2,800 AMERICANS ABOARD A BRITISH TRANSPORT TORPEDOED BY GERMANS

EVERY MAN ON BOARD IS SAVED AND SHIP BEACHED; SUBMARINE IS DESTROYED

Vessel Falls Behind Convoy while Repairing Some Engine Damage and is Torpedoed Two Hundred Miles Off English Coast while Speedily Catching Up to Her Protectors.

MEN TRANSFERRED TO ESCORT BOATS WITHOUT SLIGHTEST SIGN OF PANIC

Depth Bombs Dropped Over Spot where Hun Raider Submerged and Soldiers Claim Submarine was Lifted Clear Out of Water and then Sank to Bottom Rapidly.

(BY ASSOCIATED PRESS)

London, Tuesday, Sept. 10.—A British troopship, with 2,800 American soldiers aboard has been torpedoed. Every man aboard was saved and the vessel was manipulated following the torpedoing so that she was beached. In order to save time and instead of launching boats, the men clambered down dangling ropes to boats which were sent out from ships convoying the troopship. This operation was greatly facilitated by the fact that the sea was not rough.

The troopship was a member of a large convoy which was approaching the English coast. She was torpedoed 200 miles from shore at three o'clock Friday afternoon. The transfer of the American soldiers to an escort of British and American torpedo boat destroyers was accomplished without the injury of a man and they were soon on their way to a British port.

There was not the slightest sign of panic among the soldiers and their behavior is a source of the deepest gratification to the officers. Many of the men are from Cleveland and Chicago a large portion of them being factory hands of foreign extraction. Their behavior proved that they had assimilated the true spirit of the American soldier.

Several of the soldiers told the Associated Press correspondent that they saw the submarine lifted clear out of the water after a depth bomb had been exploded over the spot where she submerged.

There was something wrong with the troopship's engine which, for a time, compelled her to lag behind the convoy but the trouble had been fixed and she was rapidly catching up with the rest when the torpedo hit her forward of the engine room.

EMPTY TRANSPORT SUNK.

New York, Sept. 11.—The British steamer Missanabie, of 12,469 gross tons register, in the service of the British admiralty as a troop transport, has been sunk by a German submarine, according to information brought here today by a ship which sailed from a British port. The Missanabie, which had been carrying American soldiers and supplies, was returning to an American port.

Soldiers in Rest Camp.

An Inland Rest Camp in England, Tuesday, Sept. 10.—The major portion of the 2800 American soldiers from the troopship which was torpedoed last Friday off the English coast, but not sunk, and resulting in no casualties, have arrived here none the worse for their thrilling experience. They find consolation for the loss of their ship in the assurance that the submarine suffered a far worse fate at the hands of the avenging destroyers which arrived on the scene speedily and took up the hunt for the raider, with depth charges.

Admiral Sims Reports.

Washington, D. C., Sept. 11.—The navy department announced today the receipt of a dispatch from Vice Admiral Sims saying that a British liner carrying American troops, had been torpedoed September 8 off the British coast. He reported that all on board were saved.

R. N. Kohler of Marquette is calling on trade in Escanaba this week.

DRAFT MACHINES START THURSDAY AT 7 O'CLOCK A. M.

Every Man Between Ages of 18 and 45 Must Register For Military Service at Regular Polling Place.

WILL BE HOLIDAY HERE

Local Board Has Made Every Provision for Handling the Great Crowd of Registrants to Best Advantage.

The giant draft machinery of the country will be put into motion in every community of the United States shortly after sunrise tomorrow morning. All men between the ages of 18 to 45 years, inclusive, will register for selective military service.

The Delta county draft board foresaw the extra work, in connection with carrying out of the registration orders some time ago, and proper provisions have been made, to take care of all the work connected with the board.

Every man who will be 18 years or over on Sept. 22, and who has not yet reached his 46th year must register for penalty of imprisonment, register for service.

This does not include men who have registered in any of the other registrations.

Registration booths will be at the various voting places in Escanaba and Delta county. A board of registrars, consisting of three members will be continuous, from 7 o'clock in the morning until 9 o'clock at night.

It is expected that manufacturers employing large forces of labor will allow the men to take time off at different intervals during the day, so they may register. It is urged that the men be sent in small groups, so that the registrars will not be "swamped" at certain hours with men wanting to register.

