ABDICATION OF KAISER DEMANDED BY CROWD IN THE STREETS OF BERLIN

Release of Carl Liebknecht
From Prison is Celebrated
By Socialists Who Are Told
"Time Has Come."

TURKEY READY TO QUIT

Grand Vizier Quoted as Saying
He Approves of the Wilson
Terms of an Armistice and
Peace.

(BY ASSOCIATED PRESS)

Paris, Oct. 25.—An enormous crowd assembled before the Reichstag building in Berlin yesterday and called for the abdication of Emperor William and the formation of a republic according to a dispatch from Zurich to L'Information. Dr. Carl Liebknecht, the Socialist leader who has just been released from prison, was applauded frantically. He was compelled to enter a carriage filled with flowers and make a speech in which he declared that "the time of the people has arrived."

Turkey Approves Wilson's Plans.

Basel, Switzerland, Oct. 25.—Turkey will accept a peace based on the principles of right and justice laid down by President Wilson, which the new Turkish government approves, the Grand Vizier is quoted in a Constantinople dispatch as having stated. The Grand Vizier's speech was made on the presentation of the new ministry to the chamber. He said the government would grant to all elements, not only political rights regardless of their religious affiliations but also the right to participate in the administration of the government of the country.

Croatian Soldiers Revolt.

Basel, Switzerland, Oct. 25.—It was announced in the lower chamber of the Hungarian parliament yesterday that the Croatian soldiers of the 76th regiment at Fiume had revolted. A section of the city and a part of the railways there were destroyed. Count Attonyi Count Andrássy and the opposition deputies thereupon demanded the resignation of the ministry, according to Budapest advices. Dr. Weckerle, the premier, declared that in view of the increasing difficulty of the situation, he would present to the king, plans for a coalition ministry.

Sustains Crushed Finger in Machine

Arthur Bertrand, an employe of the Michigan Tanning and Extract plant suffered a badly crushed finger while at work Tuesday. A roller skidded while passing over the leather catching the finger and crushing it to the second joint.

Wilson Appeals For Democrats Running For Congress Now

(BY ASSOCIATED PRESS)

Washington, D. C. Oct. 25.—President Wilson today issued an appeal to the people to return a Democratic congress in the November election if they approved his course in this critical period. The return to a Republican majority to either house of congress, he said, would be certainly interpreted on the other side of the water as a "repudiation of my leadership." The president said he would accept the country's verdict without cavil but if it proved the adverse, the power to administer the great trust reposed in him would be seriously impaired.

EMPLOYEES OF RAILWAYS ARE GIVEN ADVICE

Chief Surgeon of Northwest
Issues Set of Instructions
Regarding Prevention of
Influenza.

FOR BENEFIT OF MEN

Urges Them to Take Every
Precaution To Safeguard
Their Own Health and That
Of Others As Well.

That the railroads are taking a deep interest in the protection of their employes against Spanish influenza, is evidenced by the following instructions sent out by C. W. Hopkins, who is the chief surgeon of the Northwest.

"On account of the present epidemic of influenza, all employes are advised to take the necessary precautions and home treatment.

"Purchases a six ounce bottle of Glycothymoline, diluting a small quantity with an equal amount of hot water washing the throat and mouth and gargling the throat every morning and evening.

Purchase epsom salts or some other good saline laxative, taking a dose every morning or two to prevent constipation, which is always the cause of auto-intoxication, and which lowers one's resistance, promoting the contraction of infectious diseases.

"Care should be taken against over eating, particularly of ice cream, and the excessive use of eggs, cream, milk, and other protein articles of diet, which are constipating.

"Care should be taken to keep away from others who are coughing and sneezing, especially if they fail to cover their nose at the time, and you, yourself, should be careful to cover your mouth and nose if you are afflicted in the same manner.

"Under no circumstances should expectoration be allowed upon the floor, in waste basket, or in wash bowls. If necessary to expectorate, it should be done in tissue paper or in an old cloth and burned.

"Be careful to dress sufficiently warm. Take plenty of fresh air and sleep in well ventilated rooms.

"Theaters, picture shows, and crowded rooms should be avoided.

"Under no conditions should the feet be allowed to remain cold or wet on rainy days. Dry shoes and stockings should be brought to the office to change after arriving on such days.

"One afflicted with sudden chills, headache, pains in the body and limbs, developing temperature, with coughing and sneezing, should leave the office and go to their homes and call their family physician at once, as this epidemic can only be scanned out by timely precaution and proper care by competent physicians.

"It is suggested that you keep in touch with the health bulletins regarding this matter in the daily papers."

C. W. HOPKINS,
"Chief Surgeon."

NEW FLU CASES DECREASING IN NUMBER TODAY

But Eleven New Cases Reported
to the Board of Health up
To Noon Today and None
Taken to Hospitals.

SITUATION SATISFIES Number of Recoveries Balanc- ed Against Number of New Cases Shows Authorities Seem to Be Gaining Upper Hand.

Eleven new cases of Spanish influenza were reported by Health Officer Carlson today noon. For the last few days there has been a decrease in the number of cases developing and the fact that no new cases have been taken to the local hospitals in the last 24 hours is considered highly encouraging. This is taken to indicate that the general trend of conditions are upward, as many new cases are brought to this city from surrounding towns and the fact that none have come for the last day may mean that conditions are also improving in the surrounding territory.

Three of the cases reported today were in one family where the disease had already developed, so that but eight new families were effected by today's developments.

Many Recoveries Reported.
Another gratifying feature of the situation is found in the percentage of recoveries as against the number of new cases being reported. Local physicians can now point out recoveries in excess of new cases and this of course means that with any kind of luck, at all, the disease will be whipped here before long.

The strict observance of the rules of the board of health is regarded as one of the reasons for Escanaba's splendid condition under the circumstances and if people will be patient and continue to use good judgment for a short time longer, it is probable that normal conditions will be restored before it was thought possible.

About Rosenow Vaccine.
The Rosenow vaccine has not arrived yet and a telegram received this morning indicates that it may be some time in coming.

The vaccine was ordered last Sunday. The following message was received today in reply.

"Vaccine being prepared. Quantity will be sent tomorrow."

None came Monday, none came Tuesday and on Wednesday, Dr. Carlson again wired, urging shipment at once. This morning another message was received from Dr. Rosenow, himself, which is self explanatory. It says, "Supply of prophylactic vaccine entirely inadequate to meet demand. Preparing large quantities and will forward just as soon as possible."

This means that Escanaba will have to await her turn and it is evident that the splendid results from the use of this vaccine has created such a demand for it that the Rochester people are simply swamped with orders.

Escanaba Boy Ill At Fort McPherson

A message, recounting the details of the illness of Edward Follo at Fort McPherson, has been received here, stating that the young man is now on the road to recovery. He, with others was on the way from the Michigan College of Mines to Fort McPherson, when Follo and another young man were stricken with influenza. The boys were taken off the train on stretchers and the other one died. Because Follo had not been heard from for some time it was thought that he had gone on his way overseas.

