Many people use red pepper for relief from arthritis and other joint pains. It is a safe and effective remedy.

APPORTIONMENT OF STATE TAXS

Report Shows How the Upper Peninsula Counties Fare

The state tax apportionment report shows that the Upper Peninsula counties receive a fair share of state funds.

The report also shows that the Lower Peninsula counties receive a larger share of state funds.

This is due to the larger population and higher property values in the Lower Peninsula.

However, the Upper Peninsula counties are still able to maintain their infrastructure.

The state government is committed to providing equal services to all citizens.

The report is a positive reflection of the state's fiscal health.

It shows that the state is able to meet its obligations to its citizens.

The Upper Peninsula counties are proud of their share of state funds.

They are confident that they will continue to receive a fair share.

The state government is committed to transparency and accountability.

The report is available to the public. It is a good example of fiscal responsibility.

The state government is committed to the well-being of all its citizens.

The report is a testament to the state's fiscal strength.

The Upper Peninsula counties are grateful for the state's support.

The state government is committed to providing the best services possible.

The report is a reflection of the state's commitment to its citizens.

The state government is committed to a bright future for all.

The report is a positive sign for the state's future.
