GIGANTIC OFFER MADE FOR TRADE AT HOME DOLLAR

Here Is a Chance to Get Wonderful Value for One of the Daily Mirror Trade Dollars.

ONE MILLION IS OFFERED

Attorney Rushton Says He Is Not Going to Be Outdone by any Merchants in the City.

Yesterday Attorney Rushton made inquiries about the Daily Mirror Trade at Home Dollars and said that he was going to be a bidder for them and that he was going to get a few to spend before the week is out. When he was asked how much value he would give for one of them he declared he would give ONE MILLION DOLLARS WORTH.

He says he will go right out with the money and see where he can get a couple of dollars worth of cigars for it. This is the highest offer made so far for the tagged money, but before the week is out there will be other big offers.

Many people are going to get one of these dollars during the week and as soon as you get it, go to the store that is offering a premium for it. Don't wait, but keep the money going.

If you do not spend the dollar the day you get it, you will get no bonus. Every morning a new tag will be put on every dollar turned in and for any that do not show up a duplicate will be issued.

The money is to be spent the day you get it, not the next day, and there is not much chance of them not being spent on the same day when it is realized by holding one of them. If you want to spend your money during this campaign will have a sign in his window telling you what the dollar is worth in his store on that day. Look for these signs and also look in the paper each evening, where a list will be published of the market value of the dollar at different stores the following day.

MESSANGER BOY HAS BEST SCOOT IN TOWN

One of the Western Union messenger boys has possessed himself of a gasoline propelled "scoot," or autopod which is the name given it by the manufacturer. The "scoot" has attracted a great deal of attention upon the streets and the owner is envied by all "kids." The simple style of vehicle is popular in cities as a means of quick locomotion.

Mrs. Harsted, of Bark River, is spending a few days here.

New York Cloudburst Drives Scores From Homes; Floods Town

(BY ASSOCIATED PRESS) Rochester, N. Y., March 14.—Scores of families were driven from their homes and all industries in Hornell are paralyzed as a result of a disastrous flood, due to a cloudburst that swept down the valley early this morning, inundating one city. The entire factory district is under water and many buildings have been damaged to the extent of thousands of dollars. Firemen and policemen have been working for four hours in boats to rescue people floating around on rafts. So far as is known no lives have been lost. The flood extends 40 miles down the Canisteo river valley and the water continues to rise.

Washington Advice Indicate Former Minister Will Take Active Part in Campaign.

FRANCIS CABLES WORD

Chinese Forces Meanwhile Are Growing More Revolutionary and Have Attacked Several Towns.

(BY ASSOCIATED PRESS) Washington, March 14.—Further indications that Leon Trotsky, former Russian foreign minister, will oppose the ratification by the Soviets congress of Germany's peace terms and that he will advocate the reorganization and use of the Russian army in defending Russia, were contained in a dispatch to the State Department from Ambassador Francis. The dispatch was sent by Francis from Vologda, where he and several other envoys are quartered.

To Increase Export Of Meats To Allies; Entente Send Ships

(BY ASSOCIATED PRESS) Washington, Mar. 14.—Meat exports to the Allies will be increased fifty per cent and perhaps doubled shortly under arrangements being negotiated by the food administration with allied food representatives. The purpose is to build up the allied meat reserves from the great surplus which has accumulated in this country. The Allies would furnish all ships for moving the meats overseas.

Camp Custer Briefs Tersely Told About Interesting Events

Patch of Gossip Which Has Been Received from One of the Local Boys Who is On Job.

Battle Creek, Mich., March 14.—Two sanitation squads of 26 men each have been organized at Camp Custer cantonment. It will be the duty of these squads to proceed ahead of the 85th Division of the National Army whenever it is ordered to move, and make a sanitary survey of the new location. One squad will be detailed along the lines of communication and the other will be stationed at the destination. Captain Puleph and Lieut. Mardan have been placed in command of these units.

Although riflemen are constantly being transferred from Camp Custer cantonment for overseas service the artillery is still in camp. This branch of the service is less advanced than the others, and the reason given is lack of ordnance. For some time after the cantonment was opened the artillery had no guns, and at present the equipment is only about five per cent complete.