W. J. Sutton Suffers Pneumonia Relapse And Is In Danger

W. J. Sutton, of St. Claire street, is again seriously ill of pneumonia, following a relapse. Mr. Sutton had been in a precarious condition in a local hospital but made a fine recovery and was dismissed from the hospital Tuesday. Feeling that he was about to go about his usual duties at his restaurant, he plunged into work and the result was that he was again stricken Wednesday about noon and is now said to be in a most serious condition.

Public Responds To Belgium Relief In Splendid Style

(BY ASSOCIATED PRESS)
We wish to take this opportunity of thanking the public of Delta County for their generous response to our appeal for wearing apparel for the relief of refugee families in Belgium and France.

Our allotment for Delta County was three thousand pounds; we are pleased to advise we shipped to New York city a trifle over ten thousand pounds of wearing apparel or over three times our quota.

It shows that Delta county in all war activities is one hundred per cent.

DR. CALLEY FOUND DEAD IN CHAIR AT MAPLE RIDGE

Highly Esteemed Physician
Passes Away During Night
While Sitting Before His
Kitchen Fire.

HEAVY COMMUNITY LOSS Had Practiced His Profession For Many Years and Was Closely Identified With Inter- ests of His Patients.

The little community of Maple Ridge was profoundly shocked early this morning by the announcement of the death of Dr. Charles Calley, of that place.

Dr. Calley had not complained of feeling ill and had spent long hours in fighting the epidemic of influenza in that community. He had been answering calls day and night and had put so much of himself into his work that his friends protested only a few days ago that he was doing himself an injustice by neglecting his own health. He smiled and replied that it was a matter of duty and the community needed his services now perhaps worse than ever before. Thus, Dr. Calley went to his death while fulfilling what he considered his duty to his people.

He was about 55 years of age and had been a practitioner in Maple Ridge for many years, where he had, in the way of physicians in the smaller communities, brought himself into close and intimate touch with the personal affairs of his clientele and gained its greatest appreciation for his services.

Dr. Calley was apparently feeling in his usual health last night when he retired. Some time during the night he arose and stirred up the fire in the kitchen. Mrs. Calley arose shortly afterward to see what was wrong but was informed that he had merely got up to keep the fire from going out. She returned to bed and to sleep and when she arose at 7:00 o'clock, found the doctor sitting in a chair—dead.

He will be greatly missed in the community whose pains he had eased and whose ill he had cured through the long period of years he had practiced there and his death is regarded in the light of a severe loss to the little community.

He is survived by his wife and two adopted children, to whom the sincerest sympathy of the Maple Ridge community and many friends throughout the county is extended.

Funeral arrangements had not been completed this afternoon.

GERMAN MILITARY RULER IN BELGIUM IS "CONSIDERATE"

Washington, D. C. Oct. 25.—The release of all Belgian political prisoners held in Belgian or German prisons, except where a military menace would result, has been promised by Genl. Von Falkenhausen, German military governor of occupied Belgian territory. This became known here today in connection with the news that Burgomaster Max, of Brussels, had been set at liberty.

FIGHTING NEAR VALENCIENNES FURIOUS NOW

Despite Resistance of the Most
Desperate Kind the British
Continue to Press Eastward
Slowly But Surely.

YANKS IMPROVE LINES

Make Important Advances
Northwest of Verdun and
Extend Offensive in the
Face of Hottest Kind of
Fighting.

(BY ASSOCIATED PRESS)

With the Allies in France and Belgium, Oct. 25.—Fighting which compares in fierceness with any in the war, continued throughout the night on the field of the great battle north and south of Valenciennes. Related reports indicate that the British have gained considerable ground and are pressing eastward slowly but surely.

Since Wednesday morning the British third army has taken more than 6,000 prisoners and the second and fourth armies have captured many more. Over 100 cannon have been taken.

Americans Improve Line.

With the Americans Northwest of Verdun, Oct. 25.—American troops improved their positions on three important points along the front east and west of the Meuse during the night. East of the Meuse, the Americans drove the enemy from the eastern edge of the Bois d'Ormont, gaining their objective. In the region of Grandpre, west of the Meuse, the Americans straightened out their line and captured several important villages. Between Rappeswood and Bantheville wood, the American line was extended despite stubborn resistance. The Germans are using their heavy guns and machine guns extensively.

French Take Two Villages.

Paris, Oct. 25.—On the Aisne front east of Rethel the French have captured the villages of Ambly and Fleury, taking over 100 prisoners, according to the war office report today. In the region of Longchamps, where the French are, east of the Sambre canal, two German attacks were repulsed. On the front of the Serre and to the east, the French this morning resumed their pressure against the enemy.

Italians Open Offensive.

London, 1:15 p.m., Oct. 25.—The Italians have begun an offensive between the Piave and the Brenta rivers in the Mont Grappa sector. Thursday they advanced across the Ornic river and captured Mont Solaro, part of Mont Prasselan and Mont Pertica.

The British have captured Maying, southwest of Valenciennes, according to the official announcement of Field Marshal Haig, today. The British also captured Vendegies-sur-Ecaillon on the front below Valenciennes. A German counter attack was repulsed and fighting was resumed early this morning.

French forces advancing northeastward between the Oise and the Peron, a tributary of the Serre, have penetrated Villers-le-Sec and have surrounded Le Ferre, northeast of Villers. The French have also advanced further east along the Serre and Souche rivers.

The Serbians have defeated the artillery of the enemy in the valley of the great Morava river, according to an official statement issued by the Serbian war office. The enemy is reported to have retreated in disorder.

Mrs. Desherman's Son Is Still Very Ill

Mrs. Mary Desherman, 1214 Escanaba avenue, has received further information regarding her son who is ill of pneumonia at Camp McClellan, Alabama. The message states that the child's has not yet been reached.

Resignation of The Austrian Cabinet Accepted by Ruler

(BY ASSOCIATED PRESS)
Basel, Switzerland, Oct. 25.—Emperor Charles has accepted the resignation of Baron Burian Austrian-Hungarian foreign minister and also of the Hungarian cabinet, headed by Dr. Weckerle. Count Julius Andrássy, Hungarian statesman is to succeed Baron Burian as foreign minister.

ITALIANS BEGIN A NEW OFFENSIVE AS ALLIES SWEEP AHEAD IN WEST

Col. House Clothed With Authority To Represent Wilson

(BY ASSOCIATED PRESS)

Washington, D. C. Oct. 25.—Col. E. M. House, personal representative of President Wilson and spokesman of the state department, and Admiral W. S. Benson, chief of naval operations have arrived in France to represent the United States in consideration of the German plea for an armistice and peace negotiations.

It is understood that Col. House is prepared to speak for the president in any negotiations that may be conducted concerning the questions to be determined, before the military men are given the terms on which an armistice is possible or the formulation of concrete terms on which peace may be made when the Germans are ready to surrender.

