

IRELAND ANXIOUS OVER MEETING HELD TODAY

FAR EAST IS TO BE DISCUSSED WITH THE U. S.

Conference Between United States, China and Great Britain.

Lloyd George Is Reticent Until He Has Heard from America on the Anglo-Japanese Subject.

LONDON, July 8.—Great Britain, it was said here today in a quiet way, is fully prepared to furnish information, in order to have made over to the United States, Japan and China on the possibility of a conference to discuss the whole eastern situation.

TENTATIVE DRAFT OF GERMAN PEACE IS UP TO CABINET

Difference of Opinion in Regard to Proclamation Halts Plans.

WASHINGTON, July 8.—A tentative draft of the proclamation of the state of peace with Germany and Austria was taken to the cabinet meeting today by Attorney General Daugherty, but it was indicated afterwards that the document might not be ready for the president's signature before next week.

LABOR LEADERS ARE FINED AND SENT TO JAIL

COLUMBIUS, Kan., July 8.—Alexander Howatt and Albert Dereby, president and vice president of the Kansas Miners' union, were sentenced to spend six months in jail and pay a fine of \$50 each by Judge Frank W. Ross in the Cherokee county district court today.

Book Written by E. M. Ross Accepted by U. S. Government

Edward M. Ross of the "Empire" was notified yesterday that the first edition of "United States Government Citizenship Test" of which he is the author will be off the press July 15.

BRISCOE TEAM WINS A 3 TO 0 TILT THURSDAY

Local Fans say Bourke's Team Played Big League Ball Yesterday Afternoon at South Park.

ESCANABA baseball fans, it was noted, were in a state of excitement over the game yesterday afternoon between Hank Gimstead's circus motors and Ernie Bourke's circus warriors.

After ten straight innings of airtight baseball without either side changing up a single score during which the much-heralded Briscoe clan were shaking in their shoes, the crack Jacksons, Mich., nine batted their way to a 3 to 0 victory in the first half of the eleventh and last inning.

After one Briscoe man was safely on first base in the first of the eleventh, the Briscoe bats popped two safe and rocky hits between the catcher and pitcher and filled the bases, followed by a mighty whop of the bat, bringing in the three men on bases, telling to brief the story of how Escanaba went down to an ignominious defeat, fighting to the last ditch against the best band of home-lock swingers that ever crossed home plate at the South Park.

Eddie Schwartz, as did every man wearing an Escanaba uniform, stood feebly all thru the game before the husky Briscoe giant batters. On the mound before him, professional baseball players, who could play nothing but good ball pitched like he never pitched before.

The support given Schwartz at all times could not have been better, every man was on the job, only one error being chalked up against the locals and in the mind of the fans the local player who made the error was without fault as the speeder rounder moved for a hit, suddenly struck a rut and bounded clear over his head.

Tommy Desler's distinguished himself by his wonderful holding. He was credited with seven putouts, all but one of them being still chances. Tommy was given a continuous round of applause by the fans after he had speared a number of almost impossible drives in the center garden and close to the fence.

Thirteen Escanaba men were struck out by Rip Hozemann, the curly looking outfielder of the Briscoe team. The local boys were doing something not new but different in the hits and curves.

Up until the eleventh inning it was plain to see that Escanaba had the edge of the contest, even though the scoreboard showed nothing but runs, hits and errors.

Up until the eleventh inning only one Briscoe man was packed at third, but three of the local boys roared that sack.

Escanaba's most favorable chance to score came in the ninth when with only one down Terry managed to reach first and Bourke, who was the next batter up, landed out a safe one, bringing Terry in to third and Bourke to second. The long bawls Hagerman pulled himself out of the run, however, and whiffed Derowin and Bayle was put out on first.

Mr. and Mrs. Walter Scott motored here from Crystal Falls to spend a few days visit with friends.

ONE-HALF OF ONE PER CENT FOURTH

MUNISING COMING TO PLAY BRISCOE TEAM ON MONDAY

Proceeds of Game Will Go to the Escanaba Girl Scouts After All Bills Are Paid.

