

## GERMANS NOW 46 MILES FROM PARIS

### RETRENCHMENT IS FEATURE IN CITY BUDGET FOR YEAR

Total of \$100,000 Will Be Necessary to Run Affairs of the City for Next Year, Council Learns.

### THE LIBRARY GETS MORE

Police and Fire Department Estimates Sliced at Meeting of Solons Last Night.

Retrenchment was the feature of the budget adopted last night at the meeting of city council in passing upon the estimate of \$100,000 that will be required to conduct the affairs of the municipality in the next fiscal year.

Although the total of the budget is slightly greater than last year the city tax rate will remain unchanged at 1 1/2 per cent, with the regular one and a half mill tax added.

Through the retrenchment policy that has been effected in the fire department the committee was able to cut \$13,000 off the appropriation for that department. A total of \$4,500 was lopped off the police department appropriation, making necessary the reduction of the number of officers on the force before the new fiscal year is far advanced.

For Street Repairs. For the library fund \$1,500 was added to the appropriation of last year while a substantial increase was made in the street appropriation to care for badly needed repairs.

Following are the budget figures as adopted last night: Library \$5,000; fire, \$2,000; park, \$2,000; police, \$5,000; elections, \$1,200; printing \$650; board of review and equalization, \$300; isolation hospital, \$300; auditor, \$150; insurance, \$500; scavenger, \$1,200; street lighting, \$8,000; assistant treasurer, \$50; cross walks, \$225; supplies, \$350; salaries, \$10,000; water, \$10,000; deficiency, \$5,900; special assessors, \$20; contingent, \$20,000; sewer, \$5,000; street, \$16,455. Total \$100,000.

May Resume Practice. Dr. A. J. Carlson, city health commissioner for the past three years, will likely be given permission by the council to resume limited private practice of his profession, owing to the growing scarcity of doctors in the nation and in this city. The matter was referred to the council finance and health committees.

COLBY HERE MONDAY. Registered men, or those who will have to register Wednesday, June 5, will be accepted in the United States Navy by James J. Colby, in charge of the recruiting in the district when he arrives here Monday. As the army has been closed to draftees who have become 21 in the last year, it is expected that there will be a spurt in enlistments in the navy.

### CAMPBELL AN ACE AMONG U. S. FLIERS

Californian is Cited for Bringing Down Fifth Enemy Plane in Recent Air Combat.

With the American Army in France, June 1.—To Lieutenant Douglas Campbell of California, goes the honor of citation as an "ace" in the American flying corps. It was Campbell who shot down the German biplane at Pont-a-Mousson recently. It was his fifth victory.

Another German airplane was brought down this morning by an American pilot in an airplane raid at Saint Mihiel in the sector northwest of Toul, it was unofficially announced.

The duel was one of a series of aerial combats that occurred this morning. The enemy machine dropped down after being riddled by bullets.

### Council to Give \$300 For Big Conference

City council last night proved willingness to cooperate fully with the Delta county war board in making plans for the entertainment of Gov. Albert E. Sleeper and 300 prominent men of Michigan when they come here on June 12 and 13 for the first war conference ever held in the peninsula. The council voted to appropriate \$300 for the fund that is being raised to care for the necessary expenses that will be involved through the holding of the big meeting in this city. The remainder of the fund will be contributed by the Escanaba Commercial club and business men of the city.

### MANUFACTURING CO. IS SCENE OF FIRE THIS AFTERNOON

Workers and City Firemen Join in Fighting Flames in Fire Hole in Rear of Plant.

Despite the high wind blowing at the time, the fire brigade in the Escanaba Manufacturing Company's plant on Stephenson avenue, with city firemen, succeeded in checking what might have been a disastrous blaze there late today.

Shortly after 3:15 o'clock an alarm was sounded and the fire trucks responded. It was found that the flames had gained a headway in the engine room of the plant, a brick building cut off from the other sections of the concern.

Several streams of water were played on the metal roof and in the doorways before the fire was pronounced under control. A heavy smoke cloud was blown over the neighborhood and attracted scores of persons to the scene.