ESCANABA GIRL YIELDS LIFE TO COUNTRY'S CAUSE

Miss Anna E. Larson, Nurse in
Military Hospital at Camp
Sherman, Chillicothe, Ohio,
Dies of Influenza.

NEWS RECEIVED TODAY

Graduated From the Chicago
Nursing School and Enlisted
Less Than One Month Ago—
Details are Lacking.

H. C. Larson, 308 North Norris street, received a telegram from his son Harry this morning, announcing the death last night of his daughter, Miss Anna E. Larson, at Camp Sherman, Chillicothe, Ohio, where she was in the service of the nation as a nurse.

Influenza is believed to have been the cause of death, although the exact details are not known yet. A message was received last Friday announcing the serious illness of Miss Larson and her brother Harry immediately left Escanaba for the Ohio camp and has been there with his sister since then.

An Escanaba Girl.
Miss Larson was born and reared in Escanaba and her charming personality and cheerful disposition made her a warm favorite in a large circle of friends. She graduated from a Chicago school of nursing some time ago and was regarded as an unusually skilled practitioner of a profession which hundreds of splendid women of the land have taken up since the start of the war. On Oct. 1st, she entered the government service and was sent to Camp Sherman to take her training in military hospital work. It is assumed that she contracted influenza while nursing the many cases of it there.

Miss Larson is survived by her father, two sisters, Miss Laura Larson, of Minneapolis, and Mrs. George Jacobson, of this city, and three brothers, John and Harry of this city and Hans L. Larson, of Clinton, Iowa.

Pending further particulars from Chillicothe, no funeral arrangements have been announced.

SOFT COAL MINERS REFUSED RAISE IN WAGES BY GARFIELD

(BY ASSOCIATED PRESS)

Washington, D. C. Oct. 25.—Fuel Administrator Garfield today refused bituminous coal miners an increase of wages in connection with the plan to stabilize the wages of anthracite workers. Dr. Garfield said the bituminous miners were not justified in seeking an increase and conditions did not require it.

Security of Valenciennes Is
Further Menaced by Smash-
ing Drives of British During
Last 24 Hours.

YANKS USE NAVAL GUNS

Americans in France Equipped
With Most Powerful, Hardest
Hitting Weapons
Brought Into Use in Land
Fighting.

(Associated Press War Summary)

Since Wednesday morning the British armies fighting toward north of Valenciennes to east of Le Cateau have taken 8,400 prisoners and 100 guns.

As the allied forces in Belgium and France continue successfully to storm the stubbornly defended German lines, Italian troops on the Italian front have begun an offensive against the Austrians.

British troops today smashed east on the sector between Valenciennes and LeQuesnoy, which is vital to the security of Valenciennes. Further south the French, who have been gradually forcing the enemy from the pocket between the Oise and the Serre, have resumed their pressure and are reported to have entered Villers-See and surrounded Le Ferre.

Allies Aid Italians.
London, Oct. 25.—British and the French are aiding the Italians in their new offensive, according to reports received in London today. Attacks of the allies met with success notwithstanding unfavorable weather. In northern Albania, according to the news received today, the Austrians have fallen back beyond Matia.

Italians Take 3,000 Prisoners.
Rome, Oct. 25.—In bitter fighting yesterday in the region of Mont Grappa, the Italians established themselves on the eastern bank of the Ornic river, capturing 3,000 prisoners.

Yanks Use Naval Guns.
Washington, D. C. Oct. 25.—Announcement from France that American 16-inch guns have been taken into action by Americans at the front, closed that through the efforts of the ordnance officials of the navy, Gen. Pershing's forces are now equipped with the most powerful and hardest hitting weapons yet used in the war.

GABRIEL TOLAN IS ON WAYS OVERSEAS

Chief of Police Tolan yesterday received word from his son, Gabriel, who has been stationed in California, that he is leaving for an eastern port, and will soon go "overseas."

The young man left with the first group of volunteers from this city, when war was first declared, and since that time he has been in training. The company which the young man is in is perhaps one of the best drilled companies in the entire group.

LOCAL MAN INFORMED OF BROTHER'S DEATH IN CAMBRIDGE MASS.

L. J. Lofgren, a recent arrival in this city, engaged in the insurance business, received word this morning announcing the death of his brother, G. W. Lofgren in Cambridge, Mass.

Mr. Lofgren was organist in one of the larger churches of Cambridge. He is survived by his wife and three children.

30 MORE NURSES NEEDED HERE IMMEDIATELY

Call for Graduates, Trained and Practical Nurses is More Imperative Now Than Ever Before.

ENROLL AT RED CROSS

Every Woman in Escanaba With Slightest Knowledge of Nursing Can Make Herself Invaluable at This Time.

The local Red Cross chapter wants to enroll for service. It needs them badly. It wants practical nurses, trained nurses and graduate nurses to enroll and be ready for the service when called up. The epidemic of Spanish influenza all over the country has depleted the supply of nurses of all kinds to a dangerously low point.

The government some time ago called for the enrollment of 25,000 nurses. Michigan's quota at that time was fixed at 866. Michigan is still trying to fill that quota but with indifferent success for the reason that many women who are qualified have failed or neglected or refused to offer their services.

Service Paid For.
It is to be understood that while the service is voluntary on the part of the nurse, it is paid for by the government. All of these details have been worked out and all information in connection with the enrollment can be secured by calling up Mrs. L. A. Erickson or Mrs. C. E. Anderson.
Women in whose breasts the sparks of patriotism is burning with a steady and sincere flame will find their great opportunity at Red Cross headquarters. Just a little knowledge of nursing, in this case is a valuable thing. It can be utilized to a greater advantage now than at any time in the history of the country. There is more demand for skill and technical knowledge, falling these, the rudiments of a nursing education than ever. Has't Delta County a few more women of this type who

can do their bit and their duty by enrolling at the Red Cross headquarters? Necessity is imperative.

Some idea of the condition may be had from the following letter which was received by the local chapter today:

"The crying need of the hour is the enrollment of nurses to meet the demand of the general military service and to repel epidemics whenever they develop. This enrollment carries with the further need of recruiting a student nurse reserve to replace nurses entering active service.

"Our state is still engaged in making up its quota of 866 nurses. To fill the War Department's requirements of 25,000 from the country before January 1st, 1919. Another call has now come for 1000 additional nurses every week.

"It is imperative, therefore, that we all help in every way within our power to enroll nurses.

"Help them wherever you can!"
"Sidney C. Mills,"
"Director for Michigan."

VALUE OF PROPERTY FOR TAXATION HERE REDUCED BY BOARD

The total assessed valuation of all property in Delta County, as fixed by the Delta County board of supervisors

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that excellent state of spirit, that natural buoyancy, that should be enjoyed by everyone, by taking up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

for the purpose of taxation for the coming year, is \$20,358,281.

The equalized value of every township and city in the county, with two exceptions, was reduced by the board in the final report that was adopted before adjournment. \$20,635 was added to the assessed valuation of Garden township over the figures fixed a year ago and \$19,595 was added to Nahma township's roll.