CROWDER CALLS FOR 2,000 MEN QUALIFIED AS STENOGRAPHERS

(BY ASSOCIATED PRESS)

Washington, D. C., Sept. 11.—A call for 2,000 men for limited service, qualified as stenographers and typists, was issued today by Provost Marshal General Crowder. The men will enter September 22 and will come from all states and the District of Columbia.

DEBS TO PLEAD OWN CASE BEFORE A JURY

(BY ASSOCIATED PRESS)

Cleveland, O., Sept. 11.—The defense in the Debs case this afternoon announced that it would go before the jury on the evidence presented by the government, without introducing testimony on behalf of the defendant. Debs is to address the jury in his own behalf, it was announced when the last of the government evidence was in.

BARUTH APPEALS FOR A SMALL EXEMPTION CLAIM BY INDUSTRY

(BY ASSOCIATED PRESS)

Washington, D. C., Sept. 11.—American industry has been called upon by Chairman Baruth, of the war industries board, to co-operate in bringing the needed man power into the army by asking exemption for the lowest possible number of men not in the most vitally essential industries.

Germans Suffering From Food Shortage Growing Restless

(BY ASSOCIATED PRESS)

Copenhagen, Sept. 11.—The German Socialist party and trade unions have sent a communication to Chancellor Von Hertling showing grave dissatisfaction among the population because of the food shortage. In the communication, which is published in the Vorwarts, the conditions are characterized as "critical."

THE HONOR ROLL

Americans Who Have Been Killed or Wounded in Fighting for Human Rights.

(BY ASSOCIATED PRESS)

Washington, D. C., Sept. 11.—The following casualties are reported by the Commanding General of the American Expeditionary Forces:

Killed in action,172
Missing in action,112
Wounded severely,236
Died of wounds,72
Died of accident or other cause, ... 1
Died of disease,12
Wounded degree undetermined, ... 36
Total,642

In the list are the names of the following Michigan men:

Henri J. Gribben, Iron Mountain.
Fred St. Peter, Menominee.
Matt Peterson, Crystal Falls.
Wains Radio, Ironwood.

NO RACES AT THE NORTHERN FAIR THIS AFTERNOON

Rain Spoils Program But Big Show is Going Forward Just the Same and is Best Ever Held Here.

BIG CROWDS EXPECTED

New Free Attractions Added and Last Two Days Will Be Made Biggest in History of The Organization.

Running true to Northern State Fair form the weather man again turned on the spigot last night and the 2nd. day of the fair was rendered a rather moist and soggy affair, but the cheerful optimism of the management has not abated one tittle.

All hopes for holding races this afternoon were abandoned this morning, as it would have been impossible to use the track, even had the rain ceased early today. However, it was planned to have the free acts this afternoon if the weather cleared.

Secretary Baker stated this morning that there was nothing unusual during the first day or two of the fair—the board was used to it, and the people of the county know that the last two days will make up for the lack of activity. A new free attraction has been secured in the act put by the "Aerial Luffays." This is a high wire performance which is said to be excessively thrilling.

But today's rain cannot injure the many and splendid exhibits, although it may have the effect of keeping people away today. The vegetable hall is a veritable bower of beauty and a fit representation of the varied agricultural possibilities of this section of the state.

What is perhaps the most striking exhibition of the entire fair, is the great line of livestock being shown. Cattle, hogs and sheep, pure bred and crossed are there on a larger scale than ever before and will prove of exceptional interest to the farmers of this section of the state. The poultry exhibit is also the best ever shown here. All the officials of the fair hope for a couple of pleasant days to make the big show the great success it has always been.

The concession men with open stands were rather hard hit by today's downpour but they are cheerful nevertheless and look for good business Thursday and Friday, when record breaking crowds are expected to be in attendance.

What will undoubtedly be one of the most interesting and instructive developments of the fair, will be two demonstrations Thursday, one at 11 o'clock on the morning and the other at 1:30 in the afternoon. This will be a demonstration of handicraft work in the schools of the Upper Peninsula.

Grain Embargo on In Buffalo, N. Y.

(BY ASSOCIATED PRESS)

Buffalo, N. Y., Sept. 11.—A grain embargo went into effect today on all the railroads entering Buffalo from the west. An extraordinary movement of wheat from Ohio, Indiana and Michigan is the cause.

WAR RELIEF BODY IN FLOURISHING CONDITION NOW

Has Collected Over Sixty Thousand Dollars Since Its Organization According to Report Last Night.

MUCH GOOD WORK DONE

Will Buy a Large Block of Fourth Liberty Loan Bonds To Discharge Red Cross Obligations.

