SENATOR STONE ATTACKS REPUBLICANS

BRANDS ROOSEVELT THE MOST POTENT AGENT OF KAISER

The Colonel Characterized As "the Most Seditious Man of Consequence in America" by Missouri Senator.

PLAYING POLITICS IN WAR

Stone Charges That Republicans Are Attempting to Take Government in Own Hands by Criticizing Policy.

(BY ASSOCIATED PRESS) Washington, Jan. 21.—The greatest political debate since the United States went into the war burst out today in the senate when Senator Stone, disregarding the advice of other administration captains, arraigned the leaders of the Republican party as playing politics of the war with the object of taking the government in their own hands through criticism. Fully prepared to reply, republican leaders took copious notes of his denunciations and gave the closest attention to his address.

Washington, Jan. 21.—Characterizing former President Roosevelt as "the most potent agent of the Kaiser in America" and the "most seditious man of consequence in America" Senator Stone, addressing the senate today, charged that Republican leaders are engaged in a seditious effort to make politics out of the war. Their object is to "take the government over into their own hands," by partisan criticism of the conduct of the war, he declared.

Senator Stone's address, carefully prepared, the first of political significance made in congress since the United States entered the war, and regarded as the forerunner of bitter partisan strife, excoriated partisanship in the war. Besides Col. Roosevelt, the Missouri senator named Chairman Wilcox of the Republican National committee and Senator Penrose among republican leaders as his "witnesses" to the political plot he alleged. Investigations by congress of war operations, Senator Stone also declared, have almost entirely been launched by republicans and adroitly exploited for partisan purposes.

Citing statements of the republican leaders regarding the political plans and editorials of Col. Roosevelt which, he said, are "villainous screeds" published for money, Senator Stone declared.

NO WONDER WILLARD HAS BEEN GHEERFUL

News of the Marriage of J. Willard Waldstrom, Fair Store "Ad" Manager, and Miss Pfeiffer Is Confirmed.

Well, the secret is out. We have been wanting to spring it for a long time, but we were not quite sure enough to let go, but now here it is: J. Willard Waldstrom, advertising manager for The Fair Savings Bank, is married. It and has been for some time, but has been getting used to the idea gradually and it was not until last week, when he opened the first sack of deer skin and counted the money, that he sent for Mrs. Waldstrom, who arrived in the city yesterday.

Mr. Waldstrom and Miss Ella Pfeiffer were married last April, but because he wanted to fool his friends and really show them that something could be put over, even in Escanaba, the wedding was kept quiet and no one knew anything about it until today. The bride made her home in this city a couple of years ago and is well known to a number of local people. It is rather late for congratulations, but it is likewise rather late for Mr. Waldstrom to get married, so his friends are congratulating both Mr. and Mrs. Waldstrom today.

KEET KIDNAPPERS ARE GIVEN BIG SENTENCES

(BY ASSOCIATED PRESS) Marshfield, Mo., Jan. 21.—Taylor Adams and his son, Cletus Adams, charged with kidnaping "Baby" Lloyd Keets and also conspiring to abduct C. A. Clement, a Springfield banker, entered pleas of guilty today. Taylor Adams was sentenced to fifteen years and Cletus Adams to ten years.

Prudden's Fuel Orders

Through the Delta County Fuel Committee yesterday, W. K. Prudden, Federal Fuel Administrator for Michigan, issued the following orders relative to the closing of business places and the limiting of heating on all other days than Monday. These orders were printed and distributed by the local committee, following a meeting held yesterday afternoon. The observance of these orders will be strictly enforced:

A condition exists within the state of Michigan whereby it becomes necessary to conserve fuel, in all direct and indirect means; therefore, as a federal officer of the United States, charged with the equitable distribution and conservation of fuel within the state, and by the authority delegated and invested in me, I hereby direct and order that: until further notice, the following regulations are made to apply within the state of Michigan:

1.—All retail and wholesale stores, office buildings and all places of business and places of amusement and every kind and nature not otherwise herein excepted may be heated and lighted and open to the public nine consecutive hours only on all week days, except Saturday, when the limit of time may be 12 hours.

Each line of business or place of amusement may elect nine consecutive hours during which they may be open, but the closing hour shall not be later than 10 p. m., and each place of business shall post at the entrance in a conspicuous place the nine hours so elected.

