"RAILS" SENDING OUT STRIKE BALLOTS

REPAIR WORK BASIS OF THE LATEST MOVE

Resent Companies' Method of Handling Work by Contract.
Claim It Is Mere Subterfuge to Avoid Ruling of United States Labor Board.

CHICAGO, April 22.—Great interest centering about the contract system employed by some of the railroads in handling repair work, has resulted in a vote for the distribution of strike ballots to the 500,000 members of the American Federation of Labor.

This department comprises the six federated shop crafts, and the Switchmen's Union of North America. Authorization of the strike ballot was voted at the sixth biennial convention of the department, which concludes its session here today. The vote to send out ballots, officers declared, is a counter move which is being made to crush the railroad organization completely.

Sentiment Is Solid
"If there is a strike, I feel sure our men will vote solidly for it. It will be in protest of the action of the railroads," said B. M. Jewell, president of the Railway Employees department.

Mere Subterfuge
"The railroads have reduced wages in defiance of the board," said Mr. Jewell, "and the piece work system has been restored and they have resorted to the farming out of work, which is a mere subterfuge by which they dodge labor board decisions."

Child Badly Hurt When Run Over by A St. Jacques Car
Rushed to Hospital and Surgeons Were Working Over Him at Late Hour This Afternoon.

Walter Koehler, 16 years old son of Jacob Koehler, 10th avenue north was knocked down and run over by an automobile on Hart-pett avenue about 3:30 this afternoon. The child was picked up in an unconscious condition and rushed to St. Francis hospital where surgeons were working over him at the time this paper went to press. The extent of his injuries had not been determined.

The car was driven by Willis Day of St. Jacques who explains that the boy was hanging on the back end of a drag in front of his car. Mr. Day says he honked his horn and the youngster dropped off and ran directly in front of the car, which had been slowed down to a speed of approximately five miles an hour. Police investigation develops that this must have been the case, and no speeding is alleged.

Freighter Fleet Hemmed in Ice; Colonial Missing

SARASOTA, Fla., April 22.—Progress of the fleet of freighters caught in the ice off White Fish point during the storm Thursday, still were blocked early today by heavy ice floes, according to a wireless message from one of the vessels. It is said that a shift of the wind will clear the ice.

BRYAN THRILLS BIG ESCANABA AUDIENCE BY HIS ELOQUENCE

Matchless Magic of Oratorical Art Holds Crowd Spell-bound for More Than Two Hours.

Before the largest audience ever crowded into the high school auditorium, Hon. William Jennings Bryan last night delivered a lecture on "The Needs of the World," which deserves an honored place beside what was generally being conceded to be one of the greatest efforts of oratory in history, his "Prince of Peace."

CHILD BADLY HURT WHEN RUN OVER BY A ST. JACQUES CAR

Rushed to Hospital and Surgeons Were Working Over Him at Late Hour This Afternoon.

Walter Koehler, 16 years old son of Jacob Koehler, 10th avenue north was knocked down and run over by an automobile on Hart-pett avenue about 3:30 this afternoon. The child was picked up in an unconscious condition and rushed to St. Francis hospital where surgeons were working over him at the time this paper went to press. The extent of his injuries had not been determined.

The car was driven by Willis Day of St. Jacques who explains that the boy was hanging on the back end of a drag in front of his car. Mr. Day says he honked his horn and the youngster dropped off and ran directly in front of the car, which had been slowed down to a speed of approximately five miles an hour. Police investigation develops that this must have been the case, and no speeding is alleged.

Chief Tolon says that Mr. Day cannot be charged with speeding and he believes the accident was unavoidable.

FIVE DEATHS IN HOSPITAL FOLLOW BLAST

Five Others Seriously Burned in Gasoline Station Fire.

(By Associated Press)
LOS ANGELES, April 22.—Five deaths were reported today in hospitals at Downey, near here as a result of the explosion yesterday morning of a gasoline tank and tank wagon while scores were fighting a fire in a gasoline filling station in Downey.

LAST CHAPTER IN CLEAN-UP IS WRITTEN

Kenosha County Attorney Gets Three Years at Hard Labor.

(By Associated Press)
KENOSHA, April 22.—The last chapter of the grand jury clean up in Kenosha county was written just before noon today when Peter Fisher, Jr., former district attorney of Kenosha county and prominent in Kenosha professional life, was sentenced to a term of three years of hard labor at the state prison in Waupun.

APRIL COURT TERM NETS A "FINE" SUM

Sentence of Two Moonshiners Friday Makes Total \$6,000.

Division of adjournment of court yesterday, Judge Flannigan administered severe lectures to two men and placed them on parole, which provides that they shall report at monthly intervals to the sheriff—Robert Mattson—is being held at the jail until Sheriff O'Brien can land a job for him and William Leonard, charged with carrying concealed weapons, will also have to make regular reports. Both had entered pleas of guilty. Matters were held in connection with the theft of some cigars from the Camble-Robinson Co.

FIND CHECKING STATIONS FOR THUG PISTOLS

N.Y. Police Arrest Convicts for Violation of Sullivan Law.

NEW YORK, April 22.—The checking business, which has made rapid strides with the opening of check rooms for babies and parking stations for heavy cars, has been broadened again.

Car Breaks Down But No One Is Injured

The axle of a Ford Sedan owned and driven by Joseph Schleik, broke as the car was being driven in the 700 block last night. Several friends were with the driver but no one was injured.

