### Four Booze Cases May Get Airing at Circuit Court Term

Fourteen criminal cases are scheduled for trial at the July term of circuit court which opens July 14 with Judge Richard C. Flannigan presiding. However, because it is a non-jury term, no action will be taken unless pleas of guilty are entered. Four of the cases are either for alleged importation of liquor or unlawful sale of the beverage, perhaps the last court at which as many liquor cases will be brought up for action.

Included among the criminal cases is that of petty larceny, appealed from justice court by Joseph Wald who was charged with the theft of a purse from a young woman well known in this city. Considerable action surrounded the case when it was tried in justice court. One embezzlement case

and several in which the defendants are charged with burglary also will be heard.

Twelve divorce cases have been filed with the county clerk and are recorded for action at the July term here, perhaps the largest number scheduled for any single term.

One of the liquor cases that is likely to develop considerable interest is that against John Barrett, former bartender here, who is alleged to have sold liquor to a woman in this city on two different occasions.

Another interesting case is that of Otto Lehto, who attempted to import considerable whiskey, it is charged, but was caught here and readily admitted he was attempting to get to a Delta county town with the whiskey, it is said.

### Drops Dead While Getting Drink Of Water in Kitchen

Erick Peter Brundeen, 53, was found dead this a. m. in the boarding house at 263 North Birch street, conducted by Mrs. Christina Johnson. Heart failure is believed to have been responsible for death. Two sons, Nathan Brundeen who lives in Glenwood, Minn., and Harold Brundeen whose home is in Minneapolis, has been notified. Pending word from them the body will be held at the John A. Allo morgue.

Mr. Brundeen got up this morning as usual and did not seem to be in an unusual condition. He went to the kitchen in another room to get a cold drink of water. Mrs. Johnson heard a heavy thud and believed it to be ice settling in the icebox. She waited a few minutes before she

entered and found the prostrate form of Mr. Brundeen on the floor. A physician was called immediately but life was extinct when he arrived. Mr. Brundeen worked at the North Western tie plant here for many years and was well known, especially among the Scandinavian element of the city.

### Dog Bites Youth; Order Canine Shot

Because Roger Smith, 10 years old, son of Mrs. M. Smith, of 509 South Sarah street, was bitten by a dog at the corner of Wells avenue and Jennie street, the police authorities today ordered the dog shot. The Smith boy was bitten in the thigh, suffering severely as a result. It is not expected that complications will set in as a result of the bite.

**Jewish Wedding Sunday.**  
A marriage license was issued yesterday to Miss Fannie L. Shapiro, daughter of Mrs. and Mrs. Herman Shapiro of this city, and Jacob M. Nimszinsky, son of Samuel Nimszinsky, Rabbi Levi will perform the ceremony, to take place next Sunday night at 8 o'clock in the Elks hall. A large number of guests have been invited to attend the affair.

The Misses Maude and Nattie Dubols have returned to Nenah after spending the past three weeks at the home of Mr. and Mrs. John A. Allo on South Charlotte street. They are nieces of Mr. Allo.

LOST—Woman's black pocket book last Saturday night, between 215 South Elmore and 311 Wells Ave., Finder please return to 311 Wells Ave. and receive reward. 154-y91

### James Frost Now Is Court Commissioner

With the expiration of A. H. Ryall's term, James Frost, member of the Ryall-Frost law firm, was appointed United States court commissioner for the western portion of the upper peninsula of Michigan. The appointment goes into effect immediately. Because of pressing business engagements, Mr. Ryall has been unable to give as much attention to the office as he desired. Consequently, a number of cases scheduled to be tried here had to be taken to Marquette. Mr. Frost is one of Escanaba's young, but none the less efficient, attorneys.

### Utley Operated On At Chicago Today

P. L. Utley, secretary and manager of the Escanaba Traction company, was to undergo a serious operation some time today at a hospital in Chicago, it was reported in telegrams received here. The nature of Mr. Utley's illness has not been disclosed. Mrs. Utley accompanied him to Chicago.

**Engagement Announced.**  
Mr. and Mrs. Joseph Seibel of Marinette announce the engagement of their daughter Edith Kathryn to John A. Geist of Milwaukee. Miss Seibel has many friends in Escanaba who will be pleased to know of her coming marriage.

