Partly cloudy tonight and
Wednesday...
VOLUME XXVI NO. 342

ESCANABA, MICH., TUESDAY, DECEMBER 1, 1920

SINGLE COPIES, 5 CENTS

PRESIDENT IN FINAL ADDRESS

WILSON'S LAST MESSAGE HEARD BY BIG CROWDS

Appeals to America to Be Strong and Abide by Right, Always. Makes Six Recommendations; No Mention of League of Nations Is Made.

WASHINGTON, Dec. 1.—Theodore Wilson's concrete recommendations to Congress today, in his final message, were: 1. Revision of the tax laws and simplification of the excessive profit taxes. 2. Independent national development.

Monster Cargo of Ore Closes Year at Docks

Seven million, three hundred and sixty one thousand and sixty six tons of iron ore were shipped from the Chicago Northwestern and Chicago Milwaukee & St. Paul docks during the season of 1920 according to figures given out at the respective offices this morning.

Of this amount the Northwestern shipped 1,567,905 tons while the St. Paul docks business was smaller scale transported 2,387,360. Both showed great increases over the shipments of 1919.

St. Anne's Bazaar and Sale Tonight

The doors of St. Anne's hall will be opened at 7 o'clock this evening for the first night of the three day annual bazaar and fancy work sale. The affair is given under the auspices of the women and girls of the congregation.

Modern Brotherhood Elects Officers For the Ensuing Season

At a meeting of the Modern Brotherhood of America at the North Star hall last night, the following officers were elected: President—George E. Lemm; Vice President—John Russell; Secretary—Margaret Combs; Treasurer—J. E. Finnegan.

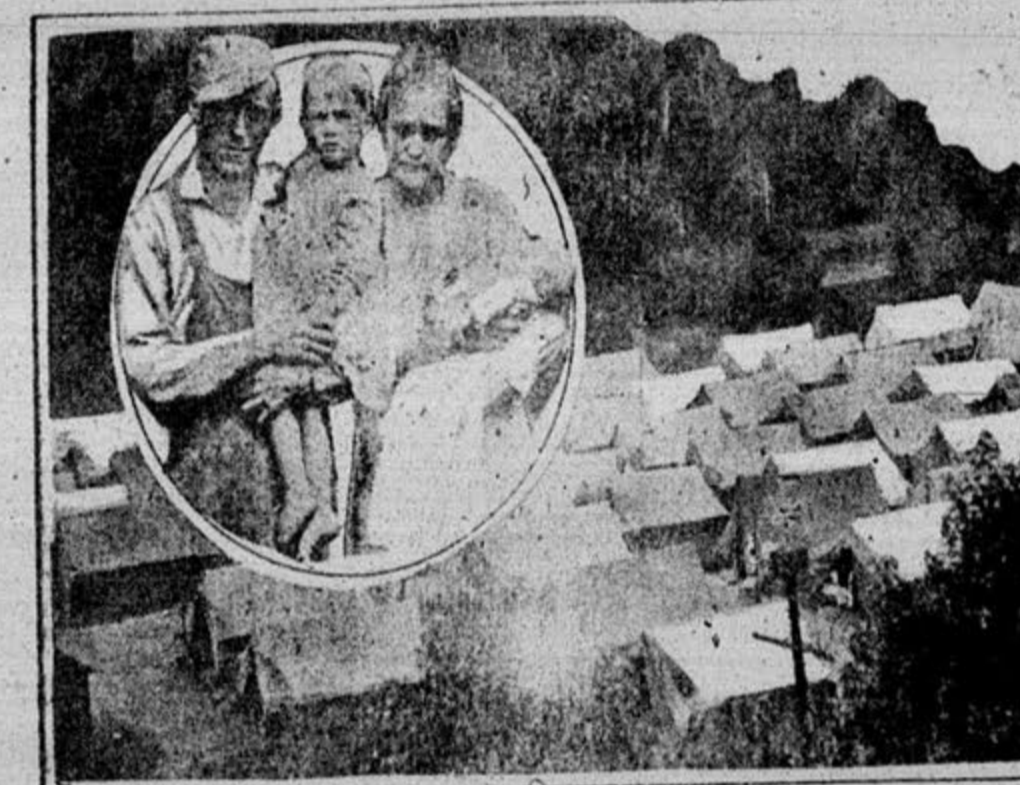

Ask Million Dollar Appropriations for Aid to Forest Land

WASHINGTON, Dec. 1.—An appropriation of \$10,000,000 to be used for reforestation work was asked by the department of agriculture in the annual appropriations bill.

Red Cross Seals Are Selling Here

Progress is being made in the sale of Red Cross Christmas seals. It is announced by a member of the committee in charge today.

WINTER IS DRIVING STRIKERS BACK

Only 400 persons—miners, wives and children—remain in this tent colony three miles from Waltham, W. Va., where 1500 took refuge when mine owners ejected strikers, who organized from company houses. Winter is driving the miners back to work. This picture shows the camp from the hills above. The tent is a typical miner and family.

MASONIC LODGE PAYS HONOR TO PAST OFFICERS

Speaking to nearly 200 members of the Masonic lodge, Bishop Hayes of Marquette last night delivered an address which will be long remembered here in the minds of each individual who was present at the annual meeting in honor of the past officers of the lodge.

COMMUNITY PLAN GETS STATE AID

Local workers point with pride to legislative action in state. Community people have been busy with a great deal of preparation for the coming year.

