BULGARIANS SEEK ARMISTICE

Active Revolution Is Now Believed To Be In Progress There

A COUNTER MOVE IS NOW AFOOT

(BY ASSOCIATED PRESS)

London, Sept. 27.—Premier Malinoff, of Bulgaria, has made an offer of an armistice to the entente allies, according to a Berlin message transmitted by the Exchange Telegraph correspondent at Copenhagen. The message says the offer is made without the support of other members of the cabinet or King Ferdinand. The offer, it is further stated, has created the greatest dissatisfaction in Bulgaria and strong military measures are being taken to support the Bulgarian front.

According to a statement from Sofia a counter move has already been set on foot. (This would seem to indicate that a revolution is in progress in Bulgaria). News of these developments, including the offer of an armistice, was from German sources.

Amsterdam, Sept. 27.—The Bulgarian Premier's offer of an armistice was made to the leader of the entente forces opposed to the Bulgarians, according to a Berlin message.

Paris, Sept. 27.—The French Commander in Chief in Macedonia, officially reports that Bulgaria has asked for a meeting of representatives to arrange the conditions of an armistice and eventual peace. The French commander replied by refusing to suspend operations, but says he is willing to receive qualified delegates of the Bulgarian government.

YANKS ON THE VERDUN FRONT ADD TO LAURELS IN THE NEW OFFENSIVE

Strike While German Heavy Artillery is Being Withdrawn and Enemy is Unable to Operate or Reply to Determined Tank and Artillery Operations Which Attain Objective.

With the American Army on the Verdun Front, Sept. 27.—General Pershing's Army has once more added to its laurels and once more has simplified its task by its excellent method of attack. The whole scheme has thus far worked like a clock.

The American advance was continued this morning on the front of the offensive launched yesterday. American patrols are pushing forward and maintaining contact with the enemy. The unusually stubborn machine gun resistance met at one point was overcome by tanks and artillery. The weather today is thick, light rains falling early this morning in the American field of operations, obscuring observation.

Late information tend to confirm the belief that the German heavy artillery was caught in the act of withdrawing and was unable to operate or reply satisfactorily. A number of prisoners were taken. The heavy machine gun opposition met by the Americans was in Bois Cuisies. (This may be Cierges wood), three miles northwest of Montsaucon, the capture of which was reported yesterday.

Serbian Drive Northward.

London, Sept. 27.—In the successful continuation of their drive northward, the Serbians have entered Ishkib and captured other important points. A great number of additional Bulgarian and German prisoners have been captured by the Serbians, who also have taken enormous quantities of war materials.

The Serbians are now west of the Ishkib-Veles road and have captured the height of Dogolozets, south of the road. North of Demirkatu, in the direction of the Bulgarian border, the Serbians have captured the ridge of Belikamen. Serbian cavalry has entered Cochans, 20 miles northeast of Ishkib and 14 miles from the Bulgarian border, southwest of the important railroad of Kustendil.

The Serbian official statement says Serbian cavalry has reached a point 55 miles "as the crow flies," north of

the line from which the offensive was started.

British troops attacked on a wide front south of the Seneze river this morning according to a report from Field Marshal Haig. First reports indicate that satisfactory progress is being made. The British lines have advanced slightly north of the Seneze in local operations during last night, and successful local attacks have been made in Flanders.

French Take Important Ground

Paris, Sept. 27.—Successful developments have resulted from the French offensive begun yesterday in the Champagne, according to the official statement of the war office today. Over the entire field of attack between Ribaulte and the Aronne forest, the formidable German position to a depth of more than three miles, have been brilliantly carried. The French have captured Butte Mesnil, Butte Du Souain and Butte Du Tahure and the villages of

WAR SUMMARY

(BY ASSOCIATED PRESS)

Under allied smashes on two wide fronts between Arras and Verdun, the German defense system based on the fortress of Laon is being shaken severely. Marshal Foch, is continuing his successful Franco-American thrust east from Rheims to Verdun and has hurled the British against the German lines north of Cambrai and south of the Seneze river.