Arrangements were made several days ago for a football game to be played on the local diamond next Monday between the fast Munising Motors and the Manistig team.

The following is a clipping taken from a Manitowish newspaper giving an account of the football game and the way the Munising fans will turn out.

Arrangements were completed on Wednesday whereby the Manistig baseball team will play the Briscoe Motors on the Escanaba diamond Monday, July 11th.

The Manistig team has been invited to play an exhibition game with the all-star motor crew for the reason that it is considered to be the fastest ball team on the peninsula and the one organization capable of holding the champions' note.

Manager Shaffer and Captain Gentry of the Manistig team will get their boys through a drill period at prep work and practice for the coming game. They say the team is in the best of form and that when they play the Briscoes they will be lined up and primed for the hardest contest of the season.

When it is considered at the outset that the all-stars have the edge on Manistig in this section and that but few of the P. P. clubs will be able to put up anything but an even contest against them, the element of chance or the "break" as it is termed, makes it possible for a last team to win.

Manistig is going into the contest determined to put up the best game of the team's playing career and with a feeling that it has a fair chance of winning. Many local fans will accompany the team and witness the contest.

Mr. and Mrs. C. L. Gammour have returned from a motor trip to Houghton.

LOCAL YOUNG MAN PAINFULLY HURT IN ODD ACCIDENT

Joseph Rudden, North Escanaba Boy, Taken to St. Francis Hospital in a Serious Condition Wednesday.

Joseph Rudden, of North Escanaba, was painfully injured late Wednesday afternoon while riding his bicycle on the main highway through the town of North Escanaba.

His finger was badly smashed and he fell under the wheels of the truck, which ran completely over his left leg. The latter is badly swollen and is being treated at the hospital.

Michigan Will Grade Resorts for the Tourists

It will be possible during the remainder of the summer for tourists and business to pack their stopping places, including the hotels, in a classification as to health, bathing facilities, bathing, smoking, and other amenities, and a list of other things of many other things.

The state health department has sent a traveling laboratory crew to make the rounds of the resorts. When the junk has been completed, the report will be printed and certified by the health department. Each resort or bathing establishment will be considered in giving the grades. The list will be made on the following basis: water, bath, and food supplies.

Some man living near the ball park saw what he believed to be a dense cloud of smoke coming from the ball park and grand stand, but in reality what he saw was nothing but a misty haze that carried an immense cloud of thick dust high in the air from the center of the park.

Mr. and Mrs. J. A. Gammour have returned from a motor trip to Houghton.

EVERYONE WANTS A CLEAN BATHING BEACH; DO YOU?

Campaign to Raise Enough Money to Clear Bathing Beach Will Be Started Today.

Attention! You, who have seen your knees scratched your elbows and arms on broken bottles and stubs of wood on the beach, and your feet on a hard log and stones, who cannot enjoy a swim in the lake if it had not been for above mentioned, will be called upon today by a committee of local young women to contribute one dollar to a fund to clear the beach.

The beach can be taken to a state of cleanliness and bearing a clean and healthful reputation for \$100. The work will be done in the month of composition.

Department Makes Two Calls During Severe Wind Storm

When the fire department's big truck was making a round on South Park to extinguish a fire in the ball park at 2 o'clock yesterday afternoon, the truck and ladder were from the same place.

Some man living near the ball park saw what he believed to be a dense cloud of smoke coming from the ball park and grand stand, but in reality what he saw was nothing but a misty haze that carried an immense cloud of thick dust high in the air from the center of the park.

Mr. and Mrs. J. A. Gammour have returned from a motor trip to Houghton.

Mr. and Mrs. J. A. Gammour have returned from a motor trip to Houghton.

P. F. Geniesse Leaves to Attend Convention

P. F. Geniesse, representing the Escanaba Elks, has left for Milwaukee, Wis., enroute to Los Angeles, Cal., where he will attend the national annual convention of the B. P. O. E. lodge at Milwaukee.

'PEGGY' JOYCE GETS MONTHLY SUM OF \$1350

Also Is Allowed \$4000 for Expenses and Attorney Fees.

All my I got Temp. until Final Hearing, Next September; Husband Not Worth \$10,000.

