CROWDS GREET WOOD

INSPIRING ADDRESS GIVEN AT DELFT THEATRE BEFORE AN ENTHUSIASTIC AUDIENCE

Major General Leonard Wood Guest of Honor in Escanaba Today; Several Addresses Are Delivered.

It was a good day and a big time for Major General Leonard Wood on his arrival and during his stay in Escanaba from 10:30 until 2:30 today. From the second he stepped off the Northwestern train until he departed on a special this afternoon for Menominee, there was "something doing."

The large attendance filed into the dining hall and partook of a special, prepared luncheon. Four courses were served in the best of manner. At the close of the dinner, Mr. King rapped for order and announced that the general would make a few statements.

The day's ceremony started at 9:30 this morning at the Delta hotel. The local committee, Wood followers and press men gathered there to get ready for the big doings of the day. Never before did Escanaba tender a reception to a man as great as was the one given the general here today.

He touched on the foreign policy of this country mainly showing that a change had to be made. He also said that the great burden of the recent war must be paid for not only by this country through the system of excess profit taxes but that it should be levied evenly on all the participants of the war.

Leaving the hotel at 10:00 o'clock the delegation consisting of several automobile loads drove to the Northwestern station. The large and expectant crowd awaited the arrival of the distinguished visitor. Vim and enthusiasm marked the sentiments of each person as he stood on the platform and awaited the arrival of the candidate.

He pointed out that before long the foreign countries would be returning to normal conditions and that production would be resumed by them. "We must build out merchant marine and start right now," he declared. The remark being met with applause.

At 10:20 the train pulled in and almost immediately there was a hurry scurry for the front of the line to get a view of the soldier-candidate as he entered Escanaba for the first time.

The delegation went to the Delft theater where a large crowd had thronged to the theater to await the speaker. It was a very few minutes before the general was in the pitch of his address.

After a general huzzaking and introduction the party left the station in cars and went to the high school where the general was introduced by E. L. King. A round of applause followed by general shouting and clapping of hands received the noted speaker.

Referring to the league covenant the general said: "The league should not be dragged into the campaign as an election issue. It has been read and is understood by too few people. In deciding upon a league of nations we must first of all preserve American rights as guaranteed by the constitution. The rights of our people come first. We hate war. We pray for peace. We want to see international questions put to proper arbitration. We want to act in friendly council with the other nations of the world to preserve peace."

Taking each point separately, the general impressed the students with the fact that it was their duty to prepare themselves for the future in which they will be the voters and lawmakers of this mighty country.

"I believe the league of nations be entered into only with strong reservations that will preserve every American constitutional right. There must be nothing in the league that will force the United States to obey any mandate except that which comes through the force of American public opinion. I believe the league question should be left to congress for a final decision. We can trust congress to work out a league that is a safeguard of American freedom as well as a great help to keep a world's peace."

General Wood asserted a stand for a small and efficient regular army and a strong navy, in outlining his military policy. "We want an army of about 225,000 men, all equipped, well officered, and highly trained. There is no earthly excuse for an army of 576,000, as advocated by the administration," he declared.

Placing strong emphasis on the need of reasonable preparedness as a military power in the world, he said: "We must stand before the world as an organized force for right against any organized force for wrong. We have made a wonderful attempt to control the world by verbal message (massage, not message). Some day we may find ourselves in the 'first line.' We will not always be able to prepare ourselves behind bleeding lines of allied forces."

With a cheer from the crowd the party left and went to Wells where a group of men employed by the I. Stephenson company had gathered and waited patiently for the arrival of the soldier candidate—the man who is seeking votes in the upper peninsula on a purely American platform.

Like the Gladstone talk, the one at Wells was brief although containing of much valuable information for the eager listeners.

SPECIAL SERVICES HELD BY CHURCHES DURING THE WEEK

General Observances of Holy Week Will Be Held in Churches of City.

A general observance of Passion week, is being held this week by all churches in the city. Special services have been arranged for each day, and will be held both in the morning and in the evening.

Norwegian Danish Lutheran.
Special services at the church Thursday and Friday nights at 7:45 o'clock.

Further Evidence Against Berger Is Submitted Today

(BY ASSOCIATED PRESS)
CHICAGO, March 30.—J. B. Fleming, assistant United States attorney, today filed a summary of the evidence before the United States circuit court of appeals in which the defense is appealing from the twenty year sentence of Victor Berger who was convicted a year ago before Federal Judge Ladd. Attorneys hoped to complete the evidence today.

SUPERVISORS TO TAKE ACTION ON TB. SANITARIUM

Resolution by Menominee Supervisors to Be Submitted at Meeting Wednesday.

Definite action on the tuberculosis sanitarium proposition will be taken by the Board of Supervisors Wednesday night, when the final meeting of the present board will be held at the court house, in the form of a resolution submitted by the Menominee committee in charge.

The resolution providing for the establishment and maintenance of a joint county sanitarium and the appointment of a committee to select a site for the building, was unanimously adopted by Menominee county board of supervisors, at a meeting held Feb. 19, 1920. Delta county was represented at this meeting by a committee of three, H. W. Reade of this city, Clarence A. Clark of Gladstone and George Craver of Wells township.

The resolution which will be submitted to the board Wednesday night, follows:
Resolved, That the Counties of Menominee and Delta cooperate for the establishment and maintenance of a joint county sanitarium for the treatment of tuberculosis, as provided by Act No. 411 of the Public acts of Michigan, 1919.

That this board now appoint Dr. Edward Sawbridge, Stephenson, Mich., Gustave A. Blesch, City of Menominee and Henry Schwenlenbach, Spalding, Mich., a committee of three citizens, tax payers of this county, who are not members of this board, to confer with a like committee similarly chosen from said County of Delta, for the purpose of selecting and agreeing upon a site for such joint county sanitarium and procuring an option thereon.

That the Clerk of this Board is hereby authorized to forward a copy of this resolution to each of said committee and to the County Clerk of the county of Delta.

All of which is respectfully submitted.

E. J. Ellenwood, C. H. Crawford and G. W. Eare, Committee.

In addition to action on this matter, the boards will consider a request by T. E. Johnson, superintendent of the Department of Public Instruction, in Michigan, that the board of supervisors send their county school commissioners to the Department of Superintendent of the National Educational association meeting which will be held in Cleveland, Feb. 23-28.

"This is the biggest meeting in the year," writes Mr. Johnson, "and I believe that counties sending their commissioners will get value received." These two matters will be taken up in addition to regular business transactions all matters in charge of the present supervisors will be cleared up before the board changes after the April 4 election.

