BRITISH KNOCK AT GATES OF CAMBRAI

FRANCO-AMERICANS ARE FOLLOWING RETREATING ENEMY NORTH OF VESLE

French Pressure North and East of Noyon Forces Another Notable German Retrograde Movement.

ADVANCE SEVEN MILES

Germans Reported to Be Blowing Up Their Ammunition Dumps Along the Vesle River This Morning.

(Associated Press War Summary)

The British, after their victorious drive through the Hindenburg defenses, are knocking at the gates of Cambrai but apparently are momentarily pausing before attempting to force an entrance. Meanwhile the center of activity is shifting to the Franco-American front where the Germans are in full retreat on a wide front north of the Vesle, with the French and Americans in pursuit.

Between these two sectors another notable German retrograde movement is in progress. French pressure north and east of Noyon has forced a German retirement on a wide front in this sector and an advance of from five to seven miles has been scored by the French in 48 hours. The town of Guiscard has been captured.

Destroying Ammunition.

With the Americans north of the Vesle, Sept. 5.—Violent explosions were reported along the Vesle line this morning. Observers believe that the Germans were destroying their ammunition dumps. Aviators report a terrific explosion at 9 o'clock this morning at Villers-en-Crayers on the south bank of the Aisne in the direction of Fismes. Other explosions took place in the same region during the morning. Bazoches and Fismes were occupied by the Americans during the night. These towns had been evacuated by the Germans. Only two or three wounded men who had been abandoned by the Germans were found.

Follow Up Germans.

With the American Forces North of the Vesle, 1 P. M., Sept. 5.—American forces are following up the German retreat from the Vesle and are moving steadily over the plateau between the Vesle and the Aisne and by noon their advanced elements had filtered into the slopes on the north side of the plateau.

British Readjust Line.

With the British Army in France, Noon, Sept. 5.—South of the river Scarpe a large portion of the German line is being readjusted. Southeast of Moeuvres several thousand yards of the old Hindenburg front lines have been cleared up and are now in possession of the British.

GOVERNOR DECLARES REGISTRATION DAY IS LEGAL HOLIDAY

Thursday September 12, the day designated as registration day by President Wilson, has been declared a holiday in a proclamation issued by Governor Sleeper, in order to expedite the registration of all men between the ages of 18 and 45 inclusive, for military service. Banks, post offices, schools, stores and public buildings are asked to close for the day in order to interfere as little as possible with the registration.

Dr. F. X. Barth Makes Statement

The following communication has been handed to the Daily Mirror with a request for its publication:

To The Public:— I was both surprised and pained to find my name published on the list of supposed violators of the Government's request to suspend for pleasure all automobile activities on Sundays. Now as the local fuel triumvirate have taken upon themselves grave responsibilities, I would like to ask a question. Assuming that the Government's request is a formal command, has the local Fuel Administration been given discretionary powers to punish without a hearing wilful or unwilling offenders? The answer to this is important. If the affirmative be the case, then our fellow citizens, Messrs. Clark, Kates and Noreus, have done nobly by the republic; but, if on the contrary the negative be the case, then our local administration has been guilty of a stupid blunder, and should resign.

Who will settle this case? I will myself interrogate the Government on this matter. As far as my offense (if it be an offense) is concerned, I think I owe it to the people of Escanaba who on many occasions have heard me speak with all the vigor at my command, to stand in all things loyal to our country, to make some explanation.

Last Sunday at the conclusion of the eight o'clock Mass, I had my driver convey a sick priest from St. Patrick's to the Hospital. The car was then returned to the garage and remained there. Is this disloyalty to the nation? Does this act merit exposure to public contempt? If so, then patriotism has degenerated in Escanaba. Is it to be understood in case of necessity like caring for the sick, that I cannot use my car? I will need greater authority to decide this matter than appears to be vested in Messrs. Clark, Kates and Noreus.

In no way do I desire to go against my native land, but I solemnly protest against the short-sighted policy of a chosen few to drive honest men crazy.

Respectfully submitted, FRANCIS X. BARTH.

"DRY" LEGISLATION IS STILL PENDING IN THE U. S. SENATE

(BY ASSOCIATED PRESS)

Washington, D. C. Sept. 5.—Passage of legislation which will make the United States a dry nation from next July until the American army is mustered out of service at the end of the war, was still awaiting senate action today on certain amendments to the agricultural appropriation bill. Leaders who hoped for the adoption of the bill on Monday, expect a final vote before adjournment today.

