Southeast of Cambrai the allies have made a wide breach in the German lines along the lower Selle and the Sambra canal and are fighting their way east. The British and French war offices report the capture of 4,200 prisoners in the fighting here and a score of villages have been taken.

Wilson Tells Austria-Hungary She Must Grant Full Autonomy

BY ASSOCIATED PRESS

Washington, D. C., Oct. 19.—President Wilson has answered the peace note of Austria-Hungary with the declaration that the Austro-Hungarian government must satisfy the national aspirations of its own people and that they shall be the judges of their own rights and destinies. The reply was made yesterday through the Swedish minister in Washington.

President Wilson calls attention to the tenth condition of peace announced in his note of January 8, which says that the people of Austria-Hungary should be given free opportunity for autonomous development. He also calls attention to the recognition of the Zecho-Slovak organization as a de facto belligerent government and says this country recognizes the justice of the nationalistic aspirations of the Jugo-Slavs for freedom. The text of the note follows:

"Sir:—I have the honor to acknowledge the receipt of your note of the 7th inst., in which you transmit a communication of the imperial and royal government of Austria-Hungary to the President. I am now instructed by the president to request you to be good enough to convey the following reply:

"The President deems it his duty to say that he cannot entertain the present suggestion of that government because of events of the utmost importance which have occurred since his address of January 8, events which have altered the attitude and responsibilities of the United States.

"Among the 14 terms of peace which the President formulated then, occurs the following:

"The people of Austria-Hungary, whose place among the nations we wish to see safeguarded and assured, should be accorded a free opportunity for autonomous development."

"Since that sentence was written and uttered, the United States has recognized that a state of belligerency exists between the Zecho-Slovak and the German and Austro-Hungarian empires, and that the Zecho-Slovak national council is a belligerent government clothed with the proper authority to direct the political and military affairs of the Zecho-Slavs. It has also recognized the justice of the aspirations of the Jugo-Slavs for freedom. The President is no longer at liberty to accept mere assurances of autonomy as a basis for peace but is obliged to insist that they, not he, be the judges of what action of the Austro-Hungarian government will satisfy their aspirations as a member of the family of nations.

"Signed, "LANSING."

In announcing his reply, Secretary Lansing also made public the official text of the Austro-Hungarian note.

FRANK VELKLA IS MAN FOUND IN E. & L. S. CAR

Coroner's Investigation Showed He Died From Natural Causes and Intermment Was Made in Lakeview Cemetery Today.

The body of the man who was found dead in a box car at Mashek, Thursday evening was brought to Escanaba last night and taken to the undertaking parlors of J. B. Wilkinson, where Coroner G. C. Bartley conducted an examination.

A registration card and a receipt from the War Relief association of Ontonagon county, showed the man to be Frank Velkla, who had been employed by the I. Stephenson company near the village of Mashek.

The examination showed that the man had died a natural death and that he had apparently been dead for some hours before being discovered. It is believed that he had started for Escanaba and feeling ill had crawled into the box car to rest until he felt sufficiently recovered to resume his trip, death ensuing, however, before he could leave the car and before anyone happened along to find him.

After consulting the authorities of Marquette county this morning, it was decided to bury the body here and interment was made in Lakeview cemetery where short services were conducted by the Rev. Frank Cookson, pastor of the First M. E. church.

TWO MILLION U. S. FIGHTERS OVERSEAS NOW

While Making Announcement Today Gen. March is Notified That Entire Belgian Coast Has Been Evacuated.

(BY ASSOCIATED PRESS)

Washington, D. C. Oct. 19.—More than two million American soldiers are now overseas, Gen. March told the senate military committee today at the war department conference. While the conference was in progress, Gen. March was notified that the Germans had evacuated the entire Belgian coast up to the Holland boundary and it is now in the possession of the allies. The German retreat from the Belgian coastal region is increasing in breadth and speed he said. The movement on the whole is extremely rapid, is illustrated by the fact that in the last four days, territory totaling 800 square miles has been given up by the foe.

The American army northwest of Verdun is fighting forward against stiff resistance. The 85th (Michigan and Eastern Wisconsin) division is now acting as a depot division on the line of communication.

Delta county's subscription to the Fourth Liberty Loan will total between \$750,000 and \$800,000. This was the estimate given out by County Chairman M. N. Smith late this afternoon. The county's quota was \$682,000, so that once more Delta county lands in the front rank of loyal and patriotic counties to go over the top at home as the boys are doing it in France.

