OFFICIAL WORD OF LANDING OF TROOPS LACKING

BUT CENSOR PASSES REPORTS OF THE LANDING OF THE FIRST AMERICAN TROOPS IN FRANCE.

GOVERNMENT EXPECTS WORD SHORTLY

Safe Voyage and an Exciting One Was Experience of the First and Second Contingents.

(By Associated Press)

Paris, June 27 (Wednesday) delayed by censor.—The first expeditionary unit of American troops in command of Major General William Sibert has arrived safely at a French port. Rear Admiral Gleaves has called Secretary of the Navy Daniels saying that the expedition arrived safely.

The various units of the first force had arrived before the censor released the news of their safe passage. No previous word had been received except a short dispatch on Wednesday announcing that the second contingent had disembarked and gone into camp.

No Official Word. Washington, June 28.—No official account of the landing of the American expeditionary force had come to the government, officials said today. It is presumed that the foregoing dispatch is the official announcement of the safe landing of all of the United States' first expedition.

Story of Landing. A Port in France, Tuesday, June 26. (Delayed by censor)—The first contingent of American troops landing today was greeted jubilantly by the populace.

The transports, whose expected arrival had not been announced publicly, came steaming into the harbor in a long line at an early hour. News that the Americans had arrived spread rapidly and by the time the troops drew alongside the place for embarking, thousands were there to greet them. A wild welcome was shrieked by the whistles of the craft in the harbor and cries of "Vive la France," and "Vive les Etats Unis," seemed to come from everywhere from the thick varied colors of the uniforms of the French soldiers and sailors.

In the meanwhile the bands on the warships struck up the Star Spangled Banner and the Marseillaise as the American colors were hoisted. The town took on holiday appearances and before the day was over scores of American flags floated with the tricolors of France in public places and private homes.

Delegations of American officers from Paris and American military and naval men from elsewhere were present and French military men of high rank and similar representatives from the French navy were at hand to receive the new ally's forces.

Land was sighted by the transport late Monday after an exciting trip. Frequent warnings of operations of submarines in the course of the transports were received during the last few days of the trip and the passage through the submarine zone was made at high speed. Preparations were made for all emergencies. Boats and life rafts were placed on the vessels where easily reached and the watches were reinforced.

DANGER EXCESS WAR TAXES ARE PLANNED

(By Associated Press)

Washington, June 30.—Graduated war excess profit taxes for corporations and partnerships and including a range of from 12 to 40 per cent and raising \$750,000,000 in revenues, or \$605,000,000 more than under the present revenue bill was approved today by the senate committee in revising the revenue bill.

MEETINGS CLOSE SUNDAY. Tomorrow, Sunday, at 7:45 o'clock in the evening at the Grand Army, will be held the last meeting of the series, conducted by Staff Captain Fred of Chicago. At this time the recruits of the army at this place will be enrolled as soldiers. Come and bring your friends.

H. O. Brotherton, E. C. Voght and F. C. Barnhart will go to Rhinelander tomorrow to take part in a registered shoot.

H. C. CLEMONS NOW IS A LIEUTENANT IN WISCONSIN GUARD

FORMER SECRETARY OF ESCANABA COMMERCIAL CLUB STATIONED AT RACINE WITH BATTERY.

The first word from Harrison L. Clemons, former secretary of the Escanaba Commercial club, since he resigned to enter the military service, came today in form of a letter to an Escanaba friend, in which the news is given that he has been made a lieutenant in Battery C Wisconsin National Guard. His letter is as follows: "You will doubtless be interested to know that I have been made a lieutenant of Battery C and that we are preparing to be mobilized on Monday, July 2. We leave Racine at 7:15 in the morning for the Wisconsin military reservation, Camp Douglas, Wis., where we will be stationed indefinitely. After our period there we expect to be sent to the border to one of the artillery reservations.

"For the past ten days we have been at officers' school at the regimental headquarters, Milwaukee, and we worked some. Never was so near a wreck in my life as at the end of some of those days of driving gun carriages, cleaning horses, harnesses, guns and the like. And to cap it all, there was rain every day but one and the place is covered with beautiful red clay.

"I will be very glad to hear how things are going at Escanaba. Hear snatches from there occasionally, but when we are settled down to the grind of training new recruits for service in France, a little word from old friends will help out a great deal.