CHAMBER OF COMMERCE HAS BEST MEETING IN HISTORY AT LOCAL PYTHIAN HALL FRIDAY

Last night's Chamber of Commerce forum dinner in the Pythian hall was the greatest success ever achieved by that body in point of numbers and was in addition, one of the most notable gatherings ever held by a business organization in Delta county, by reason of the fact that men both state and nationally prominent were guests of honor for the evening.

The forum dinner was served promptly at 6 o'clock by the Woman's Relief Corps, every available inch of space being used to seat the diners, and several hundred persons being turned away by reason of the limited capacity of the hall.

In addition to Hon. Wm. Jennings Bryan, this country's most decorated candidate for the presidency, who, notwithstanding that fact has earned and maintained a place of almost equal importance in the public mind, were Maj. E. D. Rich, Michigan State Sanitary engineer, and Capt. T. R. Martin, of the Barrett Construction Co. of Chicago.

What Other Cities Do
Maj. Rich explained how some other cities with problems similar to Escanaba's were collecting this tax refuse in settling tanks, filtering it, thru coke and using the remainder for fuel in the gas plant or in connection with street repair work. He also urged the discontinuance of the practice of dumping the tar into the bay and the cleaning out of the slip where this is going on.

Streets Far Gone
Capt. Martin said he had investigated all of Escanaba's streets yesterday with a view to making recommendations and he found that the water board month street repairs and road building work could amount saved each year be depended upon to do any very extensive work.

French Delegation Protests to Genoa Conference Today

(By Associated Press)
GENOA, Italy, April 22.—The French delegation to the economic conference has submitted a protest against the recent German reply to the allied note to which the Germans stated they would refrain from discussing Russian questions submitted in the Russian-German treaty.

Police Recover Set of Auto Tires Taken Off Car Last Year

The police department today cleared up the theft of four automobile tires from John Haring's car here last summer, while the car was in the McEwen barn on Lower Ludington street. The car was stripped. Today the police ran across enough information to supplement what they had partially discovered last summer, to justify in gathering in the tires, which are now held at headquarters.

FLOOD WATERS NOW SUBSIDING IN FOX VALLEY

Situation Regarding As Most Reassuring in Week.

APPLETON, Wis., April 22.—With the flood situation in the Fox River valley the most assuring since its inception, the water continued to rise during the last 48 hours. A rise of approximately 2 inches was reported by A. M. Dier, superintendent of the United States Fox River improvement department with headquarters here.

Every week past by the banks of the Fox River has been reinforced, and the dams are holding admirably. Several large plants have been forced to suspend operations because of the high water.

JOHNSON ACCIDENT MORE SERIOUS THAN AT FIRST INDICATED

Former Escanaba Boy Is Still Alive in Waterloo Hospital But Condition Is Considered Critical.

The following information received today in the form of a newspaper clipping from the Waterloo, Iowa, Courier, will be of the deepest interest to Escanabans who have been waiting for details of the tribulations of a boy who was injured last Monday by Guy M. Johnson. The Courier of April 18 contains the following:

After two hours in the operating room, at 10 a. m. Johnson was too weak to have other injuries cared for. His right leg is broken in three places between ankle and knee and the hip badly hurt. Extent of internal injuries could not be determined.

COURT TERM IS ENDED FRIDAY AFTERNOON

The April term of circuit court came to a close here yesterday afternoon, Judge R. C. Flannigan declaring court adjourned immediately after a verdict for \$1,059.31 was directed for the State Savings Bank of Escanaba in its action against Elmer Bohlin. The case was started before a jury but the court took the case and directed a verdict. The plaintiff was represented by Attorney J. C. Baker and the defendant by H. R. Dotsch.

Lake Erie Herring Fry Planted Here by Hansen & Jensen

The Hansen & Jensen company yesterday planted 29 cans of Lake Erie herring fry in the bay near the Stoughton shore where the water is clear and shallow and there the baby fish will have opportunity to mature without much molestation from their larger brethren of the deeper waters. The Lake Erie Herring Fry deemed a very high grade fish and it is believed they will develop in splendid style in local waters.

STOP COLLINS FROM TALKING AT KILLARNEY

Held Up With Gun As He Alights From Train in City.

Men in Uniform and Carrying Machine Gun Back Up Refusal to Permit Him to Speak.

BELEFAST, IRELAND, April 22.—Mich. Collins upon his arrival this afternoon at Killarney to deliver an address was met outside the depot by an officer of the Irish Republican army and with a revolver warned him that he would not be allowed to speak until an incident in County Kerry, where the officer alleged one of his men was fired on, was cleared up.

Mr. Collins was accompanied by Commander John C. McKewen and proceeded to town whereupon the army officer ordered the troops surrounding the railroad hotel to surround the platform as well as the market place where Mr. Collins was to speak.

FAMOUS INN IS BURNED TODAY; RAIDED OFTEN

Chicago Loses Part of Its "Greenwich Village."

CHICAGO, April 22.—The Windy City's famous Greenwich Village, which has come into prominence thru police raids, was burned today. The dilapidated, unpainted, two story wood structure was situated on the edge of the "Gold Coast" residential section.

GAY & GUM She Made Sure of Getting Her Money's Worth By HY GAGE

RAINS INTERFERE WITH PLOWING NOW

General Outlook for Winter Wheat Is Considerably Improved According to Survey.

