

# ESCANABA STORES TO OPEN SATURDAY

## LAFOLLETTE PROPOSES MEASURE PERMITTING A FREE DISCUSSION

Introduces Bill Which Provides That Nothing in Statutes Shall Be Construed to Prevent It.

**SEEKS WIDE LATITUDE**  
Wants To Be Able To Discuss Matters of War and Peace Without Danger of Infringing Laws.

(BY ASSOCIATED PRESS)  
Washington, D. C., Dec. 6.—Senator LaFollette, of Wisconsin, today introduced a bill providing that nothing in the statutes shall be construed to prohibit the discussion of the policies of the United States government, including declarations of war or peace. The bill was referred to the judiciary committee.

The names of American wounded in German prison camps arrived today. Word of the release of 2,300 Americans at Restatt, information of whose welfare was given several days ago, is expected momentarily.

**14TH DIVISION MAY BE MUSTERED INTO THE REGULAR ARMY**  
Battle Creek, Mich., Dec. 6.—It has been reported that the 14th division training at Camp Custer, will be one of the three divisions to go into the reorganized regular army and will not be mustered out as a division. This is not taken to mean that men, excepting those who were in the regular service when this country entered the war, must remain in service.

Drafted men and those who volunteered or were induced for the duration of the war will be discharged, if they so desire, it is believed, when the proper time comes but the division as a division, will likely be made a part of the new regular army.

**HUN GOVERNMENT "PLAYED UP" TO HEARST PAPERS**  
(BY ASSOCIATED PRESS)  
Washington, D. C., Dec. 6.—In telling his story of German Propaganda in America, A. Bruce Bielaski, chief of the bureau of investigation of the department of justice, today laid before the senate committee copies of cables exchanged in 1916 between German ambassador Bernstorff and the Berlin foreign office.

## Thirteen Lives Are Lost In Explosion At A Powder Plant

(BY ASSOCIATED PRESS)  
Pompton Lakes, N. J., Dec. 6.—Four explosions occurring at the detonating building of the DuPont Powder Co. plant here today killed 13 persons and more than a score were injured. All of the killed and injured were employees of the plant.

## WILSON DIRECTS BUSINESS FROM HIS SEA "HOME"

**Special Wireless Code Has Been Devised For Communication With Secretary Tumulty in Washington.**  
(BY ASSOCIATED PRESS)  
Washington, D. C., Dec. 6.—Messages directing the disposition of official business have begun to reach the White House from President Wilson at sea, on his way to the Paris peace conference. Secretary Tumulty, who went to New York to see the President off, returned to his desk today in time to handle the first of the instructions.

It is understood that all wireless dispatches received so far, deal with routine business and except for reporting the nomination of Representative Carter Glass, of Virginia, for the office of Secretary of the Treasury, it was not necessary to bring any business of material importance to the President's attention.

Secretary Tumulty expects to communicate freely for that purpose and executive messages will be given priority.

The appointment of a new Director-General of railways will probably be delayed, at least until the first of the new year, it is said.

## ABOUT 400 CASES OF INFLUENZA IN THE CITY TODAY

Physicians Too Busy To Make Usual Noonday Report to City Health Officer Dr. A. J. Carlson.

## KEEP WEARING MASKS

Health Board Wishes To Emphasize That Situation Is Serious and Calls For Co-operation of the Public.

Escanaba has close to 400 cases of influenza, as nearly as City Health Officer Dr. A. J. Carlson was able to estimate this afternoon in the absence of reports from the physicians of the city. Dr. Carlson has been receiving these reports at noon daily but today, apparently, every physician in the city was too busy to make a report at that time.

This condition perhaps emphasizes the seriousness of the situation as strongly as any other one factor. Yesterday the City Health officer stated there were over 300 cases and in view of that fact that he has received no reports today he feels safe in assuming that doctors have been so busy waiting on patients that they haven't had time to report, and this would seem to argue the development of enough new cases to bring the number well up around 400.

**NEW VACCINE SUPPLY.**  
The supply of vaccine which was almost exhausted yesterday was replenished by a fresh shipment today so that there is plenty of serum for treatment of everyone who appears and applicants seem to be appearing in increasing numbers.

