

SECOND BIG WAGE REDUCTION

LARGE CROWD WILL ATTEND THE SERVICES

Funeral of Victims of Accident will Be Held Tomorrow.

Services Will Be Held at Presbyterian Church at 2:00 O'clock.

We do not have words to thank the many people who assisted in finding the bodies of our late husbands after they were drowned in the cold water of Whitefish river.

To every man and boy in Delta county who worked so hard in the cold and wet, we want to offer our most sincere thanks. They did not tire of their task. They stayed at what they started until the end.

We hoped at first that our husbands would be found alive. As time went on we gave up hope and knew they had met some kind of a tragic end.

We are gratified to know that both bodies have been found and will rest in peace in a lot by each other and not in the bottom of the river. Thanks to all Escanaba for the benevolent spirit shown during this great bereavement.

The foregoing offer of thanks was communicated by Mrs. John Knutson and Mrs. J. Leo Vanlerberghe this morning and shows the manner of appreciation held by the two sorrowing widows.

They hunted and fished together; they enjoyed each others company in business circles; they went on the fatal duck hunting trip together and they will be laid at rest together.

The body of the late John Knutson and J. Leo Vanlerberghe victims of the tragic drowning of last Monday afternoon will be buried tomorrow in a double lot in Lakewood cemetery.

The two bodies were taken from the shores of Whitefish river where they were carried after being taken from the icy waters and rested in the Alto undertaking parlors where they have been prepared for burial.

Friends and relatives in large number have come to the parlors and homes at all hours of the day to view the remains of the two men for whose sad deaths business men of Escanaba worked in cold and wet to recover.

The bodies were taken to the respective homes last night.

The Knutson body will be taken from the home, 1515 Ludington street, at 1:15 while the remains of Mr. Vanlerberghe will leave the home at 1:25 First avenue south. Both will be taken to the Presbyterian church where services will be conducted, the Rev. Staver officiating. Church services will start at 2 o'clock with burial in Lakewood cemetery. The funeral processions will go side by side to the final resting place. Imposing rites will be conducted there.

Mr. Knutson was 37 years of age. He is survived by his widow, his aged father and two brothers, George and Alfred, Knutson.

Mr. Vanlerberghe, who was 31 years old, leaves his widow and three children, Howard, aged 10, Berice, aged 5, and Wardness, aged 3.

Both were prominent.

Both were well known in Escanaba business circles and held in the highest esteem by their hundreds of friends. Mr. Knutson was the founder and owner of the Home Electric Company and one of the most successful electrical contractors of this region. Mr. Vanlerberghe was the proprietor of a garage on Stephenson avenue and enjoyed an enviable reputation as an expert automobile mechanic.

MILLION DOLLAR ESTATE OF LATE "BIG SHOW" MAN

BARABOO, Wis., Dec. 21.—The Alfred Ringling estate value was estimated at \$1,065,554 according to a petition filed in probate court of this county for proving today. The petition was filed in the office of Probate Judge Brown of Sauk county. This is the former home of the deceased.

Parts of the estate are in Wisconsin and are valued at \$2,554. The income tax report shows. The income tax to be collected on this part of the estate is \$269.77.

The will of the late circus man bequeaths to the widow Elizabeth the house and furniture in the old home with the exception of an organ which remains in the estate as long as it lasts. The widow will receive the rents from all properties which are to be held by her in the state of Wisconsin. These rents she is to receive besides her dower rights.

To the son of the late Mr. Ringling goes a quarter interest in the partnership of the big show. He also gets a farm and house in Gramercy Park, New York and the rights of the Park Club also some homes in Wisconsin and half of the residue of the estate.

The executor and trustee of the estate receive the other half. At the death of the widow the estate left by her will go to the son.

Business Demands Tax Revision Now, N. Y. Banker Says

WASHINGTON, Dec. 21.—(By Associated Press.)—The business demands a revision of the tax laws if it is to continue a healthy growth.

Mr. Kahn, a New York banker president today before the House ways and means committee. The assertion was made in the course of a statement in which he denounces compliance with the treaty of Versailles and declared that the income and tax laws should be continued.