### Soldiers Strong For "Goodies" On French First Line

Local Boy Writes of Receipt of Cakes and Cookies and Banquet Held in Shelled Dugout.

The following letter has been received here from John M. Bemis, now in Battery E, 15th Field Artillery, American Expeditionary Forces, in France. It shows that the Sammies have not lost their appetites nor have they lost their taste for "sweets."

Dear Friend: Well it came today alright, the big box of eats and it sure was fine. Everything was in perfect condition. Just as fresh as the day they were baked. The fruit cake was a triumph and the cookies were a dream while the wafers sure got the votes.

The cookies and cake took the prize. One fellow told me to tell you that as a baker "you win the codfish." That's his idea of a highclass compliment.

The stuff came in with a load of rations last night and the Huns men sallying shells over our heads at the road a half mile or so away. You know we're up at the front now and doing our best to show the Kaiser that Sherman was right. We went out to carry the supplies in and while we were out, the infantry sent up a barrage signal. We sure laid down the shells too, caught the Boches just going over the top and there was Kultr flying around at a great rate. After the attack ended the Germans began to peg us with 77s but they all were wide and high. Then we came back with a bunch of gas shells. After all the firing was over I went to my dugout and found the mail laying on my bunk. Oh, Mother, didn't we eat!

Another soldier got 24 Hershey bars and another box of cigars. We ate till 12 o'clock and then a gas slam came and we all had to get out. When we got in at 1:30 a. m. we smoked cigars and slept till breakfast time. This is the life.

### FOUR MEN ENLIST IN U. S. ARMY TODAY

### CONDUCTORS GIVEN 3,100,000 PENNIES.

(BY ASSOCIATED PRESS) St. Louis, Mo., June 1.—Beginning today patrons of the United Railways company here will be forced to pay an extra penny for street car fare. The state public utilities commission recently granted the company permission to increase its fares to six cents and the order became operative today. It will be in effect a year, at the end of which time the commission asks that reason be shown why it should be made permanent.

In anticipation of a demand for pennies, the company had on hand today 3,100,000 one-cent pieces which were distributed among conductors to assist them in making change. The company has arranged to place on sale tickets in sheets of five which will sell for 30 cents. The increased fare was allowed the company after it had submitted figures to show that the street railway system at present is operated at a loss. It is estimated the added revenue will total \$1,250,000 within the year.

### MASSES OF MEN HURLED AGAINST FRENCH DEFENSE

Attacks Continue Through the Night With Redoubled Violence All Along New Salient.

### ENEMY REACHES MARNE

Austrian Offensive Expected Within Short Time; Fighting Increases in Italy.

### BULLETIN

(BY ASSOCIATED PRESS) London, June 1.—The Germans in their campaign offensive in France reached the right bank of the River Marne on a 10-mile front, according to a statement given to the Associated Press today by the British general staff.

Paris, June 1.—German attacks continued during the night with redoubled violence. On the western side of the new salient between Soissons and Chateau Thierry, the French made counter attacks and drove back great masses of Germans into the region of Soissons and on the line at Chaudun, thereby gaining ground and taking several hundred prisoners, according to announcements made by the war office today.

Along the northern boundary of the Marne the Germans have pushed forward from the north of the Chateau Thierry and Dernulieu as far as the region between Dormans and Rheims. The situation is unchanged northwest and northeast of Rheims.

On Italian Front. Italian Army Headquarters, June 1.—It is a question of a short time before the Austrian offensive will break violently. This is further indicated by violent action on both extremes of this front.

North of Albert. London, June 1.—The German artillery fire is considerably more active this morning north of Albert, it was officially announced.

Formidable Force. The formidable nature of the German effort may be gathered from absolute identification of nearly fifty of their divisions (about 675,000 men). There certainly are a number of other divisions in immediate support.

### Pullman Rate Is To Be Increased

(BY ASSOCIATED PRESS) Washington, June 1.—In line with the increase in passenger fares from 2 1/2 to 3 cents a mile, the Pullman Company will raise the overnight sleeping rates from \$1.50 to \$2. Other Pullman rates will not be changed materially.

