DE VALERA GOES TO IRELAND

REP. LEADERS CONSIDERING A NEW PROGRAM

Foreign Policy of U. S. Will Be First to Be Taken Up.

Merchant Marine, Soldier Legislation and Immigration Laws Sought.

(BY ASSOCIATED PRESS)
WASHINGTON, Dec. 31.—Republican leaders in congress are formulating legislation which will be considered before the present term of congress expires and are endeavoring to draw up a program which will be considered when President-elect Harding calls the extra session of congress after his inauguration on March 4.

One phase of the republican program which is being drawn up is the attitude the United States will adopt towards foreign relations. The foreign policy of the government will be one of the first questions to come up at the next session, it was said.

The territorial ending of the state of war with the central powers and arranging of commercial treaties also are included in the new legislation program.

Present Session Dull
The present session of congress is being held in a spirit of apathy. Legislation for next year, legislation to protect the farmers from falling prices, regulation of the coal storage industry and consideration of a government budget system.

Legislation in prospect for next March 4 include development of the American merchant marine; Panama canal tolls; disposition of alien property; regulation of immigration; land ownership; provisions for farmer service; and establishment of a policy between the federal government and business and labor.

Madison Official Is Badly Hurt in Fall

MADISON, Wis., Dec. 31.—M. J. Capping, secretary of the board of control who was injured in a fall yesterday, regained consciousness this morning and is being treated for a broken leg and a skull fracture.

Mr. Capping was descending a flight of stairs when he slipped and fell, striking his head on the floor below. He will recover, it is believed.

Wilson Signs Mine Assessment Bill

(BY ASSOCIATED PRESS)
WASHINGTON, Dec. 31.—The bill extending for six months on which assessment work on mining claims may be done was signed today by President Wilson.

Edwin Wilson and family have left for Milwaukee after spending the Xmas holidays with Mr. and Mrs. Anton Engberg of Kiyting.

Stork Wins Again

Well, here you are again! According to the record on file at the city hall there were 419 births during 1920 and but 261 deaths. This record is a little better than that of last year and City Clerk Anderson says he is anxious to present the first 1921 bill by with a new dollar bill.

Last year's year did not prove to be out of the ordinary as demonstrated by the records on file with the county clerk. Only 407 couples applied for licenses in 1920.

VALERA OUTWITS BRITISH AND NOW IS ON IRISH SOIL

(BY ASSOCIATED PRESS)
NEW YORK, Dec. 31.—Eamon de Valera, president of the Irish republic, according to a statement made public here today by Harry Boland, de Valera's private secretary.

De Valera effected his landing on Irish soil this morning after a voyage of several days. No other particulars were contained in Mr. Boland's announcement.

Boland said de Valera's reason for returning to Ireland was to resume active leadership of the Irish republic and press forward the Sinn Féin cause for independence from Great Britain.

Outwits British
De Valera's outwitting of the British officials is considered a miraculous feat, Mr. Boland said. The British blockade of Ireland had been strict, but the president's strategy guided him safely thru the channel and he landed on his native soil this morning.

The republic's president had been in the United States for several months making a tour of the country in behalf of the Sinn Féin cause. He dropped out of sight early in December and although every effort was made to learn of his whereabouts, nothing was learned until Mr. Boland made his announcement this morning. De Valera's sudden disappearance was explained by Mr. Boland "because of his ill health, he had gone to some southern resort, presumably Atlantic City, to rest and recuperate."

MAN WHO PLACED BOMB IN WALL ST. BELIEVED CAUGHT

Milwaukee Police Arrest An Italian As Explosion Suspect

MILWAUKEE, Dec. 31.—The arrest of an Italian here today, who, it is said, is a former convict and an extreme radical, following receipt from the department of justice at Washington and the serving of a warrant by the Milwaukee Journal may lead to the solving of the Wall street explosion several months ago, which resulted in the death of more than a score of men and women, it was announced today.

Much other information in which will tend to link the Italian with the Wall street explosion and reveal his identity has been gathered by C. H. Stoen, special agent for the department of justice, said.