Johnson, Blake At Top of Bowlers Fracas

Joe Johnson and Louis Blake hold the lead in the Ray "Cine" bowling tournament at the Delta hotel, the morning reports showed Johnson and Blake have high scores of 1110 which has stood far ahead of all competitors the past week. The cash prize will be given them after the holidays if no other pair succeeds in topping the score which now holds the dominating place on the score board.

COUNCIL WILL MEET

The city council will meet this evening in regular session. Important discussions are slated to come before the members.

'AND A LITTLE CHILD SHALL LEAD THEM'

Three and one-half millions of little children in Central and Southeastern Europe are almost destitute of clothing, in a condition bordering on starvation, and unless the great big heart of America pours out its dollars as was done in the case of Belgium in 1916, death will stalk thru the almost finished land.

America has never failed in a great crisis and when an appeal comes in behalf of the little children of Europe it will not go unheeded if we understand the temperament of the people of this country.

Herbert Hoover, who is in charge of the campaign in behalf of the starving children of Europe, recites so many pathetic incidents connected with the lives of these sad little human beings, that no real father or mother can turn a deaf ear to them.

In Germany and Austria, the crying need of the hour, is milk, and there is none forthcoming because there is very little milk to be had. Frail little bodies, almost destitute of clothing and eyes deep set in the sockets, longingly toward America, and America must not fail. Like in all wars either just or unjust, innocent little children are made to pay the price. No matter how you felt as regards that war, this does not justify the people of this country from withholding their support of the little children, too young to act for themselves and wholly unconscious that a war was being waged.

We are approaching the Christmas period in this country in this country and our first present should be to the

children of central and southeastern Europe, who are helpless and innocent victims of the war. An American who recently stood before the American food kitchens watching the steady line, witnessed one of the most pathetic pictures in the after history of the war.

Thousands of little tots, the future hope of these nations, if they are to come thru the crisis, eight and ten years of age, hardly able to stand make up the picture. No person who has a heart for humanity could witness that picture, return to his home in America and think of Christmas without giving heed and thought to those little children. They are no different than our little children here in America and they are just as much entitled to the good things that God intended for them as are the children in Escanaba or in any other city in this land.

The service desires to make this appeal to the readers, convinced that they will not fail in responding. The money that is raised will come through regular subscription and we appeal to our readers in every walk of life to mail your check to the local treasurer of the fund, and he will see that the money is sent to Herbert Hoover, who is planning to raise \$22,000,000 when the present resources are exhausted in January then the great work shall continue at the American food kitchens, under the direction of the American relief administration, thru the American Service committee.

And a little child shall lead them—Isaiah 11, 6. This beautiful text has played a great part in the Christian age, for it has awakened in the hearts of men new and better thoughts. And now that little child and other little children, round which that text clustered, call to us from overseas, and its language is appropriate, "And a little child shall lead them."

In the Mirror from day to day we will announce the amounts contributed to this fund, and with its completion the funds will be sent thru a local bank to headquarters. If a campaign was to be launched here with advertising and other incidental expenses, some of the funds would go to expense but by a campaign such as the committee has planned, the money can be mailed direct to treasurer and in turn sent to the Relief committee without the expenditure of a single dollar. This is no time to ask questions regarding creed, race or nationality, when human beings are starving.

Out in that great territory of desolation some of God's little children are calling to you. Please we respond if you can. When Christ has day after day, what a commanding force comes to one in the knowledge that he has not failed to make others happy. With a one-give, something other than reward for real service rendered here that spirit of giving and of Christmas is manifested.

Mail your check to M. N. Smith at Escanaba National Bank.

The Meanest Man Is Wanted Here; Stole Xmas Tree

The "meanest man" who is wanted here is the one who stole the Christmas tree from the home of W. L. Gals Sunday school class today. The tree, which was a beautiful specimen, had been stolen from the home of the late Mrs. Gals. The tree was found in the home of the late Mrs. Gals. The tree was found in the home of the late Mrs. Gals. The tree was found in the home of the late Mrs. Gals.

QUESTION PLANS FOR USING FUND OF IRISH BONDS

BOSTON, Dec. 21.—The telegraph sent yesterday by Daniel Moran of Boston, president of the Friends of Irish Freedom, to Hon. De Valera, asking that the funds realized from the sale of Irish bonds in America be used for the immediate relief of suffering Irish people was answered in a statement today by H. Boland, secretary of Mr. De Valera in which he said that the money collected by the sale of Irish bonds in the United States was at the disposal of the minister of finance of Gall Eire. President De Valera will deal with the matter as he sees fit, the secretary declared.

