HUTCHESON CHOSEN AS REPRESENTATIVE OF BUREAU IN WEST

Escanaba Man Will Have Charge of Western Office in Salt Lake City of Development Bureau.

WILL TALK CLOVERLAND

His Work Will Be to Interest Western Sheep Raisers in Cloverland As a Grazing Place for Sheep.

Charles R. Hutcheson of this city, who made the extensive survey in the upper peninsula of the cutover lands situation in order to present a comprehensive report to the National Wool convention in Salt Lake City, has been selected by the Upper Peninsula Development Bureau as western manager, and he will have an office in Salt Lake City, from where he will follow up prospects and speed propaganda for Cloverland on the proposition of bringing a number of the western sheep raisers to the upper peninsula.

Mr. Hutcheson, who has had a great deal of experience in farming and stockraising, will visit the western ranchers and remain in the west until his work is accomplished.

During the recent livestock conventions at Salt Lake City at which the Upper Peninsula of Michigan had ten representatives, established conspicuous headquarters, gave a motion picture show and had speakers on the big

NEW GOVERNMENT SET UP IN FINLAND

Finnish Revolutionists Select Kullerwo Manner As President of New Government, According to Reports.

Stockholm, Jan. 30.—The Finnish revolutionists have formed a government under the presidency of Kullerwo Manner, according to a telegram from Helsinki dated on Tuesday. The general strike continues at Helsinki and the socialists are reported to have made common cause with the revolutionists.

The Finnish government officials, including former senators, are reported safe. The government troops which defeated the Red Guard in the northern provinces are now marching southward. They have disarmed 5,000 Russians at Jacobstadt, Vass and nearby places and have taken 20 machine guns.

CHICAGO WOMAN LEFT TO DIE IN SNOWBANK

Chicago, Jan. 30.—The young woman murdered last night and found in a snow bank was Mrs. May Marshall, a waitress. It was established today. Her husband, it is said, was recently drafted into the army. No motive for the crime has been discovered. Apparently the murderer has accosted her and then struck her, the first blow directly over the left eye. She fell face downward and another blow was delivered at the base of the skull.

CERTIFICATES HAVE BEEN OVERSUBSCRIBED

Washington, Jan. 30.—The issue of \$400,000,000 worth of certificates of indebtedness which closed today was heavily oversubscribed, the treasury announced today. The allotment will be made as soon as all subscriptions are reported. The certificates are payable on April 22.

VILLA FOLLOWERS DYNAMITE A TRAIN

FIRST AMERICANS KILLED IN ACTION ON ITALIAN FRONT

Two Members of Ambulance Company Met Their Death During a German Raid On the City of Mestre.

WERE BRAVE TO THE END

Made a Long Trip to Help Suffering Victims of Airmen, Only to Be Killed Just As They Arrived There.

Italian army headquarters in Northern France, Tuesday, Jan. 29.—Two Americans attached to a Red Cross unit were killed at Mestre Sunday night by bombs dropped by German raiders. The men were William Platt and Richard Cuts Fairfield and were the first Americans killed on the Italian front.

They had enrolled in an American organization, having enlisted in the British Red Cross. Companions of the two say they were killed while performing an act of bravery. At the Red Cross camp far out of range of the raiders they could have remained safely, but with two others decided to go to Mestre where the raid had begun and to give aid and help to the probable victims.

Platt and Fairfield went ahead on a motorcycle while an ambulance followed. Just as they reached the Mestre hospital to begin their labors the bombs fell.

Five bombs fell in the courtyard, killing four and wounding a number of patients. The Americans were killed outright.

The funeral of the victims was held at Mestre today. The long line of carriages bore 35 coffins.

FOOD ADMINISTRATOR FOR MICHIGAN TELLS WHAT NEW CARD SAYS

Two Wheatless Days Each Week and One Wheatless Meal Each Day Is Provided in the Regulations.

"The food administration asks every loyal American to help win the war by maintaining rigidly as a minimum of saving the following program: "Have two wheatless days (Monday and Wednesday) in every week and one wheatless meal in every day.

"On wheatless days and in wheatless meals of other days use no crackers, pastry, macaroni, breakfast food or other cereal food containing wheat and use no wheat flour in any form except the small amount that may be needed for thickening soups or gravies or for a binder. As to bread if you bake it at home use other cereals than wheat and if you buy it buy only war bread. Our object is that we should

GERMAN SHIPS NOW IN ALLIED SERVICE INCREASE TONNAGE

Authoritative Statement From American Army Headquarters Says That 500,000 Tons Added to Allied Supply.

GERMAN LIES ARE NAILED

Former Steamer Vaterland has Already Made a Trip to the Allied Ports, the Statement Gives Out.

With the American army in France, Tuesday, Jan. 29.—Announcement is made that the total tonnage of former German steamships ready for the high seas, most of which are now bringing men and material to France, is approximately 500,000.

