

# WILL INVESTIGATE LUMBER

## POLICE MADE A GOOD HAUL DURING NIGHT

### Thieves' Den Was Discovered in Nearby Country.

### Tires Stolen From Gladstone Were Taken to Place in Danforth Settlement First.

Christ Hansen and Tom Morgan were arrested last night by the police department, and charged with stealing \$200 worth of tires from Swan Kjalander's car at Gladstone on the night of January 9.

When the tires of the car became known to be stolen, the police of that settlement had a hunch that they knew who had the car, and they immediately set out to verify their conjecture and not make an arrest until they were able to prove their theory.

### Locate a Fine "Nest"

On a road between the road to Hart Rock settlement and the Danforth road is a small farm, way off the main line of travel. There lives one Peter J. Hansen, a bachelor and a simple man who lives on a farm and is absent from the farm during the day. He leads a homely life and is pleased when some young men from the settlement of Danforth and Gladstone come to his farm and spend the evening with him. He has a fine nest of tires in his house, and he is a

Shortly after the tires were taken at Gladstone, the police were alerted in his house and he was taken to the police station. He was charged with the theft of the tires and he was held in the police station until the tires were found in his house.

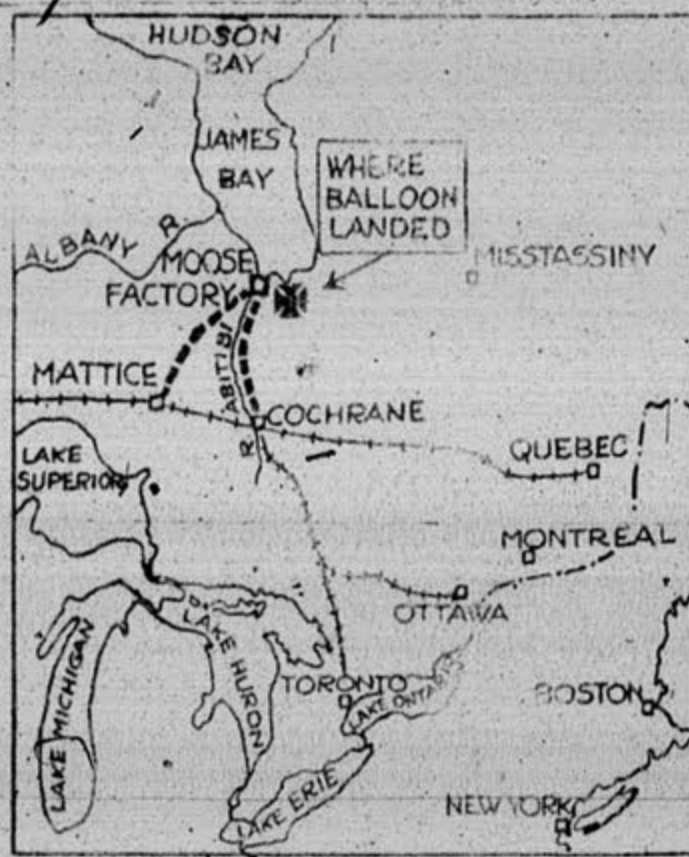

The police department is now looking for the tires and the man who took them. The police are sure that they will find the tires and the man who took them.

Had a Fine Hiding Place  
The home of the thief was a fine place for the hiding of the tires. The tires were hidden in a place where they would not be found.

Richard Proctor, a popularly known as "Moonshine Sam," who was arrested for the Stejn robbery, entered a plea of guilty to the charge but denied he was carrying concealed weapons at the time of the robbery.

A son was born Sunday at 31, Front street to Mr. and Mrs. Lawrence Johnson of 307 First Avenue south.

## FIRST PICTURE OF LOST BALLOONISTS

The Daily Mirror publishes exclusively the first photographs to reach the United States showing the rescue of the three U. S. Navy balloonists who were lost for days in the frozen wilderness of northern Canada.

This picture shows the arrival of the half-finished American at Hudson

Bay trading post, where they were met by J. L. Gaudet of the Hudson Bay Company. Left to right are Gaudet, Lieut. L. A. Klor (commander of the balloon), Lieut. Walker Hinshaw and Lieut. Stephen A. Farrell.

The balloonists left Rookaway, N. Y., on September 13. A storm had carried the air bag rapidly northward. On Dec. 14 the balloon de-

The arrival picture was taken by S. A. Bradbury, a clerk in the Hudson Bay Company's post at Moose Factory, who was present when the Indian trap- per led the exhausted men in. Bradbury left Moose Factory, carrying the photograph, with the party of messengers that brought the happy news of the rescue.

## SHORT TERM OF CIRCUIT COURT IS LOOKED FOR

### Sheridan Case and Many Others Are Continued On Account of Federal Court at the Soo.

Many cases which were set for trial at this time of circuit court, were continued, for the reason that witnesses for the state as well as some of the attorneys, had to attend the federal court which was held at the Soo today.

