GERMAN AUTOCRACY MUST GO--- WILSON

PRESIDENT'S NOTE HAS CLEARED ATMOSPHERE IN THE ALLIED COUNTRIES

Washington Undergoes a Perceptible Relaxation of Tension as Purport of Wilson Answer Becomes Clear in the Minds of People Who Commend Its Straightforward Tone.

GERMANY MUST APPRECIATE FUTILITY OF FURTHER EFFORTS TO BALK ALLIES

Door is Finally Closed to Peace Negotiations With Kaiserism and Talk of an Armistice Is Ended Until Germany is Willing to Consider Real Terms of Allies.

BY ASSOCIATED PRESS

Washington, D. C., Oct. 15.—President Wilson's reply to Germany, ending all talk of an armistice until Germany is ready to surrender and finally closing the door to peace negotiations with kaiserism, is today on the cables if it has not actually arrived in Berne. Only three hours will be required for its delivery in Berlin.

Washington has undergone a perceptible relaxation of tension since yesterday and those who had feared the President's policy would bring a relaxation of American military effort, wore an air of relief. Everywhere the feeling is apparent that the atmosphere is clearer than before the arrival of Prince Maximilian's note with its bid for peace; that the purpose of the United States and her allies is more than ever clearly stated and that Germany must see the futility of further attempts to defeat such a peace as the allies demand.

German Autocracy Must Go.

London, Oct. 15.—"German Autocracy Must Go," is the heading placed over President Wilson's reply to the German peace note by Liberal papers, which consider that this is one of the first conditions on which peace can rest.

The text of President Wilson's reply to the German peace note was received through press channels this morning and was placed in the hands of the government this morning. The council met at 11 o'clock this morning to consider the response of President Wilson.

NEW FIRES BREAK OUT IN STRICKEN MINNESOTA AREA

Flames West of Moose Lake Hamper Work of Searching For Bodies and Pulp Mills Are Now Endangered.

(BY ASSOCIATED PRESS)

St. Paul, Minn., Oct. 15.—A message from Cloquet, received before noon today at military headquarters says that fire has broken out in the pulp mills which escaped damage Saturday and Sunday. A provost guard has been ordered established there. Company K of the Minnesota state troops have been ordered to the scene.

Search for Bodies Hampered. Moose Lake, Minn., Oct. 15.—Forest fires still burning west of Moose Lake, which might sweep the country, today hampered the work of searching for bodies. The total number of bodies brought in so far is estimated at 200.

Daniels Asks Speed In Shipbuilding To Fight Enemy Menace

(BY ASSOCIATED PRESS)

Washington, D. C., Oct. 15.—American shipbuilders were called upon today by Secretary Daniels to speed up the output of destroyers to meet the menace of the new and greater submarine effort which Germany is known to be planning.

Forest Fire Loss Is Heaviest Since San Francisco Fire

(BY ASSOCIATED PRESS)

Chicago, Oct. 15.—Property damage done by forest fires in Minnesota amounts to \$75,000,000, and the insurance will total \$25,000,000, according to computations made today by insurance men here. This estimate does not include the standing timber and other property destroyed which was not insured. The consensus of opinion is that the losses to the insurance companies is the heaviest since the San Francisco fire in 1906.

President's Answer Stimulates Sale Of Liberty Loan Bonds

(BY ASSOCIATED PRESS)

Washington, Oct. 15.—Liberty loan subscriptions were stimulated by President Wilson's reply to the German peace note, it was stated today by the treasury department officials.

Evening Stars To Hold Social Meeting Thursday Evening

Members of the Evening Star society have arranged for a very pleasant social gathering at the North Star hall on Thursday evening. All members and friends are invited to attend as a splendid time is assured.

Mrs. Arthur Hayek, of Racine, is the guest of her mother, Mrs. Elsie Mattson, of Charlotte street for a few days.

WILSON REFUSES TO DISCUSS AN ARMISTICE WHILE GERMANY'S ACTS DO NOT SQUARE WITH HER WORDS

The text of the President's reply follows:

"From the Secretary of States to the Charge d'Affaires of Switzerland ad Interim, in charge of German interests in the United States.

"Sir:—In reply to communication of German government dated the 12th inst. which you handed me today, I have the honor to request you to transmit the following answer.

"The unqualified acceptance by present German government and by a large majority of the German reichstag, of the terms laid down by the President of the United States of America in his address to Congress of the United States on the eighth of January, 1918, and his subsequent addresses justifies the President in making the frank and direct statement of his decision with regard to the communications of the German government of the eighth and twelfth of October, 1918.

"It must be clearly understood that process of evacuation and conditions of an armistice are matters which must be left to the judgement and advice of military advisors of the government of the United States and Allied governments, and the President feels it his duty to say that no arrangements can be accepted by the government of the United States which does not provide absolutely satisfactory safeguards and guarantees of maintenance of present military supremacy of the armies of the United States and

allies in the field. He feels confident that he can safely assume that this also will be the judgement and decision of the allied governments.

