## MRS. J. K. STACK EXPLAINS PLAN OF REGISTRATION

Every Woman in the Country Will Be Asked to Register and Tell What She Can Do.

### ALL CAN DO SOMETHING

Read the Following Explanations and You Will Be Fully Posted On What This Means.

Mrs. John K. Stack who will have charge of the registration of the women in this county in April, gives the following explanation in regard to what this means. It will be well for all women to acquaint themselves so that when the time comes they will be able to go before the registration board and sign up for some service. Mrs. Stack says: "Beginning on April 6, the first anniversary of the signing of the declaration of war, a registration of the woman-power of Michigan is to be taken by the Woman's Committee-Council of National Defense. This registration will be taken under authority of the Federal government and by proclamation of the governor of Michigan. "The object is to give every loyal woman an opportunity to offer to her country such service as she is best fitted to render. It is also necessary to get this offer down in such shape that it will be definitely available to the government, the state, or to some need in her home community. "If she wishes training for some new kind of service, she registers for that, and we undertake to furnish information as to where such training may be procured—be it training as a nurse, friendly visitor, telegrapher, wireless operator, motor mechanic, or any of the 154 occupations listed on the registration cards. "We should be prepared to meet the present and coming demand for women to take the places of men called to military service, as well as to fill multitudes of new places in industry, clerical work and public service created by the war. "The war is teaching us that national welfare and military efficiency (Continued On Page Four)

## MAIL POUCH HAS BEEN STOLEN AND HAD \$5,000 IN IT

Pouch Containing Five Thousand Dollars Was Taken Last Wednesday, According to Reports.

### DETECTIVES ON THE TRAIL

Went From Here On Street Car and Was Locked in the Depot at Gladstone; There Are No Clues.

A mail sack containing first class mail and also said to contain \$5,000 in greenbacks, disappeared from the Soo depot at Gladstone Wednesday night between 12 and 2 o'clock. A government official is now working on the case but no information has been given out regarding the lost bag and its contents.

The bag came over on the street car from Escanaba at 10 o'clock Wednesday night and was destined for shipment on west bound train No. 7. The train was several hours late and as is the custom the mail from Escanaba was loaded on a truck and wheeled into the depot. There were about a dozen sacks on the truck. The room in which the truck was taken was locked and the theft was not discovered until train time. Where the sack went to and who is responsible for its loss can only be guessed at; at this time, but should it be true that there was \$5,000 in the pouch, all clues will doubtless be run down.

It is surmised in Gladstone that the person who took the pouch was familiar with its contents as none of the other bags were disturbed. No one was seen hanging around the place and the supposition that the man connected with the attempted robbery of the Gladstone Hardware company's store who is still at large, is also referred as the robbery of the mail pouch occurred on Wednesday night, where the attempted robbery of the hardware store was on Tuesday night.

## Garrity Wants To Know Who Stole A Sewer On Ogden

John Garrity, the street commissioner, wants to know who stole a sewer and man-hole on Ogden avenue, between Tilden and Dousman. He has accused Alderman Hofmann of grabbing it off and storing it in his basement for the winter. Anyhow it was there last fall and it ought to be there this spring, but it is not. At least it cannot be located and picks and bars have been used, apparently over every inch of where it ought to be. The street commissioner says if he can't find it in a day or two he will send away and get a dip-needle. If you see a man-hole and section of sewer straying about, inform the street department.

## AMERICANS TAKE PRISONERS WHEN BOCHES ASSAULT

(BY ASSOCIATED PRESS) London, March 5.—Once more the American troops, holding the sector east of St. Mihiel in French Lorraine, have proved themselves more than a match for the Germans.

Another master stroke by the Germans was launched in the night, apparently with considerable force. It was met firmly by the Americans, however, and the enemy was driven back.

After repulsing this attack the Americans on the Lorraine front took prisoners a number of Germans.

## EAT MEAT AND SAVE WHEAT IS HOOVER'S PLEA

Meatless Days Suspended So More Wheat Can Be Sent to the Allies; Not Permanent Order.

### BAN IS LIFTED ON PORK

All You Will Have to Do Now Is to Cut Out Beef and Pork One Day a Week Which Is Tuesday.

Temporary suspension of the meatless meal and of the special restrictions against the use of pork on Saturdays was announced by the food administration as a readjustment of its food conservation program. Increased meat production, and the necessity for still greater saving in wheat, it was declared, make the change advisable. The suspension is made effective for an indefinite period and it probably will last for three months or longer.

Since all restrictions on consumption of mutton and lamb had been lifted previously, the food administration now asks the public, for the time being, to deny itself in meats, only beef and pork, on one day a week—Tuesday.

Hoover Explains Action. In a statement, setting forth the reasons for the change in program, Food Administrator Hoover said: "The allies have made further and increased demands for breadstuffs, to some degree, by shortage in arrivals from the Argentine. It is, therefore, necessary for the food administration to urge still further reduction in the consumption of breads and (Continued On Page Two)

## NOTHING TOO GOOD FOR SOLDIERS IN ARMY HOSPITALS

Major W. A. Shields Gives Associated Press a Detailed Account of What Is Being Done for the Boys.

### NO SHORTAGE OF DRUGS

Money Is No Object When It Comes to Caring for One of the Nation's Soldier Boys in the Service.

(BY ASSOCIATED PRESS) Chicago, March 5.—Nothing is too good for United States soldiers sent to army hospitals for treatment, according to Major W. A. Shields, in charge of the Army's Central Department medical supply depot here, who has just given the Associated Press a detailed account of the methods employed in safeguarding the health of the men in khaki.

