GERMANS RAID AMERICAN POSITIONS

TWO U. S. SOLDIERS WERE KILLED; FOUR WOUNDED BY ENEMY

One Man Is Missing and Is Believed to Have Been Captured by the German Raiding Party in the Night.

SECTOR OFTEN ATTACKED

Most of the Casualties Reported Recently by General Pershing Were Caused by German Attacks.

(BY ASSOCIATED PRESS)

With the American Army in France, Wednesday, Jan. 30.—An American position on a certain sector on the French front was raided during a heavy fog shortly after daybreak this morning. The attack was preceded by a violent artillery barrage.

Two Americans were killed and four wounded. One is missing and it is believed he was captured by the Germans. Casualties have been occurring almost daily on this sector. It is now permissible to disclose that all recent casualties reported by General Pershing occurred on this sector. The deaths were from shell fire, mostly shrapnel. Last night was fairly quiet on the American sector. The usual number of shells came over, doing no damage and three customary sporadic bursts of machine gun fire came from both sides at a point where the opposing lines are the nearest.

BRITISH LOST NINE VESSELS LAST WEEK

Marine Losses Reported by Admiralty Show Larger Number Than the Previous Week.

(BY ASSOCIATED PRESS)

London, Wednesday, Jan. 30.—An increase in the British shipping losses in the past week is shown in the official summary issued tonight. The report shows that 9 vessels of more than 1,600 tons were sunk and six of lesser tonnage.

ESCANABA GIRL WEDS MEMBER OF COMPANY L

Miss Priscilla Pudvin of this city and Corporal I. G. Chandler of Company L, 125th U. S. Infantry, formerly Company L of the 33rd Michigan, were married in Waco, Texas, just before the departure of Company L for the Atlantic coast preparatory to leaving for France.

Miss Pudvin left for Waco, Texas, on January 19, and was snowbound on a train between Chicago and St. Louis for eighteen hours. Upon her arrival there she was married to Corporal Chandler and remained with him until the company moved eastward. She then returned to this city to make her home with her parents until Corporal Chandler returns from France. They will then move to California, where the parents of her husband reside.

The wedding is the culmination of a romance which began here when Company L was stationed here on guard duty. Company L, it is understood, is now at New York expecting to sail for France at any time.

Corporal Chandler is well known to a large number of Escanaba people, having made many friends during the time he was stationed here with the company. His bride is an Escanaba girl who has a large circle of friends here.

WAR SAVINGS STAMPS WILL SELL FOR \$4.13 AFTER FEBRUARY 1ST

After Today the 'Little Bonds' to Help Lick the Kaiser Will Sell at a Cent Higher Than Usual.

(BY ASSOCIATED PRESS)

Today is the last day for war savings stamps at the rate of \$4.12. Beginning tomorrow and continuing through the month of February, the stamps will sell for \$4.13 each. These stamps are worth \$5 to the holder in five years.

Reports from the local postoffice show that a large number of local people have taken advantage of the opportunity to buy the stamps. Chas. O. Folio, a carrier, has thus far held first place in the number sold. His sales yesterday was \$1,775.50 and the day before he sold over \$1,500 worth. Other carriers are doing well in the sale of the stamps and Postmaster John O'Meara has a goodly number of sales to his credit.

What the stamps are and other information as to their value is told in the following statement by the Treasury Department:

War Savings Stamps are the answer of a great democracy to the demand for a democratic form of government security. They are "little baby bonds." Like Liberty bonds, they have behind them the entire resources of the gov-

TWELVE MEN LEAVE TO JOIN "SPRUGERS"

Third Contingent of the Enlisted Men for the Spruce Regiment Will Leave Here This Evening.

Twelve men, who have enlisted in the spruce regiment of the United States army, will leave this evening for Vancouver, Wash., where they will join the regiment.

The men, in charge of Michael Farrell, will leave Escanaba on the 7 o'clock car and will board the evening Minneapolis train on the Soo Line. At Minneapolis the volunteers will join other enlisted men in the service for the balance of the trip.

Following are those who leave this evening: Michael Farrell, commander; August T. Sundquist, Carl W. Olson, Peter Weber, Charles R. Sellers, Albert Olson, Julius Ehrenberg, Howard Plucker, Jab B. Smith, Harry J. Ryan, John Johnson and Henry W. Olson.

These men make up the third contingent of Delta county men to Vancouver. The fourth contingent will go on Saturday night and will be made up of the following:

John Girard, Leslie Miller, Thomas Jolly, John Reiss, Thomas E. Barning, Joseph Gallagher, Ray Mulvaney, Roy O'Brien, Arthur Grant, Lawrence Primeau, all of Escanaba; Wellington J. Pelletier of Garden Grant U. Foote of Garden, and Mike Nerbut of Gladstone.

These men will take the same route as those who have preceded them. Indications are that a large number more of Delta county men will go to Vancouver to join the spruce regiment. The local board will send all who pass the examinations up to the time orders come to discontinue enlistments for the service.

YEOMEN MEETING TO BE HELD WEDNESDAY

The members of the Brotherhood of American Yeomen of Delta Homestead will hold their regular meeting at the North Star hall on Wednesday evening, February 6, instead of Tuesday, on account of the new fuel administration laws. The meeting will start at 7:30 and at 8 o'clock the regular dance will be given. It is expected that a large crowd will be in attendance.

FARMERS ARE TOLD THEIR ASSISTANCE IS NEEDED IN WAR

President Wilson Issued a Statement Calling Attention of Country's Need of the Assistance of Farmers.

NOT AN APPEAL, HE SAYS

Believes the Farmers Realize They Play a Great Part in the War and That They Will Not Fail.

