

NEW HUN PLEA ARRIVES

IMPORTANT EVENTS ARE TRANSPILING IN PARIS; CABLES ARE CONGESTED

Meagerness of News During This Important Period Due To Strictness of Censorship and Bulk of Official Business

ITALIAN FRONT ALIVE

Victorious Advances Against Austrians Fraught with the Utmost Importance to the Allied Nations, It Is Stated.

(BY ASSOCIATED PRESS)
Paris, Oct. 30.—Meagerness of news during this important period in Paris is due to strictness of the censorship.

The foregoing relates to the progress of the inter-allied conference at which the terms of an armistice are being formulated. In addition to the strict censorship, dispatches are being held up due to a congestion of cables by the exchange of communications between the United States and its representatives at the interallied conference.

Washington, D. C. Oct. 30.—Austrians taken prisoners in the past three days, in the drive across the Piave, number 32,000.

Italians Results Important.

Washington, D. C., Oct. 30.—Results of the victorious advance against the Austrians on the Italian front hourly increase in importance, says an official dispatch to the Italian embassy today from Rome. More than 100 villages and towns have been taken. The battle line is pressing close on the heels of the enemy, having reached yesterday, the river Livenza, where the Austrians attempted to make a stand to save their principal line of retreat. The Austrian Corps on the left wing retreated in disorder, leaving much war material and several hundred guns. The sixth Austrian corps is in critical condition.

Austrians Retiring.

Italian Headquarters on the Piave, Oct. 30.—Austro-Hungarian forces are retiring in the region east of Conegliano. They are leaving behind them, scattered along the road many big guns and munition wagons. A large number of Italian cavalrymen have crossed the Piave. The positions of the enemy forces on the lower stream are becoming critical and they may be cut off.

Americans Win Village.

Washington, D. C., Oct. 30.—American troops operating north of Verdun, have occupied Agreville and established their line north of that village, Gen. Pershing reported late today.

7,000 Refugees In Holland Following German Retirement

(BY ASSOCIATED PRESS)
Amsterdam, Oct. 31.—When the German retirement in Belgium-Flanders began, it was expected that 250,000 refugees would seek safety in Holland. Up to Sunday night, however, only 7,000 had crossed the frontier. All except 13 were French from the regions of Valenciennes, Douai and Quesnoy.

WHY PATRIOTIC ARMY OF WOMEN SHOULD VOTE

Every 1,000,000 men who go into the service must be replaced by 1,000,000 women if we are to win the war. Can we afford to do without the vote of this patriotic army of women? If all the resources of our Government are to be mobilized into a great united power to back the war, we must have unquestioned patriotism at the polls.

PIONEER TIMBER MAN PASSES AWAY HERE LAST NIGHT

James Blake Answers the Final Summons After a Long Eventful Career in the Upper Peninsula.

SERVED IN CIVIL WAR Regarded As One of Most Thorough Woodsmen and Reliable Timber Cruisers in This Section of the Country.

James Blake, one of the oldest and most highly esteemed residents of the upper peninsula, a man who has been identified with the early struggles of this community and who had a part in its development and progress to a major degree, passed away at his home 519 Elmwood street shortly before six o'clock last evening.

Mr. Blake had been in failing health for several months, suffering apparently from a general nervous breakdown but he was free from suffering during the last days of his eventful career.

Mr. Blake was 72 years of age. He was born in Rutland, Vermont and came to the upper peninsula 52 years ago. For over half a century he has been engaged as a timber cruiser and woodsman and was considered one of the most thorough and competent timber men in this section. Mr. Blake's sunny, genial disposition and breadth of vision were evidently tempered by his love for the great outdoors, the great open spaces and a closer communion with nature than most men possess. He was broadly tolerant of the views of others and charitably inclined to their faults and shortcomings and the very business of his own nature made men instinctively turn to him for advice and accept it in the fullest confidence.

Served As Scout.

As a boy he served in the civil war, enlisting as a scout when but 16 years of age. Even at that early age his predilections were for the adventurous life and for the work that brought him in contact with nature in her more stubborn moods. He served through the war and after being honorably discharged went to Lawrence university where he completed his education.

Mr. Blake then turned to the great north woods, settling in Nahma and since then he has resided in Delta county, the last 32 years in Escanaba, although the greater part of his time has been spent away from home in long, silent journeys through the wilds of this section. His work made him known to the officials of all the lumber companies in this section of the state and his rare judgement and inherent honesty formed the basis of the investment of hundreds of thousands of dollars.

Member Of Shrine.

Mr. Blake was a member of Ahmed Temple, Nobles of the Mystic Shrine and a 32nd degree Mason. He passed away peacefully, just as he had lived with a confidence of a future born of a deep understanding of nature in all her infinite varieties. The finest epitaph that can be written might be embodied in the simple and homely words "Jim Blake was a man".