LANSING, Mich., April 22. The following report on farm crop conditions for the first half of April was issued today by Vernon H. Clark, statistician of the state-federal bureau of farm crop estimates. Plowing and preparation of ground for spring seeding has been interrupted during the past week by heavy rains. Weather conditions also have kept country roads in poor condition. The general outlook for winter wheat has improved during the last few days. Recent rains and warmer weather have started growth and many localities show uniformly good stands. Some damage is reported from localities where the land is rolling or where low spots have been covered with water long enough to kill the plants. The condition of rye generally is good, although late sown fields have made only a small growth to date. The condition of clover generally is good, although late sown fields have made only a small growth to date. Pastures and meadows are starting nicely and showing less winter injury than usual. Rains have settled the soil around the stalks, although there was less leaching than usual during the past winter. Cool weather has checked the advancement of fruit buds and prospects are favorable except in the southwestern counties, where tender fruits, in orchards away from the lake shore, were injured by cold weather during the winter. Rapid progress in seeding oats will be made in the next few days if the weather remains settled. There is much complaint of losses among young pigs. One of the causes assigned is that corn has been plentiful and leaping sows were fed too freely. In some instances a loss of fifty per cent or more was reported.

sold Tuesday. Less than \$150,000 was realized yesterday and today from the sale of great quantities of materials and more than 300 houses and factory buildings. More than 100 prospective buyers followed the auctioneer through Belleville all day, offering sums ranging from \$150 to \$1,000 for cottages and double houses. A score of these structures were purchased by the Mays Landing Power company, owners of a cotton mill here, and purchasers of the entire village site at \$15.50 an acre. Among the structures sold today for less than \$500 was the large theatre building, on which \$80,000 was to have been expended by the government. Work on this building was suspended when the armistice was signed. Salvage companies from Philadelphia and Baltimore were among the successful bidders, and the structures they purchased are to be knocked down for the lumber and iron they contain. The homes bought by the Mays Landing Power company will be used to house employees. The loading plant at Amato, 16 miles distant, on which the government expended \$22,000,000 will be sold at public auction within the next few weeks. Because of the proximity of this tract to the White Horse pike it is expected to bring far more at attractive prices.

COAL MERCHANTS HOLD ORGANIZATION LEGAL (By Associated Press) SAGINAW, Mich., April 22. That a combination to regulate the retail price of coal in Saginaw does not exist, and that the dealers' association is a perfectly legitimate organization, are the contentions of the dealers in an answer filed in circuit court to the proceedings started several months ago by prosecuting attorney R. L. Crane to dissolve the alleged combination. The answer is signed by the president and secretary and 21 others. They assert fuel prices in this city are fair.

22 U. P. MEN ARE OFFICERS IN 85TH

Roster of Commissioned Personnel Announced by Commander.
Twenty-two upper peninsula men are included in the list of commissioned personnel of the 85th Division prepared by Col. Thomas J. Powers, chief of staff, and Captain Thomas G. Cherry, division adjutant. There are 842 commissioned officers assigned to the various units in the division. Michigan is divided into four districts and each district is in command of a regular army officer with a staff of regular army clerks. The first district is in command of Colonel Earl W. Tanner, a son of Corporal Tanner of Civil War fame, whose headquarters is in Grand Rapids; the second district, Major Laurence W. Young, Saginaw; third district, Major A. D. Cowley, Lansing; and the fourth district, Colonel Thomas J. Powers, who is also chief of staff of the division. Most of the upper peninsula officers are assigned to the 327th Infantry and the 375th Engineers. The list is as follows: First Lt. T. J. Shober, Iron Mountain, 327th Infantry. Second Lt. Axel Markin, Manistique, 327th Infantry. Second Lt. H. M. Campbell, Escanaba, 327th Infantry. Second Lt. C. A. Tapio, Calumet, 327th Infantry. Second Lt. C. A. Jacobson, Wakefield, 327th Infantry. Second Lt. M. E. Simmons, Munising, 327th Infantry. Capt. Hugh Bronsahan, Menominee, 327th Infantry. Second Lt. C. F. Hamilton, Pickford, 319 Ammunition Train.