POLICE TO AID ENFORCING NEW WRAPPING LAW

Enforcement of the new bread wrapping ordinance enacted by the city council at a recent meeting and scheduled to go into effect at once will be the province of "watchful waiting" by members of the Escanaba police department from today on.

Watch Your Step

New Police Car Will Be Christened After First Victim Getting a Free Ride in It.

Delivery of the new motor police car to the city of Escanaba will be made late this afternoon or this evening according to the L. K. Edwards Garage through whom the police patrol was purchased.

Police men will await the first call of the "wagon." As the first prisoner is taken to the station the car will be on hand to see that the prisoner is properly carried out.

Two in Jail From Federal Raid Here; Booze Source Found

Joseph Trotter, proprietor of a saloon at 302 Ludington street, is in the Delta county jail awaiting hearing charged with the sale of intoxicating liquors following a successful raid conducted by Federal men yesterday.

Noted Athlete Talks At High School For Better School Idea

Judson Hynes, graduate of the University of Michigan and a state representative in the house of representatives, addressed the students of the high school this afternoon on the subject of "The relationship between student and teacher and on the necessity of better athletic in high schools."

98 Per Cent Vote to Return King of Greece to Office

PARIS, Dec. 1.—King Constantine of Greece received 98 per cent of the votes in the plebiscite as to whether he would be permitted to return to the throne of that country. It was learned here today from reports from Athens.

High School Gives \$85 to Children of Poland and Russia

A collection taken among the students of Escanaba high school this afternoon \$85 was collected to be sent to the commission on relief for assistance in the children of Russia and Poland. The students were liberal in their offerings to the children of the war of country.

NEWSPAPER MAN CLAIMS HE MET 'HAMON SLAYER'

Knew Her in Oklahoma Before He Went to San Antonio.

Girl Says She Killed Hamon, Scribe Tells Texas Police Officers.

CHARLOTTE, Dec. 1.—Four men forced their way in to the apartment building which was formerly occupied by Mrs. J. H. Hamon, widow of the late national committeeman who was mysteriously shot and killed and took personal papers and seventy-five letters received during her absence from Ardmore where the shooting took place.

SAN ANTONIO, Dec. 1.—P. M. Ross also arrived here last night and today that he had had a conversation with Miss Clara Smith charged with the murder of Republican National Committeeman Jack Hamon near San Antonio and that she made a statement to him regarding the shooting. The police were interested in the statement and Ross was held for questioning for a day after which he was released.

Met Her Near Town

According to the statements by Miss Smith near San Antonio after her car had broken down and while she was having the car repaired she received the statement from her brother, Captain James O'Quinn of the police department here, who was inclined to believe Ross' story. Ross after being released returned to jail when Miss Smith was in the city.

Mrs. Kirkpatrick Is Injured in Serious Accident Last Night

Mrs. E. J. Kirkpatrick suffered painful and serious injuries last night when she fell down a flight of stairs in her home at N. 14th street. The particulars of the accident were not learned except that Mrs. Kirkpatrick suffered a fractured collar bone in the fall. She is under the care of physicians today.

THE WEATHER

For Escanaba and Vicinity: Partly cloudy tonight and Wednesday, some light rain tonight, moderate to fresh north and northeast winds.

Table with 2 columns: City and Temperature. Rows include Boston, Chicago, Denver, Kansas City, St. Paul, etc.

P. E. McLean Shows Great Improvement

A telegram received from P. E. McLean, who is recovering from a long illness, shows a great improvement in his condition.

### PATTERSON CHOOSES MYSTIC TEAM WITHOUT WOLVERINE; FOUR BADGER

(BY ASSOCIATED PRESS)

NEW YORK, Dec. 7.—Homer Patterson, coach of the Michigan football team, has selected his mystic team for the coming season. The team will consist of eleven players, including four from the Badger conference and seven from the Wolverine conference.

Patterson's selection of players is based on their performance during the season. He has chosen a team that is well-balanced and capable of competing for the national championship.

The team includes several players who have shown exceptional talent and leadership on the field. Patterson is confident that this team will be successful in the coming season.

### GERMAN MINERS SEEK INCREASE

Four Unions Make Demands for an Immediate Advance in Wages.

Berlin Printers Still Out

Few Newspapers Being Published in the Capital—Ministry of Labor is Seeking to Adjust the Labor Treaty, but is Unsuccessful.

Demands for an immediate increase in wages have been telegraphed to the German minister of labor by the four unions composing the Miners' Federation, says Vorwärts.

The hunger press of Berlin is still tied up by the newspaper shut-down, which was the publishers' answer to the strike called by the clerical workers. The only newspapers being issued are the Volksrecht and the Communist organ, the Red Flag.

The strikers, however, have permitted both the financial journals to issue single sheets containing the stock market quotations.

The ministry of labor has now taken a hand in the controversy, but so far has been unable to effect a compromise.

### Ohio Plans Champ Team for New Year As Players Report

COLUMBUS, O., Dec. 7.—While the team will be last from Ohio state's championship, it will be a good one, according to reports from the players.

The team is expected to be a strong one, with several players who have shown exceptional talent. The coach is confident that the team will be successful in the coming season.

The players report that they are well-prepared for the season ahead and are looking forward to competing for the championship.

### Daily Fashion Hint

ANN ARBOR, Mich., Dec. 7.—Europe never will repay the billions of dollars loaned by the United States during the war or pay interest on those loans, in the opinion of Professor David Friday, economist and a member of the faculty of the University of Michigan.

