## LEE Puncture Proof Tires

withstood this "Torture Test"

TO PROVE beyond question that Lee Puncture Proof Pneumatics live up to their name, a car equipped with four of these sturdy tires was subjected to the "Torture Test" pictured above.

The car, containing four men, was run repeatedly back and forth upon improvised tracks—two planks from which 5,000 thirty-penny nails protruded, points upward.

The tires used were not "special" in any way, and were not new—they had already delivered nearly 5,000 miles of non-puncture service.

Equipped with Lee Puncture Proof Pneumatics, your car can be driven anywhere and everywhere, without fear—protected by our cash-refund guarantee against puncture.

ILLINOIS-OHIO TO CLASH SATURDAY

Electric Scoreboard Will Be Used to Flash Score to Spectators

COLUMBUS, O., Nov. 18.—With the heavy drizzle of a strenuous season over and both teams tired to fighting pitch each determined to land in the win.

So great is the interest in the game and so appreciated the demand for tickets that an electric scoreboard will be used to give the crowd a clear opportunity to witness the game.

Ohio State looks to be a big favorite over Illinois based on the season's performance, but Ohio coaches and players have been discouraged by the fallowing argument.

That early season defeats were due to a combination of factors, to poor pitching and to lack of team spirit.

Only the initial contest between the Illinois-Ohio rivalry was scheduled for this season.

It is the hope of the Illinois fans that the electric scoreboard will be used to give the crowd a clear opportunity to witness the game.

With the electric scoreboard in use, the fans will be able to see the score at all times during the game.

REVOLUTION IN CHRISTIANITY IS COMING SHORTLY

California Churchman Advocates Christian Use and Control of Property

(By Associated Press) DENVER, Nov. 18.—A revolution in Christianity is coming shortly, according to a California churchman who advocates the Christian use and control of property.

The church, says the speaker, is not doing its duty in the present day. It is not using its property for the benefit of the community.

He says that the church should be a model of efficiency and that it should be able to do more for the community than it is doing now.

He says that the church should be a model of efficiency and that it should be able to do more for the community than it is doing now.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take tablespoonful of Seltz of Back, twice or thrice a day.

We are a nation of meat-eaters and our blood is filled with uric acids.

The kidneys do their work by filtering the blood and getting rid of the uric acids.

When your kidneys act badly, you will feel a pain in the back or the side.

Take Seltz of Back, a tablespoonful twice or thrice a day.

It will help you to get rid of the uric acids and keep your kidneys in good health.

FRIDAY, NOVEMBER 18, 1921

WOOD AND THE PHILIPPINE SENATE

News that the Philippine Senate has refused to confirm a number of important appointments made by Governor General Leonard Wood need not be taken as surprise. The senators have previously expressed their opposition to the governor's policy regarding the appointments and they say the delay is only a matter of time.

The Philippine senate, headed by Manuel Llanera, is very anxious to convert General Wood into a senator. The senators are in a hurry to get the governor's appointments confirmed so that they can proceed with their work.

In another matter, the senate has refused to confirm Wood's appointment of a general. The senators are concerned that the appointment is not in the best interests of the country.

AN ESTIMATE OF HUGHES

There is a certain amount of opinion among the people of this country as to the value of the services rendered by Mr. Hughes. It is generally believed that he has done much for the country.

Mr. Hughes has a great deal of respect for the people. He is a man of high character and has done much for the country. He is a man of high character and has done much for the country.

A WORTHY INVENTION

Some of the most important inventions of the present time are those which have been developed in the field of electricity. These inventions have done much for the world.

A complete history of the invention would probably show that it was the result of the work of many men. It was a worthy invention and has done much for the world.

RIGHT PROMISED WHERE LIGHT IS NEEDED

An official mission has just returned from the United States for the purpose of enlightening the people of this country regarding the Far East. The mission will also try to interest American business men in these countries.