"Please remember me very kindly to my many friends in Escanaba. I wish I had time to write many of them but work is incessant and I have not even time to go to my home before entering service."

BUCHHOLTZ FUNERAL TO BE HELD MONDAY

Funeral services for the late Jacob Buchholtz, Escanaba pioneer, who passed away Thursday evening, will be held Monday morning at 9 o'clock at St. Joseph's church, Rev. Father Buchholtz of Marquette, son of the deceased, conducting the mass. Rev. Father F. X. Barth and Rev. Father Corcoran, of Iron Mountain, will assist in the services, and Rev. Father Barth will deliver the sermon.

It is expected that the services will be largely attended by the host of friends of the deceased. His death caused a deep regret in the city and while it was known that his condition was growing weaker from day to day, his death came as a shock to his many friends.

LIBERTY TOURNEY BE HELD JULY 4TH

The Escanaba Golf club is making extensive plans for a Liberty Tournament at the club grounds on Fourth of July beginning at 9:30 o'clock a. m. The proceeds of this match will be turned over to the Delta chapter of the Red Cross and it is expected that quite a sum will be realized. An entrance fee of \$1 will be charged for this event. The event will be a flag contest, 9 hole, 4 ball mixed foursome.

The local club is staging the tournament upon request of the United States Golf association. All clubs belonging to the United Golf association throughout the United States are planning such a tournament on Independence Day for the benefit of the Red Cross.

Dr. R. H. Banks is chairman of the tournament committee and all members who plan to take part are requested to deposit their entrance fee with him before July 4.

MARQUETTE SPEEDER GETS \$10 AND COSTS

Arrested Narovich, of Marquette, was arrested last evening about 11:30 while driving his automobile about 30 miles an hour on Hartnett avenue. He was arrested by Motorcycle Officer Swanson, who appeared against him in court this morning when the defendant entered a plea of guilty and was assessed \$10 and costs, which he paid.

GERMANS LAUNCH HEAVY ASSAULTS ON VERDUN FRONT

FRENCH LINES HOLDING AGAINST TERRIFIC ATTACKS OF THE TEUTONS ON STRONG POSITIONS.

FRENCH GAIN BACK ALL POSITIONS

British Draw Closer to Lens and Attacks by Them Are Menacing the Germans Hold.

(Associated Press War Summary)

One of the most important sectors on the European battlefield today is the Verdun region where several violent attacks by the Germans have been made.

Whether the assaults are anything more than a demonstration on a large scale, is difficult to make out of the official reports. Nevertheless, it is clear that the German Crown Prince, followed a year ago in his attempt to take this strong position, is again delivering assaults of force and magnitude on the defenses of Verdun and has made some impressions on the French lines.

The German attacks were started day before yesterday, the first drive being launched on Hill No. 394, northwest of Verdun, one of the commanding defenses protecting Verdun on the west side of the Meuse river. Yesterday a blow apparently as great was delivered in the region of Dead Man's hill sector the Germans carried the first line trenches over a distance of one and three-quarter miles, but the French reaction drove the Germans out with the exception of a sector on the west slope of the hill.

The offensive tendency of the Germans under the Crown Prince is in evidence on the Aisne front where attacks in violence were made in the Cerny and Corveny regions. They were driven back here with terrific losses. In the latter region they had some success by blowing up the French positions and employing liquid fire in taking a salient in the French positions northeast of Cerny.

On the British front the Germans seem to be on the back track. The official resume of the fighting yesterday in the Lens region shows that the British have bitten heavily into the German held territory and have advanced more than a mile on a four-mile front. The operations have carried them well to the south of the coal city. The Germans are clinging to their places through their strong defenses and to the salient west, but the flanking movement of the British is making the positions of the Germans precarious.

Canadian Success.

Canadian Army Headquarters, in France, June 30.—Successes unexpectedly great and complete at a cost far less than some of the lesser engagements attended the drive of the Canadians along the valley of the Souchez this week towards Lens.

The land restored to France includes some of the most productive of her coal mines. The situation on Friday was reported as most satisfactory.

