographies which form the record of in the Hebrew and Roman trials of Jesus, and the credibility of the Evangelists who wrote and published these narratives, were subjected to the rigorous tests of rules of evidence laid down by Simon Greenleaf and by Starkie, both eminent legal authorities.

"Who Was Jesus?" was the topic of the second lecture. The lecture contained a review of Jesus of Nazareth as He appears from the record of the fact and a study of the Humanity of Jesus as laid down by the Abbe Bougoud and other illustrious writers.

The third lecture dealt with the study of the Hebrew criminal law from the Mosaic and Talmudic sources. (2) The Hebrew Tribunals of Justice, particularly the Great Council or Sanhedrin. (3) The moral character of the Hebrew Judges who sat at the trial of Christ. (4) What they ought have been; what they really were.

On Monday evening the lecturer presented very interesting facts about the witnesses and the evidence introduced in the trial of Jesus. The mode of trial and the execution in capital cases was dealt with. In the second part of the lecture, the lecturer told about the nature of the charge brought against Christ at the trial before the Sanhedrin and the question was brought was Jesus guilty as charged. A review of the trial. The arrest of Jesus. The private examination of the prisoner before Annas and Calaphas, the indictment, the progress of the trial and the verdict. The fifth lecture told the story about Jesus being condemned by the judges of the Sanhedrin. It was a review of the verdict because the merits of the accused were not considered and what would have happened if Jesus had had His day at Court?

The second series of lectures began Wednesday evening. It was a treatise on the Roman Trial of Christ.

Delft Theatre, Monday and Tuesday, June 11 and 12, Matinee and Night.

In the first part of the lecture, the following considerations were made: What were the powers and duties of Pilate? What was the mode of trial in Roman Capital Cases? What forms of punishment in Capital Cases? Special study on Crucifixion. Which Roman law was applicable to the Trial of Jesus? Special study of the Roman Judge, Pontius Pilate. Second part: Jesus before Pilate, the Judge. Third part: Jesus before Herod of Galilee and fourth part: Jesus again before Pilate.

The final lecture consisted of two parts: (1) The legal analysis and summary of the Roman trial of Christ and (2) Meditation on the Passion and Death of Jesus.

A TALK WITH AN ESCANABA MAN

Richard Steinke, Baker, 615 Wells Avenue, Tells of an Interesting Experience

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with an Escanaba man:

Mr. Steinke says: "I have had my share of kidney trouble. While working out in the woods, I caught cold and it settled in the small of my back. My back was so lame I could hardly go about my work. When I arose mornings, I could hardly bend over to tie my shoes. My kidneys were disordered, too, and the kidney secretions were highly colored. Five boxes of Doan's Kidney Pills fixed me up in good shape, strengthened my kidneys and regulated their action. I felt like a different man. Doan's Kidney Pills certainly can't be equalled."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Steinke had. Foster-Milburn Co., Props., Buffalo, N. Y.

KIPLING MAN DIED SUDDENLY THURSDAY

William Tracey, a Well Known Resident of That Vicinity for 35 Years, Succumbs.

Within a short time after he was found in the wood shed of the John Flynn home in Kipling in an unconscious condition, William Tracey, a pioneer resident of that place, died at the Flynn home yesterday afternoon where he had resided for many years. Mr. Tracey had gone to the wood shed to split some wood and when he did not return as was expected, an investigation was made with the result that he was found unconscious in the shed. He passed away a short time later without regaining consciousness.

He was 65 years of age and was born in Ireland. For 35 years he had lived with the John Flynn family. He was a single man. One brother, James Tracey, of Manistique, is the only surviving relative. Mr. Tracey's health had been gradually failing for the last couple of years, but he was not known to be in serious condition.

The funeral will be held Saturday morning at 9 o'clock at All Saints church, Gladstone, Rev. Father Bennett officiating.

The Story of San Rey
Two months ago the San Rey cigar came into existence, at that time the Escanaba Cigar Co. employed cigar makers and strippers, with a pay roll of \$3.50 per week. Today they are employing nine men, two boys and three girls, with a pay roll of \$240.00 per week.—There is a reason.
We want to double the pay roll within the next three months. How are we to do it? The answer is up to the cigar smokers.

Michigan's Battle Flags
In the rotunda of the Capitol at Lansing are the battle flags of the Michigan Regiments that served in the Civil and Spanish Wars. They are faded and tattered. Many are torn by bullets. Some are dyed with the blood of patriots who defended them.
All of them bear testimony to the part our state has played in the wars of the Republic.
Michigan National Guard Is Recruiting Now for War
The Michigan National Guard has been called to active duty by July 15. Each company needs 50 men. The members will be well trained soldiers before the Selective Army gets started.
The Michigan Boys will carry their flags to the battle-fields of France and Belgium—aye, on to Germany. And bring them back to take their honored place in the Capitol rotunda.
Go with a Michigan flag! Serve in a Michigan Regiment, under Michigan officers, with your home town friends around you.

