

MUST TELL IT TO FOCH

GERMANY MUST APPLY TO FRENCH MARSHAL TO OBTAIN AN ARMISTICE

Terms Are Fully Agreed Upon At Versailles Conference, and Premiers Return to Their Own Countries.

SIEGE OF GHENT BEGINS

Assault on City Is Witnessed By Belgian Queen and Hundreds of Her Non-combatant Subjects.

(BY ASSOCIATED PRESS)

London, Nov. 5.—The allies have decided that Germany must apply to Marshal Foch, the allied commander in chief, for an armistice, Premier Lloyd George said in the House of Commons today.

Terms Agreed Upon.

Paris, Monday, Nov. 4.—The inter-allied conference having completed its labors at Versailles, British Premier Lloyd George left tonight for London and Premier Orlando, of Italy, started for Rome. The conference reached a complete agreement on the question of terms for an armistice for Germany.

Siege Of Ghent.

With the Allies in France and Belgium, Nov. 5.—Allied troops today began the siege of the city of Ghent, which is already surrounded on three sides. The assault on the city was witnessed by Queen Elizabeth of Belgium, and hundreds of her non-combatant subjects.

To Punish Cruelty.

London, Nov. 5.—The names of all enemy army corps commanders, or others known to be guilty of, or encouraging cruelty to war prisoners, are to be included in the list to be punished by the allies, Sir George Cave stated today.

Americans Cross Meuse.

With the Americans on the Sedan front, 6:00 p. m., Nov. 5.—The American first army has thrown a formidable force across the Meuse to the east bank. Enemy resistance here is broken to the point of demoralization and the Americans are pushing northward toward Stenay. The enemy is in full retreat to the north. He offered little resistance and the roads toward the north seemed full of the fleeing enemy.

FAIR WEATHER OVER UNITED STATES FOR THE ELECTION TODAY

(BY ASSOCIATED PRESS)

Washington, D. C., Nov. 5.—Generally fair weather prevailed over the country today for the election. Showers and light snows were reported in Wyoming and Montana but elsewhere there were bright skies. A special forecast issued by the weather bureau added that it would be fair today excepting in Minnesota and Wisconsin.

Storm Warning

A southeast storm warning was hoisted by Observer Spindler at 9:00 o'clock this morning betokening a storm in this district.

RECORD VOTE IS BELIEVED CAST IN THIS STATE

Enthusiasm in City Seems Divided Between Water Question and the Senatorial Fight Between Newberry and Ford

WAR SPIRIT PREVAILS

Fact That Many of State's Citizens Are in War Work Adds New Condition to This Year's Election.

With the closing of the polls it is believed that Escanaba and Michigan voters have today cast a record vote for an "off presidential" year, even with thousands of the state's enfranchised citizens bearing the arms of the nation to victory and unable to exercise their right of balloting.

Local enthusiasm was divided between the Newberry-Ford fight and the vote on the proposition of the city buying the local water plant. Both issues were the main topics of discussion and sentiment was sharply defined resulting in vigorous, if not heated, arguments in several instances.

There has been much to attract attention to the Michigan election this year. Despite this, however, many forces have tended to operate against getting out the full vote—the influenza epidemic, absence of those who are in the army and navy uniforms, failure of the liquor interests in their effort to keep on the ballot the "boer and light wines" amendment, the general militant spirit and interest in the war and the fact that a great proportion of the state's citizens are engaged in war work.

Thousands who were not expected to find time to vote today were given opportunity to do so by the granting of a half holiday by employers who feel this to be one of the most important election years in the nation's history.

The Wilson Appeal.

Last hour interest was added to the election through the appeal by President Wilson for the return of a democratic congress and the consequent development of a bitter political battle that has assumed a nation-wide scope. The president held in his appeal, that a democratic congress is necessary to the undivided support of the administration in its prosecution of the war, while republican leaders throughout the land declared the president to be playing politics and that the democratic party shelters the nation's pacifists and obstructionists. In Michigan at least, practically every other political question was set aside in view of this new development and both party organizations spent the day rushing their forces to the front.

(Continued On Page Two)

WAR SUMMARY

(BY ASSOCIATED PRESS)

From the Dutch boarder to the east of the Meuse, the 200 mile battle line was a flame today as the British, Belgian, French and American forces crushed the resistance of the enemy and plunged ahead for important gains. Everywhere on the long line the allies made progress and on the French sector between the Oise and the Aisne the Germans are withdrawing on Marle and Montcornet.

Field Marshal Haig's forces have taken the strong point of LeQuenoy and are pressing on toward Maubeuge while the Americans are fighting their way across the Meuse southwest of the railway center of Montmedy. In the region north and south of Valenciennes, the British continue their successful push began Monday. Southeast of Valenciennes the British are within 10 miles of Maugeuge and further south rapidly are pushing their way through Mormal forest where they are four miles from the railway junction of Aulnoye.

South of Mormal forest the British and French are pressing eastward over virtually level ground toward Avesnes. From the Oise to the Aisne at Chateau Porcelin the French are maintaining close contact with the enemy who is moving rearward as the result of French success of the last few days. South of Guise the French first army has advanced northeast between the Peron and Serre rivers.

