

GERMANS HALT TO REORGANIZE FORCES

FOCH'S ELEVATION TO GENERALISSIMO BIG DEVELOPMENT

French General's New Position Over All Entente Troops Regarded As Most Important of War.

FIGHT HAS DIMINISHED

British Yield at Few Points, But French Hold and Push Boche Back; Germans Are Halted.

(BY ASSOCIATED PRESS)
Washington, Mar. 30.—The appointment of General Foch to the supreme command is regarded here as the most important development in the situation on the west front. It means the coordination of all armies opposed to the German onslaught.

The step was long urged by American and French military men and apparently was brought about by the realization of the immediate necessity to drive the Germans back.

Although it was learned that President Wilson had been officially advised of the appointment when he sent the message to General Foch yesterday, congratulating him on his new authority, there was no explanation at the White House of what the message meant.

The United States has always advocated concentration of military powers in France in the hands of one general, and it is generally believed that Secretary Baker's recent visit to France and the subsequent trip to England might be connected with the deal.

It only serves to strengthen the belief that the counter offensive is not far off and that the Allied blow is to fall on a German section of the recent fighting front.

(Associated Press War Summary)
Fighting on the battle front between the Scarpe and the Oise has diminished greatly except between Albert and Montdidier where the Allied forces are being made ready for the counter blow against the Germans. General Foch, who played the memorable role in stopping the first German rush toward Paris and channel ports, has been given command of the British, French and American armies.

Repulsed in an attempt to widen their salient the Germans have driven forward into the apex of the wedge toward Amiens and are now astride the Somme, about 12 miles east of that important position. Just south of Albert, however, the British are holding the line along the Ancre.

The French have comparatively checked the Germans east of Montdidier and the enemy has not tried to repeat unsuccessful attempts to force a passage over the Oise, east of Lassigny. Between Montdidier and Lassigny the French counter offensive which took them into the outskirts of Noyon on Thursday continues.

General Foch's appointment indicates the moment for the strong counter movement has arrived, with the Allies in a mobile force and the British and French under General Foch, who will have full scope.

The wings of the German salient are its weakest points. As they press forward without widening the wings simultaneously their positions become more hazardous. It is at such points that the Allies hope to strike.

The situation remains unchanged on other sectors in France and Italy.

The Germans last night renewed powerful attacks in the Montdidier region and a great battle was raging along a 25 mile front on both sides of the salient. The French, backed up by powerful reserves, offered desperate resistance to the German blow. Apparently the French line was forced back slightly along the northern edge of the town as Moreuil forms a part of the line here. This place is about eleven miles southeast of Amiens.

The report that the Germans are digging themselves in at Thival and Laboisselle, north of Albert, may be significant. It was suggested that the Germans, foiled in their attempts to break the allied line or drive a wedge, may be making an attempt to re-establish trench lines either for defensive purposes or for another plunge into entente territory. The line of the reported entrenchment is only a little more than three miles in length and at present the movement is likely local for the protection of Albert.

WILL GIVE BOYS PRESENTS.

Louis Schuette will be among those who remember the boys who are leaving for Camp Custer tonight. He has cigars and cigarette for them which will be presented before they leave.

Woman Arrested for Intrigue at Curtiss Aeroplane Factory

(BY ASSOCIATED PRESS)
Newark, N. J., March 30.—Admission that German spies are employed in the Curtiss plants has been obtained from Mrs. Lydia White, woman arrested today with blueprints of airplanes in her possession, the police announced.

The woman, who is about 25 years old, was turned over to the federal authorities and held under \$10,000 bail together with Frederick Ernaldo, a boarder in her house. A search of the rooms disclosed the blueprints.

Mrs. White told the story of German spies in the Curtiss plants and federal authorities have taken the matter under investigation.

51 DRAFT MEN TO LEAVE FOR CAMP CUSTER TONIGHT

Six Will Leave From Other Points, Two Are Ill and Will Leave at Later Date.

FOUR FAIL TO ANSWER

When the Names of Four Men Were Called They Did Not Answer; Have Left State.

Fifty-one Delta county young men assembled at the court house this morning to answer to the roll call and to receive final instructions for their journey which starts tonight for Camp Custer. W. J. Fitzsimmons of this city was placed in charge of the men and will name his assistants if it is necessary.

The boys were all in good spirits and were passing jokes around while waiting for the roll call. Six men have arranged to leave from other points and two are ill and will not leave until able.