He is survived by four daughters, Mrs. George Beath, Mrs. Frances Horton, Mrs. Clark Thomas and Miss Belle Blake. Mrs. Beath, who has been on a visit to her son, Lieut. Phil Beath, at Camp Meade, Md. is expected to arrive in the city this evening.

Funeral services will be held at the home Thursday afternoon at 2 o'clock. Rev. W. J. Datson, Rector of St. Stephen's church, will read the Episcopal service at the home and interment will be made at Lakeview cemetery. The following pall bearers have been selected: Solomon Greenhoot, Julius Greenhoot, F. D. Davis, C. M. Thatcher, Theo. Farrell, W. W. Oliver, Edward Erickson and R. E. MacLean.

GERMANY INSISTS CLAWS OF KAISER HAVE BEEN CLIPPED

BY ASSOCIATED PRESS

Washington, D. C., Oct. 30.—Another note from the German government was received at Washington today. It supplements the last brief communication saying armistice terms were awaited, by reciting in detail governmental changes which have taken place in Germany, as evidence that the kaiser has been deprived of all power of making war and negotiating peace. This time the Germans do not address President Wilson in person but send their information for the American government, apparently recognizing that the stage of personal appeals had passed with the transmission of their armistice and peace suggestions to the allies. It is reiterated that the power of the German government has been transferred to the Reichstag and describes the progress of the necessary constitutional changes.

The note will probably be forwarded immediately to Paris where the supreme war council is reported to have already formulated the terms on which the United States and her allies might permit cessation of hostilities.

REPLY TO AUSTRIA READY.

As word of the new German movement came, it was learned that President Wilson today was working on his reply to the last note from Vienna, in which the Austrian government accepted all the principles and conditions of the President and asked for an armistice and peace proposals. The reply, which will probably be made public before night, is expected to tell Vienna that on the basis of Austria's acceptance of all conditions, including actual independence, their request has been referred to the governments with which the United States is associated. The armistice proposal, said to have been prepared by the supreme war council, had not been reported early today by the American representatives. The government is known to favor terms equally as drastic as those agreed on at Versailles.

Although officials here regard the Austro-Hungarian situation as far from clarified and are inclined to question how far the government at Vienna is qualified to speak for anyone, the understanding is that they are to be dealt with on the theory that acceptance of armistice terms amounting to surrender in the field, will be the best guarantee of the faithful performance of Austrian promises.

NOTE TO SECRETARY LANSING

Secretary of State Lansing this morning had not received the note reported to be coming from the Austrian foreign minister, asking him to intervene with President Wilson to hasten an armistice and peace negotiations. It is assumed that this proclamation was adopted to impress the people at home with the desire of the Austrian government to bring about an immediate peace.

Frederick Oederlin, Swiss Charge, received the German note and appeared at the state department shortly before noon to deliver it. It was stated later that the new communication made no change in the situation. The next step is expected to be an announcement from one or all of the capitals of the co-belligerents, of armistice terms.

GERMAN THRIFT STAMP CARD ON DISPLAY HERE

Escanaba Boy Sends Home An Unusual War Relic Which Is Shown At War Relief Headquarters.

One of the most attractive exhibits in the window of the war relief headquarters, was put there this morning. This consists of what might be called a German thrift stamp card. It contains ten stamps, each worth one mark and was taken from the dead body of a German by Leo Hellingenthal of this city. Written on the card is a brief note from the Escanaba boy in which he says: "The last I saw of this fellow, he was in a pile of his 'kama-

rads.' I don't know who will collect his money from the German government now."

Additional pictures of Escanaba soldiers were placed in the window today, notable among them being one of Lieutenant Louis Kratze which is adorned with a gold star.

MATT RAYMOND IS IN FRANCE FIGHTING AND WAS NOT IMPRISONED

Mrs. E. Raymond, of Isabella, is in receipt of information from the war department which effectively sets at rest all stories to the effect that her son, Private Matt Raymond had been sent to prison as a deserter. The war department message assures the mother that the boy is now in France fighting for his country and has been there for months. How the story started is not known, but in the absence of any direct word from Private Raymond, himself for several months the tale spread and gained some credence in certain quarters.

FATHER OF LOCAL WOMAN DIES AT HOME IN MENOMINEE CITY

Joseph Dumouchelle, father of Mrs. O. W. Gustafson, of this city, died at his home in Menominee Saturday from a prolonged illness. He had been a resident of Menominee for 50 years and was well and favorably known in that locality as well as having many warm personal friendships in Escanaba and Delta county. Mr. and Mrs. Gustafson are now in Menominee attending the funeral.

Corporal McKenna Hurt Second Time

Information received here today indicates that Corporal McKenna, who was injured in the fighting in France early in the summer and returned to the firing line, has been wounded a second time. Such information has reached his father, Attorney Phil J. McKenna, of Chicago, formerly of this city.