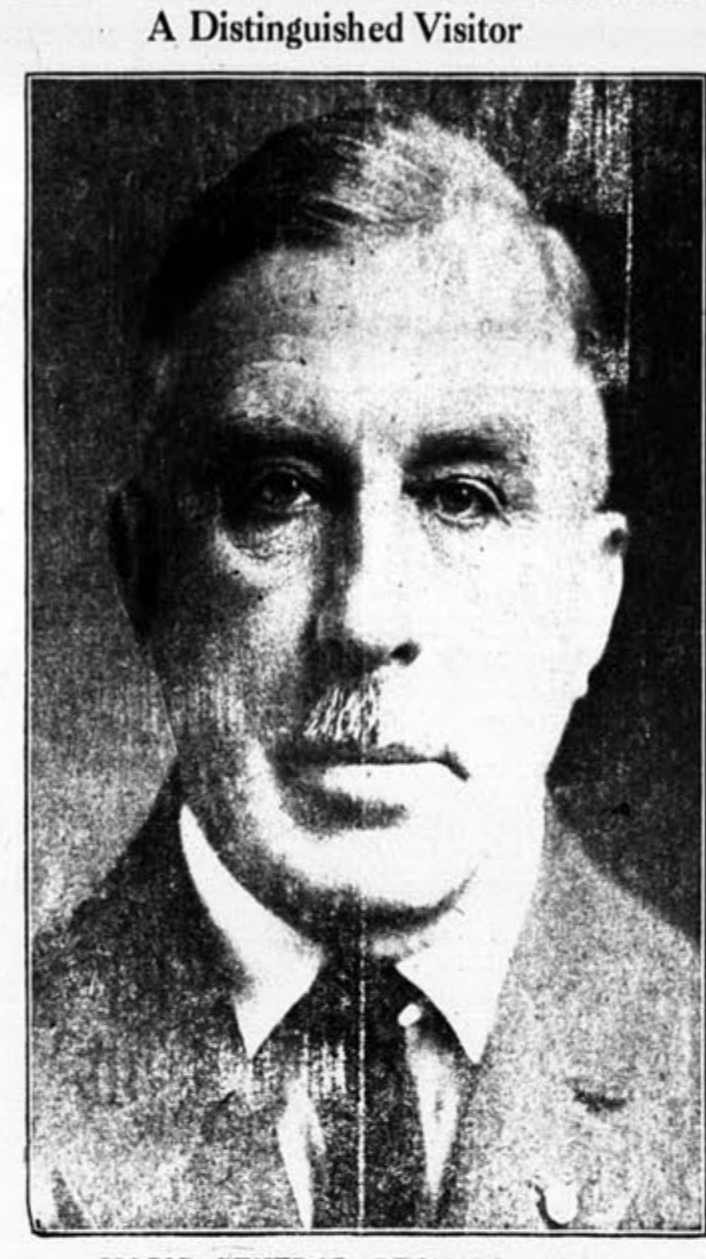

Germans Will Not Violate the Treaty Terms, They State

(BY ASSOCIATED PRESS)
PARIS, March 30.—Assurances have been given by the German government that it will send to the Ruhr district no more troops than the terms of the treaty of Versailles permit. A German delegate called on Premier Millerand late last night and told him that the German troops in the Ruhr district did not exceed the number provided for by the terms of the peace treaty and that no more could be sent there without first being authorized by the allied powers.

Millerand declared that in case the Germans violate the terms of the treaty and send more than the specified number of men that France will send troops to occupy the neutral area regardless of whether the other allies take action to that effect or not.

BORN AT WELLS.

A seven and one-half pound daughter was born to Mr. and Mrs. F. B. Wells this morning. Both mother and baby are doing nicely.

MAJOR GENERAL LEONARD WOOD

GREAT LOSSES FROM TORNADO REPORTS SAY

Death List Increasing as More Reports Come In Today.

Many States Were in Path of Rain and Wind; Great Destruction.

(BULLETIN)
CHICAGO, March 30.—Reports from swept districts today are to the effect that wire communication is being restored and the death toll is growing. The latest figures show that the total now is 165 deaths.

Reconstruction work of the devastated country has been started through the Red Cross and other organizations. The total damage is reported to be between ten and fifteen millions of dollars.

(BY ASSOCIATED PRESS)
CHICAGO, March 30.—The death toll of the tornado and storm which swept the central states yesterday and took eight states in its path today stood at 158 with fears entertained that when the other reports are received from outlying districts that the list will be greatly increased.

The communities in the states of the central area were today emerging from great losses and relief is being sought from all quarters.

Wire communications in many of the states are being repaired and today it is possible to get messages to many of the stricken cities and towns for the first time since the start of the storm and tornado.

Tabulated reports received today show that the death list is as follows: Indiana, 36; Illinois, 37; Ohio, 26; Michigan, 11; Georgia, 28; Alabama, 17; St. Louis, 1; East Troy, Wis., 1.

Unvaried reports received today say that fifteen white persons were killed at Stovall, Georgia, which is a little distance west of LaGrange which was also hit hard by the wind storm. This would bring the total to 173 if it is true.

A number of people in the suburbs are reported to have been thrown in the path of the storm and to what extent the damage has caused them harm is not yet to be said.

No accurate estimate of the property losses were made this morning, although in Indiana it is estimated that the losses will run to six millions of dollars; Michigan two million, and Georgia more than a million.

COFFER DAM TO STOP FLOW AT MANISTIQUE

Crows of Men Work to Stop Great Water Flows in City.

Goodwillie Brothers Plant Is Total Loss, Says Late Report Today.

(BULLETIN)
MANISTIQUE, March 30.—(Special)—The water here is subsiding some, although very little and large crews of men are working in an attempt to erect a coffer dam to check the great flow of water.

Inspection shows that the Goodwillie plant is totally destroyed with a loss of approximately \$120,000.

The Waddell plant is partly destroyed with property losses ranging into the thousands.

The water is still flowing through the paper mills and has torn away the temporary wall which was erected to stop the water.

Men working on the coffer dam are in hopes that it will be completed within forty-eight hours.

Property damage estimated at \$1,500,000 has been done and between fifty and seventy families are homeless as the result of the flood of water that swept over this city.

Outstanding features in the havoc worked by the flood follow:
Goodwillie Bros' box factory is practically a complete loss.

Lumber Carried Away.
Waddell's lumber yard is afloat and is being carried out into Lake Michigan by the current.

The Manistique Handle company's plant and yard is under water.

STOCK MARKET FALLS; RESULT OF THE STRIKE

Packers Are Crippled in Chicago As Men Remain From Work.

Endeavor to Get Federal Judge to Arbitrate the Settlement Now.

(BY ASSOCIATED PRESS)
CHICAGO, March 30.—The livestock market in Chicago and other cities today was at a standstill because of the fifty thousand men thrown out of work on account of the strike of the nine hundred handlers in the stock yards who went out late Saturday night.

An embargo ordered yesterday barred all animals from the yards and the railroads today are diverting their attention to the original lot of animals which arrived here before the strike went into effect.

A restriction has been placed on the taking of any more animals into the cars.

The union heads telegraphed to Washington in hopes of getting Judge Aischaer who had arbitrated strikes of that nature before, to come to Chicago and take part in the settling of this question.

The federal judge refused and declared that he would not come until the striking men go back to work.

CHICAGO, March 30.—Officials in the city hall were greatly hampered in their work today following the strike of the clerks book-keepers and stenographers. The strikers number about 1000. They went out following the action of the city council this morning when they decided not to borrow and additional four million dollars to meet the salary increase demands.

Hundreds of women and men stenographers and clerks were about the corridors awaiting the action of the council.

The salaries of the clerks and others in general are from \$1200 to \$1290. The strikers are demanding an increase of \$25 a month in salary.

Municipal garbage handlers are on strike also today and there is no garbage collection being made in the city.

The council will meet this afternoon to discuss the action on a budget to meet the increase demands.

You Can't Insult a Soldier and Get Away With It Here

To cast insulting remarks at a soldier and his United States uniform and to get away with the remarks are two different things according to action adopted by Sergeant Hunter of the local recruiting force last night.

Going down the street at a late hour all alone the sergeant was accosted by a young man with liquor.

According to those who witnessed the affair the man approached the soldier and said "Wanta drink."

"No thanks I don't care for any" the officer replied whereupon the man is reported to have said, "You— I wouldn't give you or any other soldier a drink if you were choking to death."

The strange fellow was warned by the sergeant to take care of his remarks concerning the soldiers and after a repeated oath the big recruiter swung and delivered the K. O. in real army fashion. The drinking man had no more to say but spent the remainder of the evening by applying hot and cold cloths to his nose.

