SOLDIER BONUS SENT BACK TO A COMMITTEE

Legion Men Cannot Under-
stand Shifting Position.

Many Letters Received Opposing Measure and Many of
Them Bear a Strange
Similarity.

WASHINGTON, Feb. 20.—Support of the Bonus Bill and many letters were received today by the Legion leaders indicating the strong position of the anti-bonus men in the Senate. It was indicated that some committee would be appointed to go into a committee of a committee, awaiting further action.

Opponents of the bill say it is the place of the Legion to oppose it, and several others called a meeting of the Legionnaires yesterday.

General William Morris, commanding general of the National Guard, and many veterans and telegrams from returning veterans, were received by the Legion yesterday, while the representatives of the American Legion made public a telegram to the president from various commands asking that the bonus be no longer delayed.

MAJORITY OPINION

The Legion's opinion is the present proposal is unwise, but they do not oppose legislation, but rather the incoming legislation.

Commander Morris is participating in the debate, the regular members of the Legion are also involved, and the Legion has shown a similarity in turn.

Don't Understand Shifting

The Committee and the American Legion are in quite a bind concerning the shifting of the bill.

The new wags and name confusion of the committee was explained to the in the problem of bonuses for 80 days, much of the time, however, by reference to the consideration of the original Bonus Bill as proposed by the opposition.

New Officer Chosen by Boys Band at Big Meeting on Saturday

WASHINGTON, Feb. 20.—The House Republicans of the 66th Congress, who were interested in the Senate Finance Committee, and the House, to make an adjustment, were compelled to be present to the committee, the committee will be held today.

Couldn't Stand "Small Town"; Loses Hubby

LITTLEFIELD, PA.—After his wife, Edna, wouldn't stand the small town life, he left to get her parents to tell him. First, he got his mother, who wanted a divorce, and then he got his father to leave her, too. But that didn't stop him from getting his mother to leave him.

Norden Brothers' Hospital Patients

George Norden was operated on today for appendicitis at St. Francis Hospital and is recovering nicely. It is considered quite a coincidence that his brother, Louis J. Norden, was compelled to undergo a similar operation this morning and both are patients in the same hospital.

Washington, Feb. 20.—President
Hoover's proposal making for information
regarding the negotiation of the Post
Power Pact, stated it was im-
possible to furnish the requested in-
formation because most of the negotia-
tions were conducted without the
making of a record.

The president said it would be
convenient with public interest to
have the information regarding the
treaty negotiated but he de-
clined to have any concealed under-
lings or no secret exchanges of notes.

ANOTHER FIGHT TO MAKE FLYING TOUR OF BIG CITY
NEXT SPRING—The purpose of the flight will be to prove the safety of flying, it is confident that the semi-ridiculous flight is nothing. The striking photograph shows the Biplane arriving at Bolling Field, Washington, D. C., after a record flight through fierce gales from Langley Field, Virginia.

What Do You Think About It?

Should the city of Escanaba purchase the water front purchased by the Chamber of Commerce from the L. Stephenson Company Trustee, for an amount equal to its present valuation, and payable in ten equal installments?

This question in some form or other will be submitted to the electorate of Escanaba in the spring election.

The following are copies of letters which were written by pupils in English Classes as part of their English work in the schools:

Dear Sirs:
I am writing to you because I have just heard of the new dock and I would like to know what you think about it.

The taxes are much too high if the money raised for taxes is to pay a road to great benefit to us. The cost of the land amounts to \$100,000 in all, and it is to be used to tear down houses very valuable, the value of the houses and buildings would be greatly reduced in value.

The city is in debt now, we must be careful to see to it that a few taxes before we give up so much to the city.

As for the park, that would be a good idea. Something very nice thing I think would be much better.

Yours truly yours,
WARREN EDWARDS

Chamber of Commerce,
Escanaba, Mich.

My dear Sirs:
In regard to your question on this water front question, I would like to think you have done the right thing. Now if anything happens to Escanaba needs a dock. Please consider every man in Escanaba would like to have a nice place where the large ships land. We do not know how badly we need a dock and if it is not built, the value of Escanaba would never get to that.

Now if we could only think back our taxes we would know that the

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at once when Back hurts or Bladder bothers—Meat forms urea acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms urea acid which clogs the kidney pores so they sluggish filter or strain only part of the waste and poison from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, diarrhea, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irritable of passage or attended by a sensation of scalding, get four ounces of Jad Salts from any reliable druggist and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acids of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and eliminate them to activity also to neutralize the acids to urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

LEADERS STAY IN TOP PLACES

Ford and Dodge Brothers Head List of Motor Car Manufacturers for 1921

Prudential Agents' table has changed since last year in the distribution of the top 100 automobile manufacturers, according to the figures produced by cars. It was 300 cars in 1920, 1900 made by Ford and Dodge Brothers second.

The total number of cars built during the year, according to the estimate published regularly by the Wall Street Journal, was 2,600,000, compared to 1,883,150 for 1920.

Comparative on the western division of the insurance industry, and prior to the close of the year, the popular News Bureau published an article which gave water-tight confirmation by Dodge Brothers.

