## FRENCH PREMIER DECORATES U. S. TROOPS OVERSEAS

French President of Council Visits American Troops On Chemin des Dames and Gives War Cross to Sammies.

## TROOPS HIGHLY PRAISED

Patrol of Thirteen Men Reported Captured by Germans Not Found; One Body Located.

(BY ASSOCIATED PRESS) Paris, March 4.—Premier Clemenceau visited the American troops Saturday and reviewed the soldiers who valiantly repulsed the German attack of Friday. The premier left Paris Saturday morning and returned Saturday evening. On his return the premier issued the following statement: "The president of the council desires in person to congratulate the Americans in the sector where they have just repelled brilliantly a strong attack by the enemy. The battalion which took part in the review was the premier, in whose presence the general commanding the army was decorated with the war cross. Decorations were also given to officers and privates of the organizations whose bravery had been particularly remarkable."

With the American Army in France (Sunday)—The Americans which Germany claims to have captured in the Chemin des Dames front probably were a large part of the patrol of thirty men who went out when the enemy raided the American trenches, capturing several men.

Volunteers from American units along the Chemin des Dames searched No Man's Land in the rain today for the thirteen missing men of the patrol party that were reported missing, but did not find any trace of them except one man, who had been killed. It is now certain that the missing men have been captured. All were from New England states.

Some of the American troops in the Chemin des Dames sector are experiencing cave life. They have billets underground and have quarried natural recesses beneath the surface. An Associated Press correspondent on a visit to this sector found them active and eager to battle the enemy.

## ENGLISH CLERGY UNITE FOR PEACE

United Kingdom Clergy Will Join With the League of Nations Society in World Wide Work.

(BY ASSOCIATED PRESS) London, March 4.—An auxiliary committee of clergymen of various denominations throughout the United Kingdom has been formed in connection with the League of Nations Society. In a letter signed by the members, the committee says: "Believing that an obligation rests upon all religious people to seek enduring peace in the highest interests of mankind, we commend to the thoughtful consideration of the ministers of all churches the principle of a League of Nations, and more particularly we call upon them to foster in the churches the spirit of prayer, service for humanity, and good-will towards all the people of the earth with which the political machinery of an international league would be in vain."

## Basket Ball Here Tuesday Afternoon

Negaunee Will Play the Local Fellows Tomorrow Afternoon at 4:00 o'clock—Last Home Game.

Word has been received to the effect that the Negaunee basketball team will arrive here tomorrow and play the local champs tomorrow afternoon at 4:00 o'clock. This will be the last home game of the season.

## 10,000 Skilled Men Wanted for Aviation

(BY ASSOCIATED PRESS) Washington, March 4.—A call was issued today for 10,000 machinists, chauffeurs and other skilled workmen needed at once by the aviation section of the signal corps. In a statement by officials it was announced that the additional increment must be obtained in the near future.

## MONEY IS SHIPS

British Cargo Steamers Make Much Money for Their Owners Who Are Handed About 20%.

London, March 4.—An analysis of the earnings of seventy British cargo steamship companies for last year shows that dividends were paid aggregating \$13,000,000 or 19.25 per cent on their capital. The earnings of the same companies in pre-war days averaged 3.3 per cent.

The dividends of twenty-three liner companies were 14 per cent on a capital of \$189,000,000.

## Second Call Issued; LaFollette Resolve Yet Without Action

(BY ASSOCIATED PRESS) Madison, Wis., March 4.—A second call was issued today for the assembly to act on the LaFollette resolution.

There were only forty-three members in their seats when the assembly met today. This was nine fewer than a quorum and twenty-nine less than the number mustered last week. The twenty-nine must be regained and still others brought in before the anti-war resolution can be passed.

The sergeant-at-arms has been instructed to "round up" all assembly members. The solid doors of the assembly were closed, but actually, as a gentleman's agreement gave them their liberty during recess, they were free to remain away until 2 o'clock this afternoon.

## HOW THE RED CROSS FUNDS ARE HANDLED AND HOW EXPENDED

Over Forty-four Million Spent for Foreign Relief of Which France Got the Most.

## ACCOUNTS ARE ACCURATE

Anyone Can Have An Itemized Report of Every Penny Received by the Great Organization.

What the American Red Cross has done with the millions of dollars entrusted to it by the people of the United States is shown in a statement just issued by national headquarters. Appropriations to date amount to \$79,450,727, and cover the period from the time we entered the war last April, until April 30, 1918.

For foreign relief the sum of \$44,657,795 has been appropriated and much of it spent, as follows: France, \$20,519,259; Belgium, \$1,999,521; Russia, \$751,840; Roumania, \$2,617,298; Italy, \$3,146,016; Serbia, \$871,180; Great Britain, \$1,703,642; other foreign countries, \$2,356,300; for American soldiers who may be taken prisoners, \$242,627.