2.—The exceptions to the above order are as follows:

(a)—Churches time limit six hours each week. This time may be all consumed on Sunday, or only one Sunday service and one week day service.

(b)—Theatres, vaudeville and moving picture shows close entirely 24 hours on Tuesday of each week. On all other days the total hours for opening shall be not exceeding five hours, and the closing hour not later than 11 p. m.

(c)—In case of so-called all night lunch rooms which have been opened heretofore practically 24 hours, not having any connection with any other line of business or amusement, may be open nine consecutive hours out of the 24. Said lunch rooms that desire to elect nine hours between 6 p. m. and 3 a. m. shall first obtain a written permission from the mayor of the city or head of said municipality. (Amended as follows: The nine hours may be divided into three periods as may be elected.)

(d)—All hotels shall close bars, dining rooms and cafes in connection with said hotels at 10 p. m. to conform to the limit of closing time of restaurants and saloons, and the time of keeping said bars open shall be limited to nine consecutive hours. The provisions of this section (d) shall also apply to all clubs.

(e)—Bowling alleys, pool rooms, billiard halls, public and private dance halls and all places of amusement shall be closed for twenty-four (24) hours on all Tuesdays, commencing January 22nd, up to and including March 26th, 1918.

3.—The lights in windows during the period the several stores are closed must be extinguished at hour of closing with no lights during the closed period except such as are required for safety lights.

4.—All outside illuminating signs for advertising purposes to be eliminated, and all unnecessary inside illumination during business hours to be unnecessary.

5.—All lighting of streets, parks and boulevards must be confined to necessary lights for safety. This order does not apply to depots, railroad stations, government of municipal buildings. This order shall become effective and in force on the 17th day of January, 1918.

6.—Heating of stores shall not be in excess of 68 degrees. All persons within the State of Michigan are directed and ordered to observe the above order. The penalties for violation as provided by the laws of the United States will be strictly enforced.

The mayors of cities and municipal heads of towns and villages are directed to enforce the provision of this order.

W. K. PRUDDEN, Federal Fuel Administrator.

PORKLESS SATURDAYS ORDERED BY PRESCOTT

B. P. Pattison, County Food Administrator, Receives Word to Have New Order Effective Here.

B. P. Pattison, county food administrator, has received orders from the state food administrator to enforce a new order for a porkless Saturday beginning at once. In addition to a porkless Saturday, the new order decrees that there shall be one meatless meal each day exclusive of Tuesday from now on. The order has been received by the hotels here also, and it is likely that the meatless meal on every day except Tuesday, will be breakfast.

TURKISH WARSHIPS DEFEATED IN FIGHT WITH THE BRITISH

The Former German Battleship Breslau Is Sunk and Former Goeben Is Beached After a Brisk Battle.

(Associated Press War Summary)

With the Pan-Germans in the political ascendancy in Germany, there are serious strikes in Austria. More than 100,000 workmen have quit work in the vicinity of Vienna as a protest to the German rule and in favor of peace. The Vienna correspondents of German newspapers say the Austrian strikes are a move or a demand for a "speedy" peace with Russia which is growing to such an extent that it cannot be "stemmed" by force.

British naval forces have partly evaded the score with the former German warships Goeben and Breslau in an action at the entrance of the Dardanelles. The Goeben was sunk and the Breslau damaged. The Goeben was damaged by a torpedo from the British submarine base at Ostend.

Increased artillery force and aerial operations on the western front prevail along with the regular raids. There has been no attacks in force and there is little to indicate a severe break in the winter program. On the Italian front there has been only artillery action, which has been most marked in the region on Monte Asone and along the Piave river.

Sixteen German airplanes were brought down yesterday by the French and British planes in France. Entente warships have bombarded the important German submarine base at Ostend.

CONTROL RAILWAYS AFTER PEACE SAYS M'ADOO IN SENATE

Director-General Believes That New Laws Should Be Passed Before Roads Are Turned Back to Owners.

(BY ASSOCIATED PRESS) Washington, Jan. 21.—Director-General McAdoo told the senate interstate commerce committee today that he thought the government should retain the operation of the railroads for some time after peace has been declared and not to return them to the private owners until new and comprehensive laws had been enacted upon by the government.

"It should be born in mind," he said, "that at the end of the war the public and shippers will be accustomed to government operation and I am convinced that plenty of time should be given at the end of the war before turning them back to the owners. An entirely new situation will be faced when peace is declared, which will have to be met with new and comprehensive laws and there will be injury to the stockholders through giving them back without the adoption of comprehensive and rational legislation."