Dr. Carlson announced today that the wearing of masks will be continued until such time as the board of health is assured conditions make it advisable to quit wearing them.

**KEEP WEARING MASKS.**  
Continuation of vaccination and continuation of mask wearing are the conditions under which a general reopening of the stores of the city will be brought about most speedily.

## ONE CUSTOMER TO EACH CLERK WILL BE RULE

Customers and Clerks Must Wear Masks and the Public and Merchants Are Warned Against Crowding.

## VACCINATION IS URGED

Health Board Expects Every Man, Woman and Child To Co-operate to the Fullest Extent in Relieving Situation.

All stores in Escanaba will be reopened tomorrow under certain restrictions. Candy kitchens and bakeries will not be allowed to serve ice cream and drinks but may sell them to be carried away.

The other stores will reopen with the understanding that no more than one customer to a clerk will be allowed in at one time. When there is a customer in the store for every clerk employed, the key will be turned and other customers held out until the conditions inside change.

All persons, both customers and clerks, must continue to wear masks. This is a protection to both. This modification of the closing order is made for the accommodation of the public as well as the merchants, and its continuance in force depends entirely upon its strict observance. If violations are wilfully permitted, the lid will go down again.

Meanwhile the board of health urges the public to continue wearing the masks and all those who have not been vaccinated should do so immediately.

This order was issued at a meeting of the board of health held late this afternoon and is an experiment to see whether or not the people will observe its conditions strictly and thereby have opportunity to do their shopping much as usual. If the confidence of the health board is abused, the tight closing order will again go into effect.

## DECIDE AGAINST WEARING MASKS UP IN GLADSTONE

City Council and Board of Health Hold Joint Session To Discuss Matter Last Night.

## NO CHANGE IN RULES

Proposition To Enforce a Stricter Closing of Stores Does Not Meet With Favor in Upper Bay City.

The influenza situation in Gladstone today was reported to be a little more encouraging. It was stated that in all the second epidemic has produced a total of about 150 cases. Many of these are beginning to recover and the number of new cases reported daily is said to be diminishing.

A meeting of the city council and board of health was held last night to discuss the matter of following the Escanaba example of enforcing a rule to wear masks, and to make the present closing order a little more stringent by including in its operations some stores which are now permitted to remain open.

**Won't Close All Stores.**  
After considerable discussion, it was decided that the necessity for such stern measures was not sufficiently pronounced at this time and matters will be permitted to go along as they are.

People of Gladstone are responding in large numbers to the suggestion that all be vaccinated and as people are remaining off the streets except in cases where it is absolutely necessary to go out, it is believed that the situation is well at hand. At any rate Gladstone will be "maskless" unless conditions grow worse.

**A RECONSTRUCTION CONGRESS TO MEET IN SAGINAW DEC. 13**  
(BY ASSOCIATED PRESS)  
Saginaw, Mich., Dec. 6.—Commissioners from Wisconsin, Michigan and Minnesota will meet here on December 13, attending the reconstruction congress of the Michigan Land and Livestock association. Secretary of the Interior Franklin K. Lane has been invited to attend and may do so.

## ALLIED FORCES WILL OCCUPY BERLIN WITH FORCE FOR POLICING

## Wilson To Arrive In Paris On Friday And The Thirteenth

(BY ASSOCIATED PRESS)  
Paris, Dec. 6.—Attention is called by Marcel Huttin, in the Echo of Paris, to the coincidence that President Wilson will arrive in Paris on Friday the 13th.

## RED CROSS STILL BUSY GIVING OUT MASK MATERIALS

Between 300 and 400 Yards Is Distributed Yesterday and Practically Every Family Is Now Supplied.

## SOME RETURN FOR MORE

Masks Should Be Sterilized At Night and Be Made Ready For Use For the Following Day.

Red Cross headquarters was busy again yesterday and last night in supplying gauze and cheesecloth for the making of influenza masks. Between 300 and 400 yards of material was given out yesterday and today quite a number of calls were made.