The case of John J. Barry was dismissed upon the application of the complainant, witness Joseph C. Barry, who was arrested in connection with the robbery of the local bank, and is charged with carrying the money to the bank.

The following cases were continued: Steve Veldt, Violator of liquor law; Hector Gauthier, charged with carrying beer; John Simpson, charged with carrying beer; John Simpson, charged with carrying beer.

Richard Proctor, a popularly known as "Moonshine Sam," who was arrested for the Stejn robbery, entered a plea of guilty to the charge but denied he was carrying concealed weapons at the time of the robbery.

A son was born Sunday at 31, Front street to Mr. and Mrs. Lawrence Johnson of 307 First Avenue south.

## Boats and Skaters Were Out Sunday

The boats and skaters dotted the water and land yesterday afternoon and a number of people took advantage of the weather. They say a stiff south wind blowing and the temperature who went to the park to find and found the snow was gone from the ice upon his covered that their skis would sail as they break it they would imitate their coats and spread them out for sale.

## DR. LEMIRE'S MOTHER IS SERIOUSLY ILL

Dr. W. A. Lemire has received word that his mother, who lives at the family home at Newburg is seriously ill and he expects to be called to her bedside at any moment.

## DR. VAUGHAN IS WITH YOU, GIRLS

Dr. Vaughan is with you, girls. He is a very popular doctor and he is always ready to help you. He is a very kind and gentle doctor and he is always ready to help you.

Dr. Vaughan is with you, girls. He is a very popular doctor and he is always ready to help you. He is a very kind and gentle doctor and he is always ready to help you.

## COUNTRY IS DEFRAUDED BY THE RAILROADS

### All Control Centered in New York; Leads to Morgan & Co.

Twenty-Five Men, Make Up List of Control of Roads, Shops and Banks, Says Jewell.

(BY ASSOCIATED PRESS) CHICAGO, Jan. 10.—The Railroad have broken faith with the public according to charges made today at the opening of the hearing by Railway board into "the demand of railroad brotherhoods that national board of adjustment be reestablished."

The charge was made by B. M. Jewell, president of the railway employees department of the American Federation of Labor.

Mr. Jewell's statement opened the hearing which is expected to continue to the allegations of brotherhoods to need of permanent tribunal to adjust wages and working conditions and also hear claims by railroad employees that they demand a "only subterfuge for a perpetration of the same."

Jewell charged that the public had been defrauded of millions of dollars by the railroad companies with equipment companies, controlled by banks that control railroads.

## NOTED LECTURER HERE WEDNESDAY

Prof. O. Fairfield of Lawrence University at Appleton will deliver a lecture at the Prohibition hall in this city on Wednesday afternoon at 3 o'clock. Prof. Fairfield's lecture is arranged under the auspices of the Escanaba Woman's Club but is not arranged solely for members of the club, each member being permitted to bring guests upon the payment of the customary admission fee.

Prof. Fairfield's lecture is bound to be most interesting. The speaker is regarded as one of the best known lecturers of the central west and members of the Women's Club feel that they were most fortunate to be able to secure him for a date in this city.

## THIS IS FINE PLAN PROVIDING IT WORKS

RUSSIN, Fla., Jan. 10.—A plan for the moral life of great cities is offered by the Women's twentieth Century Club of this town. The club adopted the following resolution:

"Whereas, the concessions of a New York attorney, who likens his movements in New York society to a cold fish swimming in circles of a glass jar and getting no place and

Whereas, the indictment against our criminal system by the retiring state's attorney of Chicago, as reported in the public press of Dec. 26 and 27, warns us of the tendency to human values of a great city where wealth accumulates and moral handicaps decay.

Therefore, the undersigned urge every public prosecutor to install in his office a department to prevent crime and put in charge of the department an assistant whose efforts will be devoted in getting all race, creed and organizations of men and women to cooperate in helping all moral handicaps to obey the law and keep out of jail."

## WELL KNOWN WOMAN PASSED AWAY AT HER HOME HERE SUNDAY

### Death Calls Mrs. Patrick McCauley, Sr., After Illness of But a Few Days.

Mrs. Patrick McCauley, Sr., died Sunday afternoon at her home at 318 No. 13th street, after an illness of but three days. While her health has not been the best for the past year or two, it was not of such a nature to cause apprehension and the news of her death after but a few days illness comes as a surprise and shock to her many friends.

Mrs. McCauley was born in Donegal, County Donegal, Ireland, and came to Escanaba 22 years ago and with her husband who is now deceased lived continuously in Escanaba. Her sons, George and John, of this city, and Charles J. and Patrick, Jr., of Wells are the surviving ones. The daughters are: Mrs. G. M. Stork, Mrs. H. A. McDonald, Mrs. E. A. Ferguson and Mrs. Clara Powers of this city and Mrs. J. W. Welton, Ishpeming, and Mrs. John Kiefer of Milwaukee. There are five grand children.