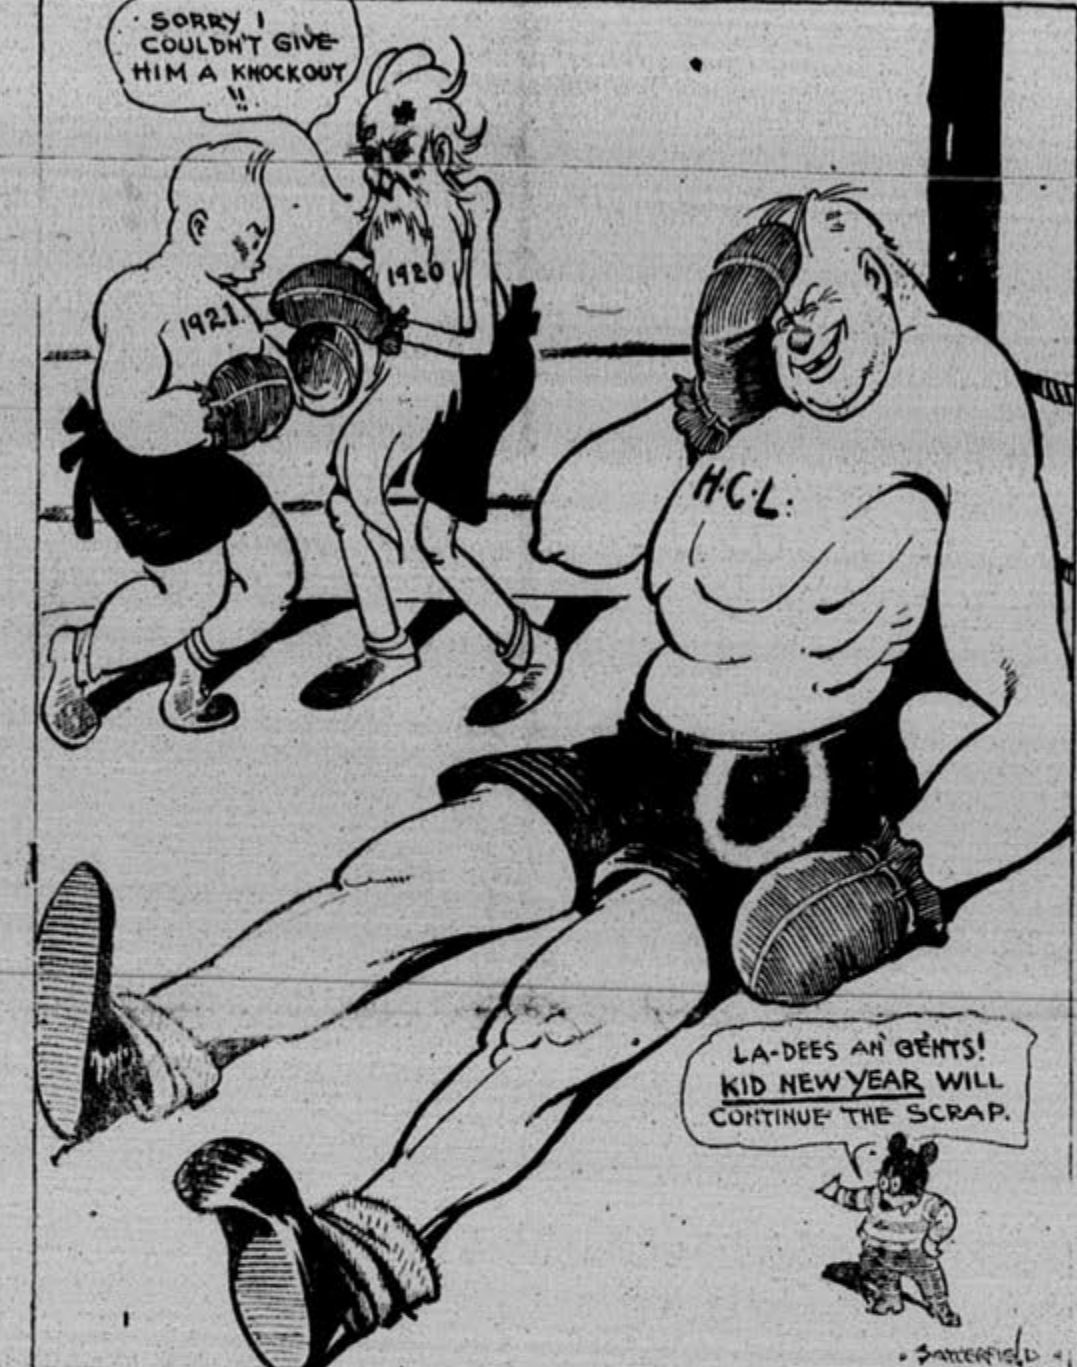

The Italian it is believed has served a term in Waukegan, Wis., and has a long record of burglary, safe blowings, is an expert pit explosives and is a murder suspect.

Fiume Soldier's Will Be Freed From Oath

ROME, Dec. 31.—General Cavoglio in the terms which he laid down to the Fiume delegates at Ancona stipulated that Gabriele d'Annunzio leave Fiume after releasing his legionnaires from their oath. In fulfillment of this stipulation by the legionnaires of the Island of Arbe and Veglia was another stipulation.

The other terms follow:
Restoration of all prisoners made by the legionnaires and the surrender of all arms, ammunition and stores appropriated from the Italian army, all warships to leave Fiume; all legationaries not natives of Fiume to leave the town within five days and all legionnaires belonging to Fiume being disarmed.

Mr. and Mrs. Helmer Groth will leave tonight for a New Year's visit in Kenosha, Wis.

BOOZE HERO IS GIVEN HOOK BY U. S. OFFICIAL

Richardson Sends Walking Papers for Federal Booze Agent Fillion.

John E. Fillion for the past several months employed under Leo J. Groves, a federal prohibition agent has been released from the service according to information given at the hearing before Governor Albert E. Sleeper for the extradition of Groves and Arthur Q. Scully of Marquette, Jay P. Sweeney a former member of the Marquette squad, and four Chicago men working out of the office of Frank D. Richardson, prohibition supervisor for the central area on charges of first degree murder in connection with the death of John Chiquito.

Fillion's work as prohibition agent has been sharply criticized throughout the upper peninsula for months while in Hurley, Wis., "the mecca of the northwest," it is said that feeling is intense against him in view of his part in the raid. October 9 which resulted in the capture of four automobile loads of whiskey and the killing by federal men of Chiquito, a Hurley bootlegger.

Worked Hurley
According to Prosecuting Attorney Marion P. Reid, of Hurley, Fillion went into Hurley to "get a line on what was going on there," Groves.

BODY OF SOLDIER ARRIVES IN CITY FROM NORFOLK, VA.

Body of Torval Christianson Reaches Escanaba After Long Trip; Now At Allo's Parlors.

The body of Torval Christianson arrived this afternoon and was taken to the Allo undertaking rooms where it will be held for a military funeral which will be held on January 5th.

When the Chicago & Northwestern train left Chicago last night there were two cars loaded with the remains of 254 soldiers who had been in France and shipped to Norfolk, Va. where they were unloaded and reshipped to different parts of the United States.

The body of Christianson was the last one to reach its destination, all the others going to Green Bay and points south. During the time that Christianson was in France his father and in this city and he has no other relatives with the exception of an uncle whose home is at Rexton, and who will be here to attend the funeral.

Mr. S. Hanson and daughter Ruby of Sturgeon Bay are visiting at the home of H. Abramson of this city.

Bernard and William Campbell will leave tonight for Detroit to resume their positions at the Ford plant from an extended visit in Detroit and Flint.

PROSECUTOR CHALLENGES TRUTH OF AD

Prosecuting Attorney Strom Asks Mirror Proof of Statement.

Outcome will Be Watched with Interest by Public as well as Local Merchants.

The following letter which was received by the Mirror yesterday from the prosecuting attorney opens up a subject that has always caused more or less trouble to newspapers throughout the United States. The question arising is whether or not a newspaper is responsible for the advertising as to prices and statements. Also how much leeway an advertiser has and how far will he be allowed to go before a halt is called.

December 29, 1920.
Escanaba Daily Mirror,
Escanaba, Michigan.
Gentlemen:

My attention has been called by several merchants and particularly by Mr. Gessner from the Fair Store to the ad of the Central Cash Market appearing in your paper on Monday, December 27th. In this ad Mr. Gunter accuses the merchants of having marked up their goods although they were advertising discounts. If this were true it would amount to more than business trickery and might be equivalent to obtaining money from the public by false pretenses. The assertion that they did so would in effect be an accusation of the commission of crime.

If such an offense were committed then the Central Cash Market or your self have evidence of it. I shall be pleased to have this proof for such

JURY WILL NOT TAKE UP HURLEY RAID CASES YET

Men May Plead Guilty Before Judge Landis and Be Sentenced.

LA CROSSE, Wis., Dec. 31.—Definite announcement was made here today by United States District Attorney A. B. Wolfe on what cases are to be considered when the federal grand jury convenes here next month to take up the cases of the Hurley school men arrested in the raids Monday. None of the defendants will be held here for trial unless they desire to appear before Federal Judge Kenneth M. Landis and plead guilty and be sentenced. The trial of the Hurley men who were caught in the government's dragnet which was encircled about the town so quickly, is not expected until another term of the court to be held either in Superior or Eau Claire.

FORD SHUT-DOWN BIG SURPRISE TO BUSINESS WORLD

Some Assert that Ford's Activities Against Jewish People Has Something to Do With It.

DETROIT, Mich., Dec. 31.—The shutdown is the result of general financial and business conditions. The Ford company has been operating while other concerns have been laying off men or working part time.

This is the explanation offered by Ford Motor company officials in admitting that the great Highland Park plant, which normally employs 50,000 men, will not resume operations before February 1. The official intention called for the suspension of operations during the regular mid-winter inventory period of two weeks, when the plant closed December 24, but after a conference of officials it was decided to shut down until February 1, and notices were posted in the factory requesting the men not to report until that date.