FINE DISPLAY OF WAR RELICS IS ON EXHIBITION NOW

A fine display of war relics has been placed in the new headquarters of the Delta County War Relief Association at 704 Ludington street. The window has been artistically decorated with American flags, shields, Liberty Loan posters etc. and scattered among the patriotic emblems are gas masks, steel helmets, bayonets, sabers, swords, shells and other war munitions, most of them having been sent from France by Escanaba boys now in the service there. The display is extremely interesting and serves the double purpose of attracting attention to the new location of the war relief body, as well as stimulating patriotism and loyalty just when the Fourth Liberty Loan campaign is opening. It is most striking and effective and speaks well for Secretary Lang's quickness to seize every opportunity to boost along the war spirit.

Railroad Men Can Buy Liberty Bonds Just As Before

A wrong impression has gained circulation in some way among the railroad men of this city. It is understood that bonds of the Fourth Liberty Loan have to be purchased for cash at the regular stations.

This is not the case and railway officials are eager to have the men understand it clearly. The men can and will buy their Fourth Liberty Loan bonds from the road, just as they have in all other loans. There is absolutely no change in the method or system. Railroad men should buy through their companies as usual.

Tahure, Ripont, Rouzroy, Cernay-en-Dormois and Serzon-Mellicourt. More than 7,000 prisoners were taken by the French. The French resume their attack this morning and despite unfavorable weather, satisfactory progress is being made.

EVERYTHING SET FOR OPENING THE FOURTH BIG LOAN

Are You Ready To Do Your Share By Making Your Subscription for Liberty Bonds Tomorrow?

In the Fourth Liberty Loan campaign beginning tomorrow morning at 8 o'clock the people of Delta County are expected to promptly and cheerfully walk up and loan the United States the sum of \$682,000. Forty thousand loyal workers in the Ninth district, of which this county is a part, are in the first line trenches awaiting the order to go over the top. In this country the people have been notified when and where to report and subscribe. Are you ready to do your share? Nearly a million men and women will walk up to these counters tomorrow and voluntarily buy the amount of bonds allotted to them.

Where Do You Stand?

The local committee has an accurately compiled lists of the men and women in this city who are able to purchase bonds and the amounts they have purchased in previous loans. After the voluntary period has expired tomorrow, these lists will be checked up and those who have not availed themselves of the opportunity to go voluntarily up and purchase what they can afford, will be called on by committees and urged to subscribe later.

The committee asks the pointed question today: Which list do you want your name to be in. Do you want to be classed as a delinquent or do you want your name on the list of those who responded cheerfully, promptly and voluntarily?

Michigan's Record
The first loan, \$6,172,500 in the first loan, \$5,904,900 in the second, \$9,639,850 in the third and her quota in the fourth loan is \$8,500,000.

EXPECT WILSON TO MAKE REPLY TO HUN SPEECH

(BY ASSOCIATED PRESS)
New York, Sept. 27.—President Wilson's address at the Metropolitan opera house tonight, signaling the opening of the Fourth Liberty Loan campaign, is awaited with the most intense interest and thousands are already clamoring in vain for tickets of admission. The available 5,000 seats have been reserved for the Liberty Loan Committee. In addition to making a stirring appeal for the sale of bonds, it is believed President Wilson will reply to the recent speech of Von Hertling, the German imperial chancellor.

CROWDER ORDERS DRAFT LOTTERY MONDAY, SEPT. 30

(BY ASSOCIATED PRESS)
Washington, D. C., Sept. 27.—Monday September 30 has been selected by Provost Marshal General Crowder as the date for the national draft lottery to determine the order in the classes to which they will be assigned, of the 13 million men who registered on September 12. The drawing is to take place in public in the senate office at a time, approximately 17,000 capsules containing serial numbers will be drawn. It is expected to require 25 hours to complete the task.