FORMER KERENSKY LEADERS MURDERED

(BY ASSOCIATED PRESS) Petrograd, Jan. 21.—A. I. Shingaroff, minister of finance in the Kerensky cabinet and Professor F. F. Kokoshikine, state controller under the Kerensky government, were murdered in their beds in the marine hospital last night.

Charles Behner of Montana, is a guest at the home of his parents, Mr. and Mrs. Martin Behner, 254 Michigan avenue.

Mrs. Mary Akey of Menominee, is a guest in this city.

KIDD FUNERAL

Funeral services were conducted this morning at 8:30 o'clock at St. Patrick's church for the late James Kidd, who died last Friday night. The body was buried in St. Joseph's cemetery.

FUEL ORDER OBEYED HERE TODAY BY ALL LINES OF BUSINESS

First "Heatless" Monday Was Observed By All Firms Excepting Those Exempted by Special Orders.

Business generally was suspended in Escanaba today in observance of the first "heatless" Monday.

Reports to the police were to the effect that the order was being obeyed and that all lines of business were co-operating with the fuel administration in its drastic order of January 17.

This morning copies of State Fuel Administrator Prudden's official order, embodying that of the national administration, were distributed to all business houses which were open and tomorrow the police department will see that the order is placed in the hands of every business house, as well as office.

The stores were open today under a change in the original order that they could open on Mondays and close on Tuesdays. Grocery and food stores were open until noon only, although an order was issued last night in Washington to the effect that they could remain open all day today.

All offices, excepting the county, federal, and municipal offices, were closed during the day. The drug stores were open from 9 to 12 and will re-open at 5 to remain open until 8 this evening. Barber shops and most of the factories were closed. Banks were open as usual.

Reports received from the townships by Chairman Clark of the local fuel committee, were to the effect that all businesses and industries were observing the order. Gladstone was reported to be closed up as tight as could be.

At a meeting held yesterday afternoon by the county fuel committee, the order of W. K. Prudden, state fuel administrator, was prepared for distribution in the city and county as well. This order, which covers everything except the Monday closing, which is covered by the national order, appears in another column of this issue of The Mirror.

The Monday observance was carried out here with less confusion than was expected. Saturday afternoon and evening the police gave orders to the various business houses here that a heatless Monday must be observed in the lines of business specified. The orders were issued by Mayor Hill and the police were prepared to force them to the letter.

KIRSTIN COMPANY IS EXEMPT FROM ORDER

Manufacturers of Farm Implements Are Not Subject to Fuel Orders, Wire to This City Says.

The A. J. Kirstin company received a telegram early this morning stating that advice from the fuel administrator at Washington has exempted the manufacturers of farm machinery for spring delivery from the fuel order of January 17th.

As the Kirstin company is busy on stump pullers for spring delivery, this, of course, permits them to start up their plant on Stephenson avenue, but the management, feeling that they wish to be patriotic, have decided to continue to keep their factory closed the allotted time.

ATHLETIC CLUB TO MEET THIS EVENING

Despite the announcement made in Sunday's morning publication that the Escanaba Athletic club would not meet this evening, the meeting will be held as scheduled. It was announced this afternoon by J. A. Allo, president of the club. All members are asked to be present as the year's work will be started.

ICE MEASURES OVER 23 INCHES ON BAY

Ice to the depth of 23 1/2 inches is reported on Little Bay De Noc by the weather bureau today. Last Monday the ice measured 20 1/2 inches.

BOOKS ON FOOD

Local Library Has Large Number of Suggestive Books for Food Users Which Are Available.

The public library announces a long list of books and pamphlets which will aid those who are trying to co-operate with the Food Administration in conserving food. Conservation means substitution, so new recipes and menus are in demand. The library can supply the following:

- True Food Values and Their Low Cost, by Birge.
- Living On a Little, by Burrell.
- Low Cost Recipes, by Harbison.
- Foods and Household Management, by Kinne and Cooley.
- Low Cost Cooking, by Nesbit.
- Small Family Cook Book, by Prentlow.

UKRAINIANS REACH PEACE AGREEMENT WITH THE

Negotiations Between Ukrainians and the Allies for Peace Have Reached Final Stage

(BY ASSOCIATED PRESS) London, Jan. 21.—Negotiations between the Ukrainians and the Allies for peace have reached the final stage.