Officers Can Have Anything. Major Shields said that medical officers at the various army hospitals have only to ask for what they want for the treatment of the men and it goes to them. "An officer at Fort Sheridan recently asked for a special type of operating table," said Major Shields. "It (Continued On Page Two)

## DELINQUENT TAXES ARE NOW COMING IN

County Treasurer McEwen says that the treasurers from the townships are now making their returns and that Adolph Moe of Ford River township was the first man to arrive under the wire. The delinquent lists are not heavy this year and very few have forgotten to pay the necessary taxes on their property. Each year the delinquent tax list grows smaller and with the boom in farming it will continually decrease until it compares with some of the lists in the lower part of the state.

## Too Dirty For Jail

Gladstone Police Refuse to Lock Man Up in Freshly Cleaned "Calibose"—Comes Here.

This morning a ragged looking bum was picked up by the Gladstone police and escorted to the jail which is in the fire department building. The men had just given the lock-up the once over with a tooth brush and bay rum and it was so nice and clean that they decided the bum was too dirty to occupy it. The bum demanded admission to the cute clean little cell and the chief of police tried to talk him out of it. Finally when the bum said he had no place to go the chief told him that the jail in Escanaba was the best in the world which statement decided the case and Mr. Bum started in this direction.

## ENEMY PROPERTY PLACED ON SALE; FIGURE IS LARGE

Property Involving Millions Goes under Hammer of Alien Property Custodian at New York Who Opens Sale.

### FACTORIES ARE INCLUDED

Most Stock Held On Market as Well as Business Interests Included in List for Sale.

(BY ASSOCIATED PRESS) New York, March 5.—Enemy property in business concerns, jointly or wholly owned by German residents, involving millions of dollars, will be placed on sale in private beginning today. It was announced by the alien property custodian. Today will include German ownership of many varieties of business enterprises, such as dye factories, steel and iron plants and many factories, German owned interests which are to be sold for \$700,000 constitute much stock held on the market. No estimate has been made of the value of the business stock to be disposed. It was said here today it would "round into millions."

London, March 5.—The campaign for the next general election has begun, Avonir Henderson, former member of the British war-council and secretary of the labor party, addressed a meeting last night, making a strong appeal for the abolition of secret diplomacy. He said that before the war began the people had entrusted foreign affairs to statesmen and diplomats and were paying dearly for their neglect.

## WASHINGTON ALL AGOG; PRESIDENT IN THEATRE TALK

(BY ASSOCIATED PRESS) Washington, March 5.—All official Washington was talking today about a little speech President Wilson made last night from his box at the theatre. It was the first time within memory that a president of the United States had done such a thing. With a large audience the president had enjoyed the play depicting a disloyal German who was gradually brought to realize that he should be a loyal American. One of the actors responded to repeated curtain calls until he suggested that probably President Wilson might say something. When he stepped into his box and a tumult of applause and cheering the president thanked the actor and said how much he had enjoyed the theme of the play.

## WILL ASK BONE DRY FOR ENTIRE COUNTRY INSIDE OF 90 DAYS

(BY ASSOCIATED PRESS) Washington, March 5.—Announcement of the date of the next draft is imminent. Provost Marshal General Crowder has prepared "an important announcement," believed to deal with the time and method of the next draft. April is the probable date of the next draft. The publication of Crowder's announcement is held up pending the amendment to the selective service act, which is now in congress.

## Austrian Soldiers Dead in Avalanche from Tyrolean Alps

(BY ASSOCIATED PRESS) Geneva, Switzerland, March 5.—The heaviest snowfall of the season has covered the Swiss Tyrolean Alps. The snow is from three to six feet deep and is still falling. One avalanche cut an Austrian military train in two at Bosherg. A number of officers and more than 100 Austrian soldiers were killed. The train was buried under the snow.

## THE WEATHER

For Escanaba and Vicinity: Snow tonight and Wednesday; much colder with a COLD WAVE and strong north-west winds. For Upper Michigan: Snow tonight and Wednesday; much colder with a COLD WAVE. Temperature at noon, 28 degrees. Lowest last night, 31 degrees.

## Weather Conditions.

The northwestern disturbance has moved southward and eastward during the last 24 hours and extends this morning from the southern Rocky Mountain region to the upper Mississippi valley and Lake region. Precipitation has resulted in the north Pacific states, in the Rocky Mountain and Plateau regions, in Minnesota and the Lake region, and in the central valleys and Atlantic states. The northwestern anti cyclone has developed in magnitude and severity and temperatures are from 20 to 30 degrees lower this morning in the northwestern sections. Elsewhere it is generally warm. Snow is indicated for this locality tonight and Wednesday. It will be much colder with a COLD WAVE and strong northwest to north winds.

## BRITISH LABOR HEAD SCORES SECRECY OF DIPLOMACY IN TALK

(BY ASSOCIATED PRESS) London, March 5.—The campaign for the next general election has begun, Avonir Henderson, former member of the British war-council and secretary of the labor party, addressed a meeting last night, making a strong appeal for the abolition of secret diplomacy. He said that before the war began the people had entrusted foreign affairs to statesmen and diplomats and were paying dearly for their neglect.

## TRADE AT HOME DOLLARS SHOWN IN MANY STORES

Watch the Store Windows and Find Out Where They Will Buy the Most When They Are Turned Loose.

## TWENTY-FOUR OF THEM

These Dollars Will Have to Be Spent On the Day You Receive Them in Order to Get Extra Bonus Offered.

