GIGANTIC WALL OF WATER SWEEPED OFF MANY ON FLORIZEL

Harrowing Tales Told by Survivors of the Florizel Which Was Wrecked Off Cape Race On Sunday.

(BY ASSOCIATED PRESS) St. John's, N. F., Feb. 25.—Graphic stories of the wrecked Red Cross liner Florizel and further details of Sunday's disaster were related today by survivors who are recovering from the terrible hardships endured before they were saved in small boats from the Newfoundland steamer Prospero. Many of the passengers of the Florizel were swept to death half-clad in less than 15 minutes after the vessel struck. Dozens of passengers were trapped below decks in their berths or at the foot of the companionway by cascading seas which filled the saloon.

Those who escaped from the saloon sought safety on the bridge deck. Two hours later a giant wall of water thundered down upon the wreck, throwing bodies from the deck and engulfing 20 men and women. A short while later twenty persons, clinging to the roof of the smoking room met a similar fate. The stout construction of the wireless house saved more of the passengers. Thirty-two were piled in the room, packed so closely that they could neither sit or lie. They were without food, water or adequate clothing. Often they were encircled by the giant sea. Some were badly injured with flying timbers and wreckage and died as they stood.

MRS. VORGE IS ONE OF THE BEST KNOWN OF SUFFRAGE SPEAKERS

Detroit Woman Will Give Two Addresses On Woman's Suffrage Tomorrow, One Afternoon and One Evening.

Mrs. M. B. Vorge, who will speak here tomorrow afternoon and evening at the city hall on the suffrage question, is one of the best known suffrage speakers in the country today and has taken part in campaigns in seven states.

Mrs. Vorge has had a successful career, starting as president of the Municipal School League of Cleveland, an organization credited with having broken up the old corrupt political school ring. She was an officer in the Ohio Woman's suffrage association and as such worked for the passage of the suffrage, child and woman welfare bills in the Ohio constitutional convention.

In 1913, Mrs. Vorge attended the International Woman's Suffrage congress in Budapest, later going to London, where she studied the militant methods, meeting many of the leaders, including Mrs. Pankhurst, as well as knowing the women, such as Mrs. Pankhurst, strictly opposed to militancy.

Mrs. Vorge is now first vice president of the Equal Suffrage League of Wayne county and she is also Detroit chairman on Women in Industry for the Woman's committee of the Council of National Defense.

Mrs. Vorge will leave Chicago this evening, arriving here tomorrow morning on the early Northwestern train. She will speak in the afternoon at the city hall at 3 o'clock at a meeting to which all women of the city are invited.

GERMAN POSITIONS ARE DESTROYED BY AMERICAN GUNNERS

Artillery On American Sector Becomes More Active Each Day; Gas Shells Dropped by Teuton Raids.

(BY ASSOCIATED PRESS) With the American army in France, London, Feb. 25.—The artillery duel between the American and British forces has become more intense daily. The German artillery fired more than 100 shells in the last 24 hours, but the American artillery has replied constantly, doing most effective work against the enemy's front line, heavy positions and wire entanglements.

A number of enemy working parties were killed. Beyond observations by balloons, there has been no recent activity owing to the low clouds and rains.

GERMAN PRIZE SHIP ASHORE NEAR HOME

Spanish Steamer Igotz Mendi With Prisoners From Six Vessels and a Prize Crew Was With the Wolf.

(BY ASSOCIATED PRESS) Copenhagen, Feb. 25.—The Spanish steamer Igotz Mendi with a German prize crew from the Pacific ocean is ashore near Shaw Light house. The prisoners were taken from six vessels sunk. Several of the prisoners had been aboard the vessel for eight months.

Twenty-two persons, including nine women, two children and two Americans, were landed in life boats. The Danish authorities interned the German commander of the Igotz Mendi. The German prize crew refused to leave the ship. There was an epidemic of scurvy on the vessel.

Captured by the Wolf. London, Feb. 25.—The steamer Igotz Mendi, according to dispatches from Copenhagen to the Exchange Telegraph company, was captured by the German raider, the Wolf, nine months ago in the Gulf of India. The German navigators which were placed aboard have followed the Wolf since. All persons held prisoners aboard the vessel have been taken ashore.