The Ukrainians have agreed to accept the terms of the peace treaty to be signed in Paris. The war declared by the Ukrainians against the Allies has been terminated.

On condition that the British advance into the Ukraine, the Ukrainians will be willing to accept a provisional agreement with the Allies. The immediate resumption of hostilities and the resumption of military and consular relations is possible.

As the Ukrainians consider it necessary to report to their government the terms of the agreement with the Allies.

BUSINESS IS SHUT DOWN TODAY IN ALL PARTS OF COUNTRY

Little Activity East of the Mississippi River On the First of a Series of Ten Heatless Mondays.

(BY ASSOCIATED PRESS) Washington, Jan. 21.—Business activity generally east of the Mississippi river was suspended today for the first series of ten heatless Mondays on orders of the fuel administration to release coal for private consumption and for trans-Atlantic shipping.

At the same time plans east of the Mississippi were idle for the fourth successive day in compliance with the order.

Fuel officials declared there is a radical change in the feeling over the country regarding the fuel order. Industries were co-operating fully and virtually complete acquiescence is expected to the Monday closing order.

Dr. Garfield last night issued a direct request that all retail stores, except food and drug stores, close for the day. Theatres closing changed to Tuesday by a special ruling Saturday night, allowed the theatres to be open today. Stores handling food permitted to be open until noon by the original order, were granted a special dispensation to sell goods throughout the day. Drug stores are expected to remain open only for the sale of drugs.

"LID TILTER" PLACED UNDER ARREST HERE

Hjalmar Boline, Bartender at the North Star Saloon, Held On Charge of Dispensing Booze Sunday.

Charged with selling liquor yesterday in the basement of the North Star saloon, 1208 Ludington street, Hjalmar Boline, bartender for Arvid Molin, proprietor of the saloon, was arrested and when arraigned in police court this morning before Justice Glaser, waived examination and was held to the circuit court under bonds of \$200.

Boline was arrested by Officer Joseph Carney, who answered a telephone complaint made at 12:30 p. m. When he entered the saloon building through the back door and went into the basement, he found an improvised bar and fifteen men being served drinks by Boline.

Formal complaint was made by him this morning and Boline was brought to court where he was held in lieu of \$200. He will be held in court as soon as he is able to make his appearance in court. At present he is confined to his home by illness.

AUSTRIAN STRIKES BECOMING SERIOUS REPORTS INDICATE

Persistent Demands for Peace Come From the Dual Monarchy; Transportation Systems Tied Up.

(BY ASSOCIATED PRESS) London, Jan. 21.—The strike movement is spreading in Austria-Hungary and is associated with a demand for immediate peace, according to dispatches received from Swiss and Dutch sources. A general strike was declared in Budapest on Friday when the transportation systems were at a standstill while from all parts of the dual monarchy strikes and demonstrations were reported.

The food situation and the question of peace were the sole subjects discussed at the meeting of the budget committee of the Austrian chamber of deputies on Friday. The socialists, according to the dispatches, declare that the situation is serious and declare that peace must not be postponed.

BRITISH CASUALTIES 17,643 IN LAST WEEK

(BY ASSOCIATED PRESS) London, Jan. 21.—British casualties reported for the past week were 17,643 divided as follows:

Killed or died of wounds: Officers, 79; men, 2,277.

Wounded or missing: Officers, 213; men, 14,477.

The figures show a decrease of nearly 8,000 under those of last week when 24,979 casualties were reported, an unusually high toll for this time of the year.

LET'S BEAT THE LAW TO IT!
It ought not to be necessary to compel any individual, housekeeper or innkeeper in this country by law to observe wheatless and meatless days, but it surely will come to that if the volunteered patriotic co-operation of the country fails to bring the results demanded by the world emergency.

Mr. Hoover, national food administrator, complains that many proprietors of hotels and cafes over the country are deliberately ignoring appeals for the conservation of certain kinds of foodstuffs. As we have pointed out hitherto in these columns, this practice is unfair to the millions of households that are "carrying on" as Mr. Hoover asks them to do, and, in many instances, are going far beyond the letter of his request every week.

There is an effective way by which the traveling public and the people generally could bring unpatriotic innkeepers and restaurants to book for their selfish policies, and that is to refuse these their patronage. The ordinary boycott is not a commendable weapon, but a boycott growing out of a patriotic motive and intended for the manifest good of all the people, in this country and elsewhere, would be a praiseworthy thing.