Subscribers Asked To Be Patient For Short Time Longer

Mirror subscribers are asked to be patient for awhile longer in the matter of faulty delivery. It is realized that people look for the evening paper now more eagerly than ever before, when world history is being made over night, but there are physical and mechanical limits beyond which this paper cannot go. The deplorable shortage of newspaper labor, coupled with the prevailing influenza epidemic, has "shot" the Mirror service in many ways. New and inexperienced carrier boys have to be pressed into service hurriedly without previous instruction in many cases and "misses," of course, occur. Because of inability to get men in the mechanical department the paper is sometimes late in reaching the press. Some advertisers are absolutely merciless in their refusal to get copy in early, the day-after-tomorrow thinker rushes pell mell into the office at 4 in the afternoon with a story that "must go." Conditions combine to make it difficult to maintain the standard service and until they can be remedied the Mirror must ask its readers to be charitable in the matter of complaint. We hope to have conditions remedied shortly.

ONLY TWO CASES OF INFLUENZA REPORTED TODAY

General Conditions in City and County Seem to Be Improving in Manner Satisfactory to Health Authorities.

CARE IS VITAL FACTOR

Preventive Measures Should Be Continued As Pneumonia Complications May Ensnare at Any Time in This Locality.

Escanaba and Delta County may be congratulated upon the apparently improved conditions here regarding influenza and pneumonia. Since yesterday noon only two cases of influenza were reported in the city, no cases of pneumonia and no deaths have occurred from either malady.

Dr. Carlson, city health officer, who is confined to his home by a mild attack continues to improve and expects to be out within a few days.

Pneumonia Conditions. The local branch of the state board received a report of 91 new cases of influenza and 15 of pneumonia and 17 deaths, covering the 24 hour period which is designated as Sunday. These cases are embraced in the report from seven counties of the upper peninsula just about a third of the counties, from which reports should come.

Dr. Hill stated this morning that conditions in the western end of the peninsula are hard to deal with for the reason that medical men are so scarce, or rather, they are so situated that it is necessary for them to make drives of from 30 to 50 miles in order to reach the camps and districts where the disease is most prevalent. In communities where there is a health officer who has gone ahead and taken a firm grip on the situation, as in Escanaba for instance, conditions are not so bad, but where matters are left to the township authorities the disease reaches the raging stage before they seem to properly appreciate the danger. Naturally this condition endangers the surrounding communities. However, as a whole, the general condition in the upper peninsula may be said to be better.

Maple Ridge Careful. As to Maple Ridge, from which little has been heard lately, the number of cases does not seem to have been diminished, but the people themselves are taking greater precautions, the health officer is alert and always on the job and no further deaths have occurred. All cases of pneumonia are at once rushed to Escanaba hospitals and up to this time, the situation is being handled in a satisfactory manner.

Dr. Hill stated today that a majority of cases, the disease seemed to hang on to any community for a period of approximately 52 days. After that of course, there were a number of cases but the malady itself seemed to lose its virulence.

HALF MILLION AUSTRIANS IN ITALY'S HANDS

Immense Number of Men and Quantity of Booty Falls to Diaz's Men Up to Beginning of Armistice.

YANKS FIGHT BITTERLY

Build Pontoon Under Fire and Cross River Meuse After Retreating Foe Destroys Regular Bridge.

(BY ASSOCIATED PRESS)

Washington, D. C., Nov. 5.—Austrian prisoners captured by Italians before the armistice took effect yesterday, are now estimated at a half a million and the booty taken includes 250,000 horses.

Victorious attacks by the American first army on its entire front, were reported in Gen. Pershing's communique for Monday. On the extreme right the Americans are breaking down the efforts of the Germans to hold the high ground. The Americans are now driving through the valley of the Meuse and the forest of Dieulet and have occupied the important river crossing at Stenay.

Build Pontoon Under Fire.

With the Americans on the Sedan front, (1:15 p.m.) Nov. 5.—Bitter fighting is in progress today along the Meuse. American patrols were successful in crossing the river at Brielle on a pontoon bridge constructed under fire. At other points the Americans were reconnoitering at other crossings. The Germans have blown up the bridge across the Meuse between Lanuville on the west bank, and the important town of Stenay on the right bank.

British Press On.

London, Nov. 5.—British troops in their offensive southeast of Valenciennes have captured the fortified town of Le Quenoy after having completely surrounded it, according to the official report of Field Marshal Haig today. The entire garrison, numbering more than a thousand men was taken with the citadel. Rapid progress is being made by the British divisions east of Le Quenoy where an advance of between three and miles has been scored. Further ground has been gained in the Mormal forest and the village of Eth, five miles east of Valenciennes has been taken.

Germans Withdraw.

Paris, Nov. 5.—French successes have compelled the Germans to make new withdrawals at several points along the front, according to the report of the war office today. Between the Oise and the Aisne the French advanced about a mile on a five mile front. The French first army resumed its attack this morning and is making progress. Between Sissonne and Chateau Porcelin, a front of more than 15 miles, the French have penetrated the Hunting line of the Germans. The French are making a general advance from east of St. Quentin le Petit to the outskirts of Herpi. They are also continuing their successful pursuit of the Germans in the region of Guise, northwest of which they have taken the village of Derque-sur-Fambre.