Soo Passenger Train Was Derailed Today

(BY ASSOCIATED PRESS)
OSHKOSH, March 30.—Soo passenger train number 1 was derailed here at 7:30 this morning near Light street. A baggage and milk car were thrown off the track but did not turn over. Several coaches left the track and they likewise did not turn over. Passengers in the last Pullman of the train were not even awakened although the car was thrown off the track.

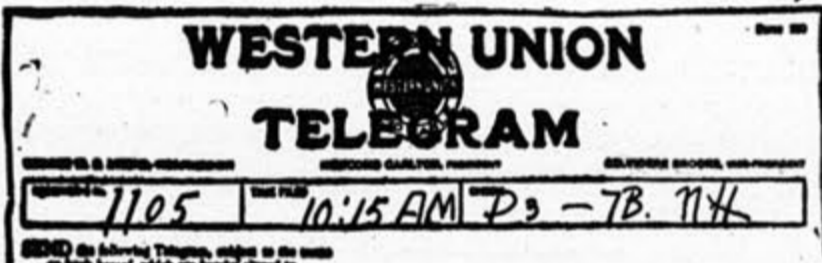

The crash came between Fond-du-lac and Neenah and the train is now on tracks.

HERE IT IS!

The Greatest Message Ever Sent to Escanaba Women! SALE LASTS UNTIL EASTER

Our buyer, Mr. Friesem, of New York, has just made a cash purchase of \$7,000 worth of Ladies' Coats, Suits, Dresses, Skirts and Waists at less than fifty cents on the dollar. There is no need wasting your time when you come here—where the selection will amaze you. \$1 will do the work of \$2 during this great sale.

TOM DIDN'T THINK HELEN WAS VERY PRACTICAL.

By ALLMAN

and it wasn't his crime

Justice sometimes goes wrong. Men are often punished for crimes they do not commit. And when we thoughtlessly take purgatives and cathartics to relieve stagnant bowels, we are committing a similar injustice.

When the system is unable to remove food waste at regular intervals, it is the food waste, and not the system, that needs correction.

Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system. By this entirely new principle Nujol will keep the poisonous waste moving out of the body.

Nujol prevents constipation by keeping the food waste soft, thus helping Nature establish easy, thorough bowel evacuation at regular intervals - the healthiest habit in the world.

It is absolutely harmless and pleasant to take - try it.

Nujol is sold by all druggists in bottles only, bearing the Nujol trade-mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger."

A New Method of Treating an Old Complaint

FRANCE MAKING A FIGHT FOR HIGHER BIRTH RATE THERE

Country Won't Take Chances On "Dying Out"; Other Efforts Are Made.

(BY ASSOCIATED PRESS)

PARIS, March 30.—France is at least arousing itself to the danger of dying out. The privately conducted, uphill fight for a higher birthrate has been taken over by the government through the creation of a Higher Council of Natality. This council of thirty, appointed by J. L. Breton, Minister of Hygiene, was asked to act immediately. Mr. Breton, father of five children, is known as a strong friend of large families. Three others of the new cabinet are advocates of measures to increase the French birthrate.

War cost France roughly \$1,500,000 lives. A low birthrate, during the war years, cost France 1,272,735 loss of populations. These statistics, made into striking pictures to illustrate their effect on the nation, industry and war-danger are being used in a vigorous campaign, by the National Alliance, for the increase of the French population. This campaign is being conducted by letter to members of parliament, posters, a magazine, The Woman and the Child, and through the many socially and politically powerful persons interested in the movement.

The plainest sorts of truths are told the French about the decreasing birthrate. The National Alliance and government officials hold that a family should have three or more children. To encourage such families government allowances of 60 to 200 francs a year are granted for each child after the second under 13 years. The Alliance asks also for legislation to provide for the construction of cheap homes available only to large families, establishment of "super-salaried" industries to heads of such families, preference in government employment, the plural vote, giving the father as many votes as there are persons in the family, and real war, on "birth control," known here as Neo-Malthusianism.

Italy Will Impose Tax On Foreigners

(BY ASSOCIATED PRESS)

ROME, March 30.—A tax would be imposed on property in Italy owned by foreigners not living in this country under the proposed new taxation and finance law which the government has laid before the Chamber of Deputies. This tax also would apply to Italy's stocks which such foreigners may hold.

Any money owned abroad by Italian subjects or companies also would be heavily taxed. Subscribers to the loan of 1920 and capital brought into Italy after January 1 of this year would however, be exempt from taxation.

The proposed tax on Italian stocks and shares held abroad is criticized by the Financial expert of the Tribuna as unjust on the ground that this property already pays an income tax in the country where the owner is living. The paper points out that such a tax would be likely to discourage entrance of foreign capital into this country which is so necessary for Italy at this moment.

MILITARY TRAINING TO BE THE BIGGEST ISSUE OF CAMPAIGN

Leaders Believe Both Parties Will Make Fight For and Against Plan.

(BY ASSOCIATED PRESS)

SALINA, Kas., March 30.—Universal military training, party leaders predict, will be the principal issue to be threshed out in resolutions at the republican state convention here March 31. While the gathering is for the purpose of selecting four delegates at large and four alternates to the national G. O. P. convention, and to choose two presidential electors at large, interest is keen as to what resolutions are to be adopted and particularly on what side of the military training issue the convention will align itself. It is not expected that the delegates to the national convention will be instructed.

There will be 1,018 delegates at the convention, a large increase over the number at the 1916 party, due to the enfranchisement of women in the state. About two hundred and fifty of the delegates this year will be women.

Among those whom the convention probably will consider for delegates at large to the national convention are W. J. Bailey of Atchison, former governor; H. H. Motter, Olathe, chairman of the republican state committee; Emerson Carey of Hutchinson; W. W. Watson of Salina; D. W. Mulvane of Topeka; Major Charles Browne of Horton and Mrs. Minnie J. Grinstead of Liberal, member of the legislature.

District delegates to the national convention will be chosen by congressional district conventions preceding the state conclave. Two delegates from each district will be chosen. Among the prominent candidates for district delegates are William Allen White and W. Y. Morgan.

The primary election at which state and congressional candidates are to be nominated, including a candidate to succeed United States Senator Charles Curtis, will be held August 3.

Still another convention, devoted to the adoption of a state platform is scheduled for August 31. The delegates to the platform convention will consist of candidates nominated at

Churchmen Plan Fight For Parochial School

GRAND RAPIDS—One hundred parish priests of the Grand Rapids diocese have organized to campaign against the proposed amendment to abolish parochial schools. Bishop Edward D. Kelley is chairman of the committee named to direct the campaign. Other members of the committee are: Rev. E. A. Lefebvre, Cadillac; Rev. D. E. Malone, Rev. Joseph Kaminski, Rev. Robert W. Brown and Rev. L. J. Farquharson, Grand Rapids.

GOVERNOR LOWDEN AIDS MICHIGAN IN PURIFYING WATER

Permit Granted For New Construction Near the Great Lakes.

SPRINGFIELD, Ill., March 30.—Gov. Frank O. Lowden of Illinois has received a new permit for construction of the Illinois waterway, dated March 4, and signed by Lansing H. Beach, chief of engineers of the War Department, Washington, and by Secretary of War Baker, according to an announcement by W. L. Sackett, superintendent of Illinois waterways.

The conditions on the permit issued in January, upon investigation by state officials in charge of the work, were found to restrict the state in obtaining right of way and actual construction.

Application for an amended approval of the plans was made in February, the matter being presented to the War Department by Mr. Sackett. The new document from the government authorizes the use of all water diverted from Lake Michigan for waterway purposes and authorizes acquisition of property for development of water power, the original approval and authorization of construction restricting the state in these particulars.