### MOTORIST HIT BY TRAIN EXPECTED TO PULL THROUGH

Powers Man Whose Car Was Struck at Railroad Crossing Reported Improved at St. Francis Hospital.

Edward Olson, of Powers, injured last night when train No. 102 on the North-Western struck Olson's Ford car on the railroad tracks just outside of Powers, probably will recover, it was announced at St. Francis hospital today.

Olson, with a son, was driving to his home about a mile out from Powers, when he was caught at the railroad crossing. The locomotive hurled the automobile from the tracks, throwing Olson and his son out. The boy escaped with slight bruises while Olson sustained injuries about his head as well as body bruises.

An X-ray picture has been taken to ascertain the extent of the head injury, but it was stated today that Olson probably will recover.

### Parade Postponed to July 4th Because of War Conference Here

Demonstration Set for June 5 Called Off Because of Conference Here June 12 and 13.

Because of the state war conference to be held here on June 12 and 13, plans for a big Red Cross parade on Registration Day, June 5, have been postponed until July 4. The task of providing accommodations and entertainment for 300 prominent men of the state, including Governor Albert E. Sleeper, has demanded the attention of men upon whom the details of the planning the June 5 demonstration would fall. To carry through both undertakings successfully is not considered possible and for that reason the plans for the Red Cross parade will be deferred until July 4.

### AMERICANS ARE NOW ON THE BATTLE FRONT

French Headquarters Reports Americans in "Useful" Positions and Desires of Mixing In.

(BY ASSOCIATED PRESS) With the French Army in France, June 1.—The American troops reached useful positions in the battle area today. The men display ardent desire to share in the great battle with their Allied comrades.

The attempt of the Germans to cross the Marne was vigorously resisted and failed. The troops made efforts to retire from the river bank.

### OGONTZ GRANGE CONTRIBUTES.

The Delta county chapter of the Red Cross yesterday received a check for \$37.25 from Miss Frances Harris, secretary of the Ogontz grange. The donation represented the proceeds of a dancing party given for the benefit of the Red Cross at Ogontz on May 4.

### STONE "FLAG" WILL BE "PLANTED" IN LUDINGTON PARK.

Announcement was made in all the public schools yesterday by Superintendent F. E. King, asking all children in the grades to bring rocks three or four inches in size and as smooth as can be found to the Greenhooft residence on Michigan avenue. These will be used under the direction of the ladies of the Woman's Relief Corps to lay out a large flag on the green slope of Ludington Park. The stones will be painted red, white and blue. This representation of the flag will be a permanent and interesting feature of the park.

### BULLETIN

(BY ASSOCIATED PRESS) (Received 3:00 p. m.)

Washington, June 1.—The German crown prince is now striking westward with all his force apparently to eliminate the Montdidier salient and pushing on to Amiens to cut off Paris from the north. So far his progress is slow.

Between Soissons and Chateau Thierry the French have been counter-attacking and the enemy has been forced to give ground. This is notable in the case of the enemy south of the Soissons.

The Germans took Chaudun but the French troops recaptured the place after a drive in. Ground was taken from the Germans near Versey.

Still further south the German advance progressed a total of four miles. Paris, however, reports two attacks at Neuilly were broken up and the French maintained the lines on the east of the town. The Germans seemingly have made no attempt to cross the Marne and have not yet taken the important railway center at Chateau Thierry. Further east they now occupy the north bank of the Marne for approximately 12 miles.

### GERMANS ATTEMPT TO END OUTBREAK IN THE UKRAINE

Artillery Used and Crops and Forests Destroyed; Russian Sailors to Destroy Black Sea Fleet.

(BY ASSOCIATED PRESS) Washington, June 1.—The Germans are using artillery to put down the revolt in Ukraine, according to a dispatch received from Petrograd. They are burning the crops and forests and refuse to surrender agricultural implements.