HOPES OF CIVILIANS FOR WOOL RELEASES ARE DASHED TO EARTH

Recent rumors concerning the imminence of important releases by the Government of wool for civilian consumption were authoritatively contradicted in a statement issued yesterday by the War Service Committee of the Wool Manufacturing Industry, on behalf of the Woolens Section of the War Industries Board, as predicted in this paper yesterday. They emphasized the fact that the quartermaster is compelled to conserve every pound of wool because of the stock of wool now actually on hand and free against new contracts and the uncertainties that surround importations. The Woolens Section believes that in advancing his program the quartermaster general has provided the only relief for the industry which may be found at present.

PREDICTS ENEMY WILL ACCEPT ARMISTICE OF THE ALLIED NATIONS

New Jersey Blast Kills Four Today

(BY ASSOCIATED PRESS)

Boundbrook, N. J., Nov. 5.—Four persons were killed here today in an explosion which demolished a great part of the plant of the Metal Disintegrating Co., a concern making aluminum alloys.

RAYMOND FISH VICTIM OF DEATH IN PEKIN, ILL.

Former Escanaba Fireman, Lately An Engineer, Succumbs to Influenza and Pneumonia.

The body of Raymond Fish, a well known former Escanaba boy, and a popular engineer on the Northwestern railroad arrived at 8:25 last night from South Pekin, Ill., where he passed away last Saturday night from influenza and pneumonia.

Mr. Fish was 26 years of age and is survived by his wife and one child 17 months of age. His mother, Mrs. G. Marchand, lives at Champion and is here for the funeral. His father, who was also a Northwestern engineer, was killed 21 years ago in a wreck.

Raymond Fish spent his young manhood in this city and when big enough, began railroading. He became a fireman and six years ago went to South Pekin, Ill., where he fired for four years, being given an engine two years ago, since which time he has been running on that division. He is a member of the B. of L. F. & E.

He suffered an attack of influenza about two weeks ago and had so far recovered that he returned to work and suffered a relapse which resulted fatally on Saturday night. He was well known and popular among the railroad men of this city and the news of his death was received with profound regret.

The body was accompanied to this city by Mr. and Mrs. Lee Frink and Mr. and Mrs. Edward Heaston.

Funeral services, strictly in private, in accordance with the local health rules, will be held at the Allo undertaking parlors Wednesday morning.

OLD RESIDENT OF SOUTH FORD RIVER CALLED BY DEATH

Mrs. Hans Johnson Passes Away Monday Night Following a Lingering Illness Covering Seven Year Period.

Mrs. Hans Johnson, and aged and highly respected resident of South Ford River for years, passed peacefully away at her home here shortly after 8 o'clock Monday night. She was 65 years of age and had been an invalid for the greater part of the last seven years.

Mrs. Johnson was known widely in the community and leaves scores of friends who will learn of her passing with the deepest regret and most sincere sorrow. She is survived by her husband, three sons and two daughters. Two of the sons are in the United States navy and the other is a fresh water sailor. The daughters are Mrs. George Jensen, of South Ford River; and Mrs. William Foster, of Escanaba.

Funeral services will be conducted at 2:30 tomorrow afternoon at the home in South Ford River. Rev. O. C. Deaeger officiating. Interment will be made in the South Ford River cemetery.

Paris Correspondent of London Times Says Diplomats Have Agreed on Terms and Germany Will Likely Accept.

BOLSHEVIKI IS SCARED

Said to Have Sent Note to Entente Governments Asking Peace Between Allies and Soviet Government.

(BY ASSOCIATED PRESS)

London, Nov. 5.—In sending the news that the allies have agreed, on armistice terms for Germany, the Times' Paris correspondent says that allied successes on the French front leave little doubt of Germany's acceptance.

Bolsheviki Wants Peace.

London, Nov. 5.—The Bolshevik government of Russia has handed a neutral minister a note for transmission to the entente governments asking for the opening of peace negotiations in order that hostilities between the allies and soviet government may be ended, says an Exchange Telegraph dispatch from Copenhagen.

Appeal To Germans.

Amsterdam, Nov. 5.—The state council at Vienna has issued an appeal to the German people of Austria declaring that the country is in danger and that the army is breaking up in disorder. It asks the soldiers to join the German-Austrian corps.

Italians Hold Islands.

Rome, Nov. 5.—Italian naval vessels have landed troops on the Dalmatian islands of Lissa and Lagosta, where the Italian flag has been hoisted, a dispatch from Trieste says. Italian battleships and destroyers have also landed troops at Fiume.

Would Continue War.

London, Nov. 5.—A demonstration was held before the Bismarck monument in Berlin on Sunday, in favor of continuing the war and a resolution was passed protesting against the acceptance of a humiliating peace, according to a Copenhagen dispatch to the Exchange Telegraph quoting the Taggeblatt, of Berlin.

CROWDER CALLS FOR OVER 18,000 MEN TO DO LIMITED SERVICE

(BY ASSOCIATED PRESS)

Washington, D. C., Nov. 5.—Provost Marshal General Crowder today called for 18,000 draft registrants physically qualified for limited military service to train for camps between Nov. 25 and 27. Voluntary enlistments will be accepted up to Nov. 20. A variety of trades and occupations are mentioned in the call and 46 states are asked to furnish the necessary number of men.

REGORD VOTE IS BELIEVED CAST IN THIS STATE

(Continued From Page One)
The Suffrage Proposition.