Europe cannot send us gold and the only manner in which our former allies can pay is in goods, said Professor Friday. "For ten years of sufficient quantity to pay the interest on the debt to the United States, is dumped on our market, each year, would mean ruin to American industry. The United States will be unwilling to accept payment in manufactured articles and must forfeit the \$17,000,000,000 due this country.

"Our government would make a mistake to give up our claim now or to surrender all of them at any one time. The time will come when European mischief makers can be talked to smooth out their differences, and the deduction of a part of the amount due us can be used to this end. Such a course will help to keep peace in Europe and put the United States in the position of a dictator.

"We have granted European nations credit of five and one-half billion dollars since the war. This partly is the cause for the great depression on the banks of this country. If our bankers demand payment it would mean thousands of bankruptcies in Europe and America. Our bankers must be bold to pay these loans on their bonds."

...the various players competing for positions in the All-Western team to his article is as follows:

Never in the history of Western football has the enthusiasm been greater than in the season that has just closed. Most of the teams have played better, capacity crowds. The weekly estimates show that upward of 100,000 people have paid admission to football here, and with their money and it is certain that there are a host of important factors in the popularity and success of the game. This being the case, it is not surprising that a number of them have paid a special attention to the game.

The conference was held and various as well as the football game. It was held at the University of Michigan, and the last game of the season was played there. The game was one of the hardest fought games of the season and it was not over until the third quarter. Both teams were being coached to perfection in the art of forward passing, played the open style of game, which made it doubly interesting to the spectators.

It is the opinion of the writer that the conference this year was a success to the Eastern team in offensive and defensive line work. They are unquestionably the power and hold that the Western team possess, but it is not likely that they will be able to maintain this position in the coming season.

While the forward pass has been recently developed, it does not appear that all coaches are not using it as one of the main weapons of attack.

Chicago of Illinois was credited the star of the conference. The West has never produced a more powerful full back and it is doubtful if any college in the country has seen his superior this year. He was equally strong on offense and defense. A certain coach was asked what he thought of the Illinois line and he replied: "It is the greatest Illinois did not have a strong line with the exception of Chicago. Wisconsin has a splendid full back in the person of Dan Wiper. He is a powerful player and will be a valuable asset to the team in the coming season. Another player who will be a valuable asset to the team is the full back, Charlie Taylor, who played for the University of Michigan last year. He is a powerful player and will be a valuable asset to the team in the coming season.

GENERAL LABOR NEWS

Salt miners in the Netherlands now number more than 25,000.

Workers in the New York Shipbuilding Company at Camden, N. J., have struck weekly in War Saving stamps.

More than 2,000 factories in Russia have been nationalized. This is about 80 per cent of that country's productive activity.

The Detroit Hopping Corporation proposes to build a bond issue of \$200,000 for the building of additional homes for workers in that city.

Between Labor day, 1919, and the same eventful day in 1920 members of the Granite Cutters' International Association of America secured the greatest increase in wages they have received in their organized existence.

A bill of approximately one-third of the shipping of the Wallace railroad shows at Springfield, Ill., was announced. The retirement program will be general over the entire system, according to A. Field, assistant superintendent of motive power of the road.

Labor leaders at Manila organized a speaking campaign against proposed legislation to admit oriental laborers into the Philippines. Prominent oratorical writers and speakers have been organized into squads with will stamp Manila and other cities.

Large manufacturing companies of Kentucky, W. Va. are dismissing hundreds of employees in preparation for what they call a "slack season." In nearly all the plants the working week has been cut down to five days of eight hours each with no overtime. This reduction has resulted in the loss of thousands of dollars in wages.

Two thousand men, making up the entire fiscal staff of the Post Office savings bank at Vienna, Austria, struck, demanding more rapid promotion and better working conditions. The daily turnover of this bank approximates 1,000,000 crowns, and the strike is steadily resented by the public, which attempted to storm the building.

Thousands of dock workers have been dismissed at Dublin, Ireland, as a result of the unauthorized strike of women and children for increased wages, begun several days ago, and the port is almost completely closed. With the exception of passenger services, the only steamship lines open are those to Bristol and Glasgow. Similar conditions prevail at other important Irish ports, except Belfast.

Trouble in the needle trades, threatening since the strike of the buying public against high prices and the consequent lack of business and employment, honed large at New York when, after a meeting of the Cloak, Suit and Skirt Manufacturers' association executive committee, it was announced that the contract between the association and the International Ladies' Garment Workers' union had been abrogated. The members of the association employ 20,000 hands.

The lower house of the Texas legislature passed the bill proposing more stringent laws relating to industrial troubles at ports by a vote of 86 to 20. This was nine votes less than the number required to give the measure the emergency clause. The bill was amended on third reading to provide that only when violence or force is used in violation of the act shall the offense be a felony, and to provide that the change of venue section shall not abridge the defendant's right to argue for a change of venue.

## Motor Truck Lowers Farm Costs

THE farmer of the Middle West is a business man who utilizes every labor or time-saving device to increase his profits. That's why the farmer is coming to be the heaviest buyer of motor trucks.

At seeding time he hauls his seed to the field, thus economizing hand labor; at harvest time he hauls his grain, potatoes, and other produce, to market, and distance being a less prohibitive factor, is able to secure better prices; and all through the year he hauls his live-stock and chickens to market, and is able to deliver them in better condition, and with a minimum of shrinkage.