The Daily Mirror Trade at Home Dollars will be seen in the different stores as fast as they can be distributed. There will be 24 of them and on some future date they will be given out as change or the merchants will spend them in some other store. You will want to get and spend a trade dollar. There are only 24 of them and each one will be worth much more than a dollar, for every merchant will be anxious to get them. When you get a trade dollar, write your name on the tag and spend it where you can get the most for your money of the thing you want to buy. Each Dollar Numbered. Every dollar will bear on the tag a number running from 1 to 24. The tags will be changed each day and the money will have to be spent on that day. Don't forget this point. Daily Mirror Dollar Market. The following business houses now have the dollars on display and they will be worth more than a dollar at each place. The opening quotations are: Glenstrom & Peterson.....\$1.20 Young & Fillion Co.....1.15 B. J. MacKillean.....1.15 Fair Savings Bank.....1.12 1/2 Kratze Bros.....1.15 Other quotations will be added as fast as the dollars are put out. The circulation of them will not start until all have been placed and then the date will be announced. It may be in a week or perhaps it will take two weeks to get the campaign started. Special inducements will be made by the different stores for a dollar of certain number on a certain day. The amount of purchases twenty-four of these dollars will make in two weeks will be enormous and prices will be very close to cost. The travels of the coins will be published each day so you will all know where your dollar goes to after you spend it. All merchants are welcome to come in on this campaign. It does not cost anything and is being inaugurated by The Mirror to demonstrate the value of the dollar bought in Escanaba if the dollars were spent at home.

## JAPAN WILL ACT IMMEDIATELY, IS LATEST BULLETIN

Question of Japan's Intervention Has Been Settled; Washington Announces Decision Has Been Reached.

### ORIENTAL HEADS CONFER

Details of Plan Sanctioned by Allies Has Not Been Given Out; To Be Announced Soon, it is Understood.

(BY ASSOCIATED PRESS) BULLETIN. London, March 5.—Narva, 100 miles southwest of Petrograd, has been captured by the German forces and the enemy is reported to be continuing his advance in a southerly direction, according to an exchange telegraph dispatch dated Monday.

(BY ASSOCIATED PRESS) BULLETIN. London, March 5.—The Evening News says the question of Japanese intervention in Siberia has been settled and that all the Allies as well as the United States have agreed to immediate action to safeguard the interests of the powers.

Washington, March 5.—The United States has in agreement with Great Britain, Japan and the other co-belligerents to act in Siberia, but details have not been made known. The president and his cabinet today were engaged in reviewing the situation.

Tokyo, via Shanghai, March 5.—The Russian situation is completely observed by the press and public and frequent meetings of the Japanese cabinet have been held, at which doubtless the entire question has been considered with the responsibility involved.

Washington, March 5.—Discussing reports of possible action in Siberia Senator Lewis, of Illinois, Democratic leader in the senate, today announced there is no agreement or understanding between the United States and Japan.

(Associated Press War Summary) Japan reports indicate will act soon to protect the allied interests in East Siberia. A dispatch says the French and British ambassadors have (Continued On Page Four)

## LaFollette Farce Is Continued While State Awaits Action

(BY ASSOCIATED PRESS) Madison, Wis., March 5.—A round robin was circulated in the state assembly today for the signature of those who wish their condemnation of Senator LaFollette to go on record in case no decision is reached by a formal vote. Seventy-seven members were on hand today, a gain of two over night. The noon adjournment was taken under gentlemen's agreement. The report of the sergeant at arms on absentees indicated that seven additional members were expected to report to the assembly by midnight tonight. Whether this will give the strength required to give the necessary vote could not be ascertained.

Madison, Wis., March 5.—When the house met today to act on Senator LaFollette's attitude on the war, some of the members held here for a week had gone to their homes. Led by Assemblyman Ross, the LaFollette men blocked every movement to take a vote until a larger attendance. Assemblyman Thomas objected to the gentlemen's agreement to take a recess until today unless there should be a supplementary agreement that a vote would be taken without fall this morning. Ross would not agree to this. After repeated roll calls the vote stood 38 to 36, thereby entitling the members to leave for home. It was planned to issue a new call today.

## Duluth Youth Given 15 Years; Desertion

(BY ASSOCIATED PRESS) Camp Dodge, Ia., March 5.—Thomas Papageorge, National Army private from Duluth, Minn., was sentenced to 15 years imprisonment with hard labor at Fort Leavenworth, Kansas, for desertion. It was announced today.

Because we are the most luxury-loving people on earth, we are also the richest; therefore, we have been called upon to finance and to fight to a finish this most "extravagant" of all wars, and we are able to do it.

We hear a lot nowadays to the effect that we Americans are a wasteful and extravagant people. And it is said by way of condemnation, or at least of reproach. Yet when the war had been precipitated by the most frugal people on earth—except the more primitive races of savages—the extravagant nation was asked to finance and to prosecute the war to a successful finish.

We expect to do this from the surplus left from our extravagance. Yes! And it is because of our extravagance that we have the money to do it.

China has great resources. Why are not the Chinese wealthy? Because they have worn the same style of clothing for a thousand years, and have subsisted on one diet—plain rice. The Japanese tried the same form of frugality for centuries and just managed to subsist. When they began to copy American "extravagance" they became a world power. It doesn't matter that the \$5,000 motor is a non-essential to the son of the rich man, or that the luxurious limousine could be dispensed with by the rich man himself—that doesn't matter.

The point is, those luxuries, those extravagances, those non-essentials are vitally essential to the millions of men and the families of the men whose jobs depend on the making of our twentieth century vehicle. The sewing machine, the Victrola, the electric lights, the piano, the furniture; yes, the very schools wherein the women's children are educated, the direct result of the craving on the part of the rich man for those luxuries.

Here's to the wealthy man and to the rich woman who is extravagant—for these play the game. They pass the prosperity around. Rank sophistry those phrases, "and old suit is a badge of honor," and "a dollar paid for a boy to play with is a traitor dollar." If taken seriously they would result in terrible suffering in a short time.

