Further Fame to Come to Escanaba Girl Sculptor

One of Miss Blanche Traude's Statues of "Me Und" To Be Sent to Secretary McAdoo.

Another splendid sculpture was paid to the work of Miss Blanche Traude, of Escanaba, who gained national and international approval recently by her statue, which John T. McCutcheon of the Chicago Tribune removed to the Fair.

One of these statues was on exhibition at the Escanaba fair. It was not put there as a selling proposition, but to exhibit as a work of art.

Thus will the fame of the clever Escanaba girl be carried into the very home of the secretary in the United States who is today, next to President Wilson himself, wielding the greatest influence in this country.

Frank Wiedel of Chicago, is spending several days in the city.

TAKE A SOLDIER HOME FOR DINNER JUST FOR CHANGE

Clever Plan Worked Out by Community Service in a Great Many Michigan Towns.

Battle Creek, Sept. 15.—After working successfully in Battle Creek for more than a year, supervising and aiding all movements for the aid and comfort of the soldiers at Camp Custer, and their relatives, the War Camp Community Service is to be extended to other towns of the state, and the same kind of activities carried on there.

Grand Rapids, Marshall, Kalamazoo, Albion, Jackson and Lansing will have headquarters for this work, and J. P. McGuiness, who has been appointed to supervise this work is now in Battle Creek making a study of the methods in use here, before he starts the work in other towns.

Lansing, Albion, Olivet and Ann Arbor all have special detachments receiving training, and the work will be carried on for the benefit of the men, as well as for the Camp Custer soldiers.

One of the most successful enterprises of the War Camp Community Service is the "taking a soldier home for dinner" plan, which is now in successful operation here. Many a home in Battle Creek, or other towns near the camp, are willing to entertain a soldier, and give him a taste of home life, but how to get the soldier is the problem.

The War Camp Community Service has two sets of cards. One set of cards is made out by people desiring a soldier, guest, and they state the place they would like to have their guest.

At Camp Custer, a soldier wishing a change from the monotony of barracks life, and army fare fills out another card, showing when he can get away.

The host and the guest are thus brought together and hundreds of soldiers are being cared for in this manner. Usually, the arrangements are made to have the guest meet his host at the church service to be taken home for Sunday dinner.

DETROIT "TECH" IS OPEN TO WOMEN NOW FOR THE FIRST TIME

HUN TRICKERY IS SHOWN UP BY THE U. S. GOVERNMENT

Communications Written Last January Show Bolsheviks Knew What Germany Was Doing in the Ukraine.

(BY ASSOCIATED PRESS) Washington, Sept. 18.—German trickery in breaking the Ukraine away from the bought-and-paid-for Bolshevik government, plots against loyal Russian soldiers and their leaders to insure complete German sway after the false peace conference at Brest-Litovsk, and further evidence of the precautions of the Teutons against Bolshevik preaching in their own ranks, are shown in yesterday's installment of secret documents from Russia made public by the United States government.

Communications written in January disclose that the Bolsheviks were fully informed of what the Germans were doing in the Ukraine, and knew that "peace treaties with the Ukraine and Rumania were coming. They also learned quickly enough that Germany was disposing of their hopes to see their revolutionary propaganda took root on German soil.

Notes from the German intelligence service to Trotsky, the commissar of foreign affairs, show first that a Turk with a Russian passport was sent to Petrograd to keep watch over the Russian commander-in-chief, and that a month afterward, late in February, removal of the commander-in-chief, Gen. Bonch Bruevich, was demanded.

Another note from the intelligence service complains that "the agents sent to kill General Kaledine, Bogayevsky and Alexieff, were cowardly, non-enterprising people."

This same document shows that as long ago as December, 1917 former German prisoners of war were being dressed in Russian uniforms to fight loyal Russian soldiers.

The significance of the documents is discussed in notes by Edgar Sisson, who brought the documents out of Russia for the committee on public information.

WISCONSIN G. O. P. ADOPTS PLATFORM ON LOYALTY LINE

Convention Endorses War Administration of Gov. Philipp and Endorses Woman Suffrage.

Madison, Wis., Sept. 18.—Strong loyalty and war planks, endorsement of women suffrage, a declaration that prohibition must be settled by state legislature alone, a promise of marketing reform and the taxation of war profiteers, were the main points in the Republican state platform adopted today. The convention endorsed the war administration of Gov. Philipp and favors the teaching of the English language only in the grade schools no foreign language to be taught before the high school is reached, but this plank is understood as not intended to interfere with religious institutions, George West, of Milwaukee, was selected as state chairman.