Among the considerable number which have already arrived safely at allied ports is the Leviathan, formerly the Vaterland and fifteen others of the German's largest ships.

These figures show the falsity of recent German claims and publication is permitted for that reason. The figures are authoritatively declared to prove that Germany has deliberately circulated false reports to belie to her own people the assistance given the allied cause by the ships and to create an unjust confidence in the German submarines.

EAGLES DRILL TEAM DANCE ON THURSDAY

Another of their patriotic dances will be given Thursday evening by the Eagles Drill team at Clark's hall. The proceeds of the dance will go to a patriotic war fund which will be made donations to all worthy war relief causes. An Eagles orchestra will furnish the music and as on previous occasions a good time is assured to all.

RIVER STEAMER GOES DOWN IN ICE FLOES

Cincinnati, O., Jan. 30.—The ice gorge at this point broke at 10:10 this morning and started slowly moving down the river. The first boat to be taken was the large packet City of Louisville. It swung loose from its moorings and crashed into the government boat Ottawa. The Ottawa was not loosened from her mooring, but the City of Louisville was sunk.

LATE RETURNS MEAN EARLY ARMY SERVICE

Tardy Questionnaires Place the Men in Class One—New Ruling Is Draconic One for Tardy Ones.

Those men of Delta county who failed to get their questionnaires back to the local board within the time allotted them have cause for fear and trembling—that is if they have no liking for warfare. Definite instructions have been received by the local board ordering that it carefully follow the instructions laid down in the Selective Regulations and report as delinquent any men who have not been on time.

"When registrants fail to return questionnaires within the time prescribed, it is the duty of the local board to send to the local police authorities a list of persons delinquent, with the request that the police visit in person, or through deputies, all such named persons and bring them before the local board," instructs the adjutant general.

If the police authorities are unable to produce such delinquent registrants within five days, immediate report must be made to the local board as to the information or lack of information they have obtained. Then, after receiving this report of the police, as soon as practicable after the five days following delinquency, the local board must report to the adjutant general of the state.

Attorney A. P. Pierson is able to be at his office again after an illness of ten days.

GERMAN AIRPLANES MADE SECOND RAID ON ENGLISH COAST

Bombs Were Dropped by Germans On Kent and Essex, While One or Two Machines Reached Outskirts of London

FIFTEEN PLANES IN RAID

British Airplanes and Anti-aircraft Guns Repel Attack of the Germans; Casualties Are Reported Few.

London, Jan. 30.—In last night's air raid three persons were killed and ten injured, according to an official announcement made today. It is feared that the bodies of six others are buried in the ruins of a house.

London, Jan. 30.—In last night's air raid bombs were dropped in Kent and Essex, it is announced officially today. There were several aerial engagements. All British machines returned safely.

About 15 airplanes took part in the raid. One dropped bombs in the southwestern part of London and another visited the outlying northeast district. There were a few casualties in southwest London.

The second moonlight raid carried out last night by the Gothas last night appears to have been checked by the combined activity of the airplanes and anti-aircraft guns, which kept them from the heart of London. Condition for the raid were as favorable as Monday night. The sky was clear and there was little wind.

THE WEATHER

For Escanaba and Vicinity: Snow and colder tonight; Thursday generally fair and continued cold.

For Upper Michigan: Snow and colder tonight; Thursday generally fair and continued cold.

Weather Conditions. The cold northwestern anti-cyclone persists over the Northwest with unabated severity, temperatures having fallen considerably in the Rocky Mountain and Plains States, and the zero line extending southward into southern Kansas. It is not quite so cold this morning in the central valleys and west portion of the Lake region. Within the last 24 hours rains continued along the north Pacific and Gulf coasts, and snow fell in the northern Rocky Mountain region, the Dakotas, Minnesota and Upper Michigan.

With the approach of the northwestern high-pressure area, colder weather with snow may be expected for this locality tonight. Thursday will be generally fair and continued cold. Temperature at noon 2 above Lowest last night 4 below

ITALIANS CAPTURE 2,600 OF ENEMY IN RECENT OFFENSIVE

Vienna Admits the Defeat of the Invaders of Italy at the Asiago Plateau After a Stubborn Resistance.

MANY GUNS ALSO TAKEN

Austrians Abandon Monte Di Val Bella and Col Del Rosso to the Italians After Smash by the Latter.

Rome, Jan. 30.—More than 2,600 prisoners have been taken by the Italians in their successful attack on the Austrian lines on the Asiago plateau, the war office announced. Six guns and 100 machine guns have been captured.

Extremely heavy losses were suffered by the Austrians, two of their divisions being almost totally wiped out. The Austrians have been bombarding violently the positions taken by the Italians. The Italian artillery fire is powerfully centered on points just behind the enemy line.