Four men did not reply when their names were called and it was not expected that they would for their papers mailed to them at their last address have all been returned from the different postoffices.

Clarence Tardiff, of Gladstone, brother of the first Delta county man to be injured in the war, will be one of those to leave this evening. The boys are allowed to spend the day with their friends but a number of them tentatively agreed to meet downtown and march to the train together.

Following is the list of those who are leaving from here tonight:

- To Leave From Points Designated.**
- Ben Lok, Duluth.
 - Edward C. Kraus, Moline, Ill.
 - Eli C. Cousineau, Montana.
 - Julius A. Peterson, Chicago.
 - Henry Gunter, Detroit.
 - J. Leslie O'Meara, Chicago.
- Ill At Present.**
- Clair W. Bourdelais, City.
 - Frank Lausher, Cornell.
- Did Not Answer To Roll Call.**
- Walter Swanson, Gladstone.
 - Tom Todish, Wells.
 - Nazimer Gudzunon, Wells.
 - Joseph LaPointe, Perkins.
 - Bodewin Vanterbergh, City.
 - Tony Zermokowicz, Kenosha, Wis.
 - Carl A. J. Josephson, Gladstone.
 - Arne Rian, City.
 - Carl A. Stenmark, Rapid River.
 - Fred Christensen, City.
 - Haladan Anderson, City.
 - Vintie Shorkey, Maple Ridge.
 - Fred E. Peterson, City.
 - Tom Vallincourt, City.
 - Henry Devet, Kipling.
 - Jesse J. Foulet, City.

Four Miners Trapped; One Alive, May Escape

Bessemer, Mich., March 30.—Four Finn miners were buried in a shaft of the Ironton mine when a cable broke, letting a loaded four-ton skip drop on the men 500 feet below. One of the victims is still alive, but it is impossible to learn which, as the underground telephone is not working well. The living man escaped inside the drift, but the shaft was wrecked when the skip fell and it may not be possible to reach him alive. The men trapped are Herman Kiaki, Henry Bogala, John Jeski and Mutt Apella.

NEW TIME GOVERNS ELECTION

Prosecuting Attorney T. E. Strom received a telegram from the attorney general this afternoon, stating that the new time would govern the election Monday as well as the opening and closing of all business places where the hour is fixed by law.

Pushing the Clock Ahead One Hour

Police Capture Hold-Up Man In Very Short Time

Hartwick Anderson is Caught After He Had Beaten and Robbed Man Last Night.

Hartwick Anderson waived examination this afternoon and was bound over to circuit court on a charge of highway robbery. Last night he, in company with a companion, stopped Paul Reguchi on upper Ludington street, and after beating him considerably robbed him of what little money he had. Reguchi notified the police and the police car started out to find the two men. Anderson was caught at North Escanaba, but his chum managed to escape, though the police are still hunting for him. For several days Anderson has been without money and the man he robbed had loaned him small sums to buy food with.

Carl Mason Says New Time Is N. G.

Gladstone Election Commissioner is Going to Raise Some Fuss About It Anyhow.

Carl Mason came down from Gladstone today to consult upon the question of the new time when applied to elections. It seems that the laws of Michigan says that election must be held at a certain hour, regulated by some one or other of the meridians, and Carl is not going to be bamboozled with any new time, when he has looked up the whole "gosh darned" business in the "encyclopedia."

THE WEATHER

For Escanaba and Vicinity: Generally cloudy tonight and Sunday, probably rain; warmer tonight.

For Upper Michigan: Generally cloudy tonight and Sunday, probably rain; warmer tonight in east and south portions.

Weather Conditions.
The southwestern disturbance appears off the Gulf coast this morning and within the last 24 hours has caused rain in the southern portion of the Plains States and in the west Gulf region. Light showers occurred also in the northern portion of upper Michigan. A depression of considerable depth occupies the Canadian districts. Pressure is quite uniformly distributed over the United States. Temperatures are somewhat higher in the region of the Great Lakes.

Generally cloudy weather, with probably rain, is indicated for this locality tonight and Sunday. It will be warmer tonight.

Temperature at noon 40
Lowest last night 30

Washington, March 30.—Weather prediction for the week beginning Monday: Great Lakes region partly cloudy but without precipitation of consequence. Higher temperature later in the week.

SET YOUR CLOCK AHEAD WHEN YOU RETIRE TONIGHT

This Will Be the Easiest Way to Start the New Time; Don't Wait Until You Arise.