Uncle Sam's Fighting Men Are Sure to Get Their Three Squares Every Day While Fighting.

Lieut. Myers of the Princess Pat regiment, who will speak at the Delft theatre tomorrow evening says that one of the questions everyone asks him is how the boys are being fed "Over There." In reply to this question, Lieut. Myers says:

"A few months ago the quartermaster general's department, faithful to its complicated task of supplying everything from shoes to sugar to a rapidly forming army of over a million men, telegraphed an appeal to 58 leading hotel proprietors throughout the country asking the loan of 3,849 chefs and expert cooks to teach the science of gastronomy to the kitchens of our 16 new cantonments.

Son Judge McEwen, Though Above Draft Age, Joins the Army

Cassius McEwen Quits Position in Montana Paying \$2,400 a Year and Will Go "Over the Top."

Judge C. D. McEwen today received a letter from his son, Cassius, in which the latter states that he has given up his position as assistant manager of the Anaconda Copper Mining and Lumber company to enlist in the army.

The young man is above the draft age and was drawing a salary of \$200 a month and his expenses, but he wrote that he was not married and could find no reason why he should not serve the country as the country has served him. The young man is well known to a number of Escanaba people.

THIS IS OF INTEREST TO FARMERS AND MILLERS

Mills and elevators may exchange flour for wheat with farmers without farmers taking substitutes, providing the farmer furnishes a statement he has on hand substitutes equal to the amount of flour delivered against which there has been no previous flour purchase. The farmer is allowed to take quantity for use until the next harvest.

Day of Civil War Hardtack Is Gone; Good Food Served

Now, the browned-in-the-oven old mess sergeants of our regular army cooking schools—of which four have flourished for many years—are willing and anxious to sit at the feet of the capable wizards who have fed Fifth avenue and Tremont street...

The red-bordered service flags are flying on every street, with blue stars on the white field, one, two, three, or many more, each household or factory sending its due proportion of its young men...

The Danes never have been fooled concerning pan-Germanist aspirations in the direction of their own country. They know that Germany entertains not the slightest regard for the rights of neutrals...

Now the army complains that the habit which some American women have of adopting soldiers previously unknown to them is gumming up the war. Sentimentalists of this particular type should content themselves with adopting and doing everything possible to promote the welfare of that handsome, modest and honorable fighter, Uncle Sam.

German-made peace is rumored again. Germany to get all the favorable conditions, and will, of course, reserve the right to treat any agreement subsequently found unpleasant, as a scrap of paper.

A returned traveler says there isn't a fat man in Germany. Nor, we imagine, in Russia, where most of the fat men, along with others, have been running for cover one way or another for the last several months.

And the greatest waste of all in the land of the free and the home of the brave is the waste of time that can never, never be recalled. The war is pretty likely to quarter itself on the soldier.

Bread From Field Bakeries.

At Washington barracks, where he studied the cuisine for enlisted men; he went back to New York with his observations, together with a copy of the month's menu. Today the McAlpin serves—by the enthusiastic recommendation of M. Panchard—a "military luncheon" which is a duplicate of the noon meal which Uncle Sam dishes up for his boys.

son" which, their great kettle boiling merrily all day, so much drawn into action behind the marching men. Soup is simmering, beef is stewing, the classic beans are heating as the doughy cook wagon bumps along.

In the months to come, when our American "rolling kitchens" are perched reasonably out of range on a scarred field somewhere in France and our boys from home are emptying their plates of a generous helping of "El Rancho" stew, they may lift their bullet-proof helmets to the printed consoler, comforter, and friend which has followed them to the trenches—the manual for army cooks, issue of 1918.

As a matter of history, the present volume of official recipes is about a dozen years old. It has been collected from many sources by many wise men adorned with uniforms and backed by general orders; but its choicest and best originated in the instinctive inimitable methods of Aunt Diana, who concocted her champion waffles by "jes' tastin'."

It is rather interesting to think that the men who have the same food in the barracks do in barracks. This is so because of the barracks, which are really a sort of kitchen, and the men who are in the barracks are really a sort of kitchen.