A brother and two sisters are living in Ireland and England and another sister, Mrs. B. McDonald, lives at her home in Milwaukee.

Mrs. McCauley was a woman who lived for her home and children. While she took a great deal of interest in the social activities of a few close friends, the greater part of her time was spent in the interests of her children and grandchildren. Besides the ten grown up members of her family now living, two passed away some time ago. She took a great deal of pleasure in the fact that most of her family lived either in Escanaba or near enough so that she might see them frequently.

The funeral will be held from St. Patrick's church on Wednesday evening at 9:00 o'clock.

## YELLOW PINE PROMINENT IN COMING MOVE

### Southern Industry Has Been Prominently Mentioned.

### Efforts Will Be Made to Ascertain Whether or Not Sherman Law Is Being Violated.

(BY ASSOCIATED PRESS) WASHINGTON, D. C., Jan. 10.—A general investigation of the lumber industry and more particularly the yellow pine industry in the south is being conducted by the department of justice to determine whether or not there have been any violations of the Sherman anti-trust law.

The investigation on behalf of justice after the federal trade commission had recommended a report on the activities of the organized lumber manufacturer, which it had prepared at the request of the department of justice.

The information was sent to the senate and the house on the assumption by the trade commission that it might be useful to the senate committee on housing and reconstruction, which has been investigating building costs and other matters.

Following is the weekly market report from the American Lumberman which is published in Chicago:

The year opens with a feeling of optimism in all branches of the lumber trade. Though immediately after Christmas the volume of inquiries began to increase and today is heavy, purchasing at present is on a very slight basis. These inquiries are not expected to result in immediate placement of orders, as they arise from inventory taking by retail lumbermen who, by means of these inquiries, are seeking to determine what they will have to pay for stocks to fill up items and grades that have been allowed to decrease to a dangerous level.

One reason for optimism on the part of the lumber trade is the fact that wholesale lumber prices have been so generally deflated, and this action has been very largely followed by retailers. In this connection the general public is not aware of the significance of the real state of a reduction of 25 percent in the selling price of lumber. Actually such a decrease puts lumber back at the price which prevailed before seasonal advances. For example: Assuming that before the seasonal advances a certain grade of lumber sold for \$40 a thousand feet and that during the rapid advance in the market the price of this grade increased 50 percent or to \$60, making the selling price \$90 wholesale. A reduction of 25 percent is equal to \$22.50, making the selling price \$37.50 before the increase. Thus, as one retailer put it, one-third equals one-half.

## TURN OLIVER HOTEL INTO MODERN FLATS

If the plans of W. H. George, of Marquette, Mich., are carried out, a modern apartment building which at this time would be welcomed by a large number of people who are homeless and would grasp a chance to occupy a shiny 14 a modern building.

Mr. George has an option on the old Oliver Hotel property and if a company can be formed will tear down the old structure and rebuild with a modern apartment house. He plans to save a great deal of the material taken from the old building and use it where it will not interfere in the making of the new building up to date in every way.

## Green Bay Man Killed by Auto

GREEN BAY, Wis., Jan. 10.—Joseph Barker, aged 76 years, was fatally injured last night when he was struck by an automobile driven by Herman Miller, Barker's wife and two were broken.

People who witnessed the accident claim that the aged man walked in front of the automobile and that Miller was not to blame. An ambulance was called but Barker died before it reached the hospital.

# GRAVE YARD FOR ANIMALS IS GIVEN CARE

## Cats and Dogs Find a Peaceful Last Resting Place.

### Markets Tell of What Portion for Things the Departed Pets Were Good for in Life.

(BY ASSOCIATED PRESS.)  
 DEDHAM, Mass., Jan. 10.—The grave yard of the departed animals, which is a part of the city of Dedham, has been given a peaceful last resting place. The animals, which are mostly cats and dogs, are buried in a cemetery which is maintained by the city. The cemetery is located in a quiet neighborhood and is a beautiful place. The animals are buried in a peaceful and dignified manner. The city officials are proud of the cemetery and hope that it will be a source of comfort to the people of Dedham.

# Town Makes Money With a Fish Pond

(BY ASSOCIATED PRESS.)  
 WASHINGTON, Jan. 10.—The town of Escanaba, Mich., has made a considerable amount of money from a fish pond. The pond is located in a beautiful spot and is a popular place for fishing. The town has invested a large amount of money in the pond and has seen a great return. The fish are sold to the public and the town has made a profit. The town officials are very pleased with the results and hope to expand the pond in the future.