NORMAN BERG DIES IN SYRACUSE CAMP SISTER IS INFORMED

Mrs. Thomas Powers yesterday received word of the death of her brother Norman Berg, who is stationed with the army at Syracuse, N. Y. Mrs. Powers has no further particulars, other than that her brother had been ill for only a few days. She left immediately for the home of her mother at Bruce Crossings Mich., upon receipt of the message.

Young Mr. Berg, was invalided home some time ago because of an injury to his leg and had only returned to the Syracuse camp about a month ago.

DR. CARLSON LEADS IN PRIZE BOWLING AT THE DELFT CLUB

Interest in the prize bowling competition at the Delft alleys continues to be intense and is increasing as the time for the close of the race at midnight, Sept. 30, approaches.
Dr. Carlson was leading today with a score of 231, William Van De Wiele, second with 220 and Sam Papadakos and Dick Hines tied for third with 227 each.

All persons living north of the tracks should go to Fire Station No. 3 on Hartnett avenue.

OCTOBER 6-12 DESIGNATED AS BABY WEEK HERE

High School Girls Will Begin Taking a Census of Babies in Town Tomorrow.

Further steps were taken today looking toward the holding of a "Baby Week" in Escanaba. It has been determined to have the campaign for the spread of knowledge regarding better methods for taking care of baby, during the week of October 6-12.

Tomorrow the Girls' League of the high school will begin a canvass of the city to take a census of the number of children in the city under the age of six years. This is being done so that the committee in charge of the work will know when all babies in town have been weighed and measured, and those not brought in for this purpose can be gone after.

It is the intention of the women behind this movement to make it as thorough as possible so that when the records are compiled Escanaba will have been found in the forefront of this movement which bears the sanction of the U. S. government and which holds such splendid possibilities for accomplishment of wonderful things for the babies of this city.

Information was received today from the Bureau, that it will probably be possible to send to this city during the "Baby Week" a very able speaker in the person of Mrs. Thompson, who has been identified with the activities of the bureau since its inauguration. She will tell the mothers of this city the things the government has learned through these annual "Baby Week" enterprises and will give such interesting and helpful information to all.

Announcement of developments in local plans will be made from time to time and it is the purpose of the committee in charge to have every one in the city interested by the time for the big event.

Suffrage Workers Are Shy One Vote

(BY ASSOCIATED PRESS)
Washington, D. C., Sept. 27.—When the senate resumed consideration of the woman suffrage resolution today, its supporters were admittedly at least one vote short of the two thirds necessary for its adoption.

Walter L. Meyer, who has been living in Kenosha recently, but whose mother lives in this city, left last night to enter the State Normal at Kalamazoo where he will take the military training course which the government is giving to certain young men who met the requirements.

Miss Cecelia Bittner has left for a day for Marquette, where she will attend the Normal this year.

MICHIGAN'S "WAR GOVERNOR" HEADS G.O.P. STATE TICKET

ALBERT E. SLEEPER.

Michigan's "war governor" had no opposition in the 1918 primary election for the Republican nomination for a second term as governor of the state. It was the first time since the primary was established in Michigan that the Republicans have not witnessed a battle for the gubernatorial nomination and the fact presages a return to office of Gov. Sleeper by a splendidly complimentary vote in the November elections.

When first elected two years ago as chief executive of the state, Gov. Sleeper was hailed as the man upon whom Republicans had united to bring Michigan back into the solidly Republican column. His home district in "the Thumb" had honored him previously by sending him to the state senate and the Republicans of the entire commonwealth had twice elected him state treasurer, so that he was widely and favorably known when called to the governorship.

In office only a few months when the United States was drawn into the world war, Gov. Sleeper was first among the executives of the nation to pledge his state's complete service to the cause of the country. The legislature, then in session, promptly backed up the governor by appropriating five million dollars for war purposes. Michigan's instant patriotism made a distinct hit throughout the United States, as did its energetic work in following up its promises with action. Yeoman work has been done by the war preparedness board and other patriotic boards of the state, under the direction of Gov. Sleeper. Michigan has been kept to the front in war work in a way that has obtained official recognition from the federal government and in a way that has more than pleased the loyal citizens of the entire community.