GERMAN RAIDER RETURNS

Eleven Vessels Believed Sunk by the Wolf, Which Landed 400 Prisoners and Booty at Pola, Austria.

(BY ASSOCIATED PRESS) Berlin, Feb. 25.—General Linsenger's forces operating in Volhynia have captured the town of Kolenkowitz after a battle, the general staff announced today.

London, Feb. 25.—Pskov, 175 miles northwest of Petrograd, has been recaptured by the Bolsheviks and the street fighting is going on furiously, according to an Exchange Telegraph dispatch from Petrograd, dated Monday. The Red Guard are resisting the German advance everywhere.

(Associated Press War Summary) Although Russia is ready to conclude peace, the Teuton conquest of her territory goes on apparently unimpeded. Reval, the Russian naval base on the south coast of the Gulf of Finland and Pskov, 170 miles southwest of Petrograd, have been occupied. The rapid German advance continues along the whole line to the south.

In Siberia the situation is very serious and the Japanese are reported to be preparing for intervention there soon. The non-Bolshevik forces have (Continued On Page Four)

CUSTER OFFICER MADE A VISIT TO ESCANABA

Major Vosburgh of the Medical Staff of Camp Custer Conferred With Medical Boards in City.

Major N. S. Vosburgh of the Camp Custer medical staff, left this morning for Marquette, after consulting with the medical advisory board of this city and with the members of the local draft board on medical examinations of drafted men. He arrived here last evening and met with the members of the two boards at the Delta hotel, and this morning he visited the local board at the courthouse in company with Dr. H. W. Long, chairman of the medical advisory board.

Major Vosburgh examined the work of the local board and advised on a number of cases brought to his attention by both boards. Major Vosburgh is making a tour of the upper peninsula instructing draft boards in their work and visiting medical advisory boards.

He has been stationed at Camp Custer about six months. Before that time he was a prominent surgeon in New York City, but volunteered his services when the nation went to war.

DON'T WORRY OVER WORK.

In this time of tremendous rush we
 are apt to exaggerate in our own
 minds the ill-effects of overwork.

The plain truth is that few suffer
 from work. Of the few who do, prevent
 ions are few and far between. Nature has attach-
 ed to each of us an automatic organ
 which, when it is a normal valve of
 a steam engine and when we get
 going too fast the force is shut off
 and we unconsciously slow down.

When the rest is slow down. It is
 normal. It is absolutely essential
 sometimes. But the man who cannot
 have it just now need not seriously
 concern himself about it.

If work ever kills men it must be
 through neglect. The great of it probably
 kills more than the work itself.
 The want of it has killed many more
 than either. The need of it to keep
 mind and body in proper has killed
 more than all these other causes com-
 bined.

The man who won't work exists in
 a way, but when God said to him,
 "Neither shall thou eat." He took
 away his appetite, the strongest in-
 centive to living.

The man who won't eat food into his
 stomach, but he can't eat. The rest
 is wanting. Digestion fails him.

The man who won't work can't live.
 He may see the beautiful things in the
 world, but he can't enjoy them. He
 sees them with his eyes but not with
 his heart. He is blind in the midst
 of a tower of beauty and deaf in the
 midst of a dream of music.

Like the fish without eyes in under-
 ground caverns he goes through life
 with perception of its beauty and its
 meaning undeveloped.

It is work that civilizes the world
 and develops individual character.

It is work alone that tempers the
 brain, broadens the views and expands
 the mind and gives tone and zest to ap-
 plication, just as truly as it strength-
 ens the nerves and hardens the muscles.

When the wise serpent of Eden
 tricked Adam and Eve into eating the
 fruit of the tree of knowledge that
 brought bondage and labor upon them
 and the rest of us, the world gained
 all that counts for the higher develop-
 ment of man.

This, like all other divine penalties,
 has proved a divine blessing.

Drugging may kill. Overwork may
 kill. Over worry may kill.
 But wholesome work that has the
 heart in it is the best tonic that there
 is.