# Stones Prove to Be Worth a Fortune

(BY ASSOCIATED PRESS.)  
 ALBANY, N. Y., Jan. 10.—A large number of stones have been found in the town of Albany, N. Y., which are worth a fortune. The stones are of a rare variety and are highly valued by collectors. The town has discovered a large deposit of these stones and has begun to mine them. The stones are being sold to collectors and are fetching high prices. The town officials are very excited about the discovery and hope to make a great deal of money from the stones.

# EAT LESS AND TAKE SALTS FOR KIDNEYS

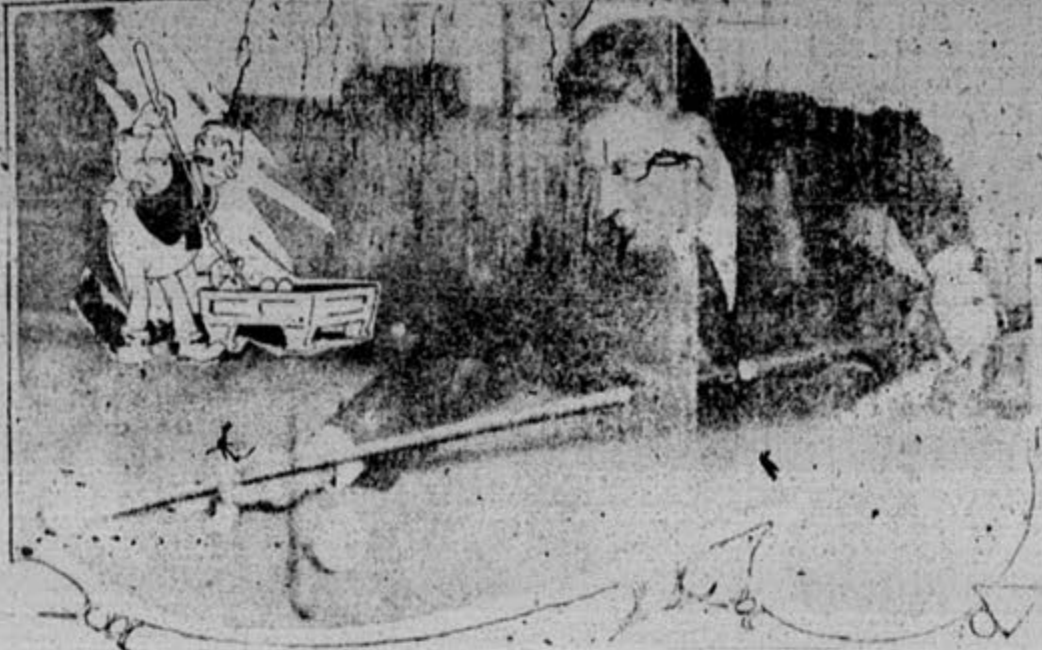

Take a glass of Salts before breakfast if your back hurts or bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night, if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

# HOPPE HAS A REAL RIVAL

Edouard-Horemans, Belgian bathing billiardist, has come to America to challenge Wilho Hoppe—American king of the green cloth game. Horemans is a great fine nurer. He is a member of the masse club. In exhibitions he reels high runs of 48 without a miss.

# HISTORIC TREES TAKE THEIR PLACE IN HALL OF FAME

(BY ASSOCIATED PRESS.)  
 WASHINGTON, Jan. 10.—The Hall of Fame of the American Revolution at Mount Vernon, Va., has taken its place in the world's eye. The hall is a beautiful building and is a source of pride for the people of America. The hall contains the remains of the great men of the American Revolution and is a place of great interest to the people. The hall is a fine example of American architecture and is a must-see for anyone visiting Washington, D. C.

# RUB RHEUMATISM PAIN FROM SORE, ACHING JOINTS

What's Rheumatism? Painfully sore, aching joints. Not due to cold, but to uric acid. Rub with the famous "Rheumatism Rub" and you will find relief. The rub is a powerful medicine and is a source of relief for many people. The rub is easy to use and is a must-have for anyone suffering from rheumatism.

# Corcoran's Net Big Sum for Missouri

(BY ASSOCIATED PRESS.)  
 ST. LOUIS, Mo., Jan. 10.—The net proceeds from the sale of the Corcoran estate have been distributed to the state of Missouri. The net proceeds are a large sum of money and will be used for the benefit of the state. The state officials are very pleased with the results and hope to use the money for a variety of purposes.

# Old Hairdress Revived

There's a new style of hair-dressing reminiscent of the coquette "waterfall" of the 1870's. Miss Vivian Martyn, pretty screen star, originated it. "I begin," Miss Martyn directs, "by parting it through the center. Then I part it the other way down just in front of my ears, then still again crosswise just above my ears. This makes three sections of hair. The second section I arrange across the back of my head, allowing it to fall as the picture shows. When I draw the first section straight but not too tightly across pinning at the back and allowing the ends to fall down with the rest. Finally I take the last section, which is smallest, and fashion it into little ringlets or coils and pin them securely at the top and back of my head where they form a sort of top-piece for the down-hanging hair."