At the government supplies nearly everything our soldiers and sailors need, the appropriation for the United States is only \$2,612,532. All salaries and administrative expenses are paid out of membership dues so that every penny of the war fund goes to relief.

The great variety of military and civilian relief by the Red Cross may be indicated briefly: canteens that afford food, baths and lodging for soldiers in transit and at port of arrival in France; care of orphan and destitute children; supplies for 4,000 hospitals; teaching mutilated soldiers new trades; reconstruction of homes and villages; sanitariums for tubercular and other patients; food, clothing, medicine and shelter for adult civilians in distress and many other activities.

Anyone sufficiently interested may obtain a full report, showing in which country and for what purpose every dollar was spent, by applying to the American Red Cross at Washington.

## Fresh and Soph Split; Just Funds of a Sale

The Freshmen and Sophomore girls have split. But there isn't any fight on between the two lower classes, not even a spirited campaign. They have split the funds raised at the pantry sale Saturday, at Ellsworth's drug store, when they disposed of enough articles to net them a substantial sum. A number of articles that remained when the sale was brought to a close were donated to the charity committee of the Woman's club to be given to the poor of the city.

## 12 OF SELECTS LEAVE TONIGHT; LEADER CHOSEN

Another Contingent of Drafted Men Depart at 8:45 O'clock for Georgia Camp to Start Military Training.

## ANDERSON COMMANDER

No Public Demonstration Arranged, But Many Are Expected to Be At the Station Tonight.

Twelve selects of the Delta county draft list will depart tonight for Fort Oglethorpe, Ga., where they will go into active training preparatory to being sent overseas for military service or to some point in the United States. They will leave at 8:45 o'clock in company with men from four counties of the upper peninsula.

Carl Edwin Anderson of this city was named commander in charge of the group when they met at the courthouse this morning. They were given instructions to return late this afternoon for a check roll call. All who desired them were given meal tickets, as provided by the government.

No public demonstration will mark the departure of the men, but it is likely that a large number of people will be at the Northwestern depot tonight to bid farewell to the departing soldiers.

The following will depart tonight: Carl Edwin Anderson, City; William Menard, Escanaba Twp; Albert Constantineau, Schaffer; C. E. Eagle, Masonville; Timothy Loeffler, City; Carl H. Olsen, City; Edmond Mevette, City; Willie Champion, City; Geo. M. Rheanue, Bark River; A. C. Bloom, Bark River; Joseph Blanchette, Wells; Fred Beaudry, City.

## Three Listed to Be Slackers Taken Off List by Paying Sum

Three persons of the county who yesterday morning were doomed to be listed as slackers when the Delta County War Relief association makes public the names of those persons who failed to subscribe to the worthy cause, have "come clean." In other words, they have paid into the coffers of the organization the small amount they were requested to give.

To make sure there will be no misunderstanding among any of the people of the city or county, the special committee appointed at a recent meeting of the directors has been visiting those persons scheduled to go on the slacker list, with a view to further explaining the issue. In the event that an explanation fails to "hit the mark," the names will be published.

Just how many will go on the slacker list is a hard matter to ascertain. That the list will be small one is assured by the rapid progress of elimination which the association office has reported.

## FIFTY-FIFTY ON FLOUR IS IN EFFECT TODAY

From Now Until Further Notice You Will Have to Take An Equal Amount of Some Substitute.

Beginning today the housewife will have to buy an equal amount of some flour substitute along with her flour. Such is the new ruling and it will be strictly carried out by local dealers.

The following order from the state food administrator was received by the county administrator last week: Lansing, March 1, 1918.

"Mr. B. P. Pattison, Escanaba, Mich. "Beginning Monday morning, March 4th, all dealers in flour must sell on the following basis: One pound of substitutes with every pound of flour. Potatoes considered equal to four pounds potatoes equal one pound of substitutes. Notify all dealers Saturday afternoon. This rule must be enforced. All bakers in the state must use twenty per cent wheat flour substitutes in making bread and rolls on and after the above date. All bakers openly disregarding Victory bread rule are subject to having license revoked.

George A. Prescott, Federal Food Administrator."

Jerry Madden, of Menominee, was in Escanaba Saturday.

## M. T. C. A. MEETS IN CHICAGO VERY SOON FOR FINE PROGRAM

William J. Clark Is Local Representative and Has Been Invited to Take Part in Event.

## THE LASALLE SELECTED

Many Prominent Men Are Down on the Program which Will Last for Two Days Next Week.

William J. Clark, county fuel administrator is also the local representative for the Military Training Camps association of the United States and has received an urgent request from the National Executive committee to put aside all other duties and be present in Chicago on March 15 and 16, to attend the annual convention of that body which will convene at the Hotel LaSalle on those dates.