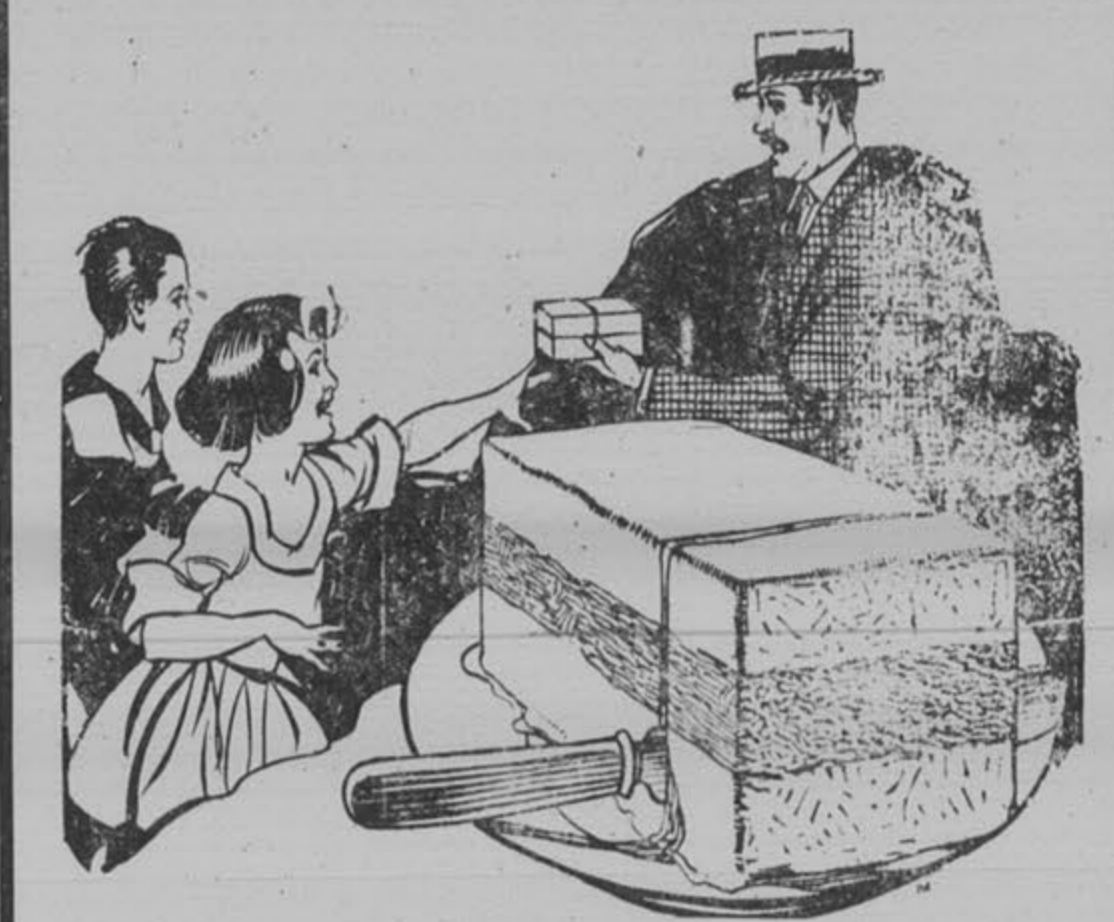

CAPITAL'S FIRST DEFENDERS MEET

Only Twenty-Five Left to Commemorate Events of Days Back in 1861.
POTTSVILLE, Pa., April 22. The first defenders of the national capital who rushed to the defense of Washington, D. C., April 18, 1861, when it was seriously threatened by invasion held their annual reunion this week. Five Pennsylvania companies made up the body of men who hurriedly rushed to Washington, at the request of President Lincoln, a total of 570 men but only 25 are living, and only half a dozen of these were physically able to attend Tuesday's meeting. That the claim of Massachusetts regiments to be the first to defend Washington is unfounded was shown by the official medals, worn by the veterans Tuesday, in which congress recognized the Pennsylvanians as the first to reach Washington. Nick Biddle, a Negro with the Pennsylvania men, was hit with a brick while the soldiers were on their way, and was the first soldier wounded in the great Civil war, which later claimed a million dead and wounded. The largest book in the world, an atlas in the British museum, weighs nearly a ton.

TOWN IS SOLD AT A LARGE LOSS

Belleville, N. J., Cost Government \$2,000,000; Goes for \$200,000.
(By Associated Press) MAYS LANDING, N. J., April 22. Of the \$2,000,000 expended at Belleville, the government-owned war village two miles from Mays Landing, less than \$200,000 had been realized when the auction sale conducted under the direction of the Philadelphia district salvage board for the last three days, came to a close this afternoon. The site of the war village, containing 5,000 acres, lost \$17,000 when

BEAUTIFY YOUR LAWN
Have Your Lawnmower Sharpened by Machinery—Make Mowing a Pleasure Instead of a Drudge.
This Is the Machine That Does It
It is a well known fact that owing to the peculiar shape of the blades it is next to impossible to sharpen a Lawn Mower with a file and many first-class Mowers have been ruined in the attempt. Your Mower ground with this machine will be sharp and stay sharp longer than the old style way which is usually done by inexperienced workmen with an emery wheel, file or emery dust, etc. While the emery dust method is a cheap one it is not desirable. The clearance of the cutting blade is reduced, making more surface in contact with the lower bar. As the edges become dull, the mower has to be adjusted very closely, so that it TEARS the grass instead of SHEARING it, at the same time making it run harder than ever. Next Time your Mower needs sharpening, bring it in or notify us, and we will make it cut so nicely that it will surprise you. YOUR MONEY BACK IF NOT SATISFACTORY

GOT ANY ODD JOBS?

Call Chamber of Commerce for Men Who Are Deserving and Need Work If You Are Doing Any Little Repair Jobs.

With the coming of spring, comes the necessity of doing repairing about the home, painting, varnishing, etc. Many men having families, some of whom are taxpayers in the city, are badly in need of work.

If the people of Escanaba have work of this kind which they would ordinarily do themselves, but because of the present emergency would be in a position to give the employment to some less fortunate, they are requested to call the Chamber of Commerce office. They will be glad to refer the work to the Employment Bureau which will then advise the deserving party to take the job.

SANE LEADERSHIP IS SALVATION OF THE MODERN GIRL.

Y. W. C. A. Told Some Things Which Seem Evident, But Which Are Hard to Concede.

(By Associated Press) **HOT SPRINGS, Ark., April 22**—The horizon of an intelligent girl of eight or nine is wider than that of the sawant of 1800. Mrs. Robert C. Spear of New York City, president of the national board of the Young Women's Christian Association, said in presenting the report of the board to the national convention of the association here today.