The enemy by damming the Souchez river and by other means had placed a barrier of inundated land between them and the Canadian front over a distance of a mile. The inundation of the land between is a sign of a weakening condition of the Germans not betrayed before and shows that they are fighting a battle of defense.

There are daily increasing signs that the German man power is no longer what it was. The number of enemy troops in the field has decreased but little but the spirit of the men is not that of assured victory.

A prisoner taken yesterday spoke of the impression given to the German people. He said that if the war does not end soon, there will be a revolution in Germany. This change is not due to underfeeding, he said. Most of the prisoners are well nourished.

PASTORS TO TALK ON FOOD CONSERVATION

Food Conservation Sunday Will Be Observed in Escanaba Tomorrow With Talks From Pulpits.

Escanaba pastors tomorrow will comply with the appeal sent out by Herbert Hoover, food director, to talk on "Food Conservation" and some of the pastors will deliver special sermons on the subject. Others will touch on the subject in connection with their regular sermons.

Housewives, who are the most interested in the subject of conservation of food, should bear the addresses of the pastors tomorrow on this important subject. The conservation of food is entirely in the hands of the housewives so far as the consumers are concerned and it is the duty of every housewife to aid in this movement which means so much to the country just at this time.

In every church in the United States tomorrow food conservation will be preached in some manner. Special sermons will be delivered in some churches and reference made to the movement in other churches.

PATRIOTIC PROGRAM BY SUNDAY SCHOOL

The Sunday school of the First Methodist church will observe children's day tomorrow afternoon at 5 o'clock in conjunction with a patriotic program. The program to be given at 5 o'clock will take the place of the evening service and an interesting and excellent program is arranged.

The Epworth league following the program will serve a lunch for its members, which will be brought by each member of the society on the "bring five plan." After the serving of the lunch, the regular Sunday evening meeting of the league will be held. Joseph Godley who will leave the first of the week to join Company I of Marquette, will be the leader of the meeting.

TWO PRISONERS SAW JAIL BARS AND GET AWAY

MEN HELD FOR TRIAL IN COUNTY JAIL MAKE ESCAPE SOME TIME DURING THE NIGHT LAST NIGHT.

ALSO SAW WAY OUT OF THEIR CELL

Were Found Missing This Morning When Sheriff Iverson Made the Rounds of Inspection.

Two circuit court prisoners, James Burnett, alias Smith, held for forgery, and Peter Martin, held on a statutory charge, made their escape from the county jail last evening by sawing off the lock on their cell door and then sawing off two bars and a support from the southwest window on the second floor of the jail and jumping to the asphalt just below.

The jail delivery was discovered this morning by Sheriff Iverson who made the rounds about 5 o'clock. Just when the delivery was made is not known as the prisoners were all in their cells and everything was satisfactory at 9 o'clock last night.

The bars which the men cut in several places are the new ones which were placed over the windows of the jail following the jail delivery several months ago. Where they got their saws to do the job is not known and how they accomplished their work is another mystery.

The men first cut the padlock to their cell door and were thus released into the corridor. Then they tackled the bars of the window. One bar was cut in two places at the top and bottom as well as a cross piece supporting the bar. This bar and piece of support were taken out bodily. Another bar was put at the top and bent to one side so that they could squeeze their bodies through. The heavy window screening on the outside was pried loose from the bottom just as in the previous case and the men slid through the opening to the asphalt outside of the window and made their escape.

Sheriff Iverson believes it possible that they were aided, from the outside. The men took their saws with them and also the padlock taken from the cell door. The bars show that the work was done quickly.

No disturbance was heard at any time during the night and the men must have worked very quietly. The bars sawed through and taken out were those which were guaranteed to the county by the contractor as being of the hardest steel and saw-proof, but the work shows that the men had but little trouble in getting through the bars as they did not stop with cutting one end free, but took a piece about fifteen inches in length out as well as a piece of the cross support about the same length.

Burnett or Smith was held to circuit court on the charge of having obtained about \$150 from several Gladstone and Rapid River saloonkeepers and was arrested in Green Bay several weeks after he made his getaway in the first place. Martin was charged with assault on a little girl in this city, having been held to the circuit court by a justice.

Word of the delivery and a description of the men has been sent to all the sheriffs in surrounding cities and a report of the men is expected before long.