"The President feels that it is also his duty to add that neither the government of the United States nor, he is quite sure, governments with which the United States is associated as a belligerent, will consent to consider an armistice so long as armed forces of Germany continue illegal and inhuman practices which they still persist in. At the very time that the German government approaches the Government of the United States with proposals of peace, its submarines are engaged in sinking passenger ships at sea, and not ships alone, but the very boats in which their passengers and crews seek to make their way to safety and in their present enforced withdrawal from Flanders and France the German armies are pursuing a course of wanton destruction which has always been regarded as in direct violation of the rules and practices of civilized warfare. Cities and villages if not destroyed are being stripped of all they contain not only but often of their very inhabitants. The nations associated against Germany cannot be expected to agree to cessation of arms while acts of inhumanity, spoliation and desolation are being continued which they justly look upon with horror and with burning hearts.

"It is necessary also in order that there may be no possibility of misunderstanding that the President should very solemnly call attention to the language and plain intent of one of the terms of peace which the German government has now accepted. It is contained in an address of the President delivered at Mount Vernon on the Fourth of July, last. It is as follows: "The destruction of every arbitrary power anywhere that can separately, secretly and of its single choice disturb the peace of the world or if it cannot be presently destroyed, at least its reduction to virtual impotency."

The power which has hitherto controlled the German nation is of the sort here described. It is within the choice of the German nation to alter it. The President's words just quoted, naturally constitute a condition precedent to peace, if peace is to come by the action of the German people themselves. The President feels bound to say that the whole process of peace will in his judgement, depend upon definiteness and satisfactory character of guarantees which can be given in this fundamental matter. It is indispensable that the governments associated against Germany should know beyond peradventure with whom they are dealing. The President will make separate reply to the Royal and Imperial Government of Austria-Hungary. "Accept, sir, the renewed assurances of my high consideration.

(Signed) ROBERT LANSING

NEW BATTLE STARTS UP IN FLANDERS WHERE THE ALLIES CONTINUE GAINS

THE HONOR ROLL

Americans Who Have Been Killed or Wounded in Fighting for Human Rights.

(BY ASSOCIATED PRESS)

Washington, D. C., Oct. 15.—The following casualties are reported by the commanding general of the American Expeditionary forces:

Killed in action	49
Missing in action	95
Wounded slightly	37
Died of wounds	49
Died of accident or other causes	8
Died of disease	65
Wounded, degree undetermined	272
Total	595

SUPERVISORS IN ANNUAL SESSION RECEIVE REPORTS

Equalization of Taxes Between Cities and Townships is One Of the Big Problems of Board at This Session.

LIABILITIES ARE \$219,310

Nearly Thirty Thousand Dollars Worth of Bonds Fall Due Within the Next Fiscal Year and Must Be Provided For.

It is hardly likely that the board of county supervisors will be able to conclude the mass of business of the October meeting much before tomorrow night. One of the most important matters requiring attention is the equalization of taxes among the cities and townships of the county.

County Treasurer George F. McEwen has submitted a report showing that the total liabilities of the county are \$219,310.55. Provision must be made for taking care of bonds in the sum of \$29,235 which mature in the coming year and which must be covered by a tax levy. The report also showed cash on hand in the county treasury on Oct. 1 was \$934.67 while the total bonded indebtedness of the county on October 1 was \$218,500.

Other interesting items in the report showed that taxes to the amount of \$10,735.34 were returned as delinquent and the cost of running the poor farm was \$12,771.47 and \$13,988 was paid out in pensions to mothers of the county.

It cost the county \$4,035.68 to pay witness and jury fees during the last year.

One of the most interesting reports to be submitted to the board was that of the Delta County Road Commissioners, which showed the great amount of work done during the last year. This report showed that the road fund had been overdrawn to the extent of \$15,000.

STEPHEN KIDD VERY ILL OF PNEUMONIA IN A U. S. HOSPITAL

Message To Father Says He is Suffering from Double Pneumonia and is in Very Serious Condition.

Charles Kidd has been notified of the serious illness of his son Steve, in a student's hospital in Minneapolis. The young man enlisted in Virginia, Minn., in the accounting department of the U. S. army about one week and went to Minneapolis for his examination. While there he was stricken and the message to the father says he has double pneumonia and is in very condition.

F. A. Kidd and J. H. Kidd, brothers of the stricken boy leave tonight for Minneapolis.

R. W. Mackenzie of Chicago is in the city on business and will be here for the rest of this week.

WILL ESCANABA GET SUPERVISED PLAY FOR YOUNG?

Big Problem to Be Presented to Council Tonight in Form of Ordinance to Appoint a Recreation Commission.

IT HAS STRONG SUPPORT

Mothers of City and Many Professional and Business Men Foresee New Era of Development and Civic Spirit.

Tonight will witness the introduction in the city council of an ordinance which many persons regard as one of the most important pieces of legislation ever brought before the municipality, as it will either mark a long step forward in a civic sense, or stamp the city as being satisfied to plod along in the ranks of those towns which have but little time or inclination to look after the physical welfare and moral welfare of their young men and women.

Briefly the council will be asked to adopt an ordinance providing for the establishment of a recreation commission.

Duties of Superintendent. If the ordinance is adopted and the plan carries, a superintendent of recreation will be employed the year round, whose duties will cover some of the following activities:

Organization and executive management of outdoor playground system; selection and training of play leaders; selection, purchase, and installation of equipment; planning of buildings and alteration of buildings for recreation purposes.