Lord Reading Makes Talk To Americans In Trench Dugout

(BY ASSOCIATED PRESS)

With the American Army in France, Sept. 5.—Lord Reading, British ambassador to the United States addressed the American soldiers who took Juivigny, in a dugout, with the sound of guns Wednesday afternoon. He assured the soldiers that the people of the United States were with them and proud of their achievements. This is the first time that any ambassador has ever approached this close to the front to address troops. He said he doubted if Germany realized what America's entrance to the war means. The speech is being translated into French for distribution among French soldiers.

DOCTOR WANTED BY THE SHERIFF TO FACE CHARGE

Wetherall and Partner Disappear and Former Forfeits Bond for His Appearance in Justice's Court.

WHEREABOUTS UNKNOWN

Cleaned Up About Five Hundred Dollars from Half a Dozen Alleged Victims in This Vicinity.

Dr. George N. Wetherall and his partner, Dr. Elemenet, are not at present answering calls in Escanaba and vicinity. In fact the present address of these gentlemen who drifted in here several weeks ago, is earnestly desired by Sheriff Iverson and Prosecutor Strom.

Wetherall was arrested over a week ago for accepting an excessive fee for treatment of an alleged incurable disease. He was released on a bond of \$100,000, which he just naturally coaxed out of town, taking his partner with him.

Since then Prosecutor Strom has been apprized of a half dozen cases in which these doctors treated persons who paid them in advance, sums, in some cases being as high as \$75, with a guarantee of a cure.

The Prosecutor also has copies of newspapers in other cities, similar to the ones published in Escanaba, to the effect that the doctors intended opening a hospital in the towns where the ads appeared.

So far as known now, about \$500 was cleaned up here in the two or three weeks these men were operating and this sum is likely to be increased as the news that they have left becomes more generally known.

Efforts are being made by the local authorities to have the men apprehended.

WELLS CHILD DIES AFTER ILLNESS OF ONLY SEVERAL DAYS

Gladys Goodnough, 13-year old daughter of Mr. and Mrs. George A. Goodnough, of Wells, died at the home of her parents, yesterday after an illness of but a few days. She is survived by her parents, several brothers and sisters.

Funeral services will be held at the Goodnough home, on Highland avenue in Wells, tomorrow afternoon at 2 o'clock, Rev. C. A. Lund, of the Escanaba Swedish Lutheran church, officiating. Interment will be made in Lake View cemetery in this city.

BIRTHS AND DEATHS.

The monthly report of City Clerk Carl Anderson shows 37 births and nine deaths during the month of August.

(BY ASSOCIATED PRESS)

Washington, D. C., Sept. 5.—The following casualties are reported by the Commanding General of the American expeditionary forces.

Table listing casualties: Killed in action (69), Wounded severely (154), Prisoners (7), Died of wounds (11), Died of accident or other cause (13), Died of aeroplane accident (3), Died of disease (4), Wounded, degree undetermined (32), Total (374).

In the list are the names of the following Michigan men: Atelio J. Scolatti, Iron Mountain.

ESCANABA BOY WOUNDED FOR SECOND TIME

George Ross Reported to Have Been Severely Wounded in the Fighting in Flanders While with Canadian Troops

Mrs. Mary Groff, 316 Maple street is in receipt of a telegram stating that her son, George Ross, has been wounded severely in the fighting in Flanders. This is the second time the Escanaba boy has been wounded. He is a member of the Canadian overseas forces and has been in the thick of the fray since Field Marshal Haig started his wonderful defense of the channel ports, when word was sent out that they were fighting with their "backs to the wall."

Just about three months ago Ross received a wound which sent him to a hospital and he then wrote that he was anxious to get back into the fighting. That he did so and again however, that he is in a hospital and is convalescent.

Mrs. Groff had just left for a visit in South Dakota a short time before the message was received and she will not learn of the second injury of her son until she arrives there. John Ross, a brother of the wounded man left Escanaba Tuesday night for Camp Custer to enter training.

The young man is 24 years of age and is listed in Montreal over a year ago. His many friends here where the greater part of his life had been spent.

GREAT LECTURE AT THE STRAND FRIDAY NIGHT

Retail Merchants' Association Has Prepared Clever Entertainment for Merchants of This City.

EXPERTS WILL LECTURE

Assistant State Food Administrator to Deliver Address in Conjunction with Showing of \$30,000 Film.

Members of the Delta County Retailers' Association are expecting a great crowd at the Strand theatre Friday evening, when their moving picture demonstration is put on for the benefit and instructive entertainment of the merchants of this city. G. W. Sulley, of Dayton, O., will deliver a lecture embracing methods which will be illustrated by moving pictures. His lecture is entitled "The Troubles of a Merchant and How to Stop Them" and the picture was prepared by the National Cash Register company at a cost of \$30,000.