FINNS ARE RAPIDLY LEAVING PENINSULA

Marquette, June 30.—There is a great exodus of Finns from this vicinity and points on the Menominee range within the last few weeks, agents for steamship lines here say. Twelve from Marquette, nineteen from Stambaugh and thirty-four from Hancock have recently purchased tickets for Finland. It is believed they are leaving America because the nation is in war.

SLEEPER ASKS FOR SANE FOURTH THIS YEAR IN MICHIGAN

"LET US PREPARE FOR SERVICE," SAYS THE GOVERNOR IN HIS FOURTH OF JULY PROCLAMATION.

Lansing, Mich., June 30.—"This is no time for noise, fireworks and empty celebration. Let us make our Independence Day observance one of sober and heartening discussion of the problems of our great democracy at war. Let us prepare for service rather than make the eagle scream."

This, in brief, is the wish of Governor Albert E. Sleeper, as embodied in an informal Fourth of July proclamation issued today in the form of an interview from the executive office. "It is not a day of service and consecration for the man in ranks alone, but for every civilian as well. Let our celebration contain a message to the better spirit of the state of Michigan. Let us give to our people the solid facts that bring home to them the issues of this war as America's war, which is not of our own seeking, but which has been thrust upon us by an insolence which has scorned morality and broken the most solemn pledges made us.

"If we are to win, we must fight for victory—in the trenches, in the fields, in the home by the conservation of food, in the community at large by a spirit of self-sacrifice and helpfulness."

GOLF EXPERT COMES HERE FROM CHICAGO

Andy Robertson, of Chicago, a department manager at the Golf Shop, a sportsmen's headquarters in Chicago is here to spend several days with Instructor Martin of the local golf club. He won the amateur championship of Scotland a few years ago and has given several excellent exhibitions since coming to this city.

Mr. Robertson will remain over until after the Fourth of July. Mr. Webster, of Marquette, runner-up in the state championship last year, is also here and gave some exhibition matches at the club grounds today. It is possible that a match will be arranged this afternoon between the two players.

FORMER INSTRUCTOR MARRIED WEDNESDAY

Word was received in the city today of the marriage on Wednesday, June 27, at Hastings, Mich., of J. M. Leach, former instructor of mathematics at the local high school, to Miss Eva Belle Stewart of Hastings.

Only the announcement has been received here and other particulars are lacking. Mr. Leach left here several weeks ago for Hastings, where he intended to engage in business with his father. (The announcement of his marriage comes as an agreeable surprise to his many friends here.)

AMERICAN TANKER BURNED AND SANK

(By Associated Press) Tampico, Mexico, June 30.—The American tanker Santurio of 1824 tons burned and sank off Labos Island, it was learned today from an arriving steamer. The destruction of the vessel is thought to be the work of German agents. The crew was saved.

NEXT JITNEY WILL BE TUESDAY NIGHT

The next jitney dance at the Coliseum will be held Tuesday evening, and the usual success is expected. Manager Fiath is taking every means to give an entertaining evening to all who attend. Olmsted's orchestra, as usual, will play.

Clarence Olson returned to Augustana-hospital, in Chicago, after spending his two weeks' vacation at his home in this city.

COLLECTIONS OF \$530 REPORTED FROM THE BANKS

CITY CANVASSERS HAVE NOW COMPLETED THEIR WORK AND REPORT WILL NOT BE MADE UNTIL LATER.

SOLICITORS IN BANKS HAVE REPORTED

Makes Total Collections Reported Up to Noon Today of \$3,901.25; Clock Says \$4,000.

Total collections for the Red Cross up to noon today with many of the canvassers yet to hear from were \$3,901.25, according to the report issued by the Red Cross committee. The amount was swelled today by the report of the bank canvassers who turned in \$50.37 up to noon.

It was impossible this afternoon for the committee to tell just what was raised, but the clock was turned to \$4,000 shortly after noon. It will not be definitely known how much was raised in the city until Monday.

The second day of the Red Cross drive for memberships opened with as much enthusiasm on the part of the canvassers and committee as the first. Collections of \$3,370.88 were reported up to last night at 10 o'clock when the returns were made to the committee in charge of the canvassers.

Only about half of the canvassers had reported at that hour and it is believed that collections up to last night were well up towards \$5,000.