These are a few reasons why the farmer finds the motor truck profitable.

It must be apparent, then, that in no other part of the nation is rural distribution of petroleum products quite so important as in the states served by the Standard Oil Company (Indiana). These are the far states which supply not only the Middle West but the entire nation with food. The ten states served by this Company are well termed the bread-basket of the nation.

To be of economic service to the farmer, the Standard Oil Company (Indiana) maintains throughout the territory it serves a complete chain of bulk stations, with tank wagons for delivery throughout the rural districts. The farmer has come to know that he can depend upon this service even under most trying conditions. That busy, dark green tank wagon serves the farmer with all the faithfulness with which the milk wagon and ice wagon serve the flat dweller in the city.

The comprehensive distribution system of the Standard Oil Company (Indiana) is geared to service at the lowest possible cost. The money thus saved through large scale operation is passed on to the consumer by reasonable tank wagon prices throughout the territory served.

That this complete and highly efficient system of distribution maintained by the Standard Oil Company (Indiana) is indispensable to the new type of business farmer, no one acquainted with the facts can doubt.

**Standard Oil Company**  
(Indiana)  
910 South Michigan Ave., Chicago, Ill.

## Break Chest Colds With Red Peppers

Rub it on Congested, Aching Chest—Loosens Up that Tight Feeling at Once—Surely Brings a Quick Relief.

Ease your tight, congested chest. Rub Red Peppers on your chest. It loosens up that tight feeling at once—surely brings a quick relief.

Red Peppers is a powerful chest rub that loosens up that tight feeling at once—surely brings a quick relief.

## Black and Gold Are Looking Forward to a Good Season, 1921

LAFAYETTE, Ind., Dec. 7.—Rejected but not discouraged, Purdue football fans are looking forward to the 1921 season during which they hope to see a team in action which will bring the fallen fortunes of the school and state.

While authorities are looking for a coach to succeed Arthur Scanlon who it is announced, will not return this season, Scanlon's contract with the university will expire Jan. 1.

## Black and Gold Are Looking Forward to a Good Season, 1921

LAFAYETTE, Ind., Dec. 7.—Rejected but not discouraged, Purdue football fans are looking forward to the 1921 season during which they hope to see a team in action which will bring the fallen fortunes of the school and state.

While authorities are looking for a coach to succeed Arthur Scanlon who it is announced, will not return this season, Scanlon's contract with the university will expire Jan. 1.

DOINGS OF THE DUFFS

TOM GETS A SHAKING.

By ALLMAN

During November and 50 in October. In the opinion of army and navy recruiting officers a part of the increase in enlistments may be attributed to men out of employment.

TRAINING CAMP WITH MICHIGAN

The students are divided into two groups, those who take a two-year course and those who complete the study in four years. Their hours credit is given them in the first class, by the college of engineering and the literary college and those who take a four-year course receive credit hours credit and study for graduation during the last two years. The students of the school must attend a summer camp of the R. O. T. C. Michigan is the only university giving credits for training camp work.

The students of the college consist of a large number of cadets, and of the cadets, an eight-inch gun, a six-inch and six-inch millimeter machine gun, three trucks, and a motor vehicle control equipment. The school is to be organized as follows: The R. O. T. C. is to be organized in the college of engineering and the literary college and quality standards are to be maintained. The school is to be organized as follows: The R. O. T. C. is to be organized in the college of engineering and the literary college and quality standards are to be maintained.

STATE NEWS

Care—Medical inspection of school children here is to begin in January
OSHTOS—The city commission has increased the salary of the municipal justice from \$600 to \$1,500.
Traverse City—Robert Barney was elected president of the Michigan Fair Association for the tenth year.
Tipper—Julius Delaney, 65, was killed here when his coat caught in the shafting of the Tipper Grasmann mill.
Ansborg—John Smecster, 26, was fatally shot near Beecher lake, when the gun of a companion accidentally exploded.
Battle Creek—The central counting system probably will be discontinued here because it proved a failure in the last election.
Grand Rapids—Prof. J. G. Lawson, of Hinsdale, Ill., has been installed pastor of Cass Avenue Seventh Day Adventist church here.
Mt. Clemens—A special election will be held Jan. 11 to vote on authorizing \$10,000 bonds for new wells, to increase the water supply.
Oscoda—The Oscoda Sash Co. has sent out checks for \$200,000 to pay for beets delivered up to Oct. 15. Another \$1,000,000 will be paid out before the season ends.
Bad Axe—L. A. Currie was brought here from Detroit to face charges of passing bad checks for \$1,000. Prescribed by William Thotals, proprietor of the Hotel Morrow.
Scottville—Joe Nicosa, 60, propped up in bed, counted the hour as the clock chimed 3 and then died. He was owner of cheese factories in Fountain and Freeport districts.
Morrice—Charged with rifling two mail pouches, Reinhold Kluit, 25 years old, Morrice, waived examination and was bound over to the Detroit Federal grand jury. Bail was set at \$1,000.
Battle Creek—Rigid enforcement of the new milk ordinance which becomes effective Jan. 1 is planned by the city officials. The new ordinance permits only milk from tested cows to be sold.
Holland—The shifting of the Ottawa Beach pier threatens to stop transportation between Holland and Chicago, says J. S. Morton, of the Graham & Norton Transportation company.
Mt. Clemens—Fred Eberts, former service man and owner of a Mt. Clemens-Detroit truck line, was placed on parole for two years. He has made good the \$200 obtained from a local bank on fraudulent checks.
Pontiac—Oakland County has sold \$15,000 jail bonds to the Harris Trust & Savings Bank of Chicago and expects to receive bids in January, when the board of supervisors convenes. The new jail will house 100 prisoners.
Ansborg—John Smecster, 26 years old, shot and fatally wounded by a hunting companion Thanksgiving Day and twice before, been wounded in hunting accidents. Once he was shot in the stomach. Another time his arm was permanently disabled.
Big Rapids—Frank Thrush and his wife Alta were convicted of mistreating their daughter, Mary McDonald, 16 years old, by chaining her to a bed post. Thrush was sentenced to pay a fine of \$25 and serve 30 days in jail. His wife was fined \$25 or 30 days.