ESCANABA WOMEN ARE ATTENDING MEETING IN NEGAUNEE TODAY

Several members of the Woman's Auxiliary of St. Stephen's Episcopal church are in Negaunee today attending the annual convention of the organization in this diocese. This organization is a missionary society and a most interesting program has been outlined for the day. Among the prominent speakers present were Rt. Rev. Robert L. Harris, D. D. and Mrs. Frederic Stevens, of Detroit.

Ship With Soldiers Aboard Sinks At Pier Before Sailing Hour

(BY ASSOCIATED PRESS)

Hoboken, N. J., Oct. 15.—Shortly before the American steamer America, formerly the transatlantic passenger steamer, "America," was about to sail for Europe with soldiers and supplies the vessel foundered at her pier here. In the darkness of early morning, while the troops yet slept, the America settled with her keel in the mud, leaving only three of her eight decks above water.

So far as reported up to noon there was no loss of life. Early reports said that between 30 and 40 had been trapped in the boiler room. Troops have been placed on guard outside the pier and no information is being given out. The cause of the accident remains a mystery, even to navy department officials.

A theory that water poured into the hold as the result of uncompleted repairs does not conform to the fact that the vessel was ready to weigh anchor for her voyage. It was learned that a gang of machinists was at work at the time the vessel settled and it is suggested that one of them being a civilian and not familiar with marine affairs, opened a seacock under the impression that he was closing it.

NATIONAL POLE CO. OFFICE HERE HEARS OF NO FIRE LOSS

Inquiry at the offices of the National Pole company in this city today developed the fact that while the company has extensive property and yards and other interests in the fire swept region of Minnesota, no specific report of damage to the company's property has been received here. It is quite possible, however, that the company may have some losses, as it was in the vicinity of many of their holdings that most of the fire was, but so far no reports of losses have been received.

Henry Norman To Remove to His Farm

Henry Norman, of this city, proprietor of the Windsor hotel, is erecting a fine house on his farm at Stonington and when it is completed, some time before winter, he expects to move to it and quit business in this city.

Germany Bewails The Bombardment Of Occupied Towns

(BY ASSOCIATED PRESS)

Amsterdam, Oct. 15.—The German government proposes to France that in common with her allies, France refrain from bombarding large towns of northern France and enter an agreement with Germany to permit, at any time a portion of the population of Valenciennes to pass into the French lines, says an official statement from Berlin. The Berlin government, in making this proposal, represents itself as being unable to prevent the hasty flight of the population of Valenciennes owing to their fears that the allies would bombard the town.

WOMAN'S CLUB WILL RESUME ACTIVITIES WITH TEA TOMORROW

First Meeting in Three Months Will Be Marked by Splendid Program in Delta Hotel Parlors Wednesday Afternoon.

The Woman's club will resume sessions after an interval of three months with tea and program at the Delta hotel parlors Wednesday afternoon, beginning at three o'clock.

The program committee has arranged for several splendid numbers, a solo by Mrs. Guy Ramsey, a reading by Miss Edith Thompson, a member of the high school faculty, and two violin numbers by Gunder Johannsen, orchestra director of the Delft theater. Tea and waffles will be served and a social afternoon spent. The club has taken in a large number of new members, and this will be an opportunity to greet them and become acquainted.

The members are urged to be present and start the new club year with this interesting afternoon's entertainment.

Isaac E. Oberg, who has been employed at the Chemical plant for some time has moved his family to Manitoque, where he expects to make his home.

Allied Offensive in Belgium Is Being Renewed With Distinct Success in the Last Few Days.

ALLIES NEAR COURTRAI

Enemy Reported to Be Evacuating Ostend and Sending Boatloads of Soldiers Away From Belgian Coastal Region.

(Associated Press War Summary)

In Flanders and from the Oise to the Meuse, allied troops continue their vigorous blows for important gains. As the French press on in the Laon region, the allied offensive in Belgium and the American operations west of the Meuse are being renewed today with success. Smashing their way through the network of railways in western Flanders the Belgian, French and British forces are now within 2 miles of the important railway center of Courtrai.

The allies also dominate with their guns the railway running from Lille to the Belgian coast via Courtrai and thus are hampering, if they have not already cut off all rail communication between Lille and Ostend.

German resistance in Flanders appears to be only for the purpose of delay until the evacuation of Belgium can be completed. The enemy is reported to be evacuating Ostend and to be sending boatloads of troops away from the coastal region.

Between the Oise and the Argonne the French are pressing the enemy hard and giving him little chance to dig in. East of the Oise the French are within a half mile of the Serre and have advanced five miles from Laon. The French now threaten Retherl, having captured Nanteuil-sur-Aisne a little over two miles west of Retherl and the same distance east of Chateau Porcien.

Keeping step with the American operations east of Argonne the French are moving forward west of the forest, west of Grandore Gen. Couraud has moved north of the Aisne and taken the towns of Olizy and Termes, thereby straightening out a bulge in the allied line.

Between Argonne and the Meuse the Americans are battling forward through German wire entanglements where tanks were brought up, especially in the region west of Romagne. As on Monday the German resistance was stubborn, but satisfactory progress is being made.