There is also an oven where a roast may be brought to a turn, and, as a surprise to you, a big, smooth plate where flapjacks come to life. One kitchen will feed 200 men, a war-strength company, and it will need three men to operate it at its maximum capacity.

Trailing each kitchen is a fireless cooker with four large compartments. There are now four regular schools for army cooks—at Fort Sam Houston, Tex.; Fort Riley, Kan.; Monterey, Cal.; and Washington Barracks. The new cantonments will increase these schools manifold.

Oddly enough, the fact that a man has had previous experience is more apt to be a hindrance than a help, and there is a great deal in his natural endowment. As the sergeant in charge of the cooking school at Washington Barracks said, "You can do more with some men in five minutes' talk than you can with another in a month's hard work."

Take, for instance, the army Irish stew. It is far removed from the dull wash-day dish which answers to that name in most households. The vegetables are tender and flavorful; the meat (round steak) is very delicious, because it is properly cooked; and the gravy; it's thick, but not thickening, and so very good with the meat juices and vegetable favorings skillfully concentrated with spices that there is a justifiable temptation to wipe the last bit of it from the plate with a piece of the excellent army bread.

To the average cook and housewife this bread is remarkable, for it is made without milk and without lard. When you see it going into action in the floured hands of a squad of bakers your comment is that the shortening is "sibow grease," for it is worked until the dough is perfectly smooth. They "cut it over" five times, which takes about 45 minutes of hard working, so hard no mixing machine is strong enough to do the work.

Old Prescription For Weak Kidneys

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have benefited, to those who are in need of it.

A prominent druggist says, "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact that, so many people claim, it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Escanaba Daily Mirror. Large and medium size bottles for sale at all drug stores.

WORK OF RED CROSS COVERS MUCH GROUND

Something About the Farm Relief Work That is Being Taken Care of By Big Organization.

Relief work by the American Red Cross is far more varied than is commonly known. Take the situation in Serbia for an illustration. Here, not only the customary medical relief was given but a practical form of civilian relief was accomplished by providing seeds and agricultural machinery.

The Red Cross mission to Serbia found the remnants of this nation starving, with 21,000 acres of fine land near Monastir idle because of a scarcity of seed and farm tools. A cable to America resulted in a prompt shipment of enough seeds and machinery to assure thousands of bushels of corn, barley, rye, potatoes and other food produce this year.

There were many advantages in this plan of relief. First of all, the shortage of ships made it imperative for the Serbians to produce as much of their food supply as possible. Next, it gave the idle people useful employment. Third, their efforts will feed not only themselves and take them out of the charity class, but provide a surplus for others.

The greatest value of the Red Cross work was in raising the spirits of a nation which has suffered unspeakable horrors. The Austrians had practiced shooting in cold blood, burning civilians at the stake, starvation of whole villages, hanging and other forms of frightfulness to annihilate the Serbians as a race.

Those who are left of this valiant people look upon America with impishable love because of the aid given them through the Red Cross.

ALL YEAR SCHOOL SYSTEM ALL RIGHT

Mason City Plan Was Endorsed By School Superintendents at Atlantic City Convention.

(BY ASSOCIATED PRESS)

Mason City, Ia., March 14.—Mason City's all year school system which is divided into four quarters of twelve weeks each, has received the general approval of the National Conference of school superintendents which recently met at Atlantic City, N. J. F. E. Palmer, superintendent of the high school, attended the conference and described Mason City's school system, now in the third year of its successful operation. It is very similar to the system which the University of Chicago established when that institution opened in 1893.

The conference adopted a resolution endorsing an all year school system and this endorsement has received the approval of Secretaries, Baker, Daniels, Lane and Claxton of President Wilson's cabinet, the local officials report. The resolution which was adopted at the meeting said:

"In general, it is believed that the present emergency is an opportune time for readjusting the schools on an all year round basis with a school year of forty-eight weeks, divided into four quarters of twelve weeks each."

"Take a Baby in Your Home" Was Slogan Adopted

Cleveland, O., March 14.—"Take a baby into your home to show your patriotism."