CZECHS TAKE CONTROL OF GOVERNMENT OF THE CAPITAL OF BOHEMIA

NO TRUE BILL FOUND AGAINST MR. NEWBERRY

Republican Candidate for United States Senator in Michigan Is Exhonorated By Vote of 16 to 1.

VERDICT WAS EXPECTED

Effort to Becloud Issue in the Coming Election Fails of Its Purpose Through New York Proceedings.

(Special to The Mirror.)
Detroit, Oct. 30.—A New York special dispatch to the Detroit Free Press this morning says that by a vote of 16 to 1, the grand jury sitting in New York city exonerated Commander Truman H. Newberry and refused to vote an indictment.

One member of the grand jury publicly declared that instead of an indictment being presented, a monument should be built for Commander Newberry, because of his patriotism, in comparison with the pacifism of Henry Ford. Continuing the Free Press says: "For the first time in the history of the country, the federal department of justice was brought into play against a candidate before election, and for the first time an investigation of the kind took place in a far-removed state where the laws of Michigan in no wise applied. The department apparently under orders, took extraordinary and unprecedented steps."

It relieved the regular United States grand jury and judge from duty.

A special grand jury was carefully selected. Two attorneys from the attorney general's office in Washington were put in charge, displacing the United States District Attorney, and a Democratic judge from Alabama was assigned to preside over the deliberations. No formal accusations were made against Truman H. Newberry. Under the procedure he could not present a defense, as a grand jury investigation may hear and bar what it chooses. Indictments need not be based upon proof or even evidence as it is defined in American courts. They may be made upon hearsay, the convictions of the jurors and the advice of the district attorney being principal factors in determining whether an indictment shall be returned.

Result Was Expected.

Paul H. King, campaign manager for Commander Newberry, commenting on the action of the grand jury said, "I am naturally very much pleased with an early decision. The result itself is just what has been expected by everyone at all familiar with the facts in the case. No other could in justice have been reached. Judging from the time taken by the grand jury in its deliberations and the number of witnesses examined, its work has been very thorough."

AUSTRIAN SUGGUMBS TO INFLUENZA AT A HOSPITAL HERE TODAY

John Wittmer, an Austrian, died at a local hospital this morning following a brief illness of influenza. He was brought here from Northland a few days ago and continued to grow worse until this morning. The body was taken to the Allo undertaking parlors and prepared for burial after which it was taken to St. Joseph's church where services were held, followed by interment in St. Joseph's cemetery. So far as known the man had no relatives in this country.

M. Gunter has returned from a visit in Marquette.

Final Step Is Reported to Have Been Taken in a Successful Revolution, According to Berlin Dispatch.

CITY OFFICIALS BOUND

Take the Oath of Fidelity to National Committee and Turn Over Armed Forces to the Incoming Rulers.

(BY ASSOCIATED PRESS)

Copenhagen, Oct. 30.—The Czech National Committee took over the functions of the local government at Prague, the Bohemian capital, on Monday, marking the final step in a successful revolution there, according to a telegram from Berlin. The Austrian imperial symbols were removed from various buildings and an imperial proclamation torn down. City officials have taken the oath of fidelity to the Czech state. During Monday night the General commanding the Prague garrison and his staff, placed the entire armed forces in the city at the disposition of the Czech national committee.

New Ground Gained.

Paris, Oct. 30.—Gen. DeBony's first army has gained new successes in the encircling of Guise, according to the official statement issued by the war office today.

Quiet On British Front.

London, Oct. 30.—On the British front in France, Field Marshal Haig announced that there had been no activity except patrol encounters in which the British advanced and captured a few prisoners last night.

Americans Are Busy.

Washington, D. C., Oct. 30.—Heavy artillery and machine gun fire north of Verdun and the bringing down of 18 enemy airplanes, with the failure of five American machines to return, were features of Gen. Pershing's report of last night which was received here today.

THINGS TO PONDER ON WHEN VOTING TUESDAY

When you go to the polls next Tuesday, think about just three women—your mother—your wife—and your daughter. You have heard a lot about the candidates in this Election. You are going to judge them a good deal on their personalities.

There are three candidates who are coming up for a decision from you—three candidates whose aren't pasted up on the bill boards or do not appear in the newspapers. Perhaps their pictures are in your watch or on your desk—three candidates who are willing to be judged on their personalities.

How are these three candidates coming out with you next Tuesday? Are you going to vote for or against your mother, your wife and your daughter?

Fire Damages The Steamer Bon Ami

A Sturgeon Bay paper reports considerable damage being done to the steamer Bon Ami, which now makes this port, while the vessel was docked at Sturgeon Bay.