COLONEL ROOSEVELT EARNESTLY URGES NEWBERRY SUPPORT

ALL PATRIOTIC AMERICANS REJOICE IN NOMINATION OF THE LIEUTENANT COMMANDER, SAYS HIS FORMER CHIEF.

MUST STAMP OUT PACIFISM

Points to Exemption for Son of Pacifist Campaign Backer While Newberry's Boys Join the Colors.

(By Theodore Roosevelt.)
Kansas City—A democratic member of the senate has introduced a resolution to investigate the primary campaign expenses of certain republican candidates for the senate, including commander Truman Newberry, whose recent triumph over Mr. Henry Ford in the Michigan republican primaries was greeted with heartfelt thanks by every sincere and farsighted American patriot.

This senate, which comes to an end on March 4 next, has the same and only the same right to investigate the election conduct of candidates for the senate which comes into existence on March 4 that it has to investigate the campaign conduct of any other candidates for office.

Hints at Bad Faith.
Moreover, any such proposed investigation undertaken on the eve of an election is tainted with bad faith unless it is conducted with conspicuous fairness, and impartiality and is undertaken at once so that it can be finished at least a month before the elections.
Personally, I shall be glad if the election expenses or any other conduct of any of the candidates be investigated, provided that the investigation be undertaken at once and finished within the next fortnight, and provided that it be entirely impartial. Therefore, it must deal comprehensively with all serious charges affecting the desirability of candidates as governmental representatives of the American people at this time.

Next Time Your Coffee doesn't suit you why not try Instant Postum.
When you stop to think that tens of thousands of families now use it in preference to coffee, you must realize—
"There's a Reason" Needs But Little Sugar.

Present raw material conditions have only widened the gap between ordinary "get-by-with-it" head-wear and the perfect hat— The GORDON

Asks Ford Inquiry.
If the men backing the proposal are acting in good faith, they will investigate Mr. Ford's record on the following points in order to determine his fitness to represent patriotic Americans at this time. This will find out how much money he spent on the peace ship and on his lavishly expensive newspaper advertising campaign against preparedness and against our standing up for Belgium's rights and against our talking action about Germany's sinking the Lusitania and her other assaults on us, and in favor of the McLemore resolution.

This was part of the great pacifist campaign of which another part, as our government investigations show, was financed by the German authorities themselves or by their affiliated societies in this country.

The investigation should include Mr. Ford's contributions in the last presidential campaign he supported, for his politics seem to have been purely personal and pacifist.

Points to Edel.
Moreover, the investigation should include a full examination of the justification of Mr. Ford's adding and abetting his son Edel in escaping the draft and staying at home when the great majority of young Americans of his age are eagerly striving for places of honor and peril at the front.

Mr. Ford is an enormously wealthy man. Mr. Newberry is not. Mr. Newberry himself at once entered the military service of the United States. His two sons have wives and children, but they immediately entered the service, striving eagerly to get to the front.

Unless the investigation takes up these matters, it will be stamped with the stamp of unworthy and improper partisanship. The simple truth is that all patriotic Americans rejoice in the nomination and will rejoice in the election at this time of such Americans as Mr. Newberry in Michigan and Mr. Medill McCormick in Illinois. (Copyright, 1918, Kansas City Star.)

WILL ESCANABA GET SUPERVISED PLAY FOR YOUNG?

(Continued From Page One)
Responsibility for evening entertainments and recreation centers.
Responsibility for children's gardens.
Arrangements for the celebration of holidays.
Arrangement for pageants.
Arrangements for summer camps.

Arrangements for tramping trips.
Interpreting to the public through addresses, through the newspapers, the recreation work which is going on in the city.

COUNTY TOWNS ARE GLAMORING FOR A HARD COAL SUPPLY

Cargo of Four Thousand Tons is Long Overdue in Gladstone and Other Towns are Beginning to Worry.

County Fuel Administrator, W. J. Clark is now attempting to get the ban removed from the delivery of anthracite coal to Rapid River, Gladstone, Bark River, Nahma and other county towns. Gladstone is beginning to worry about the coal situation. A cargo of 4,000 tons is scheduled to be delivered there soon but residents fear they may not get it in time and the fact that the Escanaba supply has arrived has accentuated the slowness of the delivery at Gladstone.

Fred Hoyler Called Home By Illness Of Wife of Pneumonia

Fred Hoyler, who recently turned his business over to his father and went to Camp Custer, has been called home by the illness of his wife who is suffering from pneumonia. Her condition was regarded as serious but she is now believed to be on the road to recovery. Mr. Hoyler arrived last night and hastened to the bedside of his wife and was greatly pleased to find that her condition had improved.

OLD SOLDIERS AND VETERANS' WIDOWS AIDED DURING YEAR

The sum of \$800 was spent last year by the soldier's relief commission of Delta county in caring for the needs of old soldiers, widows of veterans etc. according to the report submitted to the board of supervisors now in session. The report shows that all those who received assistance are over 72 years of age and some of them are over 80. The average allowance was \$2.00 a week.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darken So Naturally that Nobody can tell.

Hair that loses its color and lustre or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been treated. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

IMPORTANT

In Order to Combat the Epidemic of SPANISH INFLUENZA Which is Now Most Prevalent in Our State, and in Compliance With the State Board of Health, the Local Board of Health Requests That the Following Precautions be Observed.