Vienna Statement. Vienna (Via London), Jan. 30.—The Italians who attacked the Austrian positions on the Asiago plateau are being reinforced constantly by large numbers of troops, says the official announcement. After a stubborn struggle in which the Austrians made a heroic defense, they were forced to give up Monte Di Val Bella and Col Del Rosso.

MUSIC CONTEST WILL SHOW GREAT RESULTS IN MUSICAL TRAINING

Guessing Contest Will Be of Vast Benefit to the School Pupils in Developing Their Musical Talent.

The music guessing contest among the school children is directing the attention of parents to the beneficial results which follow musical training during childhood.

The hours spent in hearing, producing and thinking music are developing one of the richest resources of life, for these hours gather cumulative force and produce a cultured and refined influence throughout life.

Perhaps those parents realize best the vast possibilities of early musical training for their children who have themselves been either deprived of such opportunities, or failed to take

Several witnesses were examined and the court decided that the evidence was sufficient to hold the defendant to the circuit court.

WORKERS IN LARGE NUMBER OF PLANTS LEAVE THEIR WORK

Stated That 90,000 Men in Berlin and Suburbs Were Idle on Monday; Dissatisfied with Peace Prospect.

AFFECTS STEEL DISTRICT

Many Workmen in Large Industrial Centers Have Been Out Since Friday; Electoral Reforms Are Wanted.

London, Jan. 30.—Nearly 500,000 persons are already on strike in Berlin and that number is being added to hourly, the Exchange Telegraph correspondent at Copenhagen telegraphs under Tuesday's date. The movement is being extended to provincial towns.

London, Jan. 30.—Grain warehouses of the city of Vienna are burning and enormous damage was caused, according to Vienna dispatches from Amsterdam by the Exchange Telegraph. Revolutionaries are suspected of starting the fire.

(Associated Press War Summary) Dissatisfied with the progress of peace negotiations and the prospect of electoral reforms, German workmen have brought on serious strikes in Berlin and other parts of Germany. The German government has brought about repressive measures and has ordered six leaders identified with the socialists arrested, while at Kiel the obdurate leaders have been arrested. In Berlin and its suburbs 90,000 men were not at work on Monday, seriously hampering the electrical work and the airplane factories at the capital. Strikes in the manufacturing districts along the Rhine and in the Westphalia district are also reported. The steel making district around Essen has also been affected and at Kiel the workmen in the torpedo factories and dock yards have been out since Friday.

CONSCRIPTION PLAN BEEN AGREED UPON

United States and Canada and Britain Make Agreement on Conscription of Subjects of Each Country.

Washington, Jan. 30.—Arrangements between the United States and Great Britain and Canada on the terms of separate conscription conventions only away the signatures of the representatives of the governments concerned it was announced today by Secretary Lansing, in a letter to Chairman Dent of the house military affairs committee.

The conventions give to citizens of each country the right to return to their own country for service within a fixed period after which they are subject to military duty under the laws and regulations in force where they reside. Permission is given to each country to exempt nationals from military service if it is deemed necessary.

SHIPPING OFFICIALS WILL GO TO LONDON

America Will Be Represented on Inter-Allied Shipping Board in London By Two Men.

Washington, Jan. 30.—Raymond B. Stevens, vice chairman of the shipping board, and George Rublee of the board's legal staff are to be sent to London as permanent representatives of the shipping board. The two American representatives will probably sit with the inter-allied chartering commission, although this is not definitely decided. They will assist in the apportionment among the allies of the tonnage the United States can spare for service and to keep the allies informed of the American shipping situation.

BOLSHEVIKISM.

Bolshevism is now proposed for the "salvation" of the United States along with the rest of this terribly wicked old world. The first branch of it has been organized in New York by a student who was kicked out of Columbia university because of his outspoken anti-Americanism. Bolsheviki representatives, we are told, will attend the trial of the 196 indicted anti-American I. W. W. before Judge Landis in Chicago to see that "Bill" Hayward and his fellow disciples of sabotage "are not railroaded to prison." Also expected to lend their belligerent presence are emissaries from the "red unions" of France, and the syndicalists of Italy, Australia and Spain.

The baby Bolsheviki "local" in New York starts out by denouncing the moderate American Socialists who withdrew from the Socialist party because of that organization's expressed purpose to oppose the war by public meetings, by printed propaganda, by petition and by any other means. It likewise condemns the leaders of the American Federation of Labor who have declared their sturdy loyalty to the aims and purposes set forth by President Wilson and to the nation's plans to combat a heartless, greedy autocracy.

"Beware Bolshevism in America," warns Samuel Gompers. "We must do our utmost to guard against a spread of this curse, for we would be crawling on our bellies at the feet of the kaiser, as are the people of Russia, if the Bolsheviki in America had their way."