The Central department, to which Mr. Clark belongs, will hold a department convention on the 15th and on the 16th the national convention will be called to order.

The program is very long and varied. Many men of prominence who have been active in war work and who know the training camps personally, are down for talks on either one or the other of the two days.

## Plan Ordnance Base For France to Cost About 25 Millions

(BY ASSOCIATED PRESS) Washington, March 4.—Building of a \$25,000,000 ordnance base in France, which will include approximately twelve shops, 100 smaller shops and magazine and machine tool equipment to cost about \$5,000,000, was announced today by the War Department.

## Band Meets Tonight For Plans of Season

Plans of the Escanaba Military band for the summer season will be discussed at the meeting called for tonight by H. O. Brotherton, director of the organization. The meeting will be held in the old quarters of the band, over the Hirt & Gierck bakery, and is scheduled to commence at 8 o'clock. Mr. Brotherton has requested that all musicians of the city who desire to become affiliated with the organization should attend the meeting.

## A "FOWL" TIP

Did You Buy Some Eggs for 24c a Dozen Last Saturday Night—Price was Mistake in Print.

Last Saturday night there were two small black locals in The Mirror but they are going to cost someone a lot of money when it is found out who is to blame. The Fair Savings Bank telephoned in the price of 46c a dozen for eggs. It came out in the paper 24c a dozen.

The first person to call up the Fair asked if the price of 24c a dozen was a "bum steer," but Mr. Waldstrom, who answered the phone, said that he would rather think it might be classed as a "fowl" tip.

Anyhow it was decided to live up to the advertising and as long as the eggs lasted they were passed out at 24c a dozen. This gave the careful readers of The Mirror a chance to save the cost of the paper for two weeks on each dozen eggs.

## COMPENSATION OF RAILROADS FIXED BY CONGRESSMEN

House Conferees Accept Senate Provision That No Allowance Shall Be Made for Period Before Control.

(BY ASSOCIATED PRESS) Washington, March 4.—Agreement on compensation for railroads while under government control is based upon the average net income for the three years ending June 30 last and substantially in the form approved by the senate, was reached today by conferees on the administration railroad bill.

The house conferees accepted the senate provision that no allowance shall be made for money spent on improvements during the last three months preceding the federal control. This reduces the compensation of the railroads by about \$5,500,000 annually.

Subject to the final approval of the senate the conferees agree to include all short line railroads under the act, instead of only the competing short line roads.

## Wisconsin Must Be United—Republican

(BY ASSOCIATED PRESS) Milwaukee, March 4.—"The situation is a serious one and can only be met by uniting all patriotic Republicans on a single platform," said Frank M. Hoyt, temporary chairman of the Republican conference, called for the purpose of reaching an agreement whereby either former governor, Mr. McGovern, will oppose a LaFollette candidate. A man is blind indeed who cannot see the attack on the United States is a part of the world conquest.

## ADDED DEMANDS EACH DAY MAKE RUSSIANS AGREE

Slavs Must Give Up Turkish Territory, Some of Which Was Taken in Previous Wars With Sultan's Forces.

## 63000 SLAVS ARE TAKEN

Berlin Announces Total Prisoners Taken in Campaign Thus Far; Red Guard Destroys Bridges.

(BY ASSOCIATED PRESS) Vienna, March 4.—Austro-Hungarian forces operating at Podolia in southwestern Russia are making much progress, said an official statement issued by the Austrian war office. More than 770 Russian guns, 1000 machine guns and huge quantities of material have been captured.

London, March 4.—The Russian office announced the peace negotiations have been signed by Premier Lenine and Foreign Minister Trotsky. It says the Bolsheviki delegation, after signing peace with Germany, is proceeding toward Petrograd where the text of the agreement will be published immediately.

Ratification of the treaty has been set for Thursday next. Final decision rests with the All Russian council of Workmen, Soldiers' and Peasants' delegates of the Russian Soviet, which will assemble at Moscow on March 12.

## ENLISTMENT OF STATE TROOPS TO START TUESDAY

Captain Clyde Hewitt Has Received All Necessary Papers for Enlisting Full Quota.

## WILL USE HIGH SCHOOL

Will Be Known As the 552nd Infantry, Michigan State Troops; Be Fully Equipped.

Capt. Clyde Hewitt has received the permit for enrollment to begin for the Escanaba state troops and those who wish to join are requested to be at the high school gymnasium Tuesday evening at 7:30 o'clock, where they will be met by Capt. Hewitt and given all information in regard to the troops.

Capt. Hewitt of the new Escanaba State Troops states that he has received considerable official information which will be imparted to the men tomorrow evening. He has already completed most of the routine work and was not surprised when he got the order to enlist the men.