1. It is especially important to beware of the person who coughs or sneezes without covering his mouth and nose. It also follows that one should keep out of crowds and stuffy places as much as possible, keep homes, offices and workshops well aired, spend some time out of doors each day, walk to work if at all practicable—in short, make every possible effort to breathe as much pure air as possible.
2. Where crowding is unavoidable, as in street cars, care should be taken to keep the face so turned as not to inhale directly the air breathed out by another person.
3. In guarding against disease of all kinds, it is important that the body be kept strong and able to fight off disease germs. This can be done by having a proper proportion of work, play and rest, by keeping the body well clothed, and by eating sufficient, wholesome and properly selected food.
4. It is very important that every person who becomes sick with INFLUENZA should go home at once and go to bed. This will help keep away dangerous complications and will, at the same time, keep the patient from scattering the disease far and wide. It is highly desirable that no one be allowed to sleep in the same room with the patient. In fact, no one but the nurse should be allowed in the room.
5. Call a physician and take only such medicine as is prescribed by the doctor. It is foolish to ask the druggist to prescribe and may be dangerous to take the so-called "safe, sure and harmless" remedies advertised by patent-medicine manufacturers.
6. The ordinance relative to spitting on the sidewalks and in public places, will be rigidly enforced.

"THROUGH THE WALL" STAGES A SHIPWRECK MOST STARTLINGLY

A loud report, the swaying of the ocean liner and then the screaming and crying of men, women and children. Only a few moments before the decks which now contain the panic stricken crowd, were scenes of peace and contentment. The passengers were lounging in their chairs or playing quots, happily at peace with themselves and the world. But their course ran through the war zone and man's ambition to be victor has deemed it necessary that certain cargo on that liner be lost.

An insane desire to reach the life boats seizes one and all. In some cases the men even forget their chivalry in an effort to be saved.

Slowly the huge bulk sinks beneath the waves while the frantic passengers cling to the sides of the life boats, overturned by their heavy loads. Cries for help sink beneath the blue of the water unheeded for there is no life about except the sea gulls flying in circles in the clear sky above.

Never before was a shipwreck scene staged with the realism that Director Sturgeon has instilled in the Vitagraph Blue Ribbon Feature entitled "Through the Wall," which is the attraction at the Strand theater today and Wednesday.

Former Cornetist Arrives in France

A card has been received here announcing the safe arrival overseas of Rocco Teralta, former cornet player in the Escanaba Military band. He is a member of the 64th division band.

TOOK PHOTOGRAPHS OF CZAR

Movie Operation Was Privileged to Get "Close-Up" Views of the Imprisoned Former Russian Ruler.

In "Donald Thompson in Russia," the movie photographer tells how he succeeded in getting a picture of the czar after the revolution had begun. He went out to Tsarskoye Selo, the palace near Petrograd where the royal family were confined, and from a distance saw the czar and his son walking in the yard. "The servants must have told him," writes Mr. Thompson, "for the czar sent word to me to come saying that he would allow me to make a picture as close as I wished. I told him that I had met him before in 1915, and had made pictures of him then at the front and at Lemberg. He remembered and immediately spoke of Meuse, the English photographer. While I was making pictures and the camera was being re-loaded so that I could put in some new film, several of the soldiers came up close, while the czar was watching how the camera was loaded. They were smoking. One of them elbowed the czar away and at the same time blew smoke directly in his face. But the czar didn't show that he was annoyed by this. After I had made some motion picture films of him and his son, and also some still photographs, I saluted and said 'good-by.' He answered 'good-by.' While walking away I glanced around. He was still looking after me and talking to his son."

WHY Ben Butler Should Be Given Honor as Pioneer

If Ben Butler were alive he would have a lot of satisfaction in reading the reports from the battle front, says the Columbus Dispatch. He would certainly smile in satisfaction when he read the uses of the captive balloons and the number of them now employed, for he was the first man to employ a balloon for observation purposes, and he was ridiculed from one end of the country to the other.

That was early in the Civil war. Butler had often seen a man in a balloon on Boston common, and it occurred to him that it would be a good thing to employ him in making observations. So he sent to Boston for the balloonist, one John La Mountain, and had him go up in the balloon and make a report. La Mountain did so, at Fortress Monroe, and here is the first record ever made of an observation from the skies:

"Height, 1,400 feet. In the rear of the battery on Sewall Point, obscured from the water side by the trees, is a clear tract upon which I counted 82 tents, besides six bush tents in the rear. I could distinctly see Tanner's Creek, but could not observe any appearance of work progressing in that vicinity. For 20 miles I could not discover any movements thereon.

"I could not discover any encampments beyond Newport News or in the direction of Yorktown, except about half way from the B-thel church and Yorktown I could see a small cluster of tents."

There is no further record of observations, but a bill for \$1,212.00 for expenses upset the whole government, and "Ben Butler and his balloon" became the laughing stock of the people of this country. Fifty years later, however, the United States government spends more than \$900,000,000 for aircraft with which to "see" the enemy, for all the world as La Mountain saw him.

BEEES FOR WAR MESSENGERS

Their Employment is Said to Have Gone Far Beyond the Range of Probability.

A secret long cherished in the British war department has just been discovered—the use of bees as messengers.