Tonight when you go to bed set the clocks and watches in the house one hour ahead. Of course you will seem to have remained up one hour longer than you have, but when you wake up you will never know the difference and the new time will work out so nice that you will be surprised.

All of the trains tomorrow morning will necessarily be an hour or more late—more in most cases for a train that arrives at a telegraph office a little before 2:00 o'clock must stay there until the time has been changed and then continue the run on the new time.

All of the churches will work on new time and so will the schools, but by Tuesday we will have become so accustomed to it that we will not know it.

The hours for election on Monday will certainly be on the new time, so voters must be sure to "spike" their watches ahead before Monday morning.

ALEX POSENKE DIES AT NOGALES, ARIZ.

Word Was Received this Morning of His Death; Body Will Be Shipped to His Home.

A telegram was received this afternoon announcing the death of Alex Posenke, the son of Mr. and Mrs. Stephen Posenke, who have a farm near Ford River. The young man was a member of Company G, 35th Infantry, and was stationed at Nogales, Arizona. He has been ill for some time, but it was hoped that he would recover. The body will be shipped to this city, but it is not known yet when it will arrive.

Death Penalty For Espionage Probable

(BY ASSOCIATED PRESS)
Washington, March 30.—The death penalty for many acts of espionage will be proposed in legislation to be brought before congress by Senator Overman of North Carolina, active head of the senate judiciary committee, he said today, after hearing the testimony of several government agents engaged in secret service work.

Miss Anna Breen, who is employed in Milwaukee, arrived in the city this morning to spend the Easter week with her mother and relatives.

Prisoners Tell Of Terrible Carnage; Death Odor Pierces

(BY ASSOCIATED PRESS)
London, Mar. 30.—The London Post is quoted in a vivid description of the terrible slaughter of men in the big German drive. The Post says:

"Prisoners state the countryside is filled with bodies of dead soldiers and that the air is horrible with the odor of death. Wells cannot be used. Ruined villages are impossible as billets because they are strewn with dead.

"The enemy only recently found time to bury any of his dead. The spectacle of the battlefield, carpeted with bodies of comrades, effected fresh troops who in this way discovered to their surprise that the British are not too weak to fight. The British endurance, say the prisoners, and skill in fighting is nothing short of marvelous.

"In one battle they fought for two or three days and nights, and on the next day, twice recaptured a certain point and dug trenches."

"SPIRAL SOCKS" ARE NOW BEING KNITTED

Have No Heel and Will Outwear
Three Pairs of the Ordinary Kind
of Socks.

"Spiral socks" are the latest comfort for the soldiers. Their chief advantage is that they are knitted without any heel. The "spirals" are somewhat shapeless, but soft, and clinging and have been enthusiastically praised by the men. They are said to outwear three pairs of socks knitted in the ordinary style. The sock is the invention of Australian women and has been introduced to Washington by the local branch of the British American War Relief Fund of which Miss Helen Ernst is chairman. Many prominent women are now learning to make the spirals. Miss Charlotte Campbell of the Washington, D. C., committee has become so proficient that she can knit two socks at once and is acting as instructor for other enthusiasts. The Red Cross is preparing to issue instructions for knitting the new style socks.

Make Pro-Germans Say "To Hell With Kaiser"; Kiss Flag

(BY ASSOCIATED PRESS)
Coshoton, O., March 30.—A mob of between 500 and 600 persons late last night and early this morning visited 15 homes in this city and forced between 25 and 30 pro-Germans to kiss "The Stars and Stripes" and to say "to hell with the Kaiser."

MRS. LESLIE FRENCH FUNERAL IS TOMORROW.

Earl Dear, Chicago Slayer, Sentenced To Die On April 19

(BY ASSOCIATED PRESS)
Chicago, March 30.—Earl Dear, convicted of the murder of Ralph Wolf, chauffeur, who interrupted Dear and a companion when they attempted the theft of an auto, today was sentenced to death on April 19. The day of the sentence is just three months after the day of the crime.

Dear's police record consisted of a long list of dismissed charges and acquittals and his remark on being arrested was that "he would be proved innocent as usual."

ARMY MULES NEED GREAT AMOUNT OF FODDER EACH DAY

Costs More to Feed the Mules and Horses Than It Does the Men; Keeps Men Busy.

BUY ALL OVER COUNTRY

Hay, Grain and Straw Must Be Constantly Supplied for the Animals Used by Army.

Chicago, March 30.—It costs more to feed United States army mules and horses than it does to satisfy the hunger of the men themselves.