# WHALE IS CHAMPION JUMPER

(BY ASSOCIATED PRESS.)  
 MARSA MATRUH, Egypt, Jan. 10.—A whale was seen to jump out of the water in the Mediterranean Sea. The whale was seen by a group of fishermen and was a sight to behold. The whale jumped to a height of about 100 feet and landed back in the water. The fishermen were very excited and hope to catch the whale.

# Another Old "Saw" Has Teeth Pulled

(BY ASSOCIATED PRESS.)  
 DETROIT, Mich., Jan. 10.—The old saw that a "green" Christmas is the cause of many deaths is disproved by Dr. Henry P. Vaughn, health commissioner of Detroit. Dr. Vaughn has conducted a study and has found that the number of deaths during the Christmas season is not higher than during other times of the year. The old saw is therefore disproved.

# COMPLETE WORK OF TODAY

Unfinished Tasks Simply Mean That One Has Raced a Mortgage on His Tomorrow.

Leave today's work undone and you mortgage tomorrow. And tomorrow may bring the big opportunity you have been looking for so long. Try to keep tomorrow for yourself. To keep it free. Don't load it up with work that would be done when you leave your desk tonight.

You never know what chances there may be tomorrow—if you have it clear—to show somebody who can pay a big salary what you can do.

Your days are important, every one of them. Each has its own work that must be done.

Start every day with a clean slate. Say: "This is the work that is to be done today—that must be done today."

Then do that work, and do not leave any of it hanging over into the next day.

Once fall behind in your work and your tomorrow will soon be mortgaged for a long way ahead. That means wage slavery. It means lack of a chance to seize opportunity—to make opportunity.

Look forward to your tomorrows as days of achievement—days in which to plan and do new tasks—not to finish old ones.

You will be glad to see them then. You will be glad of the fresh eight hours that can be employed in something that is valuable and interesting.

—John Blake, in Chicago Daily News

# IOWA WANTS TO BE A LEADER IN PARKS

Many Prominent Americans Favored a Certain Tree and These Trees Are Now Honored.

(BY ASSOCIATED PRESS.)  
 DES MOINES, Iowa, Jan. 10.—How Iowa, generally considered a purely agricultural state, has won a place among the leading states of the nation in the field of park creation and development, was described today to the first National Conference on Parks by Dr. L. H. Pammel, chairman of the Iowa board of conservation. The address was planned to show how other states may plan similar work and was offered as the keynote of the conference.

With nearly a score of parks of various sizes already in existence, Dr. Pammel declared the Iowa board was working for the establishment of 25 more parks, each having probably 1,000 acres or more. It sought also, he said, the preservation for the public of the 70 lakes and lake shores in the state, creation of many "parklets" so that every county would have at least one such retreat place, protection of plant life, and prohibition of plant life, and the linking together of all these beauty spots by adequate highways.

The Iowa state board of conservation was established by the legislature with an annual appropriation of \$50,000 applied from hunters' license fees, Dr. Pammel said. The appropriation was amended to include the

annual appropriation \$100,000 and in addition any portion of the fish and game protection fund not needed for the state fish and game department. The board also was given, jointly with the state's executive council, to which are referred all of the board's recommendations, entire charge of the Iowa lakes.

The first work undertaken was a survey of the state to find out what areas should be preserved for recreation, scenic, scientific or historic reasons. Enthusiastic cooperation was met from citizens, who in numerous instances contributed liberally to the initial cost of the parks which have been established. Dr. Pammel said. This policy was encouraged by the board which felt that 75 per cent of the value of a park accrued to the benefit of the local community.

One of the most interesting phases of the board's work, Dr. Pammel remarked, has been the effort to find and preserve some original parks to show what the great middle west was like in the days of '49.

In discussing state park policies, Dr. Pammel said Iowa's experience showed that parkable areas would be acquired outright and kept in their original condition as far as possible, only sufficient building being undertaken to enable the public to use the parks with comfort. Highways to parks were declared essential, but within them only trails should be constructed, he said.

The government, cities should be given credit for their share of the cost of the parks, he said.

very bright the sun of the trembling child who had brought back the baby's picture which meant bringing a new desire to live in his mother, Paul. 'Come, my dear,' he said at length, riding, 'I want to talk to you. She'll sleep a long time, perhaps until morning.' 'She'll get well, huh?' demanded Tomahel in a whisper. 'Surely,' he responded. 'Of course.' The thought of her father coming home drunk flashed across the girl's mind. 'I don't want you to stay if she's all right,' she said with a backward bend of her head. 'You said she'd get well, didn't you?' At the doctor's affirmative nod she went on: 'Then I'll take you back up the hill, so you'll be safe.' 'No,' said Pendelhaven, firmly. 'No, I won't let you. I can find my way all right, but I can't leave you like this.'