In state affairs Gov. Sleeper has headed much important work, the full results of which will be obtained in the coming legislature. One of the most important pieces of state effort has been in behalf of a budget system, to which Gov. Sleeper stands pledged. At his instance a budget commission was created by the 1917 legislature and its work has been done between sessions, now awaiting the action of the 1919 legislature. Another com-

mission named by Gov. Sleeper has been at work on the state's compensation law, to suggest ways and means by which that progressive legislation may be bettered and more adequate and timely compensation provided for injured workmen and the dependents of those killed in industry. The findings of this commission will form one of the most important items of legislation to come before the next legislature.

Numerous other state enterprises have occupied attention in the past two years, as well as the national war work, with the result that Gov. Sleeper has been by far the busiest state executive Michigan has had at any time since it became a state. Gov. Sleeper has more than earned the compliment of being returned for a second term, with no opposition from within his own party, and with only perfunctory opposition from other parties in the November election.

Michigan is the one state in the Union which loans its commissioned officers money with which to buy uniforms. This arrangement was made by the War Preparedness Board headed by Governor Sleeper.

NO TRUTH IN TRADITION

Old Legend of the Drowning of Princess in Petrograd Fortress Proved to Be Without Foundation.

The fortress of St. Peter and Paul, in Petrograd, has an evil reputation as the former place of imprisonment of many of Russia's idealists, including Prince Kropotkin and Madame Breshkovsky; but one blot on its "scutcheon is removed by an illustrated article in the London Sphere. The article reproduces a painting by the Russian artist Flavitky, showing a beautiful woman standing on her bed in a cell in this prison, seeking to escape the rising waters of a flood that threatens her life. This was the Princess Tarakanova, who had incurred the enmity of Catherine the Great. The tradition is that she was drowned, by order of the empress, during the inundation of 1777. The Sphere, however, shows that she died of tuberculosis two years before the flood swept through the fortress. Thus this gloomy prison and the great empress are relieved of one of the tragedies with which they have been associated.—The Outlook.

WOMEN GIVE OUT

Housework is hard enough when healthy. Every Escanaba woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Escanaba woman's experience:

Mrs. John McDonald, 1119 Fourth Street, says: "About sixteen years ago kidney trouble made my life miserable and I shall never forget the agony. My back was so sore that I couldn't straighten up and my whole body was a mass of aching pain. My kidneys were weak, acted irregularly and caused annoyance. My hands and feet were swollen and if I pressed my finger into the flesh, a dent remained for quite some time. Six boxes of Doan's Kidney Pills cured the annoyance."

THREE ESCANABA BOYS MEET IN A BASE HOSPITAL

Harry St. Louis, Leslie Green, and John Swartz "Find" Each Other in a Hospital in France.

ALL ARE RECOVERING

Letters Received Today Express the Joy the Boys Felt In Meeting and a Hope to Get Into Action Soon.

Mrs. J. R. Green, of this city, has just received a letter from her son Leslie, who was seriously "gassed" some time ago, saying that he is now recovering nicely. He relates a most interesting and welcome meeting with Harry St. Louis, another Escanaba boy who was wounded, as has heretofore been related in the columns of this paper. Harry St. Louis had not returned to the fighting line at the time of the meeting but was doing some work in and around the hospital in which Leslie Green was patient. The meeting, naturally was most enjoyable in spite of the circumstances under which it occurred.