CHICAGO, July 8.—Peggy Joyce, a divorcee, has been awarded \$1350 a month and \$4000 for expenses and attorney fees, by Judge Sweeney in the Superior court today.

Mr. Joyce in his cross-examination asked for alimony for three months and attorney fees of \$4000, which he proposed to pay in installments.

Mr. Joyce's lawyer, J. J. Joyce, said that he had been married to his wife for 12 years and that she had been unfaithful to him.

Mr. Joyce's lawyer, J. J. Joyce, said that he had been married to his wife for 12 years and that she had been unfaithful to him.

DE VALERA AND UNIONISTS ARE IN CONFERENCE

Crowds Pray and Sing About the Mansion House During the Meeting.

Lord Mayor O'Neill Welcomes Visitors; No Police or Militia Present to Control Crowds.

DUBLIN, Ireland, July 8.—The conference between Irish republicans and Southern unionists called by Eamon de Valera the republican leader, which started in Dublin on July 4th, was resumed here today.

The personnel of the conference was the same as that of Monday—Eamon de Valera, Arthur Griffith, founder of the Sinn Fein, and four southern unionists: Barn Mullaney, Sir Maurice Dockrill, Sir Robert Henry Wood and Sir Andrew Jameson.

Mr. de Valera was the first to arrive and he was loudly cheered as he entered the other conference room which he reached by the large crowd which had gathered about the Mansion House where the conference was held.

Lord Mayor O'Neill welcomed the delegates who began their deliberations immediately. As the conference was resumed the crowd in the street at frequent intervals roared the "God Save the King" while other bands played the national anthem.

An interesting feature was the presence of both the police and the militia. Only two policemen were in evidence and the crowd of 100000 regulated their movements in a most orderly manner. In their own minds, Irish republicans were a lot of big vocalists and at intervals, as the people waited for the news-deliberations, small processions were organized and paraded about the town neighborhood.

At 1:30 o'clock this afternoon the conference adjourned and the four delegates announced that the meeting had adjourned until 1:30 p. m. The crowd again broke into song and the de Valera and Mr. O'Neill returned to the Mansion House.

Young Man Injured Yesterday When His Car Suddenly Stops

Six-year-old son of the victim of one of the young man's friends was badly shaken up and injured in an automobile accident at Ford River yesterday. According to the report the car in which he was riding jumped to the side of the road after striking a rut and stopped suddenly, throwing young Sevier, heavily on against the side of the car and leaving him.

Young Sevier's injuries are only trifling, he will be confined to his home for a number of days. Young Sevier is from Milwaukee, but came to this city to visit with his parents.

Engineer Killed; Engine Blows Up

EL PASO, Texas, July 8.—William Johnson was murdered and thrown from his train and after four miles of uncontrolled speeding, the boiler of the engine of the freight train blew up, instantly killing Fireman James Robertson, of Dallas, is the report which was received at the local office of the Galveston, Harrisburg and San Antonio railroad.

The train was wrecked ten miles west of Alpine, Texas. No particulars as to how the accident happened to still be on the train after the engineer has been murdered were given in the report.

Former Escanaba Family Comes for a Visit in the City

Mr. and Mrs. T. A. Cleary, of Houghton, and formerly of Escanaba, arrived in the city yesterday to spend a few days visiting with friends and relatives. Their two children, Clyde and Miss Dorothy, accompanying them on their visit here. Mr. Cleary was well known in Escanaba as a member of the Continental Clothing Co. and a member of the city's first fire department. He was also a member of the city's first fire department.

Sailor and Marine Bonus Blanks Here

An additional supply of marine, sailor and soldier bonus blanks has been received here by the post office.

Necessary applications for officers in the military or naval service have not yet arrived.

MORE SCHOOLS MUST BE OPEN TO FOREIGNERS

Even Foreigners of Mature Years Should Be Compelled to Attend.