Tomahel extended her hand. 'I said I was going with you,' she answered crisply. 'Come on, I'll be all hours before you get home now. I ain't say I would love to have you in the Perry Park with mummy and me, but you might get killed if you stay.' 'And what about you?' demanded Pendelhaven. 'Oh, I'm used to it,' she responded. 'Somebody might give me a swat or two on my head, but that won't count for nothing.' When they reached the boulevard he dropped her hand. 'Now go back,' he said gently. 'I can find my way. Will you come to-morrow at two, and I'll know how she gets on when I come down.'

AUTO OWNERS! Now is the time to begin to think of Winter Repair. OUR SERVICE GUARANTEED Harry Nead 318 Stephenson Ave. Phone 837W

The Following Letter Has Been Received by L. K. EDWARDS December 29, 1920. Several inquiries have recently come to us concerning the likelihood of another reduction in the price of our cars, and as these inquiries no doubt emanate from prospective purchasers, we want to state again with greater emphasis that Ford cars are already being sold at a figure actually below cost, and for an indefinite period another reduction or change in design is entirely out of the question and not at all contemplated. We believe the public will be fair enough to fully appreciate the frankness of the above when they consider the extent of our recent price cut, which was, in fact, the equivalent of several reductions in one, in our desire to contribute toward satisfying their demands for lower living costs notwithstanding our sacrifice in marketing our cars at a loss until we are able to materially reduce present costs through lower material prices and greater manufacturing efficiency. While we have of course made some progress in bringing down operative costs, we still have a long way to go before any thought can be given to further reductions in car prices; so we have no hesitancy in making these open statements to acquaint you with the true situation. You can therefore give assurance to prospective purchasers of Ford cars that now is their real opportunity to buy below cost and obtain delivery. Everyone is familiar with the heavy demand for Ford cars in the Spring, and this year will be no exception, as in spite of conditions, business is already rapidly accumulating, so that many who desire Ford cars will be obliged to wait perhaps until mid-summer for delivery, causing considerable inconvenience and possibly financial loss, particularly to commercial customers. Yours We expect you to protect the interests of prospective buyers in your community by placing these facts before them. Yours very truly, FORD MOTOR COMPANY

Why Keep Advertising "Things are slow this time of the year; why should I advertise now?" is the question a man asked me one day last week. That man has driven an automobile. He knows that you can't start an automobile on high. First, you get the engine going; then you "put her in low." When she's moving a little faster, you change her to second speed and finally, when the wheels are going round at a pretty good clip, you shift into high. Why is this? Because an automobile is a heavy load, weighing thousands of pounds. It takes time and lots of power to get that big piece of metal started and rolling along smoothly and rapidly. You can't start an automobile right off at sixty miles an hour. In the same way you can't advertise today and have the orders tomorrow evening. People don't do business that way. You have to tell them what you want to sell and keep on telling them many times over to get their orders. Some people are harder to start than automobiles and they move more slowly. Some Mirror readers are just as anxious to buy your goods as you are to sell them. But they don't know about 'em. Tell them what you have got. Start it at once. Tell them facts in your advertisement every day and when they are buying—YOU'LL GET YOURS. Escanaba Daily Mirror

Things Change Rapidly in the Stores These Days
NEW THINGS ARE COMING IN ALL THE TIME. TO BUY INTELLIGENTLY, YOU MUST KNOW NOT ONLY THE GOODS, THE STYLES, THE VARIETIES, THE PRICES AND THE LIKE, BUT YOU MUST KNOW WHERE THE GOODS ARE TO BE HAD.
The one sure way to keep up with the times is to be a regular reader of the advertisements in your paper. They are full of suggestions. Often your eye will catch the very article you need, at an advantageous price—or something new to you, something out of the ordinary that will be helpful to you. If you don't buy today, you will tomorrow. You are not wasting your time when you are learning to know goods and how to talk knowingly to the clerks and salespeople.
Reading the advertisements makes you a posted buyer—an up-to-date buyer.

POPULAR VOTE FOR PRESIDENT SHOWS A WONDERFUL GAIN

Interesting Comparisons Are Made From Figures Compiled by Associated Press.

BY ASSOCIATED PRESS. NEW YORK, Jan. 10.—Increasing popularity of the Republican ticket in the 1920 presidential election is shown by a comparison of the popular vote in various states election returns, compiled by the Associated Press and made public here today. They show a total popular vote of 2,500,000 for the candidates of the Republican ticket as compared with 1,500,000 for the candidates of the Democratic ticket. The returns from Tennessee show an unusual showing for the Republican ticket. In 1916, the Republican ticket was defeated by 90,000 votes. Four years ago President Wilson's popularity was 91,000 votes in 1916. In 1920, the Republican ticket was elected by 100,000 votes. In 1916, the Republican ticket was elected by 100,000 votes. In 1920, the Republican ticket was elected by 100,000 votes.