Representatives of the Ukrainian government in a conference demanded the withdrawal from Ukraine of all soviet troops, the restoration of their property and the return of railroad materials by the soviet forces.

The soviet delegates accepted the demands in principle but proposed that hostilities end first.

It is reported that Russian sailors have decided to destroy the Black Sea fleet before the arrival of the German troops.

### GERMAN OBJECTIVE SAID TO BE WON; TO STRIKE PARIS

Senate Military Committee Hears that Boche Detachments Will Dig in for Next Push.

(BY ASSOCIATED PRESS) Washington, June 1.—The Senate military committee in its weekly conference today with War Department officials heard that it was the opinion here that the objective of the Germans has been reached in the river Marne and that the Germans will dig themselves in and later prepare for another drive, possibly on Paris.

### "Sob Sister" Will Serve in France

### Council Votes \$1,000 For Library Books

To enable the board of trustees of the Carnegie Public Library to purchase new books for the institution, the council last night voted unanimously to advance \$1,000 to the institution for the remainder of the fiscal year. The matter was brought to the attention of the council some time ago and last night a special committee recommended the advance of \$1,000 to meet the library requirements.

### TROOPS OF CROWN PRINCE HALTED ALONG SECTOR

German Detachment Held Up Between Noyon and Rheims, But Penetrate in Center to Marne.

### RHEIMS YET IN DANGER

Enemy Repulsed West of Soissons with Great Losses After Bitter Attacks On French Defense.

(BY ASSOCIATED PRESS) Washington, June 1.—Hurting their weight in great numbers against the stubborn French resistance the troops of the German crown prince have been unable to make progress on the sector from Noyon to Rheims. In the center, German detachments reached the Marne between Chateau Thierry and Dormans, while on the east a Franco-British line stands firm.

At Bierencourt and Epagny the French halted and in a series of attacks and counter attacks held the enemy forces.

West of Soissons the Germans were repulsed with great losses after having made an advance of 10 miles south of the town, not advancing more than several hundred yards, in spite of assault after assault against the French.

The Germans gained Cluchyle-Chateau, along the Oureq, and threatened Chateau Thierry, an important railway center on the Marne 46 miles north east of Paris.

In the southeast the enemy forced their way to the Marne. Rheims still holds out, but little is entertained that its defenders will long withstand the German attacks. The Germans have advanced a few miles since Monday.

Since Monday the Germans advanced from the Ailette to the extreme depth of 25 miles and reached the Marne. The American sector has been very active. The Germans seem to have given up their movement against the new American forces at Cantigny.

Aerial activities continue at a high pitch.

### Paris Bombaraded.

Paris, June 1.—German airmen attempted two raids on Paris last night. The first was a failure, but in the second, bombs were dropped on the capital.

London Gets Word. London, June 1.—The torpedoing of the American troopship President Lincoln reached London today. The ship was returning home when it was torpedoed and sunk in 30 minutes. Destroyers reached the scene in time to pick up the survivors. It carried only the crew and a few convalescent soldiers who were returning to the United States. The latest wireless message advised that the casualties were slight.

East and West Meet In Orient American Locomotives Prevail

(Continued from Page One) 6,500 Miles of Road.

In all China there are only 6,500 miles of railroad, of which 3,800 miles are Chinese government lines. Most of the railroad development has been in north and central China.

Japan has about 6,000 miles of railroad, which cost \$90,000 a mile to build through the steep mountains of Nippon. All of it is government owned and organized on a military basis.

In the Philippines, American equipment has been used except on the island of Luzon, where the railroads were built by British capital.

Australia and New Zealand have followed their mother country in building railroads. A peculiar feature of the Australian roads is that, in the total of 24,000 miles, there are three different gauges and in only one instance do any two states have connecting lines of the same gauge.

Tracks Differ in Width. The disadvantage of different track widths in the Orient was strikingly illustrated when there was talk of Japan undertaking operations against the Germans in Russia.

Great difficulty also was experienced in adapting for American use locomotives manufactured in this country for shipment to the Russians at Vladivostok, but which were held here when peace was concluded with Germany.