Millions of dollars—how many millions the forage branch of the Quartermaster's Corps here would not say—have already been paid for hay, grain and straw supplied cavalry mounts and pack and artillery animals since June, 1917, according to George I. Bridge, chief of the forage branch. Mr. Bridge joined the army in 1910 and has been in the forage branch since he became a purchaser of hay and straw. He based his conclusions as to the relative cost of feeding man and beast on a basis of 16 cents a meal for each soldier.

To cope with the gigantic task that the quartermasters face in keeping army animals well fed, a re-arrangement of the forage division has just been effected, whereby Chicago is made the forage-purchasing center for all of America's armed forces.

"From the Philippine Islands to the coast of Maine, from the Gulf of Mexico to Montreal, America is collecting forage for army horses and mules," he said. "Every cantonment and military station in the country, as well as all United States Overseas forces, depend upon this office for their hay, oats and straw."

"Purchasing of forage supplies is much more complicated than in any other army branch. For example when a supply of frozen beef is needed, it is only necessary to see five or six firms, because these firms are practically the only ones from which the beef can be obtained. Consequently the purchase is quickly effected.

"In the forage branch, however, we are faced with a much more perplexing problem. Our purchases must be made direct from dealers, and there are thousands of them. We pick up a carload of hay here, another somewhere else. This not only necessitates a large volume of correspondence but complicates our work. Of one thing we may be proud, however, there has been no trouble whatever in getting supplies, and there is no shortage in this country of the things needed in our department."

The forage division supplies straw for the beds of soldiers, a large amount being required for this purpose alone.

Shipping Board Is Ahead of Schedule

Washington, March 30.—The shipping board exceeded its program for March by 12,000 tons but fell behind in the schedule of finished ships.

CARROLL COLLEGE BOYS HERE NEXT TUESDAY.

In last night's paper a mistake was made in the date of the appearance of the Carroll College Glee club. The boys will be here on Tuesday evening, April 2. The King's Sons have already sold a number of tickets and hope the Presbyterian church will be filled. The Glee Club is particularly strong this year and the entertainment exceptionally varied and wonderfully fine.

F. G. D. Bacon, of Oshkosh, is spending several days in this city with his friends.

EASTER BALL AT THE COLISEUM MONDAY

The Coliseum has been beautifully decorated for the Easter ball which is scheduled for Monday night. The floor has been put in excellent condition and it is expected that a large crowd will be attracted. Street cars will be on hand to return people to Gladstone, who come down to attend the dance.

GERMANS DIGGING IN TO TAKE REST; MICERES IS LOST

One Town Is Captured by Teu- tons, But They Fail to Get Another; Fight French at Noyon Again.

PREPARING FOR BATTLE

Huns Bringing Up Artillery and Getting Ready for More Intense Combat, Is Belief of British.

(BY ASSOCIATED PRESS)
British Army Headquarters in France, via Associated Press, March 30.—The situation today from the entente reports appears to be more satisfactory. Along the British section of the battle front last night the situation was comparatively quiet. British lines are being straightened rapidly at every quarter and much optimism prevails.

In the vicinity of Albert the Germans today were reported to be digging themselves in.

For a brief space of time the ties of the conflict have been slackened. When the Germans have brought forward their artillery and overhauled their fighting machines, the struggle will be renewed, perhaps with greater ferocity than ever before.

Yesterday afternoon the enemy had small success south of Luce river on the British flank.

Strong German forces attacked there, capturing Miceres. The British immediately organized a counter attack and pushed forward determinedly.

The loss of these positions does not alter the situation materially and the British are holding strong in the Luce valley.

Paris, March 30.—French troops supported by reserves offered power- ful resistance to the enemy. The bat- tle which was resumed with renewed violence during the night, progressed on a front of 40 kilometers, about 25 miles.

London, March 30.—The German attacks yesterday at Demuin and Miceres pressed back the British from the latter point, the war office announced today. All enemy attacks designed to capture Demuin broke down after sharp fighting which lasted throughout the afternoon.

Safety First "Fans" Turned Out in Force

Probably no other picture has been shown, which teaches the vital lesson of "Safety First" as the one shown at the Deift theatre yesterday afternoon, by R. C. Richards, head of the "Safety First" department of the Chicago & Northwestern Railroad.

No less than 750 people listened to the interesting talk given by Mr. Richards at the opening of the entertainment, when he gave a strong talk upon the necessity of more care in the performance of everyday duties. After his talk the three reel film was shown and the lesson of caution was driven home by the scenes of misery and hardship caused to whole families by the carelessness of the father.