At the same time, letters were received today from Harry St. Louis, in which he relates having met Leslie Green but he elaborates a little more and tells about how the boys were strolling through the hospital when they met John Swartz, another Delta county boy, who had been wounded. All of the boys are getting along nicely, it is stated in both letters all are looking forward to the time they can get back into action and take a crack at the Hun in the spirit of evening up scores.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She mixed Sulphur with it to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant. This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

Big Eaters Get Kidney Trouble

Take Salts at first sign of Bladder irritation or Backache

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

THE WHITE HOUSE
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day there becomes clearer and clearer to thinking men throughout the nation that the winning of the war is an essential investment. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first unhesitatingly dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

CUPID NOT IN THIS DEAL

One Case of Courtship That Was Conducted Along the Strictest of Business Lines.

Everything was strictly business with August Rinnick. A sign on his desk said: "This is my busy day," and a sign above his desk said: "There are a quarter of a million words in the English language. Be brief."

He regarded his office force merely as machines of varying degrees of efficiency, and it was therefore several months before he realized the luscious physiognomy and many virtues of Miss Perch, his stenographer.

But, with August Rinnick, to think was to act, and, the very afternoon on which he finally realized, he summoned Miss Perch into his office.

"Miss Perch," he said, "take a letter."

And he dictated as follows:

"My dear Miss Perch: It has lately come to my attention that you are a young woman of exceptional facial embellishments, mental endowment and moral efficiency. The limited time at my command will not permit me many details, but I may mention that since you have been in my employ I have never yet seen you masticating chicle—commonly known as gum—or applying powder to your nose (an organ whose extreme delicacy of contour and pleasing abbreviation much impressed

me). In short, my dear Miss Perch, the idea has come to me to endeavor to induce you to have your surname legally changed to Rinnick—in brief, to become my wife. I will cheerfully give you a day to think this matter over, and shall be pleased to hear from you at your leisure. Very truly, A. Rinnick." In the next day's mail he received the following reply: "Mr. August Rinnick: Dear Sir: In reply to yours of the 20th inst., would say that I am otherwise engaged. Very truly, Therty Perch."—Exchange.

QUAINT OLD INDIAN COINS

So Adulterated That They Were Not Even Accepted in England as Value in Metal.

In 1908 the independent state of Hyderabad, India, obtained a modern mint and called in the coins that had been current up till that time. The old mint of Hyderabad was little more than a coppersmith's shop in which scrap copper of all sorts was melted up, hammered into plates, cut up into very rough approximations of one tola in weight, and stamped between dies, one of which was in the anvil and the other in a toll held in tongs. A blow from a sledge hammer made the impression. There was no regularity in shape, weight or stamping, nor was the metal uniform in quality.

The mint could not furnish supplies fast enough, and licenses were issued to coppersmiths to assist in production. Naturally, the Scientific American states, nonlicensed persons began to manufacture, and adulteration with lead was so flagrant that when several tons of these coins were sent to England as old metal they were returned on account of their impurity and were finally worked up into brass for local consumption. A "dub," if held in the flame of a spirit lamp, would before it reached red heat begin to discharge very fine jets resembling mercury; the lead, having reached its fusing point, burst from the copper with a force indicating a very high internal pressure.

"A man's breath," says Popular Science Monthly, "is often a betrayer of secrets. He may have been out late, sitting up with a sick friend, but when he reaches home his loving wife at once opens up her battery of reproaches."

"Now comes the news that two inventors in Osceola, Ark., have jointly invented a breath-guard of a new pattern. It is said to be efficient, but not in the manner you were thinking of. It is intended to protect dentists, barbers and physicians from inhaling the germ-laden breath of their patients or patrons. It consists of a small curved shield of glass placed so as to cover the nostrils and held in position by a spring clip gripping the partition wall of the nose on the inside. Many diseases are directly communicated through the inhalation of tainted air, and a device of this kind should be a boon to professional people who are compelled, by the nature of their duties, to be in close proximity to those whom they serve."

Suttee.