(BY ASSOCIATED PRESS)

Washington, Jan. 31.—To the farmers of the United States, President Wilson delivered a message today, calling attention of the country's need of their assistance during the coming year to win the war. The message was sent to the farmers conference being held at the University of Illinois at Urbana and was delivered by President James of the university of Illinois.

"I need not tell you, for I am sure you realize as keenly as I do, that we are as a nation in the presence of a great task, which will demand great sacrifice and energy.

"Our national life and the whole economic system will pass under the sinister control of a foreign country if we fail. We must win and with that spirit we will win. I dare say you are aware that the farmers of this country

LAST NIGHT COLDEST OF PRESENT WINTER

Last night was the coldest of the winter in Escanaba. The mercury during the night dropped to 19 below zero and remained at that figure until after 7 o'clock this morning.

The previous low mark this winter was in December when fourteen below was registered here. Some street thermometers registered as low as 22 below this morning and the sudden change was keenly felt by those who were early risers today.

The cold wave which gripped the western plains states yesterday moved eastward during the day and was at its climax here during the night.

Low temperatures were reported from most of the western stations in this morning's report to the weather bureau. Some of the lowest are: Calgary, 22 below; Denver, 19 below; Duluth, 28; Havre, Mont., 35; Huron, 24; Moorhead, 24; Port Arthur, 22; St. Paul, 24; Sheridan, 32; Swift Current, 30; Winnipeg, 28; Rapid City, 22.

Upper Peninsula below temperatures were: Escanaba, 19; Houghton, 28; Marquette, 20; Sault Ste. Marie, 18.

INSTRUCTIONS FOR REGISTRANTS GIVEN OUT BY THE POLICE

Alien Enemies Are Given Instructions by Chief John J. Tolan Who will Enroll Them

Chief of Police John J. Tolan, who has charge of the registration of alien enemies in Escanaba next week, has issued the following suggestions and instructions to registrants:

Persons required to register should understand that in so doing they are giving proof of their peaceful dispositions and of their intention to conform to the laws of the United States.

Every registrant should read carefully the form of registration affidavit handed to him and ask the registration officer for explanation on all points not clear to him before attempting to fill out the blanks. Registration officers are instructed to give registrants all possible aid in the way of explanation and advice.

Each registrant is required to furnish four unmounted photographs of himself, not larger than 3 by 3 inches in size, on thin paper, with light background. All four photographs should be signed by the registrant across the face of the photographs, so as not to obscure the features, if the applicant is able to write.

Three blank forms of registration affidavit must be completely filled out by the registrant or his representative (with the exception of the blanks indicated to be filled out by the registration officer and the description of the registrant and the placing of finger prints on the blank) and must be produced by the registrant personally to the registration officer and be signed and sworn to by the registrant in the presence of and before the registration officer, who will fill in the description of the registrant and supervise the fixing of the finger prints and the attaching of the photographs. If the registrant can not write he must make

1,000,000 GERMAN WORKMEN STRIKE

PLEADS FOR RIGHT KIND OF SERVICE BY PEOPLE OF U. S.

Attorney A. E. McDonald, of Marquette, Made Excellent Address Last Night Before the Men's Brotherhood.

SUPPORT FIGHTING MEN

Speaker Demands Sacrifice of American People at Home; An Economic Upheaval Here After the War.

American people will not be able to give the right kind of service to their country nor be capable of deciding what kind of peace democracy wants until they learn the underlying principles of German autocracy and what were the potential causes of the great world war.

Attorney A. E. McDonald, of Marquette, told an audience of men and women at the supper of the Men's Brotherhood of the Presbyterian church last night in speaking on "The Kind of Service."

"Unless we are in possession of the potential causes for the conflict which has involved a score of nations, we shall not understand why a German peace is impossible," he said.

"In the German mind this war was inevitable and was the climax of a long period of teaching in Germany that the weaker peoples of the earth should be crushed as a consequence of the advance of German civilization. The German theory is that of the survival of the fittest. Germany reached a place where she thought she was the arbiter of world history and her ruler attained the idea of world conquest.

RAILROAD DEMANDS TOTAL 40 PER CENT

(BY ASSOCIATED PRESS)
Washington, Jan. 31.—Demands for wage increases pending before the railway wage commission are for an aggregate average of 40 per cent, it was disclosed today. The demand represents a total of \$500,000,000 during this year, or about half of the railroads' net operating income last year.

FINE PROGRAM BEEN PREPARED FOR BOYS' MEETING THIS YEAR

Escanaba Boys Who Attend Conference at Menominee Will Find Plenty to Do During Stay in That City.

An outline of the program to be presented at the Older Boys' conference in Menominee on February 15, 16 and 17, has been received in this city and shows that an interesting time is in store for the fifty or more Escanaba boys who are planning to attend.

Free entertainment from Friday night until Monday morning will be provided for all boy delegates. The boys of Menominee give a complimentary banquet on Friday evening to all delegates and leaders. Adult leaders will need to provide their own entertainment. The Menominee committee will send names and rates of hotels and boarding houses upon application. All registration cards and fees must be sent to Charles Wright, Conference Headquarters, not later than February 11th, to insure entertainment and place at banquet. The entertainment committee will have to return cards mailed later than above date.

Registration.
Cards for registration are in hands of local leaders in each community. The program fee is \$1.00. This includes ticket for group supper. Fee must accompany registration card and both should be sent in at once if possible and must be sent by February 11th. Fill out cards completely and

GERMAN AIRPLANES MAKE PARIS ATTACK

Twenty Are Killed and Fifty Wounded in Air Raid on the French Capital, the Official Statement Says.

(BY ASSOCIATED PRESS)
Paris, Jan. 31.—Twenty persons were killed and fifty wounded in last night's air raid, it is announced officially. One German machine which raided Paris was brought down. The occupants were made prisoners.