Although the plant has been working at full capacity for the last three months, it is known that there has been a considerable falling off in the demand for Ford cars. It is understood, but not confirmed, that many cars have been returned.

Comes As Surprise.
The Ford shutdown came as a surprise, save to those in close touch with the automobile industry. It was chiefly among the workers that most comment is made.

Henry Ford, with his vast employee welfare organization, was looked upon by the workers as the last man who would rescue operations.

It was believed that the Ford institution was so firmly grounded that the recent slump in the automobile industry would not materially affect his great plant. Even if it did, many argued, Henry Ford, the man who

(CONTINUED ON PAGE TWO)

Army Officer Jailed by Court Contempt

WASHINGTON, Dec. 31.—Major General Harris was sentenced today to ten days in jail by the justice of the district of Columbia District court, on a charge of contempt of court, because he refused to obey an order of the judge to make public an affidavit by the war department dealing with the selective service act.

The army officer entered an appeal and was saved from going to jail in a provision which gives an army officer the right to appeal without furnishing bail.

TWO POSTS TO BE ANNOUNCED IN NEAR FUTURE

Secretary of State and Treasury Positions Nearly Decided.

Many Shifts to Prevent Final Decision Until a Later Date.

(BY ASSOCIATED PRESS)
WASHINGTON, Dec. 31.—President-elect Harding expects to announce his appointments for the secretary of the treasury and secretary of state in the near future, it became known today. Close advisers to the president-elect believe that he has practically decided upon whom shall receive these posts. Policy and an official announcement by the senator is expected to come in the near future.

In public life, President-elect Harding, is proceeding cautiously and he has encountered many differences. It was said. Considerable shifting has been done at ready and it is believed that several other changes will be made before the official cabinet for the new administration is announced.

Many Sudden Shifts
Having in mind the likelihood of several hour changes, President-elect Harding is understood to be reserving one or two of the most important portfolios.

His conference yesterday with Harry N. Taubert and Will H. Hays, two of the most prominent leaders of the republican party, revealed little light upon the cabinet situation. As a result of the conference, however, it became known that the name of A. T. Hottel, of Kentucky, has been mentioned in cabinet consideration conferences. Some of those in a position to know said that his name has been mentioned often, although the place is not known.

Today Mr. Harding set aside cabinet discussion and conferences on the new administration of nations. The president set forth in present legislation program and problems that will confront his administration when it assumes office next March 4. Representative McInnis, of Wyoming, republican leader on the house, and Representative Anthony of Kansas and W. H. Cameron, senator-elect from Arizona were among his callers.

THE WEATHER

For Escanaba and Vicinity: Snow or rain tonight and Saturday, colder Saturday; fresh to strong east and south west winds shifting to west Saturday.

Weather Conditions. The northwestern disturbances as central this morning on the northern border of North Dakota and extends southward over the plains states and upper Mississippi valley. Within the last twenty-four hours precipitation occurred in the plateau region and on the North Pacific coast, and in the Lake Superior region and portions of Upper Michigan. Temperatures have risen generally, except in the districts west of the Rocky Mountains where it is somewhat colder.

Temperatures recorded are as follows:

City	7 a. m.	Last Night
Chicago	34	34
Escanaba	32	26
Green Bay	26	26
Houghton	28	24
Marquette	26	26
Milwaukee	35	32
St. Paul	34	30
St. Louis	34	19

The Tri-Delta dance at Clark's hall last night was attended by a large crowd. Frank's Symphonette furnished enjoyable music.

HAPPY NEW YEAR

There will be no issue of The Daily Mirror tomorrow afternoon in order to give the employees of this paper an opportunity to observe New Year's Day.

The Daily Mirror and all of its employees wishes each and every one of its subscribers a Happy and Prosperous New Year.

NOTICE OF ANNUAL MEETING

The annual meeting of the stockholders of the First National Bank of Escanaba, Michigan, for the election of Directors and Liquidation of the Bank will be held at its banking house in the City of Escanaba on Tuesday, January 11th, 1921, between the hours of 9:00 A. M. and 4:00 P. M.

OTHER LABOR NOTES

United States leads the world with 37 per cent of all the iron and 35 per cent of all the coal.

Between 1914 and 1917 the female membership in British trade unions increased from 120,000 to 447,000.

All the textile factories in Petrograd, Russia, are closed, and about 20,000 workmen are idle.

The production of coal in the Dutch West Indies is in the hands of the government, except for a few private collieries.

In the printing and bookbinding trades in England a general advance of \$2.00 a week to men and 85 cents to women has been granted.

The schedule of wage increases granted to railroad workers in this country will be applied to the Grand Trunk system throughout Canada.

The Lake Superior district produces four-fifths of the iron ore output of the United States. In 1918 it was 80 per cent of the total of 70,000,000 tons.

A notable example of conservation is to be found in the scheme just announced by the Paris municipal council for the use of the city's rubbish, which is gathered daily in trucks from apartments and buildings.

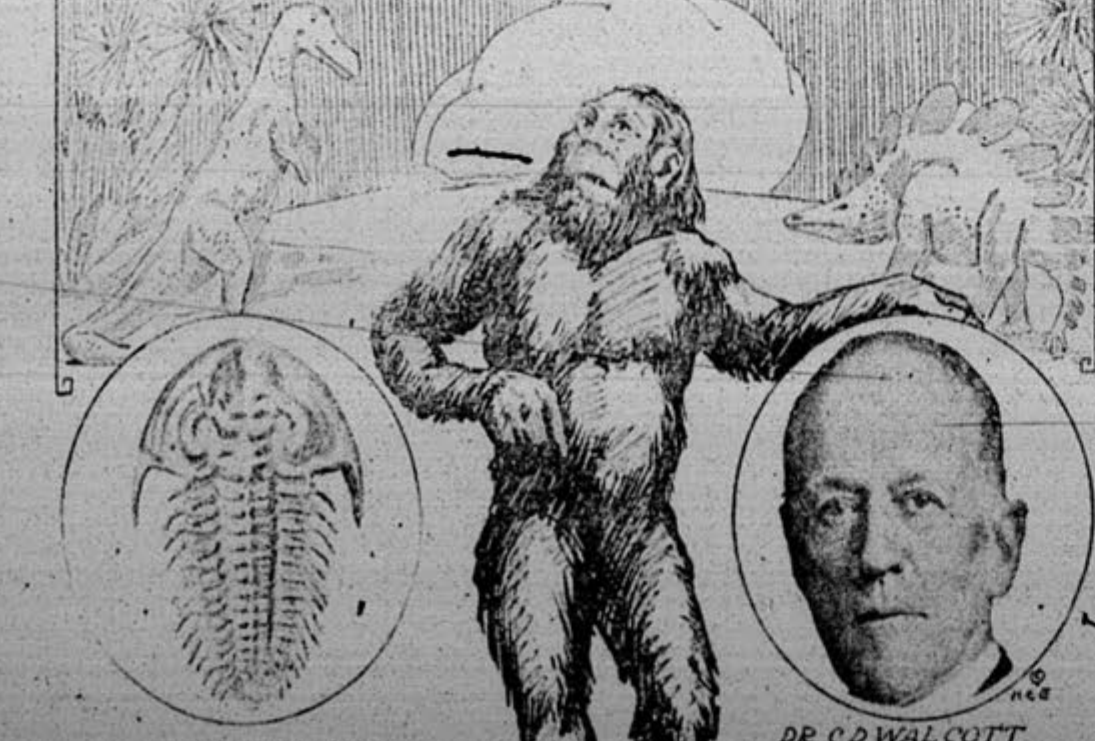

Henceforth this will be heated to a temperature of 200 degrees Fahrenheit and then chemically treated until it forms a pulp, to be mixed with chalk found in abundance near the city. This in turn is made into brick for use in paving and building.