CO-OPERATIVE WAY OF SELLING GREAT AID TO THE FARMS

ANN ARBOR, Mich., Dec. 7.—Due to the demand for special training in highway transportation, the University of Michigan has extended its course in highway transport engineering. Short courses are to be conducted in two-week periods, the first to open Dec. 8. The course will continue thru March 25 and intensive training is offered.
The work was divided into short courses to permit men employed at truck salaried, first managers, contractors and highway engineers an opportunity to obtain information required within a short time.
The courses will consist of three-hour lectures daily, laboratory and research work. The subjects to be taught are: Highway engineering, the layout and design, grading machinery and operation; highway jurisdiction, earth, sand, clay, gravel and broken stone roads; bituminous materials, mechanism, operation and maintenance of motor trucks; tractors and trailers; highway transport management, boats and record systems.
Students receiving instruction last fall were 21 year old and expected to carry on the work.

Highway Course For Michigan University

Students receiving instruction last fall were 21 year old and expected to carry on the work.

Naval and Army in Michigan Recruits

DETROIT, Mich., Dec. 7.—Following the industrial situation in Michigan, army and navy enlistments in the state during the first six months of the year were 5,500 and 5,000 respectively. The Marine Corps enlistments showed a slight gain for the month ending October, but the increase was not marked.
The navy recruited 2,400 men in the lower peninsula and in the territory adjacent to Toledo, Ohio, during November against 172 in October. Army enlistments in high Michigan posts during the first six months of the year were 5,500 and 5,000 respectively.
Of the November enlistments 14,000 were made in the Detroit district of Michigan, the remainder in the Grand Rapids district. In the October period 12,000 men were accepted from the Detroit district.
The Marine Corps enlisted 60 men during November and 50 in October.

Brandy Permitted in Plum Pudding Again

WASHINGTON, D. C.—If you have brandy, season the plum pudding or mince loaf and serve the holidays festive and gay. Go ahead with your Christmas plans, drawing as heavily upon the private stock as demands may warrant. But I wouldn't advise trying to buy brandy for ordinary purposes; it can't be done.
This loaf, advice to housewives from John P. Kramer, city law officer, has given a definite warning. Kramer said that plum pudding law officers looked at approximately 100 plum puddings with brandy. "No move has been made to get stocks of brandied cherries, other preserved fruits or shelled nuts or other ingredients," Kramer said. "No such move will be made. Manufacturers are permitted by us to use brandy in making certain food products. Such products are sold to dealers, who sell them without permit. No step will be taken to interfere with legitimate business of this character."
Kramer said the ban is still on against the purchase of brandy and similar intoxicants by restaurants and hotels. "No regulation in force at this time allows housewives to buy brandy for home cooking."
"Will, how about it if a fellow cooks out and gets a little liquor to spread over the fruit cake?" Kramer was asked.
"Will, they say it can be done," Kramer admitted, "but not legally." He also allowed he had his hands full to prevent the Christmas rush.

Dividend Limited

Dividends are limited to 3 to 7 per cent on Co. stock, regardless of the amount of profit and are paid to all stock holders. The surplus over the fixed dividend is divided pro rata to members according to the amount of business they have furnished. This is what makes the equity a part of the cooperative fund. Exchange is organized under the cooperative law of the state and is not under the usual corporation law.
We have three new factory openings located in Chicago, St. Louis, and Denver, Colo. We have a plant on the Detroit and Kansas City, Mo. plants. Chicago and St. Louis plants are in the new plant buildings and are the largest butter and egg plants in the world.
I return to our past working week, we have direct from the factory. We have a contract with the third largest binder twine factory in the country for several million pounds annually, and we have a large new factory and we buy lumber direct from western mills. We handle farm machinery and other staples that farmers purchase thru elevators.
We have cooperative creameries at Aberdeen, S. D., Okemba, Neb., Laramie, Colo. and Liberal, Kan. Our members are getting ready to start organization of a fifth at P. Wayne, Ind. The Aberdeen creamery is one of the finest in the country, costing \$1,000,000. Its saving in four years, after cost of operation and setting aside a substantial part of the net earnings in accordance with the South Dakota cooperative company law, have amounted to \$1,000,000.
The Farmers' Equity Union has no political bias, according to Mr. Betts. "We advocate no change in the system of society," he said. "We are capitalistic. We merely advocate the ownership by the farmer of a part of the means of distribution."
National headquarters are at Greenfield, Ill., which is the home of the union's national president and founder, G. O. Drayton. Local exchanges and agencies run under no uniform name. That of the Chicago house is the Chicago Equity Union Exchange.
Sceptical people who are reading some of these notices of sale in the paper may say that while everything is marked down from 25 to 33 per cent the range of prices remains about the same as before.