Newspaper advertising, how to prepare it, its results and the best methods of using it, will be gone into fully by Mr. Sulley who will also take up window displays, delivery methods and many other features entering into the conduct of the ordinary retail merchandising business.

Mr. Sulley is an expert retained by the Cash Register Co. and has delivered this lecture before all the biggest commercial organizations in the larger cities of this nation. The picture combined with the lecture is an educational feature of rare merit and the gentlemen who were instrumental in bringing it here, urge all business and professional men, as well as the general public, to attend.

In addition to Mr. Sulley's talk, George McCormick, assistant food administrator of the state of Michigan, will be here and make a brief talk. The entertainment beginning promptly at eight o'clock and is something that no man engaged in business or interested in better business methods, should fail to see and hear.

DRAFT BOARD ASKED FOR COMPETENT MEN FOR CLERICAL WORK

The local draft board has received formal notification to prepare for the work of the big registration on September 12 when all men between the age of 18 and 45 inclusive are ordered to register for military service, but had already taken steps to that end.

A call was received this morning to send in the names of all men listed for United service, who are available for clerical work and are competent to do work of draft boards. These men are to be inducted September 7 but are not to be inducted until the local board receives a further order.

16,000 PRISONERS AND 100 GUNS TAKEN BY ALLIES IN FOUR DAYS

Save Your Gasoline

The government needs more gasoline. Any that can be saved will help. Where there is an unnecessary waste it ought to be cut out.

A large amount is wasted every day in Escanaba in order to comply with the traffic laws by going to a corner to turn around. IT IS NOT NECESSARY AT ALL.

The streets of this city are wide enough so that cars contemplating turning can keep near the curbs and those going right-though, nearer to the curb.

Every day scores of cars pass Ludington street to the post office to go a block further.

Use the "short cut" as well as no.

If our streets were narrow, there might be some good reason for turning at the street intersections but with the wide streets there is no reason for it.

When the turn is made in the middle of a block the traffic on corners is relieved.

Pedestrians have the right of way at all regular street crossings just as vehicles in the center of the block.

Pedestrians have to dodge cars all the time under the present regulations and cars going to the corner to turn are obliged to look out for cars on the cross streets.

In other words, it will be far better for the public and will save a lot of gasoline, if drivers are allowed to turn any place on the street.

ENROLLMENT IN THE LOCAL HIGH SCHOOL QUITE SATISFACTORY

Escanaba is First Town in State to Receive its Share of Fund for Agricultural Education.

Many students have enrolled at the high school and the regular work of the year has been commenced. Mr. Coonen principal at the high school arranged the classes and list of teachers for the students, thus saving much confusion and the loss of time.

Escanaba has received from the state \$487.81 for the agricultural education of Escanaba students. This is because of the agricultural education under Smith-Hughes law. Escanaba is the first town to receive this amount from the state.

SCHAFFER FARMERS GET INTO TROUBLE OVER A FARM TEAM

A team of horses owned by Joe Panek, of Schaffer, was "impounded" by Jake Bantz, a neighbor, several days ago. Bantz insisted on Panek settling a small claim for damages. Panek got a shotgun and went to settle it. Bantz had Panek arrested and the matter was settled in Judge Glaser's court. The men have had trouble before.

German Commanders Offering Rewards For U. S. Prisoners

(BY ASSOCIATED PRESS)

With the American Army in Lorraine, Sept. 5.—Orders captured by Americans in the Toul sector and signed by a commander of a German division offer a reward of 400 marks to the German soldier bringing in the first American prisoner. Another contained a threat to send a regiment out on patrol if it fails to bring American prisoners.

Marked Progress Is Being Made By the British Forces in the Fighting on the Flanders Front.

POSITIONS ARE IMPROVED

French Keeping in Close Touch with Retiring Enemy in the Vicinity of Noyon Last Night and Today.

(BY ASSOCIATED PRESS)

London, Sept. 5.—Marked progress has been made by the British along the Flanders front according to the official report of the war office today.

Part village has been captured. The British also killed 63 southwest of Noyon from Neuve Chapelle south.

The British have reached the line held up to the time of the German attack on April 9 last, while to the east of Givenchy, sections of the old German positions have been taken.

On the battle line in front of Cambrai, an improvement in British positions has been made south of Mouvires. Positions east of Mamies, near the canal Du Nord, have also been improved.

Still further south the British have captured Neuville-Bourjournal. More than 16,000 prisoners and more than 100 guns have been taken within the last four days.