Fire broke out on the starboard side of the craft, which was the side furthest from the dock and therefore difficult to reach when the fire department arrived. The origin of the fire is a mystery, as the only flame aboard was the anchor light.

Mrs. D. J. Murphy and son have returned from Green Bay to visit.

GIVE WOMEN THE BALLOT.
Delta county women ask you for the vote to protect our men overseas and to help win the war.

Can you afford to deny the women of the county the privilege of registering their patriotic opinions at the polls?

Give them what they ask.
Let Michigan take its place beside the other progressive states and countries of the world.

Cast your Votes for Women.
There is a man's work for you to do on election day—it is to let your vote count for Woman Suffrage.

Woman Suffrage is vitally essential to the successful prosecution of the War.

LET NOTHING KEEP YOU FROM THE POLLS NEXT TUESDAY.
YOUR VOTE MAY WIN THE DAY FOR WOMAN SUFFRAGE.

Women vote wherever the British flag flies.

Women vote in Norway, Denmark, Finland and Iceland.

Women vote in more than half the territory of the United States.

Women vote even in little Yucatan in darkest Mexico.

Woman Suffrage is being seriously considered in France and Italy.

Women do not vote in Germany.

Will Michigan women vote next year?

Vote 'Yes' November 5th.

ANONYMOUS COMMUNICATIONS

The Mirror is in receipt of a communication bearing on a local controversy which the writer leaves unsigned. The controversy in question is one on which factions would form and discussion of it will not now, nor in the future, serve any good or useful purpose; it will not help win the war, solve the high cost of living or in any way contribute to human happiness or welfare. The Mirror does not care to devote space to it, in view of the fact that it is an anonymous communication for one thing, and further because it does not care to become entangled in a controversy which has no useful purpose as its objective.

New Camp Paper
At Camp Custer
For The Soldiers

Camp Custer, Oct. 30.—"The Custer Life" is the title chosen by Brigadier General Lambach for the new camp newspaper which will make its appearance soon succeeding Trench and Camp, the Y. M. C. A. publication which has been issued for several months. The new paper is for the soldiers exclusively and will be published by them dealing solely with camp

Convenient
Economical
Delicious

That good
Gravelly taste!

Real Gravelly is the common-sense chew for men. It is economical. A man gets his tobacco satisfaction out of a smaller chew and fewer of them. The good Gravelly taste lasts a long while. Two or three small squares of Real Gravelly stays with you longer than a big hunk of ordinary plug. Each piece is packed in a pouch. These are the plain facts about Gravelly Plug Tobacco.

It gets further—that's why you can get the good taste of this class of tobacco without extra cost.

PEYTON BRAND
Real Gravelly Chewing Plug
10¢ a pouch—and worth it
P. B. GRAVELLY TOBACCO CO., DANVILLE, VA.

Over a hundred names were submitted in the contest but "The Custer Life" was selected by commandant as being the most appropriate. Private Joseph Polansk, headquarters company, 4th Infantry, suggested the title and his picture will adorn the front cover of the first issue.

Building Operations
Are Humming At
The Military Camp

Camp Custer, Oct. 30.—Building operations at Camp Custer are humming along at a rate that will insure the completion of most of the barracks buildings before the cold weather sets in. Although other building is contemplated in the program the barracks structures are being built first in order to house inhabitants of the recreation removing the necessity of the tented sector. Already the first section of the new barracks program has been completed allowing 1,900 men of the First Battalion, 160th Depot Brigade to abandon tents and get under roofs.

ADVISES AGAINST
"LICKING" STAMPS

Ann Arbor, Mich., Oct. 30.—The Michigan Anti Tuberculosis society argues against "licking" postage stamps and envelope flaps "for the sake of general hygienic conditions." "Licking" stamps and envelopes will help spread influenza and other diseases, it is claimed.

NOTICE

To Dealers in Milk and Cream, and Owners of Dairy Herds Supplying Milk and Cream to Dealers or Consumers of Escanaba.

Your attention is called to ordinance No. 367 adopted at a meeting of the City Council of the city of Escanaba, Michigan, held December 7th, 1909, Section One (1) of said Ordinance reads as follows:

"No person or persons shall barter or traffic in milk or cream within the city of Escanaba, without first having license to do so."

Section Nineteen (19) provides a penalty for the violation of the said ordinance.

Applications for licenses must be made to the City Clerk. No licenses will be issued until the City Milk Inspector shall be satisfied with the sanitary conditions of the stables and premises.

You are hereby notified that the said ordinance must be strictly adhered to and is to be rigidly enforced.

By order of the City Council,
CARL E. ANDERSON,
City Clerk.
Dated this 18th day of October, A. D. 1918.