"Yanks"

By WILBUR D. NESBIT

There were 62 names in a recent casualty list. Twenty-two of those names were of men who were obviously of foreign blood. Joseph Maciejewski and George Verkoulas and Eggi Ganski and Thomas Villotto and Wesley Knutson and Toras Maximovitch were among them. So it went—Greek, Italian, Swede, Dane, Russian, Jew, Pole, German—you could find as many nationalities as you knew. Yet they were all "Yanks."

The casualty lists keep coming; the names keep pouring over the cable. Oh, yes, the Smiths, and Joneses and Browns are all there. All the boys whose great-great-grandfathers and great-grandfathers and grandfathers and fathers have fought for liberty right here—their names are in the lists.

Yet, somehow, one's hand involuntarily goes up in salute to Szysperski and Mente and Schwarz—to these "Yanks" whose fathers and mothers just a few years back stepped from deck to dock and blinked their eyes in the knowledge that at last their dreams of freedom had come true.

Why, we folks who have lived here all our lives and who can't remember when our folks weren't native Americans—here's a rich blessing for us!

These people who came to our shores believing in us are proving their belief. Their boys are fighting for our common country and for our common beliefs and principles.

They are "Yanks"—God bless them!

And every time you buy a Liberty Bond you put a newer and higher courage in the hearts of all our boys, but especially of those boys whose parents came here

so that their sons might be free to fight for liberty if liberty had to be defended. Every penny you lend our government in your investment in Liberty Bonds goes to give us a better army and navy.

There isn't a soul living who owns bonds of the first, second or third Liberty Loans who isn't proud of what he has helped to do for our country.

Now it is the Fourth Liberty Loan—bigger than was ever known before, and backed by greater resources than any investment you ever made.

Don't wait for the final "spurt," don't wait for the fire of enthusiasm; don't wait for speeches and parades and bands.

Buy your Liberty Bonds now, for you know you are going to buy them.

You are not sacrificing a penny; you are not giving a cent.

You are lending your money; you get good interest for it; you get your money back.

Best of all, you are saying to Gerondo and Norvich and Nowatny and all the other boys who are fighting shoulder to shoulder with Smith and Jones and Brown:

"We Yanks are standing together! The old flaw that our forefathers worshipped means more today than it ever did!"

Every Man, Woman and Child In County Is Expected to Purchase \$100 Worth of Fourth Liberty Loan.

(Special to Mirror.)
Detroit, Mich., Sept. 17.—Every resident, man, woman and child in Wayne county will be expected to purchase \$100 worth of the fourth liberty loan, basing purchases on the issue of a total of \$6,000,000,000 bonds. The average will, it is believed, run as high throughout the entire state.

The quota committee for the lower peninsula has decided to fix the quota of each of the 68 counties on a percentage basis of its banking resources as of June 9, last. The Wayne county quota will be between \$75,000,000 and \$90,000,000.

ARMY MEN GRADUATE IN TRUCK REPAIRING FROM M. A. C. SCHOOL

Class of 550 Men Expected to be Moved to the Seaboard Within a Few Weeks.

(Special to Mirror.)
East Lansing, Mich., Sept. 18.—The second "class" of 550 national army men, who since July 15 have been receiving special instruction in the engineering shops and laboratories of M. A. C., finished up their course this week and are preparing to move on Saturday or Sunday. During their eight weeks of intensive schooling under the tutelage of the engineering department, the men have become adepts in the operation and repair of army trucks and tractors.

Most of the class of 550, who were "graduated" quite informally with the good wishes of the college and the congratulations of President Kedzie, are expected to be moved to the seaboard, while a number will be transferred to Camp Custer and to other cantonments. All of the boys are from Michigan. The members of the first camp hailed from Wisconsin. A third detachment of at least a half thousand men is expected to come in immediately the present unit moves out.

EXPECT NEW CHANGES IN LEGISLATURE AT THE COMING ELECTION

Presumption is Strong That Most of Men Asking For Re-election Will Go Through Easily.

Lansing, Mich., Sept. 18.—There seems to be every probability that the next state legislature will be made up practically as was the last, for most members of both houses who asked for nomination in the recent primaries and now ask for reelection will be again chosen to serve, it is believed. Forty-nine members of the lower house, 45 of them republicans and six democrats, were renominated.