German airmen have turned their attention to attacks on Paris. On Wednesday night the French capital was raided by the enemy airplanes for the first time in six months. Full details are lacking.

THE WEATHER

For Escanaba and Vicinity: Fair and continued cold tonight; Friday air, not quite so cold.
For Upper Michigan: Fair and continued cold tonight; Friday fair, not quite so cold in west portion.

Weather Condition.
The noteworthy feature of the map this morning is the cold wave that occupies the northwestern and interior sections, the crest of the anti-cyclone being over South Dakota. Temperatures are decidedly lower in the Lake region, the central valleys, Plains States, excepting the Dakotas, and in the Rocky Mountain region and other sections to the west thereof. The precipitation of the last 24 hours was light and scattered, occurring in the strip of color, the Lake region of South Dakota.

STRIKE IS GROWING IN MAGNITUDE SAYS A DANISH MESSAGE

Workers Demand an Early Peace and Abolition of Militarism; Over 58,000 Women Included in the Strike.

STRIKE MAY BE A "FAKE"

British Correspondents in Holland Believe That It May Be Backed by Government to Spread Among Allies.

(BY ASSOCIATED PRESS)
Amsterdam, Jan. 31.—(British Admiralty via Wireless Press)—The strike has extended into districts near Berlin, especially Tegel, Aldershof, Spandau and Mariendorf, at which places 500,000 men have quit work. A similar number of workmen are now on strike in the remainder of the empire.

London, Jan. 31.—The German strike is still growing in magnitude, the Exchange Telegraph correspondent at Copenhagen reports. In Berlin 700,000 men are out on strike, he reports, 58,000 of these being women. A great number of socialist leaders have been arrested in various towns according to this authority.

Siege in Hamburg.
Copenhagen, Jan. 31.—A state of siege has been declared at Hamburg, Altona and Wandsbeck, according to the Hamburg Echo, a socialist newspaper.

(Associated Press Summary)
Throughout Germany and especially in the industrial section of the north strike movements are spreading and more than 500,000 workmen are reported to be idle. The strikers and soldiers have collided in a suburb of Berlin and lives were lost. In several instances the troops refused to fire on the strikers.

Hamburg and Berlin appear to be more seriously affected. Workmen in German and private docks at Kiel have joined the strikers as have more

BRITISH LOSSES IN JANUARY ARE LESS

Total Casualties in Past Month Were 73,017 Reported by the British Statement Today.

(BY ASSOCIATED PRESS)
London, Jan. 31.—British casualties reported during January total 73,017. They are divided as follows: Killed or died of wounds: Officers, 358; men, 13,698.
Wounded or missing: Officers, 1,205; men, 57,756.