Sandwich Eaters
Given Consideration

Lansing, Oct. 30.—Workers and others, particularly those who eat noon-day lunches consisting of sandwiches find that they are given special consideration in new regulations which went into effect in all public eating houses last week. Under a strict interpretation of the order against serving more than two slices of bread at one meal, such person could not be served more than one sandwich.

The order states that there is no limit to the number of sandwiches that may be served. This exception of the old rule has been made because so many patrons, particularly patrons of lunch counters, make one meal daily entirely of sandwiches and a substitute seems hard to find.

Workmen engaged in hard physical labor are also given special consideration, the interpretation saying: "Because of the necessity of providing suitable diet for workmen engaged in certain occupations, it has been deemed advisable to remove the quantity restriction on bread served in boarding camps and places where men are engaged in hard physical labor."

Forbidding the use of bread as a garniture, officials say, the serving of poached eggs on toast and chipped beef on toast is not stopped. Liver and bacon are under the ban, but not bacon and eggs; or ham and eggs. Mixed grills, mixed cold meats the breast of chicken with ham, club sandwiches, the interpretation explains, must not be served.

STATE'S TWO FRENCH KINGS
Both Louis XIV and XV Ruled Over
Domain That Included Great
Western Commonwealth.

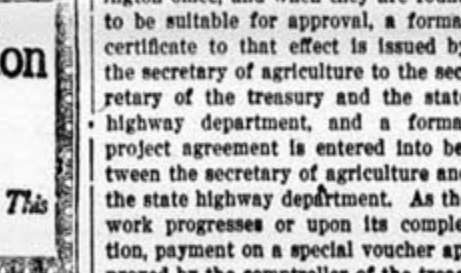

There were but two French kings who ever ruled over Missouri, observes the Kansas City Star. The first of these was Louis XIV, for whom La Salle took possession of the Mississippi river and of all the country drained by its tributaries. La Salle named the country Louisiana in honor of his king. For governmental purposes the whole of Louisiana was attached to new France and Frontenac became the first governor, ruling over the largest domain ever under the sway of one man on this continent. France owned the central part of the continent from the Gulf to the polar seas. Thus Frontenac became the first governor of the region that is now Missouri.

But it was in the reign of Louis XV, who succeeded Louis XIV, that Missouri received from France the first vivifying touches of civilization. Under this reign the city of St. Louis was founded and was named, not in honor of Louis XV, who was no saint, but in honor of Louis IX, who then had been dead 500 years, and who was the most saintly king France ever had.

New Orleans was founded, too, during the reign of Louis XV, and was named for the duke of Orleans, regent for the young king, who was crowned at five years old.

Environmental Influence.

To understand fully the effect of environmental influence requires a pretty good understanding of the native qualities of the material upon which the environment acts. The reaction of differently formed human beings is never exactly the same even when the environmental action on them is nearly identical. "You can't," as David Starr Jordan is wont to say, to explain some failures of college endeavor, "put a thousand-dollar education into a fifty-dollar boy."—Vernon Kellogg, in the Atlantic.

COMPLETE PAVING IS SOUGHT
Only Nineteen Miles of Lincoln Highway Remain Unpaved in the State of Ohio.

There will be improved in the state of Ohio during 1918 many miles of the Lincoln highway. The plans for improvement are so far advanced that of the 234 miles in the state only 19 miles of the route will remain unpaved after the contracts for the present year are fulfilled. Practically all of the road completed is of brick.

CAREFULLY INSPECT NEW CAR
Not Safe to Assume That All Parts Have Been Properly Lubricated Before Shipping.

It is not safe to assume that all parts of the car that has just been delivered to the new owner have been properly lubricated. It sometimes happens that grease cups have been left unfilled when the car was shipped and that wheel bearings, universals, steering gears, etc., have been overlooked. It is always well to go carefully over the lubricating system of the new car and see that it has its due allotment of lubricant.

DO NOT USE FIBER WASHERS
Action of Gasoline Has Tendency to Make Engine Run Sluggishly—Lead is Better.

Do not forget that fiber washers should never be used in the fuel line or in any part of the engine where the gasoline can get at it. The action of gasoline upon the fiber washer has a tendency to make the motor run sluggishly by forming a deposit of minute particles from the fiber. For this reason lead washers should always be used in the fuel line.

IMPORTANT

In Order to Combat the Epidemic of SPANISH INFLUENZA Which is Now Most Prevalent in Our State, and in Compliance With the State Board of Health, the Local Board of Health Requests That the Following Precautions be Observed,

1. It is especially important to beware of the person who coughs or sneezes without covering his mouth and nose. It also follows that one should keep out of crowds and stuffy places as much as possible, keep homes, offices and workshops well aired, spend some time out of doors each day, walk to work if at all practicable—in short, make every possible effort to breathe as much pure air as possible.

"Cover up each cough and sneeze,
If you don't you'll spread disease."