America's best opportunities for the sale of railroad and electrical equipment in the Orient were found by Mr. Rhea to be in China, which has less equipment per mile of railroad than any other nation in the world.

## THE THEATRES

AT THE STRAND

Most of you know about "Raffles." To everyone, the name of Raffles means master crook and it brings an eye picture of a very clever pickpocket; dressed in "Sop to fish." The combination of a well known story as Raffles will be sure fire anywhere.

Producer George Irving has provided an atmosphere that fits the story beautifully. The general effect is artistic and distinctive and some of the lightings made the scenes doubly effective.

Commenting on the great photoplay "Redemption" which will be shown at the Strand theatre Sunday and Monday, the New York Star says:

Evelyn Nesbit and her five year old son, Russell Thaw, in the magnificent picture production "Redemption" is proving the hit of the season at the Geo. M. Cohan theatre, 43rd St. and Broadway, New York. Hundreds have been turned away and the prospects are that the film will remain there all season, instead of two weeks as originally intended.

AT THE DELFT.

Dumas' son once remarked of Guy deMaupassant, the celebrated O. Henry, of Paris, that he was a hero even to his valet and thereby created an immortal phrase. "Triangle hasn't much to say about this beyond remarking that Dumas should have seen Douglas Fairbanks starring in "Reggie Mixes In," shown at the Delft theatre tonight.

In this play Fairbanks who already is a hero to two-thirds of America with the other third on the way plays a character wealthy enough to support a valet in addition to himself. To his valet, played by Joseph Singleton, he is a hero. But the circumstances lend a new complexion to the casual remark of Dumas.

BOSTON CANDY STORE PAYS HIGHER PRICE.

S. D. Papadakis, owner of the Boston Candy store, is helping in every possible way the farmers cutting off the middleman's profit. About six months ago Joseph Kosinski came to him and asked him if he wanted to buy some sweet cream from his farm at Wagon. Mr. Papadakis answered "Yes" at all times willing to help the farmers." Mr. Kosinski is delivering to him about 40 gallons a week with entire satisfaction. When the city of Escanaba has more business men of the same spirit as Mr. Papadakis, the farmers would be very much benefited.

**MILITARY WEDDING.**

Word has been received in the city of the wedding of Miss Signe M. Johnson, daughter of Mr. and Mrs. John A. Johnson of 301 North Mary street, on May 22 to Captain Wayne Braxton Wright, who is stationed at Camp Funston, Kansas.

The wedding took place at Manhattan near Camp Funston and was a pretty military wedding, the bride having been a nurse at Camp Funston, and the bridegroom a captain at the same place. The bride is a graduate of Bethesda hospital at St. Paul and is known and admired by a host of Escanaba people as her home is in this city. Captain Wright just before entering the service had completed a course in law at his home in St. Louis, Missouri.

The couple had planned to have their wedding at the home of the bride's parents in this city, but because of the immediate removal of the Captain's regiment for overseas service the wedding took place in Manhattan. The bride is now residing at Manhattan with relatives of her husband.

Mr. Darling had not been informed of the death of his wife, because of the serious nature of his own attack.

Both bodies will be shipped here to the residence of J. C. Valind, in this city. Arrangements have not been made for the funeral services.

We will buy Fancy White Stock Potatoes at our warehouse or in car load lots at any railroad station. The Hewitt Grain & Provision Co. 152

**"FIGHT LIKE HELL" IS MOTHER'S ADVICE TO SOLDIER SONS.**

Bowling Green, Ky., June 1.—"If you must fight, fight like Hell," are the parting words of a mother to her two sons when they entrained recently for Camp Zachary Taylor. Her parting with them was expressive and patriotic, evidently she meant what she said. Handing each a Bible she admonished them to "read these books," be good boys and your mother will be proud of you. Your grand father and father before you were soldiers and if you must fight, then fight like Hell."

The scene at the depot was witnessed by a number of persons and, while the woman showed no emotion, tears gathered in the eyes of the many spectators.