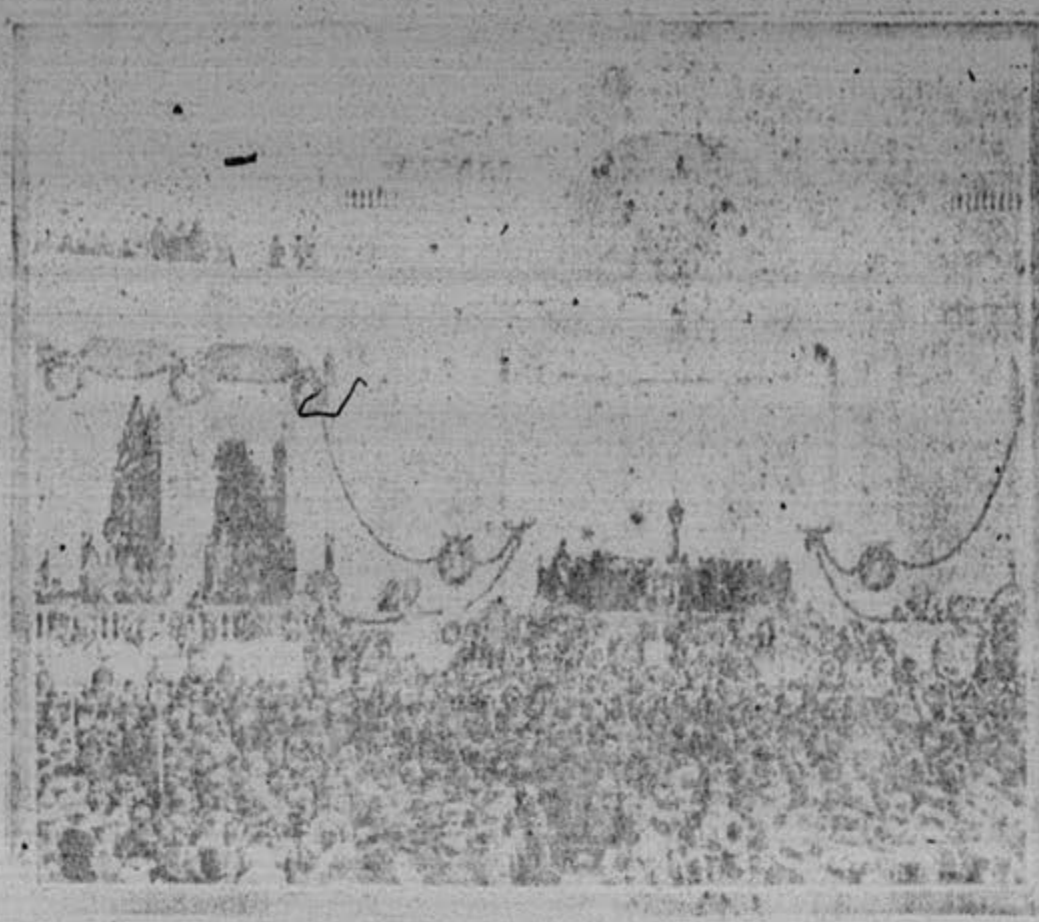

Clearly the declaration of the mission is that there is a region in the world that needs enlightening. It is a region where a government has been set up there which appears to be functioning to meet the purpose that the government of Russia has. It is a friendly regime with the Moscow government and it looks like it is a step toward enlightenment, but according to such reports as have been received the individual in Siberia is better off and has more rights and more freedom than the people in Russia enjoy.

It may be hoped that these enlightening reports will be confirmed and that it will be possible for the United States to hold out a friendly hand to Siberia for a stable and honest government in that region will go a long way toward settling a variety of troublesome problems in the Far East.

In one of these questions, and in every colony, occurs the inquiry, "What under the sky has it?" Being obliged to look down on the earth would seem to be a pretty good thing.

The man who tried to come (he was) marked every year at also in favor of a high duty on eggs.

Perhaps it is not premature to offer the regular annual

President Harding (indicated by star) delivering his address at Arlington.

The Girl a Horse and a Dog

By FRANCIS LYNDE

(Continued from yesterday)

"You are looking at me as if I were a piece of meat," said the girl. "I am not a piece of meat, I am a girl."

"I am not a piece of meat, I am a girl," she said. "I am not a piece of meat, I am a girl."

"I am not a piece of meat, I am a girl," she said. "I am not a piece of meat, I am a girl."

"I am not a piece of meat, I am a girl," she said. "I am not a piece of meat, I am a girl."

"I am not a piece of meat, I am a girl," she said. "I am not a piece of meat, I am a girl."

Then there was a flash. Then came the explosion. The girl was thrown into the air. She fell to the ground. She was hurt.

"I am not a piece of meat, I am a girl," she said. "I am not a piece of meat, I am a girl."

"I am not a piece of meat, I am a girl," she said. "I am not a piece of meat, I am a girl."

"I am not a piece of meat, I am a girl," she said. "I am not a piece of meat, I am a girl."

"I am not a piece of meat, I am a girl," she said. "I am not a piece of meat, I am a girl."

"I am not a piece of meat, I am a girl," she said. "I am not a piece of meat, I am a girl."

"I am not a piece of meat, I am a girl," she said. "I am not a piece of meat, I am a girl."

"I am not a piece of meat, I am a girl," she said. "I am not a piece of meat, I am a girl."

## Styles in Boston Attract Vehicle Drivers on Avenue

BOSTON, Nov. 18.—Automobile traffic congestion in fashionable shopping districts is more a matter of courtesy than of business, the police chief declared today. Drivers are urged to be courteous and to give way to pedestrians. The chief said that the police are not going to enforce the law strictly, but will only issue citations for those who are reckless. He said that the police are not going to enforce the law strictly, but will only issue citations for those who are reckless.