As it stands now, those who patronize the places where reasonable food regulations are disregarded are almost, if not quite as censurable as the proprietors of these places. Most of them probably are thoughtless, rather than selfish, but this is no time for either thoughtlessness or selfishness. As the months go on this truth will come to us with ever-increasing impressiveness, and it will really be a pity if it becomes necessary to enact a stringent law as a reminder. As a whole, people we have not yet touched even the fringe of real modern warfare. The things asked of us are so easy to grant that there should not be the shadow of resentment in any quarter.

Russia went to war in defense of Serbia, but now abandons that nation to the Bulgarians who have massacred Serbians by the thousands. Russia changes so often that she apparently has lost sight of her original purpose.

A St. Louis paper says, "Milt Carmichael now has the finest collection of old guns in Missouri." Milt ought to get into communication with Secretary Baker who is reported to be short of all kinds of guns.

Every American returning from the

war is bitterly opposed to any patched-up peace. Those who have come in closest contact with the war want it to last made the last one.

Secretary Baker has been subjected to some severe cross-examinations. It is apparently difficult for any one to attempt to examine Mr. Baker without getting cross.

"Nothing is deadlier than a machine gun," says the New York World, which is all wrong. Lack of machine guns is deadlier for an army.

SUGAR BY GARD IN MANISTIQUE FEB. 1

Each Person will Be Entitled to Three Pounds of Sugar a Month and Twenty Pounds of Flour.

Manistique, Mich., Jan. 21.—Food Administrator George J. Nicholson, called the grocery men of the city together to acquaint them with food conservation laws which will go into effect February 1. A card system will then be put into use, curtailing the supply of sugar and flour. Each person will be entitled to 3 pounds of sugar and 20 pounds of flour a month. There will also be only two deliveries per day, one at 9 a. m. and another at 3 p. m. and orders coming in too late for these deliveries will not be filled. The largest amount anyone can buy at one time in the city is 5 pounds and 10 pounds in the country. In the city one can buy a half barrel of flour and in the country one barrel of flour at a time. The price for sugar has been put at 9 1/2 cents per pound and for flour as follows: 24 1/2-pound sack at \$1.65, 49-pound sack \$3.20, 1/2 barrel \$6.30, and for a barrel \$12.60. The merchants were also advised not to advertise either flour or sugar. Without a card you will not be able to buy sugar or flour at any store in the city or in the country.

WHAT HERALD-LEADER SAID ABOUT THE GAME

Menominee Five, Minus Two Players, Start Roughing it and Escanaba was Allowed to Make Points.

Of the basketball game at Menominee Friday night, the first one of the Escanaba High school five this season, and which was won by the locals, the Herald-Leader says:

"Minus the services of 'Jawn' Gleason who was confined to his home with an attack of the mumps, and of 'Spark' Olander, who watched the game from the sidelines, Menominee opened its 'at home' schedule for the basketball season Friday night by going down in defeat at the hands of Escanaba by the score of 25 to 16. In the curtain raiser which was staged between Menominee seconds and Stephenson high school, the local 'Yankees' won out by a 17 to 10 score.

"The Escanaba-Menominee game could be more properly called a 'foul fest.' The northerners started out, about on even terms with Menominee but soon after the game started Menominee started to hold, double-dribbled, interfered, and violated about every rule of the game. The result was that after the first five minutes of play, the score stood 7 to 1 in favor of Esby, every one on the points being free-baskets when Menominee fouled.

"Menominee fans got a little ray of hope towards the close of the first half, when the locals really made a few baskets. The first half ended with Escanaba leading, 17 to 8. "The second half was a repetition of the first, Escanaba scoring, Menominee looking on. With three minutes to play, Menominee braced, and actually played real basketball. But it was of no avail, as the big lead could not be overcome. The timers blew the whistle, and Escanaba was leading by 25 to 16."