Reports made by the Delta County War Relief Association last night show the organization to be in a most flourishing condition. Since it has been organized a total of \$61,561.10 has been paid into the treasury.

The report shows that \$39,756.80 has been paid out to various branches of war relief work, such as the Salvation Army, Red Cross, Armenian Jewish Relief-Association, Armenian and Syrian Relief Associations and for various expenses of the organization.

The payment of \$1,500 for the support of the work of the Delta County Chapter of the Red Cross was authorized by the directors of the Association and it was also voted to invest \$7,500 in bonds of the Fourth Liberty Loan. The bonds to be used in payment of the obligations of the Red Cross.

Further steps were taken looking toward a clearing up of the "slacker list" which has been published for some time.

FOURTH LIBERTY LOAN QUOTA OF COUNTY \$682,000

Delta County Dollars Will Undoubtedly Be Placed Strong Behind Delta County Men in Trenches.

The quota for Delta County for the fourth Liberty loan has been fixed at \$682,000. That is the amount our people are to buy of the total which must be sold if the government is to successfully finance, during the next few months, our part in the terrible conflict the Kaiser and his hordes have brought upon the world.

Of course the people of Delta county are going to buy that amount, and the only question is how much more and how quickly are we going to do it.

Delta County people are going at this bond buying proposition in just the same way that our boys are going at the Helmies in France. We are not going to wait until the fight is over before we get into it, and we are not going to stop at the fixed objective of \$682,000 any more than our boys stop when they reach the first German trench or German machine gun nest.

We are going to put Delta County's dollars back of Delta County's boys and let them work together so that in the end the "world" may be a decent place to live in."

Man Heavily Fined For Intoxication

William Holm was arrested on the streets last night in an intoxicated condition. This morning he was arraigned in Justice Glaser's court and fined \$25 and costs.

Transportation To Be Adequate for the Winter Says McAdoo

(BY ASSOCIATED PRESS)

Pittsburg, Pa., Sept. 11.—There will be no shortage of coal or food this winter because of insufficient transportation, according to a statement made here today by Director General McAdoo. He says there is no dearth of cars at the mines and there will be no shipping delays unless considerable numbers of railway men are drafted.

BRITISH AGAIN MOVING FORWARD TO HINDENBURG LINE IN BATTLE CENTER

False Reports Are Circulated About Big Escanaba Fair

In some unaccountable manner a story gained circulation this morning to the effect that the Northern State Fair had been called off for Thursday. There is absolutely no truth in the statement. As a matter of fact the fair officials are working harder than ever to make the last two days of this week the banner days in the history of the fair.

Another story gained currency in Bark River to the effect that an admission of \$1.00 was being charged, and many people there are said to have failed to come to Escanaba on that account. Neither is this story true. The admission remains the same as always, adults 50 cents and children 10 cents.

Fire Chief Orders Chimneys Cleaned To Prevent Danger

Fire Chief Meier is instructing all residents of Escanaba to look after their chimneys and have them properly cleaned now. This is in the nature of an order and is made for the purpose of preventing fire damage in this city this winter. If chimneys are not cleaned now, there is a possibility they will be permitted to go through the whole winter and subject every residence to greater fire peril.

The chief also asks persons reporting fires by telephone to not get excited and leave the phone until it is certain the fire department has the proper location of the fire. A great many costly mistakes are made through folks losing their heads when reporting fires, and it is urged that they make sure the fire department has been told plainly, and thoroughly understands just where the fire is located.

GARFIELD WARNING PREDICTS SHORTAGE OF GASOLINE SOON

(BY ASSOCIATED PRESS)

Washington, D. C., Sept. 11.—Fuel Administrator Garfield told the senate today, in response to the Lodge resolution of inquiry, that unless conservation steps were taken at once there would be a deficit of a million barrels of gasoline at the end of the year. He estimated that there is but one month's supply ahead at this time.

Postoffice Will Deliver No Mail By Carrier Tomorrow

Thursday having been proclaimed a holiday, the local postoffice will observe holiday rules with reference to mail delivery. There will be no delivery by carrier but carriers will serve their patrons at the office between 9 and 11 a. m. The general delivery window will also be open between the hours of 9 and 11 a. m. and 5 and 7 p. m.

German Regiment Mutinies Aug 31

(BY ASSOCIATED PRESS)

St. Petersburg, Sept. 11.—On, German regiment, the 25th, mutinied at Cologne on August 31st, according to a report received here and published in the Telegraph today.

All Approaches to LaFere and St. Quentin are Held by the French Who are Menacing Laon.