The regiment of state troops in the upper peninsula will be known as the 552nd Infantry, Michigan State Troops. There will be twelve companies of infantry and one mounted company at Calumet. The infantry companies will be in the following cities: Ahmeek, Calumet, Escanaba, Houghton, Iron River, Manistique, Marquette, Menominee, Munising, Newberry, Painesdale and Rapid River.

Information from the adjutant general's office states that the formation of the company will be as follows: 1 captain, 1 first lieutenant, 1 second lieutenant, 1 first sergeant, 1 mes sergeant, 1 supply sergeant, 1 duty sergeant, 1 corporal, 1 mechanic, 2 cooks, 2 bakers, and 12 privates, making an aggregate of 62 men. The equipment furnished will be 57 rifles, 5 automatic pistols, and other equipment similar to that used by United States soldiers. Each man will have two uniforms, the full khaki.

## THE WEATHER

For Upper Michigan: Rain or snow tonight; warmer in east portion; Tuesday rain or snow and colder; much colder at night.

Weather Conditions.

With the approach of the northwestern depression, rain or snow is indicated for this locality tonight and Tuesday, and after the passing of the disturbance and with the advance of the anti-cyclone which follows, the temperature will fall Tuesday, the weather becoming much colder Tuesday night.

## Hold Final Services For Pioneer Resident

The funeral services for Mrs. Thos. La Branche, pioneer resident of Delta county, who died at the home of her son, Archie La Branche of 229 South Elm Street, after an illness of about six months, were held at 9 o'clock this morning at St. Patrick's church. Many friends of the aged woman were in attendance. The body was sent to Maple Ridge this afternoon where burial took place.

**HER CLOTHES.**

Designers of women's clothing and dealers in women's shoes have declared again and again that the advance in cost of materials is not actually so large as in the cost in labor and the cost of distribution. They assert that complete new designs in clothing, hats, suits and coats and in shoes necessitating greater labor and the manufacture of a greater variety of materials are the chief cost in supplying a woman's wardrobe.

Of a different nature, what a woman pays for is not so much what she actually wears, but the style in which it is provided for her. This is nothing new. Anybody who knows anything at all knows such to be the case. Most certainly it is style that costs. Any woman knows that she can go to a sale on a side street somewhere and get a last year's suit that then sold for \$45 at a vast of not to exceed \$19. But show us the woman who would wear it?

Nor can she be blamed for we might likewise call for a look at the man who would cheerfully walk down street with her if she did. If high top shoes of lustrous gray, or pearl, or suede, or some other fanciful color are the thing, where is the woman who would rather not buy these though they cost \$12 a pair than to wear shoes obviously of two years' old design.

Probably since the war sent prices skyward there has been considerably more "making over" of gowns, and hats, and coats, and such, than before, but on the whole the demand for style is just as insistent as ever and so long as woman's clothing is sold and worn on that basis, just so long will she make every sacrifice to dress in keeping with the latest modes she can obtain.

American women are said to be the best dressed women in the world. They should be if prices are any criterion of style.

**COL. WARREN GIVEN HIGHEST HONOR OF ANY MICHIGAN MAN**

Possibilities of Efficiency of Today Is Illustrated in the Appointment of Mr. Warren to Crowder's Staff.

**IS REWARD FOR HIS WORK**

Michigan Man Is Credited by the War Department With Working Out the Selective Draft System.

The highest honor as yet won in the great war by a Michigan man came the other day to Charles B. Warren, of Detroit, when he was promoted to Lieutenant Colonel in the National Army and assigned to the staff of Major General Crowder. The promotion was conferred as a reward for the able work done by Colonel Warren in connection with the selective draft. As stated in the report of General Crowder Colonel Warren was personally responsible for the plan that resulted in the first draft being successfully carried out in the country.

Colonel Warren, for years past, has been ranked as one of the most able attorneys and one of the leading business men as well, not only of Detroit, but of the whole state of Michigan. As a business man he has amassed his own property and as a lawyer has already had a career that included many distinctions. He was elected president of the Detroit Board of Commerce in 1914 and re-elected in 1915, being the first president ever accorded a reelection by the board.

**COLONEL CHARLES B. WARREN**

Graduating from the literary department of the University of Michigan in 1891, for which course he had been prepared in Albion college. Colonel Warren studied law in the offices of Don M. Dickinson, in Detroit, obtaining his law degree in 1892.