PARIS, SEPT. 5.—THE GERMAN RETIREMENT NORTHEAST OF NOYON DURING LAST NIGHT SHOWS THAT THE FRENCH ARE KEEPING TOUCH WITH THE ENEMY REAR GUARD AND HAVE PUSHED ON AFTER THE FOE EAST OF THE CANAL DU NORD.

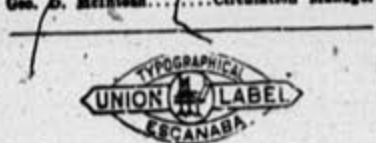

Advancing east of the Vesle, the Franco-Americans have reached the crest of the ridge dominating the Aisne river. Between the Ailette and the Aisne the towns of Clamery, Bray and Missy-sur-Aisne have been captured. The operations on the Vesle have been extended to the east and crossings have been effected at Venteaux and Jochury on a two and one-half mile front.

CANADIAN PREFERS FIGHTING WITH U. S.

If anyone should back you into a corner and choke the information from you, tell them that Henry Plante is 100 percent American. Henry arrived here last night from Saskatoon, Saskatchewan, to "fight for the U. S. A." He had been a resident of Canada 14 years but instead of registering as a Canadian, he registered with the U. S. Consul and stated for the United States so he could go to war with men from this community. His "allroad fare alone was nearly \$100. He has quite a number of friends here where his family formerly resided.

PRODUCERS OF WHEAT MAY RETAIN A SUPPLY FOR THE NEXT YEAR

According to a statement issued today by B. P. Pattison, County Administrator, the producer of a crop of wheat is to be permitted to retain a portion of it for his own use.

Beginning September 1st, under the rules of the Food Administration, a farmer may take such quantity of his home grown wheat as he may desire to the grist mill and have the same ground and take the flour home with him so long as he does not take a supply greater than is necessary for his own family use for one year.

This privilege, of course, carries with it on the part of the farmer, an obligation to purchase, or have ground from his own grain, the required wheat flour substitutes in the ratio of one pound of substitute for four of wheat flour.

Article provision is thus made to relieve the farmers far removed from mills from any burden, without of course relieving them of the obligation that rests upon every good citizen, viz: the use of substitutes and aiding in conserving wheat flour.

In case of the use of rye flour as a substitute, it is to be used on the basis of two pounds of rye to three pounds of wheat flour.

\$500,000 for Muskrat Skins.
The annual January fur auction closed at St. Louis with sales totaling approximately \$3,350,000.

A lot of 710,000 muskrats brought \$500,000. Many of the skins brought \$1.50 each, an average price for good pelts being 75 cents. A few years ago muskrat skins sold on the market at low as five cents each. A collection of beaver brought \$25 per skin and the small lot of martin from Alaska set a record price of \$57 each.

Extraordinarily high prices paid this year were said to be due to the high quality of the furs.

More than 350 buyers from all parts of the world attended the sale.

CHAPTER XXIII.

Despair—and Freedom.

While I was working at the hospital conditions at my old barracks had been getting worse and worse. Very few of the men were absolutely right in the head, I guess, and almost all had given up hope of ever getting out alive. Though they put up a good front to the Huns, they really did not care a great deal what happened to them. The only thing that kept about was the minute they were living in.

The day I came back two Englishmen, who had suddenly gone mad, commenced to fight each other. It was the most terrible fight I have ever seen. It was some time before the rest of us could make them quit, because at first we did not know they were crazy. When we had them down, however, they were scratched and bitten and pounded from head to foot. Both of them bled from the nose all that night, and toward morning one of them became sane for a few minutes and then died. The other was taken away by the Germans, still crazy.

Another time an Australian came into our barracks and very serious; told us that he had a drag with two German officers and that he had been to dinner with them, and had had turkey, potatoes, coffee, butter, eggs, sugar in his coffee, and all the luxuries you could think of. We just sat and stared at him. It seemed impossible that one of our own men would have the gall to torture us like that, and yet we could not possibly believe that he had really happened. Finally, one fellow could not stand it any longer. He was nothing but skin and bones, but he grabbed a dividing board and the board hit the Australian's head and the head hit the floor. Then half a dozen more pounced onto him and gave him a real licking. When he came to he had forgotten all about the wonderful dinner he had not have.

Not long after this the Russian doctors proved to the Germans that there was no black typhus in our barracks and we were allowed the freedom of the camp except that we could not visit the Russian barracks. That was no hardship to me nor to the rest of us, except one chap from the Cambrian Range, who had a special pal among the Russians that he wanted to see. And, of course, when it was verboten, he wanted to see him all the more.

