REVISED ESTIMATE OF TUSCANIA DEAD IS 170 U. S. TROOPS

Believed by the War Department That Few More Than 154 Soldiers Already Buried Were Lost.

LIST NOT YET COMPLETE

War Department Has List of Names of 270 Survivors Which Cannot Be Deciphered From the Code.

(BY ASSOCIATED PRESS) Washington, Feb. 14.—Cablegrams were going forward today to the American embassy in London from the war department in an effort to complete the list of Tuscania survivors and untangle the names garbled in transmission.

Latest advices to the department continue to indicate that few more American soldiers were lost than the 164 already reported buried in Scotland.

Reports place the American dead at not more than 170, although the list of saved is far from complete. About 160 of those on the passenger list of the vessel are still unaccounted for, but the department has more than 270 names of survivors which it has been unable to decipher. Some are supposed to be duplicates and some the names of men of whom no record was kept at the department.

The Associated Press list of unreported made by checking both the official and the unofficial list against the passenger list, stands at 171.

Further rechecking of the Tuscania dead, missing and survivors lists today disclosed that Private Otto Ray, of Coleman, Tex., reported yesterday as having been buried on the Scottish coast in a trench with eighteen others, was previously reported to the war department as a survivor. When his name was received in a garbled manner in the cables, it was confused with that of Private Otto Morey of Kenosha Wis., whose name has been restored to the list of those not accounted for.

ROUMANIAN CABINET WILL FAVOR PEACE

Germans May Get Peace Agreement through Cabinet which Has Just Been Selected in Roumania.