Food conservation, not by short rationing, but by changing our diet so as to use those means and grains that cannot be shipped so as to supply our allies with those that contain the most nourishment in the most compact form—that is commendable. Every intelligent, patriotic American endorses it and will gladly do his part. The other is contrary to all laws of economics. And they are laws, not merely rules.

NEW ATHLETIC HEAD FOR CAMP CUSTER MEN.

Battle Creek, Mich., March 5.—Official announcement has been made of the appointment of Major Lewis A. Kunzig as athletic director at Camp Custer cantonment. Major Kunzig has been a staff officer and he succeeds Capt. Arthur D. Newman who has been transferred to the camp at Chickasaw. Major Kunzig was a football player and is a star fencer.

Mr. and Mrs. W. R. Smith and son and Miss Anna Smith left last evening for Long Beach, California, where they will spend two months.

AUTOS TO OPERATE UNDER STRICT LAWS AND REGULATIONS

Chief of Police Tolan Gets Set of Rules From Secretary of State and will Enforce Them

The rules for the operation of motor vehicles have been received by Chief of Police Tolan from C. C. Vaughn, secretary of state. It was pointed out that many operators of motor cars had not as yet paid the 1918 tax and that several were operating cars with 1917 plates, and some with none at all.

The chief was instructed to enforce the following rules: 1. The tax for 1918 is now due, and machines cannot lawfully be operated until payment is made.

2. The passenger car plates are green in color with white letters, and should not be used on any other type of car.

3. Dealers' and truck plates are yellow in color. Truck plates cannot legally be used on passenger cars nor passenger car plates on trucks. Colors are different that fraud may be detected.

4. Passenger cars engaged in carrying passengers for hire cannot be rated as trucks and should not be permitted to use yellow plates.

5. Every car should be compelled to show front and rear license plates. Display of one plate indicates the other is being used on another car.

6. Motorcycles carry but one plate on rear.

7. Every person engaged to drive cars, or making that business a part of his daily vocation is a chauffeur, and must be registered. A chauffeur must be 18 years old.

8. Every driver of cars for hire (owner or not) must be registered as a chauffeur.

9. Dealers must use their plates upon their own cars only, and cannot loan or transfer dealers' plates.

10. Plates cannot be transferred from one car to another but when cars are transferred, formal transfer of ownership must be made at state department. Transfer fee is \$1.00.

11. One-half the tax collected goes back to the county from where it originates and all tax is spent for the benefit of the highways.

12. We ask the cooperation of county and city officials in the collection of this tax promptly and enforcement of the provisions of this important law.

Eat Wheat and Save Wheat Hoover's Plea

(Continued From Page One) breadstuffs generally if we are to meet our export necessities.

Experience shows that the consumption of breadstuffs is intimately associated with the consumption of meat. For various reasons our supplies of meat for the next two or three months are considerably enlarged, and we can supply the allies with all the meat products which transportation facilities render possible, and at the same time somewhat increase our own consumption.

Eat Meat and Save Wheat. "In these circumstances the food administration considers it wise to relax the voluntary restrictions on meat consumption to some extent, with a view to further decreasing this consumption.

"So long as the present conditions continue the only present restrictions we ask are the beefless and porkless Tuesdays.

"The meatless and the porkless Saturdays are no longer asked.

"The response of the public to our request for reduced consumption of meat during the past month has been most gratifying, and this service alone has enabled the government, during this period, to provide such supplies as transportation to the allies permitted."

MANISTIQUE MAN DIED SUDDENLY ON SUNDAY.

Edgar C. Brown, prominent citizen and resident of Manistique since 1872, died suddenly from heart failure Sunday evening. Death came at the home of his daughter, Mrs. I. Yalomstein. He was sitting in a chair listening to a phonograph. Mr. Brown was born in New York state 71 years ago. He was superintendent of the Chicago Lumbering Co. yards and shipping for many years.

Use The Mirror Want Ads.

Old Prescription For Weak Kidneys

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says, "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact that, so many people claim, it fulfils almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcels Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Escanaba Daily Mirror. Large and medium size bottles for sale at all drug stores.

ALL ALIENS WERE NOT GIVEN RELEASE

Several Young Men in the Troops at Camp Custer Are Being Interned—Some Made Remarks.

Battle Creek, Mich., March 5.—All of the enemy aliens numbered among the national army troops at Camp Custer cantonment did not receive their liberty upon receipt of an order from Washington directing the cantonment commander to discharge them from military service.

Several young men including at least three from Detroit, have been interned and it is understood that the fate of about fifty other aliens is being determined by army officers and government officials. Few of these men realized the close watch that was kept on them during their stay at the cantonment and it is understood that several were surprised when they were confronted with the detailed record of their remarks and actions.

It has been intimated that several of the soldiers made caustic remarks when the Tuscania was sunk; one, it is alleged, said he hoped to be transferred to the aviation corps so he could fly home to Germany at the first opportunity.

DETROIT GOT MANY MILLIONS BY THE WAR

Six Hundred Million Dollars Worth of War Contracts Have Gone to Big Metropolis.

Detroit, Mich., March 5.—The war has thus far brought Detroit \$600,000,000 in government contracts. One-sixth of this already is in process of production. The balance is awaiting arrival of proper machinery.

Two hundred Detroit firms are working on war contracts. The factories accomplished and are accomplishing re-adjustment to the new requirements with comparatively little interruption.

These facts were given out here today by W. J. Cameron, a Detroit statistician.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plaster, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

BE CAREFUL ABOUT YOUR FRENCH MAIL

State Military Authorities Add Their Warning to That of the Post Office Department.

Lansing, Mich., March 5.—State military authorities today added their warning to that of the postoffice department in regard to preparation of mail for the boys in France.

Many packages have been lost because improperly addressed or insecurely packed. Others have been held for insufficient postage.