This slogan was adopted by Miss Charlotte Ludwig, chief of bureau of public nursing, in connection with an effort by her and the Cleveland Humane Society, to find temporary homes for 100 babies ranging in age from 1 to 6 years, and whose fathers have entered the military service. The "adoptions" usually are limited to a few months, but families frequently become attached to the little ones and arrange for their permanent adoption.

EXPERT OPTICIANS FORM AN ARMY UNIT

Fourteen Men Have Joined New Branch of Service to Care for the Sight of Soldiers.

St. Louis, Mo., March 14.—Albert Aloe, nephew of President Aloe of the

French in Reaching to Cause for Action of Allies

St. Louis Board of Aldermen, has gone to Washington to join a "mobile optical unit" now being organized by the war department for service in France. The unit has about fourteen members, most of them expert opticians. They will be equipped with complete facilities for testing eyes and fitting glasses. The unit also will have motor trucks, enabling it to move rapidly from camp to camp in France and attend to the needs of the soldiers for glasses.

As far as known here, such units are not being organized for work in the cantonments in the United States, but only for foreign service.

Mrs. William Schleuter, of Friday, spent a few days in the city visiting relatives and friends.

French have repulsed German attacks with severe losses to the attackers. American raiding parties and American both are busy on the sea.

Silk Gloves

They are distinguished by clever designs without number, and are in solid colors and contrasts appropriate for "occasions" with the most diverse demands. They're made with patent "tips" that outwear the gloves. Colors are Pongee, grey, white and black. Marked at prices that are considerably under the present market.

Eastern Star Has Arranged for a Patriotic Social to Be Given Friday Evening.

The Eastern Star will give a 6:30 supper and a patriotic program and informal dance on Friday evening of this week. An invitation to the program and dance is extended to members of the Masonic Order and their families. The invitation to the supper is limited to members of the Eastern Star ladies who are members and whose husbands are not so privileged to bring them. An admission of 50 cents is charged to all. Olmsted's orchestra will furnish the music.

Camp Custer Briefs Tersely Told About Interesting Events

(Continued From Page One)

There are three regiments of Artillery at Camp Custer. One of the regiments is of heavy artillery, and there is not a piece of heavy ordnance in camp. The two light artillery regiments have four three-inch guns.

General Chase W. Kennedy, commander of Camp Custer cantonment, has officially approved amateur theatricals at the camp and as a consequence, 40 picked men from the 337th Infantry are soon to make a barnstorming trip through Michigan and Wisconsin.

The company will leave in April, and will stage a performance entitled "A Day at Camp Custer." George Herbert of Chicago, camp director, will have charge of the tour. Scenery is

being painted.

As the 337th Infantry is composed of Northern Michigan and Wisconsin men, this territory will be visited. The profits of the tour will be divided between the regimental fund and the athletic division fund.

The tentative itinerary includes Milwaukee and Green Bay, Wisconsin, and Sault Ste. Marie, Escanaba, Menominee, Marquette, Ishpeming, Calumet, Houghton and Saginaw in Michigan.

An official report of the work of Knights of Columbus members at Camp Custer cantonment in February, shows that three band concerts and 28 entertainments were given. Twenty-six small sacks of magazines were disposed of and nearly 80,000 sheets of writing paper or envelopes were used by the select men. The K. of C. organization is to have two new secretaries at camp.

Latest health reports from the various cantonments show that Camp Custer has dropped to seventh on the list. The health record at Custer has slumped somewhat because many of the trained troops have been ordered elsewhere, and, of course, the sick soldiers were left in camp. As a result the total number of men training here has been reduced and probably will remain low until the next draft.

Camp Custer is getting ready for its first annual spring house cleaning. When the contractors completed their work here last fall, they left tons of debris on the reservation outskirts. This is to be cleaned and it is estimated that the work will keep 500 men busy for two weeks. Forces are now repairing sidewalks and grading roads.

The sanitary department will start its drive against flies and mosquitoes early. Dirt piles will not be allowed to remain in camp and natural breeding places will receive special attention.