No longer will the aide de camp spur his staggering horse through shot and shell to carry the message to the front. Instead he will don his gloves and mask, and, going to the portable beehive back of headquarters, seize one of the faithful little insects, and send the well-trained messenger through the air.

Whoever possesses a receiving outfit can read the secrets of the wireless; one can cut the wires of the ordinary telegraph, and the pigeon does not always escape the bullet.

Therefore, other means have been sought. In America, the general staff dreams of using as a dispatch bearer—the bee.

The bee, like the carrier pigeon, guided by its marvelous instinct, returns to the hive from wherever he may be liberated. Tiny dispatches, which can be deciphered with the magnifying glass, can be attached to its breast.

But something better still has been found. By an ingenious process the wings of the tiny insect are sensitized, and by means of microscopic photography the message is imprinted thereon.

Odorous Benzine Possible.

Benzine is very useful for the removal of grease spots and various other stains. Its odor, however, is very disagreeable to the average housewife. This may be completely removed by repeatedly shaking up the benzine with a plumbate of soda solution and rectifying it. The plumbate of soda is made by dissolving litharge in caustic soda. —Popular Science Monthly.

HAMS Again Tomorrow

The picnic hams did not arrive until late this afternoon. They are as fine as we have ever seen. Again on sale Wednesday at

Can't Do The Work

It's too much to try to work every day against a constant, dull backache, or sudden darting pain in the spinal of the back. Be rid of it. Try Doan's Kidney Pills. Your neighbors recommend them.

Mrs. Herman Nelson, 606 Wells avenue, Escanaba, says: "What caused my kidneys to get out of order, I don't know, but they bothered me a lot. It seemed as if my back would never stop aching, and housework which required stooping was impossible. My back was lame and pained most severely when I tried to bend over. Dizzy spells bothered me greatly and I always felt tired out and languid. Two boxes of Doan's Kidney Pills ended the trouble and I was soon about my housework feeling like a different woman."

Price 60, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Nelson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

PATRIOTIC PICTURE THRILLS AUDIENCE AT THE DELFT THEATER

"To Hell with the Kaiser" a seven reel production opened at the Delft theatre yesterday for a run of three days. The startling title of this Screen Classics, Inc. picture is enough to commend it at once to patriotic people and a big audience was present to see the production. The spectators were enthusiastic in their applause.

"To Hell with the Kaiser" is a clever commingling of fact and fancy. The war lords of Germany, the "Potsdam gang" presided over by Wilhelm of Hohenzollern, are shown planning the conquest of the world. To each is allotted a nation as a reward, the United States, reserved for the last, intended for the Crown Prince. The now historic incidents are shown in which Wilhelm, the monster tore up the treaty of Belgium declaring it to be only a scrap of paper, and acknowledging to the world that he disregarded all honor and decency.

The adventures of an American family form the plot around which the romance centers.

"To Hell with the Kaiser" is a patriotic epic. It was directed by George Irving, photographed by George K. Hollister, and the scenario supplied by June Mathis. A charming love story illuminates it, a "happy ending" being supplied not only by the coming of peace, but by the romance between Alice and the aviator.

26 MORE MEN GOING TO JOIN COLORS IN CAMPS OF THE SOUTH

Local Board Receives Orders to Entrain Two Contingents Beginning Week of October 21.

Further orders have been received by the Delta county draft board which indicate that the ban on entrainment of men for military camps, which was put on for a time during the influenza epidemic, has been raised. The local board has been told to have five men ready to entrain for Camp Wadsworth S. C. during the five day period beginning Oct. 21 and 21 men ready to go to Camp Eustis, Va., during the same period.

These men will all come from Class one, of the registrants of last August, and are the same that were to have been selected when the order was received to hold up shipment until further notice.

Wicklander Family Return from Funeral

Peter and Adolph Wicklander and Miss Aranda Wicklander, father, brother and sister, respectively, of Fred Wicklander, who died in Pontiac, Ill., recently, have returned from attending the funeral services which were held there last week.

Dell Moody, who is enjoying a furlough with his parents in this city has motored to Menominee for a day's visit. He is stationed on Puget Sound.

Henry Ranger has accepted a position as night clerk at the Northwestern depot.

ESCANABA GIRL IN FOREST FIRE IN MINNESOTA

Miss Freda Carlson is Teaching School at Barnum, Which Is In the Stricken Area Swept by Flames.

REPORTS SHE IS SAFE

Indications are That Town was Passed by in Destructive Sweep of Fire Fiend Saturday and Sunday.

Miss Freda Carlson, daughter of Mr. and Mrs. F. Carlson, 503 So. Sarah has apparently passed through the frightful Minnesota forest fires unharmed. The young woman is a teacher in the schools at Barnum, Minn., which is one of the towns in the fire-swept district, but a message from Miss Carlson last evening indicated that Barnum was up to that time untouched. The message which merely stated that Barnum was safe and Miss Carlson unharmed, created consternation in the family when it was received as the parents at that time knew nothing of the forest fires which had been raging since Saturday night, and they were unable to understand what their daughter was safe from. Miss Carlson is a very popular young woman with a wide circle of friends in this city and her many acquaintances will be glad to know that she escaped the terrible conflagration which has cost virtually 500 lives, so far as known.