The English government, after long discouraging suttees, by the agency of Lord William Bentinck formally abolished them in December, 1829, but they have since occasionally taken place. The wife of the son of the Rajah of Beygoon thus perished in June, 1864, and several wives of Sir Tung Bahadur, minister of Nepal, on March 1, 1877. One voluntary suttee occurred at Poona, in November, 1890, and it has continued to the present time in isolated parts of India, for even as late as 1905 several persons who took part in a suttee in Behar were condemned to penal servitude.

Singing Makes Work Easy.

Singing makes the daily work easier of accomplishment. Sailors were among the first to recognize this and they sang as they stored away the cargo, keeping time with the music as they pulled on ropes and windlass changing to presto when the work demanded it. Here is a favorite ditty: A Yankee ship and a Yankee crew, Tally ho ho, you know.

GLASS OF SALTS IF YOUR KIDNEYS HURT

But less meet if you feel Backsachy or have Bladder trouble—Salts fine for Kidneys.

Most forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular courses of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get two or three times during the night. A flush of the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

Fourth Liberty Loan Subscription Day

Saturday, September Twenty-Eighth

Has been designated as "Subscription Day" in the Ninth Federal Reserve District, for this Fourth Liberty Loan

Escanaba is a part of the Ninth District. On this day, September 28th, it is requested that the people of Escanaba go to the City Hall or to the Fire Station, Hartnett avenue, North Escanaba, and subscribe for the bonds that have been allotted to them. All persons living at North Escanaba, north of the C. & N. W. railway tracks, should go the Fire Station. All other persons to the City Hall.

At the time of the Third Liberty Loan last April, many of the railroad men bought their bonds through the railroads on the "Railroad Plan." For this Fourth Loan it is considered best for all of our people, including the railroad employees, to subscribe for their bonds through the Local Committee on the "Government Plan."

Everyone should subscribe for all the bonds that they are able to take. Our government needs the money.

This Committee will be at the City Hall and Fire Station from eight A. M. until midnight on Saturday, September 28th, to receive subscriptions, and urgently request all of our citizens to meet them on that day and subscribe for their allotment of this Fourth Liberty Loan.

RUMOR SAYS MAIL POUCH ROBBER IS NOW IN CUSTODY

Unconfirmed Story Afloat that Man Who Stole \$7,000 Belonging to Escanaba Banks Has Been Run Down.

OCURRED LAST JANUARY

Pouch Disappeared From Soo Line Station at Gladstone After Being Delivered By Traction Company.

A persistent rumor, which however, lacks confirmation, has been current on the streets all day to the effect that an arrest has been made in connection with the mysterious disappearance of a mail pouch containing \$7,000 from the Gladstone station of the Soo Line, last January.

The name of a certain man is connected with the rumor, which goes so far as to say that he has already admitted the theft and described how it was accomplished. In the absence of Post Master O'Meara from the city, and the fact that it is impossible to get in touch with the post office inspector at Marquette, no further information can be secured on the subject.

The robbery was one of the boldest ever committed in this section of the state. The mail pouch containing the big sum of money was carried from Escanaba to Gladstone by the Traction at the Soo Line station.

Absolutely all trace of the pouch has apparently been lost until recently, when, it is said, postoffice inspectors and secret service men have narrowed their search down to one man, who is claimed now to have admitted taking the pouch.

The money in the pouch was consigned to Minneapolis and western points by Escanaba banks, several firms and a number of individuals.

Whether the story is true or has any foundation in fact remains to be seen. No further information of an official nature was available today but it may be opened up on the return of Mr. O'Meara.

THE THEATRES

AT THE DELFT.

Mabel Normand, she of the extraordinary eyes and madcap moods, is showing at the Delft theatre today and Saturday, in another of her Goldwyn pictures. This time it is "Back to the Woods," and the plot bristles with excitement and as must be expected of Mabel Normand, wholesome fun.

She is Stephanie Trent, daughter of a lumber king who elects to go to a village as a poor little schoolmarm that she may meet the sort of man she can love. Stephanie is weary of society beaux. And of course she does meet him. He is Jimmy Raymond, outwardly a mountaineer, but really more than that. And Stephanie adores him at the start.