No little interest is added in today's election in that Michigan men were asked to give to women the right to vote. Suffrage, which lost when last brought before the voters of the state, seems to have at least an even chance of carrying this time. Business and industrial interests in many parts of the state, prominent individuals, political leaders, ministers, church organizations and military men and others lately declared for the franchise for women.

In view of all these things, the legal registration two weeks ago is not taken as a true barometer of the vote cast and many parts of the state are reporting heavy balloting.

The influenza epidemic, which prevented the use of the public meeting and political rally form of campaigning, seems to have had little if any influence against getting out the voting strength.

Fight For Smith's Seat.

The fight for the seat in the United States senate of William Alden Smith of Grand Rapids has been bitter, due to charges made that there was undue extravagance used in the Newberry campaign. More interest has been shown, outside of Michigan apparently however, in this fight than within the boundaries of the state.

Lieutenant Commander Truman H. Newberry U. S. N., republican, and Henry Ford, Detroit automobile manufacturer, the democratic choice, are asking for the senatorial toga and a heavy vote has been given each.

Every state office to be decided in the election held today is at present held by a republican and the entire list of incumbents seek re-election. The democratic ticket is admittedly a strong one, although this is normally a republican state. Gov. Sleeper is opposed by John W. Bailey, who has made a hard fight and has been given strong support.

New Blood Needed

After the grippe, influenza or other serious illness, the body needs help to regain the health and strength sacrificed by the disease. The blood first of all must be purified and revitalized. For this purpose physicians know of no more efficient body builders than Iron, Nux Vomica, Gentian, Capsicum and Zinc Phosphide in some form.

In many preparations however, the iron causes constipation but in Chase's Blood and Nerve Tablets, which contains all of these tonics, this is overcome by the addition of Aloin.

The system, therefore gets all the benefits of the Iron and other body builders without any unpleasant after effects. Health and strength quickly returns and pure, healthy blood is soon circulating through the body.

Each dose means more vim, vitality, and strength. Weigh yourself before taking and watch the result.

Dr. Chase's Blood and Nerve Tablets are sold by nearly all druggists at sixty cents a box. Special strength ninety cents.

WHEN YOU SUFFER FROM RHEUMATISM

Almost any man will tell you that Sloan's Liniment means relief

For practically every man has used it who has suffered from rheumatic aches, soreness of muscles, stiffness of joints, the results of weather exposure.

Women, too, by the hundreds of thousands, use it for relieving neuralgia, lame backs, neuralgia, sick headaches, clean, refreshing, soothing, economical, quickly effective. Say "Sloan's Liniment" to your druggist. Get it today.

MASTERY OF SEA FIRMER THAN EVER

Allies' Grip on the Enemy Constantly Increasing.

AS NAVAL EXPERT VIEWS IT

Seven Millions of Shipping Enter or Leave Ports Monthly—Supplies Are Being Carried in Greater Volume Than a Year Ago—Submarine Menace Being Held—Strength of Allied Armies Growing Rapidly.

The necessity of keeping an eye upon the importance of sea power in the present conflict, despite the close attention claimed by the land battles, is emphasized by Archibald Hurd, the naval expert, writing in the London Daily Telegraph.

"We have been apt during the recent offensives on the western front," Mr. Hurd writes, "to overlook other aspects of the war—notably the fundamental factor, which is sea power. After a period of fifteen months, during which our strength in ships has steadily declined, the downward tendency now has been definitely arrested. Not only is our sea power increasing, but our grip on the enemy is firmer than at any previous period of the war."

7,000,000 Tons of Shipping.

"Seven million tons of shipping enter or leave our ports monthly. Each ship is the target for enemy submarines, yet there have been days in the present week when the enemy has not secured a single ship."

"Twelve months ago we were with difficulty maintaining one stream of traffic, namely, that which brought us food and raw material. Today supplies are flowing through this main artery in greater volume than a year ago. At the same time another stream of traffic has started and merchant shipping has been made available for the greatest transport movement which has ever been carried out."

"For three months past American troops have been coming across the Atlantic by tens of thousands, far faster than at any time the balance between the allies and the central powers is being adjusted in favor of the former."

Reason for Confidence.

"Viewing the war in its various aspects—naval, military and economic—we have every reason for confidence. The tide is distinctly turning, and turning, let us hope, for the last time. The submarine menace is being held. The allied armies are increasing in relative strength. The food position of this country, of France and of Italy is improving, and shipbuilding, both in British and American yards, is proceeding at a greatly accelerated pace. There is assurance that by the end of December at least 4,000,000 tons will have been put into the water here and in the United States and that figure may be considerably exceeded."

"On the other hand, the enemy's sinkings of British and allied tonnage have been so considerably reduced owing to the activities of the allied navies and the courage and resource of their merchant seamen that it is practically certain there will be a balance of shipping on the right side."

"In a word, the relative naval, military and economic strength of the allies is steadily increasing at a moment when the enemy is feeling the cumulative effects of the blockade maintained over a period of nearly four years with increasing stringency, and of the war on land, which not only has resulted in heavy casualties, but has drained the central powers of industrial workers."

Very Particular.

Mrs. Swift—I hear Mrs. Prime is opposed to all sorts of society functions and entertaining.

Mrs. Smith—She is. She is that narrow-minded that she wouldn't even entertain an idea.

Alarmed.