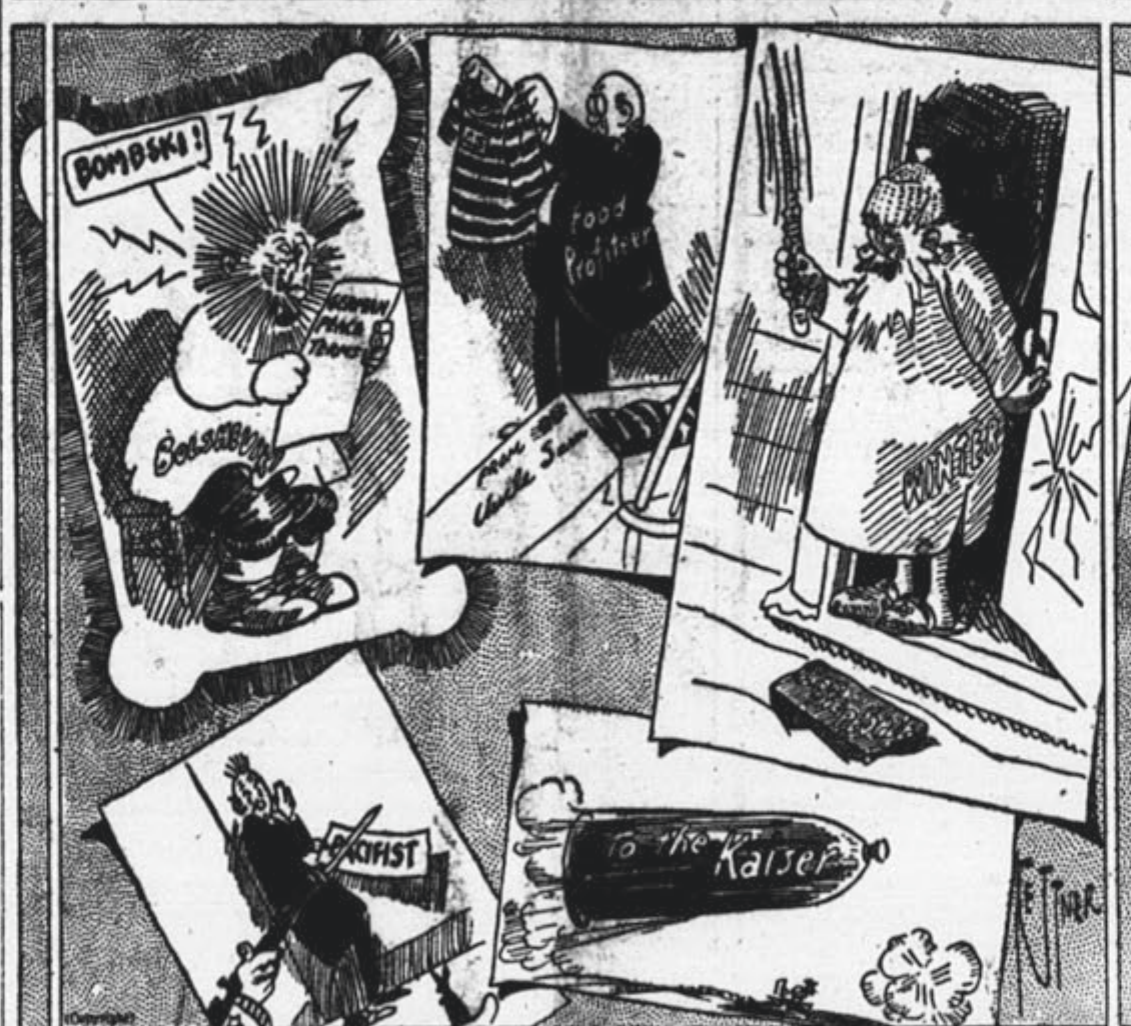

(BY ASSOCIATED PRESS) Jassy, Roumania, Monday, Feb. 12. (Delayed).—The new cabinet headed by General Alexander Averescu, said to be the ablest commander in the army, is known to lean towards peace. This cabinet succeeded the Bratianu ministry, which recently resigned, and which was known as the war cabinet. The change is the direct result of an ultimatum from Germany, demanding that Roumania declare her future course of action.

Corporal John J. Shea of the local recruiting station has been notified that Colonel A. P. Buffington has been placed in charge of the recruiting district of which Escanaba is a part, with headquarters at Chicago. He succeeds Captain Brooks, who is made his first assistant. To the knowledge of Corporal Shea, this is the first time a colonel has been detailed to have charge of a recruiting district.

TODAY'S STORM IS WORST OF WINTER; CONTINUE TONIGHT

City Was in Direct Path of Blizzard Which Developed on the Plains States Last Night.

Escanaba was in the direct path of a blizzard which swept over the plain states last night, reaching here about 5 o'clock this morning and growing worse through the forenoon. It was the worst storm of the winter.

The snow, driven by a thirty mile wind, penetrated every nook and corner and piled great drifts on the streets, sidewalks and street car tracks. Street car service, on rather irregular schedule, was maintained with difficulty through the morning, with indications that before night, if the storm did not abate, that traffic would be almost at a standstill.

The storm had its center this morning nearly over Des Moines, Ia., and was moving rapidly towards the lake region. But little snow was reported from Chicago this morning, but it was expected that traffic would again be blocked in that section before tomorrow morning.

About four inches of snow on the level fell during the morning and it was of such a nature as to drift badly. The storm came rather unexpectedly.

FEW GERMANS HAVE FAILED TO ENROLL OFFICERS BELIEVE

One or Two Slackers Are Suspects after the German Alien Registration Closed Last Night.

Registration of German aliens was officially closed here last night and since February 4, about 37 alien enemies were registered by Chief Tolan and his assistants.

The chief was busy today preparing the blanks for transmission to the United States Marshal's office, where they will be kept on file for reference. The blanks will be forwarded tonight. The registration here was larger than was expected, although it is believed there are a few German aliens, who should have registered, who did not. These cases will be closely investigated and if it is found that any German alien evaded registration, arrests will be made.

Chief Tolan believes a number of men registered here who should have registered elsewhere and that this is the reason the list of registrants is larger than was expected. The registration has meant a great deal of work for Chief Tolan and Sergeant Carney, who assisted him, but the work has been done with efficiency and dispatch.

