GRIFFITH PUT IN 18 MONTHS IN PRODUCING HEARTS OF THE WORLD

Supreme Achievement of World's Greatest Producer of Screen Attractions Coming to Escanaba Soon.

Is there a theatrical producer alive who ever spent eighteen months on one production? Hardly. Yet this is the amount of time and concentrated thought David W. Griffith devoted to the production of "Hearts of the World," which immediately was acclaimed his supreme triumph of direction. His background was the war front in France. His characters were humans in the midst of an awful tragedy, yet he intermingled in all the melee of gas attacks—flame waves—

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids—Splendid for system.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it. Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

MILITARY FUNERAL FOR OTTO NEUROHR LARGELY ATTENDED

The following communication has been received descriptive of the funeral of Otto Neurohr, a former Beaver boy, who died in a naval hospital recently.

"The funeral services over the body of Otto Neurohr, who died at Norfolk, Virginia was held at the St. Joseph church at Perkins Monday. This was the largest funeral ever held at Perkins, and Otto was the first man to be buried under military honors. The church was decorated in black and white, and the altar was decorated with the American and service flag with one gold star which is the first gold star in the flag.

Over five hundred people attended to pay their last respects to the young man who was liked by all. The Co. F. mes. of Escanaba acted as pall bearers and also had a firing squad. Eight girls acted as flower girls, the flowers being numerous. After the funeral services in church Father Coignard gave a fine talk of the boy's past life, and if every young man followed the life that Otto Neurohr lead, to be buried under the stars and stripes as he was, would certainly make

to be right. In case of doubt they can leave the question blank or fill it in with led pencil and then submit the problem to the questionnaire aid station. In other words, the draft board, the legal advisory board and the government want registrants to use that great fund of common sense with which they are endowed and not seek to have some board do the work which the registrant himself can do.

Legal Advisors Named.
A complete list of legal advisors has been selected. These men are giving their time without pay and must be given the co-operation of registrants in order to get the questionnaires filled out with the greatest accuracy and dispatch.

Registrants who live in the country are advised to go to the nearest advisor and be sure to fill out their questionnaires properly.

PUBLIC SCHOOLS TO BE DIMISSED THREE DAYS OF NEXT WEEK

Youngsters Asked to Finish Up Their School Gardening During That Period of Idleness.

Supt. F. E. King announced today that the public schools would be dismissed for three days next week because of the Delta County Teachers' Institute which will be in session Monday, Tuesday, and Wednesday. The teachers must attend the institute and of course cannot be in school.

Supt. King asks the children who are having been doing school garden work, to finish up their work during this period of freedom from school duties, and he also suggests that many of them who are not engaged, should get odd jobs which will bring them money with which to buy thrift stamps and otherwise help the government win the war. Supt. King is impressing upon the students the responsibility that rests upon them as well as upon their elders and he is doing everything possible to have the boys and girls use their time to some good and useful end.

BOYS HEAVILY FINED FOR STEALING LUNCH AT AN ENTERTAINMENT

Are Given Two Hours to Pay \$13.50 Each or Go to Jail for a Period of Not Less Than 30 Days.

Three boys, Clarence Palin, Hubert Nault and Ross Kennelly, paid rather heavily for what they considered a boyish prank in the Justice McEwen's court today. These boys, and perhaps some others on the night of Sept. 14th, raided the refreshment section of a party that was in progress at the home of Mrs. Badenair on Rutn st. A screen was cut from a window, and 12 cakes, three pounds of steak, four quarts of apple sauce, a half peck of apples and other articles were taken. The youngsters were apprehended and today fined a total in fines, cost and damage, aggregating \$13.50 each. They were given two hours to make settlement or go to jail, their commitments being placed in the hands of the police to serve if the boys did not make good on the sentence of the court. The jail sentence was 30 days.

SEND IN THE NEWS

You owe it as a matter of courtesy to your guests to see that their names appear in your home paper. When you have company or when you leave town call up The Daily Mirror and tell us about it. We are always pleased to have these items. Did you ever wonder how so many society items appear in the Big Sunday papers of the large cities? If so, you probably thought some reporter got them but that is not the case for no Sunday paper could afford to have so many reporters on the pay roll. The items are sent in by the patrons of the paper. If that can be done in the large cities then why should the people hesitate to do the same thing in smaller communities? It is utterly impossible for the local reporter to know everything that is happening in his community no matter how energetic he may be.