It is believed that in some cases, persons are under the erroneous belief that they are supposed to wear a mask about one day and then go to the Red Cross headquarters for more material to make a new mask. This is not the case.

## Berlin Paper Says This Action Due To Shooting of Three Frenchmen By Prison Camp Supervisor.

## RIOTING IS REPORTED

Tales of Disorder Believed To Mean That Liebknecht Has Started His Reign of Terror in German Capital.

(BY ASSOCIATED PRESS)  
Copenhagen, Dec. 6.—Allied and American forces will temporarily occupy Berlin to exercise police supervision, according to the Deutsche Altemzeitung, of Berlin, which says that an American wireless dispatch to that effect had been intercepted by the Germans.

The newspaper also says that Mannheim will be similarly occupied. The reason for this action on the part of the allies is said to be "a regrettable incident during which the supervisor of a prison camp shot three French prisoners."

London, Dec. 6.—Serious disorders have arisen in Berlin and considerable firing has occurred in the principal streets, according to reports reaching the Dutch-German frontier, says an Exchange Telegraph dispatch from Amsterdam. The trouble was caused by German Bolsheviks.

The Zurich correspondent of the Paris Journal telegraphed Thursday that he had received advices that a terrorist revolution was scheduled to break out in Berlin on Friday under command of Dr. Karl Liebknecht, the Radical Socialist leader, who was said to have 15,000 well armed men under his orders. From the foregoing it would appear that the disorder occurred before Friday.

**PLAN EXPERIMENT TO SAVE ALCOHOL FROM SEIZED BOOZE**  
(BY ASSOCIATED PRESS)  
Grand Rapids, Mich., Dec. 6.—A large quantity of whiskey, about 40 barrels, much of which has been seized by state officers, has been received in Grand Rapids and tests are to be made to ascertain if the alcohol can be reclaimed from the liquor, which is now contraband under the Michigan law.

## OFFER MANY PLANS TO MEMORIALIZE KANSAS CITY MEN

(BY ASSOCIATED PRESS)  
Kansas City, Mo., Dec. 6.—A symposium of the suggestions as to the best way to memorialize the soldiers and sailors from Kansas City ranges from a monument to a new public library. The original plan was for a stone shaft to be erected on the plaza fronting the Union Station. There are a good many adherents to the plan of building a museum to contain war trophies. A city park in the business section also is suggested. A large army "so that should the future bring us tidings of war, we will not be totally unprepared" has many supporters. A larger polytechnic school, with a course of study of four to six years, also is advocated.

Mrs. E. Olson and daughter Phyllis left this morning for their home in Gary, Ind. after an extended visit with her mother Mrs. W. H. Johnson.

## GERMANS BUILD AN AIRPLANE TO CROSS ATLANTIC

(BY ASSOCIATED PRESS)  
London, Dec. 6.—The Germans are building an airplane with which they intend flying across the Atlantic and have a Zeppelin under construction with the same idea in view. This fact was learned when a newspaper man was being shown over the factory at Staaken. The machine being built has a wing spread of 198 feet and an engine capacity of 3,000 horsepower.

The correspondent says the Zeppelin factory is located at Frederickshaven and is building a machine for the transatlantic voyage capable of carrying 100 passengers. It has nine engines and eight propellers. The first flight is scheduled to be made in July next if the international situation has cleared up by that time. It is expected to make the trip in 40 hours.

## RESTRICTIONS ON CROSSING BORDER ARE NOW REMOVED

(BY ASSOCIATED PRESS)  
Port Huron, Mich., Dec. 6.—It is no longer necessary that registrants seeking to cross to Canadian shores from Michigan at Sault Ste. Marie, Detroit, Port Huron and other Michigan points be armed with passports, it is stated here. All restrictions in this particular have been removed, according to John S. Smith, chairman of district draft board No. 1.

## NEW CHIEF JUSTICE SEATED JANUARY 1ST

(BY ASSOCIATED PRESS)  
Lansing, Mich., Dec. 6.—On January 1st, John E. Bird of Lenawee county will assume his seat as chief justice of the supreme court. He formerly was attorney general of Michigan. His term of eight years in the supreme court expires in 1920 and he will be a candidate for re-election next April.