The next report on the money raised will probably be made late today or tonight, after most of the canvassers have finished their work. Some of the canvassers have already finished and some of the committees will pick up scattering memberships tomorrow. The campaign for memberships will be over tomorrow, providing everyone in the city has been seen. Memberships, will, of course, be taken after this time, but the canvassers will consider their work ended tomorrow.

So great is the demand for membership that the committee has been obliged to telegraph to Detroit for more Red Cross buttons and they are expected here by the first train. A heavy demand is coming for buttons from the country districts where the campaign opened this morning.

The Red Cross campaign in the townships started today and will continue over Monday. Every township has been well organized and it is expected that the canvassers will have an excellent report to make at the close of their work. At Rapid River the organization was perfected last night and great enthusiasm prevails there over the campaign.

The Gladstone campaign will be started next Thursday and continued over Friday. The Gladstone organization is anticipating great results from the campaign in that city.

BENEFIT BALL WILL BE HELD ON MONDAY

The Red Cross benefit ball to be given by Company C of the Home Guards on next Monday evening, promises to be a great success, if the advance sale of tickets can be taken as an indication. Reports on the advance sale indicate that a very large crowd is to be in attendance. In addition to the ball, an exhibition drill by members of the company has been arranged to precede the dancing and several selections by the company quartet cannot help but please. Olmsted's orchestra will furnish the music for the dancing which will begin about 9 o'clock.

The entire proceeds of the event will be turned over to the Delta county chapter of the Red Cross and it is anticipated that a substantial sum will be realized.

GOLF CLUB DANCE ON FOURTH JULY

Another delightful dancing party at the Escanaba Golf clubhouse has been arranged for the Fourth of July evening with the Delt orchestra furnishing the music. The dancing parties at the golf club are becoming very popular and are attended by a large number of the members and their friends.

Escanaba is a city of churches, and, it is to be presumed, of Christian people. The question which will face every one of the members of our churches during this campaign for Red Cross funds is:

How can I be a Christian if I take no part in this effort to lessen the sufferings of those who have gone out to fight my battles, and to protect my country, my rights, and my home?

The present urgent call for Red Cross funds is the acid test of the genuineness of our character as Christians. Escanabans can, and will stand the test.

ESCANABA TO HAVE GREAT CELEBRATION WEDNESDAY, JULY 4

PLANS ARE BEING MADE FOR A GENUINE OBSERVANCE OF THE NATION'S BIRTHDAY NEXT WEEK.

Announcement was made today by O. P. Chatfield, who has charge of the arrangements for the biggest Fourth of July celebration the city ever had, that some surprises are in store for the people of Escanaba and vicinity which are not quite ready for announcement.

At a meeting of a number of the business men held a couple of nights ago, the proposition of a celebration for Escanaba this year was taken up and plans were immediately launched for the best and biggest observance here the city has ever seen.

The arrangements were put into the hands of Mr. Chatfield, who is now busy arranging for the celebration next week. While the program has not been completed, it is assured that there will be plenty of music during the day and that a program will be held at the park.

But little money will be spent for the celebration this year. Most of the entertainment features will be inexpensive and the plan is to give the money which would ordinarily be spent for entertainment to the Red Cross. There will be no fireworks this year and the celebration will be strictly a sane one.

The celebration is being arranged along lines as suggested by President Wilson who urged every town and city to observe the Fourth in a sane and patriotic manner. The plan has the endorsement of Mayor Riley who wired from Lansing that he desired some action to be taken to provide a fitting celebration here next week.

SHRINERS GAVE BIG SUM TO RED CROSS

Imperial Council Voted \$20,000 to War Relief Fund at Meeting Held in Minneapolis.

The Imperial Council of the Shriners voted \$20,000 to the Red Cross War Relief fund during the annual convention in Minneapolis this week, according to A. J. Young, who was a delegate to the convention from the upper peninsula Shriners. The convention was largely attended by delegates but the visitors were but few of the entertaining features of the convention because of the fact that most of the delegates were dropped because of the war.

Charles Ovenshire, of Minneapolis was advanced to the office of Imperial Potentate and all of the other officers were moved up one place. Minneapolis, up to three months ago, had made great plans for the convention and it was estimated that 250,000 people would have been present, but the entertainment plans were called off because of the war.