A day or two after the order I was standing outside the barracks door when I saw this fellow come out with a dividing board in his hand. I thought he was going to smash somebody with it, so I stood by. But he stooped over and jammed one end of the board against the threshold of the door, scratched the ground with the farther end of the board and measured again. He kept this up, length by length, in the direction of the Russian barracks. The sentry in the yard stopped and stared at him, but the fellow kept right on, paying no attention to anybody. Pretty soon he was right by the sentry's feet and I thought any minute the sentry would give him the butt, but he just stared a while and let him pass. That lad measured the whole distance to the Russian barracks, went inside, stayed a while and calmly strolled back with the board under his arm. When he reached our barracks messin he told us he had found a vino

mine. What he had found was something not so unusual—a boneheaded German.

There was a lot of bamboo near the Russian barracks and the Russians made baskets out of it and turned them in to the Germans. For this they got all the good jobs in the kitchen and had a fine chance to get more to eat. But they were treated like dogs—that is, all except the few Cossacks that were in the bunch. The Huns knew that a Cossack never forgets and will get revenge for the slightest mistreatment, even if it means his death. I have seen sentries turn aside from the beat they were walking and get out of the way when they saw a Cossack coming. There were very few Cossacks there, however. I do not think they let themselves get captured very often.

We had roll call every morning, of course, and were always mustered in front of our barracks, the middle of the line being right at the barracks door. Sometimes when the cold got too much for them, the men nearest the door would duck into the barracks. As they left the ranks the other men would close up and this kept the line even, with the center still opposite the barracks door. Finally almost all of the men would be in the barracks and by the time the roll was over not one remained outside. This seemed to peeve the German officers a great deal, but they did not punish us for it until we had been doing it for some time.

For several days I had noticed that someone else answered for two men who had disappeared; at least I had not seen them for some time. I did not think much about it, or ask any questions, and I did not hear anyone else talk about it, but I was pretty sure the two men, a Russian and a Britisher, had escaped. But they were marked present at roll call and all accounted for. Everything went along very well until one day when the name "Fontaine" got by without being answered. Fontaine was a French fireman from the Cambrian Range and that was the first time he had not been present. We saw what was coming and we began to get pretty sore at Fontaine for not telling us, so we could answer for him and keep the escape covered.

The minute they found our count one short they blew the whistles and a squad of sentries came up as an extra guard. They counted us again, but by sneaking back of the line and closing up again we made the count all right except for one man—Fontaine. We would have tried to cover up for him, except that they had already discovered his absence. Now we thought, they will nab Fontaine but will not discover the escape of the others.

But evidently they suspected something, for soon they brought over a petty officer from H. M. S. Nomad, who had not been with us before, and forced him to call the roll from the mustering papers, while they watched the men as they answered. Then they discovered that two more besides Fontaine were missing and began to search for them.

ITEMS OF HIGHWAY EXPENSE

Interest on Investment and Cost of Maintenance All Have Vital Bearing on Road Plans.

The following is quoted from an article by B. H. Piepmeyer, maintenance engineer, highway department, state of Illinois:

"There are three principal items of expense connected with road improvement which the engineer must impress upon the public mind before it will be possible for him to construct an economical system of roads. These factors are: The original cost of the improvement; the interest on the money invested in the improvement, and the total upkeep cost. When all of these factors are taken into consideration, it is evident that many of the cheaper types of roads, when properly maintained, will give the desired service and yet will be much more economical on account of their low first cost.

"When a type of road is selected, taking into consideration the three principles set forth above, it is very essential that provision be made for proper and efficient maintenance. If local conditions are such that maintenance may be delayed or prevented, preference should be given to a type of pavement that requires only a small amount of maintenance and which will be serviceable for a period of time even with no maintenance whatever.

Concrete Road in Suburbs of Chicago.

Neglecting proper maintenance for but one year on many types of roads is very much more serious than the amount of money involved represents. The road engineer should keep this in mind and thoroughly impress the fact upon the individuals who have a voice in the final determination of a type of road."

TWO FROCKS OF JERSEY.

Here are two delightful modes for mid-season wear. The first is a taupe jersey trimmed with fancy silk braid. For the skirt there is a wide band of the braid stitched on flat, while narrower widths are used for the lower edge of the blouse and the side-fronts. The collar and cuffs are also of braid. Four yards 48-inch jersey, with 4 1/2 yards wide and 3 1/2 yards narrow braid make the design.

A simple jacket and plaited skirt form the model for the second illustration. Dark blue or brown jersey may be used. Beyond a shawl collar of self-collar satin the jacket has no contrasting for the pockets and belt are of self-material. Five yards 48-inch jersey are needed to duplicate the design in medium size.