All parcels for the expeditionary forces must be left open for inspection. None will be accepted C. O. D. None can be insured.

No package can contain intoxicating liquors, trench candles, matches, or inflammable materials of any kind.

And as far as postage is concerned, the American soldiers have never left the United States. On ordinary letters only 3 cents is required.

FOUND—One pair horse blankets. Inside of city. Owner can have same by proving property and paying for this Ad. Enquire of Harvey Sprahl, Wells, Mich. 63

Nothing Too Good For Soldiers In Army Hospitals

(Continued From Page One)

was not a standard table and is used only rarely. Although it had to be made to order and cost considerably more than the ordinary table, it was rushed at once to the hospital.

Many army surgeons, he stated, ask for certain uncommon instruments, sometimes for use in one particular case only, yet the medical supply officers spare no efforts to obtain them. Equipment of the Very Best.

Carrying out the departmental policy of thoroughness in the treatment of the men, only the most sanitary, most modern and most efficient equipment is sent out. This rule applies to everything, from the furniture used in the institutions to the dishes from which the patients eat. Major Shields said that all hospitals are supplied with high grade silver-plated knives, forks and spoons, fine quality linens, the best food, sleeping quarters as pleasant and convenient as money can provide, and that everything else is on the same high plane.

Many Miles of Bandages.

Although the depot has to furnish no supplies for wounded men as yet, the hospitals of the Central Department have received more than 9,000,000 feet of cloth bandages—enough to extend from New York to the Texas coast. When the American forces are actually engaged in trench warfare in any considerable numbers, and wounded men begin to pour into American hospitals, Major Shields said, it is probable that the medical supply depot will be overtaxed to supply needed bandages. Because of this fact officials are investigating paper bandages which are said to be equally as serviceable as the kind now in general use. Paper bandages have been in use in Germany for some time almost exclusively owing to the inability of that country to get material for cloth bandages.

No Scarcity of Drugs.

Major Shields expressed confidence that the department will not be embarrassed because of the scarcity of any needed drug or medicine used at army hospitals. German drugs have been duplicated by American medical investigators with the result that the department is adequately equipped to care for its men, either wounded or ill.

Whiskey On Black List.

Practically no whiskey is used in army hospitals, Major Shields said. Its use, he declared, is being discouraged because the reaction it causes makes its use as a stimulant undesirable, according to the medical officer. He said, however, that a small quantity of whiskey is carried at the depot and will be supplied should any medical officer call for it. In this connection Major Shields spoke of the Vera Cruz expedition in 1914 when he acted as medical supply officer for General Funston.

"During the month that we were there," he said, "I issued just one quart of whiskey."

Lots of Alcohol Used.

On the other hand alcohol is one of the most widely used medical supplies kept in the depot. It is shipped to cantonment camps in 50 gallon drums and is used in great quantities for baths and in rubbing.

Electricity Plays Part.

Electricity is being made to do its share in the care of the soldiers. Many modern hospital appliances are operated by electricity in addition to the part it is playing in the treatment of tuberculosis. X-ray photographs of lungs of soldiers suspected of being tubercular are taken at the rate of fifty a day at each of the cantonment hospitals. By the use of these "lung pictures" the treatment of tuberculosis has been greatly simplified. Fifty thousand X-ray plates have been used at the Central Department camps in the past two months, Major Shields said.

Better order now and assure yourself of a L. K. EDWARDS Authorized Agent for Ford Cars for Delta County H. D. BRACKETT, Sales Manager 401 WELLS AVE., ESCANABA, MICH.'

Carpenter Makes Splints. To mend fractured limbs, splints in various sizes, made of steel, tin or wood, are carried at the depot, for shipment to hospitals as needed. At each hospital there is a carpenter who adapts the splint to the individual need of the patient. The medical supply depot at Chicago supplies hospitals at Camp Grant, Custer, Sherman, Dodge and Taylor, in addition to all aviation fields and smaller camps in the Central Department of the army. In addition to these the depot supplies furniture to all army hospitals in the country.

List Of Supplies.

Among the hundreds of articles sent out from here Major Shields listed scalpels, thermometers, hot water and ice bags, invalid chairs, cots, chairs, tables, silverware, operating apparatus, plumbing supplies, bandages, operating gowns, attendants' and nurses' clothing, pajamas, towels, linens, settees, plaster for casts, every known drug used by physicians, anaesthetics, toxins and serums, with the contrivances necessary for their application.

## MANY DRUGGISTS ARE SELLING OFF SUPPLY OF BOOZE

Bone-Dry Days After May 1st Makes It Necessary That They Get Rid of Stocks Now On Their Hands.

### LAWS WILL BE ENFORCED

Druggists Feel That it Will Be Useless to Bother With the Sale of Spirits Hereafter. Meatless Days Suspended So

Advent of bone-dry days in Michigan May 1 is causing drug dealers to unload their present stock of liquors as rapidly as possible. They say it is their aim to have no supply whatsoever on hand when the dry law takes effect.

"We have only a few gallons left now and should have this supply off our hands before the first of May," remarked one druggist. "It is our purpose to discontinue the handling of liquor even for medicinal purposes and I am told other drug stores in the city are doing likewise. The risks entailed handling liquor under the bone-dry laws are too great; they are neither worth the worry nor interest on the investment."

The internal revenue department fears that leaders of illicit rings supplying drug addicts will find a wider field in which to operate under the dry law. The department proposes destroying the business of drug profiteers.

To educate the public in the evils of drug traffic, it has been proposed that a "lecture bureau" be established. Experienced investigators would be procured to speak to church organizations, societies and schools on the Harrison anti-narcotic law and its enforcement. Thus the department hopes to gain the co-operation of thousands of Michigan citizens.