The assessed valuation of all townships and cities in the county as fixed by the board follows. Baldwin, \$645,975, reduction of \$7,850 as compared with figures of 1917; Bark River \$501,715, reduction of \$9,235; Bay de Noc, \$319,367, reduction of \$343; Brampton \$742,220 reduction of \$123,035; Cornell \$291,745, reduction of \$6,245; Escanaba township, \$799,875, reduction of \$14,000; Fairbanks, \$287,585, reduction of \$2,450; Ford River, \$406,240, reduction of \$3,315; Maple Ridge, \$762,000, increase of \$20,635; Masonville, \$682,560, reduction of \$44,025. Nahma, \$1,164,515, increase of \$19,595; Wells, \$2,852,800, reduction of \$174,648; City of Escanaba \$7,970,295, reduction of \$141,625; Gladstone \$1,992,989, reduction of \$101,811.

Tax on Distilled Spirits is Reduced By Senate Body

(BY ASSOCIATED PRESS)

Washington, D. C. Oct 25—In lieu of the tax on estates proposed in the new war revenue bill, the senate finance committee in its revision today adopted a plan of taxing inheritances of \$10,000 and more, at rates to be fixed later. The committee also reduced to \$2.20 per gallon the tax on distilled spirits for industrial, medicinal and other non-beverage purposes.

Sergent Ted Baldwin At Chateau Thierry

Explores German Dugouts Forty Feet Under Ground—Full of Dead German Soldiers.

Bat. A. 10th U. S. F. A. FRANCE Sunday, Sept. 22.

We have been having a rest for a few days, but we are going up to the front again within the next 24 hours.

We were at the front only a few days the last time, and we expect to stay longer this time as we didn't have a very hard time the last time and the Boches didn't fire a shot at us—which didn't make us mad. The feeling that comes over a fellow when he hears a shell coming his way is one that soon wears him out.

Don't worry about the 10th U. S. F. A. Every officer and private of our regiment is proud of its reputation and each one does his part to guard and add to its reputation every time we "go up." Its going to take a good outfit to get "cited" as often as we have been.

No, I have not formed any acquaintance with the "cooties," and I don't want to.

I feel sorry for the fellows back in U. S. A. who could get into this war if they would. I should hate myself all my life if I hadn't gotten into it. It's a mighty good feeling that comes over me when I think that I started to enlist before war was declared. If I return home I shall not have to spend the rest of my life explaining how "I wanted to go to war, but was prevented by"—well all the excuses that are being given and shall be given for the next fifty years to come.

Yes, the war news is mighty good, and it shall be better before this letter reaches you. We have much to be thankful for, even tho it does rain every day and makes it hard to stand the strain; yet the wet weather favors us in that it is easier to get into position and thereby easier to make protection for ourselves.

You bet I was mixed up in the scrap that took place between a lot of us "Regulars" and a lot of the "Selectives." The Regulars have mighty little admiration for the fellows who have to be dragged into this war, and we don't hesitate to tell them so, either.

Yes, our regiment was all through that Chateau Thierry sector offensive. Mighty interesting little scrap it was, too. That's where the Boches got their snouts full, and learned that beyond any doubt the American boys can fight, and that they can learn as much about fighting in four months as the Boches can in four decades. Our regiment doesn't do its fighting from any artillery dugouts. All our work is in the open, and that is the game at which we put it all over the Boches. They have to have about forty feet of dirt over them or they can't fight.

Perhaps you may think I exagger-

True economy lies in getting the best—and taking care of it. That settles the hat question.

The GORDON

ate when I say "forty feet," but that is exactly what I mean. I have been in Boche underground towns in the territory we have captured, and some of these underground towns are even more than forty feet deep. I have been in them to the depth of forty feet, and was stepping over dead Boches all the way.

The other night when coming from the front the sky was all ablaze with searchlights, star shells, and lights dropped from airplanes. When we were coming back across what had been "No Man's Land" the day before, we heard and airplane above us, and immediately the searchlights played for it. When the lights found it it appeared like a great white bird in the sky. It shot signals, and the lights went out; it was an Allied plane. The idea of the lights is to blind the pilot and observer so that what is below cannot be seen by those in the airplane. This was a wonderful sight, but I must confess that the uncanniness of it all made me feel "creepy."

We are in great hopes of it all being over soon. It's glorious to be in the fracas, but, believe me, it will be a grand and glorious feeling to get back in good old U. S. A. again, and especially a certain part of it on the west shore of Little Bay de Noc of Lake Michigan. I am in excellent health; in fact, haven't had a sick day since I joined the army in April, 1917.

HERE'S QUICK RELIEF FOR YOUR TIRED, STRAINED MUSCLES

When your muscles become tired and swollen and the joints become stiff, your circulation poor, and your suffering makes you irritable, an application of Sloan's Liniment gives you quick relief—kills pain, starts up a good circulation, relieves congestion. It is easier and cleaner to use than mussy plasters or ointments, acts quickly and does not clog the pores. It does not stain the skin.

For sprains, strains, bruises, "black and blue" spots, Sloan's Liniment reduces the pain and eases the soreness. Certainly fine for rheumatism, stiff neck, sciatica, lame back, toothache. You don't need to rub—it penetrates. Its use is so universal that you'd consider Sloan's Liniment a friend of the whole family. Generous size bottle at druggists everywhere.

Don't wait come to day and get your share of the wonderful values we are offering.

WALL STREET GASPED

When Henry Ford Exhibited Practical Friend- ship For Labor

Men close to Henry Ford have never heard him express more than one dread, one fear—that of Wall street.

By Wall street, Mr. Ford means the men who wax fat picking to pieces the industries of the country.

He has seen many a manufacturer go to Wall street for help and finish minus his plant.

This dread has had much to do with his fighting bitterly in court rather than reduce his cash surplus below what he regards as the safety point for so large a business.

And no man in the world has given Wall street more shock than has Mr. Ford.

His principle, that the way to succeed, is to work always to make your goods better and sell them cheaper, is not understood and is hated by the men who believe in the principle of "getting all the traffic will bear." Yet he has made it succeed.

And Wall street gasped with indignation when Mr. Ford announced that every laborer, no matter what his task, should receive at least five dollars a day.

"How are fortunes built but by grinding the last minute's work out of labor for the least amount of pay," is the old theory.

But Mr. Ford showed them a new way, and labor all over the world is profiting because this one man had the heart and the courage to risk his fortune in an experiment of practical idealism.

Wall street said it couldn't work; Wall street hoped it wouldn't work, but Mr. Ford made it work. And now the same interests dread seeing Mr. Ford in the United States senate. These interests do not want Mr. Ford's practical idealism brought into the senate, for it would interfere with the old order of things. Mr. Ford has such a direct way of getting at the right of things and applying remedies that meet with the approval of the public that Wall street can be depended on to do its utmost to prevent his going to the senate.

After all, Mr. Ford's practical idealism is nothing more than a determination to do simple justice for the average man wherever employed, whether in mill or factory, on farm, in store or in office.