TAX RATE IS \$1.23 MORE PER THOUSAND

Property Owners Will Dig Deeper This Year Than Last, Tax Decision Provides.

Lansing, Feb. 25.—Michigan tax payers will have to dig \$1.23 deeper into their bank accounts this year for every \$1,000 of property they possess. The tax commission has announced an average rate of \$18.28 for every

\$1,000 of assessed valuation for 1918. The rate last year was \$17.05.

The commission will assess railroads, telephone, telegraph and car- rying companies in April for the special primary school tax.

The total assessed value of real estate in this state was \$2,209,285,271 last year against \$2,995,423,192 in 1916. Personal property rose from \$718,764,956 to \$826,970,146.

PUT CREAM IN NOSE AND STOP CATARRH
 Tells How to Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold or catarrh sufferer needs. Don't stay stuffy and miserable.

TOWNSHIP ELECTIONS TO BE HELD APRIL 1

New Law Makes Some Changes—Information for the Officials—Caucuses by March 5.

Date of annual township election this year—Monday, April 1. Under the present voters law, tickets must be absent March 19.

Tickets must be filed March 12. Last day on which caucuses can be held, March 5.

A new election law passed at the last legislative session and found in the law of 1917 will be in effect this spring.

It permits township boards to save some money by cutting down the total number of inspectors to three and cutting out the gatekeepers.

But the new law also permits an increase in election expenses if the township boards care to name boards of election "inspectors." It permits the inspectors of three counties to supervise the inspectors and clerks who in the past had to be responsible for the expenses of the vote.

The law is mandatory but optional in its application, as in the case of gatekeepers.

THE THEATRES

"DRAFT 258" SHOWS THE TOWER OF BABEL.
 The "Tower of Babel" will be shown in a mammoth reproduction in "Draft 258," Metro's special production de luxe which will be shown at the Delft theatre on Wednesday and Thursday. The structure was erected at great expense, two weeks being required for its completion, and it was torn down after having been in actual use less than half a day.

Elephants, donkeys, camels and goats were used in these scenes; not to mention a thousand players dressed in the costumes of ancient Babylonians, Assyrians, Jews and Romans. Every phase of the vari-colored life of Asia Minor in the days of 2227 B. C. is pictured. Many natives of the old world were secured for these large scenes and when the time came for the showing of the "confounding of tongues," where all were supposed to speak different languages, many of the players unconsciously began to speak their native tongue, adding to the realism of the spectacular scenes. "Draft 258" is one of the most ambitious photodramas ever offered to the American public, and is the logical successor to Metro's other great patriotic photodrama, "The Starbuck." Both productions were directed by William Christy Cabanne.

AT THE DELFT.
 The second series of the Retreat of the Germans at Arras will be shown at the Delft today. The first of the series was shown last Tuesday and was pronounced as the best war picture ever shown in the city.

In addition, Pauline Frederick will be shown in "Mrs. Dane's Defense," a Paramount feature from the book of the same name by Henry Arthur Jones the celebrated English dramatist.

AT THE PINE.
 "Fannies," the latest picture in which J. Barney Sherry appears for the Triangle, will be shown today at the Strand theatre. A Keystone comedy will also be shown.

EXAMINATION WILL BE HELD HERE TOMORROW

Fred St. Jacques, proprietor of a saloon at 205 Ludington street, will have a preliminary examination tomorrow before Justice McEwen on the charge of having his place of business open on Sunday. He was arraigned yesterday afternoon before Justice McEwen and through his attorney demanded a preliminary examination, which was set for Wednesday.

Stephen N. Robash, held on the charge of disposing of securities without having a state permit, will have his hearing on March 1. His case was called in Justice McEwen's court yesterday afternoon, but was continued and the hands reduced from \$500 to \$200. It is believed Robash will be able to furnish them.

Robash is charged with selling securities to Escanaba people last October without a license. He visited here with a man by name of Williams. It is charged, Robash declares he was not sales himself, but that he was only a witness to the sales made by Williams. The man represented the Sunan Oil and Gas company of Indiana.

Miss Gladys Andrews of Marinette, visited with her mother, Mrs. C. E. Andrews, Saturday and Sunday.

Canada Breeds Buffalo.