Learning that he is in danger from the rough element, Stephanie goes to his lonely cabin, perched upon a precipice to warn him. Jimmy locks the door and laughs at her, declaring that he resorted to a ruse to get her here. Stephanie throws herself across the sill of the open window and threatens to jump if Jimmy persists keeping her there. Delighted, Jimmy declares that it's all right—he will use the situation in his next newspaper serial. Then he releases the girl and she, angry and humiliated, promptly makes her identity known to her father's employees. A spirited fight follows in which Jimmy is wounded. Stephanie then pities him and he learns who she is, after she nurses him back to health. Nevertheless, the young fellow is firm in his resolve to use the story despite Stephanie's pleadings.

What follows forms a surprising and delightful climax to a story refreshingly different.

Good Evening Everyone

WESTERN UNION IS PUTTING ITS WIRES UNDER LUDINGTON ST.

A number of workmen are attracting considerable attention from passers by at Ludington and Campbell street where they are driving a conduit beneath Ludington street from the south to the north side. The operation is slow and is rather new in this vicinity thereby holding attention of persons into the Western Union telegraph office, thus doing away with the aerial cable across the street and alongside the First National Bank building.

BARK RIVER BOY IS INFLUENZA VICTIM AT GREAT LAKES STATION

Robert Pierson, son of Mr. and Mrs. John Johnson, of Bark River, is the first Delta county boy to succumb to "Spanish influenza" which has gained such a foothold in the military camps of the country. He passed away at the Great Lakes Naval station this week. Because of the contagious nature of the disease, the body will not be shipped home, it was stated in a message informing the parents of the death. The young man ill but five days.

ESCANABA BAND HAS MADE ANOTHER FINE HIT IN THE COUNTY

Members of the Escanaba Municipal Band have been highly complimentary on the splendid music they have been furnishing at the Rapid River fair this week. Yesterday a big crowd of Escanabans went up to Rapid river and thoroughly enjoyed the splendid exhibits and various entertainments offered by the fair management.

JOHN FLEMING HAS THRILLING ESCAPE BY LAND AND WATER

Escanaba Boy Badly Wounded at Soissons Fight, is Later on Hospital Ship Torpedoed in English Channel.

According to a letter received from John Fleming, 1311 Ayer street, he was seriously wounded in the battle around Soissons last month. He is the son of Mr. and Mrs. Michael Fleming and this is the first letter received from him since he arrived in France three months ago.

He has had wonderful experience. After being repeatedly rejected for enlistment in American recruiting stations, because of defective hearing, he went to Canada and was accepted there as a part of the Dominion troops. After being wounded so that the only portion of his face visible was his eyes and nose, he was sent to Eng-

land on a small ship which was torpedoed by a German submarine, but he escaped and finally landed on British soil safely. His letter is cheerfully optimistic and he says he hopes to return to the front lines soon. (Charles Stoll)

ERROR MADE IN AD. FOR PEACHES FOR CANNING AT FAIR

Through a regrettable error, the Mirror last night advertised choice canning peaches for today at \$2.69 a bushel at the Fair Savings Bank. The advertisement should be for pears. Mr. Salinsky stated today that the price alone should have indicated something other than peaches were intended to be advertised. All day he has had many calls for peaches but has been unable to supply them.

Fall's Newest Styles

Men's Suits, Overcoats

As well as Furnishing Goods shown in complete assortment in our opening display

TOMORROW we start the Fall and Winter season with the same great diversity of new up-to-the-minute-in-style merchandise that always characterizes a Fair Savings Bank opening display. While our prices have been revised the advances are trifling and immaterial, when the enormous increases in the cost of woolsens and materials are taken into account. Prices on our regular Fall stock is but slightly advanced over those of last season. Only for the fact of being largely protected through merchandise contracts made long ago and the inauguration of drastic economies in the general conduct of our business our present standard prices would be entirely out of the question.