"I am glad to have this opportunity to ask Mr. Moran and some of the other how many of the 200,000 of the one million raised by the Friends of Irish Freedom and subscribed by the friends of Ireland in America is being used to underwrite the work of the executive of the Irish republic in this country."

Public Schools to Benefit By Bills to Be Introduced

Bills which if passed will provide for many public school improvements are to be presented to the House of the state legislature, according to T. E. Johnson, state superintendent of public instruction. A comprehensive program has been formulated, which has been framed mainly by the legislative committee of the state educational association, and has been given the endorsement of the Upper Peninsula Educational association.

One bill provides that the cost of the tuition of a pupil in high school shall be paid from the pupil's home district, the amount being limited to the actual cost in the school where the pupil is studying. Another act will be introduced providing that after 1925 teachers must have had at least one year of special training, while after 1929 they must have had two years such training or the equivalent of a life certificate course.

Another bill broadens the qualifications of those eligible to vote school money, taking away the exclusive right of property owners to decide on such matters and making the electors in every general election eligible to vote for or against such measures.

More rigid qualifications for teachers are also to be asked. A bill will be introduced providing that after 1925 teachers must have had at least one year of special training, while after 1929 they must have had two years such training or the equivalent of a life certificate course.

Johnson, Blake At Top of Bowlers Fracas

Joe Johnson and Louis Blake hold the lead in the Ray "Cine" bowling tournament at the Delta hotel, the morning reports showed Johnson and Blake have high scores of 1110 which has stood far ahead of all competitors the past week. VISITING IN ESCANABA

Corporal McCarthy arrived in Escanaba today from Del Rio, Texas. He will spend a thirty-day furlough at the home of his parents in this city.

INSURANCE MEN RESTRAINED IN ANY OPERATION

Mississippi Agents Must Suspend Operations or Pay Big Taxes.

NEW YORK, Dec. 21.—(By Associated Press.)—One hundred and thirty-eight insurance companies doing business in Mississippi where their aggregate coverages are on policies amounting to \$1,250,000 are suspended from further operations.

This action is the result of a suit started by the state revenue agents of Mississippi charging that the companies by lack of payment of taxes to the government have created a restraint of trade.

An announcement of a suspension was made today and must take effect by the next date. The decision is a result of the action of the National Board of Examiners. It was charged that the agents of the companies operating in that state have by their action created a violation of the just laws of the state and are subject to heavy fines. The fines which are to be imposed would amount to two full times of dollars and extend from January 1921 until the present time.

To enforce payment of this fine the law has been amended. The garnishment amounts to \$700,000.

POST OFFICE IS READY FOR XMAS

Rush of Business Men Seen in Local Office; Incoming Shipments Expected.

The Christmas rush is on at the local postoffice, according to Postmaster John O'Meara, whose force is already beginning to feel the rush of the holiday season. While the incoming mail is gradually growing, the main business at present is outgoing. Escanaba people who are sending presents to points on the Atlantic and Pacific coasts getting their mail in order to have them arrive in time. As a matter of fact, it is already a little late, for the offices in the larger cities are now deluged with packages and those which are mailed from now on are liable to the delays incident to the holiday season.

The incoming rush is expected to start about Thursday, when the presents coming to people in this city will be arriving by the hundreds. These, added to the multitude of belated gifts which are going to nearby towns, will keep the postoffice busy on the jump until several days after Christmas.

The flood of mail this year is exceeding all records, according to the postmaster and similar reports are being received from all sections of the country. At the same time, the fact that the warnings sent out to mail carriers have been generally heeded, has made things rather better than usual.

Big Features

Another feature of the holiday mail this year is the large number of Christmas postal cards which are being sent out. While these take up a comparatively small space, and are easy for the clerks to handle, their volume is such that it is a pretty big job in itself. The habit which the war developed, in the sending of hundreds of thousands of postal cards to men in the service, is said to be responsible for this especially heavy burden on the postal service.

The careful Christmas carder is the warning which is given by Post Chief Johnson, to the people of Escanaba. He calls attention to the fact that hardly a year goes past that there is not a blaze of some kind which is caused by the tallow or wax dips, which are used generally in holiday decorations. These are especially dangerous, he states, when they are allowed to burn close to windows, as a slight stir of wind may blow a curtain against the flame and a fire causing great damage follows.