The threatened strike of 10,000 milk wagon drivers in the New York metropolitan district was averted when more than 8,000 workers, at a mass meeting in Madison Square Garden, voted unanimously to arbitrate their demands for an increase in wages and shorter hours by a committee of seven, to be made up of three members of the five unions with which they are affiliated, three representatives of the Milk Conference board, the organization of the milk distributors, and a seventh member to be selected by the six.

The cotton mills in Spain are not yet organized on the basis of the eight-hour working day, and the volume of labor declining from twelve to eight hours has disorganized the industry entirely.

The bi-monthly settlement of publishers' wages, held at Youngstown, Ohio, between the Western Bar Iron Association and the Amalgamated Association of Iron, Steel and Tin Workers, gives the publishers an increase of 74 cents a ton, and the increase breaks the high record of publishers' wages for the second successive time.

NEW YEAR DAYS OF LONG AGO

Fifty million years ago it was New Year for the very first thing of life able to creep, the trilobite, fossils of which have been found in rock strata. Photograph above shows a trilobite of a highly developed stage, the ancestor, according to science, of all land life, including man, now on earth. Grandpa Trilobite looked something like a king crab of today.

Miss Edna Morsch will spend the week end in Wilson.

WOULD-BE-BRIDE OF NEGRO TAKEN IN BY THE POLICE

White Girl Who Applied for License to Wed Negro at Menominee Sent Back Home.

MENOMINEE, Mich., Dec. 31.—A white girl in the story of the attempted marriage of Olin B. Caver of Green Bay and Miss Jane of Menominee was yesterday taken in by the police.

Perhaps you feel so sore that the rate is high that you are getting off the fatal day as soon as possible and will rush in the last minute and all the rest of your fellow demand of Mr. Wilkinson, the reason why you have to pay so much.

However, no matter how hard you up the coin and hand it over, you feel, no matter how hard it is to dig are going to have the office testing that after all Escanaba is not the worst place in the world in which to make your home and after all you are very glad to bear your share of the expense in running the city.

"Now why is it that Mr. Wilkinson is able to make us all feel good?" said a woman this morning.

"Because," replied another, "he is able to be an underdog and beat us in dealing with people who were bowed down with grief."

Go to the head of the class," said the Mirror reporter who was standing near.

WOULD-BE-BRIDE OF NEGRO TAKEN IN BY THE POLICE

White Girl Who Applied for License to Wed Negro at Menominee Sent Back Home.

MENOMINEE, Mich., Dec. 31.—A white girl in the story of the attempted marriage of Olin B. Caver of Green Bay and Miss Jane of Menominee was yesterday taken in by the police.

Perhaps you feel so sore that the rate is high that you are getting off the fatal day as soon as possible and will rush in the last minute and all the rest of your fellow demand of Mr. Wilkinson, the reason why you have to pay so much.

However, no matter how hard you up the coin and hand it over, you feel, no matter how hard it is to dig are going to have the office testing that after all Escanaba is not the worst place in the world in which to make your home and after all you are very glad to bear your share of the expense in running the city.

"Now why is it that Mr. Wilkinson is able to make us all feel good?" said a woman this morning.

"Because," replied another, "he is able to be an underdog and beat us in dealing with people who were bowed down with grief."

Go to the head of the class," said the Mirror reporter who was standing near.

9,000 PULLMAN EMPLOYEES CUT DOWN OWN PAY

During the Past Few Years Wages Have Been Increased as Much as One Hundred Per Cent.

CHICAGO, Dec. 31.—Nine thousand Pullman employees in the Pullman car shops have accepted the suggestion that they are willing to accept wage reductions ranging as high as 20 per cent.

The action was substantial and of record of the company has no influence as to the man's intention and will not be a part of the Pullman's policy, but it is a sign of the company's policy of the workers' ability and ability.

Staggered body, the committee which waited upon the management.

Prices of almost everything are coming down. Railroads expect to buy their equipment and get their repair charges. Lower bids depend on a cut in costs. If the company doesn't get the contracts, we are out of work. It reduced operation costs will cut the company in obtaining contracts. Then work without any pay. I'm not off of hours unless it is needed.

Proposal Not Prompted. In some quarters it was feared that the company had contemplated reducing wages, but officials deny this.

Wages have increased nearly 100 per cent in the Pullman shops in the last three years. In January 1918 the average wage was \$2.75; today it is \$6.77. Some mechanics get as much as \$12.00 an hour.

The company took the employees to the management of their affairs last June and the plan has proved a success, officials said yesterday.

LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody Will Know.
Gray hair, however handsome, denotes advancing age. We all know the advantage of a youthful appearance. Your hair is your charm. It is the first thing that strikes the eye. When it falls, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't say "gray" - Look young! Father restore the color at home or get from any drug store a bottle of Weetech's Sage and Sulphur Compound, which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or brush with it, drawing this through the hair, taking one small strand at a time. For graying the gray hair disappear. For another application or two, a natural color is restored and it becomes thick, glossy and beautiful, and you appear years younger.

HEGGY coughed for an hour after bedtime until Mother thought of Kemp's Balsam. A half teaspoonful, quickly relieved the irritation, after which she soon went to sleep.
KEMP'S BALSAM
Will Stop That Cough

About the Town

Miss Lorraine Underwood left last night for Milwaukee after visiting in town.

Joe LePleur has returned from a visit at Marquette with friends and relatives.

Misses Evangeline Campbell and Helen Rudinger have returned from a visit at Green Bay.

On with the dance to see the Old Year out and the New Year in. Hear Johnson's late pieces at the Delt Hall.

Mrs. T. E. Strom and son returned last night from a visit with relatives at Menominee.

Mr. and Mrs. Frank Seidl, of Minot, North Dakota, are visiting with relatives in the city.

Don't forget New Year's Eve. Carnival Dance at the Delt Hall. 365

Born to Mr. and Mrs. W. J. Fahey, 223 North Tenth street, a daughter, December 29.

A son was born to Mr. and Mrs. Arthur Peterson Sunday at St. Francis hospital.

Are you going to the New Year's Eve Carnival Dance? Certainly. 365

Mrs. J. Johnson of the Fair store has left for Kenosha, Wis., where she will spend the week at the home of her parents.

WANTED—Parties to repair burlap sacks at home. Inquire of Hewitt Grain & Provision Co. 853-4

J. Johnson has left for Kenosha, Wis., where he will spend the remainder of the week with relatives and friends.

Miss Lydia Doss arrived in the city yesterday from Rockville, Wis., to visit at the home of her brother, John Doss, Second avenue south.