COLLEGE OF MINES IS ASKED TO TRAIN SIX HUNDRED MEN

Houghton, Mich., Sept. 17.—The national committee on education and training has requested, on behalf of the government, that the Michigan College of Mines, located here, undertake the training of 600 men. Approximately 200 are now being trained at the college. It is expected that the number will be increased to 600 shortly after Oct. 1.

Theta Tau fraternity of the college is proud of its war record, having produced 29 officers above the grade of lieutenant. The college has one colonel, three majors and 26 captains in the service, most of them in the United States army, although there are several with the British and Canadian and French forces.

Elected Candidate Killed in Battle; Who Succeeds Him?

Whether the second highest man on the ticket takes the nomination or whether a vacancy is created which should be filled by the country committee of the particular candidate if news of candidate's death in France is received on primary day is a question which the attorney general's department at Lansing has been asked to answer, as the result of an inquiry from Wexford county. There, Raye Bostick, now in France received the highest number of votes for the nomination for prosecuting attorney. That day came word he had been killed in France. Some thought the candidate receiving the next highest number of votes should be considered nominated. The legal department holds the county committee should fill the vacancy.

SEND IN THE NEWS

You owe it as a matter of courtesy to your guests to see that their names appear in your home paper. When you have company or when you leave town call up The Daily Mirror and tell us about it. We are always pleased to have these items. Did you ever wonder how so many society items appear in the big Sunday papers of the large cities? If so, you probably thought some reporter got them but that is not the case for no Sunday paper could afford to have so many reporters on the pay roll. The items are sent in by the patrons of the paper. If that can be done in the large cities then why should the people hesitate to do the same thing in smaller communities? It is utterly impossible for the local reporter to know everything that is happening in his community no matter how energetic he may be.

THE THEATRES

AT THE DELFT
In "Shirley Kaye" Clara Kimball Young, who will appear at the Delft theatre today and tomorrow plays the title role of a society girl, queen of the Long Island set, who is suddenly plunged into the whirlpool of high finance by the threatening danger of her father's overthrow from the presidency of the Union Central R. R. which her forefather "Pirate" Kaye had founded. His two adversaries, T. J. Magen, a brusque Western financier and his young associate John Rawson, she fights with different weapons—gaining the admiration of the first by the earnestness of her struggle on behalf of her own, and winning the love of the other, despite the fact that he "doesn't give a rap for any woman" especially Easterners.

At the same time she sponsors Daisy, "T. J.'s" spoiled young daughter and the apple of his eye, introducing her into society, for which her devoted lover Earl Rosselvin, heart longs; also she provides her a thoroughly likable representative of the English nobility. Developments arise speedily and Shirley meets them briskly and confidently, overcoming every obstacle; and in her characterization Miss Young intersperses the many tense scenes with a winning and sparkling touch, and with a love story of heart-interest that grips the audience.

AT THE STRAND.

The comedy-melodrama, "Ace High" starring Tom Mix, will be shown at the Strand today. This is what Wild Gunning says about it: "Oh Boy! This is sure a wild, unbut because of the fast action, the rather good atmosphere and the dare-devil stunts performed by the star I think that picture audiences most anywhere are going to pass over the impossible incidents with a smile and accept this as good entertainment. Certainly if Tom Mix's wild ride over a really treacherous rapids in a canoe doesn't get a hit at every show, then you're gang ain't the average movie audience."

Tom Mix the dare-devil star is featured in some of the most remarkable falls from horses that have ever been filmed land the dash over the rapids a worth making some noise about. There is a fast action, plenty of laughs and oodles of real thrills and if you folks are not particular about what happens as long as it entertains, my guess is that you are going to eat this up.

CITY AUTOMOBILES OFFEND LEAST FOR "GASLESS" SUNDAY

Owners of Machines in Rural Precincts Seem to Feel Themselves Safe in Some Sections of State.

Lansing, Mich., Sept. 17.—Although city owners of automobiles seem to be showing a fine spirit of patriotism in obeying the edict in regard to "gasless" Sundays, the same cannot be said of some of the country users of cars, according to a Kent county farmer, who says that last Sunday he counted 121 automobile slackers pass his place. Not all of these slackers were country people at that, he says, but many were city motorists who evidently thought themselves safe from detection while motoring out of town.

Dr. Aaron Soboj and wife, of Poughkeepsie, N. Y. left for their home in the east today after a very pleasant visit with Mr. and Mrs. Herman Salinsky, on Campbell street.