GUSTER AUTHORITIES AFTER BOOTLEGGERS

(BY ASSOCIATED PRESS) Battle Creek, Mich., Feb. 14.—Camp Custer cantonment officers are still prosecuting a vigorous campaign against bootleggers and several more have been arrested. The liquor prohibition order has been enforced so strictly that others of their goods who dare to violate the order have been charging exorbitant prices. One bootlegger arrested recently is alleged to have sold liquor of such poisonous quality that two soldiers who drank it became seriously ill.

PRESIDENT ORDERS PROBE OF THE HOG ISLAND SHIPYARD

Attorney General Gregory Requested to Make Investigation to Determine How Great Funds Were Spent.

MAY SHOW MISUSE FUNDS

Senate Commerce Committee Hears That the Government Must Spend Forty Millions Instead of Half that Amount.

(BY ASSOCIATED PRESS) Washington, Feb. 14.—President Wilson today directed Attorney General Gregory to investigate the much discussed Hog Island Shipyard construction which has been adversely criticized before the senate commerce committee, and to determine whether there has been any criminal misuse of government funds.

About \$42,000,000 of the government's money is involved in the Hog Island project in which the American International Corporation, headed by Frank A. Vanderlip, president of the National City bank, has figured. The Hog Island Shipbuilding plant on the Delaware river near Philadelphia, is planned to be the largest in the country, with more than fifty ways upon which to lay down ships.

Testimony before the senate commerce committee investigating shipping contracts, developed the statement that the government will be obliged to spend between \$40,000,000 and \$50,000,000, where government and civilian experts estimated that an expenditure of \$21,000,000 would suffice. This testimony developed charges by Representative Lenroot, Republican of Wisconsin, on the floor of the house, that through laxness in letting contracts the American International corporation and its subsidiaries were placed in a position to loot the government treasury of millions of dollars.

Shipping board officials are of the opinion there has been nothing worse at Hog Island than inefficiency and reckless spending of funds, but want all the facts.

DR. CUTHBERT WILL HAVE A CLEAR FIELD FOR THE MAYORALTY

No Opposition Is Placed in the Field to the Candidates of the Non-Partisan Ticket for This Spring.

Dr. Clark M. Cuthbert, candidate for mayor on the Non-Partisan ticket, will be elected without opposition at the spring election. All other candidates on the ticket will also be put into office without opposition. This was assured yesterday afternoon at 4 o'clock when the time expired for filing of nominating petitions and none excepting those of the Non-Partisan ticket were filed.

As there is no opposition to the Non-Partisan ticket, there will be no primary as provided by state law on March 6. Had there been one candidate not on the Non-Partisan ticket a primary would have been necessary.

Dr. Cuthbert, for several years an alderman from the second ward, and one of the most active members on the city council, a member of the council water committee, is as good as elected mayor today. Only the formality of an election is needed to put him into office as the head of the municipality. He will go into the mayor's chair as the leader in the city's fight against the water company.

MAY NOT CALL MEN FROM MICHIGAN ON FEB. 23 IS BELIEVED

State Officials Convinced That Conditions at Camp Custer and in State Will Delay the Summons.

Lausling, Mich., Feb. 14.—Failure to receive the official order from Washington regarding the announced call for a deferred quota of drafted men during the five days beginning Feb. 23, has about convinced the Michigan authorities that this state is not to be included.

Weather conditions, both at Camp Custer and in the state at large are taken as the reason for the apparent purpose of the government in not including Michigan in the call.

Still Short 6,000 Men. In the past quota, calls from General Crowder have been received here by

DESERTER IS GIVEN EIGHTEEN MONTHS BY CAMP GUSTER COURT

After Brief Military Career, Private Elmer Hogan of Grand Rapids, Deserted to Enter Canadian Army.