"The question of diversion of water from Lake Michigan for sanitary purposes is nearer solution now than at any time in the past fifteen years," said Mr. Sackett, who attended the conference with engineers of the War Department and members of the Chicago sanitary district board in Washington recently.

"Construction of sanitation treatment works must be pushed," Mr. Sackett said, "constructing works to prevent further interference with navigation as a result of lowering lake levels must be installed."

Mr. Sackett declared there was every reason to believe that the sanitary district trustees and the state will have a plan worked out soon which will meet with the approval of Col. Judson, resident engineer, and that it will have the support of the government engineering corps at Washington.

Gordon

Style and quality in this perfect hat are unmistakable. If there were a masculine word for "chic" it would describe this hat to a T.

The Hodap THE GORDON HAT

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

BACK BAD TODAY?

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors. Ask your neighbor!

Mrs. Charles Russell, 211 N. Sarah St., Escanaba, says: "I had severe backaches and for several weeks my back was weak and lame. My kidneys gave annoyance, also, and I had frequent dizzy spells and headaches. A box of Doan's Kidney Pills, procured at the Mead Drug Co., relieved me of the aches and pains and did me a world of good."

FIVE YEARS LATER Mrs. Russell said: "I have never had occasion to use Doan's Kidney Pills any more, because they cured me of kidney complaint and the cure has lasted."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Russell had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

MAN'S BEST AGE

A man is as old as his organs; he can be as vigorous and healthy at 70 as at 35 if he aids his organs in performing their functions. Keep your vital organs healthy with GOLD MEDAL MARLEM OIL CAPSULES.

The world's standard remedy for kidney, liver, bladder and uric acid troubles since 1695; corrects disorders; stimulates vital organs. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation.

YOUNG MEN BOOM LOWDEN.

Chicago Tribune.
Young men of Illinois are getting actively behind Gov. Frank Lowden in his campaign for the Republican presidential nomination. Attorney William V. Brothers, a son of Judge Brothers, is the author of a compact series of reasons why young men particularly should support Lowden. Mr. Brothers' reasons are being circulated by the Illinois Young Men's Lowden club. They follow:

DO YOU WANT A SELF-MADE MAN FOR PRESIDENT? Gov. Lowden trudged as a barefoot boy of 7 behind his father's prairie schooner from Minnesota to Iowa. At 15 he taught a country school to earn money to attend the University of Iowa. He worked as a law clerk in Chicago for \$8 a week to pay his way through law school.

DO YOU WANT A TEACHER? Gov. Lowden taught school for many years. He occupied the chair of federal jurisprudence at Northwestern Law school.

DO YOU WANT A STUDENT? Gov. Lowden led his classes at the University of Iowa and the Union College of Law (now Northwestern), where he finished a two year course in one year. He outranked all others who took the bar examinations. He is known as a scholar of classical literature, political economy, and modern legislation.

DO YOU WANT A LAWYER? Gov. Lowden was a member of one of the largest law firms in Chicago and one of the best legal orators of his day.

DO YOU WANT A FARMER? Gov. Lowden was born on a farm and for fifteen years has maintained one of the largest farms in Illinois, besides raising cotton in Arkansas and Texas. He is considered an authority on tree culture and forest conservation.

DO YOU WANT A LEGISLATOR? Gov. Lowden served two terms as representative in Congress from the Thirtieth Illinois district.

DO YOU WANT A FRIEND OF LABOR? Gov. Lowden nans an member of congress voted for the bill limiting the hours of train crews, the employers' liability act, the bill governing child labor, in the District of Columbia, and the act establishing a bureau of mines. As governor he urged the passage of an eight hour law for women.

DO YOU WANT A BUSINESS MAN? Gov. Lowden has given Illinois the most economical administration it ever had. He reduced 125 departments of the government to nine and reduced the state taxation from 90 to 60 cents per \$100 assessed valuation, thereby saving the state \$4,000,000. He inaugurated the budget system which is being copied by other states. He was asked to appear before congress to explain it so that it might be copied by the federal government. As a lawyer, Gov. Lowden represented large business concerns and is familiar with their management. As a member of congress he supported a bill advocating the attaching of greater publicity to the operations of big business. He voted for the establishment of postal savings banks and supported a constitutional amendment providing for an income tax. As governor he urged an adequate law for corporations.

DO YOU WANT AN EXECUTIVE? Gov. Lowden's administration has proved his constructive ability. He has supported the good roads movement, urged a revision of the revenue laws, advocated a deep waterway from Chicago to St. Louis, and worked for a reduction of the cost of primaries and elections.

DO YOU WANT A SOLDIER? Gov. Lowden served as colonel of the old First Infantry, Illinois National Guard.

DO YOU WANT AN AMERICAN? Gov. Lowden's activity against the radicals is well known. He organized a state council of defense that accomplished more on an appropriation of \$50,000 towards keeping the state of Illinois solidly behind the boys in France than most other states did with an appropriation of \$5,000,000.

He was a friend of the soldier from Illinois from the time he went to camp until he returned from the battlefield of France.

DO YOU WANT AN ORATOR? Gov. Lowden's broad sympathies as well as a fine culture have won him national recognition as a public speaker. He has been equally successful as a political campaigner, after dinner speaker, and war orator.

Do you want a humanitarian, statesman, and efficient business man in the White House whom you know understands your problems whether you be capitalist or clerk, merchant or mechanic, professor or scientist, lawyer or laborer—a hard hitting, get what he goes after American?
That man is Gov. Lowden.

March 1. April 13.
CHICAGO AND NORTH WESTERN RAILWAY COMPANY.

Notice of Special and Annual Meeting.

Notice is hereby given that a Special Meeting of the Stockholders of the Chicago and North Western Railway Company, duly called by its Board of Directors, and the Annual Meeting of said Stockholders, will be held at the General Offices of the Company, at No. 256 West Jackson Boulevard in the City of Chicago, Illinois, on Tuesday, the 13th day of April, 1920, at 11:00 o'clock A. M. for the purpose of considering and deciding: (1) Whether the Stockholders of the Company will concur and authorize the creation of a bonded indebtedness, by the issue at such times and in such amounts as from time to time its Board of Directors or Executive Committee may determine, of bonds, payable in gold coin of the United States of America of equal to the present standard of weight and fineness, and limited so that the amount thereof at any one time outstanding together with all outstanding prior debt of the Railway Company after deducting therefrom the amount of all bonds reserved to retire prior debt at or before maturity, shall never exceed three times the outstanding capital stock of the Company, or of a successor corporation maturing May 1, A. D. 2037 and bearing a rate of interest, not exceeding the lawful rate, to be determined by the Board of Directors or Executive Committee at the time of issue, payable semi-annually; and the execution and delivery by the Company of a First and Refunding Gold Bond Mortgage to Trustees to be designated by the Board of Directors, dated May 1, 1920, conveying in trust the corporate property and franchises described therein, to secure the payment of all such bonds which are to be issued for the purpose of purchasing, redeeming or refunding, before, at or after maturity, the outstanding obligations of the Company, and of other companies whose properties now are or hereafter shall be owned or acquired by the Chicago and North Western Railway Company by consolidation, purchase or otherwise; for the purpose of the future enlargement, improvement, extension and equipment of the properties of the Company and of such other companies; for the construction, purchase or acquisition of other railroads and property, or for the purpose of reimbursing the Company for moneys which at any time may be or may have been expended for any of the purposes aforesaid; and will approve such mortgage in the form to be submitted at said meeting, and will ratify the action of its Board of Directors authorizing the creation of such indebtedness, and the execution of such mortgage; and (2) Whether the Stockholders of the Company will authorize the purchase of all the property, including all franchises, rights, privileges and immunities pertaining thereto and all appurtenances thereof whatsoever, of each of the following named proprietary companies: Wolf River Valley Railway Company, Belle Fourche Valley Railway Company, James River Valley and North Western Railway Company, Macoupin County Extension Railway Company, Iowa Southern Railway Company, Missouri Valley and Blair Railway and Bridge Company, Wyoming & Northwestern Railway Company, Pierre, Rapid City and North-Western Railway Company, Pierre and Fort Pierre Bridge Railway Company, The De Pue, Ladd and Eastern Railroad Company, and The Albany Railroad Bridge Company. In consideration of the payment to each of said companies of the sum of One Dollar, and the assumption by this Company of all the debts, liabilities and obligations of each of said companies; and will ratify the action of its Board of Directors authorizing such purchases upon such terms and conditions. The further purpose of said meeting will be the election of Directors and the transaction of such other business as may come before said meeting. Transfer books will be closed on Friday, March 12, 1920, at the close of business on that day and will be reopened on Wednesday, April 14, 1920.