All drugs confiscated by revenue officers will be shipped to the chemistry bureau of the internal revenue department in Washington. Unadulterated drugs then are turned over for use of the United States army and navy. The revenue department is also preparing to register all known drugs addicts. The register is said to be one of the most dreaded weapons in the hands of the government.

### BAKERS ARE ALL MAKING WAR BREAD

Your White Bread Will Not Be White After This But Will Look More Like Rye.

In conformity with the food regulations, all the baking concerns in this city went on the war bread basis yesterday and until the war is over and for perhaps longer there will be no more white bread sold. The 20% substitute consists in most cases of barley flour and there seems to be very little difference in the taste of the new Victory bread. The difference is in the color and it is very much darker.

Mrs. L. Miller was called to Friday's Spus by the illness of her mother, Mrs. Joe Young.

Mr. and Mrs. Alfred Grant left last night for their new home at Seattle, Wash.

Mrs. John LaFleur visited relatives and friends at Friday, returning last night.

Joseph LaFleur visited relatives in Escanaba, returning to his home at Friday on Saturday.

George Jacobson of L. A. Erickson Clothing company, left last evening for Talbot on business.

### Custer Officer Is the Author Of New Book

Gets Up Text Book for Use of Military Men and Citizens—Carpenters Are Ready to Build Addition.

Camp Custer, March 5.—Major Howard R. Smalley is the author of "The Army and Field Note Book" which has been placed on sale throughout the United States. The book is essential in field work as it gives all the tables necessary for a field officer and is kept up to date by the publication of new leaves from time to time. Major Smalley is head of the Military Police of the Eighty-Fifth Division. Carpenters and contractors are now mobilizing at this cantonment for their drive to build an additional 50 feet on every barracks and the proposed new buildings at the base hospital. It has been authoritatively confirmed that this camp is to be doubled in size.

Work on the new buildings at the base hospital is already under way. A small army of civil engineers is busy daily in camp, taking measurements and making estimates.

### WHEN WEAK OR RUN DOWN

by chronic or acute throat and lung troubles which often decrease efficiency and menace life itself, try ECKMAN'S ALTERATIVE

This is a calcium preparation possessed of marked tonic value in addition to its remedial qualities. Contains no Alcohol, Narcotics or Habit-Forming Drugs. 22 size, now \$1.50. 31 size, now \$2.00. Price includes war tax. All druggists. Eckman Laboratory, Philadelphia.

### For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for extra large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanser and soothes. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying. The E. W. Rose Co., Cleveland, O.

## M'CORMICK SAYS RYE FLOUR IS NOT WHEAT SUBSTITUTE

Upper Peninsula Food Administrator Explains Why Rye Flour Was Withdrawn As Substitute.

### RULES ARE TO BE UNIFORM

Early Recipes Published Before the Food Conservation Campaigns to Blame for Misunderstanding.

"Rye flour is not a substitute for wheat flour in Michigan," said G. W. McCormick, assistant state food administrator in charge of food conservation in the upper peninsula. "When the wheat flour substitution order was made effective, Michigan was very short of substitute and the ratio was fixed at 4 to 1, while in Wisconsin the 50-50 basis stipulated in the order was adopted. On account of rail congestion and other transportation difficulties Wisconsin found that this ratio could not be maintained and rye flour was recently permitted to be used as a substitute. However, this order is temporary and when substitutes are available Wisconsin will eliminate rye as a substitute.

"In the beginning it was not the intention to place rye flour in the same class as wheat flour, hence the recipes issued under the authority of the National food conservation contained rye flour as a substitute. Later it became necessary to use rye flour to supply our allies and our own forces overseas, and rye was withdrawn as a substitute for wheat flour."

**Confusion Cleared Up.** There has been much confusion over the use of rye flour as a substitute on account of the many recipes issued early in the food conservation campaigns and the apparent conflict between these authorized recipes and food administration orders. It was to clear up this situation that Food Administrator McCormick was asked to explain the status of rye flour at the present time in order that housewives may govern themselves accordingly.

While many willing women have worked industriously with recipes containing rye flour as a substitute and after experimenting succeeded in developing various delicious viands, it will now be necessary to try new recipes and use their ingenuity and skill in accomplishing equivalent results without rye.

### Women Are Taking Great Interest In Plans For Register

Beginning March 19 a campaign of organization preliminary to registration of women for war service will be inaugurated in the Upper Peninsula by the Woman's Defense Committee. Mrs. W. J. Uren of Houghton, vice chairman in the Upper Peninsula, acting under the supervision of the state chairman, will make a tour of that section of the state accompanying Mrs. Frederick B. Perkins, of Ann Arbor, state director of registration.

There is keen rivalry in the upper part of the state to secure registration conferences to be held there and great difficulty has been experienced in determining the cities in which these conferences are to be held.

Among the lucky cities thus far are Houghton, Iron River, Manistique and Sault Ste. Marie.

The tour will be started about March 19. Preliminary to these conferences, meetings of constituent organizations are being held to stimulate the patriotic interest in various lines of activity. Following the war conference in Lansing, Mrs. Uren spent some time at the state headquarters of the Woman's Committee in Kalamazoo completing plans for the itinerary.

Mrs. W. F. Church of Kalamazoo has been named state chairman of the speakers bureau of the Woman's Defense Committee which is to be inaugurated at once for the purpose of disseminating information concerning the Woman's Committee Work, and other patriotic activities. Mrs. Church is spending the winter in Kalamazoo, and all her work will be conducted from the state headquarters office.

## DRUM CORPS BOYS RAISED BIG SUM

Little Fellows Of St. Joseph's and The Eagles Drum Corps Raised Hundred Dollars.