## STRIKERS URGED TO REMAIN ON THE JOB IN PAPER MILLS

(BY ASSOCIATED PRESS)  
Glenn Falls, N. Y., Dec. 6.—Shortly after a strike by 15,000 union employees of New York and New England paper mills went into effect this morning J. C. Cary, president of the International body, sent a message to the men asking them to keep the mills running and notifying them that the war labor board will speedily handle the matter and adjust their grievances.

D. Curt's of M... ing business in Escanaba.

# CHRISTMAS CARDS!

Do not wait until a week before Christmas to order your cards.

The Mirror office has a beautiful assortment of cards for your inspection and selection. It will be cheaper for you to buy from this sample line, than to purchase them in any other way. We will be glad to have you come in and look them over.

## THE DAILY MIRROR

### PERSONAL PARAGRAPHS

A. R. White of Menominee arrived here yesterday to spend several days.

Mrs. T. H. Kelly left this morning for Menominee where she will visit for the coming few weeks.

Sam Dale has returned to his home in Iron River.

M. D. Leavitt left for a business visit in Chicago.

Mrs. P. Thamel left this morning for Menominee where she will visit relatives for a few weeks.

### A New Opportunity For American Women

(By Mrs. Joseph M. Cudahy.)

Before the war the average woman thought she was leading a useful life. She had her home, her family, her friends, her local field of service, in which she worked and found her horizon within her garden walls.

The great need came. Almost every woman answered the call in one way or another. A large proportion volunteered for the Red Cross service. The work women have done has accomplished far more for us, I am sure, than for the great cause we have labored to help.

Although we see less of our old friends, we have made new and in many cases more valuable ones, and their message of comradeship is warmer when we meet. We have less time to worry about countless details, many of which in a measure are taking care of themselves.

We have found out that we no longer are satisfied with being private individuals, but are looking for a broader scope with a larger viewpoint. We have learned the joy of service. We shall find many ways to continue our Red Cross work during the period of reconstruction and in peace. The specific need will change, but there will be enough work for all.

Women can safely claim always to have been the moulders of public opinion, but never have we been so conscious of the importance of our function. Our interest in the soldier and his family has led us into knowing the community problems where we see conditions for which we also see opportunity for constructive relief. There we have found an important duty which we cannot ignore. May we assume the newly found responsibility with the real Red Cross spirit.

### Nahma Woman Dies After Illness Of But A Few Days

Mrs. Charles Whitlock, of Nahma, died there last night after a brief illness. She is survived by her husband and a child two weeks old. Mrs. Whitlock was 23 years of age. Funeral services are to be held Saturday afternoon.

### Earl Christie Has Meeting With His Brother In France

Mr. and Mrs. A. M. Christie, 122 Wells avenue, are in receipt of a letter from their son Earl, who is with the American Navy in foreign waters, stating that some time ago he met his

brother "Jack" who is in the army. The boys met in France and the reunion was a joyful one for both of them. The young man also states that he met Harry St. Louis, of this city but does not say where.

J. Salomn of Kalamazoo is visiting here this week.

# IMPORTANT!

IN ORDER TO COMBAT THE EPIDEMIC OF SPANISH INFLUENZA WHICH IS NOW MOST PREVALENT IN OUR STATE, AND IN COMPLIANCE WITH THE STATE BOARD OF HEALTH, THE LOCAL BOARD OF HEALTH REQUESTS THAT THE FOLLOWING PRECAUTIONS BE OBSERVED.

1. It is especially important to beware of the person who coughs or sneezes without covering his mouth and nose. It also follows that one should keep out of crowds and stuffy places as much as possible, keep homes, offices and workshops well aired, spend some time out of doors each day, walk to work if at all practicable—in short, make every possible effort to breathe as much pure air as possible.

**"COVER UP EACH COUGH AND SNEEZE, IF YOU DON'T YOU'LL SPREAD DISEASE"**

2. Where crowding is unavoidable, as in street cars, care should be taken to keep the face so turned as not to inhale directly the air breathed out by another person.