2. Where crowding is unavoidable, as in street cars, care should be taken to keep the face so turned as not to inhale directly the air breathed out by another person.

3. In guarding against disease of all kinds, it is important that the body be kept strong and able to fight off disease germs. This can be done by having a proper proportion of work, play and rest, by keeping the body well clothed, and by eating sufficient, wholesome and properly selected food.

4. It is very important that every person who becomes sick with INFLUENZA should go home at once and go to bed. This will help keep away dangerous complications and will, at the same time, keep the patient from scattering the disease far and wide. It is highly desirable that no one be allowed to sleep in the same room with the patient. In fact, no one but the nurse should be allowed in the room.

5. Call a physician and take only such medicine as is prescribed by the doctor. It is foolish to ask the druggist to prescribe and may be dangerous to take the so-called "safe, sure and harmless" remedies advertised by patent medicine manufacturers.

6. The ordinance relative to spitting on the sidewalks and in public places, will be rigidly enforced.

F. H. ATKINS,
JOHN J. TOLAN,
A. J. CARLSON,
Board of Health.

METHODISTS TO SPEND LARGE SUM TO HELP FARMERS

Young Ministers Being Trained How To Be of Aid in Keeping Men on Farms and Thus Help To Win the War.

(BY ASSOCIATED PRESS) New York, Oct. 30.—To help make farming profitable and rural life endurable for the farmer, his wife, his sons and daughters, the Methodist Episcopal Church has undertaken to spend \$5,500,000 in training rural ministers to teach scientific farming and develop social activity in country districts. The purpose is announced by the Board of Home Missions and Church Extension is to keep the farmers on the farms and thus help to win the war.

Dissatisfaction with country life, it is declared, has caused a decrease of rural population in Ohio, Indiana, Iowa, Missouri, Vermont and New Hampshire. The boys and girls will not stay on the farm when high wages are to be earned nearer the moving picture theatres.

To combat this, the Methodist church is planning to send many of its best men to the country churches of which it was upward of 12,000. Rural pastors are to have special training in agriculture so as to help farmers with advice. Demonstration farms are to be established where agricultural colleges do not meet the needs.

Football Game With Menominee Off Now

The annual football game between Escanaba high and Menominee high schools has been definitely abandoned for this year. The fact that the local boys were unable to keep in condition because of the prevalence of influenza which much the same condition exists in Menominee, blocked the game for this year.

"Woman Suffrage is vitally essential to the successful prosecution of the great war of humanity in which we are engaged." To Win the War Vote "YES" November 5th.

Jurors For Term To Be Available For Future Court Work

Judge Flannigan yesterday ordered the names of all jurors who were excused from service this term, returned to the box so that they may be drawn again for service in the future. In this way the men who were to have served at this term of court and who escaped because of the influenza epidemic, will still be available for service.

NEW PRESIDENT OF CHINA IS AN EXPERIENCED MAN

Has Great Literary Attainments and Is a Peacemaker Who Has Succeeded in Saving Much Disorder.

(BY ASSOCIATED PRESS) Peking, Oct. 30.—Hsu Shih-chang, China's new president is a man to whom most Chinese can look up to as an experienced statesman of the Manchu days. Moreover, he has great literary attainments which his countrymen admire, and is a peacemaker to such an extent that even the rump Parliament functioning at Canton may also elect him President. He has the added qualifications of not being a military man.

It is not expected, however, that he will hold office for any great length of time, certainly not for the full period of five years, and the Vice President will then automatically become President.

REMEMBER WIFE WHEN VOTING NEXT TUESDAY

When you go to the polls next Tuesday think about your wife. Remember the first time you ever talked about serious things? Perhaps you asked her opinion of a man you were thinking of hiring. Perhaps you were considering a new partnership or an extension of your business. Have you checked up on her "woman's intuition"? Has it ever failed you? Haven't you ever thought that what is called "woman's intuition" isn't intuition at all—that it is just a quicker, simpler grasp of a situation than you get from many of the men you ask? Wouldn't you trust your wife to make a sound decision of any question that affects your lives? Wouldn't you trust her to vote on everything that affects your lives?

YANKS SMILE AS THEY GO OVER IN ST. MIHEL FIGHT

Battle Creek Newspaper Man Tells of the Spirit Behind the Drive Which Sent the Huns Flying.

(Special to The Mirror.) Battle Creek, Mich., Oct. 30.—The Yanks went over the top in the St. Mihel drive behind one of the most powerful barrage fires in the history of the great war, and they smiled as they went, according to Lieut. Paul A. Martin, former newspaperman of this city, who was in the thickest of the fighting.

In a letter describing the Yankee smash against the Germans in this vital sector, Lieut. Martin says there wasn't a waver in the American line as it started for the German trench. "With one bound," he writes, "they were in the trench. From the first to the second, to the third line they went and the Fritzies were chased into the open. Then the American reverted to his old style of warfare they handled so well, "Indian Stuff", and they stalked the deadly machine gun nests.