He is never afraid to declare for what he believes to be right, and his vision is clear.

REPUBLICANS IN CONGRESS SHOW THE WAY.

The Democrats are claiming in the congressional campaign now on that credit for the selective draft act should go to them. When its wisdom is at last apparent to everyone they would like to appropriate for themselves the political capital that rightly accrues from provident legislation. As a simple matter of record it appears that though the Democrats held a majority in Congress it has only been through Republican leadership and through Republican votes that the nation has been provided promptly with the superb army which is now the nation's pride and glory and which bids fair to be the savior of the world. From the beginning the Republicans have advocated and supported "Win the War Now" policies. When the Democrats pettifogged on the selective draft measure the Republicans struck straight from the shoulder; when the Democrats could not make up their minds, the Republicans were obliged to do it for them; when the Democrats were fishing around with countless excuses for delay, the Republicans possessed the vision of a plain military necessity; when the Democrats were playing their petty time serving game of political trade and maneuver, the Republicans rose, as statesmen, to the imperative need of the moment.

The record of the two parties on the selective draft laws offers a clear contrast in character. The Democrats did not know what to do and therefore tried to do nothing; they ended up by seeing things only after they had passed by. The Republicans saw clearly and quickly what was necessary to do, and then stood ready to act promptly even though it meant the sacrifice of party advantage.
Can there be any doubt as to which party should dominate the next congress? Can there be any doubt that the American voter, when he once understands the difference in qualifications between the two, can hesitate between them? The Republicans have proven themselves fitted to govern the nation in a military crisis, as they had previously proven themselves fitted to properly develop its prosperity. It is only the Republicans who may be trusted to adequately provide for the nation at all that it requires for an early, victorious peace, and for the "after the war" problems which already begin to press for consideration.
—Tuscola County Advertiser.

GEMS FROM HENRY FORD

I used to go to church once a year—on Easter Sunday. I don't do that now. The churches probably do good and are all right for those who want them. The best work the churches do is in the country. There they furnish a meeting place for the boys and girls to get together and mate up. That's what women ought to do—mate up, and have a home and raise a family.

But—do not mistake this—America will not be involved in this war. This nation is too much of a melting pot, a melting pot in which the elements are still unfused. It is only through misapprehension that men will fight each other—and there can be no misapprehension in men called upon to fight men they understand, men of their own nationality, almost their own blood. I tell you, war for America is impossible.

SOLDIER-FARMERS IN CAMP GRANT TO HELP HUSK CORN

Men are Given a Furlough to Two Months and Propose to Make It Save the Corn Crop in That Vicinity.

(BY ASSOCIATED PRESS)
Rockford, Ill., Oct. 25.—Two hundred and fifty soldier-farmers of Camp Grant are to aid Illinois farmers in husking corn. The plan was effected

When representatives of the state council of defense and agricultural committees from Chicago presented their plans for harvest aid to Major I. B. Eastman, casual officer at the camp.

A response by men of the rescue company followed and each man was given a furlough of two months. The soldiers will be assigned to farmers who need the help and their pay from the government will be discontinued during absence from camp. The farmers, however, will compensate the men. The soldiers accepted for this duty are generally experienced farmers, having left their farms for military duty.

ALL TIRED OUT

Hundreds More in Escanaba in the Same Plight.

Tired all the time; Weary and worn out night and day; Back aches; head aches, Your kidneys are probably weakened.

You should help them at their work. Let one who knows tell you how. Mrs. Fred Harvey, 319 N. Mary St., Escanaba, says: "Several years ago I was feeling awfully bad on account of my kidneys. They were weak and acted irregularly and I always felt tired out and listless. I had no ambition to go about my housework, and at times, nervous, dizzy spells came over me. Spots floated before my eyes and blurred my sight. Several boxes of Doan's Kidney Pills cured me of the trouble and put my kidneys in good shape."
Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Harvey had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

CAPITAL WELL WORTH VISIT

Merida, Chief City of Yucatan, is by No Means Lacking in Attractions for Tourist.

A capital which most tourists never visit and of whose very existence many people are ignorant is Merida, the chief city of Yucatan. Yucatan is one of the richest Mexican provinces and, to go further into the intricacies of geography, forms the right arm of the Gulf of Mexico. Merida, its show city, officially began to exist in 1542, when the Spaniards laid the corner stone with much ceremony and proclaimed grandly that the very loyal and noble city of Merida, chartered by his most Catholic majesty, Philip II, was now on the map.

Since then Merida has grown considerably, acquired a plaza, cathedral, university, hotels and a goodly number of millionaires, and considers itself a city of some importance.

One governor of Yucatan, with a well-developed sense of civic and national pride, tried to separate the wealthy citizens of the capital from some of their surplus change for improvement of the city. The millionaire element could not see how it would gain anything by installing the beautifully paved boulevards described so graphically by their promoter and refused to contribute. But the governor placed a tax on the hequeen, the chief source of Merida's wealth, and with the proceeds, which ran into millions of dollars, he laid pavements which made walking and driving in the city a joyous affair, instead of the unpleasant necessity which it had been.

Channel Tunnel is Missed.

How great have been the demands upon the British merchant marine for the reservation of ships for purely military purposes is shown by the statistics of the first two and a quarter years of war. During that time 8,000,000 men were transported across the seas and over a million sick and wounded. Of supplies and explosives 9,420,000 tons were carried, besides 1,000,000 horses and mules, and 47,500,000 gallons of petrol. If the channel tunnel had been built in the days before the war, a vast amount of merchant tonnage, now employed on transport service, would have been available for the world's commercial service.—Scientific American.

2 Cakes of Rose Bath FREE With One Cake of PALMOLIVE

All Three Full Sized Cakes Yours for the Price of One

This is a three for one acquaintance offer, made to introduce you to our new ROSE BATH—a pure white, daintily perfumed floating soap made especially for bath use.

Its quality makes it a luxury soap, its moderate price an economy. It is handy in shape and generous in size. It has a quick, ample, thoroughly cleansing lather.

We want to give you two full sized cakes of this new bath soap for a thorough trial. So we make this special offer:

Buy one cake of your favorite Palmolive any day next week at the regular price and present the coupon.

Your dealer will wrap up the two cakes of Rose Bath with this PALMOLIVE.

Three full sized cakes of luxury soap yours for the price of one.

The price of soap is steadily going up because of the enormous increase in the

cost of manufacture. Thus you simply can't afford to overlook this generous offer.

Just tear out the coupon, fill it out, sign it and take it to your regular dealer. Just say, "I want one cake of Palmolive at the regular price and the two cakes of Rose Bath as advertised."

And—do it without delay. Each dealer's supply is limited.

Coupon for Palmolive soap. Text: This coupon, if presented within thirty days, will be accepted as full payment for two cakes of Rose Bath Soap when the holder purchases a cake of Palmolive Soap at the regular price. Only one coupon may be presented by each family and the name and address of the party receiving soap must be signed in full to the following: I hereby certify that I have this day purchased one cake of Palmolive Soap from my dealer and received two cakes of Rose Bath Soap Free.