Complete figures were not available from the city this afternoon, the statements from the banks for today's business, however, being sure to reach heights expected by Mr. Smith.

The following figures were available this afternoon: Gladstone, \$107,200. Garden, \$15,500. Baldwin township, \$15,500. Brampton, \$33,150. Cornell, \$7,300. Escanaba township, \$4,600. Fairbanks, \$7,500. Nahma, \$31,350. Ford River, \$8,000. Maple Ridge, \$19,200. Wells, \$110,000.

As to Escanaba proper, it is away over the \$400,000 mark set but how much cannot be determined until the banks have completed their reports for today's business. Chairman Smith was happy as the figures came in this afternoon and again put Delta county to the front in a war enterprise.

NO CHURCH SERVICES TO BE HELD SUNDAY IN ANY LOCAL CHURCHES

Conforming to the recent order of the board of health forbidding all public gatherings for an indefinite period, pastors of the local churches, both Catholic and Protestant, today announce that no services will be held Sunday.

Sunday will be "churchless" Sunday in Escanaba.
It will be the first within the memory of the oldest inhabitants but under the circumstances the pastors as well as the congregations wish to do everything possible to obviate a gigantic spread of the disease which has brought about the closing order.

Miss Harvey's Body Arrives Last Night; Funeral Tomorrow

The body of Miss Margaret Harvey, who died in Omaha, Wednesday, arrived in Escanaba Friday evening and was taken at once to the home of her mother, Mrs. Peter Harvey, 508 South Georgia street. The body was accompanied by William Harvey, a brother of the deceased. Funeral services will be held at St. Patrick's church at 9:00 o'clock Sunday morning and will be absolutely private, in conformity with the rules of the local board of health, forbidding public gatherings at this time. Interment will be made in St. Joseph's cemetery.

DR. BARTLEY MADE MARINE SURGEON FOR PORT OF ESCANABA

Another fitting recognition of the professional skill of Dr. G. C. Bartley, came yesterday with a formal notice of Dr. Bartley's appointment as marine surgeon for the port of Escanaba. He succeeds the late Dr. Reynolds. Dr. Bartley was also recently appointed as surgeon for the Northwestern railroad, to succeed Dr. Reynolds, an appointment which he will soon take.

PUBLIC FUNERAL PUT UNDER BAN BY HEALTH BODY

Only Immediate Relatives of Deceased May Attend Services During the Present Order by Board of Health.

Public funerals are also under the ban of the local board of health, it was announced last night. Until the order is withdrawn, only immediate relatives of the deceased may attend services, and every precaution is to be taken to prevent a spread of influenza here. Escanaba is considered particularly fortunate in the relatively small number of cases existing in the city and it is the earnest desire of the local board of health to reduce and hold these to the minimum.

Pastors of the local churches will co-operate and it is believed that the cessation of funerals which are attended by large bodies of people will be a long step toward preventing the disease from spreading.

Dr. Carlson stated today, that the city now has approximately 76 cases of influenza. The increase in the last few days has been almost negligible but this does not mean that the disease has been curbed. The majority of cases are said to be in North Escanaba and they are of a mild type. If this condition can be maintained and the public co-operate properly, it is believed Escanaba will soon have shaken off the danger and normal business conditions can again be resumed.

For this reason it is asked that the public observe every rule of the local board of health, keep children at home as much as possible, refrain from gathering in public places and try to bring Escanaba back to normal in as short a time as may be.

CAPT. OLAFSON OF SALVATION ARMY SENT TO OMAHA

Man Who Has Done Much To Raise Moral Standards of Community Is Transferred To a Larger Field of Activity.

Captain and Mrs. Olafson, of the Salvation army in this city will leave Tuesday of next week for Omaha, Neb., where Capt. Olafson has been put in charge of the corps work. This move comes in the nature of a fine and merited promotion and carries with it added responsibilities for which he is so eminently fitted.

Capt. Olafson and his wife have been in Escanaba for 14 months during which time a number of additions have been made to the army and its standard materially raised. The work carried on here has been of the kind which is so effectively charitable and helpful and both have made hosts of friends among the business people of this community who appreciated the spirit which they put into their work. Omaha is gaining two splendid workers in the vineyard.

Because of the board of health order prohibiting public gatherings, no farewell service will be held, but the best wishes of hosts of Escanaba people will accompany Capt. and Mrs. Olafson to their new field.