The Bolsheviki have yet to demonstrate in their native habitat, where they have a chance, to show that they have any magic power to effect social regeneration, or to bring the proletariat into a realization of its rosy dreams. All the signs just now point to quite the contrary. The Russian people apparently have been made impotent to protect themselves against an enslaving autocracy. What have they received from the Bolsheviki save beautiful illusions? What are they likely to get now save a rude scrambling of these same illusions? Let us hope they may yet rally to a

practical, horse-sense tackling of the problems that beset them. Men and nations need to deal with things as they are before they can hope to change them to what they ought to be. That is the way hard-headed Uncle Sam is going about the business ahead of him.

Germans are now reported to have commandeered all the maps in the empire for the linen they contain. Germany has already changed the map of Europe so that unless the Allies win the old ones will be valuable chiefly as souvenirs.

Austria insists that she will not demand from Russia "a single meter of territory or a single cent of indemnity." That will not help the Russians any. The demand will be made by Germany.

WAR RECIPES

Conducted by Miss McKittrick of the Domestic Science Department of the Escanaba High School.

CHOCOLATE PUDDING.

1 c potato flour.
 1/2 tsp salt.
 1 tsp sugar.
 2 tbsp butter substitute.
 1 tsp blackberry jelly.
 1/2 oz melted chocolate.
 1 tsp baking soda.
 1/4 c warm water.
 Method.—Mix in the order given. Add soda to warm water before adding to previous ingredients. Steam and serve with a sauce.

MARLBOROUGH PUDDING.

Mix one cupful of potato flour, one cupful of bread crumbs, a quarter of a pound chopped suet, one cupful of seedless raisins, half a cupful of milk and one tablespoonful of sugar. Dissolve half a teaspoon of soda in half a teaspoon of vinegar, which add last and steam.

NO MORE "IMMUNITY" BONDS ARE WANTED SAYS LOAN MANAGER

Those Who Subscribe for Next Loan Must Take All They Can Afford, Charles Van Ness Tells Bankers.

In the coming Liberty Loan campaign, each man solicited will be asked to take his just share of the new issue, no more or no less, and unless a person will take his just share, his subscription is not wanted, according to Charles Van Ness, assistant manager of Liberty Loan campaign in the ninth federal reserve district, told upper peninsula bankers at the recent meeting held at Houghton.

M. N. Smith, chairman of Group One of the Michigan Bankers' association and cashier of the Escanaba National bank of this city, was present at the meeting. The meeting was attended by a number of bankers from the upper peninsula, who gathered at Houghton to make plans for the next Liberty Loan campaign.

The gist of Mr. Van Ness' talk was this: "The first two Liberty Loans were carried on by too many people. The committee intends in the third loan, which will be called in March, probably, to make a personal campaign. Each man will be seen, under an organization that will have townships and villages as units. Each man will be asked to take his just share, and as the sentiment in favor of the loan is improving, he probably will."

"There will be no more 'immunity' bonds if the committee can help it," said Mr. Van Ness. By that he meant that a man able to take more than a \$50 bond will not be permitted to subscribe for so small an amount and thus be immune from participating in the loan to the extent of his ability. He will take his full share or none at all. The committee will be averse to letting men take more than their just share. If one man in a community is able and willing to take all of the community's quota he will not be permitted to do so.

"CLEOPATRA" WILL BE SHOWN HERE TONIGHT

WETA's Fox's superb production, "Cleopatra" with Theda Bara in the "role," which recently closed a long engagement at the Lyric theatre, New York, opened a two days engagement this afternoon at the Delft theatre with matinee tomorrow. Nobody who has seen this unusual picture will ever forget the splendors it presents in many tremendous scenes of gorgeousness such as were known only in the times of Ancient Egypt and Rome, with costumes so thoroughly in attune with the period that they cause no little comment. The battle scenes are splendid and there are many moments that may be said to thrill.

SOO BABY BURNED TO DEATH IN HOME FIRE

Sault Ste. Marie, Mich., Jan. 30.—Another life by fire was taken in this city when the four months old daughter of Mr. and Mrs. Robert Metckilf was burned to death in the family home. The baby was sleeping in a room where three other children were playing. An overheated stove caused a fire and the mother instead of rescuing her babe from the burning room, went to a neighbor for help. When she returned the baby could not be found in the dense smoke until the burning ceiling had fallen. The other children were rescued without injury.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

Delta county will furnish its quota to the spruce regiment at Vancouver, Wash., in record time, according to present indications.

The second contingent of this branch of service left last night, twenty-four in number, and it is expected that an additional number will leave on Thursday night.

The men who left last evening were:

Albert S. Fitzpatrick, Gladstone; Gustav Lermon, Victor E. Peterson, Roy Druding, Eugene Sovey, Don Rogers, Ambrose Clement, Thomas Arbogey, Lloyd A. Haglund, Henry W. Sullivan, Julian Van de Cavey, Fred Derosier, Roy Nerbonne, Edward P. Hart, Roy Thurston, Jeffrey Derosier, Raymond King, Dallis F. Kniskern, Erick K. Snell, Henry O. Cominess, Joseph O'Donnell, Angus M. Aird, and Herman Smith.