Reserve Member in Statement of Crop

CLEVELAND, O., Dec. 7.—After a long round the southern states, during which he visited several of the largest banks of the district, D. C. Kramer, of the Federal reserve bank, Cleveland, to verify the crop, especially cotton and rice, appeared to be paying better than they have been.

Gladstone Masonic Order in Election

Members of Gladstone Lodge No. 509 F. & A. M. held their annual election of officers Friday night. It is indicated that the lodge is to have a busy year. Following is the list of officers chosen:
Worshipful Master—George C. Ogden
Sister Warden—Paul B. Hammond
Secretary—George Sinclair
Treasurer—Henry Rosenblum
Delegates to Grand Lodge—C. A. Clark.
Appellate officers will be filled later by the worshipful master.

Grand Rapids—Efforts of the Kott board of supervisors to abolish the board of directors, to increase the salaries of all county officers and to raise the fees in the register of deeds have failed because of Gov. Sleeper's refusal to approve the ordinance passed in October.

Muskegon—Although she knew nothing of the operation of a motor boat, Mrs. Kate Chaffee succeeded in bringing one seven miles down the treacherous Muskegon River when her companion, Henry Vandervo, was stricken at the wheel. Vandervo died as the boat was being docketed.

Escanaba—Mike Ikonen, 22, Finn, was arrested in a lumber camp at Maple Ridge, on the charge of complicity in several murders, after being trailed six months. Detective G. A. Hoel of Duluth tracked Ikonen through northern Minnesota, the Dakotas, Manitoba to Winnipeg, and to

GOVERNOR HARDING GIVES ADDRESS IN WATERWAY PLANS

Three Main Objects Pointed Out for New Water System Proposed

BY ASSOCIATED PRESS
INDIANAPOLIS, Dec. 6.—Gov. Harding today gave an address on the waterway plans of the Great Lakes-St. Lawrence system...

The Dark Mirror

by Louis Joseph Vance

Author of "The False Faces," "The Lone Wolf," Etc.

Illustrated by IRWIN MYERS

Copyright, 1920, by the Author.

SYNOPSIS

CHAPTER I—Vaguely conscious of a feeble personality, but without any idea of the meaning, the girl, Lenora, makes her way into the Street of Strange Faces...

CHAPTER II—In her studio, Priscilla...

CHAPTER III—Fosdick bears a dark shadow to the life of Priscilla's father, and that mystery surrounds her mother...

CHAPTER IV—Lenora's doubts...

CHAPTER V—Lenora's doubts...

CHAPTER VI—Priscilla's...

CHAPTER VII—Priscilla's...

able to think and to work out thought in action.
The present, however, two considerations dominated all others...

The air of the hallway was heavy with that subtle, sickly smell, alluring and appalling...

She was within two paces of success when an especially violent wrangle ended in a harsh rasping of chair legs on a bare, rough floor...

Priscilla began to get her bearings, finding herself in that sordid room where she had witnessed the meeting of Lenora and Inez...

Priscilla's eyes were fixed on the figure of the girl who had just entered the room, and she felt a sudden chill...

Priscilla's eyes were fixed on the figure of the girl who had just entered the room, and she felt a sudden chill...

### WAS ONLY JOKING!

**E. E. PENZEL**  
POPULAR BLUFF, Mo.—Next time E. E. Penzel, newly-elected state senator, runs for office he will not promise, even in joke, to get married if the woman will elect him. In a campaign speech he said he had two aspirations in life: one was to go to the Missouri Senate, and the other was to acquire a wife. After his election he was quizzed with promise: "But," he cried, "I was only joking!"

### RURAL WOMEN WILL DISCUSS PROBLEMS

#### Home and Business to Be Feature at Great Convention Tomorrow

Home and business to be feature at Great Convention Tomorrow. The speakers will be Miss Florence E. Ward in charge of women's work in the federal department of agriculture, and Dr. Ruby Green Smith of Illinois, N. Y. What the farm bureau can do for the rural women will also be discussed. Cooperative marketing will be the first subject taken up tomorrow by the national federation. Henry Wall of the Michigan State Journal, editor of an agricultural paper, will speak of fundamentals in this field. Milo D. Carney, county agent, Michigan, president of the Michigan Milk Producers Association, will also speak. Tomorrow afternoon's session will be devoted to tax federal legislation. It will be addressed by A. P. Lever, one of the authors of the Smith-Lever agricultural extension act which furnished the foundation for the county agent and farm bureau movement. His subject will be rural credits. Mr. Lever is now a member of the federal farm loan board. H. V. McGonigle of Wallingford, N. Y., chairman of the federal farm loan board, will also speak. The taxation committee will report on studies in federal taxation from the Michigan standpoint. Gray Silver, tax commissioner of Washington representative has for his subject "The Washington Office and the Man Back Home". The last session tomorrow reflects the interest of the business farmer. The principal speaker being the governor of the federal reserve board, W. P. G. Harding. He will speak of the federal reserve board and the farmer. Willis H. Booth of the Guaranty Trust Co. of New York will discuss financing of an agricultural enterprise. The county agent movement has developed will be heard from at this session. A. G. Decker, of Clark, N. D., president of the National Association of County Agents, speaks. Wednesday, the last day of the convention will be largely devoted to exhibition work, hearing of committee reports, election of officers and general business.