"Notions of girls derived from Louisa M. Alcott are out of date," she said.

"Girls are beset with complex interests; and Pandora's box of new emotions and experiences fills the air with thrills and stings for them. The sense of adventure, of something lost beyond the ranges, something calling for us, summons them out of the old highroad of custom. Unless they are led aright there may be weary years of wanderings in the wilderness.

No Greater Challenge. "There could be no greater challenge. We are interpreters of life for young women. The negative of Sinal no longer has power with a world where curiosity has displaced fear. Our place is not with the tables of stone, but with the followers of the Master who sat on a hillside in Galilee and told the listening crowd where the satisfactions of life are to be found.

"It was voted to adopt the social ideals of the churches, to use our resources in preparing women for responsible citizenship, and after studying social and economic conditions affecting women to see how these conditions could be helped by legislation, pledging ourselves to work for such legislation as might promote the welfare of young women.

"Our much criticized stand for social ideals has borne widespread fruit and has brought the indorsement of practical men and women as no other action we ever took. Contrary to widespread impression, it did not bring us financial loss. It has influenced popular opinion, and one finds in newspapers today, as commonplace, state ments that would have been regarded as dangerous three years ago. Ideas that had their germ in the social creed are now integral parts of the reports of merchants' associations and state chamber of commerce.

Where Girls Lead

"Science now reinforces what common sense has always said, that where the girls lead, the boys will follow, and the race in turn will grow. It was this commonplace of present day thinking that made the governmental authorities turn in 1917 to the Young Women's Christian Association as a woman's organization that could be entrusted with special responsibilities. The nation put millions into our hands not primarily to help the girls, but that the girls might not hinder the boys in their task. With 1919, the welfare of young women died out of the heart of the average American but abated zeal did not mean decreased need. Girls did not go back to the accustomed life at home.

"In addition to the fact that it has grown up since 1914, in years when older men and women were preoccupied with attempt to salvage civilization, this generation is the first to feel the impact of many new forces in the world's life.

"The camera and the illustrated paper have brought the world to the girl's door. The morning paper brings her the world's political and social. The movie with its crude lights and lines, tends to destroy the fine edge of imagination, or would if God had not made resilience one of the attributes of youth. Modern science pours into the lap of young people great stores of treasure, along with the alloy; why should they not want to try everything, explore all the avenues of life?

Be sure to get your book of coupons for every dollar you pay the collector when he comes to your home. You pay a dollar for your paper for two months, but you get the dollar back as soon as you spend a small amount of money in local stores.

MAN ADMITS SHOOTING TWO OFFICERS, CLAIM

(By Associated Press) **MARSHALL, Mich., April 21**—Reuben Johnson, of Albion, is said to have admitted to Prosecutor Cleary and Assistant Prosecutor Cortright, at the jail office, that he shot Deputy Sheriffs R. S. Scott, of this city, and George Dowsett, of Battle Creek, in Albion, Saturday, April 1.

He admitted, the prosecutor says, that he shot in the direction of Scott and Dowsett and that bullets from his .45 caliber pistol must have struck him. He said he thought some one shot at him first.

Johnson is held for trial at the May term of court. He has a wife, in Albion, to which place he came from the south two years ago.

BABY HURLED TO DEATH AS HORSE TEAM BOLTS

PORTLAND, Mich., April 21—Hurled from a wagon, overturned by a runaway team, Berlon Hummel, one-year-old son of Mrs. Marian Hummel, Chippewa township, had his neck broken and died instantly, close to Portland. His brother, Lenne, 4 years old, was injured slightly from the back. The mother sprained her left ankle when she fell from the wagon as the tongue broke while she was driving down hill. The mishap threw the children from the seat to the wagon box and caused the team to bolt. As they rounded the turn, the wagon tipped over, throwing the boys to the road.

\$29,000 RELIEF FUND IS SOUGHT FOR LEGION

LANSING, Mich., April 21—A request from the state welfare commission of the American Legion that \$5,000 be appropriated for assisting wives and children of disabled war veterans and \$24,000 to replace money already spent by the legion in aiding veterans, was received by the state administrative board. The commission asked that the appropriations be made from the state war preparedness fund. The matter was referred to a committee.

Builed Along Lines of Permanency

Merit wins. Twenty years is a long time. A great deed can happen. A mis-step often turns back the hands of achievement. Not infrequently disaster comes to snatch victory from the goal of success.

Day by day and step by step for twenty years the business of this Company has been moulded along lines of permanency thru consistently protecting and serving the people.

It has won a notable victory only because it has merited it—it has reached its twentieth anniversary this April because of the good will of the hundreds of thousands of people it serves well.

Girls' Gingham Dresses Affording Matchless Value

A Special Purchase! \$1.98 Sizes 7 to 14 Years

These colorful little dresses were made especially for young girl friends and cannot be secured elsewhere. Made of Ameskeag Gingham in plain colors and checks. The equal of these dresses will not be found elsewhere for the money.

Stylish Velour Capes Dame Fashion's Newest Decree

\$19.75

These Capes are the most recent idea of Milady for an outer-garment both stylish and practical for frequent occasions. They fulfill both requirements adequately. In a rich velour of reindeer or open, they are charming.

One of the chief features of these Capes are the new deep arm-holes with trimmings of contrasting colors and tassels. Then there are the new collar effects and other features, all of which develop a decidedly pleasing style. The garments are cut exceptionally full, permitting them to hang gracefully from the shoulders. See them and you will be delighted with them.