Mr. Richards left last evening for Chicago and will continue his campaign over the entire system.

Superintendent F. E. King has asked Mr. Richards to arrange to come back to Escanaba at the first opportunity and show the picture at the high school.

THE THEATRES

"THE JUDGMENT HOUSE."
Commodore J. Stuart Blackton, who is filming several of Sir Gilbert Parker's most famous novels for the Paramount, has taken many of the outdoor scenes at his estate in Oyster Bay, Long Island. The photoplay is said to be exceptionally beautiful, especially night scenes of a lawn party on his estate, and the arrival of "The Judgment House," joint work of a famous producer and a renowned author, which is scheduled for the Delft for today is one of the events of the motion picture "season." Good vaudeville and comedy in addition.

MONDAY AND TUESDAY AT THE DELFT.

Back to the blue shirt!
William Farnum, in all the many bravery of the parts—the public love so well, is coming to town. In "The Heart of a Lion," the stalwart William Fox star makes his reappearance, bringing with him a story of absorbing interest and excitement.

At the Delft theatre, on Monday and Tuesday, "The Heart of a Lion" will begin a two days run. It is undoubted that all lovers of William Farnum will be unable to see the photoplay in that length of time; but the print of the picture allotted to this territory is in such demand that no longer engagement can be played.

WATCH YOUR STEP.

Irving Berlin's international syncopated musical success entitled "Watch Your Step," will come to the Delft theatre Thursday night, April 11.

It is claimed to be a wonderful show in many respects. Musical to a superlative degree, tuneful, charming and notable for its fine features and beautiful novel scenery. As a combination of enchanting songs and dances, with interspersions of comedy lines and situations, "Watch Your Step" is in a class by itself. It possesses everything that goes to make a classic of its kind. It has costuming that is amazing for its lavishness, exceptional in finery and adorable in art. The scenic effects of the three acts and seven scenes are novel and built on the Urban idea.

DELTA HOTEL WAS NOT FOOD SLACKER

Many Were Mistaken in Reading a Notice Published in One of the Local Papers.

A. N. Merritt has had to make a number of explanations today in regard to the alleged hoarding of flour and sugar, with which he seemed to be charged in this morning's Press. It was not the intention of the Press to cast any reflection on the hotel. A large amount of flour and sugar was brought to the hotel by people who had been hoarding it, and turned over to J. S. Kennedy, the food administrator. In telling of it this morning the Press article was worded in such a way that about 75% of the readers thought the hotel was guilty of hoarding.

SHAKE INTO YOUR SHOES

Allen's Foot-Ease, the antiseptic powder to be shaken into the shoes and sprinkled in the footbed. The Plattsburg Camp Manual advises men in training to use Foot-Ease in their shoes each morning. It prevents blisters and sore spots and relieves painful, swollen, smarting feet and takes the sting out of corns and bunions. A certain relief for sweating, callous, tired, aching feet. Always use Allen's Foot-Ease to break in new shoes. Sold Everywhere, 25 cents.

Heal Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. A little zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.
Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

MUSTEROLE

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use. 30c and 60c jars; hospital size \$2.50.

OUR DISPLAY OF DIAMONDS

Lately we have been adding to our showing of these gems quite a lot.

The especial feature which we wish to emphasize is the perfect purity of the stones.

We made absolutely sure of that when we bought them.

So that we are able here to assure ladies and gentlemen who have been thinking of spending money on a diamond ring that we can now let them choose from a selection that is unsurpassed by any other anywhere.

May we have the pleasure of showing you?

If You Do Not Come Across The Germans Will

WHAT ARE YOU GOING TO DO TO HELP WIN THIS WAR?

At this very moment our noble boys are laying down their lives on the battlefields of France to protect you, your family and property. WHAT ARE YOU DOING TO HELP THEM?

This Association has now been in existence over a month. There is not a man or woman in Delta County who does not know that this Association has been organized to raise money for war-activities and the fund is administered by twenty-five representative men of this county. Every dollar will go to war activities except what is necessary for absolute expenses and salary for clerical help.

Fully 95 per cent of the wage earners and those having incomes from other sources have subscribed to this fund at the rate of one per cent per month on incomes less than \$3,000 and two per cent on incomes in excess of this amount. YOU MUST MAKE THIS 100 PER CENT. It is up to you five per cent who are holding back for one reason or another. The fact that you have not been personally solicited does not excuse you in the least. You know of this movement and should come forward willingly and volunteer your assistance.