"Ze bootful helress scared me to death when she asked if I had anything to hide from ze world."

"Monsterr was alarmed?"

"Terribly! I thought she had seen ze soiled shirt beneath ze big Windsor tie."

The Exclusive Cook.

"I see the army is advertising for cooks, with a proviso that they need not enlist for any stipulated time."

"Shows they understand the nature of cooks, all right enough."

Quid Pro Quo.

"My son wants to marry your daughter. Can she cook a dinner?"
"Yes, if your son can give her anything to cook it with."

MANY REGISTRANTS ENROLL IN THE WAR TRAINING INSTITUTE

Officials Hope to Enroll Between 500 and 1,000 for Service in Either Factory or Field.

(Special to Mirror.)

Grand Rapids, Nov. 5.—Scores of September registrants for the draft were on hand here today to enroll in the War Industrial Training Institute, which now is the western Michigan branch of the federal board for vocational training. Registration will continue for the rest of the week.

K. G. Smith, representing the federal board for vocational training, came to Grand Rapids to assist in the opening exercises.

The officials hope to enroll between five hundred and one thousand students. They are urging registrants to take advantage of the schooling for they believe it will be of invaluable aid in either factory or field.

The program of instruction calls for classes in automobile, motor truck and airplane construction, accounting, signal corps, electricity, machine shop work, acetone welding, and foundry work. When the course is completed the graduate will be competent to take either a non-commissioned officer's work in the army or an office demanding skill in a factory.

GEORGE HARVEY IS ACCIDENT VICTIM ON TRAIN MONDAY

Engineer George Harvey, of the Northwestern, sustained a very painful injury yesterday while his train was in Bark River. One of his legs was caught between the reverse lever and a boiler brace in such a way that it was badly pinched before he was able to free it. He was brought to his home in this city and will be laid up for about two weeks. Those familiar with the operation of engines consider it remarkable that the leg was not broken.

Mr. Harvey, who is also a county supervisor, is one of the best known and most popular men in the county and his many friends will learn of his misfortune with deep regret.

MODELS FOR SERGE AND SKIRT

The first might be a compose frock, the skirt and waist being of serge, with broad-trimmed girdle of taffeta, and there would be nothing more delightful for Fall wear. A touch of embroidery in self-color should finish the collar. Medium size requires 4 yards 54-inch serge, with 1 yard 46-inch taffeta.

Taupe satin, with embroidery and beading in steel and self-color is ideal for the next dress. To break the plainness of the gathered skirt there are large pockets with embroidered bands at the top. The waist is gathered to a yoke at the shoulders and a round collar finishes the V-shaped neck. Medium size requires 4 yards 54-inch satin.

First Model: Pictorial Review Waist No. 7839. Sizes, 34 to 50 inches bust. Price, 25 cents. Waist No. 7830. Sizes, 34 to 38 inches bust. Price, 30 cents.
Second Model: Waist No. 7843. Sizes, 34 to 46 inches bust. Price, 20 cents. Skirt No. 7837. Sizes, 24 to 38 inches waist. Price, 35 cents. Embroidery No. 12192. Transfer, blue or yellow, 15 cents.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

OIL PATCHES ON THE SEA CHARTED BY SAILORS NOW

Record of Such Cases Kept Up to Date and Maps Made of Areas Where Bombs Are Likely To Be Wasted.

(BY ASSOCIATED PRESS)

London, Nov. 5.—Even oil patches on the sea are charted these days. A sunken submarine may emit oil for weeks. To guard against navy aerial patrols wasting bombs on submarines already finished, a record of such cases is kept and shown on maps kept up-to-date.

Aviators patrolling the same section of water for days become accustomed to these "permanent" patches and waste no time on them. A man over new water, however, must frequently consult his map.

IMPORTANT

In Order to Combat the Epidemic of SPANISH INFLUENZA Which is Now Most Prevalent in Our State, and in Compliance With the State Board of Health, the Local Board of Health Requests That the Following Precautions be Observed.

1. It is especially important to beware of the person who coughs or sneezes without covering his mouth and nose. It also follows that one should keep out of crowds and stuffy places as much as possible, keep homes, offices and workshops well aired, spend some time out of doors each day, walk to work if at all practicable—in short, make every possible effort to breathe as much pure air as possible.

"Cover up each cough and sneeze, If you don't you'll spread disease."

2. Where crowding is unavoidable, as in street cars, care should be taken to keep the face so turned as not to inhale directly the air breathed out by another person.

3. In guarding against disease of all kinds, it is important that the body be kept strong and able to fight off disease germs. This can be done by having a proper proportion of work, play and rest, by keeping the body well clothed, and by eating sufficient, wholesome and properly selected food.

4. It is very important that every person who becomes sick with INFLUENZA should go home at once and go to bed. This will help keep away dangerous complications and will, at the same time, keep the patient from scattering the disease far and wide. It is highly desirable that no one be allowed to sleep in the same room with the patient. In fact, no one but the nurse should be allowed in the room.

5. Call a physician and take only such medicine as is prescribed by the doctor. It is foolish to ask the druggist to prescribe and may be dangerous to take the so-called "safe, sure and harmless" remedies advertised by patent-medicine manufacturers.

6. The ordinance relative to spitting on the sidewalks and in public places, will be rigidly enforced.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use. 50c and 60c jars, hospital size \$2.50.

