Change of Address. In ordering change of address, both old and new address should be given.

Any irregularity in delivery of The Daily Mirror should be immediately reported to the business office.

Matter intended for news or editorial publication should be telephoned or addressed to the editor.

If your paper fails to reach you before eight o'clock, a call to Western Union office, phone 4321, will bring a paper to your door without cost.

A "SLACKER" SENATOR.

The cry was raised by the Democrats in the campaign in the First New Hampshire District to elect the successor to the late Congressman Salloway that in order to "stand by the President" a Democrat must be sent to Congress. This was robbed of its force by the Republican speakers, who gave the voters the true facts in the matter. The only Democrat in the New Hampshire delegation in Congress is Senator Hollis. The first time that Senator answered to his name in the present session was April 24th, three weeks after Congress had met, during the greater part of which time he was sojourning at a fashionable resort in North Carolina improving his golf score.

Senator Jacob H. Gallinger, of New Hampshire, on the other hand, arose from a sick bed where he had been confined for six weeks and forced himself to go to the Capitol and vote for the declaration of war and matters of legislation necessary to the successful prosecution of hostilities. The voters of New Hampshire are alive to the true condition of affairs, and next year Mr. Hollister will be retired to private life when he attempts re-election.

HOW MUCH IS LIBERTY WORTH.

This is a question that every American should ask himself or herself. For generations we have boasted of our love of liberty. We have called our country "the land of the free and the home of the brave." It has been proved in other wars that this was not a mere empty boast by our fathers and our forefathers. But the question of how much is liberty worth to this generation has not yet been fully answered.

It is going to be answered nobly by those who serve under the colors. Many of them will answer with their deaths. It is going to be answered and answered clearly by others who serve their country as best they may. It is going to be answered by others still who, unable to render personal service, have yet furnished their Government the means to prosecute the war.

The number of subscribers to the Liberty Loan Bonds is going to be an index of the love of liberty of the American citizenry of today. The list of Liberty Loan Bond holders is going to be a directory of the patriots of America.

Look at a few of the furnished rooms advertised — and pack your trunk!

THE COTTERIL SISTERS
Well known entertainers who will fill a week's engagement at the Delta Hotel, beginning next Monday.

THOUGHT HE DIDN'T KNOW ABOUT IT.
JUDGE, YOU'D BE AMAZED TO KNOW HOW SATISFYING THIS LITTLE CHEW IS.
GEE! THE JUDGE HAS USED W-B CUT TOBACCO SINCE IT FIRST CAME ON THE MARKET. IT'S THE LITTLE CHEW THAT SATISFIES.
EAT SO!

INTELLIGENT people have a way of sizing things up for themselves—W-B CUT is all shreds, all tobacco; and ordinary plug is leaf with a lot of heavy, gummy sweetening, holding it together. But everything doesn't go by quantity either; W-B CUT is a rich, sappy chew, because it's rich, sappy tobacco. It doesn't take so much W-B to satisfy. Take a small chew. Then notice how it lasts.

Made by WETMAN-BRUTON COMPANY, 1107 Broadway, New York City

Not a Bite of Breakfast Until You Drink Water
Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject. Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

COUNCIL TO HURRY THREE NEW SEWERS

Sewer Disposal Plant is Completed and North Escanaba Proposed Lines Can Be Built.

The city council last evening took action on the proposed new sanitary sewers in North Escanaba in order that they be completed as soon as possible and connected up with the new disposal plant, which is now ready for use.

The Stephenson avenue sewer district work will cost all told \$9,701, of which the city pays 20 per cent; the Wells district sewer will cost \$7,440, of which the city will pay 20 per cent, and the Cochrane district sewer will cost \$4,230, with the city paying 20 per cent.

Assessments will be levied at once for the new sewer work and the objections, if any, will be heard by the council on July 3.

Announcement was made at the meeting last evening that the sewer disposal plant has been completed and will be put into operation at once.

SOO CHAPTER WILL NOT RAISE FUNDS

Members of the Chippewa County Red Cross Organization Believes Work is That of United States.