By order of the Board of Directors.
Dated: Chicago, Illinois, January 21, 1920.
WILLIAM H. FINLEY,
President.
JOHN D. CALDWELL,
Secretary.

United States To Boom Foreign Trade By Shipping Board

LOUISVILLE, Ky., March 30.—A plan has been formulated here to expand the foreign-trade of the United States through the use of Shipping Board steamships as exhibition vessels to carry American manufactured products and visit the world's principal ports.

The idea, advanced by the foreign commerce service of the Southern Railway and Mobile & Ohio Railroads, has been presented to the Midwest-South Atlantic foreign trade and transportation committee, representing commercial organizations of the principal Middle West and Southern states, which has been asked to lend its weight to fruition of the plan. Answers to letters sent to more than a score of cities in the organization enthusiastically endorse the plan, according to H. G. McLean, of Louisville, assistant foreign freight traffic manager of the two railroads.

Mr. McLean says the plan is similar to that proposed by the British government which proposes a gigantic touring exhibition for British industry. The British plan, as described in a recent American consular report, would be initiated with an itinerary comprising South Africa, Australia, New Zealand and Canada. "The duration of the tour," the report says, "will be about 18 months and should the venture be attended with that degree of success which is anticipated for it, similar projects to other parts of the world will receive consideration. It is intended that some 500 British firms shall be invited to take part in the tour. The scheme has been sanctioned by the Government Board of Trade and the venture will be planned and carried out by the Department of Overseas Trade."

Use of American foreign trade exhibition ships, Mr. McLean said, would enable hundreds of American manufacturers periodically to exhibit their products before thousands of foreign buyers. Such exhibitions in charge of competent salesmen, he declared, would make possible a vast co-ordinated American foreign selling organization. "Moreover," said Mr. McLean, "the exhibitions are absolutely necessary to meet the combined plans of hundreds of British manufacturers who are backing the organization of the British products touring exhibition."

Furthermore, said Mr. McLean, it would enable a very large number of American manufacturers, who have never thought in terms of export trade, to enter that business at a comparatively small cost.

GRAND HAVEN—The new Grand Haven unit of the Michigan National Guard will be mustered into the service Monday night. There will be inspection by Col. William Brooks of the 14th Infantry. For the last 40 years, Grand Haven has had an F Company National Guard.

CARROLL COLLEGE GLEE CLUB AND ORCHESTRA, WAUKESHA, WISCONSIN.

About the Town

Miss Mabel Anderson of Menominee is visiting relatives and friends here.

Chester Calouette of Menominee is visiting relatives in the city.

Mr. and Mrs. Herman Gessner returned last night from a trip to Manitowish.

Mrs. W. J. Knorr and daughter, Majorie, have left for an extended visit at Pasadena, Cal., and other Pacific coast points.

Mrs. Peter Sjogren of Menominee, who has been ill at the St. Francis hospital, following an operation, is reported to be recovering.

Norman Sjogren has returned to Menominee after a few days' visit here with his mother, Mrs. Peter Sjogren and his sister, Mrs. Edward LeGault.

Mr. and Mrs. C. A. Aberley left this morning for a few days' visit with relatives and friends at Crystal Falls.

Mr. and Mrs. Frank St. Pierre and children, Elvira and Elvin, have left Huron S. D., where they will visit for the next two months.

Miss Lillian Perrow of Bark River was shopping here today.

Miss Helen Brunell, who has been seriously ill at her home, S. 12th street has recovered and has resumed her position at the Woolworth store.

Mrs. Antone Loritz returned this morning from a week's visit with relatives at Chicago.

Mrs. George Dutton arrived this morning from Milwaukee to visit relatives and friends here during the Easter vacation.

Miss Loretta Hiem has returned from Green Bay, where she has been employed and has taken a position here.

Miss Ida Davis has returned to Kipling after visiting friends here.

Miss Gertrude Sheahan arrived today from Delafield, Wis., where she is a nurse at the St. John military academy, to attend the wedding of her niece, Miss Blanche Swaby, to Joseph Moreau, which will take place April 7.

Miss Elizabeth Sheahan is ill at her home.

John Ecklund and son of Stonington were visitors here today.

Eric Rehnquist and Gust Gustafson of Ogenz are spending a few days with friends here.

Mrs. Dave Pracey of Friday is visiting friends in the city.

Mrs. Homer Grondine of Foster City is here, visiting her sister, Miss Viola Preseau.

Roy Starrin has returned from a visit with friends in Chicago.

Charles Green of Gladstone spent yesterday here visiting friends.

Miss Rosemarie Sanders, Kindergarten teacher at Menominee is spending the Easter holidays at the home of her parents on Lakeshore drive.

Louis Woells of the Woells Paper Specialty company left the city for Marinette this morning. He has been here for the past three days on a business mission.

Harris McAnley spent Sunday at the home of his parents in Wilson.

J. H. Harrington of Ishpeming was a business caller in the city this week.

Many Schools Are Invited to Attempt Michigan Ag Meet

(BY ASSOCIATED PRESS) EAST LANSING, March 30.—Invitations have been mailed to nearly 500 colleges and high schools in Michigan to participate in the thirteenth annual track and field meet at M. A. C. on May 29, and indications are that the day of contests will bring together the best track talent in the state. High school athletes have taken part in the Aggie event for so long that it has become a classic, and the school which captures first honors at East Lansing is regarded as state champion. This year, however, the colleges have been invited for the same day. Events for high school and college men will be alternated, so that college coaches will be able to observe some of the promising youths of the state's prep institutions, and the high school boys will be given opportunity to see college athletes in action. Eight beautiful trophies will be offered, with individual prizes of gold, silver and bronze. It is planned to award the prizes at a banquet in the evening.

MUSEUM ISSUES WARNING AGAINST EAGLE EXTINCTION

Endeavor to Preserve Bald of National Bird of This Country.

(BY ASSOCIATED PRESS) NEW YORK, March 30.—A warning against the threatened extinction of the bald or American eagle, the national bird of the United States, was issued here today by the American Museum of Natural History which stated that reports indicated that "more than one-half and, perhaps, three-quarters of the entire species already have been sacrificed."

Destruction of the birds is attributed to hunters in Alaska who are killing them for a bounty paid by the territorial government. Never numerous, the museum authorities say, more than 5,600 eagles were slain in a few months in their favorite breeding ground, the Alaskan peninsula. Hunters have extended their operations into the British provinces adjoining Alaska, it is said, to swell their gains.

After declaring that the American eagle preys chiefly on large rodents harmful to farm crops, for the control of which the government annually expends large sums, the museum declares that "take of the American eagle's destructiveness to game or domestic animals are for the greater part pure fiction." The bird, it says, is migratory and therefore no state or territory can claim the right to destroy it, that right being vested in the Federal government.