(BY ASSOCIATED PRESS) Battle Creek, Mich., Feb. 14.—Private Elmer Hogan, of Grand Rapids, who has had a brief but turbulent military career, is today serving a sentence of 18 months at Fort Leavenworth, for desertion. The sentence was passed at Camp Custer.

Hogan enlisted in the army more than a year ago. He was only 16 years of age at the time and his parents obtained his release. Later he enlisted in Canada. Again his parents procured his discharge. Hogan came back to the United States and entered the aviation service at Garden City. It is alleged that he became over-anxious for action and deserted, going to Canada.

He enlisted with a Canadian company for the second time. Recently he went to Grand Rapids, wearing his Canadian uniform. There he was arrested and turned over to the military authorities.

GREAT DEFICIENCY BILL IS REPORTED

Appropriation Bill Carrying \$1,000,000,000 for War Purposes Reported Favorably to Lower House.

Washington, Feb. 14.—A billion dollar urgency deficiency appropriation bill, the largest introduced in the history of congress, although cut by half a billion dollars from the original estimate, was favorably reported to the house today by Chairman Sherley of the appropriations committee.

Consideration of the bill providing for the immediate needs of the war, navy and other departments, will begin in the house tomorrow.

Huge amounts are asked for various military activities. Among these is a total of \$81,000,000 for mountain, field and siege artillery in addition to \$1,000,000,000 already spent and contract authorizations of \$779,000,000 additional.

Pleasants of New York, president of the Ocean Steamship company, who has been designated manager of the marine section of the railroad administration. A special assistant will be named later to take direct charge of lake shipping.

GERMAN REICHSTAG WILL START PEACE DEBATE ON FEB. 21

Chancellor Von Hertling Will Discuss the Ukrainian Peace Treaty and Will Reply to Wilson and Lloyd George.

UNEASINESS IN GERMANY

Russian Situation Is Worrying Central Empires; Demobilization of Russian Army Is Called "Sham Maneuver."

(BY ASSOCIATED PRESS) London, Feb. 14.—An important debate will begin in the German Reichstag on February 21, according to a wireless dispatch from Amsterdam. Chancellor von Hertling will discuss the peace treaty with the Ukrainians and will reply to President Wilson, David Lloyd George and Premier Orlando.

An Amsterdam dispatch received in London Tuesday reported that von Hertling intended to answer President Wilson in the Reichstag next Tuesday.

(Associated Press War Summary) Uneasiness over the Russian situation in German and Austrian official circles is indicated by reports in the German newspapers.

The Central Powers are uncertain of the future attitude of Foreign Minister Trotsky and the Bolshevik government and the Berlin newspaper says that the announcement that the Russian army has ordered demobilized was a "sham maneuver."

AUSTRIANS SUFFER HEAVY CASUALTIES ON ITALIAN FRONT

Field Marshal Baroevic, Commander of the Austrians, Tries Battering Ram Tactics and Is Repulsed.

(BY ASSOCIATED PRESS) Rome, Wednesday, Feb. 13.—Although the Austrian press in the last few weeks has been referring to preparations for an offensive which they say the Italians are making as a justification for the assertion that it is impossible to withdraw men or guns to help Germany in her supreme effort on the western front, Field Marshal Baroevic, the Austrian commander, apparently wishes to bring to an end the period of inactivity. He is resuming his battering ram tactics on the mountain front.

In the last three days the Austrians have been engaged in vigorous action against the new Italian line in the Frenzela and Bella valleys, where important positions were wrested from the Austrians a short time ago. They have been forced to retreat with another and an equally important check in the Frenzela yesterday.

Three Government Agents Arrive in Menominee to Make Investigation of Fuel Violations.

Menominee, Mich., Feb. 14.—Three government operators arrived in Menominee today to conduct an investigation into the reports that several Menominee persons have violated the fuel and food regulations.

The men were not met at the depot with a brass band, or a large delegation, in fact there were few people in the city who knew they were coming. The d'd not need any suggestions as to how to go about their work, but after arriving immediately interviewed local officials and called upon certain persons.