The Invisible Guest

To save these children is a true obligation on every American family. Let each home take at least one starving child as its invisible guest at the Christmas table.—Herbert Hoover.

100,000 LIVES IS MICHIGAN QUOTA OF HOOVER FUND

STATE LEADERS IN GREAT "SAVE A LIFE" CAMPAIGN. Acceptances had reached the state committee of the Hoover Relief Fund Campaign for \$3,000,000, to feed 3,500,000 starving children of Europe from nearly 20 countries in the state when the drive opened Sunday. The remaining counties are being organized as rapidly as possible and are expected to raise their full quota before the campaign ends Dec. 31. Michigan's quota of the great mercy fund is \$1,000,000 or 100,000 lives. Of this amount Detroit and Wayne County are assigned \$500,000 and the rest of the state \$500,000. Each county has been provided with "Save a Life" certificates, issued in one, five and ten dollar denominations. It is expected that every family will purchase one or more of these certificates and take the children represented by their purchases into their homes as "invisible guests" at the Christmas or New Year's dinner. The counties which have completed their organization and the chairman of each is as follows: Allegan—O. S. Cross, Allegan. Alger—Nathaniel Lobb, Munising. Alpena—H. E. Fletcher, Alpena. Antrim—Rev. R. C. Parshall, Ball Lake. Barry—Dr. A. W. Woodhorne, Hastings. Bay—E. A. Bondfield, Bay City. Branch—Chas. U. Channing, Coldwater. Calhoun—W. J. Smith, Battle Creek. Charlevoix—J. M. FISH MARKET TAKES SLUMP; PRICES DOWN

People Are Eating Less Sea Foods Than Formerly.

Market for Canned Fish Has Fallen Off, According to Report Fish Bureau.

(BY ASSOCIATED PRESS) WASHINGTON, Jan. 10.—Production and consumption of fishery products, stimulated and encouraged by governmental and other agencies as a war measure, have shown a decided slump, according to the Bureau of Fisheries. A large under-consumption of fish, advancing prices of labor and materials and a curtailment in the export trade, the report says, have placed the fisherman in a serious situation. As the majority of fishermen are small individual producers, who have exposed their lives to their fishing, exposed to unusual hardships and dangers, with little or no training for a change of livelihood, the Bureau of Fisheries says it is important that some measure of relief be afforded them. It is endeavoring to render its industry such aid as it can with the exceedingly limited funds as its disposal. Production of fish in the first ten months of 1920 showed a falling off of more than 10,000,000 pounds according to the bureau. Many of the large New England trawlers have been tied up for lack of proper markets and production of trawlers on the Gulf coast has been reduced by lack of demand in American markets. These are representative of the conditions to day in the fisheries of the entire country, the Bureau of Fisheries says. Four hundred and twenty four separate issues were traded in on the New York Stock Exchange Thursday, a new high record.

BENEFITS IN DISGUISE

"This house is rather old, isn't it?" said the prospective tenant. "Oh, no," assured the real estate agent. "This house is comparatively modern." "But these stairs creak terribly," complained the prospective tenant. "Oh," explained the agent, "that is the latest modern improvement in homes. That is a poetry burglar alarm staircase. No burglar can get up to the bedroom floor without waking you up." Her Restful Presence. "Our waitress has an interesting face." "Umph." "I'd like to know the history of her life." "I'm not interested in the dancer's career previous to the time she came into this place for a bite to eat, but I've noticed that her life for the past twenty minutes has been one of haughty repose."

E. L. SCHOU

Masseur 609 Ludington St. (Over Haurahan Bros. Store) Escanaba Michigan. WOMAN'S CASE AMAZES ESCANABA. A business man's wife could not sew or read without sharp pains in her eyes. For years her eyes were red and weak. Finally she tried simple witchhazel, camphor hydrastis, etc. as mixed in Lavoptik eye wash. The result produced by a single bottle amazed everyone. We guarantee a small bottle Lavoptik will help ANY CASE weak, strained or inflamed eyes. Aluminum eye cup FREE. Ellsworth's Drug Store.

CHILDREN OF FAMINE LANDS ARE WRINKLED DWARFS

In the famine lands of Eastern and Central Europe there are few children this Christmas tide. In their places are strange, wrinkled little creatures with dwarfed and distorted bodies, from whom the last semblance of childhood has vanished. The sum of \$3,000,000 is asked as America's Christmas gift to these unfortunate—\$23,000,000 to continue public feeding stations for 3,500,000 of the most tragical, undernourished, \$10,000,000 for immediate medical care for at least 7,000,000. A dollar in American money will furnish a starving child one meal a day for a month. Contributions should be turned over to the local committee now being formed in all parts of the country, or sent to Franklin K. Lane, Treasurer, 42 Broadway, New York City.