MADGE KENNEDY in "NEARLY MARRIED" by EDGAR SELWYN Goldwyn Picture

MAN ELOPES WITH WIFE IN "NEARLY MARRIED"

The story of "Nearly Married," the new Goldwyn Picture, starring Madge Kennedy, to be seen at the Delft theatre tonight, details the adventure of a pair of young newly-weds, Harry and Betty, separated because Harry declines to permit Betty's brother, Dick, to accompany them on their honeymoon. Believing that Betty really wants a divorce, which seems all the more likely because Dick, who is just opening a law practice, is threatening legal action on his sister's behalf, Harry enlists the legal advice of his friend, Tom Robinson; and Robinson, in turn, engages the services of Hattie King, a professional correspondent, who will compromise Harry for the sum of a

thousand dollars and expenses. The separation continues for several months, with the principals thoroughly miserable; and then Tom Robinson and his wife, Gertrude, who is a friend of Betty, compare notes and conclude that it was all a mistake and that it is their place to bring the couple together again. Accordingly, they arrange a meeting which is quite successful in most particulars. Harry makes a satisfactory explanation to Betty, and they elope in his racing car. The Robinsons exchange congratulations, but are speedily thrown into consternation when Dick appears, announcing that the divorce has been granted, and that if his sister elopes off with Harry, she will be a ruined woman. A chase ensues, the pursuing party being augmented by the appearance of Hattie. The outcome of this situation is thrilling in the extreme.

HAY SHORTAGE GREAT MENACE TO DAIRIES

Deputy Food Inspector John Rowe Says Stock Has Already Been Greatly Reduced.

According to John T. Rowe, the deputy food inspector for the upper peninsula, the hay shortage is about the most serious condition confronting the upper peninsula. Because of it cows and calves have been killed steadily the past several months, until now the dairy stock of the upper peninsula has been reduced about 35 per cent, exclusive of the slaughter of cows owned by individuals.