The Chippewa Chapter of the American Red Cross has decided that it will not enter into a campaign to raise \$15,000 the county's share of the \$100,000,000 national fund for dependents of American soldiers. This decision was reached at a meeting of the executive committee and the following message was addressed by the chapter to the Red Cross War council in Washington:

"At meeting executive committee chapter and twelve other leading citizens decided not raise allotment Red Cross War Fund judgment being object as stated in your appeal not proper Red Cross functions. Just subscribed to Army Y. M. C. A. for health and entertainment soldiers. Clearly government should make provision for dependent families directly and paying soldier adequately. Government should provide for hospital and let usual Red Cross activities supplement same as heretofore. This chapter keenly alive and vigorously pushing Red Cross work which we will continue to do but do not wish to duplicate work and trespass on others or take on things government clearly should do. Red Cross work can only be perpetuated by doing those things Red Cross organized to perform.

\$103 RELIEF MONEY IS FROM ESCANABA

Nineteen Local Citizens Contribute to Jewish Relief Work Announced by Committee.

The American Jewish Relief Committee, which is engaged in the \$10,000,000 campaign to come to the aid of the millions of starving Jews in Europe, announces from its New York headquarters that Escanaba is playing a large part in raising the vast sum.

Henry Morgenstau, ex-Ambassador to Turkey, is chairman of the campaign committee, and Jacob Billikopf is the executive director. Already more than \$4,000,000 toward the \$10,000,000 has been raised. The work has now been organized in every community in the United States in which there are Jews and it is expected that the sum sought, for 1917 will be raised prior to November 1, the day on which the offer of Julius Rosenwald, of Chicago, to give ten per cent of all the money raised in the United States, up to an individual contribution of \$1,000,000, expires. Many other men throughout the country have followed Mr. Rosenwald's lead and have offered to give ten per cent of the amounts raised in their respective towns, cities, or states.

The committee announces the receipt from Escanaba citizens of the following contributions: H. Sallinsky, \$25.00; J. A. Zuckerman, \$10.00; Greenhoot, Bros., \$10.00; Ike Schram, \$5.00; Philip Stein, \$5.00; George Stein, \$2.00; Morris Coplan, \$5.00; A. Baum, \$5.00; Peter Chiplovitz, \$5.00; B. H. Silverman, \$5.00; Rudolph Oshinsky, \$5.00; Wm. Auerbach \$3.00; Wm. Resengarten, \$3.00; H. H. Luer, \$3.00; M. Madalia, \$3.00; Chester Schram, \$2.00; Sam Rosenblatt, \$1.00; M. Lesser, \$1.00; Daniel Niminsky, \$5.00.

The wood yard office of the I. Stephenson Company Trustee has been discontinued, and the wood yard business will now be handled at the office of the lumber yard at the foot of Ludington street. Phone 315. 157-1f

AT THE THEATRES

VAUDEVILLE AT THE DELFT.

The additional attraction at the Delft theatre tonight is a vaudeville act—Guess, Try and Guess—who give a novelty acrobatic, dancing and juggling act. This is an unusually winning attraction. Dorothy Gish will be seen in "Her Official Father" as the feature picturization tonight. The story:

On one occasion the determined young lady engages in a hot argument with the bank's vice president concerning a pair of silk stockings which she claims to need desperately, though her wardrobe contains some twenty pairs to match each of her suits and gowns. Before gaining her demand, she starts a run on the bank. Alarming the passerby with her favorite shouts of "I want my money!"

Miss Gish wears bewitching clothes through the scenes that include her roguish activities at a boarding school, her flirtations beguilement of two greedy bank officials, both of whom she has promised to marry, and her denunciation of them on her eighteenth birthday, when she assumes charge of the fortune left by her father to the company's care.

"THE WITCHING HOUR."

After competing with some of the largest producers of special attractions, the Frohman Amusement Corporation was finally able to secure the motion picture rights to the internationally famous drama, "The Witching Hour," at a price which is reported to have been the largest sum paid for the cinema rights to any legitimate attraction.

Mr. Thomas, the author of the play, was quite unwilling to entrust the screening of so difficult a production to any concern, without his being morally certain that full justice would be done to the wonderful and unusual theme embraced in the play. Mr. Thomas finally consented, that the Frohman Amusement Corp. should visualize "The Witching Hour," largely because of the wonderful work heretofore done by that company in its prior productions.

"The Witching Hour" will be shown at the Strand theatre for two days, commencing today.