Wash Suits For Boys Smart Styles

Mothers and fathers know these little suits and we know them to be truly smart.

Pantie Suits Sizes 2 to 6

Child's Washable Frock

DRESSING the little girls of the family should show just as much thought and care as that expended upon big sister. Moreover, just as much individuality in design can be used.
Washable frocks now hold attention. Gingham, mull and voile are popular fabrics and hand embroidery continues to be in the very highest favor.
In the picture above Charlotte Jackson, the popular child actress, who has an important role in Thomas Meighan's latest Paramount picture, "The Bachelor Daddy," is shown wearing a white mull dress trimmed in baby Irish insertion and lace. A heavy ribbon sash sets off the dress and an added feature to this attractive outfit is the pretty mull hat trimmed in lace. This is a very suitable pattern for little girls of six or eight years old.

DATES AHEAD

Saturday—Old-Fashioned Dance, North Star Hall.
April 24—Woman's Club Dance, Coliseum.
April 25—Comic Operetta, High School.

Announcement!

We have just opened a Tire Repair and Vulcanizing Department. Our equipment is best to be had and we guarantee satisfaction.
This department will be in charge of E. W. McNally, formerly connected with the McNally Vulcanizing Company of this city.
Escanaba Motor Co.

Announcement

A Rochlitz Water Still is now installed at the Economy

The use of distilled water in connection with storage batteries is a matter of vital importance because it means prolonged battery life and greater efficiency. There is scarcely a natural water supply that is free from impurities highly injurious to storage batteries and the constant application of such water to the cells will soon result in concentration of impurities injurious to the elements. A Rochlitz Still removes the iron, chlorine, nitrates and other impurities from raw water. Iron causes self-discharge of batteries, chlorine and nitrates cause disintegration of the plates. Therefore to avoid these injuries and bring the electrolyte to the proper density only pure distilled water should be used in flushing.

Water of condensation is highly undesirable, as owing to the temperature of high pressure steam the impurities are vaporized and carried over. Boiler compound contains elements especially injurious to the battery.

We will now be ready to supply Drug Stores, Garages and Car Owners with Pure Water
ECONOMY LIGHT CO.

Throw Your Old Dictionary Away

It Is Out of Date

As dead as an old newspaper—its information won't fit your work of today—out of date is out of use. Thousands of new words—never put into any previous dictionary—make The New Universities Dictionary exclusively up to date. Now being distributed to readers of

NEED OF A NEW DICTIONARY was forced upon the nation by unprecedented advances in science, the arts, and by upheavals of war and politics.

Thousands of New Words
Absolutely necessary in writing and speaking of present-day activities. Thousands of these words, never before in any dictionary, are now fully defined and placed in the homes of readers by the enterprise and foresight of this paper.

The New Universities' Dictionary
Thorough, complete, new and authoritative, was perfected in the manuscript by the contributions of

PERCY W. LONG, A.M., Ph.D.	Harvard
CLARK S. NORTHROP, Ph.D.	Cornell
JOHN C. ROLFE, Ph.D.	Pennsylvania
FORREST S. LUNT, A.M.	Columbia
MORRIS W. CROSS, Ph.D.	Princeton
GEORGE J. HAGAR	Editor-in-Chief

Each of these distinguished educators teaches in The New Universities Dictionary how fashions in words changed and outgrew the old dictionaries. They tell in this book how to build and punctuate sentences—how to acquire refinement, culture and force in speech and writing.

The New Universities Dictionary is more than a vocabulary—it is twenty-two dictionaries and an exhaustive inventory of today's English.

Profusely illustrated to teach by picture as well as text—first and only dictionary presenting the new and wonderful process of duotone illustration.

Richly bound in black seal grain, red edges. Printed from all-NEW type, large and clear—EASY on the EYES.

Central Says the Line's Busy

When lovers talk over the telephone there is always a busy signal. The picture above shows Gloria Swanson, the star, and Rodolph Valentino, her leading man, in one of the dramatic scenes from "Beyond the Rocks."

PHOTOGRAPHING WILD LIFE OF UPPER PENINSULA FOR CONSERVATION CAMPAIGN

By Associated Press. A group of Michigan Agricultural Experiment Station photographers will be chosen as actors. The plan is to make a series of pictures of wild life in the state, both animal and plant. The state conservation department at Lansing, some time ago assigned to Will R. MacDonald, president of a local motion picture company, the task of making a permanent record of the life of the birds and animals of the state.

The work of photographing wild life began about a year ago and has been going forward steadily under the direction of Mr. MacDonald and J. H. McGillivray of Lansing, deputy in the conservation department. The pictures already taken or in prospect are planned without cost to any organization or group of persons in the state who desire to aid in the conservation movement.

The pictures to be shown to the public will be shown in public theatres, but not until the demand by private individuals and organizations has ceased to be announced.

Gigantic Task. Magnitude of the task cannot be realized by the general public, these men say. Conservation has largely their heavy tripods and the cameras thru snowdrifts, over fallen trees and thru thickets, and have plunged into swamps in their efforts to obtain intimate pictures of the everyday life of the things of the wild.

One of the feature pictures obtained so far concerns "Bill" King, a red-tail hawk whose holdings are located in the extreme northern part of the lower peninsula. The picture is called "Bill King, the Bird King."