That the warning by the local chief is one which should be heeded, is born out by the figures on the subject, which have just been sent out by the National Board of Fire Underwriters which call attention to the fact that in the four years from 1915 to 1919 fire damage to the amount of \$17,500,000 had been done by open lights, such as candles. In addition to this, scores of lives have been lost thru fires coming from the same source.

TEN TO THIRTY PER CENT DROP IN LABOR WORK

Pennsylvania Textile Workers Notified of Decreases Again.

Chicago Waiters Come Under New Decrease in Labor, Managers Give Notice.

PHILADELPHIA, Dec. 21.—The wages of 200,000 workers in the textile industry are to be reduced from ten to thirty per cent, officers of the textile manufacturers' association who met today announced at a conference.

Notice of a ten per cent reduction have been posted in the company shops and similar plants under their supervision. The hotel mills and factories of Wilson and Bradford again received notices of ten per cent reduction in wages to take effect at once.

The union officers will be notified on January 7 of the reduction with a request that they cooperate with the companies in bringing conditions back to normal.

Hotel workers are to be cut from fifteen to twenty per cent, it was announced. Some employees of the textile industry will suffer as high as a thirty per cent reduction in wages.

Waiters are Cut

CHICAGO, Dec. 21.—A wage reduction of twenty per cent for waiters in the large hotels of the city was announced this morning by an official of the hotel managers' association.

In many of the other lines of business connected with the operation of a hotel it was necessary to reduce the wages of the waiters.

Cuts which have been announced will bring the salaries from \$36 a month and board to \$76.

"We have decided to cut the salaries in proportion to the decrease on the bill of fare," a leading hotel manager said in speaking of the reductions this morning.

The managers also said that kitchen help would be reduced from \$30 to \$25 a month and board.

Poindexter Meets With Harding For League Discussion

MARION, Dec. 21.—Another member of the "irreconcilable" forces of the peace treaty, Light Senator Miles Poindexter of Washington today called on President-elect Harding to voice his opinion and discuss views of the plan for an association of nations to guarantee a world peace.

The conference today is the fourth to be held by the president-elect and senators who fought against the peace treaty with or without reservations. It is understood that other prominent treaty fight members will meet Mr. Harding in the near future that he may get the true state of opinion between them.

Another prominent man on the list for conferences today is Governor Murray of Kentucky who it was understood was a strong opponent of the Versailles treaty.

Sells Fruit With No License; Fined in Police Court

Frank L. Kent came to Escanaba with a car load of fruit and vegetables and started disposing of his goods "right from the door of the car."

A local fruit dealer complained to the police who ordered Kent to appear at the station and answer to a charge of doing business without having a license. He pleaded guilty and paid a fine and costs of \$12 after which he secured a license and went back to his car to dispose of the balance of his goods.

"Business is good," he declared on leaving the court.

WOMEN ARE GRATEFUL

The Women's Club offered the usual gifts this morning to the members of the high school, who furnished the enjoyable musical entertainment during afternoon in connection with the Yolland's address.

OBITUARY

MRS. LILLIAN ANDERSON
Mrs. Lillian Anderson
passed away at a local hospital last night at 8:20, after a long illness of eleven days.

MRS. HERMAN TABIL
Mrs. Herman Tabil
passed away at a local hospital last night at 8:20, after a long illness of eleven days.

GUSTAVE BRUCE
Funeral services for the late Gustave Bruce were conducted Sunday afternoon at Park River.

Many people attended the funeral.

Marinette County May Clear 30,000 Acres For Farmer

BY ASSOCIATED PRESS: MARINETTE, Wis., Dec. 21.—A clearing 18,000 acres of land in 1920, thereby establishing a world's record, was made in Marinette county, Wis., then the Marinette county Land Clearing association...

A comparison of reports and projects indicates that 100,000 acres of land will be cleared in upper Wisconsin, Michigan and Minnesota in 1921 under the impulse given by the Wisconsin college of Agriculture...

Half of Harvard Student Body Now Working Its Way

BY ASSOCIATED PRESS: CAMBRIDGE, Mass., Dec. 21.—Half of the Harvard University student body of about 6,000 is working its way thru college in whole or in part.