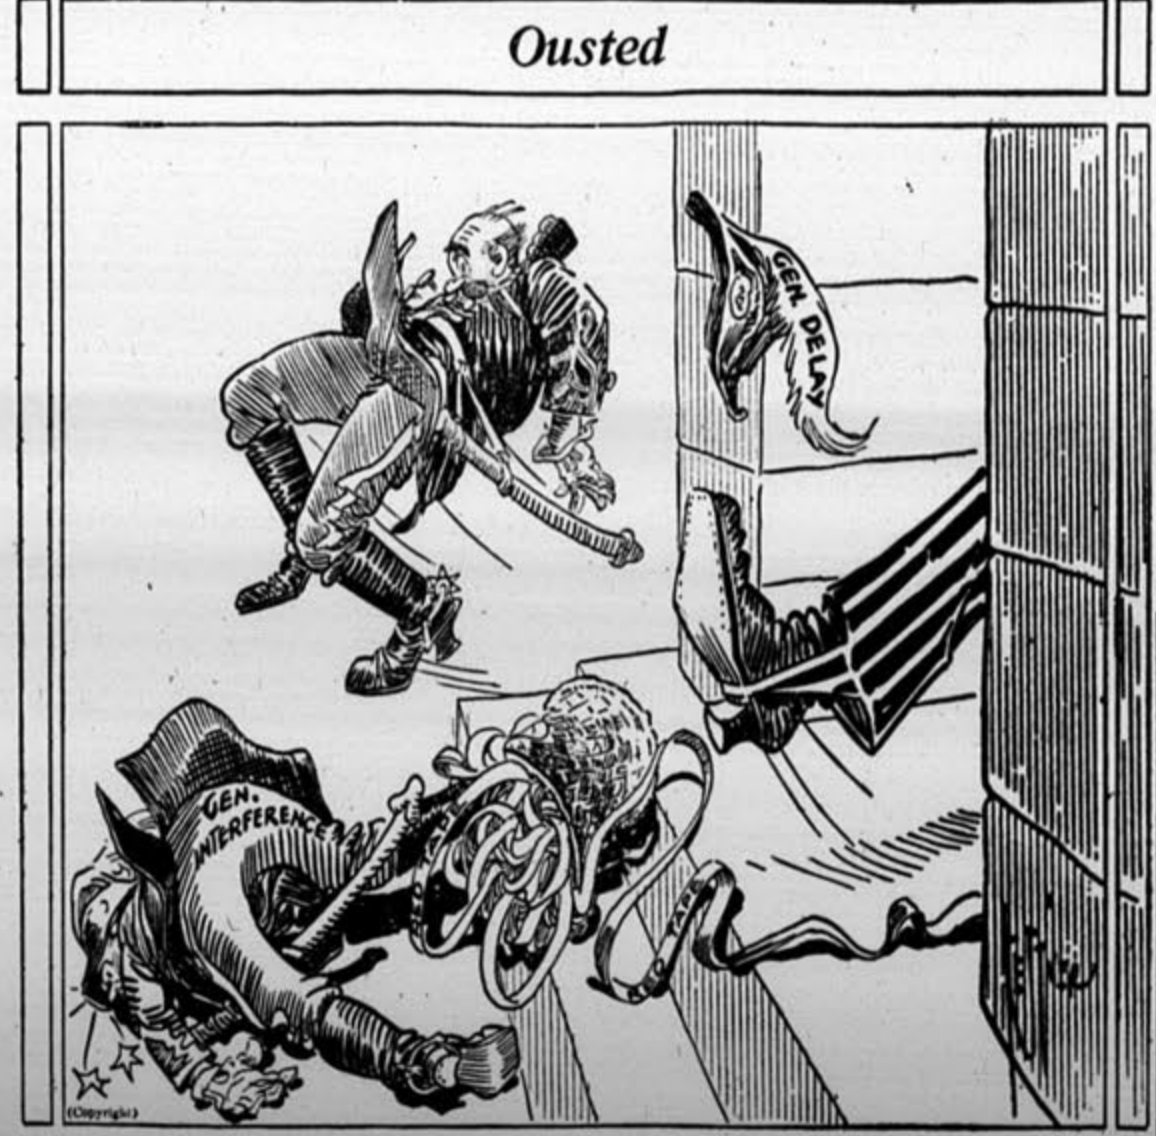

As a result of the hay shortage, the dairy business of the upper peninsula is being hit a hard blow, one that it will not soon recover from. When the dairymen again feel reasonably certain that they can get hay in sufficient quantities to maintain their stock, they will face the problem of paying the inflated prices for stock, of which there will surely be a great shortage, if the slaughter continues much longer.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients. Dr. Edwards' Olive Tablets are a pure vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

RESIDENT OF COUNTY FOR 52 YEARS, DEAD

Olaf Johnson, Founder of Whitefish Settlement, Died Last Tuesday at Age of 75 Years.

Olaf Johnson, founder of Whitefish settlement, died last Tuesday at his home after an illness of several months. He was 75 years of age and had lived in Delta county for 52 years. Mr. Johnson was practically the founder of the settlement, coming from Sweden in 1865 he settled on a piece of land and hewed out a home where he raised a large family who in turn raised their families, the three generations living almost within hailing distance from each other as the time rolled on and the older generation passed beyond, Mrs. Johnson being called about four years ago.

Olaf Andrew Johnson was born in Sweden, May 6th, 1842, died January 15th, 1918, aged 74 years eight months and eight days. He is survived by four daughters, Mesdames I. M. Christensen, N. Lagerquist, Leonard Johnson and P. L. Holmgren, also four sons, Oscar, Conard, John and Edward. He leaves also 27 grand children and four great grand children as well as two sisters, Mrs. Vreta Roberts and Mrs. Martha Wickstrom.

Funeral services were held from the home Friday afternoon, Rev. Lind of the Swedish Lutheran church of Gladstone, officiating and interment was made in the Rapid River cemetery.

NOTICE OF MEETING.
The annual meeting of the members of the Delta County Agricultural society will be held at the City Hall, Escanaba, Michigan, on Friday, January 25th, 1918, at 8:00 p. m., at which meeting there will be an election of officers for the year 1918, and the transaction of such other business as may come before the meeting. All members of the Delta County Agricultural Society are urged to be present. Every person holding a dollar membership ticket for 1917 is considered a member and entitled to a vote at this meeting.
Dated, January 14th, 1918.

JAEGER BUYS DELTA FROM MASON ESTATE

Gladstone Delta, 32 Years Old, Has Been Consolidated with the Delta County Reporter.

William R. Jaeger, publisher of the Delta County Reporter at Gladstone has purchased the good will and business of the Delta, from the estate of the late Charles E. Mason, who founded the paper about 32 years ago. This eliminates one newspaper in Gladstone, which is very much in conformity with the times. In the past year more than 25 newspapers in Michigan have gone out of business and the chances are that several more will either quit or consolidate before the end of this year. For some years it was considered very necessary that every town have from two to ten newspapers, but now very few cities of less than 20,000 population have more than one paper.