**Accustomed to Doing Big Things.**

He was only 26 years of age when he was appointed by President Cleveland to make one of the principal arguments in behalf of the United States before the international joint high commission at Halifax to settle the Bering sea dispute between the United States and Great Britain. On this occasion he spoke for four days in submitting the case of his country. A dozen or so years later, when hardly 40 years of age, Colonel Warren was chosen by President Roosevelt as one of the counsel for the United States government to argue the North Atlantic fisheries dispute when it was submitted to arbitration by this country and Great Britain. On this occasion he made an argument extending over five days.

On Republican National Committee. Colonel Warren was chosen Michigan member.

**STOMACH UPSET?**

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

**DR. DEFNET FORGOT HIS COMMISSION**

In His Hurry to Get Away to War Well Known Medic Left His Commission at His Home.

When Dr. Defnet was summoned by telegram to Washington last Friday he had but very little time to get ready. In fact about two hours. Wanting to be calm and not show excitement at this critical time he explained to the family that it was never necessary to become excited and that an hour was as good as all day.

Therefore he carefully packed his grip not forgetting tooth brush and toilet articles. His clothes were nicely brushed and he did not forget a few packages of cigarettes—but, he did not think to take along his recently acquired commission. This morning his father, F. J. Defnet sent it to Washington, by special delivery and until it is in the possession of the young physician, he will be a plain civilian and not Lieutenant Defnet.

F. F. Douck Has Half Dollar Bearing the Date of 1825—It Was the Year His Father Was Born.

F. F. Douck, of 1511 Sinclair street, has in his possession a half dollar of the year of 1825. The coin is in very good shape and is not worn down a great deal. There is no milling on it and as upon all old coins there is lettering around the edge. The coin represents the year of the birth of Mr. Douck's father, which adds interest to it.

At one time he was offered \$25 for it but refused to allow it to go out of his possession.

John Finn Writes That He Has Not Received Any Home Mail Since He Arrived in France.

A letter was received from John Finn yesterday in which he states that he has not received a letter from home since his arrival on foreign soil. The statement was not in the nature of complaint, but was mentioned along with other things.

He says he is greatly pleased with France and is having a very good time. His company are strong for athletics and he is a member of the football team and also has gone in for boxing.

**THREE "GUYS" MADE TOO MUCH NOISE**

Two men were "pinched" last evening for making too much noise on Ludington street. The yells and loud talk they were indulging in proved trying to the ears of the "cop" on that beat and the men were taken in. This morning they paid a small fine and took the first train out of town to work in a lumber camp. Their names are not important and they are not residents of this city.

**Certain-teed Roofing**

From every standpoint of service and cost—  
 Certain-teed has proved its claim—"The best type of roof for most buildings, and the best quality roofing of its type".

Certain-teed has made good all over the world under all conditions—as proved by its enormous sale. It has become the standard roof for buildings of all types and sizes—

for factories, round houses, elevators, garages, warehouses, hotels, farm buildings, stores, out-buildings, etc.  
 Its economy is three-fold—first cost moderate, laying cost low, up-keep practically nothing. Its efficiency embraces every important roofing quality—weather proof, spark proof, rust and rot proof, clean and sanitary, and very durable. Certain-teed is not affected by acids, fumes or smoke, and does not melt under the hottest sun.  
 Guaranteed 5, 10 or 15 years, according to thickness.  
 It pays to get Certain-teed because it costs no more to lay than ordinary roll roofing, and lasts much longer.

**AT THE DELFT.**

Wallace Reid in "Nan of Music Mountain" will be featured at the Delft today. The additional picture is one that many people have been following with great interest, "The Retreat of the Germans at Arras." Particularly is the third episode of this picture one that grips you.

Henry de Spain, a young mountaineer of about twenty-eight, is made general manager of the Thief River Stage Line because he has nerve and can shoot. It is understood that he is to "clean up" the gang of outlaws in Morgan Gap, led by Duke Morgan, with whose pretty niece, Nan, de Spain is in love.

Simon, one of the worst men in the gap, starts the trouble by a knife fight. Henry de Spain catches him. The laugh is soon turned, though, for Simon escapes and soon after de Spain himself is wounded in a terrific fight with about seven of the Morgan gang, when he makes a trip to the Gap to see Nan.

**WISCONSIN ASSEMBLY FORCED TO ADJOURN**

(BY ASSOCIATED PRESS)

Madison, Wis., March 4.—The state assembly failing by five or more on repeated roll calls to raise a call to permit voting on the resolution condemning Senator La Follette, Saturday adjourned until 10 o'clock Monday morning. The assembly met with 69 present. This was later increased to 71. To raise the call the so-called loyalists in favor of going on record against LaFollette would have required 51 votes, but 47 was the best they could muster on four roll calls.

**SAVE FAT AND SUGAR AND HELP WIN WAR**

**M. A. C. EXPERTS TELL HOW TO CONSERVE IMPORTANT WAR RATIONS.**

**NUMEROUS WAYS OF SAVING**

All Help to Sustain the Nation's War Program; Various Sugar Substitutes.