988 men registered for work last year, 482 of whom obtained it. The number of positions available is always less than the number of seekers.

Hospital Service Shows Advantages in Middle States

BY ASSOCIATED PRESS: SIOUX CITY, Iowa, Dec. 21.—Sioux City's hospital library service has proved that books may be truly said to possess healing qualities.

Sioux City is the pioneer in this service, which has received the recognition of the greatest hospitals and public libraries in the country.

Twice a week the little library trucks that are constructed after the same plan as the modern tea wagon, visit the room of each patient able to read in each of the six hospitals in the city.

The patient's interest in something outside himself is aroused. The librarian's visit is a diversion; the book or magazine selected is a subject of interest after the librarian leaves, and then the nurse comes in and finds the restless spirit that often cannot be subdued in the convalescent patient is absent.

MAKE IT AN Electrical Christmas Puzled Over the Gift Problem?

We want to help you solve your gift problem—to solve it easily and satisfactorily—not only with the purpose of relieving you of its perplexities, but at the same time to assure for you your gifts the kind of a welcome you want it to receive.

Why you should buy your Electrical Goods from an Electrical Dealer—

1st. Because the Electrical Dealer handles but one kind of work and that is electrical. He knows what kind of appliance to sell to give you service without danger to your wiring in your home.

2nd. Your Electrical Dealer will give you service.

Now bear in mind when you need groceries, call on your grocer; when you need dry goods, call on your dry goods store; when you need drugs, don't call on the electrical dealer.

Electrical Appliances Win Instant Favor

They are the kind of gifts people like to get. They are gifts of service and yet gifts of modernity and beauty.

We Offer the Following Suggestions

For the Women

- Electric Toasters Electric Grills
Electric Percolators Electric Chafing Dishes
Electric Flat Irons Electric Curling Irons
Electric Hair Dryers Electric Heating Pads
Electric Heaters Electric Stoves
Electric Serving Machine Control Style
Electric Sewing Machines, Portable Style
Electric Thor and A. B. C. Washers
Electric Thor and Simplex Ironer
Electric Dish Washer
Eureka Rug Cleaner—not a rug destroyer

For the Men

- Spot Lights
Trouble Extension Lights
Electric Razors
Electric Vibrators
Electric Water Heaters
Desk Lamps
Floor and Table Lamps

For the Children

- Lionel Electric Trains
Wireless Sending and Receiving Sets
Telegraphy Keys and Sounders
Toy Transformers
Christmas Tree Outfits

For the Home

- Beautiful Lighting Fixtures

Economy Light Co.

Service and Satisfaction With Every Transaction.

Balance on hand \$1248.82

I expect that when these schools which have not as yet made returns of their sales do report, the fund will be over \$1500.00.

I wish to take this opportunity to express my deep appreciation of the fine help and cooperation given us in this drive by the various committees, members above named and the teachers and principals of the city and rural schools. Practically 60 per cent of the seats that were sold were disposed of in school children.

Their interest and enthusiastic work in raising these funds for the purpose of improving the health of our people and fighting the ravages of the great white plague shows that the school teacher is doing her part in the campaign for clean living good health. The ready and generous response of the buyers of these seals indicates that the public is alive to the needs of the hour. I wish especially to thank Sup. W. E. Olds and the principals of the various city schools and County Sup. Woolpert for their valued help in the sale of these seals. Our sincere thanks are also due the press for its fine support.

Respectfully submitted, Chairman

Franklin School children who sold more than one hundred stamps:

Delta County Holds Fourth Place; Farms Show Increase Here

Although the 1920 federal census shows a decrease of 10,213 in the number of farms in Michigan since 1910, the upper peninsula shows a gain of 2,274 in the same period.

In 1910 Marquette county had 551 farms, but the census this year gives it 826, an increase of 275, or approximately 50 per cent. Only three counties in the peninsula showed a decrease. Luce county has one less farm than in 1910. Mackinaw county's total slumped eleven, and Schoolcraft's fell off sixty.

Menominee Leads.

Menominee county heads the list for Cloverland with 2,166. Houghton is second with 1,711, and Chippewa third with 1,569.

Opinions differ as to the probable cause of the unusual situation, though agriculturists generally agree that the recent high wage level in the automobile industry was responsible for the bulk of the decrease in lower Michigan, while a decidedly increased activity by lumbering and farming interests of upper Michigan may partially account for the record here.