ENCIRCLING MOVE IS ON

German Claim Department Is Again Getting Into Active And Humorous Service Regarding the German "Successes."

(Associated Press War Summary)

The British are again moving forward today toward the Hindenburg line in the sector near the center of the allied battle front. All approaches to LaFere and St. Quentin are now held by the French and British and the encircling movement which is menacing the strong enemy position at Laon, is progressing favorably. The French have advanced on LaFere from two sides, the movement from southeast of Servais to the northwest of the LaFere carrying them around the northern edge of the strong St. Gobain massif, where the Germans are so favorably entrenched that a frontal attack by the French can hardly be expected.

Active in Woevre Sector.

Washington, D. C., Sept. 11.—Report of a strong raid undertaken by the enemy in the Woevre sector, to get American prisoners for identification purposes, was contained in General Pershing's communique for Tuesday.

British Gain Foothold.

With the British Army in France, Sept. 11.—British troops today gained a foothold near Preiziere and Epehy on the railway leading into Marconville.

German Attacking

With the American Army on the Alsace front, Tuesday, Sept. 10.—The Germans this evening were still attacking on the Mont Rouge plateau with desperate determination. The loss of the enemy during the last three days is reported to have been appalling.

A German Claim.

London, Sept. 11.—An attack by the British to advance south of Ypres and north of the Las Bassee canal, was repulsed, according to the official statement of the German war office. The statement says that prisoners were taken by the German and that south of Gozaucourt and around Epehy British attacks reach the German first lines but were driven back, 3,000 prisoners being taken in this action.

London, Sept. 11.—During last night the British advance their line slightly in the region of Vermand, northwest of St. Quentin. Field Marshal Haig reported today. The Germans delivered a counter attack in the region of Escourt-St. Quentin, which was repulsed after a stiff fight. There was also sharp fighting at Gozaucourt but the Germans were beaten off except at one point, where one British post remains in possession of the enemy.

FORMER OFFICERS IN CZAR'S REIGN RECENTLY KILLED

(BY ASSOCIATED PRESS)

London, Sept. 11.—A list of 37 persons, who were executed in Moscow in the names of several former officers during the reign of Emperor Nicholas. A number of other officers and gendarmes in the Czar's reign are in the list.

Raisin Bread! Just One of Many

Delicious and Nourishing Foods That You Can Make With Washington CRISPS—The Popular Breakfast Cereal

TOASTED Corn Flakes for general cooking purposes? Yes indeed.

Our New Process of toasting and flaking has greatly increased the number of ways to use and enjoy Washington CRISPS—for many years the favored breakfast cereal of a Nation.

Today it is hard to think of a single recipe that cannot be improved by including CRISPS, either whole or crushed. And while we do not call them a substitute for wheat flour their use does nevertheless cut down the quantity of flour required for making bread, pastry, custards and the like.

The Washington CRISPS Raisin Bread pictured above won the second prize of \$100 in our recent Contest. You will find the recipe for this famous War-bread and thirteen other recipes—all prize winners—in our booklet just off the press. Ask your grocer for a copy. If his supply has been exhausted write to us direct for it.

Also contains the conditions of our 1918 Prize Recipe Contest. This is your chance to win Gold and Fame by entering some treasured recipes of your own devising.

IRONWOOD MAN SEEKS SERVICE IN FOURTH WAR

Joseph Thomas Has Been a 'Fighting Man' in Many Climes and Under Various Flags.

AN INTERESTING CAREER

Is Fifty-Three Years Old, Has Existed and Hopes to See Service in France Before the War Ends. Ironwood, Mich., Sept. 11.—Joseph Thomas of Ironwood just dots on wars. Furthermore he is intensely patriotic and feels it his duty to fight for the flag.

ROAD BUILDING WAS DISCUSSED AT STATE FAIR

Meeting of Most Vital Importance to Agricultural Districts of State, Was Held in Detroit Last Week.

Road Building in Michigan under War Conditions was the subject of an address by State Highway Commissioner Frank F. Rogers at the opening session of the tenth annual convention of the Michigan State Good Roads Association held in connection last week, the convention dates being Sept. 3, 4 and 5. The first day was in charge of the State Highway Commissioner and exhibits and stereopticon pictures featured the program.

Mrs. Long is Going East To Join Doctor Mrs. H. W. Long and little son will leave soon for Boston, Mass., where they will spend the winter.