Isaac Wood who for the past two weeks has been confined to the St. Francis hospital, returned to his home at Gladstone Wednesday night.

Mr. and Mrs. G. Carlson and son Kenneth returned to Escanaba today after a two weeks' visit at Detroit, Minn.

Miss Hazel Boyle of Gladstone has resumed her position at Kratz's after a short illness.

Dona Casey is visiting at Little Lake.

M. D. Kohler of Milwaukee is a business visitor in the city.

William G. Morrison is a business visitor from Houghton.

C. J. Howard of Minneapolis is transacting business in the city.

Mr. and Mrs. Frank Fay of Chicago are the guests of Mr. and Mrs. N. Primeau.

Carl Olson of Gladstone spent yesterday in the city.

Miss Francis MacMillan will leave tonight for a visit in Traverse city.

Miss Lorraine Bourke is visiting friends at Sault Ste. Marie.

R. A. Johns of Negaunee is in the city on business.

W. M. Haydon of Marquette is in Escanaba transacting business.

A. J. Villers is a business visitor in the city from Green Bay.

Roy Gascon arrives tonight from Peshigo to visit with relatives.

C. A. Huller of Stambaugh is a business visitor in the city.

FRENCH RULE IS NOT POPULAR IN ALSACE-LORRAINE

Alsations Flock Across Border Into Germany and Take Up Homes in Old Prison Camps.

(BY ASSOCIATED PRESS) KARLSRUHE, Germany, Dec. 31.—Raden, Wurttemberg, and Bavaria are overrun by refugees from Alsace and consequently the feeling against the French is more bitter here, perhaps than in any other part of the old German Empire.

Several thousand refugees from Alsace are sheltered in long wooden shacks which formerly housed British prisoners in the main recreation park in the center of Karlsruhe.

Some of the refugees are bitter in their denunciation of the French. They tell tales of how the French expelled them from Strasbourg and other cities on the statement of unfriendly neighbors that the suspects have been preparing for Germany and work for against France.

The Alsations are especially indignant because German has been abolished from the schools of Alsace, where they say a great majority of them will migrate rather than abandon their native language.

Refugees from Metz and other parts of Lorraine are less critical about the language question. They admit French was the predominant tongue in Lorraine.

Nearly all the refugees with whom The Associated Press correspondent talked were very sharp in their criticism of the attitude of the old German government toward Alsace and Lorraine and frankly admitted the unwilling policy of Germany toward the two districts afforded the French an excuse for their attitude toward the distinctly German population.

Miss Delta Larose of Burlington, Wis., returned last night after visiting relatives in town.

EXPLOSION VICTIM DIES AFTER MANY DAYS OF SUFFERING

Emil Kassick Passed Away at Green Bay Yesterday; Body Brought to This City; Home Here.

Emil Kassick, the engineer who was severely scalded by the explosion of a boiler at Iron River, several days ago, died at a Green Bay hospital yesterday and the body was brought to this city last night and will be prepared for burial at the Alto undertaking parlors.

The explosion which wrecked the engine and boiler resulted in painful injuries to both Engineer Kassick and Fireman Johnson who was with him at the time.

Kassick was taken to a hospital at Iron River and as his condition did not improve, he was later taken to specialists could be had. While everything known to medical and surgical science was undertaken in his behalf, there seemed nothing could be done that would prolong his life.

For a number of years the deceased has been running an engine on the Chicago & Northwestern railroad and was well known to all the railroad employees. He is survived by his wife.

Mrs. Floyd Sample leaves tonight for Manitowish after a two weeks' visit at the Gould home on Van Cleve avenue.

Prosperity in Canada Makes Glad New Year

OTTAWA, Dec. 31.—The dawn of the new year brings the Dominion of Canada in perhaps the most prosperous condition in its history, according to agricultural leaders.

The 4,920,000 acres of wheat, corn, and the wealth of its agriculture is reflected in every bend of its forests, mines, and fisheries. Like wheat, contributed more than usual to Canada's prosperity in 1920.

Lester Blake of Detroit, Mich., formerly of this city is visiting friends here during the holidays.

That the New Year brings you none other than happy days, full of Health and Sunshine is the earnest wish and prayer of your

CENTRAL CASH MARKET

TILBERT'S CAFE TURKEY AND GOOSE DINNER NEW YEAR'S DAY AND SUNDAY

WANTED

Your attention a moment! If you should see me going down the street and you ask, "Where are you going?" and I say, "Why, I'm just going; I don't know where, but I'll possibly land somewhere." You'd say I didn't show much sense. Surely, I should know whether I'm going to the butcher shop, to the grocery, to the park, on a fishing trip, or to Chicago. Not much of a certainty, dependable, just simply DRIFTING.

Did you know that the great majority of young men and young women of today are doing just that very thing, DRIFTING through life? You ask them what they plan to do for a life work and the answer will be, "I haven't thought about it." They manage to eke out a living for the present and that is all that concerns them now. They have a good "job" (some of them) and have been getting good pay for a few hours' work. And worst of all, they have spent all their earnings for clothes and a good time. No Bank Account? No. Just DRIFTING.

Don't you think it is a good place to wake up? Haven't you enough of this sort of "stuff" to convince and satisfy you? Can't you see ahead far enough to know that you will sooner or later get to the end of your rope? Thousands of men and women started out just as you are doing and now they regret it. If they had it to do over again, they would have a definite AIM. That first aim would be to get the best education possible.

A Business Training affords one of the best means of determining what that life work shall be. It is a stepping stone, if you please. You don't have to be a bookkeeper or stenographer all your life just because you know bookkeeping or stenography. Use these to get into something bigger. Thousands of men and women all over the country have risen to high and worthy positions through the channels of bookkeeping and shorthand. The secret is to have an "AIM" and work to it and not be a "DRIFTER." Courage to start, stick-to-it-iveness and determination to win, with a generous supply of work will make for your success, where otherwise you would be a failure. Which do YOU aspire to?

Remember the place to start, to work, to succeed— CLOVERLAND COMMERCIAL COLLEGE

P. S.—New classes start Monday, January 3rd, 1921.

Mr. and Mrs. Hans Hansen and children are visiting in Bark River.

Miss Emma Johnson is visiting in Bark River.

STRANGLER WORKED WITH WOODEN HEAD

New Wrestling Champion Spent Hours Learning New Way to Beat the Game With East

(BY ASSOCIATED PRESS) NEW YORK, Dec. 31.—Jabot in the line of great specialists is Ed "Strangler" Lewis, the new heavyweight wrestling champion.

Instead of huge arms with unusual strength, the giant Kentuckian possessed a very strong pair of legs. He specialized in a body science held that for a year was the secret of the wrestling world.

Stecher would coil his legs around an opponent and finally crush him into submission. But his legs were inferior to the arms of Lewis in their recent bout for the championship.

Each seven times caught Stecher's head within his arms and applied the technique with such pressure that the champion was finally so groggy that he finally went to the mat and lost his title.

Wladek Zytosko was so furiously hurt by the "strangler's" headlock in a recent bout that it was feared for a while he would lose his sight.