Retirement of farmers, either because of old age or by reason of having attained financial independence, is credited with a percentage of the vacant properties in both peninsulas.

Here are farm figures for counties north of the straits:

Table with 2 columns: County, 1920, 1910. Rows: Alger (284, 278), Baraga (663, 412), Chippewa (1,569, 1,339), Delta (1,295, 1,128), Dickinson (429, 235), Gogebic (528, 257), Houghton (1,741, 1,603), Iron (621, 381).

Table with 2 columns: Name, Amount. Rows: Keweenaw (72, 36), Luce (194, 190), Mackinaw (479, 490), Manistowic (479, 490), Menominee (1,677, 1,711), Ontonagon (117, 271), Schoolcraft (81, 44), Total (8,828, 8,828).

Gipp Buried On Bleak Cold Hill of Upper Lakes

LAUREL, Mich., Dec. 20.—Snow driven by a zero gale, swirled about the casket of George Gipp, Notre Dame football star and All-American full back, as it was lowered into its place in Lakewood cemetery here Saturday.

Plundering through eight feet of snow, the family and close friends took his body to a bleak hillside overlooking Lake Superior, and paid final honor at the grave. The casket was carried nearly five miles to the cemetery on a horse-drawn sled, snow making automobiles impossible.

Gipp's aged father and mother, although worn out with grief and the strain of three weeks' worry while he fought pneumonia in a hospital at South Bend, Ind., went to the cemetery despite admonitions of physicians.

KEMP'S BALSA Will Stop That Cough. A few minutes more, Perry dear, and Daddy will be here with the Kemp's Balsa. Then you can go to school and forget that horrid old cough.

CHICAGO CONCERN
TO BUY HOLDINGS
IN THE PENINSULA

Negotiations Closed Last Week
for Exchange of Property
Near Here.

MARQUETTE, Dec. 21—The Swigart Land Company, of Chicago, has completed negotiations for the purchase of all lands constituting the holdings of the Chatham-Trenary land company, of Marquette. The lands are located in six townships between the farming settlements of Chatham and Trenary, in the south portion of Alger county, and about half way between Escanaba and Munising. Mr. Swigart is already working upon a plan of colonization for the coming season.

The Chatham-Trenary Land company has operated under the direction of D. W. Powell, first vice-president of the Marquette National Bank, W. H. Johnston and R. P. Bronson, of Ishpeming, the latter being head of the Consolidated Fuel and Lumber Company of that city and Paul Moebrcke of Marquette. The press of other business matters hoot about the decision of the officers to sell out, although it is likely that Mr. Muercke, who has acted as sales manager for the company, will be retained by Mr. Swigart in a similar capacity.

The coming of the Swigarts into Upper Michigan is looked upon as a decidedly favorable factor in the agricultural development of the Upper Michigan region. The Swigart Land company was founded twenty-two years ago by Mr. George W. Swigart who has been its executive head to the present day. He is assisted in the management by his brother, R. J. Swigart, who has been a member of the company for several years and has piloted the present deal to its completion.

Mr. Swigart declares that the rapid agricultural progress of the Upper Michigan region, and publicity matter sent out by the Upper Peninsula Development Bureau attracted his attention to this region. During a subsequent personal survey of Upper Michigan Mr. Swigart learned that the Chatham-Trenary property was offered for sale, and he immediately began negotiations. Commenting upon the assistance which he received from the Development Bureau, Mr. Swigart said: "An emissary of business interests who comes prospecting to the Upper Peninsula of Michigan finds in the Development Bureau an organized reception provided for him by representatives men of your counties, which alone speaks volumes for the public spiritiveness of the citizens. The evident unity of the fifteen counties of Upper Michigan for greater development of its resources indicates that the right spirit of co-operation must exist here, and that condition itself must have an influence in attracting additional enterprise with capital into your midst."

Further indication of the possible value of the deal to upper Michigan is evidenced in the statement given out by Mr. Swigart to the effect that the next few years may see the major effort of the Swigart Land company centered within the Upper Peninsula. It is Mr. Swigart's declared intention to acquire other properties in various parts of the peninsula.