Recalling the fact that the wild pigeon, formerly found in incredible numbers in certain parts of the United States had been "utterly wiped out" by unrestricted shooting and the destruction of its nests, the museum says that only the prompt passage of a Federal law will save the American eagle from the same fate.

DATES AHEAD

March 31, Carroll College Glee Club Concert, Presbyterian church.

April 3—Dance at Eagles Hall, Gladstone.

April 5, Easter Monday Ball, Delft Hall.

April 6—Big Easter Tuesday dancing party at the Elks Club.

April 12—Firemen's Carnival Ball, at Eagles' Hall, Gladstone.

April 14—Paper Makers dance at Delft hall.

April 15—Dancing party at Wilson, April 17—North Star dance.

April 19—Protective Home Circle at Clarks Hall.

April 20—Dance at Danforth.

April 21—Butterfly dance at Delft hall.

April 22—F. R. A. Dance at Gladstone.

April 29—R. R. Clerks dance at Delft hall.

LAND DEALS

The Delta Title Land and Loan company of this city, has sold to the township of Ford River, Delta county, a parcel of land located in W 1/4 of SW 1/4 of 34-38-24, to be used for gravel pit purposes. The sale was subject to the reservation that the company retain right of ways for railroads or highways now existing. The consideration was \$100.

John A. Martin, of Gladstone, has sold to Mary Martin, his wife, lot 9 of block 96 of the first addition to the city of Gladstone, according to the original plat.

SOCIAL

Shower For Miss Swaby. Miss Esther Stade was hostess to a party of friends at a miscellaneous shower given last evening in honor of Miss Blanche Swaby, who will be married to Joseph Moreau, April 7. A delightful program of social amusements occupied the evening, followed by refreshments. Miss Swaby received a number of pretty gifts.

Ladies' Aid Meeting. Members of the Ladies' Aid of the First Presbyterian church held an interesting meeting this afternoon in the church parlors. Business and social sessions were held.

CAMPAIGN AGAINST MILITARISM STARTS FOR THE ELECTION

Union Has Kept Out of Political Affairs Up to This Time.

WASHINGTON, March 30.—As the result of a poll of its membership, just completed, the American Union Against Militarism announced today its decision actively to enter the congressional and presidential campaign with its fight against compulsory military training.

In a statement issued from the headquarters in the Westory building and signed by Oswald Garrison Villard of New York City, chairman, Amos Pinchot, vice chairman, Charles T. Hallinan, secretary, and others, the executive committee asserts its intention of forcing every aspirant for the White House and every candidate for Congress to go clearly on record regarding peace-time military training.

"Senator Ashurst has openly charged that the reason certain senators and congressmen are concentrating upon the peace treaty as an issue is because they wish to dodge the question of compulsory military training," says the statement. "Whether this be true or not, there certainly has been displayed in both the House and the Senate a disposition to postpone any embarrassing roll calls on this question until after election."

"The American Union Against Militarism has kept out of the campaigns heretofore, but by an informal poll of its members we are instructed to take such steps as will force both the major political parties and all of the candidates clearly to state their position on this question. The result, we are confident, will be an overwhelming majority against the further extension of Prussianism in this country."

Charles T. Hallinan, secretary of the organization, said that the Union was issuing as helps to voters in the various congressional districts on this question a series of "explicit advisory leaflets" under the generic title of "Handy Guide for Activists." One of the issues, it is said, will contain suggestions to former enlisted men who are opposed to compulsory military training.

Alien Enemies Are Released from Prison

SALT LAKE CITY—Nine alien enemies were released from the Fort Douglas internment camp here on Saturday, one to go to Germany, the others to their homes in various parts of the United States.

NAVIGATION MAY OPEN WITHIN THREE WEEKS

That navigation may open at Lake Superior points within three or four weeks was the opinion of veterans of the business, near the waterfront the first of the week. The ice is deteriorating rapidly, from both the surface and the under side, it was stated, and another week or two of the brand of weather the community has experienced since March 15, will finish the job of preparing the ice for its spring movement outward.

Movies This Week

AT THE DELFT.

AT THE DELFT THIS WEEK. Today, and Wednesday—"Behind the Door" with Hobart Bosworth.

Thursday, Friday and Saturday—"The Invisible Bond" with Irene Castle.

AT THE DELFT.

Battleship an submarine scenes, both exterior and interior, will be technically correct in the Thomas H. Ince special production, "Behind the Door," starring Hobart Bosworth, which comes to the Delft Theatre today as a Paramount-Artcraft picture.

This was assured when Director Irvin Willatt enlisted the services of Lieutenant John Cook from the H-3 at the submarine base at San Pedro, Cal., to guide him through the nautical sets. Mr. Cook approved all the interior boat sets before they were photographed and he was with Mr. Willatt on the battleships and on the submarine while making the exteriors so that every movement was in strict accordance with naval discipline.

Lieutenant Cook also directed the submarine while the action pictures were being taken. In doing this he performed a remarkable feat. It was desired to get a picture of Bosworth on the deck of the submarine submerged. To get the proper angle the cameras had to be placed on top of the conning tower. Lieutenant Cook was asked to submerge the boat, but to stop as close to the floor of the conning tower as possible, that the cameramen should not be drowned or their instruments ruined.

Get Ready For Your Summer Gardening as Weather Improves

Get busy as soon as the soil is in condition to be worked. This is the commonest advice to gardeners, but it has a kickback. When is the soil in condition to be worked? Not just because the frost is out of the ground. It is a temptation to swing the fork or spade, but wait. Try only one spade or forkful. If it turns over all in one piece, and a blow from the digging tool merely cleaves it at the point of contact, don't dig any more. It is too wet.

Don't start digging until the soil is sufficiently dried out to break up easily. Nothing is gained by too much speed. If it is so wet that you leave a track, wait a bit. Your plants ought to be waiting in boxes, to be transplanted, at least a good portion of them, or in a hotbed or cold frame. Whenever your foot sinks in, the soil is packed, and gives the makings of a lump of clod.

If spaded or forked over while too wet, you are bound to have a lot of lumps that will be troublesome, and you cannot give the soil the proper tilth for seed sowing or for young seedlings to be transplanted.

Russian Refugee Camp in Streets

(BY ASSOCIATED PRESS) NOVOROSSISK, Russia, March 30.—Fifty thousand refugees from all parts of Southern Russia have been camping in the streets of Novorossisk for several weeks waiting for transportation to take them across the Black Sea to a place of safety. Most of them are families of officers and leaders of the army of Denikine. All the resources of the American Red Cross mission to South Russia have been employed in extending relief to the refugees.

Every shelter of any description has been crowded with humanity. Idle factory buildings, grain elevators and rooms used as offices during the day have been filled with refugees at night.

Thousands have spent their days walking the streets and at nightfall have spread their blankets and scant coverings upon the pavement to sleep. Hospitals have been filled to overflowing and medical supplies have run low while hundreds of cases of typhus developed every day. Each morning found hundreds dead in the streets.

Dresses of taffeta are in evidence for spring and many of these are in our favorite navy blue.

U. S. Marines Drop St. Patrick's Day

SAN FRANCISCO, March 20.—Much to the disappointment of many Irishmen, March 17, 1920, was completely blotted from the calendar by a detachment of U. S. Marines who recently left here for errands of duty in the Orient.

In order to keep the time straight west-bound ships set the clock ahead twenty-four hours when crossing the 180th meridian. The transport on which these U. S. Marines are sailing reached that meridian on March 16. They "turned in" regularly that night and awoke next morning to find that it was March 18.

MADRID—Admiral Flores, minister of marine, has resigned because of difficulties regarding the naval section of the budget. Premier Salazar has taken over the naval portfolio himself.