They were in charge of Harold H. Johnson of this city and went over the Soo Line to Minneapolis, where they will join other recruits bound for Vancouver. They left here on the 7 o'clock car, loaded down with many gifts from local business men.

LARGE CORN CROP IS NOW MOVING

More Than 3,000 Million Bushels Raised in 1917—Gives a Big Surplus.

Corn, America's greatest cereal crop, is now moving rapidly to market.

More than 3,000 million bushels—30 bushels for every man, woman and child in America—were raised in 1917. It was a mighty crop. The actual increase is about 500 million bushels. And this extra store of grain is coming on to the market in the nick of time, since the American wheat surplus has been sent to help feed famine threatened Europe.

Just as it happened in the Colonial days, the War of the Revolution, and the Civil War, corn has actually become the nation's ministry.

In the entire list of America's food commodities there is no item that is better than corn. In puddings, bread, corn pone, and as hominy combined with meat or eggs, corn is without a peer. Housewives are fast learning the large number of delicious dishes that may be made with corn and their families are benefiting by an increased use of the cereal. Corn, more than any other cereal, contains all of the elements essential to maintaining life and health.

In order that the fighting men abroad and in the army camps at home may be fed, and in order that actual famine may be kept from the nations associated with America in the war, the citizens of America are finding corn products delicious and palatable on "wheatless days" and glory in the fact that "wheatless days" here mean more wheat for the war worn allied nations in Europe.

England, France and Italy must be fed from America's great storehouse. They will get some corn—especially Italy—but most of their grain shipments must be wheat. Their ability to use corn is small compared to the facilities they have for using wheat. And it is the opinion of officials in Washington that the present is no time to try and change the eating habits of Europe.

America's greatest use of corn will be in the form of corn bread and corn meal, mixed with wheat in the making of leavened bread.

Mixed with 50 per cent, wheat flour, corn meal can be used in bread making, producing a loaf more nutritious than bread baked with wheat alone. If it is a fact corn millers will verify that dozens of the large American bakeries have been successfully using a corn flour in bread making for several years.

Hominy grits, served at breakfast with a poached egg, or eaten at any other meal with meats or gravy, is another use of corn that will become unusually popular during the war.

Corn syrup to sweeten corn cakes, and corn oil for use in all kinds of cooking, are two more products that are already welcomed in thousands of American homes.

Washed out - or fresh as new?

Boiling and hard rubbing give fabrics that "washed out" look. They destroy the nap that marks a garment as new.

The surest way to keep fabrics fresh and dainty is to wash with Fels-Naptha soap. It cleans without boiling; without hard rubbing.

Try Fels-Naptha next washday. Its savings are more important than ever these days.

An Inside Bath Makes You Look and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps illness away.

This excellent, common-sense health measure being adopted by millions.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do. Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

ESCANABA PLAYS WITH MARINETTE HIGH QUINT

The Escanaba high school basketball team was to meet the Marinette team this afternoon at 4:15 o'clock at the local gymnasium in the first home game of the season. The game was expected to be a fast one from the first and Escanaba felt confident that a good showing would be made by its team. The Escanaba squad played Menominee a week ago and returned home with a 25 to 11 victory. The Marinette team is said to be a better team than Menominee and a real game was expected this afternoon.

ENTHUSIASTIC BOYS MEETING WAS HELD

Escanaba Will Have a Delegation of About Fifty Boys at the Menominee Conference.

Escanaba will probably be represented at the Older Boys' conference at Menominee by fifty boys. This was indicated last night when a number of boys of the city met at the city hall with F. B. Bement, city chairman and made plans for sending a large delegation to the conference which will be held on February 15 to 17. The meeting was a very enthusiastic one and there was every indication that the conference would be aware of the presence of a goodly representation from this city.

Edward Frost was selected as delegate chairman; Charles Malloch as delegate secretary and Silas McMartin as yelmaster.
Further meetings will be held between now and the time of the conference to arrange for other details in connection with the trip.

America must protect America—Are you ready? See "Womanhood, The Glory of a Nation."

This feature should create twice the stir that was created by "The Battle Cry of Peace." The picture is bigger, better and the story with its patriotic taken away would still be soul inspiring.

The aim of "Womanhood" is the exaltation of patriotism, the necessity of preparedness, the compelling power of self-sacrifice, especially among the women of America in this troubled and anxious time.

The picture is a direct answer to the pacifist group and the Anti-American foreigners in this country. It is the reply which the American woman makes to those who should betray or dispoil her flag.