Wanted! MEN AT PULP MILL

Wages \$3.50 to \$4.20 Per Day

PERSONAL PARAGRAPHS

Dewey Menary and Howard Olmsted of Nahma were in the city yesterday.

Mrs. John Chaffe of Fairport was an Escanaba visitor yesterday.

Leo Sauvageau will leave tomorrow for Notre Dame where he is attending college.

Miss Fannie Shapiro is ill at her home.

Miss Hazel Markham has accepted a position at the Fair store.

Harold Nearman who has been ill for some weeks is able to be out again.

Earl Parker has returned from Rapid River where he has been for the past year.

Edward Erickson will leave tonight for Indian Head, N. Y. after a brief furlough with his parents here.

Miss Susie Booner, who is a trained nurse at Newberry is the guest of her parents in this city and will remain here until she leaves for overseas service.

Philip McRae is up from Racine to spend a few days with his parents.

Lambert Peterson has returned to his home at Green Bay after a few days visit in this city.

Mrs. W. J. Emba has returned to her home in Iron River after a few days visit with her mother, Mrs. Cates.

Prohibition Costs Tidy Sum But It Is Worth All It Costs

(Special to Mirror.)

Lansing, Nov. 5.—"Enforcing prohibition in Michigan is costing at the rate of \$150,000 a year," estimated F. L. Woodworth, food and drug commissioner, upon whose department the legislature of 1917 put the responsibility for making the state really dry. He said that while the cost seems high, savings to taxpayers as the result of prohibition will be much greater.

ENGLAND DOESN'T IDOLIZE AIRMEN AS HER ALLIES

Loss of Man Who as Won Distinction As An "Ace," They Claim, Has a Bad Effect on People At Large.

London, Nov. 5.—British air force authorities do not allow publication of stories of exploits of the most successful British aviators using the names as in France and Germany because it is considered unfair to men who are doing fine work but who have not had opportunities for winning many air victories. Also they say the loss of a famous aviator creates a bad impression if the people at home have been led to believe that he is almost a superman.

This view is also taken by many of the British flying officers. One of them recently wrote: "I go into the air perfectly equipped to bring down 'Hun' machines. A pilot on artillery observation or photography work goes over it and in any case has other work up to do a highly necessary job, and to do and cannot go strafing—however much he might like to do so. Why should I be advertised and glorified any more than he is? We both are trying to do our job and nobody can do more."

Lieut. Johnson Is Made A Captain

Lieut. R. L. Johnson, formerly of this city, has been made a captain according to information received here. He visited here recently and immediately upon his return to his duties in the ordnance department, at Edgewood, Md. was promoted to a captaincy. Previous to his enlistment he was employed in the chemical plant here.

IVAN CARLSON GOES TO TRAINING CAMP AT LOUISVILLE, KY.

Ivan Carlson, well known in this city left last night for Louisville, Ky., where he will enter the Central Officers' training school for artillery officers. His application for admission to this camp was made last September, two trips to Louisville having been taken by the young man at his own expense to carry out the details. Yesterday he received word of his induction and left last night.

Y.M.C.A. WORKERS TO BE RECRUITED IN THIS COUNTY

Need For Men and Women with Special Gifts Is Vital and They Are to Be Sought Out By Various Committees.

George D. Westerman yesterday named a Delta county committee for the purpose of recruiting Y. M. C. A. workers in the upper peninsula. A. J. Young and E. A. Hubbard, of this city, and George W. Ogden of Gladstone were chosen.

The purpose of the committee is to get active workers in the "Y" cause, which is getting to be one of the biggest, growing out of the war. A slogan of "A worker a week" has been adopted and every effort is to be made to live up to it.

It is stated that in every community there are men and women particularly fitted for Y. M. C. A. work in camps and at the front and the purpose of this campaign is to get in touch with these people, uncover them so to speak and get them into a service which requires so many more workers.

GLADSTONE MAN GIVES LIFE IN NATION'S CAUSE

Lieut. Harry Wolfred Dies in French Hospital of Wounds Received in Action on French Front October 11th.

WELL KNOWN ATHLETE

Came to Gladstone from Green Bay Four Years Ago and Made Hosts of Friends Thru Pleasing Personality.

Mrs. Harry Wolfred, wife of Lieut. Harry Wolfred, of Gladstone, yesterday received an official dispatch from the war department announcing the death of her husband in a hospital in France on Oct. 11. He died as the result of wounds received in action.

Lieut. Wolfred was 26 years of age and is survived by his wife and two children, the elder being two years and the youngest but two months of age. He also leaves a brother and sister in Green Bay, from which place he came to Gladstone four years ago and engaged in business.

Volunteered in 1917. Lieut. Wolfred volunteered for service and entered the second officers training camp at Fort Sheridan on Aug. 23, 1917, winning a first Lieutenant's commission after three months training. After completing his training he was sent to Camp Taylor and later to Camp Gordon. On July 6, of this year he was home for one day's furlough and sailed for overseas duty immediately after returning.

Lieut. Wolfred was known to a large number of Delta county people and was noted particularly for his prowess in athletics. He held the deepest respect of those who knew him and was the typical progressive, earnest, sincere, young American business man, whose first interests were for his country for which he gave his life.

NURSING CLASS WILL BEGIN TO TAKE FORM SOON

Application of Those Who Wish to Enroll for Home Nursing Course Will Be Accepted By Red Cross Now.