"The Germans who could get away left everything they had. Hour after hour the battle was over I went into the quarters where the German officers had been and found them in a state of wild disorder. The fields were strewn with equipment.

"Hindenburg says this retreat was planned. How well it was planned is shown by the thousands of prisoners, hundreds of guns and the many ammunition and supply dumps left behind."

Lieut. Martin says the prisoners were a happy lot as they went to the rear. There were middle aged men and many boys, seemingly about 15 years old.

SOCIALISTS PLEAD "NOT GUILTY" IN A MILWAUKEE COURT

(BY ASSOCIATED PRESS) Milwaukee, Wis., Oct. 30.—Leon Krzycki, a socialist candidate for congress in the eighth Wisconsin district and John C. Kielet, attorney and well known socialist, today pleaded not guilty to federal indictments before Judge Geiker and their cases continued. Bail was furnished in sums of \$5,000 and \$1,000 respectively. Krzycki was charged with violation of the espionage act and Kielet with seditious utterances.

| Died of accident or other cause | 8 |
| Died of disease | 34 |
| Wounded-degree undetermined | 11 |
| Total | 242 |

OLD RESIDENT FOUND DEAD IN HIS BED TODAY

Frank Brotherton Passes Away Some Time During Night After Retiring in Apparently Good Health.

QUITE WIDELY KNOWN Spent Greater Part of His Active Life As a Land Looker and Civil Engineer in This Section.

Frank Brotherton, a well known resident of Escanaba, was found dead in his bed at his home, 102 Wells avenue, this morning when an investigation was made following his failure to respond to a call for breakfast. Mr. Brotherton was 68 years of age and had been a resident of this city for 46 years, coming here from Marquette in 1872.

He was apparently in his usual health and seemed cheerful and as healthy as usual when he retired last night.

Mrs. Brotherton died a little over a year ago and his older brother, Charles died here just ten years ago today.

A Man's Man. Mr. Brotherton was a man's man, one of the kind to whom other men were attracted by a strong and vigorous personality and a geniality that were irresistible. His relations with his fellow men were always on the most elevated plane of fairness and squareness and with his passing Delta county and Escanaba lose one of the strong, vital influences for good that inevitably flows from the personality of a big, broad-minded, cheerful citizen who has always met conditions cheerfully and in an optimistic spirit which proved helpful.

Coincidence Noted. Mr. Brotherton, during his active life, was a well known land looker and civil engineer of this section of the country and it is being remarked today by friends of both men, who were themselves close friends, that James Blake and Mr. Brotherton, both men of about the same age, engaged in much the same line of business and with much the same characteristics, should have entered on their last cruise together.

Mr. Brotherton is survived by one son, Ray, of Negaunee, who arrived here this forenoon, and a brother and sister, Will Brotherton and Miss Sue Brotherton, both of Marquette. He also is survived by a niece, Mrs. Edith Barrigan, and three nephews, George, Hugh and Del Brotherton, all of this city.

Funeral arrangements had not been made at a late hour this afternoon.

SOCIETY NEWS

PRETTY HOME WEDDING.

This afternoon at three o'clock Miss Anna Hendrickson became the bride of Mr. John Broderson, at the home of the bride's parents, Rev. Hohenstein officiating.

Both young people are well known to a host of Escanaba people, having made their homes in this city, and being very popular among the young people.

At six o'clock an elaborate wedding dinner will be served to a large number of guests, at the home of the bride's parents. The young couple will be at home to their many friends at 705 Oak street.

HALLOWEEN PARTY.

A very pretty Halloween party was a fact of last night when Miss Gusta Klein entertained a number of her friends at her home. The guests enjoyed a delightful evening of dancing and games, after which refreshments were served by the hostess.

Clifford Lewis left this afternoon for Marquette, where he will attend the Normal School.

Miss Marie Riley, of Chicago, is the guest of her many Escanaba friends.

Henry Olmsted has returned from a visit at Marquette.

Perry Wilson, of Bigler Saskatchewan, Canada, has returned to his home on South Oak street, after having been employed in Canada for the past two years.

BUT SEVEN NEW INFLUENZA CASES REPORTED TODAY

Three of These Are Shipped in From Outside Points and But Three Families Are Touched By Disease Here.

BRANCH OFFICE OPENED

Representatives of the State Board of Health Arrive To Look After Conditions in the Upper Peninsula.

Today's report on the influenza epidemic is the most encouraging and gratifying yet issued. Dr. Carlson received reports of but seven new cases covering the period between yesterday noon and today noon. Three of these cases were sent to local hospitals from outside the city and the other four cases are confined to three families, so that the increase is almost negligible.