An advisory board on wild life protection has recently been appointed by the Canadian government, and special efforts will be made to preserve the fur-bearing animals and big game that constitute the chief natural resource of the Northwest territories. In this connection it is interesting to learn that more than 3,000 head of bison are now under government protection in Canada. These include about 2,400 in the herd, originally of 750 head, purchased in the United States in 1907, and kept in the buffalo park at Watnwright, Alberta; and a wild herd of about 500 in the Peace River region, southwest of Great Slave lake. The Canadian government is carrying on experiments in crossing bison with domestic cattle.—Scientific American Magazine.

IN-SHOOTS

Generosity without publicity is rare. The friend that cannot be trusted is no friend. Silence is not always a protection, but it seldom invites trouble. No man ever achieved great popularity talking about himself. Unless a girl is handsome she had better try and be sensible. Marriage seldom sharpens the wit of the hen-pecked man.

Fabric Air Ducts.
Fabric air ducts have been invented for use in underground construction, having the advantage that they can be easily removed if blasting is to be done and are easily replaced.

For Sick Horses.
For administering medicine to a horse an inventor has patented a hollow, perforated bit with a funnel at one end.

Faults.
"Everybody has faults," said Uncle Eben. "The principle difference in folks is whether dey's sorry for 'em or proud of 'em."

ESCANABA MAN'S LUCKY FIND

Will Interest Readers of The Mirror. Those having the misfortune to suffer from backache, urinary disorders, gravel, dropsical swellings, rheumatic pains, or other kidney and bladder disorders, will read with gratification this encouraging statement by an Escanaba man.

George Southerland, 814 Wells Ave., says: "About seven years ago my kidneys were out of order and my back was lame and sore. When I tried to bend over, sharp, darting pains caught me in my back. On one occasion, a sharp pain in my back almost floored me. As Doan's Kidney Pills were such a highly praised kidney remedy, I tried them and one box cured me of the trouble, fixing me up in good shape."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills the same that Mr. Southerland had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

THIRTEEN NOTIFIED TO BE PREPARED TO LEAVE FOR GEORGIA

Next Contingent of the Draft From Delta County Will Leave Next Week, the Exact Date Not Given.

Thirteen Delta county men received notices today to be ready to leave Escanaba for Camp Greenleaf, Ft. Oglethorpe, Ga., at some time between March 4 and March 8. It is probable that notices will be sent to one or two others today, and from this group twelve men will be selected to leave next week.

This contingent represents five per cent of the county's quota on the first draft. No information has been received as to when the remaining part of the first draft will depart from here. As soon as the exact date of departure from here is learned, the local board will give the men notice of the exact time of leaving.

Those who have already been notified to be in readiness to depart next week are:

William Menard, Glenstone RFD.
Alfred Constantineau, Schaffer.
S. Edwin Anderson, 806 South Sarah street, city.
Clarence Eagle, Masonville.
Joseph LaPointe, Perkins.
Timothy Laeffler, 1501 Escanaba avenue, city.
Carl H. Olson, 417 Jennie street, city.
Edward Mevette, 321 South Sarah street, city.
William Champion, 601 Saxton avenue, Menominee.
George H. Rheume, Bark River.
Albin C. Bloom, Bark River.
Joseph Blanchette, Wells.
Fred Boudreau, 809 Washington avenue, city.

Tested Wartime Recipes FOR USE IN MICHIGAN

(Clip and save these recipes for future reference.)

Sensible, Economic, Patriotic

If you are sensible, you are giving your family plenty of mineral salts. If you are economical, you are giving them to your family by serving fruits and vegetables every day. This is much cheaper than buying patent medicines.

If you are patriotic, you are eating twice as many vegetables as you used to, and less meat and bread.

Follow these recipes, and serve meals that are sensible, economical and patriotic.

Suggestions for Preparation and Cooking Vegetables.