Don't Scowl, Mr. Farmer, and Grumble at the Scarcity of Labor

at the shortness of time you have in which to get things done, or at the rising costs that keep on rising higher.

When Men Are Scarce find ways to do your work with fewer men. When men are scarce, put into service those machines that merely at the turning of a crank and the shifting of a lever perform the tasks that formerly required human brains and labor.

When Time Is Short find methods that make minutes give results that hours gave before.

Don't Say It Can't Be Done It is being done today all over the United States, Canada, France and England by up-to-date farmers who are using the FORDSON TRACTOR.

These times test the ability in men, some succeed, some fail. We are going to show you every day at the Northern Michigan State Fair how you can succeed,—how you can solve the shortage of labor, time and higher prices. We are going to show that you can plow from 8 to 10 acres per day—a 40 in four days and disc it the next day. You won't grumble,—you will smile when you use a FORDSON TRACTOR. Remember the FORDSON TRACTOR will be plowing and discing every day at the Northern Michigan State Fair.

NEW DRAFT MEN NOT LIKELY TO BE CALLED NOW

Selects Are To Be Placed in Three Classes According to Their Age, It Is Believed.

Chicago, Ill., Sept. 10.—Various orders from Washington, received during the past few days, hint that the men of the new draft will not be called into service before November 1, although it is probable that some will be called in October.
Immediately after registration, serial numbers will be assigned the registrants, after which the drawing in Washington to determine order numbers will take place.
Also, questionnaires will be mailed to all new selectees which they will be obliged to fill out within a stated time. No man according to new orders, will be allowed to file separate claims for exemption, whether for family or for industrial reasons.
This practice was allowed during the first draft and resulted in many unjust claims being filed and a great deal of trouble being caused, not only for draft officials, but for the individuals making the plea. All cases will be decided from what appears in the questionnaire, the men being placed in class one or in deferred classes, according to the judgment of the officials who will be in charge of the questionnaires.
For various good reasons the new draftees will be placed in three classes the first to consist of those between the ages of 19 and 20, and between 20 and 21. Next the men from 21 to 25 will be called, leaving the eighteen year old boys to be called last. However, it is expected that all of these last named men will be under arms by next June 30, as it is the plan of the war department to have another million men in training in this country by that time.

SALTS IF BACKACHY AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your Bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidney gets sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water swells and you are obliged to seek relief two or three times during the night.
Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.
Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

F. M. STEPHENSON CALLED BY DEATH IN CALIFORNIA

Prominent Menominee Sportsman Well Known Here Succumbs To Illness of About Six Months.

A telegram received yesterday announced the death, at Santa Barbara, Cal., of Fred M. Stephenson, of Menominee, a man who was well known and extremely popular in Escanaba. He was the son of the late Robert Stephenson, of Menominee and a nephew of the late Senator Isaac Stephenson, of Marinette.
Reports this week were to the effect that he was not expected to survive more than a few days. His sister, Mrs. C. H. Gordon, was at his bedside and his sister-in-law, Mrs. Isaac Stephenson, Jr., of Menominee, had gone west to be with him.
Mr. Stephenson has been in poor health for six months past, but only in the last week or two has his condition

become critical. After leaving Menominee he made his home in Chicago and was a close friend and confidant of Stanley Field, son of the late Marshal Field. He made a trip through darkest Africa following the Roosevelt route, with John McCutcheon, the great cartoonist. He was a sportsman of national wide prominence and had extensive interest in Mexico. He has hunted and fished in all parts of the globe and was one of the promoters of the Coleman Lake club of Marinette county, which he often visited with Chicago friends.
There will be keen regret wherever Fred is known at the sad news of his death. He was a giant in physical stature and the last thing one would associate with him was a decline in health.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-time Recipe That Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.
But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.
A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.
Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

CONTINGENT OF FORTY-TWO MEN LEAVES TONIGHT

Men Report at Court House This Morning and Select Rudolph Anderson as Their Commander on Trip.

Forty-two more young men reported at the county court house this morning and made preparations for departing tonight for Camp Custer, where they will join the colors. The majority of these men are Class one men of June 5th registration and that is practically exhausted now.

The boys reported at 10 o'clock this morning and selected Rudolph Anderson, Napoleon Lavergne and Phil Le Duc as military police to be in charge of the party, with Mr. Anderson as the man in authority.

Following the usual preliminaries the men were excused until 7 o'clock this evening at which time they are to report at the Northwestern station. The usual crowd is expected to give the boys a hearty send-off regardless of the weather, as wind and weather do not prevent friends and relatives from assembling to bid their loved ones God Speed.