In the hospital he said it was the most terrible punishment he had ever undergone.

WOMAN'S CLUB DO GOOD WORK AMONG POOR

Miss Martha Greene, Head of Charity Committee, Gives Out Statement.

A resume of the efforts of the charity committee of the Woman's Club for the past year has been submitted by the chairman, Miss Martha Greene.

A total of 25 families have received assistance from the club; clothing and food having been supplied to these needy, worthy people. In nearly every case new clothing had to be purchased as very little worn clothing was available. Many children were furnished with overcoats, underwear, shoes, rubbers, stockings and mittens, as well as other necessary clothing.

In one case alone \$75 was spent to equip the children properly for school. The father of this family was ill most of the year and without this help the children would have been deprived of the many needed garments to enable them to attend school.

Many grocery orders have been sent to the worthy people through a loan time when the head of the house was incapacitated through illness or lack of work. In the case of four families milk has been supplied daily for a year to members suffering from tuberculosis.

The recent effort when 39 families of the city were supplied with Christmas baskets by this committee and the Salvation Army, working jointly, was well supported by the generous people of Escanaba.

The chairman reports receipts of \$281 from individuals and the following organizations: Elks, Eagles, Catholic Woman's Club, Masonic Commandery and Blue Lodge. The boxes placed about the city in the business places netted a total of \$64, making the Christmas fund \$445. The committee is most grateful for this generous support of their efforts to help the less fortunate and extends sincere thanks to all who assisted in any way to make the effort such a success.

The contents of the baskets, which were graded in size, according to the number of people to be fed, consisted of: Chicken for the aged or sick, pot roast, potatoes, butter, tea, coffee, rice, apples, oranges, candy, peanuts, canned corn, tomatoes, peaches, pears, dry peas, jelly, crackerjack.

Ninety baskets were sent out among the number supplied being 300 children.

All children were given toys. The Salvation Army assumed the expense of the baskets. The money on hand at the beginning of the year 1920 was \$250. The club's all-out effort during the summer, 1919, a total of \$1000. Of course, this fund is rapidly depleted but an effort will be made to add to the funds on hand. The committee is planning to rent the Strand theatre for the night of Jan. 25 when the motion picture, "Harriet and the Piper," with Anita Stewart, will be shown. More publicity will be given to this later.

All in all, the committee has every reason to be gratified with the results of their efforts to further the cause of charity in the city the past year, and deserves the continued support of the kindly people of Escanaba who have never failed in the past to respond to the call for assistance.

Booze Hero Given Hook by Official

(CONTINUED FROM PAGE ONE) Reid said, knew that Fillion was operating in Hurley, but probably was not aware of the extent of his operations.

Fillion, it appears, had been sent to Hurley by Grove to work in with Hurley's rum runners and to report to the Marquette office, when a whiskey caravan would be leaving the Wisconsin town for Milwaukee, to load there with bonded liquor which would be carried back in automobile. Upon receipt of word that a number of cars were leaving for Hurley, Grove and his agents here were to leave for Wisconsin to intercept the rum runners.

Fillion, Reid said, "worked" Hurley during the summer and until late in the fall, without his knowledge, making an arrest for violation of the prohibition act. He even went to Milwaukee with the intention of buying back an automobile load of whiskey to be sold at a big profit in Hurley, the prosecutor said. A week before Chisapulo was shot, Mr. Reid said, Fillion went to Milwaukee with other Hurley men, eight cars making the trip. The Hurley men were anxious to have the prohibition agent with them, he said, because "he promised them protection, using the badge of a federal officer to attain his end."

Failed to "Deliver." Grove said that Fillion had informed him that he went to Milwaukee with the Hurley men and told him to be on the Hurley road at a point north of Woodruff, Grove

scally and heavy-duty bumps on the road for three nights, awaiting the arrival of the booze transports, but they did not come, and the men were most returned home.

Then, about a week later, Fillion drove to Marquette, using a car belonging to the "king" of Hurley bootleggers. It was said, in fact, to make the trip. He informed Grove that 25 cars were to leave the following day for Milwaukee and asked Grove to station himself, with other men from the Marquette and Chicago offices, and arrest the rum runners. The party left Marquette headed by Fillion on the night of October 4, arriving at a place selected by Fillion as an ideal spot for the holdup, early the next morning.

Then Fillion went on to Hurley, there to join the caravan. The cars went to Milwaukee where they were loaded, and then started on the return trip. Each car, with the exception of Fillion's, contained two men, the driver and an armed guard, making a total of 47 men.

Two Cars Taken When Fillion arrived at the spot where he had stationed Grove and his men, and no federal men put in an appearance, he grew worried. The cars were ahead of him—Chisapulo's and Frank Milley's, Grove, thinking that the rum runners may have taken another road, had moved up to within 24 miles of Hurley. There he met the first booze car, that of Milley whom his men chased for ten miles the whiskey car overturning. Milley, however, escaped.

Chisapulo was next. He refused to stop when ordered to his guard Tony Varda, who was arrested in a fall on Hurley Tuesday by federal men from Chicago, opening fire on the federal men. The fire was returned, with the result that Chisapulo stopped four bullets. He died the next day, October 10, in an Ironwood hospital. Then, shortly after Chisapulo had been sent to Ironwood in a commandered car, Fillion drove into view. He told of the trip, and said he had bought half a dozen or more cases of whiskey in Milwaukee "to make things look all right." His whiskey, he said, he had "ditched" a short way back.

No other cars showed up until the next day, when Fete Verich and August Castagna were captured, with their auto loads of whiskey. Verich and Castagna were both taken in last Tuesday's raid.

Regarded as Hero Things went well at the federal office for some time. Fillion was regarded as a hero or less as a hero for his part in the booze affair, his cunning and his working in with the bootleggers being regarded as a clever stroke.

Then reports began to come into the office that he had double crossed the government. Men charged that Fillion had only double crossed them, but double crossed Grove as well. Still believing in Fillion, Grove after a conference with officials of the Chicago office, announced that Fillion had been suspended, they thereby to keep the Hurleyites going and to keep Fillion in go with the bootleggers, expecting make a bigger haul later.

Investigation Ordered Still reports came in to Grove's office that Fillion had accepted bribe and double crossed the government. The reports became so persistent that it was decided to conduct a thorough investigation of his affairs at Hurley. Inspectors from Chicago entered the Hurley district and found it alleged that Fillion had in "hush" money, and had others neglected to perform his duties.

Fillion was given a severe punishment at Lansing Tuesday by Prosecutor Reid, who said the federal agent had been seen on Hurley streets, drunk he could barely walk while wearing the badge of his office had tended bar in Hurley saloons. After he "worked" in Hurley the roads became so poor that he knew it would be only a week or until travel from Milwaukee to Hurley in automobiles became almost impossible, Fillion decided to Grove in on it and try and sell himself at Marquette. Reid, Fillion told Grove that a number of cars were going through, Reid and even went so far as to place on the road to await their return from Milwaukee.