Because it is privately owned, comparatively little in theory or finance ever appears in print concerning the activities of the Dodge brothers and organization of Detroit. Consequently, its speed and complete expansion can hardly be gauged. In general, its production this year and the statistics even in regard to cost of a new output, while making one of the most efficient bright spots of the industry, is not generally known outside of the trade.

Dodge Brothers in the third quarter of this year ranked next to Ford among the world's automobile producers, with a monthly shipment record of better than 100,000 cars, while not one hundred cars in October, an unusual achievement in this year of an extension and competition in the motor industry.

Considering that production in that quarter of the year was less than half as much from one division of the same period in 1920, and less than any single month subsequent production, that visibility is Dodge Brothers' approach. This record should end the year with a final output of between 1,000,000 and 1,200,000 cars, and probably hold its position as the leader of the industry 1924 to 1925. The meeting set by the Dodge brothers in their young company, should be the present management.

It is understood that Dodge Brothers finished the year with a total production of 2,600,000 vehicles, which is over 1,000,000 cars greater production than the best record compilation, but including Ford, rights, making good the News Bureau's prediction of Dodge Brothers' continued leadership.

Janice's Compliment.

The other evening Janice was watching her up-to-date grandmother dress for a ball. The child surveyed her grandmother from all angles as the dressing progressed.

Finally she said, "Ganny, you look just beautiful now."

As her grandmother helped her put on a gown trimmed with ruffles on which there were a few tails of the animal.

Janice looked the finished product over and exclaimed, "and now Ganny, you look just like a dog."

Myra's Birds.

The other day I heard a shrill, thin, clear voice and thought it must be a sparrow and partly because it was singing instead of chattering. It was a bird I have never seen before, a small bird.

In a few moments I saw it again, singing louder and louder and I realized it was a sparrow. However, it was a sparrow with a very different voice.

Daily Fashion Hint

GIRLS MEN MARRY

By Laurel Gray

Men marry judicious girls. Judicious girls are the kind that makes a chap feel a sense of relief. A judicious girl never flies at those ears and perhaps she has a pretty figure to prove it's natural to do just that. Judicious girls know how to make him look extra attractive. They have a way of making him toward a thought. A judicious girl knows what she wants and goes about getting it. She is a good judge of men. She is worth who understands the opposite sex on their own level. Judicious girls have more money, are at the upper level, than other types are not of the stronger sex. Men that they like are usually good.

RED PEPPER HEAT ENDS RHEUMATISM

Red Pepper Heat takes the "heat" out of stiff, aching joints. It does not burn raw, and it relieves pain that old rheumatism can't seem to.

When you are suffering so you've hardly got around past the Red Pepper Heat and you will have the quickness of life known. Nothing has such concentrated, penetrating heat and power. Just as soon as you apply Red Pepper Heat you will feel the tingling heat. It moves painless, it warms the sore spot through and through. Pain and stiffness are gone.

Ask any good druggist for a jar of Roxels Hot Pepper Heat. Be sure to get the genuine with the name "Roxels" on each package.

It costs a lot to live these days, more than in days of yore.

But when we come to think of it, it's worth a good deal more.

GOOD THINGS FOR THE TABLE

A few pieces of nicely smoked trout added to a potato salad give a flavor that is especially appealing.

Sweet Potatoes, Southern Style.—Cook the potatoes in their skins until soft. Cut them, after peeling, in rather thick slices and lay them in a greased baking dish, sprinkling with sugar and adding butter to each layer. Bake half an hour in a slow oven and serve from baking dish. Placing a marshmallow on top of each slice and letting it puff and brown, makes a more attractive dish.

Chestnut Dessert.—Take a pound of chestnuts, cut a slit across the top of each, then drop them into boiling water to cover, boil for five minutes, then peel them. Put two cupsfuls of hot water into a pan, add one cupful of sugar and the thinly pared-peeling from a lemon; bring to the boiling point and add the nuts and cook until tender. Take them out of the syrup, suspend them and rub through a sieve. Whisk one cupful of cream, add one-half teaspoonful of lemon extract, a little red coloring, the chestnut puree and enough of the syrup to sweeten. Heap in a pretty dish and serve with wafers.

Corn Pudding.—Open a can of corn and let it sit an hour before using. Beat three eggs, add a pint of rich milk, the corn, one tablespoonful of melted butter, salt, pepper, and one-half teaspoonful of mustard with three teaspoonsfuls of Worcestershire sauce. Cook until the mixture is firm.

Sponge Banana.—Cover the bottom of a baking dish with small sponge cakes, cover with a layer of banana, sprinkle with sugar and the juice of a lemon, add chopped nuts or coco nut and bake fifteen minutes. Serve with a mustard or chick cream.

Coffee Custard, Parisian.—Cook four tablespoonsfuls of coffee in a pint of milk five minutes, strain through a jelly bag; add the yolks of four eggs beaten, a cupful of sugar and cook until smooth and thick. Cool, add one-third of an ounce of softened gelatin and a pint of whipped cream. Stir and stand in a cold place for an hour before serving.