### Fayette Township Needs Rain Badly

Some parts of the county are sorely in need of the rain, report farmers coming to this city. Particularly is this true of Fayette township, they say, as little rain has fallen there thus far this season. Crops are not near so good in that vicinity as in other parts of the county as a result of the drought.

### \$275 Total Award For Prizes Fourth

Two hundred and seventy-five dollars in prizes were given out during the celebration on July 4th, a report by George F. McEwen, chairman on sports and games, showed. Several prizes remain to be awarded to individuals and organizations, as considerable difficulty was evinced in picking the winners.

### John Derouin, Seven, Dies at Family Home

John Derouin, 7 year old, son of Mr. and Mrs. Mose Derouin, of 1423 McLean avenue, died at 6 o'clock this morning. Funeral services will be conducted at the St. Patrick church tomorrow morning with burial in the St. Anne cemetery. The Rev. Dr. Barth will officiate.

### SAW SWANSON OVERSEAS

That he saw Elmer Swanson for several days before the Escanaba man sailed for the United States, is told by Addis Colbert, Escanaba soldier, in writing to friends here. Colbert was stationed at Saint Nazaire at the time he wrote.

### PLAN DIRIGIBLE LINE ACROSS U.S.

Transcontinental Trips by Zeppelin Type Airships.

#### TO CARRY 12 PASSENGERS

If Trial Flight Proves Successful Monster Ships Will Be Built for Service Between New York and London—Veterans of Air Navigation Are Back of the Project—To Make Trip Coast to Coast in 50 Hours.

Within a year, if plans of Akron promoters hold true, giant passenger dirigibles will leave their hangars at Akron, O., bound for New York, Chicago, Omaha, Canada, Florida, Texas and the Pacific coast.

And if these flights are successful and the monetary returns are sufficient, work will start upon giant airships, even larger than the Zeppelins, capable of crossing the Atlantic, and a regular passenger service will be established between New York and London.

These are not dreams. They are the plans of veterans of air navigation, men who have spent years piloting balloons, airships and airplanes, and backed by a corporation that has been making dirigibles for years.

### LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody Will Know.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

A dirigible 300 feet long, capable of traveling 75 miles an hour in favorable weather, and 50 miles an hour in windy weather, will open daily service between Akron and Cleveland, O., a distance of 85 miles.

This, however, is but the trial service. If this proves successful, the service will be extended, first to New York and Chicago, and then throughout the United States.

**Dock on Building Tops.**  
Landing places will be obtained in the very heart of these cities, probably on the roofs of the tallest hotels. Unlike airplanes, which need a large landing place, the airships need but a small platform upon which to dock.

This was demonstrated recently, when a 100-foot army dirigible from the naval station at Wingfoot Lake, Akron, landed two passengers on a 30-foot platform on the roof of the Hotel Statler, Cleveland. The airship was 100 feet long.

The first of this fleet of air liners will carry 12 passengers.

It is now under construction at the plant of a rubber company, who are pioneers in the manufacture of airships, and makers of a large percentage of the "blimps" and dirigibles that were used by the United States during the world war.

Many secrets of the government, perfected during the war, have been placed at the disposal of the rubber firm.

**Promoters Have Much Experience.**

The promoters of the airship passenger line are Ralph H. Upton, former aeronautical engineer at a rubber company's plant, holder of the James Gordon Bennett balloon trophy in 1914, and W. C. Young, veteran balloon navigator.

They are being given both financial and mechanical support by the rubber company.

The dirigibles will be from 300 to 800 feet in length. They will carry from 12 to 100 passengers. The express airships will carry about 100 tons of express.

It is estimated that the trip to New York, about 600 miles, could be made in eight hours. A trip to San Francisco, over 2,000 miles, and now taking four days, could be accomplished in about 50 hours.

Rates, it is estimated, will be about three times the railroad fare.

Besides the fleet of air liners, the company has also under course of erection a sport model dirigible. Its cost will be but \$8,000. It will be about 90 feet long, contain 35,000 cubic feet of gas. The motor will be able to go a maximum of 70 miles an hour, but the average speed will be 50 miles. It will seat but two persons.

#### GOBBLER ATTACKS AUTO

Wins Fight With Bird Mirrored in Varnish of Car.