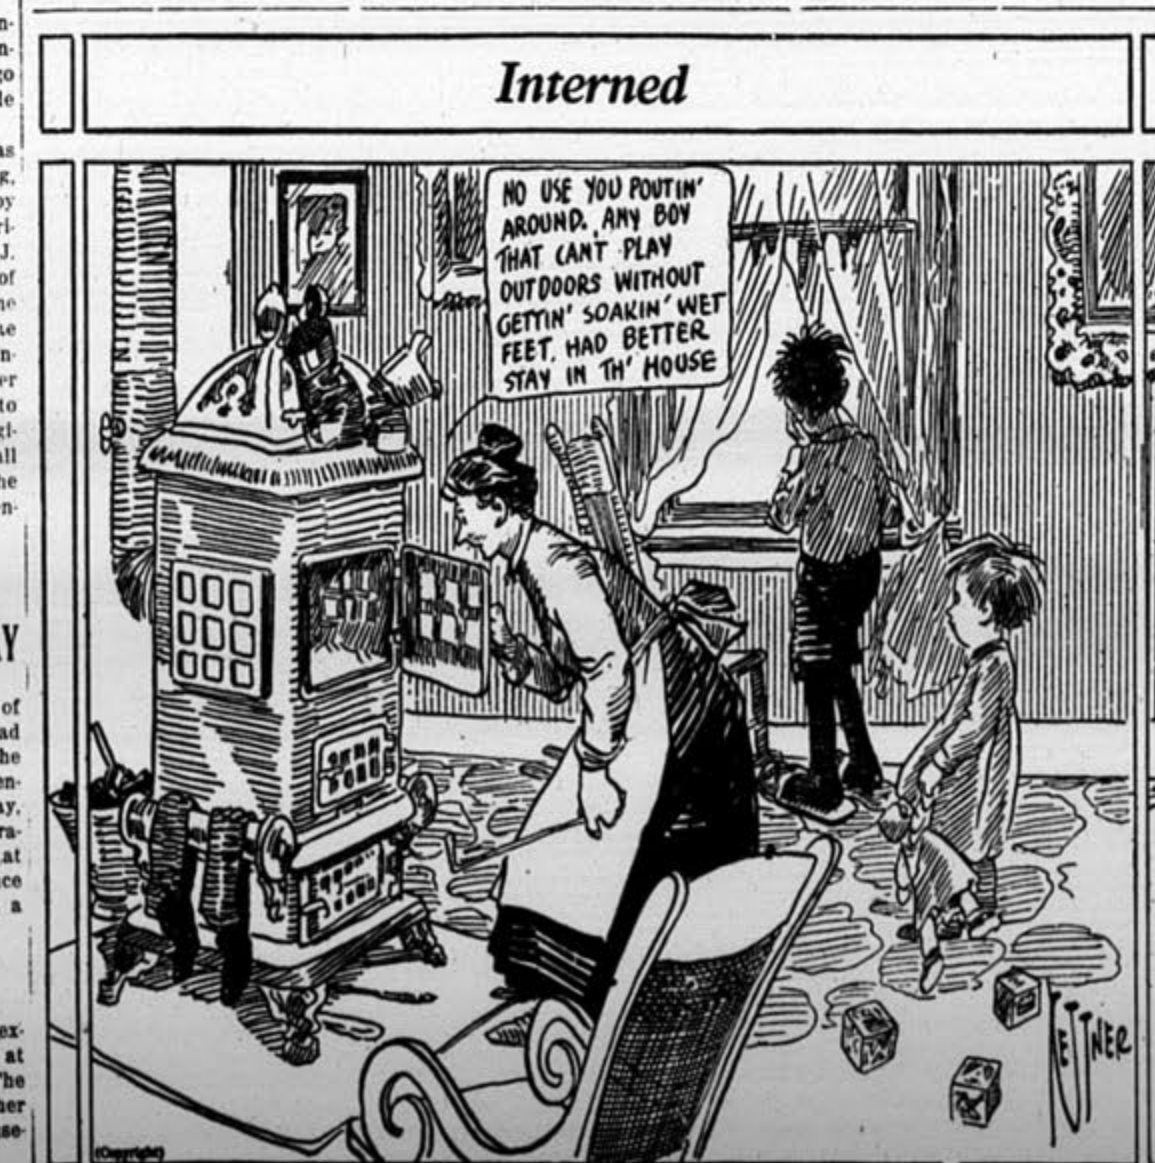

The January casualties show a slight falling off from those reported in December, when the total reached 79,527. The total in November was 129,089, reflecting the severe fighting on the Cambrai front in that month.

FEDERAL ACTION IS FACED BY S. DENTER

Federal action against Sylvester Denter, charged with keeping his saloon open until an early hour Sunday morning in violation of the fuel restriction order, is expected as the result of the reporting of his case to the federal fuel administrator for Michigan. While no word has been received by Mr. Clark from W. K. Prudden, it is expected that federal action will be taken within a short time.

TWO FIRE CALLS

Two fire calls were answered two o'clock last night, the first one being to 14th street, where a chimney blaze was discovered. This afternoon the department was called to 919 Hale street, where some rubbish was afire and caused considerable smoke.

USE THE AX.
 The country will gratefully and loyally support you, Mr. President, in cutting down and destroying the impediments to progress and victory.

There are times when it is as necessary for the man in command to sacrifice his own feelings as it is to destroy the enemy. The country knows that you are loyal to your friends, Mr. President. It knows that you are generous in your estimates, exceedingly slow to believe evil or wrong, patient beyond expression, and resentful of imputations cast upon those in whom you put your trust. But the country also knows that you have set your heart upon victory in this war, and that no private feeling will swerve you from performing any task, however disagreeable, that may be necessary to defeat the enemy.

You owe it to yourself, Mr. President, to eliminate from places of immense authority those men in whom the people of the United States have lost confidence. These men must not be a drag upon you. If they were great men they would instantly resign and relieve you of the embarrassment of removing them. They have no right to presume upon your loyal friendship to keep them in places where they are increasing the inefficiency of the United States.

Use the ax, Mr. President!
 —Washington Post.

HAS HARD TASK.
 No man in the state of Michigan is doing better work than W. J. Clark, county fuel administrator. Mr. Clark has handled the situation in a diplomatic manner, but has been firm in the discharge of his duties. No one can say he has been overly enthusiastic, either. All he has asked the public to do is to obey the ruling set forth by the federal and state government.

He has made an effort to keep the people posted on any changes in the rulings and has issued bulletins from time to time that everyone might know the change in any of the conditions governing the order.

Delta county as a whole has obeyed the orders without much complaint and it has been due very largely to the manner in which the local situation was handled by Mr. Clark.

Supper Was Excellent.
 The supper was prepared and served by the ladies of the church and was excellent in itself. The guests numbered thirty-five. The supper and program was held in the east parlor of the church, which was prettily decorated with American colors.

After the delicious supper was served, the assemblage sang a number of old patriotic songs under the leadership of Miss French, music supervisor of the city schools. Miss Englund presided at the piano. Later in the evening Miss French sang the French national hymn, accompanied by Miss Englund, who also favored the guests with a piano selection. A cornet solo by James Belland, with piano accompaniment by Mrs. Belland was greatly enjoyed.

T. M. Judson, who was called upon by A. J. Young, chairman of the evening, for a few remarks, presented the thought that the church of Christ should appeal more to the peoples of the world now than ever before and that only by faith in Him could the great task be brought to a successful termination for the forces of right.

Rev. R. Stanley Brown, pastor of the Presbyterian church, also spoke along the same thought and in conclusion extended a cordial invitation to all men to be present at the next meeting of the Brotherhood in February.

Pleads For Right Kind Of Service By People Of U. S.

(Continued From Page One)
 Like Rome, Spain, France and other nations, Germany dreamed of conquest, but this time the conquest idea shall be banished forever.

Sacrifice By Allies.
 The speaker gave this recital of the potential causes of the war. The positive cause was the assassination of Archduke Ferdinand in 1914. After an explanation of the principles of the democracies lined up against the autocracy, the speaker talked at some length on the sacrifices made by our allies, France, Great Britain and Italy, pointing to the courage of their manhood and the devotion of their womanhood. To the allies he paid a glowing tribute and commended any people allied against the German principles of autocracy. The motto of the French at Verdun, "They shall not pass," the speaker thought, was a most fitting one for the allies.

Don't Fear Russia.
 "Don't be discouraged about Russia," the speaker said. "Out of all the chaos in that nation is coming a great democracy for people who have been the vassals of an imperialistic ring of traitors to the Russian people."

Referring to after war problems, the speaker said that government regulation of many things is likely. The necessities of life will fall under government control. When the reconstruction comes, there will be a great economic upheaval and it will demand radical legislation, and business men must be prepared to help.