It portrays the three great loves of a woman's life, the love of a maid for a man, the love of a mother for her child, the love of a woman for her country.

GETS EVIDENCE OF I. W. W. ACTIVITIES

Negaunee, Mich., Jan. 30.—Captain Robert Marsh of the state constabulary, has returned to headquarters here with I. W. W. evidence secured in a raid on the headquarters at Bessemer, and which will be used by federal officers against the organization throughout the United States. The books and papers of Matt Leppala, I. W. W. secretary of Bessemer, were secured in a raid on his office and home, by the constabulary stationed there. Leppala was not arrested and has since made his escape from the Gogebic range, but all of the records are in the hands of the authorities.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

WETS PRESENT THEIR LIQUOR AMENDMENT

Would Legalize the Sale of Beer and Light Wines in the State; Draft of Amendment is Prepared.

Escanaba men in the liquor business are much interested in the much discussed, oft predicted and generally expected "wet" constitutional amendment for the manufacture of beer, ale and light wines which has just made its appearance. A tentative draft of the proposed amendment sent in by Fred A. Baker, the well known constitutional lawyer of Detroit, is now being put in the proper form for the circulation of a petition.

The proposed amendment, in addition to legalizing the sale of beer, light wines, etc., attempts also to place a general liquor law in the constitution. It adds to the constitution some new sections and at the same time relieves the general liquor law of 1887, or what is generally known as the Warner-Crampton law.

Judges to Issue Licenses.

Under the amendment the licenses are to be issued by the circuit judges upon petition of 25 qualified voters in a township, village or city, and unless the township, city or village has already voted that no saloons can be instituted there, the judges must take notice and grant some licenses.

In this manner the right of local option is really reserved to the particular locality, and in addition where a vote against local option has been had, the judges cannot refuse all licenses.

In the main the sections of the amendment restoring the general liquor laws are fashioned after the famous Brooks law, which for thirty years has been in effect in Pennsylvania.

What is Proposed.

As outlined in Mr. Baker's letter to the secretary of state, the amendments proposed are:

"Limit the saloon to one to 1,000 population.

"Place the granting of the licenses in the circuit judge's hands.

"Permit townships, cities or villages to have saloons or not.

"Adds \$250 to the license fee, which shall go to the state highway fund. This makes the total fee \$750.

"Limit wholesalers to one in 10,000.

"Defines a wholesaler as one who handles beer, wines, etc., in lots of three gallons or over. Defines a retailer as one who handles the same commodities in lots of less than three gallons.

"Provides for the revocation of license by the judges upon two convictions for violations of the liquor law.

"No saloons shall be located in residence districts. No saloons within 400 feet of a church or a school except in the business district.

"No license holder shall be chosen to any appointive or elective public office, nor can any holder of an appointive or elective office hold a license."

Mr. Baker's letter does not show whom he represents, it merely stating that he had been asked to draft such an amendment by clients. It is presumed here that the movement comes from the state brewers.
The proposed amendment is being fixed up by the secretary of state in conjunction with the attorney general, and in its finished form as acceptable by the state will be returned to Mr. Baker.

TAX ASSOCIATION TO MEET ON FEB. 27-28

Notice of Annual Meeting Has Been Received Here by A. H. Ryall, a Member of the Board of Directors.

A. H. Ryall, a member of the board of directors of the Michigan State Tax association, has been notified that the seventh annual state conference on taxation will be held in Bay City on February 27 and 28.

An interesting program will be given and subjects to be discussed are as follows:

"Taxation of Banks and Trust Companies"; "Taxation of Public Utilities"; "State and County Equalizations"; "War Taxes and War Loans"; "Activities of the State Tax Commission" and "Uniform Accounting in Public Offices." Someone from the United States Treasury Department will address the conference on the subjects of "War Taxes and War Loans." It is expected that several Escanaba people, interested in the association, will attend the meeting in Bay City, which will be a helpful one.

Hutcheson Chosen As Representative Of Bureau In West

(Continued From Page One) program, it was evident that the grazers were willing to consider other than Western fields for grazing. An immense shortage of summer grazing as well as winter food has compelled the Westerners to look elsewhere and as a result, Cloverland got a great amount of interest. A large number of grazers promised to come to Cloverland during the summer and look over the country, saying that if it was "half as good as President Hagenbarth of the National Wool Growers' association said" they would remain here. Hagenbarth has looked

over Cloverland and pronounced it the best grazing country in the world. Cloverland delegates returning from the West have the highest praise for the treatment given them by the Westerners. "They realized that we were not trying to steal their industry but to care for the overflow and opened their arms to us," said Secretary Rowell of the Development Bureau. "We are much encouraged by our work in the West and look forward to some real results."