The drum corps of the St. Joseph's and the Eagles, which is composed of boys under 15 years of age have raised enough money to buy their drum. By popular subscription they got \$100.00, which was all they needed. The boys will each have to buy a suit now and will either get the money from their parents or earn it themselves.

They expect to drill regularly and will take part in the drill team parade during the summer.

### Prisoners Are Put to Work in "Trenches"

Sheriff Iverson thinks that a little fresh air is good for men who are confined in the county jail and he gives it to them whenever the chance presents itself, especially when that chance is coupled with something that is good for the pocketbook of the county or city. This morning he called out five of the men and arming them with the necessary tools, set them at work making a trench around the sidewalk surrounding the court house. This will drain the street and make walking better for the people going to and from the county building.

### Russell Rushton Aims To Be a Soldier Boy

Son of Attorney H. J. Rushton He Is Not Satisfied To Be a Private Citizen Now.

Several months ago Russell Rushton was advised by the family physician to live in the south for his health, which at that time was very poor. He located in Tennessee and has a fine position.

Recently he went to see his brother, Carroll, who was ill, in one of the military camps, and while there got a man sized dose of army life. He has written his father that he will not be happy unless he can break into the ranks and he says he does not care what branch, what service or how hard the work may be. He expects to take his examination this week.

Mrs. L. Miller returned to her home in this city last night from Friday.

**Steamship Concerns Will Be Taken Over By President Wilson**

(BY ASSOCIATED PRESS)  
Washington, March 5.—President Wilson intends to take over the Hamburg-American and the North German Lloyd steamship company at Hoboken, N. J. He arranged today with Senator Martin, Democratic leader, for an

amendment to the urgent deficiency bill appropriation giving him such authority.

**"SO LONG LETTY" HERE TOMORROW**

Out on the Pacific coast, just a few miles outside San Francisco, is a quaint little settlement known as Carville. It is made up of a colony of

fairly well-to-do people of the larger city who have secured discarded horse cars, wheeled them to the beach, and transformed them into attractive bungalows. Two of these cars form the unique settings for "So Long Letty," Oliver Morosco's amusing musical play which comes to the Delft theatre on Wednesday night, March 6. The first act shows the exterior of two of the car-bungalows and the scenes of the second are placed in the interior of one of them.

**WHAT COULD WE DO WITHOUT THE AID OF THE RED CROSS**

Retired Sergeant Says the Work of Great Organization Is Too Great to Tell About.

**FIRED ON BY GERMANS**

Red Cross Man Will Care for Wounded Even When He Is Under Fire From the German Guns.

"What could any army do without the Red Cross?" asks Sergeant Ronald Kingsley, late of the 58th Canadian Infantry, who is a veteran of the French front permanently discharged because of injuries received in battle. Sergeant Kingsley answers his own question.

"I think that probably the greatest tribute that can be paid to the Red Cross is the confidence of the wounded man. He feels that no matter how badly wounded he may be, if once he gets to the Red Cross man his life is safe.

"I witnessed an incident during the battle of the Somme which I shall never forget. A Red Cross officer and four stretcher bearers came to the support trenches for some wounded men. The officer raised a Red Cross flag in plain view of the Germans and with his men began to dress the wounds and finally to put the soldiers on stretchers. As they walked off the Germans deliberately fired on the party and the officer went down. He got up and started again, but was hit a second time and did not get up.

"Almost at the same time we heard a salvo of German three-inch shells, which wounded all the stretcher-bearers and the wounded soldiers received new wounds. Yet, in spite of this, another Red Cross party that same day went out and brought in wounded men. Need one say anything more? I think not."

The work of the Red Cross on the battlefield goes on night and day. Invariably the men and the ambulances are in range of enemy guns. Devotion to duty characterizes the Red Cross workers and the American boys are stimulated by this assurance.

**Mrs. J. K. Stack Explains Plan Of Registration**

(Continued From Page One)  
have their roots back in the home and those beneficent social institutions that are the heart of democracy.

"So, when a woman says, 'There is nothing for me to register for; I have to give every moment of my time to the care of my home and children,' we answer, 'Register for that,' and we try to send her away with the proud feeling that she is serving her country in a most vital way.

"Of course, the vast majority of women cannot be asked to go to other places. They must render their service in their homes and home communities, or not at all. A community survey, taken in advance of registration, is designed to enable registrars to suggest opportunities of philanthropic service to such women.

"Local philanthropies are crying out for such help, because so many people entirely forget them in their desire to render service more visibly connected with the war. 'It is just as patriotic to save the life of a baby at home as of a soldier in France,' is the slogan of the Woman's Committee.

"Registration is voluntary. Women will not be drafted into government service. If a woman registers for service at this time and when called later, finds herself unable, by changed conditions, to respond to the call, no punishment of criticism will fall upon her, nor will she be compelled to service.

"One point which we would like to have all women remember is: This is a government census, and if you are a loyal woman, it should include you. Disloyal or unpatriotic women are not asked to register.

"One important advantage of registration is, to have a registry of the capacity and training of the women of the country as the basis of the future work of the Woman's Committee of the Council of National Defense."

**Women Maccabees Will Knit Quilt for American Red Cross**

Commander Mrs. George Southland requests all the members of the Woman's Benefit Association of the Maccabees to be present at the home of Mrs. Peter Olson, 1109 Ludington street, this evening to receive their yarn for a quilt to be made for the Red Cross.

The women will buy yarn and do all the work, which, of course, is in addition to the part they are regularly taking in Red Cross activities.

Miss Vida Curry returned yesterday from a visit at Turin.

**Draft Quota Filled**

With the Departure of Men for Greenleaf Last Night Delta's Quota is Filled.

With the departure of the twelve men for Fort Greenleaf last night, Delta county's quota for the first draft has been filled, unless credit is not given for a number of men who have gone to Vancouver and accepted clerical positions.