Everyone must have a certain amount of fat in his diet. Women and children in Europe are suffering and ill for lack of it.

Soldiers and sailors, because of hard physical labor and exposure, must have rather large allowances of fat.

To win this war—we must share our supply of fats by stopping all waste and reducing the amount we use.

Let us therefore:

**Save Butter**—On the table use butter as sparingly as possible, except for children. Children need butter fat, either in the form of butter or whole milk, as it contains necessary growth-promoting substances. When plenty of whole milk is given children—oleomargarines, nut margerines, peanut butter, jellies, marmalades, nut and fig pastes, etc., may to some extent be used in place of butter. Adopt the custom of not serving butter at dinner when or meat gravies are served.

**Save lard and butter** by not using either in cooking (unless they are produced at home.)

**Use Less Pastry**—If you make pies, use one crust instead of two. Try the New England deep apple pie, with only a top crust.

**Use Deep Fat Frying Only Occasionally**—Make meat and nut loaves instead of meat croquettes.

Try baking croquettes in oven.

**Reduce Amount of Fat Called for in your customary recipes**—Fats may be omitted entirely in yeast breads.

**Use Vegetable Fats and Oils**—Cotton seed, corn oil in cooking.

They are excellent in pastry (use 1-3 less than of lard and reduce amount of water.) They are especially satisfactory for deep fat frying, when this is necessary, as they do not scorch easily and are slow to absorb odors and flavors. This makes it possible to use them over and over again.

**Use Clarified Fats** (Pork, beef, mutton, chicken, etc.) and drippings, as much as possible. To clarify: Heat any sweet drippings from beef, pork, mutton, with boiling water, stirring constantly. When the fat and water has boiled freely, set aside dish to cool. Remove cold fat and again heat to drive out all water. Put in crock for use.

**Soap Fats**: Fats which can no longer be used for deep frying; left-over fats which are not quite sweet, may be put in a crock to save for fall soapmaking for home-cleaning.

**Recipe**: Dissolve 1 can of lye in 1 quart of water; cool. Add 4 pounds of fat, melted but not hot. Stir until white. Pour into pan and cut into squares as it hardens. Let it dry thoroughly before using.

Note: If the soap is to be white the fat must be clarified.

**Reduce Sugar Consumption**

If the present shortage of sugar is to be met, it is necessary for each person to reduce his portion to 3-4 pound a week. There are so many sweet foods available that this patriotic duty causes as yet no real deprivation. The sacrifice is very small, but let us not forget to make it.

Omit candy and frosted cakes.

Use less sugar in tea and coffee.

Avoid desserts and cakes requiring large amounts of sugar.

Reduce amounts of sugar in customary recipes.

Substitute for sugar—corn syrup, honey, etc. For all practical purposes 1 C syrup equals 1 C sugar plus 1-4 C liquid. With honey, molasses, or sorghum use soda, as the leavening agent, since the acid in these sugar substitutes calls for a neutralizing alkali.

Use sweet fruits, such as figs, raisins, dates, etc. Cook breakfast cereals with chopped figs, raisins, or dates, and serve without sugar.

Dried currants are about 75% sugar  
Dates currants are about 75% sugar  
Raisins currants are about 75% sugar  
Prunes are about 75% sugar

Dried apples, apricots, etc., are from 60% to 66% sugar. Use them freely and save cane and beet sugar. Soak well, cook slowly in same water, and they will not need additional sweetening.

**Use More Cottage Cheese**

Cottage cheese or Dutch cheese, as it is often called, is one of the very best of substitutes for meat. It is richer in protein than most meats and is very much cheaper.

Serve it often. Teach your family to like it by serving it in different ways. Season it carefully, and add enough cream or milk to make it appetizing. Chopped onion or chopped green pepper, or both, are a delightful addition.

Many people like cottage cheese with something sweet, as fruit preserves, jams, etc. Serve with bread or crackers.

Chief Tolson Gets List of Stolen Cars and the Fords as Usual Are in the Lead by Scores.

Whether it is the popularity of the car or because they are so cheap that people are too careless with them, there were 1000 Ford cars stolen in Chicago last year. This is the report of the chief of police who has sent a list of them to Chief Tolson of this city.

Of course the Ford did not take all the "honor among thieves" in the Windy City. Lots of other cars have become lost, but the Ford was the one that seemed to be most popular with the majority.

## GERMAN PRESS IS RETICENT IN THE FOOD INFORMATION

Newspapers From Germany Received in New York Have Little to Say About Food Situation There.