Following is a list of the men who are scheduled to entrain:

- Hubert Benn, City.
- Napoleon J. Lavergne, Perkins.
- Barney Surville, City.
- Lloyd Brunete, Gladstone.
- Oscar R. W. Anderson, City.
- Rolland A. Hale, City.
- Herbert Lacroix, City.
- Phillip Laduc, Cornell.
- Willard F. Way, Wells.
- Albert L. Russel, City.
- Erick G. Hegman, City.
- John W. Wickstrom, N. Escanaba.
- Patrick J. Himebean, City.
- August Parent, City.
- O'Neil D'Amour, Rapid River.
- Joseph Lancour, Gladstone.

Petrograd in Flames; Street Massacres; Reign of Anarchy

(BY ASSOCIATED PRESS) Washington, D. C., Sept.—Dispatches from the American legation at Christiana says that reliable information has reached there that Petrograd was burning in twelve different places and that indiscriminate massacre was going on in the streets. Secretary Lansing said the message did not indicate whether the massacre was organized or is merely the result of a general state of anarchy. There is nothing to show what part the Bolsheviks is playing in the situation.

- Alexander Lasnoski, Bark River.
- Arthur Pudvin, City.
- Nell A. McColman, Wells.
- William O. Schmeidler, City.
- John Rommits, City.
- Carl F. Palmer, City.
- Wilfred Courier, City.
- Otto F. Nyquist, Bark River.
- Herbert S. Bennett, Schaffer.
- Floyd Switzer, Kipling.
- William Sauer, City.
- Ernest Rushford, Rock.
- Robert Cass, City.
- Oscar G. Rudenberg, Ensign.
- Henry Blake, City.
- Frederick Landis, Isabella.
- Arthur Z. McClellan, City.
- Gustav H. Larson, Gladstone.
- Kenneth H. Roland, City.
- Henry Larson, Gladstone.
- Theodore J. Reno, Gladstone, R.F.D.
- Axel Hagman, Gladstone.
- Norman Berdic.
- Phillip LaFrendois.

Finest New Year Celebration.

The finest New Year celebration in the world is in Japan and China, where before the clock strikes New Year's eve, every debt and account must be paid. No good Chinaman or Jap ever thinks of entering the new year with an unpaid bill. Would that we might emulate that form of celebration!—Ladies' Home Journal.

JERRY McLAIN IS STILL NUMBERED WITH MISSING

Relatives Believe Well Known Northwestern Engineer May Be Temporarily Deranged.

MAY HAVE MUCH MONEY

Rumor That He Carried Between Three and Four Thousand Dollars at Time of His Disappearance.

Mystery surrounding the whereabouts of Jerry McLain, a well known Northwestern engineer whose home is in Marinette, but who is well known and popular at this end of the line as well.

Last Sunday night Mr. McLain left his locomotive in Menominee about 11:40 telling his fireman to "back her up." Since then he has disappeared as completely as if swallowed up by the opening earth. No trace of the missing man has been found up to this morning, so far as known here although his wife and a brother from Green Bay have done everything possible to find him. It is feared that his mind may have become deranged as he is said to have been acting queerly of late.

It was rumored that he had a large sum of money, perhaps as much as \$3,000 or \$4,000 on his person at the time he disappeared and it is possible that foul play may be the solution of the mystery, although not much stock is taken in that theory.

Mr. McLain was known to have liberty bonds and a certificate of deposit representing deposit in an Escanaba bank but the bank refuses to make any statement other than that Mr. McLain was here about ten days ago. It is against the rules of a bank to give information regarding a man's personal affairs except to relatives.

The first peculiar circumstances that attracted attention to Mr. McLain's add actions, was that recently he stated that he was going to Duluth, but later turned up in Chicago. This was considered odd at the time. It seemed possible that he may have gone to Chicago and might have taken a St. Paul train south. He had a very warm friend there, who is a prominent and wealthy man. His three stepdaughters, the Cotterill sisters, also reside there.

One theory is that he may have drowned himself in the river, but there is nothing to substantiate this theory, thirty minutes after he left Saturday night a large number of his friends scoured the yards in and about Marinette and Menominee looking for him without success. His wife and his brother are of the belief that he had become temporarily deranged and has left the city.

SOCIETY NEWS

FAREWELL PARTY.