Supervisor Carl Mason, who has had charge of the Gladstone Delta for a number of years, has not decided what he will do, but says he is within the draft age and will not look for anything permanent for some time.

MOVES OFFICE FORCE TO LUDINGTON HOTEL

The A. J. Kirstin company has temporarily moved their stenographic and clerical force to the Ludington Hotel. Mr. Cunningham, in charge of the offices of this company, states that the Kirstin company has absolutely no desire in any way to evade the rulings of the Fuel Commissioner, but that being able to secure two ample rooms from the hotel management that are not heated, being directly over the boiler room and which were vacant, yet sufficiently warm to accommodate the employees of the company, and in view of the fact that the Fuel Administrator has ruled that farm implement manufacturers were exempt at their plants, he felt the company was entirely within their rights in keeping up as nearly as possible with their work and in this way help get their machines distributed and more land under cultivation.

WISCONSIN-MICHIGAN TO CONSTRUCT DOCKS AT MEMONIEE SOON

"Whiskey" Michigan Will Compete With the North-Western for Iron Ore Business on Menominee Range.

Reports from Marinette today were to the effect that the Wisconsin & Michigan railway will construct ore docks at Menominee in the very near future and will enter into competition with the North-Western Railroad for the ore business on the Menominee range. The road will also move its shops from Peshtigo to Menominee this spring.

The report is to the effect that ore docks will be built and the shops established on ground already purchased in Menominee and that boats will be loaded at Menominee with ore for shipment to lower lake ports. The Wisconsin & Michigan line extends from Peshtigo, Wis., to Iron Mountain, Mich., a distance of 100 miles, and will enter the ore carrying business in Dickinson county.

The railroad was recently sold under mortgage and was sold to John Marsh, who announced after its purchase that he would make improvements and operate it.

Brands Roosevelt The Most Potent Agent Of Kaiser

(Continued From Page One)
"On my responsibility as a senator I charge that since our entrance into the war Roosevelt by his attacks on the government has been a menace and obstruction to the successful prosecution of the war.

"The only possible effect of these widely published utterances of this man," said Senator Stone, "has been, as they were designed to be, to discredit and bring the present government into public disfavor and weaken its hold on popular confidence. That seems to be the Rooseveltian standard of patriotism."

Similar utterances made by less powerful citizens, Senator Stone asserted, would subject them to prose-

cution of disloyalty. "Of all men," the Missouri senator continued, "Roosevelt is most responsible for what he denounces. He does his work cunningly. In the front of his propaganda he throws a deceptive political camouflage. I charge that Theodore Roosevelt is the most potent agent the Kaiser has in America. It cannot escape the belief that this exceptional colonel, who has played so many games of questionable politics is now playing another game of his particular brand for a very great stake."

The republican plans he cited, Senator Stone said, have been "adroitly directed."

Calling attention to the elections next fall of the entire house membership and many senators, Mr. Stone said two years later the presidential election would follow.

"But I especially protest against and denounce the effort put forward

ONE DAY ONLY

under the guise of patriotism to disparage this congress and the present administration, to excite a wider feeling of discontent and lack of confidence, and to spread the poison of this impression broadcast. Plainly, this sort of movement is afoot."

"I now introduce my star witness: Theodore Roosevelt himself—about I characterize as the most villainous man of consequence in America. The heart of this man is aflame with indomitable ambition and he runs as quick as lightning. His chief thought is not to help the government but always of Roosevelt. Almost every day this man speaks in bitter and contemptuous disparagement of the president and the majority members of this congress. Every week for a long time he has been and still is publishing under contract for a money consideration—think of it, for money—villainous screeds in the Kansas City Star—attacking the president and the government. These Roosevelt contributions are reproduced in numerous important newspapers. Whatever may be said of the papers reproducing these disloyal utterances the Kansas City Star is chiefly responsible."

At this point the Senator made his reference to Roosevelt as an aid to the Kaiser and then turned to the congressional war investigations. He did not question the right of congress to make the inquiries but rather their purpose and publicity given to national difficulties.

"I cannot believe," he said, "that world wide advertisement of alleged deficiencies in our war activities, even if ultimately found true, is necessary to bring about administrative reforms. I doubt the wisdom of wide open investigations into almost everything that might be made the subject of criticism of the administration."

"I do not mean that administrative errors should be concealed from our people. Of course mistakes have been made by the government—doubtless many and grave mistakes."

"What would happen to the Wilson administration if the republican party