Home Sacrifice.
 Mr. McDonald pleaded for true patriotism on the part of those left at home. The sacrifice of the boys who have lined up under the Stars and Stripes for democracy can hardly be equaled by those at home, although every true American must stand behind the fighting men and make it known to those in the trenches that America to the citizen is standing back of them.

The results of the great war will be worth the effort, the speaker concluded, and let it never be said that any man failed to do his part.

WHY WE MUST SAVE FOOD.
 The 1917 wheat crop in France was less than half normal, using the crop of 1913 as a basis of comparison. There was a shortage of 176,000,000 bushels, or 53.3 per cent. The potato crop was only within one-third of normal. The sugar beet crop showed a deficit of 67.9 per cent. Her meat herds in the early fall showed a shortage of 1,800,000 animals.

Those are a few of the reasons America must feed her associates in the war. They are no longer able to feed themselves, and unless we come to the rescue are face to face with starvation. And starvation means defeat in the war.

THE THEATRES

AT THE DELFT.
 Theda Bara in "Cleopatra" played to a large and enthusiastic house last night. The superb feature will be shown again tonight.

Theda Bara is already an idol of the screen, but by her portrayal of the passionate and siren Cleopatra, she has advanced as an actress in a way that is almost incomparable. She is said to realize as Cleopatra every phase of amatory enticement that conquered all who came under her influence, winning both Julius Caesar and Marc Anthony from the call of leadership only to be followed by their downfall. It is a graphic story that has been exposed with rare fidelity to historical records.

There are wonderful battle scenes such as the battle of Philippi; Octavius' army coming over the desert sands on the run to enter Alexandria and the naval battle at Actium with the defeat of Antony and Cleopatra's ships, which is the first naval battle ever recorded; it is shown on the screen for the first time. Thousands of people are seen in the production and hundreds of horses, many of them drawing speeding chariots over the sands.

AT THE STRAND.
 "Womanhood" scored a triumph at all performances. Tonight will be your last opportunity to see this wonderful production. Never before in the history of filmdom has there been a picture so appealing and fascinating. It is the duty of every American citizen to see this production.

The aim of this wonderful production is the exaltation of patriotism, the necessity of preparedness, the compelling power of self-sacrifice, especially among the women of America in this troubled and anxious time.

America must protect America. Are you ready? See "Womanhood."

CAUSE OF EXPLOSION IS STILL UNKNOWN

Officials of the Pioneer Iron Company Have Not Ascertained the Cause of Explosion and Fire.

Marquette, Mich., Jan. 31.—Officials of the Pioneer Iron company who have made an investigation of the explosion and fire which destroyed the chemical plant, have been unable to find any tangible evidence that the explosion and fire resulted from an external explosion or by a bomb or dynamite placed within the building. Three buildings were destroyed and nearby buildings were badly damaged. No definite steps have been taken towards restoring the plant.

HEAD STUFFED FROM CATARRH OR A COLD
 Says Cream Applied in Nostrils Opens Air Passages Right Up.
 Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffing, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.
 It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

Hot Water Each Morning Puts Roses in Your Cheeks

Look one's best and feel one's best alimentary tract, before putting more to enjoy an inside bath each morning food into the stomach.

Girls and women with sallow skins, ruddy cheeks, pimples or pallid complexion, use the system the previous day, and those who wake up with a headache, just as coal, when it burns, others who are bothered with headaches, coughed tongue, bad taste, nasty breath, constipated bowels, acid stomach or constipation, should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate crystals very little at the drug store is sufficient to demont-trate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act upon the inside organs. We must always consider that internal sanitation is just as important as outside cleanliness, because the skin pores do not absorb limestone phosphate in it, which is a scrub impurities into the blood, while the harmless action of washing the face with phosphate crystals is to purify the blood.

Women who desire to enhance the lives, kidneys and complexion should just try this for a week and notice results.

Supper Was Excellent.
 The supper was prepared and served by the ladies of the church and was excellent in itself. The guests numbered thirty-five. The supper and program was held in the east parlor of the church, which was prettily decorated with American colors.
 After the delicious supper was served, the assemblage sang a number of old patriotic songs under the leadership of Miss French, music supervisor of the city schools. Miss Englund presided at the piano. Later in the evening Miss French sang the French national hymn, accompanied by Miss Englund, who also favored the guests with a piano selection. A cornet solo by James Belland, with piano accompaniment by Mrs. Belland was greatly enjoyed.
 T. M. Judson, who was called upon by A. J. Young, chairman of the evening, for a few remarks, presented the thought that the church of Christ should appeal more to the peoples of the world now than ever before and that only by faith in Him could the great task be brought to a successful termination for the forces of right.
 Rev. R. Stanley Brown, pastor of the Presbyterian church, also spoke along the same thought and in conclusion extended a cordial invitation to all men to be present at the next meeting of the Brotherhood in February.

WHY WE MUST SAVE FOOD.
 The 1917 wheat crop in France was less than half normal, using the crop of 1913 as a basis of comparison. There was a shortage of 176,000,000 bushels, or 53.3 per cent. The potato crop was only within one-third of normal. The sugar beet crop showed a deficit of 67.9 per cent. Her meat herds in the early fall showed a shortage of 1,800,000 animals.
 Those are a few of the reasons America must feed her associates in the war. They are no longer able to feed themselves, and unless we come to the rescue are face to face with starvation. And starvation means defeat in the war.
ATTENTION K. OF P.
 There will be a postponed regular meeting of Escanaba Lodge No. 98 on Thursday evening, January 31, at K. P. hall. The selection of a regular meeting night will be made.

NEXT SATURDAY IS GROUND HOG DAY

Saturday, Feb. 2, is groundhog day. According to a legend on this day the little animal is supposed to emerge from his winter quarters and size up the weather. If he sees his shadow he scampers back to his den to remain six weeks longer, which they say, is a sign that we will have six more weeks of winter, and if he does not see his shadow he remains out for good. It might be well here to give a definition of the groundhog. It is a large rodent animal of North America and is about 18 inches long and has a grizzled reddish-brown fur. It feeds on clover, young cabbage and beans and passes the winter in close quarters.