DES MOINES, Iowa, July 8.—Illiterates and foreigners, whatever age must not be exempted from school attendance if illiteracy is to be eliminated and Americanization advanced, J. M. Gwinn, superintendent of schools at New Orleans, La., said here today at a general session of the National Education Association. Continuous education of all up to approximately 25 years, Dr. Gwinn held essential for citizenship training. "Ways and means must be established for a continuous survey showing those present in the community

who are illiterates and foreign and not trained for citizenship," he said. "The city schools and the whole industrial, commercial and civic life of the community must cooperate to secure these objectives. The qualities of a great citizen must be made clear and all who have to do with making ideals, teachers, priests, clergymen, etc., should be required to come up to the standard and be good American citizens. "Foreigners should not be permitted to teach an American ideal, civic and governmental—whether in press, pulpit or school-room. "All needed kinds of schools and classes must be operated day and night and all the year round all time and part-time."

The Dayton-Wright Airplane Company Are Applying for a Patent.

Great Claims Are Being Made as to the Ease with Which the Pilot May Make Landing.

DAYTON, O., July 8.—Years of effort to cut down the comparatively high cost of commercial aviation will be realized, officials of the Dayton-Wright Airplane Company believe, with the patenting of a new wing, invented by an employee of the company. Patents now are pending in Washington.

The wing will be controlled by the pilot and in coming to earth can be manipulated so that it will arch, much as a bird's wing, enabling a practical flying at various levels before alighting, it is stated. Pending no patents the company is discussing nothing further regarding the nature of the invention.

The new wing, according to Colonel V. T. Clark, chief engineer of the company, will make possible a reduction in cost by increasing the carrying capacity of any plane upon which it is installed by more than 200 per cent.

This will be accomplished, Clark said, by increasing the lift coefficient 50 per cent.

It is singular that the invention was practically completed by a co-worker of the Wright brothers, J. M. Jacobs, an employee of the Dayton-Wright Company for 32 years. He spent several months working on plans for the wing. The invention was completed under the direction of Col. Clark.

Officials of the Dayton-Wright Company expect it to revolutionize commercial flying. In addition to increasing the carrying capacity of a plane, the wing, Col. Clark said, will make it possible to decrease the landing speed by 30 per cent. It is estimated that it will increase the flying speed by 25 per cent, carrying the same load.

Most of the danger of landing will be eliminated, he said, and a pilot will be enabled to land safely in a small field, now one of the most difficult things to accomplish in cross-country flying.

Advantages of the improvement, Clark pointed out, may be taken in conditions adverse and as the pilot sees them.

Another saving that should be realized in the present year, he added, is that landing fields will not have to be so large. For instance, the same size as with ordinary wings, a plane will get into a field one-fourth as large. It may be pointed out, he pointed out, that better pilots, to establish a new field.

Increasing the carrying capacity of a plane will be accomplished, Clark said, by adding to the lift coefficient of the wing by the use of the new wing. The new wing will give more lift and will be able to carry a heavier load.

A pilot, but ordinarily, has a time of 1000 pounds of fuel and load. The new wing will take 1500 pounds.

They are desirous of giving the wing a high lift of loading and carrying capacity, used in flight.

The lifting and carrying capacity of the wing is increased by the use of the new wing. The new wing will give more lift and will be able to carry a heavier load.

It is estimated that the new wing will give more lift and will be able to carry a heavier load.

Hot Water Each Morning Puts Roses in Your Cheeks

Hot water each morning puts roses in your cheeks. It is a simple, natural, and effective way to improve your complexion. The heat of the water opens the pores of the skin, allowing it to breathe and get rid of impurities. This results in a clearer, more radiant complexion. It is especially beneficial for those with dry or sensitive skin. Just a few minutes each morning will make a noticeable difference in the way you look.

AMERICAN LEGION PLAN GREAT MEET IN MIDDLE WEST

National Convention Will Be Held in Kansas City in October.

KANSAS CITY, Mo., July 8.—The stage is being set in Kansas City for the largest national convention the American Legion has ever seen when the veterans of the A. E. F. assemble here Oct. 31.

Cowpunchers from Montana arrayed in "chaps" and "sombros" will dash thru the streets on cowponies provided by the Grover Metzger post of the legion here, composed of local stockyard men. Airmen will perform

aerial stunts under the direction of the Kansas City Flying Club, which has posted prizes. Legionnaires from Iowa are scheduled to arrive in "side door Pullmans" bearing the familiar "40 hommes, 5 chevaux" legend, so well known to veterans of French troop trains.