Mr. King is one of the most ardent champions of bird life to be found in the state and in his younger days is said to have whipped many a man whom he found molesting them. He has won the confidence of partridges in the woods near his home to such an extent that they will come at his call and out from his hand. This despite the fact that the partridge is the most untrustworthy of the wild birds found in this state.

The picture, of which Mr. King is the central figure, shows him feeding his pet partridges. With a cameraman and Mr. McGillivray the wood trapper, tramped for miles thru the swamps and over ice-bound lakes last winter, pointing out the places where birds might be studied. He also showed the way whereby valuable photographs of animals in their wild state might be procured.

Mr. King is said to be one of the most interesting characters of northern Michigan. He tells of a mother partridge that several seasons ago was badly injured in the woods and came straight to his cabin bringing her brood of young partridges with her. The bird, according to Mr. King, flew into his home and alighted in his lap, dying soon afterward.

Mr. King accepted responsibility of "bringing up" the young partridges, feeling, as he expressed it, that it was the dying wish of the mother bird that he do so. He accordingly fed the wild things until they were able to forage for themselves.

Other wild life pictures taken include those obtained at various fish hatcheries through the state. One picture now in the making is being taken at the state game farm at Mason where hundreds of wild animals appeared each year. It is at this park that the reindeer recently imported from Scandinavia are located.

Crowning Effort. The crowning effort of the motion picture undertaking will be made during the coming summer and fall, when a five reel picture preaching the gospel of general conservation is to be filmed. The picture will have a plot similar to commercialized films and

E. H. Lee Cracks Another Record In Speed Flight

WASHINGTON, April 21. E. H. Lee Hamilton Lee piloted one of the big air mail machines 715 miles from Chicago to Washington in five hours and 59 minutes, an average speed of 119 miles an hour, to have it equipped with radio sending and receiving telephones. Lee's plane is the first of the transcontinental aircraft to be equipped with the wireless telephone outfit. The apparatus will have a radius of 200 miles to give to the pilot constant contact with the station just left and the one just ahead of him. Lee is the oldest pilot in the air mail division in point of service. He has shattered scores of records and has had but one serious accident.

On Darwinism

"I deny the right of man to take away the promise of Heaven from the Christian children of our race. My opposition to this doctrine is because it destroys the doctrine of Christianity and lays the foundation for the last terrible war. Now they are taking the same doctrine into industry and with similar results. If it follows, then the world has lost its God and been given a zoological garden. The world has been bearing the burden of the devil, he found it heavy and has laid it down. It was not ignorant men who brought the world to its present condition, it was learned men. It took learned men to build the battle ships, more learned men to build the dread naughts. Ignorant men could not construct the poison gases, the liquid fires, and all the other apparatus of the war. Now the world has taken another yoke, the yoke of Him who said, 'My yoke is light.' The Christ of the world cannot be a pigny God. It must be a full satured Christ. No man aspiring to be God, it requires the God stooping to be a man."

On the enforcement of prohibition, Mr. Bryan said: "We never thought it would be necessary to enforce it. In the Hayes-Tilden contest in '76 and similar close contests the majority always acquiesced, even where the majority was slight. We thought this law of majority rule was well enough known to the wets, that there was no need to explain it to them. The majority in favor of dry laws was sufficiently strong to carry a majority in both houses. The wets needed a majority in one to halt the amendment. We carried both houses in 36 states while the wets only carried one house in Connecticut and both houses in Rhode Island. They talk as if prohibition was something that had slipped in overnight, but it has been going on for years. The only way the amendment can be changed is for the wets to get a majority and alter the constitution, and this they cannot do. They say the law is not enforced. The law has been in effect two years, during which time the consumption of liquor has been reduced 30 per cent. Haynes, prohibition enforcement chief says 17 1/2 million people have stopped drinking and that arrests for drunkenness have been reduced 66 per cent."

"We will never turn back. The brewer who boasted that such of his saloons could deliver so many votes, drunk or sober, is gone for good, and with him their distiller, his partner in crime. They were partners once, it would be a pity to separate them now. Let us bury them together, in the same grave, face down."

COWS CAN NOT RUN AT LARGE, SAYS GARRITY Will Be Impounded When Captured Shattering Ordinance.

Street Commissioner and Poundmaster John Garrity announced today that the laws regarding the running at large of livestock in the city limits would be strictly enforced in the future. It is indicated that a good many cows have been permitted to roam the city without chaperones and it millitates considerably against the peace and dignity of the city to have a large loose cow of the "mooley" family doing a fox-trot down a concrete sidewalk, followed by a tall red calf with wobbly legs.

Mr. Garrity proposes to arrest and detain all such cows, whether they have paid their personal tax or not, and this may be taken as a warning. If you have a cow which is given to promiscuous street walking, back her into a corner and read her this message. Then, if she doesn't heed, she will have no one to blame for her trouble but herself. Fill your cow full of this "Let's Make Escanaba a Better City" spirit. She will probably be reasonable about it, and Mr. Garrity doesn't want to do anything to hurt your cow's feelings or curtail her God-given and milk-giving rights.

DANCE TONIGHT. A big crowd is expected at Unity hall tonight when a dancing party will be given. Mac's Entertainers will play.

FOR SALE—Household goods, inquire of 710 1st Avenue north or phone 414-W. 115.

Lodge Anniversary Is Celebrated By Big Joint Meeting

Fully 150 members of Impellant Lodge No. 460, L. O. O. F., and Phoebe Rebekah Lodge No. 179, Monday evening celebrated in most fitting manner, the 103rd anniversary of the founding of the society of the three links. The affair was held in the Odd Fellows hall and was one of the most enjoyable joint meetings held in recent months.