A number of her friends very pleasantly surprised Mrs. John O'Hanley of South Jennie street, last evening. Mr. and Mrs. O'Hanley leave for Milwaukee next week where they will make their future home, and the party was in the nature of a farewell. A six o'clock dinner was served, and later in the evening cards were enjoyed. Prizes were won by Mrs. L. Lewis Young, Mrs. John Colbert and Mrs. John O'Hanley.

FAREWELL PARTY

A merry crowd gathered at the home of William O. Schmeidler, 611 Maple street, last night. Mr. Schmeidler will leave for Camp Custer tonight. Dancing and games, with several beautiful vocal selections, appropriate for the occasion were rendered by Mr. Brodsen and son. The guests departed after giving the young soldier their hearty wishes, with a purse for a token of their friendship.

CARD PARTY.

Mrs. A. H. Cyr entertained at her home on Third street last evening. Cards furnished the diversion of the evening, prizes being won by Mrs. Kamrath and Mrs. Gene Sullivan. Refreshments were served by the hostess and a very enjoyable time was spent.

THE THEATRES

AT THE DELFT

When Robert Judson, an expert in criminology, begins to unravel the mystery of "The Devil Stone," in Geraldine Farrar's Artcraft production of that title, he undertakes his investigation with an apparent disinterest in the person whom he is interviewing while he seems to be deeply absorbed in the scrutiny of a miniature ivory idol on his desk. After a few minutes' contemplation, Judson startles his interviewers with an almost uncanny disclosure of circumstances in the investigation which has been revolving in his mind.

The ivory trinket is owned by Cecil DeMille, director general of the Lasky forces, and producer of the picture, who values it at one thousand dollars. "The Devil Stone" will be the attraction at the Delft Theatre today and tomorrow.

AT THE STRAND.

The story of "The Garden of Allah," to be presented at the Strand Theatre Thursday and Friday, so well known through its publication in books and subsequent production on the stage, and which is to be seen here in a spectacular and colossal photoplay in eight parts, tells of a man, who hidden from the ways of the world in a Trappist monastery for twenty years, renounces his vows and seeks the glories and happiness that man's world holds dear.

Accepting the love of a good woman and striving for the rewards of earthly happiness, this errant priest finally hears the voice of conscience, and, obeying the greatest act of all, renunciation, returns to the cloister walls, while his wife seeks solace in the love of her son in the silent depths of "The Garden of Allah."

NOTICE

Thursday September 12, Registration Day, being a legal Holiday, the Banks of the City of Escanaba will not be opened.

LACK TEACHERS TO OPEN SCHOOLS IN MANY PLACES

State Commissioner Says There Is An Approximate Shortage of Ten Per Cent in the State.

Lansing, Sept. 11—Michigan lacks 10 per cent of its normal school teachers according to reports received at the office of Superintendent of Public Instruction Fred L. Keeler. Schools opened all over the state this week, but Mr. Keeler says they only are running with 90 per cent of the usual staff. This includes the large number of teachers brought in from other states.

"Despite the fact that hundreds of former school teachers, now married are back in the harness on patriotic calls," said Mr. Keeler, "we are still behind 1070 every since school started I have been the recipient of telegrams, telephone messages and letters from boards throughout the state in search of teachers. In one instance, a small town, the high school cannot open because of the scarcity of teachers.

"We compiled a list of former teachers who agreed to volunteer their services, and made use of it. but it was exhausted before school opened. As a result we have no idea where to get any more teachers, and I am fearful that the shortage will have to continue. Other states are in the same boat, some of them worse off than we are, so that I cannot figure where we might be able to dig up a single teacher.

FRENCH CAPTURE VERY IMPORTANT ENEMY POSITION

If Point Can Be Held Allies Will Have Outflanked Strong St. Söbain Massif.

(BY ASSOCIATED PRESS) Paris, Sept. 11.—The village of Travecy near the south end of the main Hindenburg line has been captured by the French, according to the official war office statement today. If they can hold this town, the important enemy position at LaFere, the northern defense of the St. Gobain massif, two miles south of Travecy, will be outflanked.

The statement issued today says: "In the month of August our bombing airplanes in day flights, dropped more than 629 tons of projectiles on objectives in the battle field between the Somme and the Aisne river. In night attacks bombing planes dropped 360 tons of explosives on railway station and enemy roads of communication. In the same month 280 enemy machines were downed or seen to fall out of control and 66 enemy balloons were set ablaze."

GOVT. BUREAU DOES STRANGE LETTER WORK

Translates Letters Written In More Than a Score of Languages by Relatives of Men At Front.