Prof. Frank W. Magill of Danville, Pa., drove his new highly polished automobile into the country the first day after receiving it and stopped along the road to chat with a farmer friend.

Up strutted a fine turkey gobbler, which caught a glimpse of its reflection in the polished sides of the machine. The bird immediately challenged the newcomer and with beak and claws flew at the car.

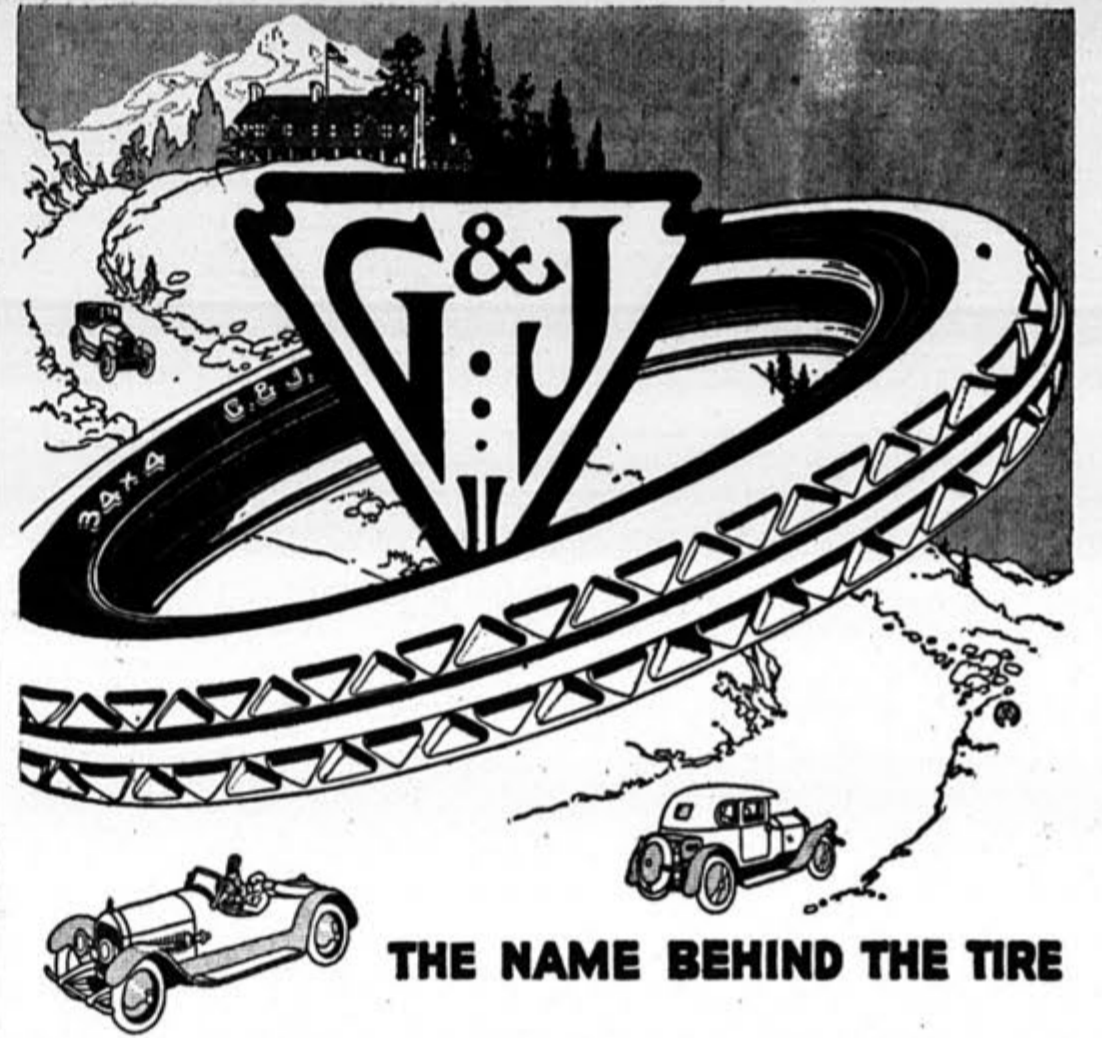

The old bird fought until it was exhausted and the side of the auto was a wreck.