3. In guarding against disease of all kinds, it is important that the body be kept strong and able to fight off disease germs. This can be done by having a proper proportion of work, play and rest, by keeping the body well clothed and by eating sufficient, wholesome and properly selected food.

4. It is very important that every person who becomes sick with INFLUENZA should go home at once and go to bed. This will help keep away dangerous complications and will, at the same time, keep the patient from scattering the disease far and wide. It is highly desirable that no one be allowed to sleep in the same room with the patient. In fact no one but the nurse should be allowed in the room.

5. Call a physician and take only such medicine as is prescribed by the doctor. It is foolish to ask the druggist to prescribe and may be dangerous to take the so-called "safe, sure and harmless" remedies advertised by patent medicine manufacturers.

6. The ordinance relative to spitting on the sidewalks and in public places will be rigidly enforced.

F. H. ATKINS,  
JOHN J. TOLAN,  
A. J. CARLSON,  
Board of Health.

### CAMPAIGN ON TO IMPROVE HEALTH OF BABES OF U. S.

Opening Sessions Held in Chicago Promise To Develop Many Efficient Means of Bettering Conditions.

(BY ASSOCIATED PRESS)

Chicago, Dec. 4.—A nation-wide campaign to prevent infant mortality and to improve the health of the next generation, was begun here today at the convention of the American Association for Study and Prevention of Infant Mortality.

Delegates from various parts of the country outlined plans for stimulating local investigations and securing a division of child hygiene in the Department of Health of every state and large city. Speakers said available figures show that one of every eight babies born dies in its first year, that half of these deaths are preventable and that in localities where the campaign of education has been carried on, the death rate has been reduced from ten to fifty percent.

Subjects up for discussion include "lessons from the draft," "the necessity of state and municipal participation in child welfare work," "difficulties of infant welfare work in rural communities," and the "relation of tuberculosis to infant mortality." Members of the American Red Cross will explain the child welfare work they have been doing in Europe, and state and federal officials will discuss existing laws and proposed ones.

Speakers at the three-day convention will include Mrs. William Lowell Putnam, Boston, who will preside, Miss Estelle L. Wheeler, Washington, Anne Stevens, New York, Miss Pansy V. Besom, Boston, Dr. Anna Rude, Federal Children's Bureau, Washington, Prof. Roswell H. Johnson, University of Pittsburgh, Dr. S. McChamill, Philadelphia, and Dr. Langley Porter, San Francisco.

### ESCANABA TO SEND DELEGATES TO BIG HEALTH MEETING

Mayor Cuthbert and Dr. Carlson, were instructed last night at a meeting of the city council, to attend a meeting of the American Public Health Association which is to be held in Chicago Dec. 9 to 12.

Prevention and treatment of influenza will be the chief topic of discussion at the meeting which will bring together experts from all over the nation and which will discuss conditions as they exist in various parts of the country. The Escanaba delegates will go to the convention fortified with a big array of facts relative to conditions in this city during two epidemics.

### Couple Married By Justice McEwen In Odd Wedding Garb

True love knows no special season, nor can a little consideration like an influenza epidemic stop it. Just to prove it, Swan Swanson and Miss Lucy Perronto appeared before Justice McEwen yesterday and were married, all of the participants wearing masks. The young people are both from Hardwood.

### A GOOD FRIEND

A good friend stands by you when in need. Escanaba people tell how Doan's Kidney Pills have stood the test. C. F. Kimber, carpenter, of 1321 Wells Ave.; Escanaba, endorsed Doan's six years ago and again confirms the story. Could you ask for more convincing testimony?

"My kidneys were weak and my bladder caused me much trouble," says Mr. Kimber. "I had had back-aches and was restless at night. I arose in the morning feeling all tired out. I used several different medicines without any benefit before I took Doan's Kidney Pills. They soon cured me; the pains left and my kidneys became normal."

Mr. Kimber gave the above statement in August, 1910, and on October 26, 1916, he added: "My work requires much lifting and stooping, but Doan's Kidney Pills keep my back strong and my kidneys in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kimber had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

### UNITED WAR WORK IS GIVEN BIG BOOST BY SCHOOL CHILDREN