Also, among those present will be President Harding, General John J. Pershing, late "C in C" of the A. E. F., Marshal Foch, and Admiral Sir David Beatty, hero of the battle of Jutland.

A delegation of fifty Legion men is scheduled to arrive from Canada and a similar contingent from Panama. Thirty-five hundred accredited delegates in all are expected. A much larger number, from the territory adjacent to Kansas City, will be on hand for the parade opening the three-day sessions.

Many towns in Missouri and Kansas have sent word that they will have large delegations down for the parade.

Fifty-four men, holders of the Congressional Medal of Honor, the high-

est decoration for bravery that the country bestows, will be invited to attend the convention with their wives as guests of honor, all expenses being paid by the legion.

It is planned to build a temporary track and run Pullman cars into the heart of the city, where they will be "parked" for the accommodation of delegates during their stay.

In addition to the American Legion convention, various divisional and unit reunions will be held at the same time. Members of organizations desiring to hold such reunions are being urged to communicate with the registration division of the legion convention here.

A War Department exhibit of war materials, used and captured, is also to be shown.

SOCIAL NOTES

EDHOLM-ANDERSON. The many friends of Miss Edith Edholm and Victor F. Anderson will be greatly pleased to learn that the marriage of that popular young couple will take place at 2 o'clock on Thursday afternoon, July 14, at the Swedish Evangelical Lutheran church. No formal invitations to attend the wedding will be sent out, but a general invitation to all the members of the church congregation and other friends of the bride and groom; to be extended.

Following the ceremony at the church a reception will be held at the home of Rev. and Mrs. C. A. Lund. The same evening the bridal couple will leave for a few days wedding trip. They will make their home at 112 So. Fifteenth street, where they will be at home after August 11.

Miss Edholm has made her home with her sister, Mrs. C. A. Lund, in this city for the past fifteen years. She has been organist at the Swedish Lutheran church for a number of years and she and her husband-to-be have been leaders in church work and social activities. Miss Edholm has a beautiful character, and, in all that term implies, is one of Escanaba's finest young women. The young man who will claim her as his bride, is, indeed, most fortunate.

Mr. Anderson is a member of the L. A. Erickson Clothing company, etc. He has a wide acquaintance and he is universally respected as one of the dearest and best young men.

A 500-card party will be given in St. Patrick's hall tonight by the Ladies Auxiliary of the Hibernians. The members of the auxiliary only, following the card games refreshments will be served. All auxiliary members are urged to attend.

The game ended in a shower of rain in the eleventh inning. Following the game Manager Hank Olinsted of the Briscoes, said that the game yesterday was the stiffest the team has so far met this season.

(Continued From Page One) fourth when Deroy tripled with a safe drive to the fence in the center garden, but Boyle failed to connect with Hagerman's curve and no score was made.

Merchants Slow to Reduce Prices. Italy. ROME, July 8.—The struggle between buyers and sellers still continues in Italy, as it goes to the heart of the Italian shoekeeper to reduce those prices which have made his for many other shoe-makers.

A large quantity of wool has been sent to Italy from Australia, and consequently the Italian woolen manufacturers find difficulty in disposing of their goods, and the woolen stuff now being produced for \$10 a yard. The shagwools, however, refuse to sell the cheaper material until they have exhausted all the means for better quality cloth which they have in their shops, and continue calmly to charge from \$100 to \$200 for a suit of clothes.

NEWSPAPERS IN RUSSIA ARE NOT BOASTING ABOUT SOVIET CONTROL

One Newspaper Tells of Poor Condition of a Model Farm.

(BY ASSOCIATED PRESS) RIVALS, Baltimore, July 8.—Those who have the idea that Bolshevik newspapers printed in Russia say only rosy things about the country could be disillusioned by perusal of the papers themselves. During the past four months, the principal Moscow and Petrograd newspapers have been steadily frank about some of the conditions that Communism has produced.