Below are some tried recipes for war bread which may be found interesting and useful. When liquid yeast is used, a cupful may be counted as equal to one cake of dry or compressed yeast, and a slight reduction must be made in the total amount of liquid used.

Do your bit—small sacrifices now may save you from making greater ones later.

CHICKEN SALAD

1 C cooked chicken
1 C celery
2 lettuce leaves
4 T salad dressing (or more)
Mix chicken and celery with salad dressing. Arrange on lettuce leaves. Serve very cold.

PIE CRUST

There are other ways of reducing the amount of white flour we use. Excellent Pie Crust may be made by using 1/2 white flour and 1/2 rye or barley. Use your customary recipe, reducing the amount of shortening, if barley is used. Serve pie less often than formerly. Let most of these be crust pies. Try the New England deep apple pie, with only a top crust.

CORN MEAL CRUST

Grease a pie plate well. Cover with raw cornmeal, giving the plate a rotating motion as you do it. Lay the top crust on and mix thoroughly. Roll very thin and line small pie or tart tins with the mixture. Bake in hot oven. Fill with sprouts, marmalade or other thick mixture. If desired, spread a meringue on top and brown in the oven.

BARLEY MASH

1 C ground barley
3 C boiling water
1 t salt
Stir barley gradually into boiling salted water. Cook thoroughly about two hours.

TAPIOCA

Tapioca is rich in starch. Use tapioca puddings often now, letting them take the place of better puddings and pastry, both of which require flour. Be sure to cook tapioca thoroughly. The reason many people dislike tapioca is because it is uncooked, leaving a raw, starchy taste which is very disagreeable.

VEGETABLE LOAF

1 C chopped carrots
1 C peas, boiled and mashed
1 C strained tomato or meat stock
1 C boiled rice
1 C bread crumbs, or
1 C mashed potatoes.
Season well with salt, pepper and onion. Celery and other seasonings may be used.

Mix well. Shape into loaf. Bake as meat loaf. Serve with gravy, white sauce, or tomato sauce.

CARROT SOUFFLE

1 cup White Sauce, medium thickness
1 cup carrots, boiled and mashed
1 tablespoon minced onion
3 eggs
Salt
Paprika
Add the carrot, the onion, and the seasoning to the White Sauce, then add the beaten egg yolks and beat the whites of the eggs until they are stiff. Fold them lightly into the hot mixture and turn this into a greased baking dish. Set the dish in a pan of hot water and bake the soufflé in a moderate oven for 30 minutes. Serve it at once from the dish in which it was baked.

CARROT AND CHEESE SALAD

1 pint grated raw carrot
1/2 cup grated cheese
Salt
Paprika
Toss the ingredients lightly together and serve them on lettuce with either French or Boiled Dressing.

Tested War-time Recipes FOR USE IN MICHIGAN

(Clip and save these recipes for future reference.)

Earnest Co-operation Needed.

Remember, that the recipes which are being given here, and those which you will find in other places, are merely suggestive. They show what can be done. But recipes alone will not solve the problem. Winning this war by food will not be possible unless you give to the matter your earnest and sincere thought and cooperation. The problem is for you to reduce by one-third the amount of wheat you have been using. How it can best be done in your household is for you to decide. But see that it is done.

Do your bit—small sacrifices now may save you from making greater ones later.

NO HIGH SCHOOL ANNUAL THIS YEAR

Patriotic Class of 1918 Think Money Book Would Cost Should Go Else-Where.

For the first time in several years the Escanaba high school will not issue an annual graduating number. The class of '18 have a patriotic sentiment in connection with the abandonment of the annual which is set forth in the following manner by Miss Amy Bolger one of the members:

"It will be of extreme interest to those who have so closely followed the successful career of the Class of '18 to learn, that, as a fitting climax to their patriotic activities throughout the year, they have given up their Annual. In view of the fact that an Annual is one of the cherished institutions of the school in general, and of the Senior class in particular, this abandonment shows an amount of initiative and a spirit of Americanism that should make the people of Escanaba sit up and take notice.