#### LOANS COST BIG SUM

Government Spent \$29,782,768 to Sell \$18,815,778,000 Liberty Bonds.

It cost the government \$29,782,768 to float the first four Liberty loans. In the four campaigns for war funds \$18,815,778,800 was raised. The fifth loan has added \$4,500,000,000 to these figures.

The expenses of the first four loans were as follows: First loan, \$2,762,538.20; second loan, \$7,539,022.99; third loan, \$8,233,515.91; fourth loan, \$8,727,658.12. An additional expense of \$1,439,999.76 was incurred in stimulating sales of War Savings certificates and stamps.

### THE NAME BEHIND THE TIRE

ALTHOUGH you drive a horseless-wagon, don't buy a nameless tire. The name of a tire is your buying-guide. It tells you what has been put in the tire and what you will get out of it.

G & J "The Name Behind the Tire," antedates the automobile industry itself. It goes back to early bicycle days when a youthful possessor of a "G & J" bicycle tire drew the envy of the neighborhood.

Each year G & J Tires bring more credit to "The Name Behind the Tire." Their work on the road has proved them long on mileage.

Put a G & J Cord, "G" or "Stalwart" Tread on your hind wheel and feel the satisfaction of having "The Name Behind the Tire." Have your dealer supply you with G & J Tires.

Dealers: We give you the closest co-operation in handling G & J Tires by keeping a very large and complete stock on hand from which you can draw at will.

HELP THE SALVATION ARMY

America was furnished with direct information regarding the work of Salvation Army overseas on the return of Judge Ben Lindsey of Denver, who wrote at length, including the following story typical of feeling to ward the Salvation army workers:  
"Why Judge," said an enthusiasticurchin—yes, he seemed just that, so boyish in his enthusiasm—After the battle yesterday we couldn't get those women out of the village till they'd seen every fellow had at least a dozen fried cakes and all the coffee or chocolate he could pile in! We just had to drag 'em out, for the boys love 'em too much to lose 'em—We weren't going to take no chances—not much—for our Salvation Ladies.  
It was Archie Roosevelt who told the judge to be sure to see his daddy back in the states and "whatever you do, don't forget the Salvation Army."  
Delta county has a task before it rather the Elks have assumed the task and all that remains for the people to do is to give—give until more than the allotment of \$5,000 for the Home Service Fund is subscribed. The Elks are giving time and money—we must at least give the small donation that is asked. Remember that the Salvation Army has finished unexcelled war service and now must meet new demands that pose with more force than ever before. It must have financial support.  
It has been since its formation, an organization of the poor people and for the poor people. It will continue to lift up those who are in distress; it will bind the wounds of the injured; it will teach men and women who have suffered reverses to turn their faces again to the East and to renew their hearts with hope.  
Are you going to lend a helping hand?  
The American Legion, a unit of which was organized at a meeting held here recently, "is the right organization for the veterans of the war. Some such organization was inevitable, and

many tentative ones were started. The one which succeeded was the one which has for its slogan, "Not what we can get from our country, but what we can do for it," says the Fresno, Calif., Republican. The Boston Herald gives the following comment:  
"The proposed American Legion, which Lt. Col. Theodore Roosevelt hopes to see formed as the great association of American soldiers and sailors, corresponding to the Grand Army of the Republic, is intended to keep alive the principles of justice, freedom and democracy for which these veterans fought.  
"The American Legion is to be a strictly non-partisan organization. In fact, it is only on a board platform, corresponding exactly to the purposes for which the men were called to the colors, that they could now be brought to form a veterans league. We wish for the American Legion a fortunate beginning and a useful career!"