The groundhog legion may be taken for what it is worth. Many of the residents of this city as well as those of other places classify it as superstition. In regard to the groundhog being a symbol of how long winter will last after Feb. 2, is as reasonable to say that if it sees its shadow on Feb. 2 the war in Europe will end.

HOUGHTON LIKELY BE SCIENTIFIC CENTER

Country City May Be Point of Vantage to Observe Eclipse of the Sun in 1925.

Houghton, Mich., Jan. 31.—Houghton is likely to be the scientific center of the world during a few hours on January 25, 1925. There will be a total eclipse of the sun on that date and this city may be the best vantage point for observing it.

This is the information received by Weather Observer Cowdick from Professor David Todd, director of the astronomical observatory of Amherst university. Mr. Cowdick has been asked by Professor Todd to pay particular attention to the movements of the sun and wind in the interim and to keep him fully posted. Complete records of clouds and sunlight and general sky conditions from January 9 to February 8 of each year until 1924 are requested of the Houghton observer.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

In the Ranks.

The American House Manager is today a member of the army that is fighting to save democracy in the world. More than 11,000,000 managers of American homes have enlisted for the duration of the war and pledged themselves to support the fighting men by the way they buy, cook and serve food. Food will win the war, and these women will help to win it. America must send food to Europe. The armies cannot hold out if we fail to send it. Only certain foods

Food Will Win the War

A LARGE part of the world is coming to the position that Belgium is in; coming to the stage where the primary and important thing in life is enough food to keep alive. Food has now taken a dominant position in the war. The American people must prepare themselves to sacrifice far more than was at first thought necessary.

The cold facts are: France, Italy and England have just enough food to keep them going ten or twelve weeks. When America's food shipments stop—the allied nations begin consuming into this slender store and begin a swift march into actual famine conditions—which would mean defeat in short order.

Europe then must live on America's surplus. Your saving increases our available stocks just that much and actually feeds some person in the countries with which we are associated in our war against the Central Powers.

Our surplus wheat has already been shipped to the allies.

War Savings Stamps Will Sell For \$4.13 After February 1st

(Continued From Page One)

ernment and people of the United States. They have the additional advantage that they steadily increase in value from the date of purchase until the date of maturity, and this increase is guaranteed by the government. These stamps are issued in two denominations, the 25-cent stamp and the \$5 stamp.

For the convenience of investors a "Thrift Card" is furnished to all purchasers of 25-cent stamps. This card has spaces for 16 stamps. When all the spaces have been filled the Thrift Card may be exchanged for a \$5 stamp at postoffices, banks, or other authorized agencies by adding 12 cents in cash prior to February 1, 1918, and 1 cent additional each month thereafter.

Those who prefer may buy a \$5.00 stamp outright. These will be on sale from December 3, 1917, until January 31, 1918, for \$4.12. They automatically increase in value a cent a month every month thereafter until January 1, 1923, when the United States will pay \$5 at any postoffice or at the Treasury in Washington for each stamp affixed to a War Savings Certificate.

When you purchase a \$5 stamp, you must attach it to an engraved folder known as a "War Savings Certificate" which bears the name of the purchaser and can be cashed only by the person whose name appears upon the certificate, except in case of death or disability. This certificate contains 20 spaces. If these are filled with War Savings Stamps between December 3, 1917, and January 31, 1918, the cost to the purchaser will be \$32.40, and on January 1, 1923, the government will pay the owner of the certificate \$100—a net profit to the holder of \$17.60.

RED CROSS BENEFIT PLAY WILL BE HELD ON FRIDAY EVENING

"Our Wives," a Three Act Comedy, Will Be Presented at the High School Auditorium to Large Crowd.

Tomorrow night the faculty of the High school will present "Our Wives," a three-act comedy, for the benefit of the local Red Cross chapter. The play itself is a clever production and has enjoyed a long run in New York and Chicago. The Escanaba public is fortunate in being able to witness a reproduction of this play as it has only recently been available for amateurs.

The cast, under the direction of Mrs. A. C. Barras, has been holding nightly rehearsals this week, giving the finishing touches to the production. Arrangements have been made with the Escanaba Traction company to have extra cars at the foot of Third street on the Charlotte line after the performance. These will connect with the city and Gladstone lines.

Cast of Characters.

DR. BARTH IS FIRST TO RETURN PLEDGE

Pastor of St. Patrick's Church Returns the First Pledge Card to the Delta War Relief Association.

Announcement is made by the committee in charge of the organization of the Delta County War Relief association that the first pledge card was returned yesterday, coming from Rev. Dr. Barth, pastor of St. Patrick's church. Dr. Barth had not been solicited, but was sent a letter notifying him that he was one of a committee of 100 representative citizens selected for the organization of the association, enclosed with which were samples of the pledge cards which will be used.

Upon receipt of the cards, Dr. Barth filled one out for a goodly monthly sum as long as the war lasts and returned it to the committee.

It is planned to start the campaign for pledge cards immediately after the meeting on Wednesday evening, February 6, at which the final organization will be completed. It is expected that the campaign will last only a few days and that the fund will be in operation long before March 1.

CHARGED WITH MAKING SEDITIOUS UTTERANCES

John Axel Boman Faces Serious Charge as Result of Talk in Local Saloon This Afternoon.

Charged with making seditious remarks against the government of the United States and President Wilson, John Axel Boman was arrested this afternoon in Westlund's saloon by Officer Dominick McCauley, to whom he made the remarks, after the officer had been "tipped" off that a man was making seditious remarks in the place.