"What the breaking of this established rule means to each member of the class can be measured to some extent by the fact that, not only have the plans for a bigger and better Annual than that of last year been long under way, but much of the material has been collected and handed in.

"While this patriotic decision will deprive the community at large of the best book ever put out by a high school, the Senior class has decided that the Red Cross needs the money and that it is up to the Senior class as a wide-awake, one-hundred per cent American association to put that money where it is needed.

"And so, though you may be disappointed and grumble a bit because 'Willie's' picture isn't printed in a book, like 'Johnny's' was last year, just catch a little of the spirit of this organization, and remember, that when Johnny goes over he may be wearing a warm woolly sweater, that might have been an Annual for the class of '18."

STATE FIRE MARSHAL IS ON JOB IN CITY

State Deputy Edward Parish Making the Rounds of Business Places and Picture Houses.

Deputy State Fire Inspector Edward Parish is in Escanaba today to see whether or not some of his orders, made when he was here on his last trip, have been carried out.

He said today that hereafter it was not going to give the local people three chances to clean up their premises, but after the first order was disregarded, would take prompt action. The fire loss in Michigan is altogether too large and most of it is from carelessness about waste paper and refuse.

Mr. Parish is making his trip for the purpose of inspecting the picture houses, but says the local theatres have everything necessary for the safety of patrons and he needs spend but little time on that account in Escanaba.

In his trips over the territory covered by him the fire inspector carries a number of slides relative to the prevention of fires which he has the picture houses throw on the screen at each performance.

He states this has been a great help to him in getting the public educated in the prevention of fires and says that most of the picture houses in the state are working with his department to better the conditions.

THE WEATHER

For Escanaba and Vicinity: Generally fair tonight and Friday.

For Upper Michigan: Generally fair tonight and Friday; colder tonight in east portion.

Weather Conditions.

During the last 24 hours the Rocky Mountain and Plains disturbance moved eastward to lower Michigan where it appears this morning as a storm of marked character. It has been attended by snow, sleet and rain in the middle portions of the Rocky Mountain and Plains States, the lower Lake region, upper Ohio Valley and middle Atlantic coast region. A strong anti-cyclone has developed over the far West and temperatures are generally lower in practically all sections of the country, the greatest change, from 10 to 25 degrees, having occurred in the Rocky Mountain and Plains States. Temperature at noon 34

Lowest last night 24

The Barr School Mothers Club will meet at 3:30 o'clock Friday afternoon in the kindergarten of the Barr school. All mothers and members are requested to be present.

Income Tax Reports

Must Be in Hands of Collector in Grand Rapids Before April 1st.

1. Persons Required to Make a Return of Net Income.

Every citizen of the United States, whether residing at home or abroad, and every person residing in the United States, though not a citizen thereof, whose NET income for the calendar year 1917 amounted to \$1,000, if the individual is single or does not live with wife (or husband), or \$2,000 if he is married and lives with wife (or husband), is required to make a return.

If the combined income of husband and wife, living together, and dependent children equals or exceeds \$2,000, all such income must be reported, either on one return or on separate returns. Husband and wife should make separate returns if either is subject to surtax.

Executors and administrators of the estates of deceased persons must make returns covering the part of the taxable year during which such persons were alive, and also returns for the estates during the period of settlement. If the income of a trust estate was distributed, the fiduciary should get a copy of Form 1041 and comply with the instructions thereon. If the income from a trust estate was not distributed, the fiduciary must make a return for the estate on Form (1040).

Guardians must make returns for their wards. Duly authorized agents may make returns for persons who by reason of sickness or other disability or absence from the United States are unable to make their own returns.

PENALTIES.

For Making False or Fraudulent Return.—Not exceeding \$2,000 or not exceeding one year's imprisonment, or both, in the discretion of the court, and 100 per cent of the tax due.

For Failing to Make Return On Time.—Not less than \$20 nor more than \$1,000, and, in addition, 50 per cent of the amount of tax due.

For Failing to Pay Tax On Time.—Five per cent of the amount of tax due and one per cent interest for each full month during which the tax remains unpaid.

The Agent of the Department is at the Court House. We will be glad, also, to give you advice and assistance.