To Spare None. No one will be spared with regard to the food or fuel violations, one of the government operators announced. The men will remain in the city for the next few days to conduct a most thorough investigation.

"Violators of either the food regulations or the fuel regulations will be severely dealt with," said one of the officers. "It makes no difference who they are. The government is no respecter of persons and this investigation will go to the bottom of reports of law violations."

NO AMOUNT

IS TOO SMALL

Last week a maid signified her intention of giving her "mite" towards the cause. It was not much but was just as much in proportion as the man gives who gets \$35 a week. It is the small sums that count in this great work. The rich cannot be depended upon to supply all the money needed. Already those in better circumstances have given freely and in large amounts to the different funds.

No matter how little money you earn, let us have just one per cent. The amount individually is small, but in the aggregate it is a great big sum of money—enough to give the boys the care and comfort they need so badly. Send in your name to the Secretary, no matter how small a sum you are able to give. It all counts in the grand total.

No one wants to be slighted.

No one wants to be a "financial slacker."

If our solicitors do not see you, it is not because we do not want your money. We are all working together to win the war and no man cares to have his name omitted from the list.

All we ask is ONE CENT out of each dollar you earn. How very little that is compared with the satisfaction you will have in giving it.

The causes for which the funds of this Association may be expended are:

A.—American Red Cross. B.—Y. M. C. A. C.—K. of C. D.—Military relief American Red Cross. E.—Civilian relief American Red Cross. F.—Any special call which may come with the endorsement of the President, and which is for distinctive war purposes. G.—Any call that in the opinion of the Executive Committee will advance the early and successful termination of the war.

We, the undersigned men of Delta County, ask your support and active co-operation to accomplish this worthy object:

A BULL'S TIP

Bloodgood—I'll tell you something to buy for a rise.
Biddle—Well?
Bloodgood—Balloons.

Better Late Than Never.

Some persons, on certain dire occasions in the small hours of the morning, find it rather difficult to locate the keyhole of a door—of their own door.

Catarrh Distorts Facial Expression

Spreads the Nose, Blurs the Eyes, Puffs the Face, Dries the Lips. How to Get Rid of Catarrh.

TRY THIS HOME TREATMENT FREE.

Catarrh not only makes one feel miserable, it shows this effect in the features, and it usually grows worse. But thanks to a remarkable home treatment, there is recovery in store for every sufferer by the remarkable Gauss self home treatment, which you can try free in your own home.

A red nose that dribbles with mucus is an unsightly misery. A breath tainted with the odor of catarrh is an offense against all health and decency.

The blood, swarming with millions of catarrh germs, entails upon the kidneys a labor that may break them down; the lungs and bronchial tubes scourged with the destructive influence of systemic catarrh, can lead to anæmia and the most serious consequences.

So why continue with all this misery? Send your name and address today for a free trial of Mr. Gauss' famous treatment. Mail it to C. E. Gauss, 3895 Main St., Marshall, Mich. It will not cost you a penny to try it, and it surely will astonish you with its wonderful effect. Fill out coupon and mail it today.

Worn Blankets.

Lay smoothly upon the thin place a piece of used Merino underwear and pin snugly and securely. Then begin at the lowest edge and stitch with the sewing machine, row after row successively, a quarter of an inch apart, until the extent of the patch is reached, withdrawing the pins as you proceed.

What's in a Name?

In a prominent city the other day Sinn and Hell lost two captives, but only one of them asked for a change back to her maiden name. Mrs. Albert Sinn was willing to cling to her name, if the Judge would compel her husband to divide his wages with her.

One More Chance

To Get This Big Aluminum Cereal Cooker for One Dollar

To Any Housewife Who Missed It

Once more we make this offer, but for one week only.

A million homes have been supplied with the ideal Quaker Cookers. But countless new homes in the past year have adopted Quaker Oats.