First Model: Pictorial Review Blouse No. 7717. Sizes, 34 to 42 inches bust. Price, 20 cents. Skirt No. 7894. Sizes, 24 to 36 inches waist. Price, 20 cents.

Second Model: Jacket No. 7715. Sizes, 34 to 44 inches bust. Price, 25 cents. Skirt No. 7339. Sizes, 24 to 32 inches waist. Price, 20 cents.

DRINK HOT WATER AND RID JOINTS OF RHEUMATIC RUST

Arthritism and lumbago sufferers should drink phosphated hot water each morning before breakfast

Just as coal, when it burns, leaves a certain amount of incandescent material in the form of ashes, so food and drink taken day after day leave in the alimentary canal a certain amount of indigestible material, which is not completely eliminated each day.

It comes food for the millions of bacteria which infest the bowels. From this mass of left-over waste material, toxins and uric acid-like poisons, called uric acid, is formed and then sucked into the blood where it continues to circulate, collecting grain by grain in the joints of the body much like rust collects on the hinge as shown above.

Men and women who suffer from lumbago, rheumatism or sore, stiff, aching joints should begin drinking phosphated hot water, not as a means to magic relief from pain, but to prevent more acid forming in the system. Before eating breakfast each morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This will first neutralize and then wash out of

the stomach, liver, kidneys and bowels the previous day's accumulation of toxins and poisons; thus cleaning, sweetening and freshening the entire alimentary canal, each morning, before putting more food into the stomach.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to make any rheumatic or lumbago sufferer an enthusiast on the morning inside bath.

Millions of people keep their joints free from these rheumatic acids by practicing this daily internal sanitation. A glass of hot water with a teaspoonful of limestone phosphate, drunk before breakfast, is wonderfully invigorating because it cleanses the alimentary organs of all the waste, gases and sour fermentations, making one look and feel clean, sweet and fresh all day.

Those who try this for one week may find themselves free from sick headaches, constipation, bilious attacks, sallowness, nasty breath and stomach acidity.

THEN IT CAME HOME TO HER

Moment When Henrietta Realized That There Were Dishonest People in the World.

Henrietta Weir looked at the change the conductor had just given her—a quarter and five nickels. "Goodness," she thought excitedly, "he's given me a nickel over! I'm riding for nothing!" And she quickly closed her hand over the change, and then she remembered that the conductor had rung up her fare and that probably the nickel would have to come out of his own pocket. "Oh, dear!" she thought remorsefully. "Perhaps the poor man has a large family and perhaps a nickel a day is all he can afford to feed them with. I suppose I really ought to return it to him. But no, he has a bad face—I shouldn't be surprised if he beats his wife every day, and it would serve him right to suffer for his own carelessness! Still, of course, I wouldn't like to feel that I am depriving his baby of its daily bucket of milk—no, I'll keep it—a man in his position has no moral right to have a large family. Goodness, what if he should suddenly find out he gave me too much and demand it back again? I think I'll get right out—I'm only ten blocks from home, anyway." And at the next stop she hurriedly left the car, still clutching the quarter and five nickels in her hand. "I'd better look again—perhaps there are only four nickels after all," she thought. And she opened her hand and looked. No, there were five, but, as she looked, the quarter slipped through her fingers and fell on the pavement—with a hollow, leaden sound. "Oh!" she gritted through her teeth. "The dishonesty of this world!"

THE THEATRES

AT THE DELFT.

"Les Miserables" the greatest epic and dramatic work of fiction ever created or conceived; the epic of a soul transfigured and redeemed, purified by heroism and glorified through suffering; the tragedy and comedy of life at its darkest and its brightest, of humanity at its best and at its worst—Encyclopedia Britannica. In Les Miserables you have the greatest masterpiece of the entire cinema industry. It is the greatest picture ever thrown upon a screen and you will agree to this once you have seen it. Les Miserables is not only THE picture of the year—it is THE picture of the cinema age. While its most tremendous appeal is to the reading, thinking people, do not overlook the fact that Les Miserables is "The Gospel of the Poor" and because of its force and teaching is interesting to all humanity—it knows no class, but is universal. In Les Miserables, that incomparable actor, William Farnum, undoubtedly does the best work of his stage or screen career. His interpretation of Jean Valjean is a living breathing ideal.