"How many cars were ahead of you?" Reid asked. "Only two," he said, answering his own question. "Chisapulo's from whom he purchased an automobile a few days before for \$25, and Milley's. You plainly see that, even while attempting to make Grove believe he was playing square, he was playing some of the rum runners?"

Carver's Special this week: "HAPPY NEW YEAR" Layer Vanilla, Loganberry Fruit, California Green Grapes. HILL DRUG STORE 890-3

Miss Suelle Bonnar will be in town for a week's visit in Feb.

Austin Stenberg who was out of town for several days is now recovering rapidly.

ATTENTION I. O. of the past meeting Monday and a full session Tuesday. The meeting will be held at 8 o'clock.

SNOW, AND THEN MORE SNOW, THE DECEMBER DOPE

Nearly 14 Inches on Ground and More on Way; Still Thanks to Deficiency.

The year of 1920 will end in Escanaba with the amount of precipitation way below normal according to figures given out by the weather bureau today.

On December 31, 1920, there were but four inches of snow, while today the weather man says we have ten inches. During December last year there was a total snow fall of 6.5 inches and this year 13.7.

The total precipitation for 1920 is 24.88 inches when the average normal ought to be 31.51, which leaves a deficiency of 6.63.

The weather man tells us that more snow is on the way and that we will probably be able to start the New Year right by getting our snow shovels early in the morning and clearing off the walks.

SOCIAL ITEMS

NORWEGIAN DANISH LUTHERAN

The Young Peoples Society of the Norwegian Danish Lutheran church will meet this evening at 8:00 o'clock for a program and refreshments and at 11:30 a watch service will be held under the direction of the Rev. L. D. Sateren.

BIG TIME AT RINK

The Coliseum will be open tonight for either dancing or skating and will remain open until after the New Year has arrived. Manager Flath always has something new to offer on occasions of this kind and no doubt there will be something sprung as a surprise when the New Year creeps into sight. The rink will also be open New Year's Day and night and the usual program will be given Sunday.

NOTICE OF MEETING

There will be a meeting of the Modern Brotherhood of America, at the North Star Hall, on Monday, Jan. 3rd, at 8 o'clock. Installation of officers and other important business will take place. After the meeting there will be a card party and lunch will be served. Make special effort to attend this meeting. JOHN C. FINNEGAN, Sec.

ANTED—A position as truck driver, experienced and can take care of truck. Inquire of this office. 891-4

Miss Agnes Richer spent the day in Astoria visiting with her friends.

Charles Johnson will leave tonight on a business trip to Milwaukee and Chicago.

John Boyle of Bark River is spending the week end in the city.

Prosecutor Challenges Truth of Ad

(CONTINUED FROM PAGE ONE)

tion, which may be necessary to find the offending parties. If neither you nor the person writing this have proof substantiating the assertion, it would seem to me in fairness to those merchants, who put on intimate sales, a retraction should be made or the assertion confined to the store or stores as there may be proof against.

Will you kindly advise me what you your advertisers have to back up statement made in this advertisement. Your early attention will be appreciated.

Yours truly, T. E. Strom.

In reply to the above, The Mirror will say frankly that it has no personal knowledge that goods were trucked up for sales which have been held in the city for the past month. Most of the advertisers write their own advertising and we feel that they do not make any false statements. When the Mirror writes the advertisement, we are more in a position to know the facts and in this connection we will state that in a recent page advertisement prepared by this office some of the merchandise was not sold for half the original selling price, but for ALF THE ORIGINAL COST. Mr. Genter ought not to have made charges that he is unable to substantiate. By doing so he not only casts reflection upon his local competitors, but seriously injures himself with his side.

It is very evident to all those who are familiar with local prices that everything has taken a big slump. Most every merchant in the city has been ascending. Many things have been sold for less than half the former selling price and hundreds of dollars worth of goods have been sold at cost or less than cost.

Our position is this: Mr. Genter will be asked to explain in these columns just what he meant and who he referred to in his advertising. If he can substantiate his statement, the information asked for by the proposition will be at hand. In the absence of proof, we will not back up his charges.

MUST HAVE 1921 PLATES ON CARS OR LAY THEM UP

Only 95 New Plates Have Been Delivered by City Clerk Up to Noon Today.

Up to noon today only 95 license plates have been issued for 1921 by City Clerk Anderson, but he expects a rush this afternoon for tomorrow every car that is driven must have its new plate displayed.

A glance at the drawer in the clerk's office where the application blanks are kept gives the impression of some left over Christmas decorations. Piles of red, white and blue forms, with pink and yellow on the side, are arranged in neat order.

Many Blank Forms

The pleasure car application is pink. Information required includes motive power, whether steam, gasoline, or electric; make, weight, style engine, and car serial number; number and diameter of cylinders; home and business address of applicant and number of his operator's or chauffeur's license. Charges are 35 cents per hundred pounds for weight, and 25 cents per horsepower, except for electric cars, which are \$1 per horsepower.

Under provisions of Act 353, P. A. 1919, licenses must be secured for trailers. Application is made on a white form and fifty cents a hundredweight is charged.

Motor cyclists apply for their licenses on a red form. Information requested is the same as for automobiles, and the charges are the same.

Everyone who drives a car for hire must be provided with a chauffeur's license. There is a blue application form for this purpose. The applicant is asked whether he was ever convicted of violating any motor vehicle law or ordinance; if so, what, where, and how many times; also whether he is addicted to the use of drugs or intoxicants. A full personal description is also required, with the name and address of the applicant and his employer.

Must Have Operators License

Every person who operates a car unless holding a chauffeur's license must secure an operators' license. Application is made on a yellow form, and information must be given on convictions, if any, of the motor vehicle law or ordinance; any suspension or revocation of operator's license; number of miles applicant has driven motor vehicles, and whether he has any physical defect which might affect his operation of such vehicle.

JOIN THE CHRISTMAS SAVINGS SOCIETY

At the First National Bank NOW and on December 10th next—just in time for Christmas—you will receive a check for the entire amount you have saved, plus interest.

Weekly payments in amounts to suit every one. This is the ideal way to save money. Come in and let us explain.

THE FIRST NATIONAL BANK

ESCANABA MICHIGAN

Lawrence Ambeau is spending the week end in Manistique. Fred Morton returned this morning from a visit in Iron River. C. J. McCauley returned to his home in Norway this morning after a short visit in the city. R. H. Hathaway of Norway arrived in the city this morning to spend New Year's with friends.

COLISEUM ROLLER RINK

Will Be Open Three Days in Succession

PROGRAM FOR 3 DAYS

This Evening, 7:30 to 12:30. Your choice of Skating or Dancing the Old Year out and the New Year in. Open New Year's afternoon and evening and Sunday afternoon and evening.

FOR over twenty years we have extended to the public of Escanaba, Greetings of the Season and this year at the ending of the Old and beginning of the New Year, we want to make special emphasis of our gratitude for your most valued and generous patronage throughout the year.

May we solicit the continuation of the same this coming year.