NOTICE TO DEALERS—This coupon will be redeemed at 12 cents in cash when returned direct to The Palmolive Co., Milwaukee, Wis., providing the coupon is signed in full with name and address of party receiving the soap. (We absolutely refuse to redeem coupons cut from newspapers purchased by dealers.)

WOMAN'S SUFFRAGE ENDORSED BY BISHOP GALLAGHER, DETROIT

The following communication has been handed to the Mirror and is worthy of the careful perusal of every thoughtful reader in the community. It requires no explanation other than that carried by its own forceful language:

"I have been requested by the Michigan Equal Suffrage Association for an opinion in support of the Woman's Suffrage amendment to be voted upon on November the 5th. I can do no greater service than to publish the enclosed letter of Michigan's greatest Catholic leader; at the same time I desire to make his earnest words my own.

"FRANCIS X. BARTH

"Bishop's House, 265 Sheldon Ave., S. E. Grand Rapids, Mich.

"In the persistent advance of the human race in the struggle with autocracy towards the possession and enjoyment of fuller human rights and a greater measure of freedom, the enfranchisement of woman is a necessary and inevitable step. Unless it is granted, we will never in our journey reach the zenith of human liberty and be sure of the plenitude of human happiness.

"In the ideal state not only is man's deep grasp of affairs, his force, his energy, his determination necessary, but the refinement of woman, her sympathy, her tenderness, her purer moral intuitions, her higher spiritual conception are equally indispensable.

"In contributing her share towards the happiness of life and bringing her attributes, given her by God to temper man, into full sway, why should she be hampered by lack of power and restricted to mere entreaty, while man enforces his ideals with his vote? If the contributions of both are essential to produce the best results in human life and the most desirable conditions for happiness, both should have equal opportunities and equal rights to make her characteristics prevail at the polls.

"Perhaps if the women of Germany had been entitled to vote and could have thus by their ballot made their influence effective in shaping the policy of the state, militarism would have never grown so great, and the world would have been spared the sufferings and agony of the present inferno of slaughter.

"I believe that the men of Michigan in the coming election will blot from our constitution that insult to the position, intelligence and dignity of woman—the denial of the ballot—and write instead—equal suffrage to men and women alike.

"Signed, MICHAEL JAMES GALLAGHER, Bishop of Detroit."

PERSONAL PARAGRAPHS

Warren Horton has returned to the Great Lakes after a furlough in this city with his relatives and friends.

A. W. Wilson was over from Stoughton yesterday.

Miss Aurelia Potts of Marquette arrived in the city Wednesday to visit with friends.

Victor E. Bechtel of the Soo is in the city on business.

Miss Lillian Burdo of Marquette is in the city the guest of friends.

Mr. and Mrs. W. D. Hughes are over from Fayette to spend a few days.

Derrick Hubert, of Menominee was here yesterday to inspect the work being done on the Frechette building.

G. R. Scott of Duluth was in the city today on business.

J. P. Black of Chicago is in Escanaba today.

W. J. Reece of Menominee was in the city yesterday.

Max White of Cleveland was an Escanaba visitor yesterday.

W. C. LaBelle was up to Lathrop today on business.

THOMAS CLARK SENDS MOTHER TWO SOUVENIRS

Escanaba Lad Tells of Great Feast the Men Enjoyed in Celebration of Their First Year in the Army.

Thomas Clark, an Escanaba boy in France, has sent his mother, Mrs. Bertha Clark, of South Oak Street, two beautiful silk handkerchiefs as souvenirs. The young man writes that his comrades and himself celebrated their first year in the army with a great feast which was composed of roast duck, wine and many other things to numerous to mention. The band furnished music during the feed.

Thomas is chief cook in Co. F, 337th Infantry and says he is stationed on a big farm that is surrounded by fine orchards. He says the Americans are doing fine work at the front and he expects to be back before long. The difficulty of making French clerks understand what is wanted by American soldiers on their shopping expeditions is mentioned in his letter, but he says he is picking up the language rapidly and expects to speak it fluently by the time he returns.

Mr. Clark says he likes the army life fine but will sure be glad to put his feet on the good old U. S. A. soil once more.

MRS. JOSEPH DEVLIN IS CALLED BY DEATH AFTER LONG ILLNESS

Rev. W. J. Dalton, rector of St. Stephen's Episcopal church conducted private funeral services at 2:30 this afternoon for Mrs. Joseph Devlin at the home of her niece, Mrs. George H. Fish, 319 Tilden avenue. Mrs. Devlin had been a sufferer for some time from a long period and her death occurred yesterday morning.

She had been a resident of this city about nine years, coming here from Fond du Lac to make her home with her daughter, at that time. Mr. Devlin passed away about 25 years ago. Mrs. Devlin is survived by five sisters, Mrs. E. Mogan of this city and Mrs. C. Mills of Chicago.

BICYCLE IS STOLEN FROM ROBT. M'MARTIN

A bicycle owned by Robert McMartin was taken from the curb in front of the Fair Savings Bank yesterday afternoon. The wheel had been left standing for only a short time and the owner at first believed that some one had merely taken it for a ride and would return it. However, the continued absence of the bike led to the matter being reported to the police.

Carl Liebknecht To Be Liberated Within Short Time

(BY ASSOCIATED PRESS) London, Oct. 25.—Dr. Carl Liebknecht, former member of the German Reichstag, who is a prisoner following his conviction on charge of attempted treason, is to be released soon, according to Zurich dispatches received here.

WILL EXPOSE DUPLICITY OF HUN SHORTLY

League to Enforce Peace Opens Great Session in Madison, Wis., Next Month With Every State Represented.

(BY ASSOCIATED PRESS)

Madison, Wis., Oct. 19.—The trickery and duplicity of the German government will be aired at the Win-The-War convention of the League to Enforce Peace, which will open here November 8 with 1,500 delegates present from all parts of the country.

The call for three day meeting under the auspices of the University of Wisconsin says the chief object is to "confirm opposition to a premature peace, to sustain the determination of our people to fight until Prussian militarism has been defeated," and to focus attention on a permanent peace guaranteed by a league of nations. This the league declares, is the only advantage the American people seek to gain from the war.

Speakers prominent in business and governmental circles will discuss from all angles the peace drives launched by the central powers in an effort to ensnare America and the allies into a premature and temporary peace.

William H. Taft, former president, is head of the league and will preside at the sessions and deliver two addresses to the delegates on "Americans in the war" and the other to 4,600 Student Army Training Corps soldiers at the university.

The Wisconsin legislature on Sept. 25 unanimously endorsed the convention and pledged all support necessary to insure its success.

THE GREAT LAKES NAVAL STATION IS "PIGEON CENTER"

Now Has More Than 250 of Finest Belgian and English Homer Pigeons in Existence In Aviation Service.