A wave of economy, plus wheatless meals, have multiplied oat-food users. And millions of them — to get this matchless flavor — are using Quaker Oats.

We want those new users to have Cookers too. So we repeat this remarkable offer.

The cost of aluminum has doubled. Cooker prices have enormously advanced. But we make new users the same offer that we made to old. We will send this big aluminum Cooker for only \$1, all charges prepaid, under offer made below.

This offer is for one week only. It applies only to those who have no Quaker Cooker now. If you are one of them we urge you to accept it.

For Quaker Oats Users

Extra Large and Heavy
Cereal Capacity 2 1/4 Qts.
Made to Last a Lifetime

A Million Homes Supplied

We have supplied over a million users of Quaker Oats with an ideal way to cook them. The purpose is to have Quaker Oats cooked rightly.

Quaker Oats—flaked from queen grains only—has a wealth of flavor. Right cooking keeps that flavor intact. It makes the oat dish doubly delightful — makes it easy to digest.

So we had this Cooker made to our order—an ideal double cooker. It is extra large, so little or much can be cooked in it. It is extra heavy, made to last a lifetime.

That is the Cooker—made of pure aluminum—which we offer this week for one dollar, under the conditions below. If you are serving Quaker Oats, or if you will, we want you to have this Cooker.

\$1 Brings It This Week

Buy from your grocer five packages of Quaker Oats, or of Quaker Best Corn Meal, or five packages of the two combined. Send us your grocer's sales slip for the purchase and send \$1 with it. We will then send this cooker to you, all charges prepaid. This offer is good for one week only, and it applies to this vicinity alone. Address,

The Quaker Oats Company
1708 Railway Exchange, Chicago

The Two Chief War-Time Foods

Quaker Oats At 1/8 the Cost of Meat

Quaker Oats, measured by food units, is twice as nutritious as round steak. It supplies nutrition at a cost of five cents per 1000 calories.

Meats, on the average, cost eight times as much for the same food value. Eggs cost ten times as much. You can serve six dishes of Quaker Oats for the cost of a single egg.

The oat stands supreme among grain foods, in nutrition and in flavor. It far exceeds wheat in food units.

It is the energy food and the food for growth. It supplies every needed element in just the right proportion. It should be your basic food.

Quaker Oats is flaked from queen grains only—just the big, rich, flavory oats. We get ten pounds from a bushel. So in this brand you get a wondrous flavor without any extra price. All oat foods are doubly delightful if made with Quaker Oats.

Quaker Best Corn Meal The Best 60% of the Corn

Next to oats in economy comes Corn Meal. We make an exquisite corn meal, and put it up in sealed round packages.

In Quaker Corn Meal we use the cream of the corn—about 60 per cent of the kernel.

The fibrous outer coat is removed, because it makes corn meal coarse. The oily germ is removed, because the oil grows rancid. Just the hominy part—yellow or white—is ground to make Quaker Corn Meal.

The result is superlative corn meal, yellow or white. The yellow looks like grains of gold—the white like marble dust. It makes bread and muffins, porridge, puddings and pancakes vastly better than any crude corn meal.

Get the Yellow or White in round packages with tops. See how good corn meal can be.

SERGEANT MUNROE IS HERE ON FURLOUGH

Well Known Escanaba Young Man, Now Stationed at Camp Dodge, will Return Tomorrow Night.

Sergeant James Munro, United States Army, stationed at Camp Dodge, where he is engaged in drilling recruits at the great cantonment, arrived in the city this morning on a two days' furlough. He will remain here until tomorrow night, when he will return to Des Moines to resume his work.

Sergeant Munro was one of the first Escanaba men to enlist after the declaration of war on Germany by the United States. He was employed at Young & Fillion's store before he joined the army, and left here with twenty or more other Escanaba and Delta county boys. For some time he was stationed in Arizona and later at the Presidio at San Francisco. Several months ago he was transferred to Camp Dodge and given command of training squads.