Workers In Large Number Of Plants Leave Their Work

(Continued From Page One) The strike movement is directed against the delay in passing the Prussian reform bill and the annexation propaganda conducted by the Fatherland party which has assailed the conduct of the German emissaries at Brest-Litovsk. Italy's successful smash against the invaders in the Asiago region is the only important military event. The Austrians, defeated in the first counter attack, have not yet attacked the Italian positions in great force. The Italians have made secure their gains in the eastern Asiago which were captured, while they took more than 1,500 prisoners. On the western front the British have repulsed an attempted raid near Arras and the French have checked a German raiding party in Alsace.

SPRUCE RECRUITS TO LEAVE ON THURSDAY

Eleven men had been accepted for enlistment in the spruce regiment up to this noon by the local board. They will leave on Thursday evening and will make up the third contingent from the county to this branch of the government service. These men are exclusive of those who left last night. Applications are being received in large numbers by the local board and it is expected that every demand in this branch of the service will be met in Delta county. Those who had signed up for enlistment up to noon today were:

- Michael Farrell, Carl W. Olsen, Peter Weber, Albert Olson, Julius Ehrenberg, Howard Plucker, Jay B. Smith, Harry J. Ryan, John Johnson and Henry W. Olsen, all of this city, and Charles R. Sellers of Gladstone.

ATTENTION K. O. P.

There will be a postponed regular meeting of Escanaba Lodge No. 98 on Thursday evening, January 31, at K. P. hall. The selection of a regular meeting night will be made. CHARLES O. POLLO, C. C.

AMERICAN SAVINGS WILL MEASURE WHEAT EXPORTS

"We have already exported the whole of the surplus of the 1917 wheat harvest, over and above the normal demands of our own population. It is necessary, therefore, for the food administration to restrict export of wheat so as to retain in the United States sufficient supplies to carry our own people until the next harvest. "Therefore all exports of wheat from now forward are limited entirely to volume of saving made by the American people in their consumption of wheat and wheat products. "We continued wheat shipments for December as far as our situation allowed, but even with all the conservation made we were still unable to load several hundred thousand tons of foodstuffs urgently required by the allied nations during the month of December alone."

HERBERT HOOVER. WHEAT-CORN YEAST BREAD.

Wheat-corn bread is more nutritious than bread baked with wheat flour alone. Thousands of American families today are using this mixed flour bread, and in so doing are enabling America to provide more wheat flour for the allies. Here's a tested recipe for this bread: Take one and a half cups of milk, water or a mixture of the two; one-half cake compressed yeast, one and a half teaspoons salt, one tablespoon sugar, one tablespoon of fat if desired, one cup cornmeal and two cups wheat flour.

Put one and a half cups of water, the cornmeal, salt, sugar and fat (if used) into a double boiler and cook twenty minutes. The water is sufficient only to soften the meal a little. Allow the meal to cool to about the temperature of the room and add the flour and yeast mixed with the rest of the water. Knead thoroughly, make into loaf, place in pan of standard size, allow to rise until nearly fills the pan and bake 45 or 50 minutes. It is hardly practical to use a greater percentage of cornmeal than this oven in emergencies, for bread so made differs very little from baked mush. Less cornmeal can be used and in such a case the general method given above may be followed. It is possible to make a yeast raised corn bread without first cooking the cornmeal. In this case not more than one cupful of meal should be used to four cupfuls of flour. In other respects the bread is mixed and baked as in the above recipe.

THEODORE STOKI IS HURT IN ACCIDENT

George Stokl will leave this evening for Cedar Rapids, Ia., being called there by the serious injury of his brother, Theodore Stokl, who lived here a number of years ago. He was injured in a railroad accident at Cedar Rapids, where he is employed as a conductor. He fell from an engine and sustained a compound fracture of the leg, a fracture of the ankle, an injury to the spine and some broken ribs.

THE UNITED STATES FOOD ADMINISTRATION SAYS:

Food saving is in its essence the daily individual service of all the people. Every group can substitute, and even the great majority of thrifty people can save a little—and the more luxurious elements of the population can, by reduction to simple living, save much. This means no more than that we should eat plenty, but wisely and without waste.

RING FIGHT STAGED BY SPRUCE BRIGADE

The "Spruce" brigade which left Gladstone last evening for the west, celebrated the event by pulling off a fight between a North Escanaba lad and a Gladstone volunteer just before the train arrived to take them on their way.

All of the boys had been up town and were more or less in a hilarious mood by the time they got back to the depot. It seems that some argument arose between the North Escanaba man and the Gladstone recruit. Some one suggested that they fight it out then and there and a ring was formed.

The two spruce warriors went at each other in true lumberjack style and when each had pounded the other until both sides were satisfied, the scrap stopped—with no decision. Someone had called up the Gladstone fire department but by the time the wagon reached the station all was quiet and later the party boarded the train and went on their way.