The Moscow EKONOMICH LAYK not long ago wrote the following description of conditions on one of the Communist "model" farms.

"The farm presented a picture of complete desolation. For years there have been no repairs. Windows are broken, walls are falling in, and some of the buildings are in ruins. Workers live in hovels, their rooms black from smoke. In one of the rooms there is a wall placed there in the first rain despite protests of women tenants."

"There are neither potatoes nor vegetables for the workers. In the winter no one has bothered to store them. People are starving, cattle are starving. In the rural districts, 42 persons of these six are afflicted."

The old program of the Bolshevik government called for an increase in the number of those "model" farms. The new program by which the peasants are given five years' tenure of their land, necessarily goes away with them.

No less frank were more recent admissions in the Moscow newspapers about the economic state of Russia, including some of which were stories in production less than six weeks ago.

Many Entertainment Features. At 12 noon, the first business session of the convention will begin in the Hotel Sutherland. John Moran, chairman of the national committee, will preside. Many Contests will deliver the address of welcome and the national officers of the two organizations will respond.

AID TO IRELAND IS AIM OF HIBERNIANS

National Convention to Open in Detroit July 19; 10,000 Visitors Expected.

The Irish situation, adoption of a national insurance plan and a new ritual and degree work are the principal subjects to be considered at the fifty-second national convention of the Ancient Order of Hibernians and the Ladies' Auxiliary which will open July 19 in Detroit.

James E. Deery, of Indianapolis, the national president, in a letter announcing the date of the convention, has this to say of the Irish situation: "2,500 Delegates Expected."

"The greatest question to be considered will be: 'How can the A. O. H. best help the Irish cause?' We must try to devise a plan that will influence the government at Washington to recognize immediately the Irish republic."

A local committee is in charge of arrangements for the convention. John Moran is chairman; James J. Dunn, secretary and James Dunn, treasurer.

It is expected that 2,500 delegates and at least 7,500 other visitors will arrive in Detroit on the date of the convention, Tuesday, July 19, at 10 o'clock, a pontifical high mass will be celebrated in St. Peter and St. Paul's parish church by the Right Rev. Michael J. Gallagher, D. D., bishop of Detroit and national chaplain of the Hibernians. The Very Rev. John Cavanaugh, of the Catholic University of America, Washington, D. C., former president of Notre Dame university and an orator of national-wide repute, will deliver the sermon, which will be the principal address of the convention.

Many Entertainment Features. At 12 noon, the first business session of the convention will begin in the Hotel Sutherland. John Moran, chairman of the national committee, will preside. Many Contests will deliver the address of welcome and the national officers of the two organizations will respond.

New York divisions under the name of "The Ancient Order of Hibernians of America." National conventions were held in New York City annually until 1878, and all of the national officers were chosen from New York and vicinity.

Bishop Gallagher is Chaplain. National officers of the Ancient Order of Hibernians are: President, James K. Dineen, Chicago; vice president, Richard D. O'Connell, Chicago; secretary, John J. Doyle, Montreal; treasurer, John J. O'Leary, Philadelphia; grand master, John J. O'Leary, Montreal; grand chaplain, the Right Rev. Michael J. Gallagher, D. D., Detroit.

President, Mrs. Mary F. McWhorter, Chicago; vice president, Mrs. Adeline Christy, Cleveland; secretary, Mrs. Susan McNamee, Chicago; treasurer, Margaret McNamee, Pittsburgh.

For the first time in 112 years an increase in membership will be reported at the convention. It is estimated that since 1909 there has been a decrease of some 40,000 in membership. The A. O. H. has divisions in 46 states and provinces, its membership comprising about 120,000 members. The auxiliary has 70,000 members. Residents of the United States and Canada are included in both organizations.

Of Ancient Origin. The Ancient Order of Hibernians traces its origin to those ancient Irish clans into which the people of Ireland were divided before the coming of St. Patrick. The first of the order was the military order of the Golden Collar, instituted by Monseigneur, king of Ireland, about 900 B. C.

In the sixth century, the knightly orders were consecrated to the service of the church, receiving the cross on their badge as defenders of religion.

In 1851, a charter was granted to the