The man was taken to the police station and searched and a registration card for the Commonwealth of Australia, dated December 19, 1916, was found on his person. He was registered in Australia as an alien. His case will be fully investigated by the local police and then reported to federal officers.

He is alleged to have said that America was no good, that Americans were nothing more than a lot of slaves, and that he could do as he pleased here, topping off his remarks with a statement to the effect that President Wilson was no good.

ASK GRAZING PERMITS OF UNCLE SAM'S LANDS

Season Most Disastrous Rangers of the West Have Ever Experienced; Losses Being General.

A continued increase in the demand for permits to graze livestock on Uncle Sam's National forests and the necessity of going ahead with the work of developing the forest ranges to the utmost are emphasized by Acting Forester A. F. Potter. The settlement of the public domain brings new applicants for grazing privileges with each succeeding season, while the continued high prices received for meat, wool, and hides are an incentive for the older permittees to endeavor to increase their numbers. "New permits for an increased number of animals and an advance in the grazing fees made during the past year brought the total receipts from grazing up to \$1,540,000."

The winter season of 1917-18 was the most disastrous the range stockmen of the West have known, Mr. Potter states. There have been years when the local losses were heavier, but never when the losses were so general in every range state. As a result of continued severe weather throughout the winter months and a scarcity of hay, which was hard to get at any price, stockmen suffered severe losses.

The lamb crop for the entire West was probably 15 to 20 per cent below the average while the calf crop was considerably below normal. Because of the shortage of feed on the open range, the national forests were opened to grazing in advance of the regular season and several hundred thousand sheep and cattle were admitted to the forest ranges.

The number of cattle on the forests the past season was nearly 200,000 greater than in 1916, and the number of sheep more than 200,000 greater. This increase, it is stated, was due to a more intimate knowledge of the forage growth and the carrying capacity of the ranges, and to efforts made to increase production of live stock to meet the emergency food needs of the country.

About 1,100,000 acres were examined by the grazing experts of the service during the year. The information gained will, the forester says, aid in raising the number of live stock on the ranges to the maximum, without excessive damage. Light grazing for three years has resulted in excellent recuperation of a large area of prairie grass range on the Jornada Range reserve. On the high mountain lands of the Mant National forest in Utah, it was found that erosion and decrease in soil fertility following overgrazing materially lengthen the period necessary for the grass to "come back."

A study of the methods of herding goats has resulted in an improvement in the handling of these animals on the range. On the Jornada Range reserve a calf crop fully 10 per cent above the average was saved from a breeding herd held on a fenced range under improved methods and given a small amount of supplemental feed. From another herd, fed an average of 50 pounds of cottonseed cake per head and given still better care, the calf crop exceeded the average by more than 20 per cent.

On some of the Utah, Montana and California forests tests were made which further demonstrated the advantages of the "bedding out" system of handling sheep over the old method of close herding with dogs. Advance was made in the methods of salting cattle and in showing the value of well distributed watering places. On a number of forests demonstration tests were made of eradication of the poisonous tall larkspur. In every case the losses from poisoning were reduced to an extent which more than justified the cost. Minor investigations were also started to work out methods of getting rid of other poisonous plants.

WILL SELL FISH AT COST TO CONSUMERS

Crystal Falls, Mich., Jan. 31.—Deputy State Game Warden A. F. Hudak has arrived here to make arrangements to net lake trout and black fish from the waters of Chicagoan lake. The fish will be sold to the people of the county at cost price, none being shipped out of the state. This is in line with a recent decision of the Public Domain commission that inland lakes of Michigan should be cleaned out in this manner.

GENERAL'S WHISKERS NEARLY RESULTED IN HIS DEATH AT CAMP

His Gas Mask Would Not Fit Around a Heavy Growth of Whiskers and He Nearly Collapsed From Gas.

(BY ASSOCIATED PRESS) Battle Creek, Mich., Jan. 31.—Army officers, from the beginning of time, have been devoted to the belief that one can always learn something from somebody else.

A certain brigadier general of veteran war experience, absorbed considerable knowledge of a burning nature at Camp Custer cantonment recently. Under less favorable conditions the incident might have proved fatal.

The general was working with instructors at gas attack practice. Tear gas was being used. The general wore a mask, but also wore whiskers. Hardly had the gas billowed around him than he complained of being affected.

He quickly was removed to fresh air and investigation showed that the gas had trickled under his mask, through his beard. The general still clings to his whiskers but it is understood that he is trying to obtain a mask that will be as safe as a diving helmet.

Cantonment officers said that if chlorine gas had been used that day, the general might have been overcome in a twinkling.

Physiology is receiving considerable attention at Camp Custer. Mental tests are being administered to more than 600 select men who are students at the third officers' training camp. The tests are to determine the fitness of the men to command troops.

More than eighty per cent of the men at Camp Custer cantonment have subscribed for war risk insurance. The total amount of insurance written up to date was more than \$17,000,000. The per capita is about \$7.00.

NOTICE TO SOLDIERS.

The Mirror is being sent free to over 100 of the local boys who have joined the colors and are now scattered over the world. Some of them have left the camps or forts where the paper is now going. With this issue we are cutting off all the boys, but will send the paper again, without charge, to those who write for it. The cost of print paper is too high to waste any of it, but we are glad to send the paper when it reaches the boy it is intended for. Write us at once, boys, to send the paper and be careful to give complete mailing instructions.

A carload of Buick automobiles was received by E. O. Anderson, local distributor for the Buick cars. Three Buick 45's and one 44 were contained in the shipment. All have six cylinder engines.

"Is there such a thing as too much sanity, too much logic in this prosaic world?" Wilson says, "Oh, you are so terribly sane, so fearfully reasonable."