Mr. Young says that in spite of all this, the delegates and their wives were royally entertained at banquets, theatre parties and receptions. The next meeting of the Imperial council will be at Atlantic City and a great celebration will be staged if war conditions improve. Mr. Young, accompanied by Mrs. Young, returned yesterday morning from Minneapolis.

FIRST GAME WITH ALL STARS SUNDAY

Escanaba Team Ready for Opening Battle of Series of Four Games With Milwaukee Team.

The Escanaba baseball team is ready for the Lutz All Stars of Milwaukee. The opening game will be played tomorrow afternoon at South Park at the usual time and it is expected that a large crowd will be in attendance.

The Lutz All Stars are champions of the Lake Shore league of Wisconsin and will give the fans of this city some real baseball. This is the same team which played a series of three games here last year. The Escanaba team has put in some hard practice during the past week for this series of games and feel they can give the visitors a hard fight at every stage of the game.

Four games in all will be played with the visitors, the first one Sunday and then followed by one on Monday, Tuesday and Wednesday, Fourth of July. The management of the Escanaba team is in hopes that the attendance at these games will be large, because of the great expense which the team will incur in bringing the visitors to the city. Good baseball is promised and it is believed the fans will appreciate the opportunity by a good attendance.

NOTICE TO PUBLIC.

MANY MOTORISTS TO VISIT IN CLOVERLAND

Indications Are That More Travel Will Be Seen This Year in U. P. Than Ever Before.

"More motorists are going to visit the Great Lakes region this summer than ever before if the number of requests for information regarding roads and scenic beauties is any criterion," said George W. Rowell, Jr., secretary of the Upper Peninsula Development Bureau, which is behind the Great Lakes automobile route.

This new route extends through northern Illinois, Indiana, western Michigan, crossing Lake Michigan by Ann Arbor ferry to Manistique from Frankfort and then on through Cloverland, as the Upper Peninsula of Michigan is now known, along the southern shore of Lake Superior, following Green Bay and Lake Michigan through Wisconsin. Mr. Rowell and Leo C. Harmon, president of the bureau, visited every city of importance along the route this spring and met with hearty co-operation on all sides.

"We are carrying maps in six prominent road guides and have complete logging in three. These maps with newspaper publicity have brought more than 1,000 inquiries to my office from prospective tourists who say they are going to take the trip. If this continues and the touring season has been held up because of a late summer, we are going to be swamped with requests this summer.

"Five thousand persons have received personal invitations to visit the Great Lakes region. These persons are in the habit of taking summer drives and therefore our appeal reaches the right sort of people."

HIGHER RATES ARE REFUSED RAILWAYS

Commerce Commission Denies Plea of the Companies for an Increase of Fifteen Per Cent.

(By Associated Press) Washington, June 30.—The interstate commerce commission Friday denied the plea of the railroads of the United States for a horizontal increase of 15 per cent in freight rates.

In its decision the commission indicated its willingness to increase class rates in the eastern district approximately 14 per cent. Since about one-fourth of the freight handled is moved under class rates, the decision virtually allows the eastern about 4 per cent increase in gross freight revenue. Increases sought in rates on coal, coke and iron ore also will be granted.

The commission found, as a result of extended hearings, that the carriers generally show a substantial and increasing financial prosperity and that they have ample resources with which to conduct transportation.

Giving to the Red Cross Is Pure Unselfish Patriotism

Buying Liberty Loan Bonds was more than patriotism. It was also good business sense, because the government let us in on the best investment on earth.

But giving to the Red Cross is pure unselfish patriotism. It is contributing to the greatest mission of mercy in the world. None of us can tell how close or how soon this great humanitarian work may come to our own home in helping care for perhaps our own loved ones, relatives or friends. Already, some of our Delta County boys are in France and may at any time need our help.

No man who fails to contribute to this great and worthy appeal can afford to hold his head up among his fellow men.

So let's make a grand finish to this great campaign of mercy that will not only spread Escanaba's fame and patriotism of her citizens far and wide, but will also aid towards a surer and earlier peace.

Subscriptions will be taken for credit to any team you may wish to designate. Donations will be received in any amount from a single penny up.

Subscriptions can be made at the Red Cross stand, right inside our main entrance.