(BY ASSOCIATED PRESS)

Washington, Sept. 11.—In a corner of the National Museum here, almost in the shadow of Colonel Roosevelt's stuffed saber-toothed and of the restored dinosaur is a government bureau devoted to translating letters written in more than a score of languages by the mothers, fathers and wives of American soldiers. It is the foreign language section of the war risk insurance bureau which dispenses soldiers' and sailors' pay allotments and family allowances to the dependents of fighting men.

In Chinese, Hebrew, German, Italian, Greek, Scandinavian, French, Spanish, Polish, Russian, Slovenian, Estonian, and a dozen other tongues come the letters from foreign lands, pouring out thanks to the American government for remittances which have kept the Wolf from the doors. Hopes and hardships of the war, and prayers for America's success are expressed in fervent phrases by these foreign correspondents.

"America is welcome to my son for the God-given task ahead," wrote an American woman recently, "I live in a neutral country, but my heart and my neighbors hearts are with you," wrote a widowed mother from a North European country. "Hundreds of other letters contained similar expressions. "My wife and I pray three times a day for the United States and her blessed arms," wrote a Russian father.

Interspersed are hints of great poverty which the checks from Washington help to ameliorate. A few letters contain inquiries or complaints that the payments are not greater. Each letter must be turned into English by a corps of trained translators, hastily gathered in recent weeks. Then the inquires pass through the hands of clerks, who may spend most of a day wading through yards of files of soldiers, names, addresses or army organizations which inquirers failed to give, or care-less soldiers neglected to record properly.

Finally the answers are written in English, turned back into the original language, and sent on their way to a foreign land. Many carry a paragraph of good wishes or encouragement which make them not merely business notes, but messages of good cheer from America. The greater proportion of the letters go to Italy and Greece.

AUGUST SCHULTZ IS WOUNDED IN BATTLE

Local Boy is Brother of Man Killed in Action in Same Company on August Fourth.

August Schultz, 1010 Fourth street, is another Escanaba boy to be wounded in the fighting in France. A communication from him states that he was wounded in the leg on August 4, but it is not regarded as being serious. He is a brother of John Schultz, who was killed in action August 1. Both boys were members of Company L, of Menominee.

Unprepared. Daughter (weeping bitterly)—"Oh, do have pity, papa, and let Edward and me be Pappy." Papa (naturalist, furiously)—"What! You think of matrimony, when you don't even know how many vertebrae there are in the spinal column of a lizard?"—Christie's Register.

By you all the time stands.

Central Cash Market

"THE PEOPLE'S STORE"

FISH

Best days to buy fish—Wednesday morning, Friday morning and Saturday night. During the summer months there is practically no fishing in Little Bay de Nocquette and fish from our boat arrives Tuesday night, Thursday night and Saturday night. Fish caught Friday, Saturday, Monday and Tuesday cannot keep until Friday and must go on the market or spoil. So buy while they are fresh from the water and don't all wait until Friday.

Hansen & Jensen

MOTHERS OF MEN IN RANKS MUST HELP CAMPAIGN

More Nurses Are Needed By American Red Cross and Mothers Can Wield Strong Influence for Enrollment.

Mothers of soldiers and sailors have a direct interest in the campaign of the Red Cross to recruit graduate nurses for war service, because if their sons are wounded in battle, or ill in camp, the nurses will give them expert care.

From the time we entered the war to August 1, the American Red Cross has assigned to active service 13,347 nurses. The Surgeon General asks that this number be increased to 27,000 by January, and that of the 12,653 nurses still to be enrolled, 8,000 of them be enrolled by October 1.

To meet his call, the Red Cross will need the cooperation of the public, which must reduce its calls upon trained nurses and so release them for war service. Mothers of enlisted men can do much to hasten the enrollment of nurses by cooperating with the Red Cross.

In the state of Illinois, Iowa, Michigan, Nebraska and Wisconsin, 2,153 nurses were enrolled by the Red Cross in 1917 and 2511 in 1918 to August 26. This is a total since the war started of 4,766. But this is not nearly enough. By states the enrollment has been: Illinois, 1,975; Iowa, 706; Michigan, 1,126; Nebraska 419; Wisconsin, 540.

Passing the Test

War brings days that try the souls of men. It also serves to measure the efficiency of prevailing methods.

Our great National Banking System has amply demonstrated its stability.

Throughout all the disturbance abroad and since our entrance into the fray, it had maintained American business and farming on a sound basis.

The benefits and protection of the System are available through this Member Bank.