Two U. S. Soldiers Were Killed; Four Wounded by Enemy

(Continued From Page One) At daybreak this morning a heavy fog which has enveloped the whole positions and the country for miles around for several days, became still more dense, blotting out all except the nearest enemy positions. At 7 o'clock three mumbled reports were heard in

"Then hell broke loose," said one man. For fifteen minutes the enemy broke hundreds of high explosive 77's around the post and succeeded in cutting off the men at the post. Two were killed in the first two minutes. Another man told the correspondent later as he was lying on a cot in the field hospital that he saw four Germans approaching out of the fog as the barrage lifted. He brought his automatic rifle into play and saw two fall. He kept on firing until shell splinters hit head and arms.

"The last I remember before the time I awoke in the hospital," said another, "is seeing something moving towards us in the fog. Determined to get a German, I put my rifle to my shoulder, but did not have a chance to pull the trigger. The explosions of the enemy shells threw showers of ice, stones and shell splinters into the air."

In a recent fight on the American sector, one soldier was wounded when he was hit by a sniper's bullet. He fell into trench filled with water and almost drowned before he was rescued by his captain. Some of the wounded have been listed as accidental. These were mostly wounded in the hands. It is certain that the enemy casualties from the American cannon fire and machine guns is as great as that of the Americans.

The price is \$4.12 in December, 1917, and January, 1918, and increases 1 cent each month after January, 1918, until in December, 1918, when the price is \$4.23.

Q. What is the price of War-Savings Stamps for each month of 1918?
A. Jan. \$4.12 April \$4.15 July \$4.18 Oct. \$4.21
Feb. \$4.13 May \$4.16 Aug. \$4.19 Nov. \$4.22
March \$4.14 June \$4.17 Sept. \$4.20 Dec. \$4.23

Q. Why is the price higher each month?
A. Because the stamps are earning interest.

Strike Is Growing In Magnitude, Says A Danish Message

(Continued From Page One) workers in the industrial cities along the Rhine and in West-Phalia. In the important Bavarian manufacturing towns of Nuremberg and Furth the workmen are out. Three important Berlin newspapers, including the socialist Vorwarts have been suppressed.

Before its suppression the Vorwarts printed an ultimatum to the government in which workmen demanded a general peace without annexations or indemnities, amelioration of food control, lessened military laws and democratization of state institutions.

British newspaper correspondents in Holland are uncertain whether the strike movement is real or manufactured. One says that the government is behind it in hopes that it will affect the allied countries and bring peace while another believes that the government is using the strike movement to break off negotiations with the Russians. The Swiss frontier is closed and it is expected that the general strike situation in Germany will soon reach a crisis.

Five of the northern Italian front where the Italians have enlarged their gains west of the Brenna, there is no marked military activity. The Austrians have sustained losses in an attempt to delodge the Italians from their new positions.

Intense air fighting continues on the western front and the entente aviators are reported to have attacked Zeppelins, the German submarine base in Belgium.

The Ultimatum. Zurich, Switzerland, Tuesday, Jan. 30.—The Socialist paper Vorwarts announces that the Berlin strikers have addressed an ultimatum to the government of which the following are the principal demands:

First—Accelerated conclusion of a general peace without indemnities or annexations.

Second—Participation of workmen's delegates of all the countries in the peace parliaments.

Third—Amelioration of the food situation by better distribution.

Fourth—Immediate abolition of the state of siege and restoration of the right of public meetings, suspended by the military authorities.

Fifth—Abolition of militarization of war factories.

Sixth—Immediate release of all political prisoners.

Seventh—Fundamental democratization of state institutions.

Eighth—The institution of equal electoral suffrage by direct secret ballot.

Farmers Are Told Their Assistance Is Needed In War

(Continued From Page One) are as efficient as any in the world. They do not produce more per acre, but that is not necessary, but they do produce two, three and even four times as much per man per unit of labor and capital and their response to the present emergency has been remarkable.

"I do not appeal to you to continue to renew your efforts. That is not necessary. I believe you will do it without any appeal from me for you understand as well as I do the needs of the country. You will remember that it was farmers who fired the first shot at Lexington that set aflame the revolution that set us free. I hope and believe that the farmers willingly and conscientiously will stand by the country to win this war also.

The toll, the interest, the energy and the foresight, self-sacrifice and devotion of the farmers will bring to a triumphant conclusion this great war for the emancipation of men, and when the end has come, we may look each other in the face and be glad that we are Americans and had the privilege to play such a part."

The finger printing is a method of identification and follows the practice observed in the military and the naval service of the United States.

The registrant is hereby informed that he must again present himself before the registration officer who took his out after 10 days but before 15 days from the last day fixed for registration in his registration district to obtain a registration card, upon which he must sign his name, or make his mark and place his left thumb print in the presence of the registration officer.

Chief Tolan is prepared to conduct the registration from February 4 to 9 as required in the president's proclamation. Many of the blanks have already arrived and the department has secured a finger print outfit with which to take the prints of all those who register.

MONTANA "SLACKER" ARRESTED AT WELLS

Albert Tryan of Montana, wanted there for failure to appear for examination before the draft board, was arrested in Wells today by Louis Danielson of the Gladstone police department and brought before the local court this afternoon.

Tryan was registered in Montana but when he was called for examination he did not appear and also failed to leave an address so his questionnaires could be sent to him.

It is likely that he will be ordered sent to Fort Brady at the Soo to be turned over to the federal authorities and to face the charge of being a deserter.

CARROLL RUSHTON IS IN SOUTH CAROLINA

Word has been received by Attorney H. J. Rushton to the effect that his son, Carroll, who enlisted in the artillery branch of the United States army, is now stationed at Camp Jackson, South Carolina, as a member of the 317th Field Artillery, having been transferred there from Jefferson Barracks where he went for his final examination. He writes that there are indications that the unit of which he is a member may leave for France before long.