Makes It Nice for the Man On the Fence

to be able to walk in and try on the new Spring Suits without being urged to buy.

When our Salesmen lose a sale, it isn't considered a criminal offense—but if they fail to offer a cheerful "try again"—it is.

Every man who enters here receives the good old-fashioned treatment that made the Old Homestead famous—even if he doesn't care for our latest fashions.

This Spring, this store and yourself ought to get together.

Kratze Bros.

Finds \$500 In Pile of Rags at Appleton

APPLETON, Wis.—The rag rooms of paper mills here are proving to be veritable gold mines. Three months ago an Appleton workman discovered a \$500 Liberty bond, which no one has claimed. More recently another worker found a diamond ring. Now, Miss Georgine De Leest, Kimberly, found \$50 in a bale of clippings in a pile of rags. The money was all in currency in what was probably a pay envelope.

Honest Goods at Honest Prices

That day when every other color meant another quality at another price is a thing of the past as far as Escanaba is concerned. There is at least one place in this town where you can buy Dry Goods, Clothing and Shoes without fear of being stung. Honest goods at honest prices, free from all hurrah, noise, deceit and hypnotism, are yours for the asking. We have but one price to one and all and that price don't fluctuate at the mere whim and dictate of the pencil. Our prices are such that we can look every man in the face and know that we have given him value for value received.

GENERAL ELECTION HERE ON MONDAY; MANY CANDIDATES

Presidential Preference Primary Held On Same Day As Election.

Only one week remains before the electors of the city of Escanaba will go to the polls and cast their ballots for offices, national, state and local. With the final windup of the presidential candidates, keen interest is being displayed among the voters concerning the outcome of the bitter campaign in which all factions of the country have engaged themselves on one side or another.

Several ballots will be given to each voter. The election also is marked by party primaries at which time each voter will ask for a ballot for the party to which he belongs or wishes to cast his vote.

In the presidential race, several names are listed. Among the presidential candidates whose names appear on the republican ballot are: William Simpson, Frank O. Lowden, Leonard Wood, Herbert Hoover, Hiram Johnson and Poindexter. Each voter will be required to cast his ballot for any one of these candidates.

In the democratic race are: Bryan, Edwards, Hoover, McAdoo and Palmer. Those taking a democratic ballot will be required to vote for any one of these candidates as his choice in the presidential preference primary.

For National Committee on the democratic party the name of William F. Connolly appears alone, no contests being entered for this office.

Heated Contest. On the republican ballot there is a race for committeeman. The names of Oscar Marx, Hal S. Smith, Fred Warner, Arthur Wood and Theodore Joslin appear. To chose the committeeman, it will be necessary for the elector to vote for any one of these candidates. No more than one choice can be made.

On the Socialist ticket, the names of Eugene Debs appears in the presidential column. To vote the Socialist ticket, it will be necessary to take a Socialist ballot thereby losing the chance to vote for the democratic or republican candidates for presidential nomination.

Another ballot will be handed to each voter. It will be for use proposed bonding of the city to the extent of \$15,000 for additional sewer construction. Each elector will mark a cross before "yes" or "no" signifying whether or not he favors the borrowing of this money for the proposed work.

The city ballot with names of candidates for alderman, supervisor, justice, mayor and other local offices will be given to each voter. The polls will open at 7 o'clock in the morning and close at 5 in the afternoon. The regular voting precincts in the city will be open.

Cast Selected For "Time of His Life" Senior Class Play

With thirty Seniors taking part in the tryout last night for the Senior class play, "The Time of His Life," which will be given April 30, the following members were chosen to take part:

Myrl Lang, Olga Peterson, Gertrude Forester, John Brennan, Gordon Gleich, Clayton Bergeon, James Quinn, Ralph Brotherton and George Ryan.

"The Time of His Life" is a three act play. Parts will be assigned with in the next few days and rehearsals will start next week under the direction of Miss Gladys Morrell.

High School Teachers Attend Address Today

The high school was dismissed this afternoon in time for the local teachers to go to the theater and hear General Wood deliver his final address before the people of Escanaba. So inspired were the teachers this morning after the short address delivered by the candidate at the high school that they were insistent on being allowed to hear him in the closing speech.

Schools Close For Vacation Wednesday

The public schools of the city will close Wednesday for the annual Easter vacation. This will give students a vacation of four days and will enable teachers from out-of-town to visit their homes during the week.

Inspiring Address Given at the Delft

(CONTINUED FROM PAGE ONE)

better citizen, a better American. It will prepare him to assume the responsibilities of life, to marry and be the father of a family. Above all it will do much to teach the youth how to live clean, how to avoid vice and disease. Vice as far more dangerous to our country than war. War is a pigmy in comparison. The physique of our youth must be looked after carefully. If one-third of our dead in France could rise and speak they would say: 'We are your dead, not the Boche's dead.' Let's not send our young men into another war if we are unlucky enough ever to have another without giving them some sort of a chance to come back.

"Now these things that I have mentioned are all that go to make up what I believe is a sound and necessary policy of universal training. It is absurd to argue that such a policy would breed militarism."

Nation "Solid As A Nut." Urging Americanism as the foundation rock of the government, the general declared: "We need courage and common sense—sound thought. Much of the so-called national unrest is uncalled for. Our nation is as solid as a nut."

"The country must be governed by Americans, only—men with American ideals and standards, and not by radicals and aliens. In this connection it is essential that we watch our immigration. We welcome the foreign born man or woman who want to come here and be Americans. But we must keep out those who would work havoc in our nation. It is absurd to kick the Reds' out of one door and let an unrestricted lot of the same kind of people in the other door. We must not be the dumping ground for degenerates. The immigrant will always play an important part in the upbuilding of our population. We must admit only those who will be an asset to the population. We must pay something of the same kind of attention to our population as we do to the breeding of livestock on our farms."

The "Red Wave." "America is in no great danger of being over run by Bolshevism. Our government is too sound for that. The 'Red wave' is rolling west, but it is becoming less Red. It is far more organic now than when it started. It is efficient leadership. It has some of the ablest of military leaders. Some of the ablest among our late enemy, the Boche."

"If the Reds can place the man power of central Europe and the near East behind this recently acquired leadership, then the Red wave will become serious for this country, and the question of who won the war will still be undecided."

Capital and Labor. "The application of the Golden Rule," asserted General Wood, "will do much to settle the difficulties between capital and labor. Honesty by both sides is the solution. The laborer must have an honest wage and he must give an honest day's labor for that wage. There must be the spirit of fair play, with a lot of the human element entering in. The prosperity of a business must be shared with the employes who helped to build it up."

Must Centralize. "The war is over and we must have no more of the mangled centralization of power in Washington. It is contrary to the principles of our government. One man can't do it all. We must select the ablest men give them a job to do, with ample authority to do it, and then hold them strictly accountable for the carrying out of their duty."

"I am infinitely glad," the general concluded, "to see women coming into politics. My message to women is that they get into a political party. You cannot start out to clean a political house by standing on the outside and throwing mud at the windows. Get in. Clean up from within. You cannot make any headway by running around in small non-coordinating groups."

With a few local remarks the general closed the stirring address amidst the shouts and applause of the enthused crowds.

Great Reception. The reception given General Leonard Wood in towns of the upper peninsula yesterday and today could not have been more cordial or enthusiastic had the general been the president of the United States instead of a candidate for that office.

Leaving the copper country last night after addressing a huge meeting of four thousand people in the Calumet armory, Wood sped to Ishpeming where he remained for about one hour.

From Ishpeming the Wood party journeyed to Escanaba. On the way the train stopped at Little Lake, a small mining village. Here there appeared a crowd of three hundred miners with flags flying, cheering, and shouting "Speech!" The general stepped to the platform and gave a brief address. Many of his auditors had journeyed six miles to see and hear him.