NOTICE TO BIDDERS.

The city of Escanaba hereby gives notice that sealed bids will be received until six o'clock P. M. on the 15th day of June, A. D., 1917, by Mr. A. J. Manley, Clerk at the office of the Escanaba Municipal Lighting Plant, for excavating, laying and connecting of gas mains; and for the making of connections from gas mains to property. The city to furnish all materials.

Information pertaining to the work that is to be done, will be furnished by Supt. John Roemer. All work to be done under the supervision of the Board of Public Works and said Supt. John Roemer.

All bids to be accompanied by a certified check of One hundred (\$100) dollars.

FUNERAL OF CORP. MILLER HELD TODAY

Funeral services for the late Corporal Henry Miller of Company L 33rd Michigan infantry, who passed away here Sunday morning, were conducted this afternoon at Menominee at the Danish Lutheran church, Rev. Plambeck of Marinette, officiating. The body was carried to its last resting place by six members of the company, who went from here to attend the funeral.

JUDGE FLANNIGAN IS ENGAGED IN FARMING

Hon. Richard C. Flannigan, circuit judge, was carrying with him Saturday a rather sore pair of hands, made so by a return of what he claims to have been one of the chief occupations of his boyhood—the planting of "spuds." He informed the reporter that he and his family had on Friday and part of Saturday planted twelve bushels of potatoes and gotten some ground ready for corn which the wet weather prevented his planting. Asked what was the necessity for the unusual agricultural activity, he said that he proposed to do his share towards food preparedness.—Norway Current.

LOCAL NOTES

Mrs. N. O. Borsdahl of Marinette, is visiting in the city at the home of Mr. and Mrs. W. Mathes, 1706 Ayer street.

O. Y. Linden returned yesterday from a business trip to Duluth.

Miss Darrell Hews, who graduated from the Music and Art department of Lawrence college at Appleton, is home spending the summer with her parents.

The wood yard office of the I. Stephenson Company Trustees has been discontinued, and the wood yard business will now be handled at the office of the lumber yard at the foot of Ludington street. Phone 315.

FOR RENT — Furnished rooms for light housekeeping. All modern conveniences, gas, electric lights, etc. Inquire at 221 North Oak street. 166

Mrs. Will Fish of Chicago, is the guest of Mr. Fish's parents on Georgia street.

Attorney T. E. Strom was a business caller at Iron River and Crystal Falls this week.

Mrs. Axel Erickson and Mrs. Edward J. Murphy returned yesterday from Ishpeming.

COMPANY A MEMBERS SHOWING UP NICELY

Company A of the Home Guards, met at the high school gymnasium last evening for their weekly drill. The men as well as the officers are showing a great deal of enthusiasm in this work and it will be but a short time before the company will be numbered among the best in the state.

All meetings are called at 7:45 sharp each Tuesday, unless otherwise directed. Therefore, all who wish to sign up with this progressive company should look up P. F. Geniesse, captain, or Mr. Sederlund, sergeant.

Hero of Ticonderoga

With one impulse the colonies sprung to arms; with one spirit they gladdened themselves to each other "to be ready for the extreme event" with one accord and heart the continent cried, "Liberty or Death."—George Bancroft.

The bloody encounter at Lexington in 1775 fired the blood of the patriots and filled them with burning desire to do some heroic deed in defense of the colonies. Word reached Col. Ethan Allen to raise the Green Mountain boys and if possible surprise and take the fortress of Ticonderoga.

Eager for such exploit he rallied 230 of the valiant mountain boys and on the ninth day of May, 1775, succeeded in getting a few boats and transported 83 men across the lake, and sent the boats back for the rest of the men. But day now began to dawn and Colonel Allen realized that if the attempt against the fort were to succeed he and his daring expedition must act at once.

Nothing daunted by the fact that their force was so few, and making up in patriotic devotion what they lacked in numbers, Colonel Allen called for volunteers for the perilous venture. "I do not urge any to enter on this enterprise contrary to his will, inasmuch as it is a desperate attempt, which none but the bravest of men dare undertake," cried Colonel Allen. "You that will undertake voluntarily, poise your firelock." Every man poised his firelock.