That the league of nations means war, not peace, is the declaration of prominent Republicans, who say, "during our life as a nation we have not enjoyed uninterrupted peace. But the wars in which we have been engaged concerned issues directly affecting our national life and welfare. Any man who would have suggested that we rush into Asia to settle a controversy between China and Japan would have branched as insane. It never entered anybody's head in 1904 that we should interfere by force in the Russian-Japanese war. Yet each and every one of the old world conflicts that takes place in the future is to be made a matter of concern to the United States, and we are to become embroiled in it if we subscribe to the obligations of the league covenant.  
"A policy of Americanism means that we go to war only to protect our country from foreign aggression. The policy of internationalism embodied in the league means that we go to war to protect every other country on the face of the globe from foreign aggression. Which do you prefer. Is it to be Americanism with peace, or internationalism with war?  
Perhaps more has been more violent in his opposition to the league than Senator Borah, or Senator Lodge. Each continues his attacks while President Wilson prepares some good point, but is the opposition of Senator Borah and Senator Lodge "for the good of the nation," or it is merely partisanship that stirs their pot of contention? There is one argument of Senator Borah, however, that we cannot uphold. That is that preparation for war necessarily means war. Many a lightning arrester has been untouched by lightning.  
We presume the preachers of Ohio who took up the fight to stop the Jess Willard-Jack Dempsey fiasco might be called fighting parsons, but we can't say even as much for the former Texas cattleman—present financier.  
Casualty lists continue to come to newspaper offices and when they are discontinued there is going to be considerable loss waste paper for the baler.  
Some men choose their vocation when they are about the age of three

years (says one writer. It's no wonder lots of us want to be children again.

STATE NEWS

Grand Rapids—Grand Rapids has a population of 160,000 including the suburbs, according to the school census.  
Caro—Rev. A. H. Kauffman, Jr., pastor of the Nazarene Church for two years, has accepted a missionary post in India.  
Battle Creek—Sixty thousand dollars left over from Battle Creek's war budget will be used to erect a memorial to soldiers.  
Pontiac—Joseph Newhouse of Walled Lake, who took a large dose of turpentine in mistake for medicine, died at the jail here.  
Saginaw—Double platoon system has become effective in the Saginaw fire department with half the department working alternate twenty-four shifts.  
Battle Creek—Billie Paul, 11 years old, traveled alone to Battle Creek from Redlands, Calif., sending telegrams enroute to assure his mother of his safety.  
Potoskey—Paris green mixed with salt and scattered in pastures has caused the death of eight head of cattle and two horses on farms in the Joy settlement.  
Saginaw—All Sunday selling will be prohibited in Saginaw if the council adopts the Blue law Sunday closing ordinance it instructed the city attorney to draft.  
Lansing—The new budget and uniform accounting systems created by the present legislature at its regular session for the conduct of the state's business is now in effect.  
Pontiac—The Oakland County Savings bank has adopted a profit-sharing plan for employes. A six per cent dividend is to be paid annually based on each employe's salary.  
Bay City—William A. Schmitzer, a laborer of Flint, has filed a petition in voluntary bankruptcy here, scheduling his liabilities at \$1,115 and his assets at \$600 which he claims is exempt.

Grand Rapids—Mrs. Albert Henderson, wife of a garage man, caught a thief in her home. He was rifling a cash drawer. She knocked the man down and then sat on him until the officers came.

Albion—The presence of mind of men near the Michigan Central tracks saved Dr. A. B. Grant when his car stalled in front of an approaching train. Six of them pushed it from the tracks just as the train rushed by.  
Lyons—Because of a break in a millrace wall this village has been without electric lights and fire protection. Thousands of claims upon the bottom of the race began to decompose and it is feared will impair water purity.  
Marshall—Will Scott, Olivet, drove into Marshall with a stream of fire behind his automobile when a gasoline pipe broke. Sheriff Lucas and Deputy Sheriff Scott rushed from the county jail with a fire extinguisher and saved the machine.  
Marshall—Frank Abo, of Chicago, speeded past a harmless looking flyover near Marshall, on his way to Detroit. Sheriff Lucas, who was in the little car, ordered Abo to halt, took him into justice court where he was fined \$10 and costs.  
Bay City—By a vote of 2,152 to 2,049, the million-dollar bond issue for a new high school system for Bay City was carried in a special election. It was the largest vote ever cast at a school election and came at the close of the bitterest campaign ever waged on a school issue in this city.  
South Haven—Mildred Lawson, aged six, is dead as the result of burns received when her clothing caught fire from an exploding fire cracker. Neighbors, attracted by the child's screams, rushed in and extinguished the flames. The little girl died in South Haven hospital half an hour later.  
Kalamazoo—Because Fred Ballinger, of Comstock, has a wife and eight children, Charles Perrine refused to swear out a warrant against him charging him with assault with a deadly weapon. Instead a charge of assault and battery was made out. Ballinger confessed he hit Perrine over the head with an ax during a quarrel over some household goods.  
Royal Oak—Six men entered the soft drink emporium of Fred Hout here at 6 o'clock in the morning, and while he was getting ready to serve them, two of the men covered him with revolvers, while a third bound him hand and foot, tying a pillow tightly over his head to prevent an outcry. He was carried into a rear room of the store, which was then ransacked. Cash totaling \$255 and some cigars were missing. The men escaped.  
Detroit—Figures indicative of Detroit's remarkable growth and prosperity are shown by figures presented at the equalization session of the board of supervisors. The total assessed valuation of Detroit, for 1919, is \$1,375,960,910, of which \$1,008,493,280 is real, and \$372,468,630 personal. This total is in excess of the 1918 figures by \$140,396,510. Outside of the city the real and personal property of the townships, for 1919, is valued at \$368,676,003. Of this the real amounts to \$260,884,548 and the personal to \$107,791,455.