### CENSOR IS NOW AT WORK

#### Flour Is Mentioned As Being 50 Cents a Pound; War Rations Are Cut Down to But Little.

(BY ASSOCIATED PRESS)

New York, March 4.—German newspapers of the first half of January recently received here have suspiciously little to say on the food situation, which for two years before was an important topic for discussion in practically all the Berlin newspapers. The coming political strike, evoked by food difficulties and the prospect of an indefinite prolongation of the war through the attitude of the German delegates at Brest-Litovsk, was, perhaps, casting its shadow before and causing the censor to discourage the publication of news calculated to augment the dissatisfaction of the working people.

A decree of the Prussian Commission on Food Administration mentioned, however, that mortality during recent months had been as high as fifty per cent above that of 1913 and, for that reason, prescribed increased rations for tubercular patients, upon whom the effects of undernutrition are felt with particular severity.

Food Director Waldow launched a fulmination against various offending municipalities, which were paying above the maximum prices for various kinds of food in order to assure a supply for their inhabitants and were thereby, he declared, contributing largely to the steady driving up of prices and to the disregard of the food laws.

The newspapers, none of which is a friend of the food dictator, retorted very sharply that it was impossible for the municipalities to secure enough food to feed their populations without disregarding the maxima, which is a general practice throughout Germany, and declared that Minister Waldow could find, if he sought them, law-breakers enough among the Prussian state officers and war food bureaus.

Vorswaerts, for example, remarked that the central administration of the Province of Brandenburg distributed flour among its employees for Christmas at a price equivalent to eighty cents a pound; that the Berlin police prefecture sold butter to officials at the equivalent of \$2.12 per pound; that a state factory gladdened its employees with a marmalade at 75 cents, and beef for \$1.18 a pound and that one of the food distribution bureaus under Minister Waldow secured for its employees as a Christmas favor a very poor quality of pork, which it sold to them at \$1.75 per pound.

The principal rations of the Berlin population were still on the same meagre scale as for months; namely, a pound of potatoes per day, four pounds of bread, one-half pound of meat and about an ounce of butter per week.

A slight improvement in the milk situation had been noted, permitting the restoration of the earlier rations of milk for children, one quart for those up to two years, three-quarters of a quart for those below the age of four, and a pint for children between four and six years. Expectant mothers also receive a ration of unskimmed milk. Skimmed milk could be obtained by other privileged ones, not by the general population.

**STREET COMMISSIONER HAS NO DAY OF REST**

John Garrity and His Crew Were Up and Doing Early Sunday Morning, Thawing Out Sewers.

John Garrity, the street commissioner, says that all days look alike to him now and Sunday is the same as Wednesday or Tuesday. The sewers have been giving him constant trouble and it has been very necessary for him to turn out with a crew on Sunday to thaw out traps which would cause basements and cellars to become flooded. Yesterday several hours were spent at the intersection of Wells avenue and Harrison, where the manholes were frozen shut.

## RED CROSS TO GIVE DATA ON CASUALTIES

### A Bureau Has Been Established in France to Furnish Parents in This Country With News of Boys.

One of the newest functions of the American Red Cross is to give to relatives and friends of American soldiers details of casualties at the front.

The anxiety which naturally follows every battle when official reports simply state that such and such soldiers were wounded or "missing" will be relieved in a large measure by this service. The bureau established in Paris by the Red Cross will supplement government information with fuller details such as relatives crave.

Investigators from the Paris office will be stationed at base hospitals in France. When a soldier is killed, wounded or missing these investigators will send full particulars promptly to headquarters and from there it will be sent to America. Comrades of the men who fall in battle will be questioned for last details about their fate.

Any information of interest or consolation to relatives thus obtained will be transmitted to them through personal letters, while messages from the wounded will be conveyed through the same agency.

As the American forces abroad increase to large proportions it is probable that information will be supplied only to those relatives who write to national headquarters at Washington, Red Cross bureau of communication, and request it.

Along with this service the American Red Cross has perfected plans for sending food to American soldiers in German prison camps. Every week three ten-pound packages of food will be sent from Switzerland to each American soldier in Germany.

## ITALIAN BIKES ARE COSTING BIG SUM

### Second-Hand Machines Are Selling at More Than New Ones Cost a Year Ago; None Being Made.

(BY ASSOCIATED PRESS)

Rome, March 4.—Baby carriages and boys' bicycles are now selling second-hand at nearly double the price of a new article before the war. While the average price of a second-hand man's bicycle is \$30 to \$40, an old boys' bicycle easily brings \$50, and at that few are offered for sale. Factories that before the war turned out baby carriages and bicycles are now working day and night on war materials.

Organization of Roman Army.

The Roman army was divided into legions, the number of which varied. Each was under six tribuns or "chief captains," who commanded by turns. The legion was subdivided into ten cohorts, the cohort into three maniples, and the maniple into three centuries. The century originally contained 100 men, as the term implies, but subsequently from 50 to 100 men, according to the strength of the legion.