He immediately formed them into line and at their head advanced on the gate of the fortress. The sentry snapped his fuse at the colonel and then retreated to the parade within the garrison. Allen and his men quickly followed and formed in the parade. The garrison was asleep—all but the sentries who did not fully sense what was transpiring. Allen and his men gave three huzzas, and one of the sentries made a pass at one of the men with a charged bayonet and slightly wounded him.

Allen was about to run him through with his sword but thought better of it and only slightly wounded him on the head whereon he dropped his gun and begged for quarter. This granted he showed Colonel Allen the officers' quarters whither the intrepid commander rushed and compelled the commander, Captain Delaplace, to come forth and deliver over the entire garrison on threat of putting the entire force to the sword.

"By what authority?" demanded Captain Delaplace. "In the name of the Great Jehovah and the Continental Congress," thundered Allen, as he raised his sword over Delaplace's head. In the meantime the Green Mountain boys had not been idle but had beaten down the barracks doors and had about a third of the garrison prisoners. With stutted expostulation the commander forthwith submitted and the fort was completely in the hands of Colonel Allen, who in his own account of the exploit says:

"The sun seemed to rise that morning with a superior luster, and Ticonderoga and its dependencies smiled on its conquerors."

AGREEMENT INCREASE ABOUT 30 PER CENT

County Agent Pattison Reports to the Food Preparedness Committee on Conditions.

An increase in crop acreage in Delta county of 30 per cent is predicted by County Agent B. P. Pattison in his weekly report on June 2 to the state preparedness committee. His report is as follows:

"Small grains seem to be doing fairly well. Corn and peas have just been planted and in most cases the seed beds are not in very good condition. The farmers are at present busily engaged in planting late potatoes. Indications at the present time point to an increase in acreage of at least 30 per cent. During the past week, we have had considerable rain which will, no doubt, be a great help to the crops in this section. Generally speaking, however, the season has been very backward so far."

E. G. Amos of Schoolcraft county, reports that the estimated number of acres planted: Potatoes, 2,400; oats, 4,500; barley, 500; wheat, 200; beets, 600; other crops, 2,000.

A big increase in crop acreage is reported by L. R. Walker county agent of Marquette county, in his report which is as follows:

"The spring grain crops are practically all in and the potato ground is being prepared with a few fields already planted. This is the first week we have had any pasture for the cattle but the pastures and meadows are coming on beautifully. It looks now as though we would have at least 50 per cent increase in potatoes and two or three hundred per cent increase in root crops. The farmers' needs are pretty well taken care of up to the present time."

SOO LINE MACHINISTS GET EIGHT HOUR DAY

Gladstone Employees of Road Will Get 4.24 for Day of Eight Hour in the Future.

By a contract signed last week between the International Association of Machinists and the Soo Line, the hour working day, for which the organization has been striving for the past sixteen years. The granting of the eight-hour day also brings about a readjustment of the rates of pay. The new contract applies to the Chicago division as well as to the original lines of the company.

On the Chicago division the machinists will under the new contract receive fifty-one cents per hour for eight hours work and on other divisions they will receive fifty-three cents per hour. This will give the Gladstone machinists \$4.24 per day of eight hours, where formerly they received but \$4.59 for nine hours work.

CLAUDE RITZ NAMED JUDGE IRON COUNTY

Lansing, June 13.—Claude C. Ritz, who was defeated in the Iron county primaries by Judge Lott, who died recently, was yesterday appointed probate judge of Iron county by Governor sleeper.

HOW CITY COUNCIL ACTED ON MATTERS

Official Action on Many Matters Taken by City Council on Number of Matters.

The regular meeting of the city council was held last night and a large amount of routine business was disposed of.

A report of the investigating committee on the matter of fireworks convinced the council that there are not enough fireworks on hand in the city to lift the ban on the sale of them during the coming season. The committee reported that only about \$200 worth are on hand and that the merchants have ordered an additional \$300 worth, which have not been received as yet, and which, in the opinion of the committee, can be cancelled because notice of the passage of the ordinance was given in plenty of time. The council decided to let the ordinance prohibiting the sale of fireworks in the city this year stand.

The heads of all city departments were ordered to present to the council at the end of each two weeks the payrolls for each department, showing the number of days worked by each employe and the number of days each was absent from duty. Payroll checks will be made from this roll and if a man was absent he will be docked. If a man believes he should not be docked, he has the privilege to place the matter before the committee of the department, and the committee in turn will make a recommendation to the council.