RESULTS OF LAND SPECULATION
The year 1920 witnessed the most daring speculation in farm lands ever seen in any country. Enormous prices were paid in many states, and many farm changed hands at prices that would have seemed preposterous a few years ago.

The people who bought at this top level did not force the slump in prices of food products. When so many people have large sums of money tied up in farm lands bought at tremendous prices, the difficulty of the financial situation is aggravated. Had not such large amounts been used in this speculative way, there would now be more funds available for farmers in danger of bankruptcy from the drop in food prices.

One unfortunate feature is that many good farmers sold out at top prices, and have gone into Canada to buy cheap lands. These men are needed at home, while many of those who take their place lack experience and start with a handicap of debt.

SAVING FUEL
One hundred million tons of coal could be saved in this country annually by proper economies, according to a paper by a fuel expert read before the American Society of Mechanical Engineers. Practically every industrial plant is wasting 10 to 20 per cent of its fuel by poor firing, misuse of steam, or otherwise. Also enormous quantities are wasted by careless house-holders and inexperienced fire-tenders in homes.

Few people know how to burn coal economically. The government or some business organization should get out popular handbooks instructing every one how fuel can be handled most efficiently. Coal is a big item in road transportation and factor production, and affects the cost of almost everything.

Charitable Xmas Dinner.
Will be served on the second floor of Tibbert's Cafe, from 1 to 2 o'clock Xmas Day.
Dinner will be served under the capable supervision of Miss Pearson and Miss Morrison.

We want you all to come and feel at home—the pleasure is ours. This will not interfere with our regular patronage.
Side entrance to second floor on Ludington Street—Adv.

About the Town

A GOOD FRIEND

A good friend stands by you when in need. Escanaba people tell how Doan's Kidney Pills have stood the test. Mrs. Charles Russell, of 211 14th St. N., endorsed Doan's eight years ago, and again confirms the story. "Could you ask for more convincing testimony?" "I can recommend Doan's Kidney Pills highly," says Mrs. Russell. "I had a severe backache for several weeks and my back became weak and lame. My kidneys gave me considerable annoyance, too. I had spells of severe headache and dizziness. I got a box of Doan's Kidney Pills from the West Drug Co. and they removed the aches and pains and did me a world of good." (Statement given November 8, 1911.)

On May 18, 1920, Mrs. Russell added: "The cure Doan's brought about has proven complete for I haven't had any trouble since. I gladly confirm the statement I gave in praise of Doan's."

Cleveland Business Men will Make Trips

(BY ASSOCIATED PRESS) CLEVELAND, O., Dec. 21—Members of the manufacturers' and wholesale merchants' board of the Cleveland Chamber of Commerce will leave Cleveland on February 6 on its 51st trade extension and outing. The trip will take the members to the southern and southeastern states as far as Florida. The party will return February 28.

The board membership almost every year makes a tour, the last one being to Europe in the spring of 1919.

A "selling Cleveland" trip is planned by the members to the larger distributing centers of the east, to take place early next spring.

U. of Illinois Has Bright Outlook in Basket Ball Quintet

(BY ASSOCIATED PRESS) URBANA, Ill., Dec. 21—Prospects for a championship basketball team at the University of Illinois were considerably dimmed when Carney, All-Western end, dislocated his knee in the Ohio State football game. Carney will be on crutches until after the Christmas vacation and then will have to rest several weeks before he can play.

Coach Frank Winters, former member of the strong Rockford, Ill., high school quintet has started to work with a vengeance however, despite the big handicap. The varsity football players have reported after a short rest and the total number practicing exceeds the 100 mark.

All the love connected with national marriage is usually of the cold-storage brand.

WASHINGTON, D. C., Dec. 21.—The American commission for Irish independence, announced today that it had received a cablegram from Daniel O'Connell, lord mayor of Cork, asking the lord mayor would endeavor to have several witnesses in Washington a week from Monday.

SUCCESS

To succeed a man must have two things: Belief in his own ability and good backing. He accomplishes the first for himself. When it comes to GOOD BANKING there is nothing better than a friendly relationship with a good, substantial bank such as this.

THE FIRST NATIONAL BANK. OLDEST LARGEST & SAFEST BANK IN DELTA COUNTY. ESCANABA MICHIGAN.

For Sale APPLES in bulk--ONIONS. Up Until Thursday Noon E. & L. S. Depot F. L. KENT