## CIVIL WAR VETERANS ARE DYING RAPIDLY

### Late Report Says That a Hundred a Day Are Passing to the Great Beyond—Many Still Alive.

Philadelphia, March 4.—Veterans of the civil war are dying at the rate of 100 daily, according to Orlando A. Somers, Commander-in-Chief of the Grand Army of the Republic. Mr. Somers made this announcement during patriotic exercises in this city in honor of Abraham Lincoln and the Union defenders.

Mr. Somers said there were now living approximately 367,000 veterans, according to the pension office at Washington, and he added that the country would have suffered a great loss if they had all passed away inasmuch as they had been a commanding factor in keeping patriotism alive in this country.

"We may have to send 10,000,000 men across the water before the war-crazed fanatic of Europe will admit he is crushed and beaten, but in the end there can be but one outcome—our armies will return victors," Mr. Somers declared.

**ACCEPT ENLISTMENTS FOR COAST ARTILLERY**

A Dozen Men Will Be Sent to Columbus Barracks Next Saturday Night From This County.

Enlistments will be accepted by the local board by men who wish to join the coast artillery branch of the service. There are already five enlistments and the men will leave next Saturday night for the barracks at Columbus, Ohio.

Only men who are not in the current draft will be permitted to enlist at this time. If your order number is over 650, you will be eligible for enlistment, but if it is less than that number, you are in the current draft.

The coast artillery is a very fine branch of the service and the examination is severe, but if you are physically perfect there will not be any trouble in getting in.

## BROOM FACTORY IS WORKING TEN MEN

### Escanaba's newest industry, the broom factory which is running with a crew of ten men, are selling their entire output to the National Grocer company.

About a hundred dozen brooms are now being made each day and the output will be increased as soon as additional machinery can be secured. The making of a broom is not as simple as one would imagine. It is rather hard and tiresome business. Just about as hard to make one as to use it afterward.

The local factory is making four grades of brooms now and later will add a line of heavy warehouse brooms a few of which have already been made.

## Nothing New Under Sun.

The strings of blue beads that the modern girl dotes to ward off bronchitis are merely new versions of the strings of blue beads worn in Egypt 1600 years before Christ to keep diseases of the chest at bay, says a writer in the Philadelphia North American. The tiny sealed bottle of mercury which she carried to ward off rheumatism had its prototype in bottles of a strange elixir used in India 30 centuries and more ago.

## Try This One.

Hint to husbands: When drying dishes hold the slippery ones over the rest of the dishes. Then when they slip, the chances of breaking more dishes are increased many times over the more familiar plan of dropping them on the floor. The more dishes you break, you know, the fewer you have to dry. There is no object in drying broken pieces of china.—Kansas City Star.

## Children's Bedtime.

Interesting statistics showing the time at which the children of Beverly, Mass., between the ages of eight and twelve, go to bed, disclose that 13 go to bed between five and six o'clock, 5,240 between eight and nine; 156 between 11 and 12, and 45 between 12 and 1. It is to be hoped that there are no Beverly children who are not in their nightgowns, safely tucked up, by one o'clock.—Boston Globe.

## Getting Worried.

Clarence constantly played with Marguerite, one of twins, until his parents teased him about his "girl." One afternoon Clarence's mother was sitting on the porch. Clarence, Marguerite, and a few other children were playing in the yard. Suddenly he left the group and coming to his mother said: "Mother, when you marry a twin, do you have to marry both of them?"

Charity Committee To Meet Wednesday

The charity committee of the Woman's club will meet at the Carnegie library at 2 o'clock Tuesday afternoon. If any of the women desire to attend to Red Cross duties after the meeting they are at liberty to do so.

AT THE DELFT.

Oliver Morosco, the theatrical producer, has employed a novel idea in the stage settings for "So Long Letty," the musical comedy which comes to the Delft theatre on Wednesday night, March 6. On the Pacific coast, just outside San Francisco, is a little colony called Carville. Their homes, in the shape of attractive little bungalows, are converted horse cars which have outlived their days of usefulness and which cost practically nothing to their new owners. The exterior of some of these car-bungalows form the setting for the first act of "So Long Letty," and the interior of one of them is used for the second. The play deals with California and is of California even to the extent of bringing a chorus here from the Golden West.

## SAFETY AND PROFIT

It is worth while to put money aside for the future.

It is equally important to place it where it will be absolutely safe.

Coins or bills carried in the pocket or hidden away at home may be lost, destroyed or stolen, and besides the money is idle—it produces nothing for its owner.

This bank affords absolute safety for funds deposited here and at the same time pays interest on the product of personal thrift.