Further steps are being taken in the organization of Red Cross classes in home nursing. The schedule has been arranged and applications are being received now at the Red Cross headquarters. All that is required is that the applicant be over 16 years of age, will pay a nominal charge of 50 cents for necessary books and will agree to render service in this community in cases of emergency.

It has been arranged to hold classes Tuesday, Wednesday and Friday of each week, hours being designated between 9:30 and 11:30 a. m.; 2:00 to 3:30 p. m. and 7:30 to 9:00 p. m. Applicants have the privilege of choosing which hours they desire to devote to these classes.

The instruction is of the practical kind that will serve for all home uses and render women competent to care for others in case of emergency or disaster. The course covers five weeks and consists of 15 lessons. In order to qualify for examination and a certificate, students must have attended at least 12 of the 15 classes.

TO PROVIDE REMEDY FOR DISCONTENT IN RANKS OF SOLDIERS

Camp Custer, Nov. 5.—An entirely new branch of welfare work has been opened at Custer with the appointment of Capt. Paul H. Davies as camp morale officer. It is his task to uncover conditions which are causing or may cause discontent among soldiers, and to provide remedies for them.

His first step was to establish "company nights" when the officers of each company can meet their men at evening mess. After supper, which includes all the extras of a Sunday dinner, the talent of the company provides a program. This program is proposed for the purpose of putting the officers and men on a common footing so that they may arrive at a greater understanding of each other.

Escanaba Boy Says He Meets Many Of The Boys From Here

Letters and cards received in this from Corporal Wm. E. O'Donnell, say that the young man has met a number of Escanaba boys recently, at different times. He likes his life in the army fine, with exception of the rainy weather and has seen lots of action with heavy guns.

STRAND THEATRE IS MUCH CHANGED UNDER NEW MANAGEMENT

When patrons of the Strand theatre next step into that pretty little playhouse, after the ban has been lifted on the "flu" they will be most pleasantly and agreeably surprised at the altered appearance of the place. Manager Jacobs, of the Delft, which has taken over the management of the Strand, has wrought a great change. The walls have been tinted a soft gray, a soft glow of old rose lights will add a sense of deep repose and restful peacefulness and the atmosphere of the house will be most attractive. New matting has replaced the aisle carpets and a number of other changes effected, which will make this one of the most inviting places in the city in which to spend a couple of hours for actual recreation.

DIRE DISTRESS

It is Near at Hand to Hundreds of Escanaba Readers.

Don't neglect an aching back. Backache is often the cry for help.

Neglect hurrying to the kidneys' aid means that urinary troubles may follow.

Or danger of worse kidney trouble. Here's Escanaba testimony. John Hamilton, 301 N. Charlotte St., says: "My work, which requires a good deal of stooping and heavy lifting, weakened my kidneys. My back was lame and hurt me when I tried to bend or pick up anything. I felt bad all over, especially in the small of my back. Doan's Kidney Pills cured me of the trouble and fixed me up in good shape. Doan's can't be beaten at any price and folks with kidney trouble should try them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hamilton had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

NORTHWESTERN MAN IS INJURED IN YARDS HERE

Fireman John Vande Wiele Jumps from Tipping Engine and Breaks Right Arm Sunday Night.

John Vande Wiele, a fireman on the Northwestern, and Al Baker, engineer, had rather narrow escapes from what might have been fatal injuries Sunday night in the local yard. They backed their engine up over an open switch and the engine tipped over. Both Vande Wiele and Baker jumped, Vande Wiele landing against a string of ore cars and breaking his right arm above the wrist. Mr. Baker escaped without injury. Meantime the

Young & Fillion Co.

engine tipped entirely over and both men might have been crushed had they remained with it. Mr. Vande Wiele is confined to his home at 15 St. Claire street but aside from the pain of a broken arm, apparently is none the worse for his experience.

CAMP CUSTER NEWS NOTES

(Special to Mirror.)
Battle Creek, Nov. 5.—The war camp community service district which has included Michigan is divided into two districts. R. W. Flanders of New York has charge of the work in the new district, which now includes Michigan, and is at Camp Custer. T. R. Smith, who was in charge of the old district, now is at the head of the other half of the divided territory.
Not only before they come to camp but after they arrive here are the selected men to be given special advice as to their rights and duties and privileges as enlisted men. The camp

officers at the Custer cantonment have arranged a program of weekly meetings, which will include lectures and entertainments, suppers and the like, when the officers will mingle with the men and take part in their social and other doings, holding up morale and fighting against homesickness.

All the men will be mustered to hear the lectures. There will be something extra for the evening meal the night of these affairs and the men will arrange their own entertainment, vaudeville, songs, playlets, boxing shows and so on.

The men training at Camp Custer are not allowed the freedom of Battle Creek as yet as the influenza quarantine between the cantonment and the town has not been lifted. The restrictions are not to be lifted, either until Battle Creek and other southern Michigan cities are considered, by the camp medical officers, sufficiently free from influenza and pneumonia.

Private William Pintal has reached France according to word received in this city by his friends.

Mrs. Bertha Clark is ill at her home on So. Oak street.