Leaving the Delft theater this afternoon he was taken to the Northwestern station where he boarded a special train for Menominee where he will deliver an address this evening.

Other Guests Here. Accompanying the general in the visit to this city were Mrs. Wood, Colonel William Cooper Procter and wife and Nicholas Roosevelt. Colonel Procter is chairman of the national Wood campaign committee.

Allan T. Roberts, head of the Wood committee in the Upper Peninsula, was also one of the members of the party.

NEWSPAPER MEN HERE.

"Ted" Moore, editorial representative of the Marquette Mining Journal was in the city today with the Wood presidential party. George W. Rowell Jr. of Menominee, formerly managing editor of the Herald Leader in that city was here this morning to join the Wood party on their way to Menominee.

G. C. Newitt, Ishpeming editor, came to Escanaba today with the Wood delegation.

Gifford-Young People Arrive in City Last Night

The Gifford-Young Stock company members who will open a week engagement at the Delft theatre Sunday, arrived in the city yesterday to spend their Easter vacation and incidentally enjoy several days with the many friends they made during their two engagements here last summer.

Nearly all the old favorites are with the company, including Earl Young, Corinne McDonald, Maralyn Fink, Elnora Sitzer, Montgomery Holland and others. Several new faces will be seen in the troupe among them Jack King Davis, the new handsome leading man, Miss May Warren, who recently finished a tour over the biggest vaudeville circuit in the country, and Guy Beach, an exceptionally clever character man.

The company will present "Cheating Cheaters" as the opening play Sunday matinee and night.

25 Radicals Will Be Deported Soon

(BY ASSOCIATED PRESS)

CHICAGO, March 30.—Orders approved by Secretary of Labor Wilson today for the deportation of twenty-five Chicago radicals were received by United States Immigration Officer Harry L. Landis. Six alleged radicals arrested by the officials were ordered released. The commissioner refused to give out the names of the ten whom deportation orders were approved.

At present there are about two hundred deportation cases awaiting action by Secretary Wilson. About four hundred radicals were arrested in the Chicago raids.

Escanaba Women Are Hostess to Women in General Wood Party

Among the noteworthy features of the entertainment in the city today was the fact that a committee of Escanaba women was at the train this morning to meet the General Wood party in which Mrs. Wood and Mrs. William Cooper Procter wife of the campaign manager were present.

Mrs. G. M. Mashek, Mrs. H. L. King and Mrs. F. H. Atkins comprised the committee which entertained the distinguished women while they were in the city. A special table was reserved for the women at the luncheon. A large vase of beautiful flowers adorned the table at which they were seated. From the luncheon they went to the theater where seats had been reserved for them.

Arraigned For Not Paying Board Bill

Andrew Johnson of Stephenson was arraigned before Justice McEwen at 4 o'clock this afternoon charged with defrauding a boarding house keeper. He promised to pay the board bill and the costs of the action.

Skating at Coliseum.

The Coliseum rink was opened to skaters this afternoon, and will be open this evening, for the regular Tuesday night program. Skating programs will be put on by the management Thursday afternoon and evening and Saturday afternoon, and the last party of the season will be held Easter Sunday.

Dinner Pail And Lunch Box Back

(BY ASSOCIATED PRESS)

CHICAGO, March 30.—The dinner pail and lunch box are coming back in Chicago. Disposed as baskets and boxes of sporting design, in many cases, they travel the elevated and surface lines incognito now-a-days. But they carry home made lunches—slices of bread held apart by real meat and pies covered with crust instead of dough.

Girls working in downtown stores and offices are taking the lead in this movement but the men are slow to follow. They are content however to wrap their lunches in plain paper.

High cost and low satisfaction of eating in loop restaurants is said to be responsible for the return of the portable lunch.

BATTLE CREEK—E. R. Keagle, dining car conductor on the Grand Trunk Railway, and G. H. Chase, Negro chef, were arrested and 26 quarts of liquor confiscated by Federal, county and police officers. The arrests were made on the diner attached to train No. 13.

Edward Nelson of Duluth visited here today enroute to Menominee where he has taken a position as foreman in the Herald Leader office.

Weather

For Escanaba and Vicinity—Partly cloudy tonight and Wednesday. For Upper Michigan—Partly cloudy tonight and Wednesday. The principal barometric disturbance occupies the Canadian Northwest this morning. Pressure is moderately high in the South Atlantic States. The precipitation of the last twenty-four hours was of little consequence. Temperatures have risen generally, except in the eastern and southeastern sections. Partly cloudy weather is indicated for this locality tonight and Wednesday.

Temperature readings follow:

	Lowest	8 a. m. last night.

St. Paul	32	32
S. Ste. Marie	28	22
Washington	52	48

Coffer Dam to Stop Flow at Manistique

(CONTINUED FROM PAGE ONE)

The jam is reported to be breaking up, pressed out by the great volume held in check by the logs and the fifty-foot high banks of the river at that point. When the jam gives way and the flood of water reaches the city more serious trouble than has been encountered is anticipated.

Every able-bodied man in Manistique has been on the job constantly since the flood broke loose and every possible precaution is being taken to meet the greater flood of water that is expected.

Cuts 50-Foot Channel.

The flood started when the great volume of water held back by the paper mill dam began to eat into the banks of the river along Western avenue, between the Soo Line bridge and the upper dam. Within a short time the current had eaten out a channel fifty feet wide down Western avenue. So swiftly did the flood come that residents on that street were able to save little from their homes and were forced to flee for their lives. Many were taken out in boats and carried to places of safety.

The water on Western avenue today ranges from five to seven feet in depth. Some of the houses stand in water to their second story windows and many have been carried off their foundations. Driving down Western avenue the newly formed river swept everything in its path to Deer street, the principal business thoroughfare of the west side. Within an incredibly short time every basement along that street was flooded. The water left the business district at Houghton street and formed a new channel back to the river and bay.

The river also had eaten into the embankment above the bridge and has formed a new channel ninety feet in width there, flooding Riverside addition.

Hole Through Plant. The flood struck the Goodwillie plant squarely in the center, and within a short time a hole had been driven through. Today the plant is a mass of ruins in the center of a lake.

The Waddell Lumber company's yard, near the dam, was practically carried out in its entirety and today but a few scattering lumbering piles were left. The corner of the Pulp & Paper company's machine shop and garage has been carried out and all of that part of the works is flooded. The Manistique Handle company's plant and yards are flooded and heavy damage has already been done there.

Out of all the various industrial plants in Manistique only two were in operation today, the Consolidated Lumber company's mill and the Co-operative plant.

The lighting service of the city was out of commission for several hours, but current was restored late yesterday afternoon and the luxury of light was again enjoyed by the people.

Today the people of Manistique are in the depths of apprehension, fearing what is to follow the breaking of the log jam at the high railway.

Rich Draft Dodger Gets 5 Year Sentence

(BY ASSOCIATED PRESS)

NEW YORK, March 30.—Grover Cleveland Bergdoll, wealthy Philadelphia young man who was charged with being a draft dodger and arrested for desertion and tried by court martial, was sentenced to spend five years in prison, according to a decision of the court made public today.

The sentence went into effect today and calls for hard labor in the jail at Governor's Island. In addition to the sentence Bergdoll forfeits the rights of citizenship as a result of the conviction.

Sergt. Hunter Goes to Iron Mountain

Sergt. W. W. Hunter of the recruiting party left this morning for Iron Mountain where he will open a branch station. He will probably remain there for several days. Duco, the recruiting office mascot, accompanied his master.

A Rabbit's Foot