Another gratifying feature of the day's developments was that just before noon today, Dr. Hill and Mr. Frazer, arrived, representing the state board of health. These men will have charge of the influenza situation in all communities not having health boards of their own and the Maple Ridge township situation, and any others that may develop will be handled by them.

They have established a branch office at the city hall, in this city and are prepared to begin operations immediately. With this additional strength for safeguarding the public health in communities now outside the jurisdiction of the local authorities, there is reason to believe that a gradual decline will set in throughout the surrounding country and within a reasonable time, the disease will have been entirely eliminated.

PERSONAL PARAGRAPHS

A son was born this morning to Mr. and Mrs. P. LaFave on South Mary St.

Louis Basel, who has been dangerously ill of influenza and pneumonia, has passed the critical stage and is now on the road to recovery.

"THE BANK OF THE PEOPLE"

Established 1871 Nationalized 1897

PRESIDENT WILSON SAYS—

"The war could not have been fought, either by the nations engaged or by America, if it had not been for the services of the women—services rendered in every sphere—not merely in the fields of efforts in which we have been accustomed to see them work—but wherever men have worked and upon the very edges of the battle itself. We shall not only be distrusted but shall deserve to be distrusted if we do not enfranchise them as it is now certain that the other great free nations will enfranchise them."

To win the war vote for Woman Suffrage Nov. 5th.

AUSTRALIA HAS BEST OF PRICES FOR LIVING NOW

Stockholm, Oct. 30.—Australia occupies the most favorable position of all lands in the matter of increased cost of living, according to a survey made by the Stockholm Commercial Gazette. The Australian increase was reported as 30 percent since the war started. The United States was recorded as in second position with the increase of 60 to 70 percent.

Holland with an increase of 70 percent showed the smallest increase among European nations with Denmark next with the increase of about 80 percent.

Sweden, England, France, Spain and Portugal are grouped with an increase running from 100 to 182 percent; England and France occupying the most favorable place with increases of about 100 percent, while Sweden had 182 percent.

Germany, Belgium, Norway and Hungary had increases from 150 to 200 percent, while the cost of living in Austria, Finland and Russia had increased more than 200 percent.

In every case the figures are based on the budget of a normal family with a years expenditures of 2,000 crowns in 1914.

WORLD FIGURES TAKE PART IN NAVAL PARLEY

Heads of Navies and Statesmen of Allied Nations Participate in Conference Held in the City of Paris.

(BY ASSOCIATED PRESS) Paris, Oct. 30.—At a naval conference held at the ministry of marine Monday, Sir Eric Geddes, first lord of the British admiralty presided. Admiral Wemyss, of the British admiralty Vice Admiral Wm. F. Sims and Admiral Benson, of the United States navy, Vice admiral Redel and Admirals Grassi and Bon, of the French navy, were present. The following ministers and naval chiefs were also present: Premier Lloyd George, foreign minister Balfour and war secretary Milner, of Great Britain, Primes Orlando and foreign minister Sonnino, of Italy.

The Kaiser will hate you if you vote for Woman Suffrage.

JUNIOR RED CROSS WORKERS DESERVING OF GREAT CREDIT

Supt. King Says Executive Committee and Workers Centrally Are Entitled To Lion's Share of Praise For Success.

Supt. F. E. King, of the Escanaba schools, who is chairman of the Delta County School Committees of the Junior Red Cross, wishes to express to members of the executive committee and all workers his deep appreciation of their work in the past, which was so highly commended by Mark T. McKee, director of the bureau of development. Mr. King very modestly disclaims much credit for his share in the achievements of the Junior Red Cross and is anxious that due credit be given to every one who in any way contributed to the success of the movement, particularly to the executive committee and other workers. The letter received by Mr. King, as chairman, is really, he says, an appreciation of their work, more than his own.

TROCO

Spread On Troco With a Lavish Hand

PLENTY of Troco means greater enjoyment of those hot muffins. Spread it on thick—the more the better. You need Troco as much as you enjoy it.

For the high calory value of Troco gives us strength and energy and helps keep us warm. It satisfies the natural craving for fats which increases with each cold day. Its moderate price allows us to forget economy, either for table use or in cooking.

Its sweet, delicate flavor increases the enjoyment of all other food.

Coconut Fat and Pasteurized Milk

Troco is made from the daintiest of ingredients—churned from the white meat of coconuts and pasteurized milk.

Our special process enables us to impart the delicate flavor of the finest table product.

None surpass Troco in true goodness, no matter what their prestige.

Save 15 to 20 Cents On Every Pound

Every pound of Troco you buy saves you 15 to 20 cents a pound.

It is always sweet and fresh, due to constant shipments and steady demand.

Buy Troco and try it, but ask for it by name. Troco flavor and quality is exclusive and found in no other brand.

A capsule of vegetable coloring supplied on request