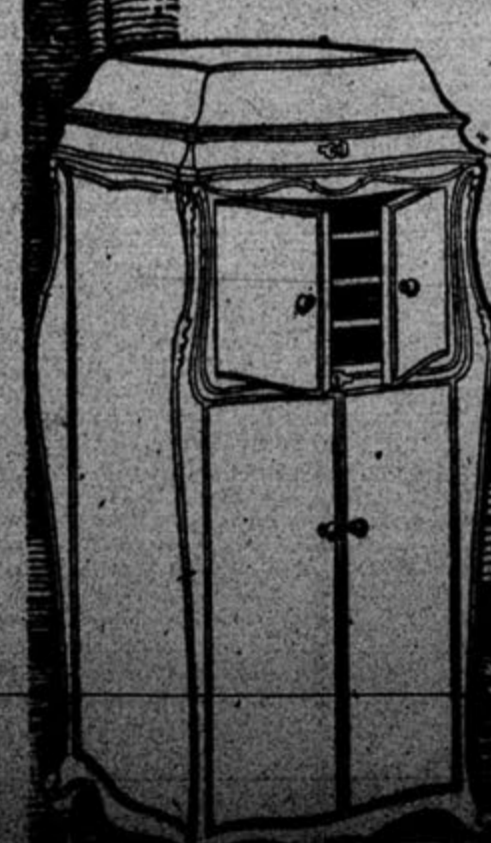

It should be our aim as in the past to offer none but the better grade of merchandise at the lowest prices consistent with square, honest merchandising.

Permit us to Wish You and Yours A HAPPY AND PROSPEROUS NEW YEAR.

WOMAN'S CLUB DO GOOD WORK AMONG POOR

Miss Martha Greene, Head of Charity Committee, Gives Out Statement.

A resume of the efforts of the charity committee of the Woman's Club, for the past year has been submitted by the chairman, Miss Martha Greene.

A total of 26 families have received assistance from the club; clothing and food having been supplied to these needy, worthy people. In nearly every case new clothing had to be purchased as very little worn clothing was available. Many children were furnished with stockings, underwear, shoes, ribbons, stockings and mittens, as well as other necessary clothing.

In one case alone \$75 was spent to equip the children properly for school. The father of this family was ill most of the year and without this help the children would have been deprived of the many needed garments to enable them to attend school.

Many grocery orders have been sent to take worthy people through a lean time when the heat of the house was aggravated through illness or lack of work. In the case of four families milk had been supplied daily for a year to members suffering from influenza.

The present effort when 90 families of the city were supplied with Christmas baskets by this committee and the Salvation Army working jointly, was well supported by the generous people of Escanaba.

The chairman reports receipt of \$253 from individuals and the following organizations: E. S. Karch, Catholic Women's Club, Masonic Commandery and Blue Lodge. The boxes placed about the city in the business places amount to a total of \$447. The committee is most grateful for this generous support of their efforts to help the less fortunate and extends sincere thanks to all who assisted in any way to make this effort such a success.

The contents of the boxes, which were graded in size according to the number of people to be benefited, consisted of: Children for the aged or sick, put in tin, paper, butter, tea, coffee, rice, apples, oranges, candy, peanuts, canned corn, tomatoes, peaches, peas, dry peas, jelly, cranberries.

Night babies were sent out among the poorer supplied being 500 children.

All children were given new toys. The Salvation Army assisted one of the expenses of the baskets. The money on hand at the beginning of the year was \$1,250. The charity committee had the lamps at South Park during the winter of 1919. A total of \$500. Of course, this fund is greatly depleted but an effort will be made to add to the funds on Jan. 28 when the motion picture, "Harriet and the Piper" with Anita Stewart will be given to this later.

All in all, the committee has every reason to be gratified with the results of their efforts to further the cause of charity in the city the past year, and deserves the continued support of the kindly people of Escanaba who have never failed in the past to respond to the call for assistance.

Booze Hero Given Hook by Official

(CONTINUED FROM PAGE ONE) Reid said he knew that Fillion was operating in Hurley, but probably was not aware of the extent of his operations.

Fillion, it appears, had been sent by Hurley to work in with Hurley's run runners, and to report to the Marquette office when a white car would be leaving the Marquette town for Milwaukee. Reid had there with bonded liquor which would be carried back in automobile.

Upon receipt of word that a number of cars were leaving for Hurley, Reid and his agents left Escanaba for Wisconsin to intercept the run runners.

Fillion, Reid said, "worked" Hurley through the summer and until late in the fall without his knowledge. Reid was making an arrest for violation of the liquor law when he saw Fillion at the Marquette office. He gave Reid a check for \$1,000, which he used to buy an automobile load of liquor to be sold at a big profit in Milwaukee. The prosecutor said that Fillion was shot. Reid said that Fillion was shot with other Hurley men, right in the middle of the trip. The Hurley men were sent to have the bodies of the men buried. Reid said that Fillion was promised them a professional job, being the badge of a federal agent.

Reid said that Fillion had informed him that he was to Milwaukee with the Hurley men and told him to be on the Hurley road at a point north of Woodruff. Reid said that Fillion had a double crossed Groves as well.

Still believing in Fillion, Reid, after a conference with officials, the Chicago office, announced that Fillion had been suspended, but thereby to keep the Hurley ties going and to keep Fillion in the go with the bootleggers, expecting to make a bigger haul later.

Investigation Ordered. Reid reports came in to Groves' office that Fillion had accepted his double crossed Groves. The reports became so persistent that it was decided to conduct a thorough investigation of his affairs at Hurley. Inspectors from Chicago and the Hurley district and found it alleged that Fillion had to "brush" money and had other neglected to perform his duties. Fillion was given a severe punishment at Lansing Tuesday by Prosecutor Reid, who said the federal agent had been seen on Hurley streets, drunk he could barely walk while wearing the badge of his office. Reid said that Fillion had been "worked" in Hurley and the roads became so poor that Reid would be only a week or two from Milwaukee to Hurley in automobiles became almost impossible. Fillion decided to Groves in on it and try and sell himself at Marquette. Reid said Fillion told Groves that a number of cars were going through, Reid had even sent so far as to place on the road to wait their cars from Milwaukee.

"How many cars were ahead of Fillion?" Reid asked. "Only one," he said, answering his own question. Reid said that Fillion had purchased an automobile a few days before for \$25, and Reid said that Fillion was playing square, he was proving some of the run runners."

SNOW, AND THEN MORE SNOW, THE DECEMBER DOPE

Nearly 14 inches on ground and more on way; still there is deficiency.

The year of 1920 will end in Escanaba with the amount of precipitation less than normal according to figures given out by the weather bureau today.

On December 31, 1919, there were but four inches of snow, while today the weather man says we have ten inches. During December last year there was a total snow fall of 5.5 inches and this year 13.7.

The total precipitation for 1920 is 21.83 inches when the average normal ought to be 31.51, which leaves a deficiency of 6.83.

The weather man tells us that more snow is on the way and that we will probably be able to start the New Year right by getting our snow shovels early in the morning and clearing off the walks.

SOCIAL ITEMS

NORWEGIAN DANISH LUTHERAN. The Young Peoples Society of the Norwegian Danish Lutheran church will meet this evening at 9:00 o'clock for a program and refreshments and at 11:30 a watch service will be held under the direction of the Rev. L. D. Sateren.