1. Pare thinly or not at all until after they are cooked, thus saving mineral matter and often 15% to 20% of the whole vegetable.
2. Allow one teaspoon salt to one quart of water.
3. Use enough water to cover vegetables but no more than is necessary.
4. Cook highly flavored vegetables uncovered.
5. Cook all fresh vegetables in boiling water.
6. Prevent loss of food value by steaming vegetables.
7. Save water from boiled vegetables for soups and gravies.
8. It should be remembered that all boiled vegetables may be served with white sauce. The sauce will add much to the nutritive value as well as the variety of the day's menu.

White Sauce (Medium).

2 T fat, (butter, oleo, etc.)
2 T flour or 1 T corn starch
1 C milk
1/2 t salt
1/8 t pepper

Melt the butter, add the flour, salt, pepper, and stir until mixture is smooth. Add milk. Stir sauce until it thickens. Cook five minutes.

Peas, beans, lentils and peanuts can be used as meat-savers but should be supplemented by milk, eggs and cheese.

Vegetable Substitutes for Breads.

Potatoes, sweet potatoes and bananas should be used as cereal-savers. A small potato supplies as much starch as a large slice of bread. It contains rather less protein but this can be made up by some other article of diet such as milk, eggs or cheese.

All ripe fruits, and such vegetables as beets, carrots, turnips and sweet potatoes are valuable sources of sugars—sugars in a form which is particularly available for body needs.

Vegetable Substitutes for Meat.

Mock Sausage.

1/2 cup dried or 1 cup canned Lima beans
2-3 cup bread crumbs
3 tablespoons fat
1 egg
1/2 teaspoon pepper
1/2 to 1/4 teaspoon sage
1/2 teaspoon salt

Cook beans, if dried are used, 1 1/2 hours. Put beans through strainer. Add other ingredients. Shape into form of sausage. Roll in crumbs (or egg and crumbs). Brown in fat. (Bacon fat or meat drippings give a meaty taste, but vegetable fats may well be used.)

Tomato-Nut Loaf.

1 cup chopped nut meats
1 cup cooked rice
1 cup tomato pulp
1 1/2 teaspoon salt
1 egg
1/2 teaspoon pepper
1/2 tablespoon chopped onion

Mix ingredients. Celery, salt or sage may be added in small amounts. Shape into loaf and bake in a moderate oven for about 30 minutes. This serves 6 or 8. Serve with a white sauce, or tomato sauce, well seasoned.

Vegetable-Meat Loaf.

1/2 lb beef
1 cup cooked lentils, beans, peas, or rice
1 egg
1/2 cup milk
1/2 cup bread crumbs
1/2 onion
1/2 cup chopped nuts (if desired)
3 tablespoons fat

Mix ingredients thoroughly, shape into loaf, place in greased pan, dredge with flour. Bake 30 minutes if cooked meat is used; bake about one hour if raw meat is used, basting occasionally.

Raw Cabbage.

Shred raw cabbage often. It is especially rich in mineral salts. You can get it all winter, if you try.

Cold Slaw.

Chop, grind or slice cabbage very thin. Season with salt and pepper. Add sugar and vinegar.

Cabbage Salad.

Chop, grind or slice cabbage very thin. Season with salt and pepper. Mix with boiled salad dressing or sour cream salad dressing. Ground, salted peanuts make an excellent addition.

Sour Cream Salad Dressing.

1 C sour cream
2 T lemon juice
2 T vinegar
1 T sugar (scant)
1 t salt
1/4 t pepper
1 t mustard (mixed)

A Dozen Ways of Serving Potatoes.

1. Creamed
2. Escalloped
3. Croquettes
4. Souffle
5. Potato and Cheese Puff
6. Potato and Peanut Puff
7. Potato Stuffing for Fowl
8. Potato Salad
9. Hot Potato Salad
10. Cream of Potato Soup
11. Potato and Celery Hash
12. Mashed potato crust instead of dough for meat pies.

Potatoes and Cheese Puff.

1 cup mashed potato
1/2 cup milk
1/2 teaspoon salt
1 egg
1/2 cup grated cheese

Beat milk into potato, add beaten egg and salt, and gradually stir in grated cheese. Bake in buttered muffin tins or ramekins in a slow oven.

NOTE—In all of these recipes all measurements are level, and T equals tablespoon, t equals teaspoon, C equals cup, P equals few grains, f. d. equals few drops.