This Association is going to give you one more chance to come across. After April 3rd no excuses will be accepted from those who are able to give. THIS MEANS YOU—capitalist, railroad workers, farmer, merchant, clerk, dressmaker, painter, blacksmith, professional man, factory worker, house maid, or whatever your vocation may be.

Signing the cards is not your only obligation. After you sign the card you must be punctual in making your payments. Some are still delinquent on the February account. We cannot afford to waste postage and expect all to pay up immediately. Payments for April account are due between April 1st and 15th.

IF YOU CANNOT FIGHT—YOU MUST PAY.

HOW WASHING IS DONE AT ONE BIG ARMY CANTONMENT

Government Owns and Operates Wonderful Plant at Chillicothe; Use New Methods.

WORK DONE IN 12 HOURS

Everything Turned in During the Early Morning Is Ready for the Men at Night.

Chillicothe, O., March 30.—Government owned and operated by men of long commercial experience in the laundry business, Camp Sherman's laundry, complete in every detail, under a single roof can take care of the laundry needs of 50,000 soldiers...

Anything and everything the select wears except his hat can be laundered. Soiled garments can be brought to the laundry early in the morning and are ready for the wearer again before evening mess.

A special process developed by the former Nashville laundrymen in charge of the plant is used to launder the heavy woolen army blankets. The plant has a capacity of 2,000 blankets a day.

Approximately 250 women and girls, many of them wives and sweethearts of selectees who come here so as to be near their husbands and husbands-to-be as long as possible, are employed in the laundry.

Each company and battery here has its own laundry slips printed in their laundry printing shop. Officers, enlisted men and civilians in camp all have different slips to designate their work.

The garments are dried mechanically and then ironed either on the 132 mechanical ironers or by hand according to the kind of garment.

A sliding scale was instituted when the laundry was opened last fall and prices were to go down when the number of men in camp increased and rise when the personnel of the camp diminished.

No money is handled at the laundry. Each organization is held accountable for its bill at the end of the month by the camp quartermaster who collects and disburses all of the funds.

D. D. Canfield and I. H. Gibson, both formerly of Nashville, are operating the laundry.

EGGS FOR EASTER NOT TO BE COLORED

Lansing, March 30.—"Easter need not be eggless, but no eggs should be colored and thereby rendered unfit for food. Nor should any family consider itself justified because of the occasion in consuming more eggs than they would ordinarily."

The regulation came as a result of an inquiry from a manufacturing confederator of Detroit. The manufacturer announced his willingness to forego his annual practice of coloring "several cases of eggs" if coloring them was contrary to the food administration's policy.

Arthur Crose was operated on at his home this morning for the removal of tonsils and adenoids.

Mrs. Joseph Rheame, of Bark River, spent the day in the city with friends.

BRITISH LOANS INCREASE.

London, Mar. 30.—The revenue returns for last month show that the treasury has borrowed something over 222,000,000 pounds on "ways and means" account for carrying on public service.

The directors of the Bank of England while agreeing to a further advance called the Treasury's attention to the large amount already outstanding and expressed the hope that the Chancellor of the Exchequer would realize the inadvisability of an increase in these advances and their earnest desire that measures should be taken for repayment.

In reply the Chancellor of the Exchequer assured the directors of his desire to confine the advances outstanding to the narrowest possible limits.

BAND PRACTICE TOMORROW.

Musicians are hereby notified to be at the hall tomorrow afternoon for a short practice. H. O. Brotherton would like very much to have as many out as possible.

MICHIGAN WILL GET LITTLE ANTHRACITE

State Fuel Administrator Thinks Part of Regular Supply May Be Shipped to Us.

Lansing, March 30.—Although word from Washington indicates Michigan is to receive but little anthracite coal next winter, W. K. Prudden, state fuel administrator still hopes that Wolverine users will get at least part of their supply.

Belief that Michigan would receive little anthracite coal was based largely upon a letter from J. D. A. Morrow, manager of distribution for the national administration to the Sebewaing Sandstone Brick company. The letter said:

"This administration, for some time past had not been urging anthracite companies to ship any coal into west-

ern states and particularly such as yours, which produces bituminous coal in large quantities."

The latest report here in Prudden's offices (for 1915) shows Michigan produced 1,156,138 net tons of coal and used roughly ten times that much bituminous coal, 10,276,384 net tons. During the same year Michigan used 838,900 tons of anthracite.