OUR STANDARD PRICES STILL REMAIN

\$17.75 19.25 21.75 24.75 34.75

MEN'S SUITS AND OVERCOATS

We want you to bear in mind these prices are only for goods of our regular stock on hand. When present supply is gone—no more suits or overcoats at today's prices. Market conditions today are such that we do not even care to make any predictions of what prices will be a few months hence.

Just Returned From the Market

Our Mr. Salinsky returned yesterday from Chicago where he has been in conference with different manufacturers—much could be said about the situation—but space will not now permit us to go into detail in the matter. Time will show the wisdom of our advice to buy at once if clothes are needed.

While in Chicago, Mr. Salinsky Secured H'rsh, Wickwire Co's

Sample Line Men's Suits and Overcoats

These will be on display Saturday in addition to our regular stock. Prices on these samples will be based on cost of the day—with the usual sample discount deducted. These samples were secured outside of our contract—in the lot are some wonderful values, snappy new Military Models, for young men, middle aged men as well as men who stay young past 50. Prices on these samples range from \$39.75 to \$100.00.

No Easier Way to Make \$5.00 to \$25.00 Than to Buy a New Suit and Overcoat Now!

We are safe in saying that nine out of ten men who have taken time to look have bought. If you, too, need clothes this winter by all means buy now without further delay. You can't make \$5.00 to \$25.00 any easier. We do not think that any men who have to work hard for his money need to be told to be saving. Men as a rule do not buy things unless they need the goods—and how much clothes a man needs and how much he should buy is a matter of personal conscience and decision and not for the men who have some other special service to sell for a consideration" to decide. We believe every REAL PATRIOTIC AMERICAN can and will do the deciding for himself. By no means do we advise men who can get along with their last year's suits and coats to buy new ones. By applying thrift and economizing

where it belongs—every individual will have plenty of money for both Liberty Bonds, War Savings Stamps and clothes. There's no reason why you should look "sneaky" just because it's necessary to save—there's a better way to economize than showing it in your appearance. Not even our allies in Europe have resorted to that as yet. If there ever was a time when man should make it his business to look prosperous, feel cheerful and be optimistic, it is right now. While our boys are marching to Berlin, every man over here should throw his shoulders back and his head up and keep in step with the band. We could give you an all-day sermon along this line, but this will do for this time. When time permits us and there is space to fill we shall have a little more to say along the same line.

If you need new clothes or not you'll be more than welcome at our opening, Saturday. We want you to see the new things—You are under no obligation to buy.

FAIR WINDOW HOLDS A STRONG PATRIOTIC APPEAL TO CITIZENS

Sinking of the Lusitania Splendidly Pictured as an Incentive to the Purchase of Liberty Loan Bonds Tomorrow.

One of the most striking and appealing Liberty Loans displays thus far made in this city is found in a window at the Fair Savings Bank, where a large oil painting of exquisite workmanship depicts the sinking of the Lusitania. This big picture shows men, women and children struggling in the water and aside from its worth as a painting, is particularly effective in driving home the purpose of buying Liberty bonds now. Surrounding the picture are appropriate injunctions to buy bonds and the patriotic background is also an inspiration.

It is safe to conjecture that this window will have a wonderful influence on the sale of bonds in this city. Another fine window has been put in at the Fair and "Jack" Roller, the trimmer has also trimmed up two windows in vacant store rooms further down the street, all boosting the liberty loan.

AT THE STRAND

Everyone likes stories that are full of action and thrills.

That is shown by the large sale of books of that description, which are read with avidity by persons of every class. Such a story is that of the Pathe play, "The Girl From Bohemia" starring the charming Irene Castle, which will be at the Strand theater today. It is tremendously exciting and there is a mystery in it which has you guessing from start to finish. There is a strong patriotic denouement that will grip you and make you glad you are an American.

Saturday and Sunday, "To the Highest Bidder," starring Alice Joyce will be the feature shown.