W. C. T. U. MEETING TO ADJOURN TODAY

Mrs. Anna Crockett, of Sault Ste. Marie, Re-elected President of District Association.

The annual convention of the twelfth district of the Woman's Christian Temperance Union will adjourn this evening in Gladstone, where the sessions have been held all this week. The convention has been a fine one and has been attended by delegates from every union in the district.

Officers were elected for the twelfth district association as follows at the meeting yesterday: President, Mrs. Anna Crockett, Sault Ste. Marie; vice president, at large, Mrs. Meagers, Marquette; corresponding secretary, Mrs. Mary E. Crawford, Sault Ste. Marie; recording secretary, Mrs. Mary James, Calumet; treasurer, Mary C. Keast, Crystal Falls. The above officers were all re-elected from last year.

The superintendents of the various departments are: Soldiers and Sailors Mrs. Nichols of Lake Linden; Temperance, Missions and Sunday Schools, Mrs. Davis, Crystal Falls; Evangelical Work, Mrs. Byer, Sault Ste. Marie; Flower Missions, Miss Carlson, Alpha; Lumberman and Miners, Mrs. Louise Peterson, Stephenson; L. T. L. and Y. P. D., Mrs. McPherson, Marquette; Medal Contest, Mrs. Mae McDonald, Pickford; Press, Mrs. Chynow, Marquette.

FRED MOLIN IS NEW MANAGER OF YARDS

As a recognition of his ability and of the confidence placed in him by his employers, Fred Molin, an employe of the I. Stephenson company in this city for the last eight years, has been made manager of the company's retail lumber yards, in this city as well as the wood yard. Mr. Molin has already entered upon his new position. He takes the position made vacant by the resignation of C. E. Snyder.

Mr. Molin has been one of the valued employes of the company. Only a short time ago he resigned his position to join the marine corps, but upon examination, he was rejected because of a physical disability. He returned to this city and was given his old position again, and when Mr. Snyder resigned he was accepted as his successor.

RUSSIAN FOUND WHO DID NOT REGISTER

Joseph Danni, a Russian, who last night complained to the authorities that he was stabbed by another Russian, was today sentenced to serve 30 days in the county jail when arraigned in court this morning, and Felix Penalle, another Russian, who did the stabbing, was allowed to go free, after he had convinced the authorities that he acted in self defense. The fight occurred at Wells. Both men were taken into custody by the authorities last night after the stabbing occurred. It developed during the examination that Danni failed to register for military service last Tuesday and it is likely that when he has finished his county jail term he will be sent to Marquette to be turned over to the federal authorities.

SCHOOL FIELD DAY WAS HELD TODAY

The long heralded field day for the grade and high school pupils was held this afternoon. The program was scheduled to start at 1:30 o'clock. School was dismissed this morning in order that the pupils could attend. The program was a long one and was expected to last throughout the entire afternoon. A baseball game between Escanaba and Gladstone was to complete the day.

FUNERAL HELD FOR WELL KNOWN MAN

Funeral services were conducted this afternoon at the family home, 219 South Wolcott street, for the late Nelson S. Harrington, veteran railroad man, who passed away Wednesday. Rev. W. J. Datson officiated at the services, which were in charge of the Escanaba lodge of Masons. The body was laid to rest in Lakeview cemetery.

AT THE THEATRES

"IN AGAIN; OUT AGAIN" TO BE AT THE DELFT TWO DAYS

A typical Fairbanks picture, "In Again—Out Again," presents the smiling "Doug" at his best in a subject of rapid-fire theme and hundreds of hearty laughs. Never before has the athletic one had a better opportunity to give his admirers so much of his inimitable self and various surprises are in store for his many friends who will visit the Delft theatre. Supported by Arline Pretty, the popular screen actress, and an equally efficient cast, including Arnold Lucy, Helen Greene, Homer Hunt, Walter Walker, Albert Parker, "Bull" Montana and others of similar popularity, "Doug" is given capable assistance in the presentation of the plot, which displays a satire of unusual humor.

John Emerson, the director of various Fairbanks hits, has turned out one of the triumphs of his career in this latest subject by Anita Loos and new admirers to "Doug's" long list of friends, not only because of its typical Fairbanks theme, but for the reason that its appeal is probably of wider scope than anything in which he has as yet appeared.

This picture will be shown next Monday and Tuesday.

AT THE STRAND TONIGHT.

Scenes that lend truth to the horrors of the sea are shown in the picture at the Strand tonight. "A Modern Monte Cristo" is a strong photoplay of today. The characters are all convincing and in capable hands. There is a remarkable rescue from a desert island by an aviator during a trans-Atlantic trip and scenes aboard a sinking ship that lend true atmosphere to the sea.