### Lake Insurance in Local Ports Ended

MOOREHEAD, Sunday was the last day of insurance at the summer ports of the great lakes and upon bay waters, marking the official close of the sailing season in inland waters. Some boats continuing to sail either taking risks or else planning at the last rate which is charged from non-sailors. The closure of insurance marks the end of a year which has been very fortunate in boats at all points. During the year few boats went down there being a few on the other lakes. Lake Michigan has not had serious gales during the entire year and not a "black sea" in Green Bay. A winter on Lake Superior in the local waters was the heaviest in years to take place on the inland waters this season. At that time seven persons lost their lives, two of the men being from Marinette.

### Judge Denies Charge for Divorce Matters

CLAYTON, Mich., Dec. 7.—Lawson Bliss, Judge A. J. Pearson, who had been charged with molesting a woman, was acquitted today in a divorce case. The man was found guilty of molesting the woman, but the judge's charge was denied. The man was found guilty of molesting the woman, but the judge's charge was denied. The man was found guilty of molesting the woman, but the judge's charge was denied.

### Captain Evans Plans to Lay Up His Ship

Captain Evans of the Steamer Seneca, for which arrived here a week ago with a cargo of coal, will lay up his vessel in here for the winter. Instructions were received at the vessel, that it be laid up at this port and following the unloading of the cargo, the boat was put in shape to make the winter here. The steamer Colinet, belonging to the same line, is expected to arrive here this week with a cargo of coal and it is possible that the Colinet also will be laid up here for the winter.

### Break Peace Time Recruiting Records in Army Enlistment

All records for peace-time recruiting were broken in November, when 24,708 men were accepted for enlistment in the Regular Army. This is the greatest number ever obtained in the history of recruiting, according to figures made public today. Major General P. C. Harza, The Adjutant General of the Army, said that more than 600,000 men have joined the Army since 1917.

# Crowds! Crowds!

Crowds as Great as any ever seen last few days before Christmas

## 20% to 50%

# Discount Sale

On Entire Store's Stock is sure making a great hit with the buying public.

Attendance yesterday best proof that our effort towards bringing prices down to lower levels is fully appreciated.

As adman is writing this advertisement, there is a scene of intense buying activity in our basement, main and second floors. Hundreds and hundreds of customers from town and trading radius of Escanaba. They're all after their share of needed staple merchandise as well as gift goods—all with their checkbook and pocketbook well filled with long greens—so as to get the benefit of this great generous offer—20 to 50 per cent off regular prices for cash.

This enthusiastic response is no surprise to us. We expected it. We knew very well that Escanaba men and women would welcome a real bona fide sale, especially when the greatest stock in Escanaba is offered at such reduction—no leaders, no baits, but entire store's stock. Can you beat it? Dare say no. We know very well that they were capable of distinguishing between just an ordinary sale and such all embracing sale as one now conducted.

The sale is now in full swing, all through the store. In our basement—although all toys and gift goods are not in—selling just as lively and sales mounting as high as though whole stock would have been in. Received lot of more goods. Expect biggest part today. By Wednesday expect stocks complete, but it would pay you to come in tomorrow, as many an item now here would likely be gone the next day. We had some high priced dolls—a beautiful sleeping doll with moving joints, head and arms. Almost before they were marked they were sold. We mention this instance just to show how ready they are to buy at our sensational low prices. Many items in the toy line marked no higher than wholesale price of two weeks ago. From this low price you can deduct 20 per cent if you pay cash.

Good part of our toys bought during Chicago wholesalers' big reduction sale last Monday and Tuesday—reason we are quoting so much lower prices than elsewhere.

### Bring Your Pocket Book Along—Come, Buy and Save

### SOCIAL ITEMS

#### LUTHER LEAGUE

The Lutheran church held its monthly meeting at 7:30 p. m. on Monday evening, Dec. 6.

Students Address Council of H. S. The school board and women gave assurance that the members of the high school will be held with a few days at which the formal plan of the council work will be laid.

Wanted Bandits Given Long Sentence Note

Associated Press. The Michigan State Penitentiary and State Prison Board today announced that it had sentenced two of the participants in the railroad mail robbery, were sentenced to life in prison.

Obituary

Charles Palmer. Charles Palmer, 70 years of age, died at his Mountain View home, Escanaba, Michigan, Monday, December 6, 1920.

### Judge Ben Lindsey in Address at the Local High School

Judge Ben Lindsey in Address at the Local High School. Judge Lindsey has established a reputation of being the best friend the children have and on this reputation he has also lived up a standing of a public speaker of note.

Concealed in Trunk by Wife: Is Jailed

Concealed in Trunk by Wife: Is Jailed. Although his wife had placed it in a trunk and placed it in the trunk of a car, William Brockman, 37, was held on New York, fell into the hands of detectives after all.

Old Smith, Detective Sergeant, got the case and searched Brockman's trunk and his wife's trunk into it and threw it into the trunk.

By her husband, Detective Lieutenant Kanath entered and opened the trunk. Curled in the bottom was the man. Like the other in the sand, he kept his head down. Kanath tapped him on the back.

Chicago for a man, come up for the Kanath should.

It was a charge of creating an uproar and it said to detectives to be watched in several other cases.

## THE RACE BY VIGOR, NOT BY VAUNTS, IS WON

Whether it be the race of life itself, or of a runner on the road, or of motor cars, victory comes to courage, strength and endurance.