MANY NEW BOOKS AT LIBRARY READY FOR CIRCULATION TODAY

The following interesting collection of books is now ready for circulation at the Carnegie Public Library:

- "Soldier of the Sky," by Captain Campbell. Thrilling experiences of a Royal Flyer.
- "The Social Letter," by Elizabeth Myers. At last a really suggestive little book on letter writing.
- "Handbook on Story Writing," by Williams. One of the very few practical books on the theory of story writing.
- "Flower of the Chapdelaines," by George W. Cable. A charming story of the Creoles.
- "The Mormon of the Little Manitou Islands." A historical romance that will especially interest people of this region.
- "The Spirit of Lafayette," by Halliwell. This tiny volume is full of inspiration to hearten one on the present world struggle.
- "The Gold Hunters," by Borthwick. A reprint of a narrative of an Englishman's life in California in the fifties. The original book was issued in Edinburgh in 1857, and is now very rare and much sought after by collectors.
- "The American Spirit," by Franklin Lane. A collection of addresses by the Secretary of Interior. Throughout the book is fine and noble and inspiring.
- "Merry Andrew," by Weir. The story of Mary Ann Drew.
- "Food in War Time," by Graham Lusk. A practical, though scientific discussion of diet.
- "The Science of Power," by Benjamin Kidd. Thought provoking, but will arouse much adverse discussion.
- "In a New Century," by Martin. Essays on a variety of interesting subjects, well written and original.
- "Mastery of Nervousness," by Carroll. A most helpful popular treatise.
- "Practical Electricity," by Croft.
- "The Soul of Lee," by McKim. There is a commendable breadth of view on the part of the author, a confederate veteran, who has in his subject an excellent opportunity to show that time is removing the more unreasonable prejudices of the sectional controversy. Lieut. McKim shows restraint as well as deep appreciation of his subject.
- "Vicky Van," by Carolyn Wells. Another Fleming Stone detective story.
- "Century of Scientific Thought," by Windle. Critical essays of many scientific theories.
- "By the Ionian Sea," by Glasling. Notes on a ramble in Southern Italy. A most delightful little travel book full of charming and picturesque description.
- "The Finding of Norah," by Frothingham.
- "The Girl in His House," by MacGrath.
- "If I Were Twenty-One," by William Maxwell. Tips from a business veteran.
- "The Call of the Twentieth Century" by David Starr Jordan.
- "Calvary Alley," by Alice Hegan Rice.

GERMANS EVACUATE BELGIANS PORTS IT IS SAID IN LONDON

(BY ASSOCIATED PRESS)
London, Oct. 15—Several large German torpedo boats are known to have left Zeebrugge on the Belgian coast during a stormy night recently. This information is based on a Holland despatch to the Central News. The German warships were filled to capacity with German soldiers and proceeded for Germany. The Germans are also reported to be evacuating Ostend.

HINDENBURG IN NEW ROLE MADE KAISER LISTEN

Claimed To Have Been Man Who Caused German Government to Seek an Armistice at This Time.

(BY ASSOCIATED PRESS)
Washington, D. C., Oct. 15.—It was Field Marshal Von Hindenburg himself and not the supposed pacifist, Prince Maximilian, new German chancellor, who caused the German government to accept President Wilson's peace terms and seek an armistice, according to advices which reached Washington today.

Paris is Jubilant.
Paris, Oct. 15.—President Wilson's answer to the German peace proposal was given to the public in extra editions of the afternoon papers at noon today. It immediately became the absorbing topic of discussion. The tone of sentiment is distinctly favorable to the answer and the prevailing note is one of jubilation.

WHAT SCOTLAND IS DOING

This Little Country Has Already Cheerfully Done Very Much More Than Her Share.

We are pretty well acquainted in this country with the part Canada is taking in the war. We have been advised from time to time of the individual sacrifices being made by the people to the north of us. We know only in a general way what other people are doing. So it comes as refreshing news to hear from the lips of such a man as Harry Lauder the heroic work and sacrifices of the Scots.

More than 300,000 Scotchmen are under arms, or have given up their lives in the struggle. And Scotland is a small country. In the cities and towns there are no more eligible men—no more men fit to bear arms. They have all departed. Scotland is a land of old men and women and little children—and crippled soldiers. It is not the Scotland of three years ago, with a husky set of strapping young fellows tilling the fields and working in the mines and mills.

Not only that, but the people do not complain. There are no riots because of the conditions—no murmurings against their fate. The war is on; the Scots will fight it out. That is the spirit one finds in Scotland, among those old men and women and among the little children. It is the spirit one finds out in the trenches, where the Scottish soldiers stand on guard and meet the enemy face to face.

The history of Scotland is too well understood to call attention to it here. The record of the Scots, made in the every one who knows history. So it isn't necessary to state that the Scots are born fighters, that they are not going to give up. They have done in this war exactly what those familiar with Scottish history expected them to do. And they will not fall at any time in the future.—Columbus Dispatch.

"Strafe" Made Prize of War.

The British have taken "strafe." In an announcement from the Oxford University Press the fact is officially made known. The captured word has been included, not as yet entered in the latest volume. Volume IX, of the Oxford dictionary. And as a trophy of war it has been treated after a characteristically British fashion. Its flat "t" has been changed to the long English "a" as of "safe," and from two syllables it is reduced to one, so that it may rhyme with "chafe."