The members of the board of review, according to action taken last night, will be paid \$5 a day for six and one-half days for their work. The rate is the same as paid last year.

Chief William Meiers of the fire department, made complaint that he had been assaulted and insulted by Electrician John Carlson and that he desired the charges investigated. The council referred the matter to the fire committee.

The water company presented a communication to the council holding to the method of fixing the price of the water plant by arbitration. The company proposes two engineers appointed by the city and one by the company and that the decision of the three must be unanimous.

HOW LARGE SUM WILL BE SPENT IN FRANCE

New York, June 13.—The way in which the Red Cross war council plans to expend the \$100,000,000 fund which is being raised was explained by Harry P. Davison, chairman, in a letter from him read at a Red Cross luncheon here today. He gave assurance that "only a small percentage of each dollar contributed will be required to carry the relief to its destination," because of the volunteer character of the best American talent in medicine, sanitation, transportation, construction, welfare work, purchasing, commercial business, accounting and along other lines.

Base hospitals will continue to be organized, to be turned over to the army at once for service in France.

BADGES RECEIVED FOR EAGLES' MEET

Elaborate Decorations Have Been Provided for the Delegates and Members Here.

President Charles Folio of the Escanaba aerie of Eagles, yesterday received a large number of badges which will be used in connection with the state convention which opens next Tuesday and continues throughout the week. There are two kinds of badges, one for the delegates and the other for the members at the convention.

The badges for delegates is an elaborate one and will prove an agreeable surprise to those who will receive them. The top part of the badge is an eagle under which are the letters, "F. O. E." in red, white and blue enamel. Hanging from red, white and blue ribbon is a pendant showing a clover plant in green and red, while the inscription, "Cloverland, the Upper Peninsula of Michigan," appears. On one of the clover blossoms is a bee. On the back of the pendant is the inscription, "Michigan State Convention, Escanaba, Mich., June, 1917."

The badge for members is not as elaborate, although it is a fine piece of work. A bar across the top is for the name of the member, or his title. Suspended from this bar by red, white and blue ribbon is a large eagle with wings outstretched. On the pendant are the words, "Michigan State Aerie, Escanaba, Mich., June 13-23, 1917." The letters "F. O. E." are in enamel at the bottom.

WANTED—A Seamstress. Plain sewing on decorations for Eagles' State convention. Apply at once to W. L. Short, 820 Ludington street. 165

Don't Envy Beautiful Hair. Have It!

Don't envy the woman whose hair falls in soft, shimmering ripples that seem to take years from her age. Hair of this beautiful kind is possible for nearly every woman. Treat your hair the Pompeian way and your friends will immediately remark, "How soft and beautiful your hair looks!"

Pompeian HAIR Massage is a pure amber liquid. Not Oily. Not sticky. Will stop Dandruff and Scalp Itching. To get quick results, roll the scalp the Pompeian way (carefully described in booklet enclosed with every bottle). The massaging of the scalp wakes up the roots of the hair to new life. This massaging also opens the pores of the scalp to the wonderfully stimulating liquids in Pompeian HAIR Massage. Dandruff and Scalp Itching disappear. Your hair will become and stay healthy, vigorous and attractive.

Pompeian HAIR Massage cannot discolor the hair. Delightful and dainty to use. Get a 25c, 50c or \$1 bottle TODAY at the store, and prove to yourself the quick results possible.

MEN have applications at barber shops.

Made by the reliable makers of the famous Pompeian MASSAGE Cream and Pompeian NIGHT Cream A.S. V.P.

Cuts! Gashes! Exposed Fabric! Blow-outs!

Prodium Process Rubber minimizes this trouble

Prodium Process Rubber (the new tread used exclusively on Republic tires) is so tough that even newly crushed rock or sharp stones doesn't cut and gash it.

It wears down as evenly and smoothly as a piece of fine steel. After miles of service it looks like new. It keeps water away from the fabric, prevents rotting of the carcass of the tire, and makes premature blow-outs practically a thing of the past.

Get a sample strip of Prodium Process Rubber. Try to break it. It's the toughest, stongest tread stock ever used on a tire.