Here at the Peerless factory we have tried to avoid a boasting and vaunting spirit. Driven by certain ideals of accomplishment, we have dug deep into the realms of mechanics, of chemistry, of physics, so that we might bring together in a motor car the qualities of vigor.

These lines of Lowell's: "Endurance is the crowning quality, And patience all the passion of great hearts."

Great, then, the heart of a motor car if into it have been built the gentleness of patience and the ruggedness of courage and fighting power.

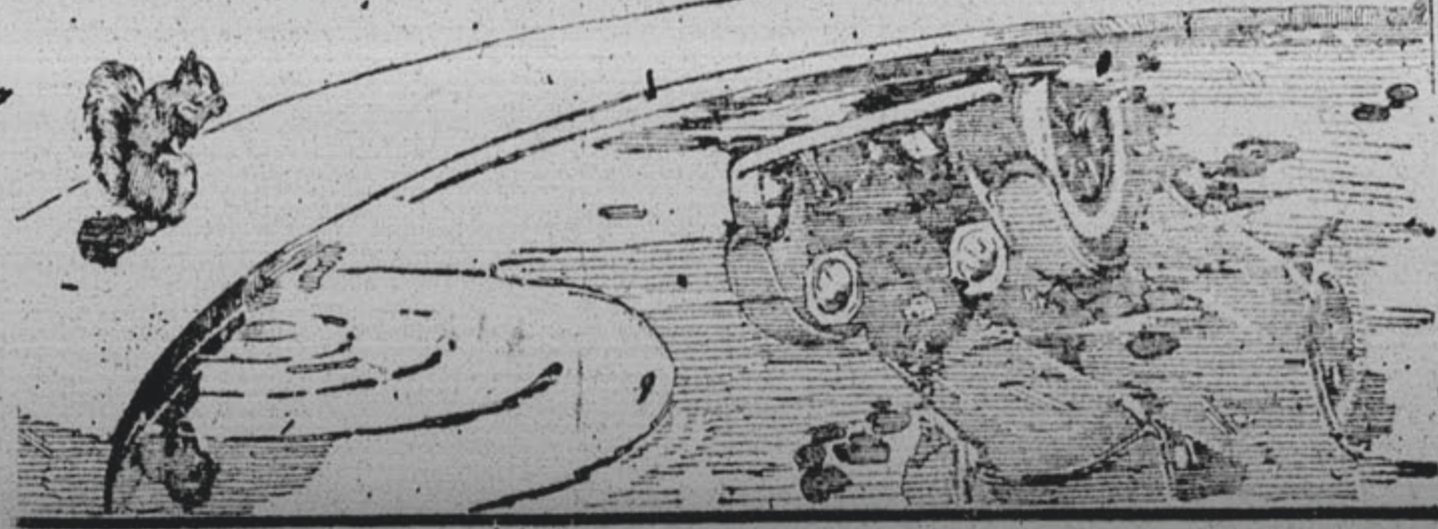

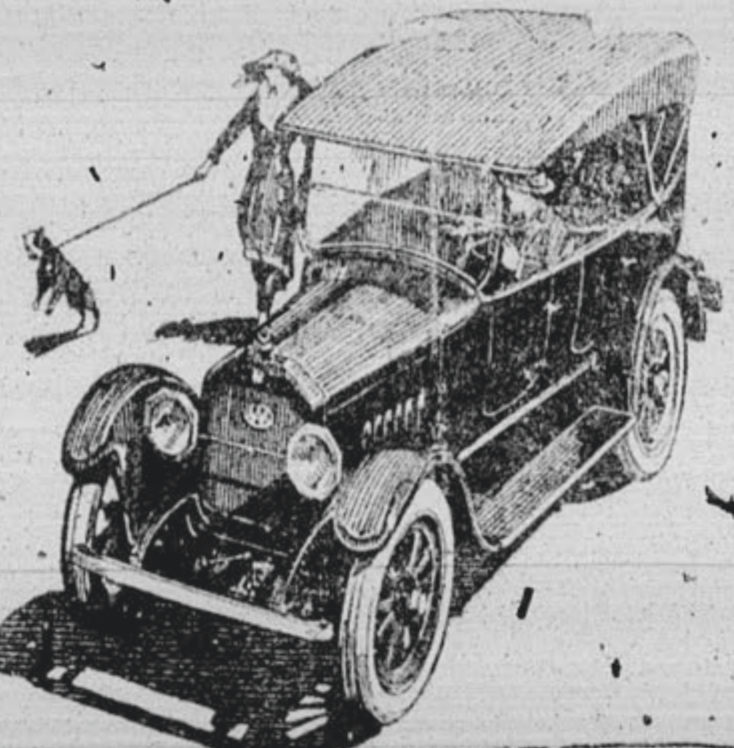

Many years of work and waiting produced the Peerless Two-power-range Eight—too many years, indeed, to risk the disaster that comes from superlative talk, however warranted it may be in our own minds.

We believe in the Peerless Car. That others believe in it, also, is shown by the large percentage of owners who return to us for new cars and are glad to find that in the past five years we have not seen fit to change the fundamental principle upon which the first Two-power-range Eight was built.

### Mr. C. F. Wheeler

Representing Northland Motors Company

Will be at the Delta Hotel beginning Tuesday, December 7th, and will be pleased to demonstrate the car to those interested.

## PEERLESS 2 POWER RANGE EIGHT