PICTURE FOR STRAND FAILS TO ARRIVE FOR LAST NIGHT'S SHOW

Through an unfortunate combination of circumstances over which Manager W. A. Taylor had no control, the picture which he was to have shown at the Strand Theatre last night did not arrive. Mr. Taylor was more grievously disappointed perhaps than any of his patrons and all day yesterday spent money in telegrams and telephone messages trying to locate the missing film, which had come astray some place between Minneapolis and this city. This film shows Virginia Pearson in "The Fire Brand," which was released only last June and is a first run picture. Mr. Taylor deeply regrets the unavoidable occurrence and assures his patrons that as soon as he can locate the picture and get it here it will be shown, so that they will not be deprived of the pleasure of seeing Miss Pearson in one of her greatest successes. The Misses Mayo and Etta Brown have returned from a visit in Daggett.

ATTENTION, FARMERS OF GARDEN TOWNSHIP

The Delta County Agricultural Society has arranged with Hansen & Jensen for bringing agricultural exhibits to the Fair. The boat will leave the docks at Garden early Tuesday morning, September 10th. The Rev. H. Headfield has kindly consented to act as entry clerk and check in exhibits at the dock on Monday afternoon and evening, and Mr. H. P. Hansen or Peter Jacobson, of Fairport, has agreed to take in exhibits at that place on Monday evening. All farmers should begin now to consider what they want to send to the Fair. There is absolutely no expense to the farmers and all products brought to the Fair from Garden will be placed on the regular tables and will compete for the premiums offered. Do not fail to send something to the Fair. Good prizes are offered for vegetables, grain and field crops, poultry, butter, eggs, and almost anything raised on a farm. Entries close at noon, September 10th. JAMES C. BAKER, Sec'y.

OLD AGE A CRIME!

Some people are young at 60—red checked, ruddy and vigorous. Others are old at 40—joints beginning to stiffen up a bit; step beginning to lag and lose its springiness; occasional twinges of pain in the back, feel tired without cause, and possibly a twinge of rheumatic pain. In most cases these are the danger signals to warn you that the kidneys are not promptly doing their work of throwing off the poisons that are always forming in the body. To neglect these natural warnings is a crime against yourself. If you have these symptoms you can find prompt relief in GOLD MEDAL Haasium Oil Capsules. For more than 200 years this has been the recognized remedy for kidney and bladder ailments. GOLD MEDAL Haasium Oil Capsules are imported direct from the laboratories at Haarlem, Holland. Get them at your druggists. Do not take a substitute. In boxes, three sizes.

Cereal Food That Contains Its Own Sugar Grape-Nuts
is utterly unlike any other prepared cereal.
Take a handful of its golden-brown granules and hold it in a strong light. You will see little shining particles on each granule—a result of the Grape-Nuts process of cookery, which turns the starch of wheat and barley into actual sugar.
The sweet, nutty flavor of Grape-Nuts requires no added sugar and where fresh milk or cream is not obtainable condensed or evaporated milk fits in finely.
No sugar is needed, and but little cream or milk, and this makes Grape-Nuts a very desirable cereal these saving days.

BOOZE BEING TAKEN INTO DRY MENOMINEE FOLLOWING RAILWAY

Menominee gentlemen with a thirst which will not be denied are having their little difficulties rather regularly following Saturday pay days as is evidenced by the following from the Menominee Herald Leader of Tuesday:

Four Michigan men again fell on the water wagon Saturday night after they crossed the Menominee river. Again Saturday was pay day and the last day of the month with two holidays ahead of them. The men had a night, which continued over Sunday.

But then, somebody is always taking the joy out of life, and in the course of events the four were pinched by Chief of Police Charles VanDoozer of Menominee. As things came to a head it not only appears that the men brought liquor over to Michigan inside of them but two of them also had a little on the outside.

The men were arrested for being drunk and disorderly and brought into municipal court today before Acting Judge George Bastow. The court was exceedingly lenient with the men and let them off with a fine.

Edward Hess was fined two dollars and two dollars costs, amounting to four dollars, which he paid; Felix Rovin was fined one dollar and two dollars costs; Andrew Molnar was fined twenty-four dollars and three dollars costs, amounting to twenty-seven dollars, and N. Backstrom was

also fined twenty seven dollars. Joseph Smith of Menominee, who is bound over to circuit court on the charge of bringing liquor into the state, was released last week on bail, until being summoned to appear for his trial.

Miss Mildred Hess will entertain at a marshmallow roast tomorrow evening in honor of Miss Elizabeth Robinson of Green Bay.

AUTO OWNERS ENTER PROTESTS AGAINST A USE OF THEIR NAMES

The Mirror has been very busy answering protests from a number of people whose names were published as using their cars on Sunday. It is understood that the list of names appearing in The Mirror of those who used their cars on Sunday does not mean anything more than that a car bearing a certain license number was in use at some time during the day. It does not infer that the car was used for any number of miles or for any great length of time.