Great Lakes, Oct. 25.—The Great Lakes Naval Training station has been officially recognized as a "pigeon center" and now has more than 250 of the finest Belgian and English homer pigeons in existence as auxiliaries of the Naval Aviation department, according to the Great Lakes Bulletin, official paper of the station.

Pigeon lofts have been established in almost all cantonments and birds are being trained under skilled bird men. The loft here is under the supervision of George McGowan, machinist mate, second class, who has successfully executed several trial flights with the birds.

CHEEVER BUCKBEE BUYS 1,000 EWES FOR DISTRIBUTION

Will Winter Over a Part of Them and Others Are Sold To Delta County Farmers Who See Possibilities of Sheep Industry.

Some idea of the increase in the sheep industry in this county may be gained from the fact that a great amount of farmers are now buying thoroughbred ewes for breeding purposes.

Cheever Buckbee has selected 1,000 ewes from the flock of J. W. Collins and W. S. French and will sell part of them to the farmers of this and other surrounding counties.

Mr. Buckbee expects to winter over about 500 of these animals and from the remainder Delta county farmers will have an opportunity to start flocks. Fred Goodman has already purchased 200 of these fine ewes and added them to his Masonville flock, making 350 in band now.

These are typical western sheep brought in here last summer, and it is believed they will prove equal to the rigors of the climate in this country and produce early lambs with plenty of stamina.

County Clerk Sends Election Supplies

Ballots, blanks and other election supplies have been sent out to the judges and clerks in the various precincts, by County Clerk Pepin for the election of Nov. 5.

THAT ANNOYING, PERSISTENT COUGH

IMPORTANT

In Order to Combat the Epidemic of SPANISH INFLUENZA Which is Now Most Prevalent in Our State, and in Compliance With the State Board of Health, the Local Board of Health Requests That the Following Precautions be Observed,

1. It is especially important to beware of the person who coughs or sneezes without covering his mouth and nose. It also follows that one should keep out of crowds and stuffy places as much as possible, keep homes, offices and workshops well aired, spend some time out of doors each day, walk to work if at all practicable—in short, make every possible effort to breathe as much pure air as possible.

"Cover up each cough and sneeze, If you don't you'll spread disease."

2. Where crowding is unavoidable, as in street cars, care should be taken to keep the face so turned as not to inhale directly the air breathed out by another person.

3. In guarding against disease of all kinds, it is important that the body be kept strong and able to fight off disease germs. This can be done by having a proper proportion of work, play and rest, by keeping the body well clothed, and by eating sufficient, wholesome and properly selected food.

4. It is very important that every person who becomes sick with INFLUENZA should go home at once and go to bed. This will help keep away dangerous complications and will, at the same time, keep the patient from scattering the disease far and wide. It is highly desirable that no one be allowed to sleep in the same room with the patient. In fact, no one but the nurse should be allowed in the room.

5. Call a physician and take only such medicine as is prescribed by the doctor. It is foolish to ask the druggist to prescribe and may be dangerous to take the so-called "safe, sure and harmless" remedies advertised by patent-medicine manufacturers.

6. The ordinance relative to spitting on the sidewalks and in public places, will be rigidly enforced.

F. H. ATKINS,
JOHN J. TOLAN,
J. CARLSON,

Board of Health.

"SAILING DAY" FREIGHT SCHEME IS A SUCCESS

A Saving of One-Third in Car Utility Has Been Effectuated Under the New Plan.

Topeka, Kan., Oct. 25.—The "sailing day" freight service plan of the Federal Railroad Administration has met with success, officials here say, and in the five Kansas railway division points where it is now in operation a

saving of one third in freight car utility has been effected. Service has not been hampered by the change.

The "sailing day" plan applies only to less than car shipments. Instead of daily freight service to all points, shipments are made to given points only on certain days. A minimum service of two days a week is offered. Daily service is maintained where the volume of shipping warrants.

Competition between railroads having been eliminated, the freight is routed by the line offering the most economical route. The cars are loaded for through routing, eliminating a great deal of transferring.

"Sailing day" originated in the eastern states. It was so named because of the similarity between the plan and that used by steamship lines in starting vessels for given points on certain days of the week.

A JAMAICA GINGER JAG TELLS STORY OF HIS DOWNFALL

Harry Ball Never Dreamed Ginger Toted Such a Knockout Wallop but is Firmly Convinced Now.

Harry Ball, a camp cook, just naturally can't understand the thing. Now yesterday he came to Escanaba and he didn't feel a bit well, so he went to a drug store and got a little Jamaica ginger. There was about two ounces of it and Harry took it in what he considered to be judicious doses.

But that ginger carried a kick that Harry wotted not of. Last night about 10:00 o'clock he was picked up in a deliriously joyful state and while adjusting a matter of a ten dollar fine and costs with Judge Glaser this morning, explained that he couldn't understand the thing at all. He said he came here sober and hadn't taken the slightest bit of stimulant aside from the ginger.

In the absence of any better story, the police accepted this tale of Harry's and advised that he get back to camp quick and stick to the liquor he knows something about.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids—Splendid for system.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it. Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

Helping To Win The War

THERE are many things that can be done to help win the war besides fighting. Things that contribute to the comfort or pleasure of the fighting men help win. And in many ways, in the daily activities of life, we can do things that help.

Buying clothes is an indirect way of helping. If you buy tight, you save your own money; but you also save materials and labor that may be used for other things more directly related to the war.

Good clothes—all wool fabrics, fine tailoring, good fit and style—these pay you a good dividend; save money for you. Such clothes last a long time; you don't have to buy so often. In other words,

Suits and Overcoats Sold Here

Now are good investment for any one—same good materials as always. Best of all sold at a saving of \$5.00 to \$15.00 on a garment.

To Keep Well!

Keep Your Feet Warm and Keep Your Feet Dry. Good Warm Clothes, Shoes and Rubbers.

Sale of Silk Failli Poptlins

Beautiful material 36 inches wide, 44 1/2 inch and fashionable for dresses, skirts and waists, all shades of the season. A fabric for good hard wear.

A Matchless Value, per yd. \$1.58

Distinctive Coats at Special Prices

The Buying Advantages Here at This Store are Best.

The problem of manufacturing these beautiful, well-tailored good quality garments to meet the demands of their normal wear, and the problem of getting them to you, is becoming more complex. Many of the lovely cloth coats shown in our stock now are made of materials and obtained at very high prices, those that can be expected, can only be had at greatly increased cost. Women who still realize the situation, and realize the value of their money, will find our line of Push Coats is certainly great.

- SELECT BOILING PORK 1 pound very fine Pork, just right for beans 28c
- JERSEY CORN FLAKE 3 packages fine fresh, crisp stock, Big Bargain 27c

BOOZE FILLED TRUNK CAPTURED BY THE POLICE

Falls From Truck at Station and Fills Air With Atmosphere of "The Good Old Days" in This Community.