Delta's quota was 214 men and they have all been delivered to the different places. Under present arrangement no more men will be sent until the next draft. Enlistments are being taken by the board for service in the coast artillery and the men will leave for Columbus barracks Saturday night.

**Escanaba Plays In Basket Ball Event For Final Honors**

Will Take Part in Games for Upper Peninsula Championship at Marquette On March 15 and 16.

The second annual basketball tournament for the championship of the upper peninsula, to be conducted by the Northern State Normal at Marquette, will be held Friday and Saturday, March 15 and 16. But the best part of it all will be that Escanaba will be represented, that is that she will have a chance to play for the upper peninsula championship. Escanaba has already entered her team and the work of the team during the next two weeks will determine just who will go. This tournament is to be run by the elimination process and three prizes will be awarded. They are as follows:

First Place—Large shield.  
Second Place—Medium shield.  
Third Place—Small shield.  
The independent prizes will be: To the Winners—Silver fobs designed for the occasion.  
Second—Bronze fobs, designed for the occasion.  
Third—Ribbon fobs, designed for the occasion.

There will be a special prize to the player who is considered by officials to be of most value to his team. The tournament ball will be awarded to the winners as a souvenir.

**MEXICO IS WORRIED ABOUT FOOD SUPPLY**

Government Is Trying to Get Some Substitute for Wheat and Recommend Use of Bananas.

(BY ASSOCIATED PRESS)  
Mexico City, March 5.—The Mexican government has sent agents out to investigate the possibility of using various plants and fruits to supplement the nation's limited food supply. Among the recommendations received by the government is one that bananas should be utilized in the manufacture of a substitute for wheat flour and corn meal, which are becoming extremely scarce and costly.

Banana flour is known to be very nutritious when properly prepared but a cheap method of manufacturing is said to be lacking. It is hoped to obtain more food stuffs from the maguay and century plants which already yield fibre, candies, pulque and fodder.

**Red Cross Notes**

Announcements of Meetings of the Various Classes Working for the Red Cross and Other Notes of Interest.

By Mrs. I. G. English.  
The women of St. Joseph's church attended their first class in surgical dressings last night and made a record for beginners. 800 dressings being the result of the work of the 16 women present. The class was held at the K. of C. rooms, but hereafter all classes will be held at the new Red Cross headquarters.

Red crosses have been awarded the following women for 32 hours' service at surgical dressings since Feb. 1: Mrs. E. C. Norton, Mrs. L. M. Beggs, Miss M. Bourdelais, Miss Jessie Frazier, Mrs. M. Turner.

Mrs. H. H. Tughitt, Mrs. S. W. Brennan, Mrs. J. J. Cox, Mrs. H. W. Reade, Mrs. J. R. Andrews, Mrs. W. W. Oliver, Mrs. G. M. Mashek, Mrs. J. C. Finnegan, Mrs. E. C. Voght, Mrs. Orrin Hughtitt, Mrs. M. Delta County's Oldest, Largest and Strongest Bank

**Capt. Hewitt Will Meet Other Men At Calumet Friday**

or will immediately ask the Japanese government to take whatever action it may deem necessary to oppose the German propaganda and to protect the military stores at Vladivostok. (The belief in Washington is that action by Japan is imminent.)

Reports indicate the Russian Red Guards continue to menace the frontier of China.

Articles of the treaty signed by Russia and the Central Powers do not go into details, but German domination is assured.

Article three provides that Germany and Austria shall be permitted to decide the fate of the populace in "an agreement arranged for that purpose."

The new Russian frontier from the Gulf of Finland to the Caspian Sea is to be determined later. Russia is to evacuate Anapolia and surrender Baboun Kars and Erizan, remaining ports, to the Turks. The combined area is about 20,000 square miles with a population of about 1,500,000.

Attacks of larger proportions than usual and intense artillery duels continue to keep active the situation on the western front. However, so far there have been no indications of any operations by the Germans on a large scale.

At Verdun the French carried out attacks that brought them forward a distance of 600 yards to the German fourth line. The French took a total of 150 prisoners in this operation.

American artillery fire slackened considerably through the day.

**STRONG EVIDENCE**

is the Statement of This Escanaba Woman.

Backache is often kidney ache; A common warning of serious kidney ills.

"A Stitch in Time Saves Nine"—Don't delay—use Doan's Kidney Pills.

Profit by the experience of Mrs. Frank Provo, 206 S. Wolcott Street. She says: "About four years ago I was feeling badly on account of my kidneys. My back ached considerably and I felt tired out and listless. My kidneys were out of order, too, and caused annoyance. At times, dizzy spells came over me and specks seemed to float before my eyes, blurring my sight. I got Doan's Kidney Pills at the Mead Drug Co. and they cured me of all signs of kidney complaint. Doan's are just wonderful and I can't praise them too highly."

60c. at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

**Too Late to Classify**

**WHEN CHILDREN CRY OUT**

And are feverish and don't sleep well, are constipated and have symptoms of worms, mothers will find quick relief in Mother Gray's Sweet Powders for Children, the standard remedy for 20 years. They are easy to give and children like them. They cleanse the stomach, act gently on the bowels and break up colds. Relieve headaches and teething disorders. We have 10,000 testimonials. Ask your druggist and be sure to get Mother Gray's Sweet Powders for Children, 25 cents.

**SAFETY AND PROFIT**

It is worth while to put money aside for the future.

It is equally important to place it where it will be absolutely safe.

Coins or bills carried in the pocket or hidden away at home may be lost, destroyed or stolen, and besides the money is idle—it produces nothing for its owner.

This bank affords absolute safety for funds deposited here and at the same time pays interest on the product of personal thrift.