The following program was carried out: Music—Selected Orchestra. Reading—The Grand Mastery. Proclamation—Oscar Cartered. Recitation—The Boy, Mrs. James Booth. Address—Old Fellowship—C. N. Wood. Recitation—A Certain Samaritan—Master Lyle Booth. Recitation—The Rebekahs—Oscar Cartered. Song—America—Audience.

At the conclusion of the program, a delicious luncheon was served, followed by a social session and a general good time.

W. L. Marble Suffers Hiccoughing Spell Lasting Several Days

Escanaba friends of W. L. Marble, veteran head of the Marble Arm's Reg. Co. in Gladstone will learn with regret of his serious and for a time dangerous illness this week. Mr. Marble was seized with a spell of hiccoughs last Monday night. The trouble continued and after considerable time a physician was summoned. From then until 2 o'clock this afternoon efforts were made to stop the hiccoughs with out avail. However, at 2 o'clock they succeeded in relieving Mr. Marble's distress and the nearly exhausted man slept. It is believed now that the danger is past.

Not "How Many" But "Who Are They?"

Quality depends upon what a thing is—not upon how many there may be of that particular thing. The whole of anything is the measure of value of its parts. Take Want Ads for instance. You couldn't hope to collect results from even a million people if not a single one of them had the dollars to purchase what you offered through that Want Ad. Yet if that same Want Ad reached ten people with the right sized check book—that distribution of exactly ten would be worth as much to you as a million "impossibilities." Remember, that when using Want Ads, if you'll hitch up to Mirror-Want Ads, then you'll always be certain of an audience big enough and worth enough to do what you want them to do.

Phone 91 Call Ad Taker

REV. STAVER TO DELIVER TALK ON "KING LEAR"

Will Outline Lesson of Filial Impiety in Shakespear Work.

One of Shakespeare's most important as well as most impetuous works—the tragedy of King Lear—will be the basis of the Sunday evening lecture this week at the First Presbyterian church. King Lear is a story of particular interest to parents and children of mature life. It deals with problems which are integral to life of great importance to the state and which lie at the foundation of family life. It deals with the political and tragic details and touching episodes—the tremendousness of the consequences of poor policy and filial impiety. Shakespeare's art of character portrayal is immense in this story. The subject as it will be dealt with by the Rev. Harry W. Staver will be frank in its treatment and plain in its utterance, and the discussion should prove of great value to both parents and young people. A cordial welcome is extended to every one to enjoy these evening services each Sunday at 7:30 p. m.

SOCIAL NOTES

RINK OPEN TODAY. The Coliseum rink will be open Sunday evening and next week brings the season to a close. There will be skating next week Thursday afternoon and evening and next Sunday evening. This will wind up activities until next fall.

OLD FASHIONED PARTY. Many Escanabans are eagerly anticipating this evening's old fashioned party at the North Star hall. Placsted's orchestra is to furnish the music for the dancing program which will begin at 9 o'clock and close at 12. A big crowd is expected.

BIRTHDAY PARTY. Miss Barbara Vogel very pleasantly celebrated the anniversary of her birth at the home of her parents Sunday afternoon with a company of 15 girl friends assisted in that occasion. The afternoon was very pleasantly spent with various shield divisions and an excellent menu was prepared for the event. The home had been prettily decorated and the affair proved most enjoyable.

WOMAN'S CLUB DANCE. Next Monday evening brings the long looked for dancing party to be given at the Coliseum under the auspices of the Escanaba Woman's Club. It is intended to make this the last dance of the season and outstanding affair in the annals of Club dances. The big hall is to be lavishly decorated with evergreen and Easter lilies and other forms of decoration will be used to advantage.

The famous Syncopators orchestra will furnish the musical program and nothing is to be left undone to secure the greatest success of the affair. Proceeds of the dance are to be used in doing charitable work, in which the club has played such a prominent part during the past winter when demands on the charity fund were greater than for many years. It is to replenish this fund in order to keep up this good work, that the dance is being given. Naturally a great crowd is expected inasmuch as the women postponed this dance from last Thursday evening in order not to conflict with the musical program given

GETTING AHEAD

No matter what your work or present position, there is always something on before. Keep your eye on the job ahead of you. Make yourself fit for greater achievements and work hard.

When the "boss" is looking for a man to fill an important position, he usually picks the thrifty man, the one who has pluck enough to save and work hard.

The First National Bank

The Oldest, Largest and Strongest bank in Delta County Escanaba, Michigan

at the Delft theatre by the Knights of Columbus. hold in the Eagle hall, and a class of candidates will be initiated. The formal work of the lodge will be followed by a social affair in which Mac's Entertainers will furnish the music. This is expected to be one of the most enjoyable parties ever staged by this large and growing organization and a big crowd is urged to turn out for the occasion.

Notice Top Deck Workers. There will be a meeting in the North Star hall on Sunday evening at 8 o'clock of the C. N. W. Top deck workers, lodge 109 of B. R. V. All members are urged to be present.

F. R. A. DANCING PARTY. Members of the Escanaba Council, Fraternal Reserve Association, are planning a big time for Monday evening, when the regular meeting is to be held.

If you have Goiter or Swollen Glands, we have a remedy. Staffeld Brothers, 15 Merrill Bldg., Saginaw, Michigan. 110