Capt. Olafson is unable to say, at this time who will succeed him in the work here, but the new man will arrive here about Thursday.

Osteopathy For Our Soldiers

Shall It Be Granted Them Or Denied Them? It Depends Upon Your Action.

Copy of the Osteopathic Bill
S. 4914—A BILL H. R. 5407—A BILL
Sixty-fifth Congress—First Session

To admit Osteopathic Physicians to examinations for commissions in the medical branch of the Army of the United States, and to provide for their official status, rank, and pay, and for other purposes.

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That hereafter Osteopathic Physicians who have been duly licensed by the laws of the States in which such physicians reside, and who have graduated from a college of Osteopathy duly authorized by law to confer the degree of Doctor of Osteopathy, shall be admitted to examinations prescribed by existing law to ascertain the physical and professional qualifications of applicants for the medical branch of the Army of the United States, and if found qualified shall be eligible to appointment therein: Provided, That such appointees shall have the same official status, rank, pay, and allowance of officers of corresponding grades in the medical branch of the service."

The Bill provides that licensed Osteopathic Physicians must pass the same examination as graduates of other Medical Colleges. Osteopathic Physicians are willing to meet the test, but because they have been granted the title D. O. instead of M. D., they are barred from giving their services to their country as Physicians.

Can you interpret Paragraph 6 above as anything else than a threat that the members of the Medical profession would boycott this Government rather than serve alongside Osteopathic Physicians in the noble work of salvaging the lives and bodies of our boys? Hard indeed is it to believe that any considerable number of the Medical profession have such a low order of patriotism, or are afflicted with such blind prejudice as going to such an extremity would necessitate. And yet, that autocratic ultimatum apparently coming from the American Medical Association, and delivered through the Surgeon-General, is keeping this bill from being reported.

CLINICS AT CANTONMENTS REFUSED

As further evidence that it is not the demoralization of the Medical Corps that he seeks to prevent, but to prevent the men in the service from having any treatment except that of his school of practice, he refused the written offer of the American Osteopathic Association to establish near the cantonments, at its own expense, Clinics, in which the men who wished it might have Osteopathic treatment without cost to them.

The above comparison shows that the Osteopathic Colleges give a course the equal of that of Medical Colleges whose graduates are accepted by the Surgeon-General without question.

WHY WERE OSTEOPATHS DENIED COMMISSIONS?

On the suggestion of the Chairman of one of the Advisory Committees of the Medical Department, several Medical Examining Boards admitted Osteopathic Physicians to the regular examinations for entrance to the Medical Corps.

The records show that the grades made by them were highly satisfactory to the boards which recommended them to the Medical Department for commissions.

In every instance the Commission was refused because the applicant had the degree D. O. instead of M. D.

MIRROR CARRIER IS SUDDENLY STRICKEN BY FAINTING SPELL

"Jack" Erickson Falls from Wheel in Unconscious Condition While He Was Delivering Mirrors.
 "Jack," the little son of Mr. and Mrs. John Erickson, of Delta avenue, was seized with a fainting spell last evening while delivering Mirrors. The boy was riding his wheel along Second street when everything suddenly turned black and he fell from his wheel apparently unconscious. County Engineer R. P. Mason was passing at the time and carried the boy into the home of John Sourwine, where he gradually recovered sufficiently to be taken to the home of his parents in an automobile.
 Today he is in bed but apparently is not suffering except from weakness and a tendency toward dizziness. The little fellow was as bright and active and apparently as healthy as usual when he left the Mirror office with his papers last night, and the cause for his sudden attack is something of a mystery. It is probable he will be all right by tomorrow.

HOW TO AVOID INFLUENZA

Take one-half (1/2) teaspoon of Bicarbonate of Soda (Squibbs) in glass of cool water on arising in morning.
 Wash nose out night and morning with mild salt cool water—not over 1/2 teaspoon in glass of water, and add, if handy, not over four (4) drops of Angorine. Dickson Pharmacal Co., 129 East 59th Street, New York and St. Louis, Mo.
 Take on retiring one capsule of the following prescription:
 Acetphenetidine2.0
 Aspirin5.0
 Salol5.0
 Caffein citrate0.5
 M Ft. in CapsulesNo. XXIV
 Prescription by DR. S. J. NILSON,
 32 West 94th Street, New York City.