Hoover Sure of Success

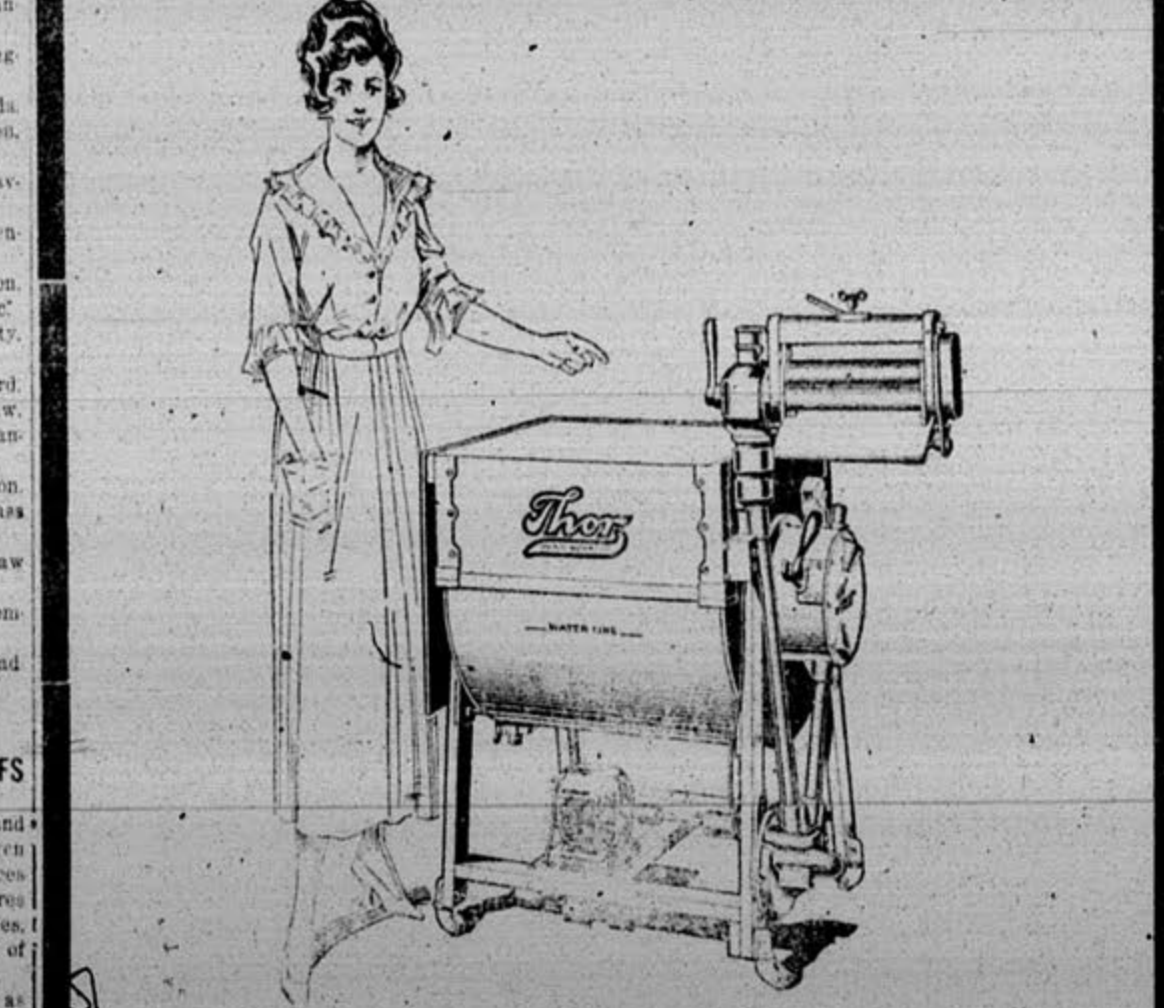

Herbert Hoover, national chairman, is so confident that Americans great and small will hold out a helping hand, that he has ordered food supplies on credit that the shipping may not be interrupted. Should there be a lapse in the forwarding of supplies, hundreds of thousands of children who have no other food than the meal at the feeding station would die. Should the arm of America be shortened by selfishness or indifference a catastrophe unparalleled in the history of the world would fall upon Europe.

Someone's necessity—as indicated in a classified ad—is probably your opportunity.

READ WHY!

Many people, just like yourself, wonder why the dealer does not advertise THOR Washing Machines as much as other dealers advertise their machines. They cannot understand why there should be more THORS sold and used; but the reason is simple if you just think it over.

HERE IS THE REASON: THOR Washing Machines are so nationally known and so popular everywhere that they need no advertising. Every proud possessor of a THOR tells her neighbor of its wonderful merit and in this way THORS are leading them all.

The THOR is the Old Stand-By; the first and only Washing Machine ever put on the market. For self-protection demand a THOR Swing Wringer.