Many claim that their cars did not move from the front of their homes on Sunday. If the car was on the street, the number was taken and the name of the owner placed in the list.

The fuel administration issued a notice on Saturday that the names of the owners of all cars used Sunday would be published if the cars were in use.

KILLS FOUR BEARS IN RECORD TIME ON OLD GLADSTONE ROAD

Oliver Reno, of Flat Rock, killed a big black bear and three cubs on the Frank Pease farm yesterday afternoon. The animals were found in a hicket less than 100 feet off the main county road near Duranceau's corners.

Isadore Cyr left for Saskatchewan, Canada where he is looking after his business interests.

Guy C. Cyr left for Minneapolis where he will attend the state fair. On his return he will visit at Milwaukee and Green Bay.

Mr. and Mrs. Frank Neinaber will leave tonight for Madison where they were called by the death of Mr. Neinaber's mother, Mrs. E. H. Neinaber.

MANY FANCY CATTLE WILL BE SHOWN AT THE FAIR THIS YEAR

Live Stock Department Assured of an Unusually Fine Exhibit and Urges Deeper Interest in This Feature.

L. A. Erickson, Chairman of the Live Stock Department of the Fair at the Fair Grounds, announces that he has received word from a large number of live stock men that many car loads of fancy cattle will be exhibited at the Fair this year.

The Fair Association has also arranged for cattle stanchions in the cattle barns which will be a great improvement over last year.

Fe-d, bedding and care are provided free by the Fair Association. One of the finest barns for housing cattle is provided so that the owners of live stock need not fear improper housing or care.

Any one having live stock should arrange now to bring same to the Fair. Transportation charges are both ways by the Fair Association.

Bring your cattle to the Fair and help make it a grand and successful year.

Entries should be made on Monday September 9th, if possible, or not later than noon on Tuesday, September 10th.

C. J. HARNEY DEFEATS GEORGE MASHEK IN GOLF SEMI-FINALS

Geo. Mashek for the third time in the Golf championship reached the 19th hole. He won on this hole twice but three times was too much. Harney was 2 up and 2 to go and Mashek came back strong and won the next two holes, leaving the match all square at the end of the eighteenth. Both drove off nicely and got good seconds. Mashek had a nice lie and made a good mashie shot but got a bad kick. Harney had an almost impossible lie but took his heavy mashie and then found his ball on the green. Mashek again almost held his putt, but the ball hit the edge of the cup and rebounded out. Harney held his putt, winning the match.

Mashek shot 43, 43—86, and Harney shot 44, 43—87, both being good medal scores for a big match.

Harney will meet Dr. W. B. Boyce in the finals Saturday. This will be a hard fought battle as it is a deciding factor and both being near equal golfers.

WOMAN'S DEFENSE COMMITTEE.

There will be a regular meeting of the Woman's Committee of the Council of National Defense, Friday afternoon, September 6th, at 3:00 o'clock, at the Carnegie Library. All those interested in Child's welfare will please make an effort to be present. 248.

BOMBING OUTRAGE IN CHICAGO FOLLOWED BY A SCORE OF ARRESTS

(BY ASSOCIATED PRESS) Chicago, Ill., Sept. 5.—In the score or more of persons wounded up last night in connection with the federal building bombing outrage, Joseph Berry, acting head of the local department of justice, believes he has either the culprit himself or one who has information which will lead to the real culprit's arrest. He is said to have a very definite suspicion in regard to one of the men and to have obtained important information from him.

Think It Over

To the irony of it all they heap the insult of advertising length and breadth of this land of ours that their profits on meats do not exceed 25c per hundred pounds. What about all the paper they weigh out and sell to your dealer as meat at from 25 to 50c per pound. Don't you find it hard enough to pay for these high price meats without having to pay for from 1 to 3 thicknesses of paper they wrap your meats, hams and bacon up into. Stop the brazen steal as well as the insult. The paper you are made to buy will feed your army in France.

Eat More POTATOES

They are cheap and very plentiful now. Our Government asks you to do all you can to save and reduce the consumption of flour. By eating more potatoes you can comply with the food administrations wishes without depriving yourself of needed starchy food. One medium sized potato gives you as much starch as two slices of bread. When you have potatoes for a meal you need less bread. Potatoes can save wheat. We need the wheat for the boys who are today fighting OUR battles across the sea.

We have the nicest potatoes of the season. Right now they sell at 10 lbs. for 23c