This is also a good grippe and cold remedy, taken in doses of one capsule two or three times a day.
NOTE—As soon as symptoms appear, take one capsule after each meal and on going to bed, for one or two weeks, until all symptoms disappear.
 Reduce dose one-half or more according to age and condition, for children.
 Take a dose of castor oil at start of symptoms.
 Drink plenty of pure (not cold) water one hour before or two hours after meals. In three or four of the glasses of water put one-half teaspoonful of bicarbonate of soda and the juice of half an orange (or lemon) if preferred.
 Breathe pure air.
 Eat plain food sparingly.

By The Surgeon-General of The United States Army

1. Avoid needless crowding—influenza is a crowd disease.
 2. Smother your coughs and sneezes — others do not want the germs which you would throw away.
 3. Your nose, not your mouth, was made to breathe through—get the habit.
 4. Remember the three C's—a clean mouth, clean skin, and clean clothes.
 5. Try to keep cool when you walk and warm when you ride and sleep.
 6. Open the windows—always at home at night; at the office when practicable.
 7. Food will win the war if you give it a chance—help by choosing and chewing your food well.
 8. Your fate may be in your own hands — wash your hands before eating.
 9. Don't let the waste products of digestion accumulate—drink a glass or two of water on getting up.
 10. Don't use a napkin, towel, spoon, fork, glass or cup which has been used by another person and not washed.
 11. Avoid tight clothes, tight shoes, tight gloves; seek to make nature your ally, not your prisoner.
 12. When the air is pure breathe all of it you can—breathe deeply.
- SYMPTOMS**—Chills, headache, temperature, lassitude, aching of the joints and nerves.
 At first sign of fever, sneezing or cold, go to bed and keep warm. The chief danger is that neglect of simple precautions may lead to pneumonia or lung trouble. Overexertion should be strictly avoided in order that there may be no depressing after-effects.

UNUSUAL LETTER IS RECEIVED BY ESCANABA FOLKS

Mother and Sister of Private Joseph Buchanan Get Touching Epistle From an Aged French Couple Who Met Him.

Mrs. Anna Buchanan and her daughter, Miss Mary, are in receipt of a letter that is a little out of the ordinary among the numerous communications that come from the war zone and it is remarkable for the touching sense of devotion which it shows toward America and Americans.

Mrs. Buchanan's son and Miss Buchanan's brother, Joseph, is a private with Co. B. 102nd ammunition train. Recently on a march, this company was quartered near the home of the writers of the touching letter and it is evident that Private Buchanan was sheltered in their home that night.

The letter was written in French and was translated by Matt Pillion. It speaks for itself, as follows:

Montbazou, France, Sept. 10, 1918.

"Dear Mrs. and Miss: The little country of France, which has given so many of its children in the cause of right and liberty, has just been made very happy, and we, most particularly, because we had the great pleasure and honor of receiving, while passing, one whom you love so much.

We have no doubt that the same cordial reception was extended them throughout France, because we owe everything to our brothers, who, from so far, have sent their young men to save us, in saving the world from its most cruel enemy.

"Dear ladies, please accept our most sincere thanks for having sent to immortal France, the half of yourselves. We have spent only a few short hours with the one you love so much, but for us, old folks, these hours will remain forever fresh in our memories. You have our most sincere wishes for the victorious return of your fine son, who will tell you all about our dear France, that has suffered so much, but with the Lord's help, the good will and courage of your good sons, who have tendered us a helping hand, will rise

STOLEN AUTO IS RECOVERED HERE BY THE POLICE

Chief of Police, Tolan received a message this morning from the chief of police of Grand Rapids, stating that a man named Schmidt, of St. Louis, would be here Monday to claim a Dodge car, which was recently sold to Eric Anderson of this city by a man giving the name of J. F. Dunne.

Through the arrest of a man named Scott, in Grand Rapids, it develops that a number of cars have been stolen in lower Michigan and sold in the upper peninsula. Two weeks ago two cars were received at Houghton and now, it would appear, a third is about to be located in Escanaba.

The car sold to Eric Anderson is a Dodge, the engine and serial number having been cleverly changed and the machine seems to answer the description sent out by St. Louis officers.

Anderson is a dock worker who lives in North Escanaba and he paid \$575 for the car. A man who gave his name as J. F. Carney appeared at the McKilligan garage, at the same time Anderson arrived and apparently wanted to purchase the car, but Dunne, who was employed there as a mechanic at the time, made the sale to Anderson.

The details of the transaction are rather involved but it is believed that all these matters will be cleared up through a statement made by "Scott" to the Grand Rapids police and by what further light Mr. Schmidt is able