Somewhere in Escanaba today a heart is grieving and it is also probable that there are several sets of hot pipes steaming in various localities. It all happened this way: Last night a small and cheap looking trunk was unloaded from the Northwestern train arriving here from Marinette at 8:25. The trunk was put on the baggage truck but in some manner fell off and immediately the odor of factory organs of those in the immediate vicinity were filled with the familiar odor from a trickling stream of dark brown liquid that gushed from the broken trunk.

Yes, it was booze. The trunk was taken to police headquarters and opened. It was found to contain 21 quart bottles of Clover Brand 11 of which had been broken and their contents dripped away without a glass or a chance of relieving a case of snake bite. The other ten bottles are held at the police station for further investigation.

Whis Man Dies At Local Hospital Of Prevalent Disease

Dr. Norman, an Australian emigrant, who died at a local hospital early this morning from double pneumonia. He was taken ill about ten days ago with Spanish influenza and was taken to the hospital several days ago. He is survived by his wife and one child. His funeral will be held at 10 o'clock tomorrow at the funeral home.

Former Escanaban Wins a Commission

Dr. James M. Power, of Hancock, son of Attorney John Power of this city, has won a commission as second lieutenant in the medical corps of the army. Dr. Power has been practicing in Hancock for some time.

RECOGNIZE VALUE OF WHEAT

Shortage Has Shown Us the Wonderful and Unique Qualities Contained in the Grain.

An absence makes the heart grow fonder, so does scarcity of wheat invite attention to its wonderful and unique qualities as food. We have been eating wheat products all these years as a matter of course, and it never occurred to us that we might "be called on to go without it." Now that it is necessary to use wheat substitutes, we have discovered that "wheat" as they are there is nothing that really takes the place of wheat flour.

The tongue of the wheat lies in its gluten—the baker refers to as the "gluten." He must have a certain proportion of wheat flour to furnish the binder, or his oatmeal bread or his rice pastry crumbler. The substitutes have the same nourishment as the wheat. But they lack the quality of the wheat flour crust. There is nothing in them to imprison the gases liberated by yeast, and so they refuse to rise like wheat dough. Bread made of the substitute is heavy and soggy unless there is enough wheat dough mixed in to give it life.

Without wheat we go without bread, without cake, without pie, without strawberry shortcake. No affection for corn pone can make it a substitute for all these stand-bys of the table. If it is necessary for the sake of the war, we shall cheerfully go without. Any deprivation we may feel is as nothing to what our associates in arms already have undergone. But we shall look forward to the happy days when there will be an abundance of wheat once more.—Kansas City Star.

Another "Scrap of Paper"

Twenty-seven years ago settlers at Olympia, Wash., made a treaty with the Indians allowing them to fish anywhere and at any time, says Commerce and Finance. Now the state game laws prohibit them from the sport during the closed season. Ralukin, big chief of the Yakimas, with a number of other Indians, after protesting in vain to the local game wardens, went to the city to protest against the violation of their rights. Imagine a chieftain, 50 years old, straight as an arrow, yet half blind and enfeebled, entering a court room in a modern city. This man had seen the victory of civilization in his struggle against the wilderness. He had seen his race pass control of the land to the white race. Still believing in the honor of the white man, he came to protest against the infringement of a treaty made a quarter of a century before. Ralukin was informed by an interpreter that the district attorney would not change the state game laws. "Why was his only comment,"

FIVE ANARCHISTS "GET THEIRS" IN A FEDERAL COURT

New York, N. Y., Oct. 25.—Five avowed anarchists, convicted of circulating anti-government literature, including pamphlets urging munitions workers to strike, were sentenced to confinement in prison in the federal court today. Three of them were sentenced to 20 years each, a fourth, who turned state's evidence to 2 years and the fifth, a woman, to 10 years.

TAX RATE HIGHER BY \$2.87 ON THE \$1,000 IN THE CITY

Rate for the Coming Year Is To Be \$22.05 Per \$1,000 as Against a Rate of \$19.18 for Last Year.

Taxes in common with other municipalities have gone up. It is not stated whether or not this is a result of war and a recent matter. The vital fact remains that it is going to cost taxpayers \$2.87 more on every thousand dollars worth of taxable property than it did last year. For example, state and school taxes in the city of Escanaba, and the village of Escanaba, are per \$1,000 valuation: The following schedule shows the manner in which the rate is made up: County tax, \$1.00; State tax, \$1.00; Agricultural society, \$1.00.

This tax will be paid on a total assessed valuation of \$1,000,000 in the city of Escanaba, which will produce \$22,050,000. The rate is the same for the village of Escanaba. The following schedule shows the manner in which the rate is made up: County tax, \$1.00; State tax, \$1.00; Agricultural society, \$1.00.

WAR BEGAN IN APRIL 1913

First War Credit Was in That Year Voted in Germany and Supported by Socialists.

When did the war begin? April 1913, not August 1914, as the press always has it, writes Charles Howard Russell in *Larger's*. The real declaration of war was made by the German Reichstag when it struck off voting European funds and thereby passing an extraordinary war credit of \$200,000,000, and to last act of self-defense in a time of profound peace the socialists in the Reichstag gave practically their support.

All men in the world accustomed to make upon the day's news an intelligent diagnosis must have gasped and stared at this portent. Unless Germany deliberately planned war to bring down upon mankind the war armament had already interested these many years, there was no good reason for this portentous step, certainly none appeared in the state of Europe. Let the socialists seem to be for it, that was the incomprehensible fact.

August Bismarck, then still active, was the ablest and most famous of their leaders, and criticism from many minds seemed to good him into a utterance. It was of a nature to cut the air like a lance in any crowd of peace. Two reasons he gave for the Reichstag's action. One was that President Poincaré of France, who had been newly elected, was a warlike and dangerous man, and no one could tell to what lengths he might go. The other was that in the Balkans, war the Turks, taught by German officers, had been beaten by the Serbians, taught by French.

ANGRY AT BEING DISTURBED

Old Gentleman Vastly More Annoyed at Constable Than He Was at Hun Air Raiders.

"He wasn't half angry," said a constable to me, smiling reminiscently, "he cast his eye over what remained—mostly top story only—of an old-fashioned house which had suffered in a recent air raid. 'You should have heard his language!'"

"Curious thing," I said, "the top floor doesn't appear to be touched." "Yes, that's where he was," said the constable. "Of course, we thought he was a casualty. We cleared away the rubbish, and somehow or other got up to his rooms with an ambulance and the doctor. The door was closed, so we started prying it open. That's when the fun started. 'The door was flung open, and there stood the old gentleman with a big book in his hands, his 'specs' on, and in a proper temper. I just caught a glimpse of a cosy armchair drawn up to a blazing fire. 'What the— does this mean?' he says. 'Haven't I been disturbed enough this evening? Get out of it, all of you! And without troubling to shut his door, he went back and sat down with his book beside the fire, muttering most awfully. It gave me the biggest shock of the raid.'—London Mail.

"THE BANK OF THE PEOPLE"

Established 1871 Nationalized 1897

The following is a list of prize winners in our Garden Contest for the summer of 1918:

FIRST PRIZE
Andrew Olson, 219 N. Harris street—Silver Cup