**Police Assaulter Held to Circuit**

(Special to The Mirror.)  
 Marinette, Wis. July 8.—Frank Schumacher of Menominee must answer to the charge of assault with intent to do great bodily harm upon Police Officer Frank Bruce at the next term of circuit court held in October. At the preliminary hearing held before Judge Daily this decision was given and the ball of the young man was changed from \$1500 to \$1000 after arguments between District Attorney Murphy and Attorney Michael J. Doyle of Menominee, counsel for defense.  
 Schumacher has been in the county jail since the night of the street brawl in which Bruce was assaulted to the extent that he is still in serious condition in the M. & M. hospital. Ball was raised Saturday night for

Schumacher. Joseph Blank, prominent West Menominee merchant, put up \$1000 in Liberty Bonds which were accepted the same as cash by the court.  
 At the hearing Saturday the state introduced testimony from three witnesses. Police Chief Cook was the first and gave a detailed story of all he saw on the evening in question. His story was clear and concise even during the cross-examination of Attorney Doyle.  
 The second witness for the state was Frank Klumb who was working at the bar of the Bauer saloon near where the fight took place. He testified that the defendant had left the saloon and went directly to the street and ran out where he struck Mr. Bruce. He stated that he was positive of the identification of the Menominee man as the guilty party.

 Jack McArthur will undergo an operation at St. Francis hospital for relief from appendicitis tomorrow morning.  
 Mrs. Jean Macier and daughter, Dimjna, left this morning for Montreal, Canada, where they will visit for two months.

Mrs. Robert Doucett is recovering rapidly from an operation for relief from appendicitis.  
 Sister Mary Paschal of Belvidere, Ill., is visiting at the home of her parents, Mr. and Mrs. Beaumier at Schaffner.  
 Miss Dora O'Donnell is here from Milwaukee to visit Mr. and Mrs. P. F. Gannon of the Colonial hotel.

 Miss Berkele Hostess.  
 Miss May Berkele entertained a number of her friends last evening in honor of William Hyatt of Milwaukee. Games were played, dancing and singing were enjoyed and everyone had a delightful time.

**WILD ANIMAL CIRCUS COMING**

Al. G. Barnes' big four-ring wild animal circus is tramping this way and will come to Escanaba early in the morning hours of Tuesday July 22. The show is well known in this section, being a California Institution with winter quarters at Venice, Cal. They begin the season tramping at Santa Monica March 20th, after several months in winter quarters getting painted, and built over. The show carries the slogan, "The show that is different," due to the fact that they are an exclusive animal exhibit.  
 Animals of almost every known species have come under the master hand of Mr. Barnes, who by his own methods develops them into circus performers. Lions riding galloping horses, sea lions in juggling and balancing acts, monkeys in trapeze and aerial work, tigers in leaping and posing acts also in dressing matches with a girl, pumas walking on their hind feet and putting up a good battle with their instructor, two herds of elephants that do everything but talk, wrestling bears, racing ostriches, hundreds of ponies, the only herd of performing llamas, camels, and zebras. This enumeration only serves to give one some idea of the quality as a natural history field and the possibility of making animals into entertainers.  
 Everything circusy is there, pink lemonade, double-jointed peanuts, side shows, big glittering spectacles, but the basis of entertainment is the numbers of wild and domestic animals the show carries and the quality of their acts.