From appearances the army life is agreeing with him in every respect. He likes the army life and is well pleased with the treatment accorded to the soldiers at the camp. He spent a busy day today calling on a host of friends.

FASHION ACCENTS THE CUFF

It Appears This Season Not Only on the Sleeve But on Skirt, Blouse and Glove.

A dress feature that fashion is accenting just now is the cuff. She has shifted its position on the sleeve. Instead of being at the wrist, its old accustomed place, we now see it at the elbow. Then, again, when it is used at the bottom of the sleeve, it is often so deep that it reaches to the elbow. Skirts have cuffs, too, this season, says the Woman's Home Companion. Not a few of the smartest are finished with a cuff hem. The cuff, which turns up on the right side of the skirt, varies from six inches to three-fourths of a yard.

Riton jackets are finished with a cuff. The little jacket is turned back in cuff form two or three inches above the normal waistline.

The new gloves are keeping up with the style procession. They, too, have cuffs. Sometimes the cuff is in the form of a contrasting kid band, or the glove is in the gauntlet form with Y-shaped insets of contrasting kid or suede.

As to Belts for Fall.

The belt may be arranged in a variety of ways on both afternoon and street dresses. For the long waisted style there is the wide, straight belt, the sash belt that loops and ties is favored for certain models, also a three yard long belt which encircles the waist and wraps once or twice about the hips, looping either front or side.

A. R. C. FIELD AGENT TALKS TO MEMBERS OF DELTA CHAPTER

George F. Carroll, Field Secretary for Michigan of Red Cross, Meets Directors at a Noon Luncheon.

That the Delta county chapter of the Red Cross compares very favorably with the Wayne, Kent and Lenawee county chapters, in the work that is being done, is the opinion of George F. Carroll, field secretary for the American Red Cross for Michigan, who visited here today and who spoke to the members of the board of directors of the Delta County chapter at a luncheon at the Delta Hotel this noon.

Mr. Carroll, who is making a tour of inspection of the upper peninsula chapters, having visited fourteen of the fifteen, said that Delta county was the leader and that in comparison with the size of the Wayne, Kent and Lenawee chapters it was doing just as good work.

Mr. Carroll gave the directors some valuable information and suggestions which will be used by the officers in conducting the work of the chapter in the future.

It was announced at the meeting of directors today that Delta county is 100 per cent in its Junior Red Cross membership, that at the present time, before any campaign is made, every school child belongs to the Red Cross chapter, and that the membership fee of 25 cents will be paid by the Delta county chapter. Delta county is the first one in Michigan to "go over the top" in the Junior Red Cross membership.

German Reichstag Will Start Peace Debate On Feb. 21

(Continued From Page One)
One report is to the effect that military operations against the Dolobevki might be resumed. Both Berlin and Vienna appear anxious as to the probable fate of the many thousand Austrian and German prisoners in Russian camps.

Circulation of the message ordering the demobilization of the Russian army, German newspapers say, was halted three hours after the order was sent out.

In France there has been a slight increase in the fighting activity. On the British front the Canadian troops have carried out two raids and in the Ypres the Germans failed in their attempt to hold two British positions taken. In the Champagne the French have penetrated to the third German line on a front of nearly 1,200 yards. Shelters and defenses were destroyed and 100 German prisoners taken.

On the American front there is no action of consideration.

The Germans are reported to be working desperately to build new defenses and are bringing many fresh troops to the western front.

The Associated Press correspondent at the French army headquarters estimates that the Germans now have 197 divisions, probably 2,340,000 men on the front between the North Sea and the Swiss border.

wired even before the announcement of the call in the public press from Washington. In this instance, however, press associations carried the news of the call out of Washington several days ago, and not a single intimation has been received by Adjutant General Breyer that Michigan was even on the map as far as the call was concerned.

Michigan is still shy on its first general call, about 5,000 or 6,000 men. These are distributed over the state in various manners. Some boards are shy 2 per cent, while some few run as high as 25 per cent. The average,