Shampoo Your Hair

with

See how quickly and abundantly it lathers in hard or soft water, how little time it takes to thoroughly cleanse the hair and scalp. It rinses so easily and quickly leaving not a trace of soap to attract dust. Save time by using Jap Rose for the shampoo as well as for the bath and toilet.

"There's a Reason"

of Women's and Misses' Suits and Coats

Continues All This Week

Radical Price Reductions

To Dispose of Heavy Overstock

This sale is brought about by reasons that we will frankly explain. Many very unusual and unfavorable conditions have seriously interfered with our October business. As a result we find our stocks far too heavy for this season of the year. Quick selling must make up for the losses of the past month. Under normal conditions this sacrifice sale would be unheard of.

It brings to thrifty women an unexpected opportunity to secure their winter apparel at savings of many, many dollars. This offer will continue for a few days until stock is reduced to bring it where it should normally be at this date and you are urgently advised to be here early tomorrow.

MISSING BOY IS LOCATED IN ARMY BY PARENTS HERE

Frank Ehrenberg, Missing Four Years, Has Been Mourned As Dead for Portion of That Time.

MESSAGE BRINGS JOY

Young Man Is in the Army in France and Has Been in the Thick of the Recent Fighting with the Americans.

Mr. and Mrs. Jacob Ehrenberg, 930 Stephenson avenue were overjoyed yesterday at the information contained in a letter received from the war department, which effectually set at rest all fears from which they have suffered for the past four years.

Four years ago their son Frank disappeared. All efforts to locate him failed. All probable sources of his whereabouts were communicated with and everything possible was done to find where the boy had gone. As time went on it was forced in upon the family consciousness that the boy was dead, and he has been more or less regarded in that light for four heart-breaking years.

Write War Department Recently, however, as a last desperate and seemingly hopeless measure, the war department at Washington was communicated with to learn whether or not the boy might be in the army, as he was still within the draft age. Yesterday the joyful news arrived that he was a member of the American Expeditionary forces abroad and was in the midst of the fighting which is going on now on the French front.

Needless to say there was celebrating in the family which could be exceeded only by the safe arrival home of the young man when hostilities end. He is now 30 years of age.

FIRST XMAS BOX IS DELIVERED TO THE RED CROSS

People Intending to Remember Boys Abroad This Year Should Not Delay Longer—Consult Red Cross if in Doubt

The first Christmas parcel for overseas has been delivered to the headquarters of the local Red Cross chapter. The little cartons which are permitted to be sent probably look a bit discouraging to some doting parents who want to load son down with evidence of their good wishes, but a great many pleasant remembrances can be crowded into the small space of one of the standard sized boxes.

It was stated at headquarters today that no time should be lost in getting these packages to headquarters, they must all be inspected, sealed and wrapped in the proper manner and they must go before Nov. 20. Only those who have received the regular label from their soldier boy, can send packages. Some of these labels are being carried in pockets and this endangers their sticking qualities as well as has a tendency to roll and crumple them up so that the address will be hard to decipher after all the other handling these packages must receive before they reach their destination.

If you have received a label from your boy and intend sending him a Christmas package it would be well to get busy on it at once, as there may be a number of changes in plans made necessary by the government rule. Better ask the Red Cross about anything that you do not fully understand.

DELTA COUNTY MEN CAN TRAIN FOR OFFICERS

New Camp in California Offers Splendid Opportunity To Those Who Talk It Over with W. J. Clark Right Now.

W. J. Clark today received official notice of the opening of the new United States Officers' Training Camp at Camp Fremont, Cal. Twenty thousand men are wanted to train for Second Lieutenant's commissions. The training is open to men between the ages of 18 and 45 and the government will pay private's pay and transportation enroute.

The camp opens Dec. 1 and runs for two months only, which makes the necessity for men making up their minds quickly, quite necessary if they desire to take advantage of this opportunity. Class A men will be kept in the service if they do not qualify for a

commission and all other deferred classification men will be returned to their former status if they so desire.

All Delta county men interested in this new officers' training camp, should apply to W. J. Clark, at Kurz Bros. office for further particulars. It is a splendid opportunity to "get in right" and the men who act promptly will have a wonderful experience opened up to them.

TRAINING HELD UP BY "FLU" AT THE HOUGHTON SCHOOL

Houghton, Mich., Oct. 5.—As a result of the Spanish influenza epidemic which has its clutches on the unit of soldiers training at the Michigan College of Mines here, work in the mines of the Michigan Copper Country for these men has been temporarily suspended. This step was taken to prevent the possible spread of influenza from the student-soldiers to needed in the prosecution of the war.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

Miss Valeske Ecker returned last night from a visit with friends at Oshkosh and other Wisconsin points.

Mrs. Frank Stoik has gone to Ashland called there by the illness of a relative.

Mr. and Mrs. E. E. Anderson of Milwaukee are in the city the guests of friends and relatives.

Mrs. Thomas Powers has gone to Chicago to visit for a few days.

SERIOUS ACCIDENTS

Marquette, Mich., Nov. 5.—The season of big storms on the Great lakes is at hand. Northwestern winds have commenced to lash Lake Superior into mountainous waves and mariners are doubly watchful and are paying strictest attention to weather reports and forecasts.

Lake Superior each year claims several big lake boats as its victims and frequently a large carrier will fall out into its waters, never again to be heard from. There have been no serious accidents so far this fall, however, and marine men are praying for a "good" season to end well.