PLAINS STATES HIT BY GREAT COLD WAVE

Bitter cold weather gripped the western plain states of the country today and western Canadian provinces as well. The cold wave which struck the plains last night, hovered over western Canada yesterday and moved towards the states last night. Edmonton, Swift Current and Winnipeg were the coldest places on the weather map this morning, the thermometer going down to 36 below in each of these places. Other low temperatures, all below zero, in the states and in Canada were:

- Calgary, 24; Duluth, 20; Havre, 22; Huron, 26; Moorhead, 30; North Platte, 20; Port Arthur, 22; St. Paul, 10; Sheridan, Wyo., 22; Williston, 28; Rapid City, 20; Helena, 16.
- Compare these with the following upper peninsula temperatures: Escanaba, 4 below; Sault Ste. Marie, 8 below; Houghton, 8 below.

TWO CHILDREN ARE CALLED BY DEATH

BISHOP COADJUTOR TO COME TO U. P. FEB. 11

Rev. Robert LeRoy Harris, D. D. of Toledo, O., Will be Consecrated Bishop Coadjutor of U. P. Feb. 7th.

Rev. W. J. Datson, rector of St. Stephen's Episcopal church, has received an invitation to attend the ceremony of consecration of Rev. Robert LeRoy Harris, D. D., rector of St. Mark's Episcopal church of Toledo, O., as bishop coadjutor of the upper peninsula diocese, which will be held in Toledo on February 7.

Rev. Datson will not be present and it is unlikely that any member of the local parish will be in attendance. Dr. Harris has accepted the post of bishop coadjutor of the upper peninsula and is given the right of succession to Bishop Mott Williams of Marquette, who desires to retire because of ill health.

Dr. Harris was elected bishop coadjutor at a meeting held at Ishpeming some weeks ago and he accepted the post, which was previously offered to Rev. H. H. Fox, rector of St. John's church of Detroit.

Dr. Harris has prepared to leave immediately after the consecration for Marquette, and will make his first public appearance there on Monday evening, Feb. 11, at a dinner and reception tendered by Episcopalians of the diocese. St. Paul's church, Marquette, will be the cathedral and Dr. Harris expects to deliver a sermon in that edifice the following Sunday, Feb. 17.

Dr. Harris went to Toledo in February, 1909, from Cheyenne, Wyo. Prior to that he was rector of Episcopal parishes in Newport, Ky., and Cincinnati, O. He was ordained by Bishop Leonard in 1899, following graduation from Kenyon college. His first church was the now non-existent Calvary church of Toledo.

Dr. Harris is a 32nd degree Mason and a Shriner and also is a member of the Sons of the American Revolution.

Music Concert Will Show Great Results In Musical Training

(Continued From Page One) advantage of those offered.

By training the ear of the child to love and appreciate good music, parents lay the foundations for happiness in later years and are storing away for him an investment for pleasure, the benefits of which will prove their value in years of maturity. After all, the mission of education is to fit the child to realize the fullness of life, to be equipped to meet its stern necessities and to extract all the joys and richness which Providence has provided.

From all over the country there are evidences of a musical awakening and it is of great significance to parents that musical educators have all agreed upon the necessity of implanting the love of music in the child. Let all parents encourage their children to participate. All children from the fifth to the ninth grade, inclusive, are eligible for the contest. Prizes will be awarded.

WAR SAVINGS STAMPS

WHAT THEY ARE and WHY YOU SHOULD BUY THEM

Thrift Stamps and Thrift Cards

- Q. If I do not have enough money saved up to buy a War-Savings Stamp and can only save in small amounts, what should I do?
- A. Buy a 25-cent Thrift Stamp at this bank or the postoffice and ask for a Thrift Card, to which you can attach your Thrift Stamp.
- Q. Is there any charge for a Thrift Card?
- A. No. It is given you to hold Thrift Stamps and contains a place for your name and address.
- Q. How many Thrift Stamps will this card hold?
- A. Sixteen stamps, which represents a value of \$4.

Exchanging Thrift Cards for War-Savings Stamps

- Q. When I have filled the Thrift Card, what do I do?
- A. Take it to a postoffice, or this bank, surrender the card and pay in cash the few cents difference between the \$4 worth of Thrift Stamps and the price of a War-Savings Stamp for the month in which the exchange is made.
- Q. What do I do next?
- A. You take the War-Savings Stamp given you in exchange for your Thrift Card, ask for a War-Savings Certificate, if you haven't one already, and attach the stamp to the certificate.
- Q. Should I continue to buy Thrift Stamps?
- A. Yes. Ask for a new Thrift Card and begin again.
- Q. Do Thrift Stamps bear interest?
- A. No.
- Q. Then why are they issued?
- A. To make it convenient for you to save in small amounts so that you can purchase a War-Savings Stamp which does bear interest.
- Q. May I exchange Thrift Stamps for War-Savings Stamps at any time?
- A. No; only on or before December 31, 1918.