Nor does the process of eliminating German in this verbal instance stop on the mere point of pronunciation. To the compilers of the Oxford lexicon it is "v. slang." So in captivity this word of portent originally fierce loses not only in quantity but in quality. To quote the London Times, as cited by the dictionary makers, "strafe is becoming a comic English word."

York Road Set Free.

The final step in clearing old York road of its toll gate incumbrances was taken recently and six toll gates between the city line and Harbor will hereafter cease to vex the users of this important highway. Philadelphia abolished all toll gates within her limits some years ago, but these nuisances still continue to maintain a state of siege about this city except on the Delaware river front, where the ferries perform a similar part. The ferries will remain until the Delaware is bridged, but the toll gates must go, and are going.—Philadelphia Press.

NEW BATTLE FLAMES UP IN FLANDERS

(Continued From Page One)
Belgians Nearing Courtrai
London, Oct. 15—Belgian troops are on the outskirts of Lenin and within 25 miles of Courtrai. The allies are also within effective artillery range of the railway from Lille to Thorout. This means that the allies dominate the connecting link between German troops around Lille and those in the Ostend sector.

New American Unit Fighting
With the Americans Northwest of Verdun, Oct. 15—(12:10 p. m.)—A unit of the second American army which began operations on Oct. 12, today repulsed a German raid on their positions.

Serbian Advance.
London, Oct. 15—The Serbian advance north of Nish on Sunday, captured, on a large front, all the heights which dominate both banks of the Morava river.

Roulers Taken.
Paris, Oct. 15—Roulers has been taken by the allies. This city, which before the war numbered 25,000 people is the first important Belgian town from which the Germans have been driven. This morning, on the anniversary of the battle of Jena, fought Oct. 14, 1806, the battle flamed up along the Flanders front and the first day's progress gives reason for high hopes.

U. S. Tanks in Action
With the Americans Northwest of Verdun, Oct. 15—Tanks were brought into action today to break a way through the network of wire entanglements west of Romaine. Despite stubborn German resistance, progress of the Americans was satisfactory.

French Advance
Paris, Oct. 15—The French made an important advance toward Rethel and captured Nanteuil-sur-Aisne two and one-half miles west of Rethel, says today's war office report.

In the Argonne the French have reached the Aisne west of Grandpre and captured the villages of Olisy and Termes. Nearly 800 prisoners were taken here. South of the Serre the French have made a marked advance. The towns of Barentoncel and Monceau-Vast were taken.

American Patrols Active.
London, Oct. 15—American troops on patrol crossed the Selle river in the neighborhood of St. Souplet south of Le Cateau yesterday and took 39 prisoners.

Raiding operations on several portions of the British front, notably near Sainghin en Wettes, southwest of Lille, are reported by Field Marshall Haig in his official communication today. Prisoners were taken by the British raiding parties.

MARQUETTE MEETING CALLED OFF UNDER STATE BOARD ORDER

Upper Peninsula Educational Association Advised to Forego Gathering Scheduled for This Week.

Letters were received today by Supt. F. E. King of the Escanaba schools and C. U. Woolpert, of the county schools, advising them that the meeting of the Upper Peninsula Association, which was to have been held in Marquette Wednesday, Thursday and Friday of this week, had been called off under an advisory order of the state board of health. It is assumed that this action was taken as a precautionary measure to guard against the possible spread of Spanish influenza.

TAYLOR WINS PRIZE IN DELFT BOWLING WITH SCORE OF 244

Organization of Winter Bowling League is Progressing Nicely and Season Will Open Nov. 1.

Early Taylor won the prize bowling competition at the Delft club alleys, which has been in progress for some time and which was concluded last night. Taylor had the high score of 244 and won \$4; Sam Papadakis was second with a score of 235 and won \$2, while C. C. Swan rolled the first score of 159 for which a prize of \$2 was offered.

Organization of the winter league is progressing nicely considering the fact that so many bowlers are now in the army service. Manager Olmsted wishes all others who intend to get into the league this winter, to report to him as soon as possible so that the season may be started by Nov. 1.

BAPTIST CHURCH SUPPER

The Ladies' Aid Society of the Baptist church will serve a 40 cent supper in the church parlors Thursday evening. **1296-233.**

Hallows'en Party.

Plans are being made by the Girl's League at the High School for a party to be given Friday afternoon at the dismissal of school. The party will be only for the girls of the school and will be given in honor of the Freshmen girls. It will be in the nature of a Hallows'en party and a very delightful program of games, music and dancing will be carried out.

NOTICE

The party is known who took the white Angora kitten from Frost's Butcher shop on So. Charlotte street, and if it is not returned shortly, prosecution will follow.

MRS. A. WEST, Home Cafe, City.

AUTOMOBILES—Vellio, Dort, Briscoe and used Ford cars.

There was never a better time to purchase a car than right now. We look for a large advance on automobiles and not only that, but there will be no cars manufactured. Buy your car now, you will then have the use of it all fall and you will be sure of having one for next spring. Terms: Cash, partly cash or time with good security. Call or write, David Goldberg, Marinette, Wis. **239**
