HOSPITAL CHARGES ARE CALLED FALSE

Vets' Control Board Scores Former Employee.

BATTLE CREEK, Mich., May 10—Following an investigation into charges made against the Roosevelt American Legion hospital by William Lafayette, of Wyandotte post, the board of control branded his statements absolutely false. The board also authorized the starting of damage suits against any persons who may make charges against the hospital and fail to prove them.

Kenneth M. Stevens, commander of the Wayne county council, and A. L. Schaffert, commander of the legion at Wyandotte, were asked to appear at the session, but both sent telegrams declining the invitation. Therefore, the board merely considered Lafayette's charges in detail and took all evidence obtainable, either to substantiate or disprove them.

Fred Pantlind, Grand Rapids, chairman of the board, issued a lengthy statement, welcoming any legitimate criticism, "which will be for the benefit of the institution."

"His doors are open at all times for any who wish to visit," this statement said, "his finances are handled in the same manner as other state institutions, no actual money being expended by the business management."

Then followed a scathing rebuke of a former employee, who had no knowledge of how the affairs or finances of the institution were run, and who made no attempt to find out the facts before making the charges.

During the meeting, State Commander Paul A. Martin read a report which he said was submitted to Governor Grosbeck by Dr. George H. Ramsey, deputy commissioner of health, in which Dr. Ramsey was quoted as declaring the resignation of Dr. Albert Wehenkel, of Detroit, as superintendent of the hospital had been "of benefit to the hospital."

The incident is considered closed and, despite the decision to start damage suits in case charges are made hereafter and not substantiated, it is not considered likely this will be done in Lafayette's case.

GROGGER HUNG UP ON BANANA HOOK

(By Associated Press)
NEW YORK, May 10—In a robbery here, Angela Glorioso, aged 41, a "green grocer" at 32 Madison street, was robbed of \$172 at the point of a pistol, bound and gagged and hung up with a rope to one of his banana hooks. The two robbers escaped after forcing into a rear room a customer who surprised them as they were suspending Glorioso.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody Will Know.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger. xx

RARE COIN FOUND BURIED IN STREET

IONIA, Mich., May 10—Fire Chief William Haberstump has a United States one cent piece, the large penny dated 1847, which was found by men digging up gas pipes on Washington street in front of the fire barn. It is regarded as a curiosity and he has been offered a large sum of money for it.

HOUSEWORK IS A BURDEN

Woman's lot is a weary one at best. But with backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Escanaba women.

Mrs. John Carlson, 415 South 15th St., Escanaba, says: "My kidneys were not acting properly and as a result, my back ached and was often lame, causing me quite a bit of annoyance. Work about the house became burdensome and when I attempted to straighten after stooping, sharp pains caught me through my back. I was run down and often felt nervous and depressed. I was dizzy and headaches were troublesome. My kidneys were weak, but I heard so much of Doan's Kidney Pills I bought them at the City Drug Store and they cured me so I haven't needed a kidney remedy since."

BOY OF 15, LOST HEIR TO VAST RICHES, FOUND

Father Claims Child at Home of Adopted Parents After Years of Search.

RICHMOND, Va., May 10—Lost for 11 years, Bernard Kerriek, supposedly an orphan, 15 years old, has been located here after a long search, working in a cedar mill at \$1 a day and informed that he is heir to several million dollars.

The boy has been claimed by his father, whose name is being withheld but whose friends declare is a prominent tobacco grower of North Carolina with residences in Washington, Philadelphia and New York city.

Shortly after the birth of the boy he was placed in an institution, after the mother and father had separated. They were later divorced. Before the child was 15 months old, he was adopted by Mr. and Mrs. Richard B. Kerriek, and all trace of the boy was lost by the father until this week.

A few days ago a stranger appeared at the home of the Kerrieks and asked regarding the child and it was soon made clear that after all the years of search the father had located his son. The caller met the boy, and then Mrs. Kerriek whom the child considered his mother, was handed a check for \$2,000 and the man handed the boy \$50 for pocket change. The man said he wanted to take the boy and place him in school that he may be properly educated and that when he attained his majority he would inherit a very large sum—several millions.

It is reported, but not confirmed that the boy's mother, after the divorce from his father, married a second time and that a few months ago she was killed in a southern city in an automobile accident.

The father and son are understood to have left the city and Mr. Kerriek and his wife are declining to talk for publication, but the neighbors are saying that the reports regarding the boy and the check for \$2,000 are true.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick-headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

Rev. Axel G. Pearson of Ironwood is in the city having lectured at the Swedish Methodist church last night.

SLIGHT CHANGES IN COAL OUTPUT

Bituminous Production for the Week Expected to Reach 4,150,000 Tons.

(By Associated Press)
WASHINGTON, May 10—Production of bituminous coal in the fifth week of the strike, was about the same as in the fourth week, according to figures announced by the United States geological survey.

The output for the week of April 29, was 4,150,000 tons and early reports up to and including Thursday last indicated that the week of May 6 will show a like amount.

No Anthracite Production
Production of anthracite coal remains practically zero.

The total output of all coal—anthracite and bituminous—in the fourth week of the strike was 4,150,000 tons. In the fourth week of the 1919 strike, 5,334,000 of bituminous coal and 1,759,000 tons of anthracite were produced a total of 7,093,000 tons. Current weekly output of all coal is therefore running some 3,000,000 tons short of the 1919 experience.

Much the same rate of production has obtained in the present week, the fifth of the strike. A decrease Monday, associated with the May Day holiday was overcome the following day and Wednesday loadings reached 12,810 cars, the highest figure recorded since the strike began.

TWO ARE ACQUITTED IN STATE LAND CASE

CHATANOOGA, Tenn., May 10—A. Robert Jackman, A. G. Lockmuller and H. S. Stevenson of Chicago, de-

fendants in the Cadillac, Mich., land case were acquitted here of the charge of conspiracy to defraud in selling lots on the west coast of Lake Michigan, near Cadillac.

The case of the co-defendant, C. F. Stites, who was agent of the company here in 1920, when the sales were made which resulted in the indictment of Stanley Harris, who was agent in Birmingham, Memphis and other places remain in the same status as when a severance and continuance was taken as to them, before the trial began. It is understood however, that prosecution will be dropped.

HANDKERCHIEF LEADS TO BANK THEFT ARREST

BOWLING GREEN, Ky., May 10—Henry and Virgil Howington and Eno Hanner are under arrest here for alleged complicity in the robbery of a bank at Westmoreland, Sumner county, Tenn. According to officers here, a handkerchief with Hanner's initials were found in the Westmoreland bank and a revolver found near a store they attempted to rob here was one taken from the bank.

Mob Attacks Autoist Who Runs Amuck

ST. PAUL, Minn., May 10—Frank Weltz was saved from an angry mob of 300 by police reserves last night after he had run down three persons in a wild drive.

He perhaps fatally wounded Mrs. Frank Peabody when he ran her down and seriously injured another woman and her child.

Mrs. Walter Steiner was struck by a bullet, which glanced off the Weltz car and which was fired by a pursuing motorcycle patrolman.

TWO SENT TO JAIL IN BLACKMAIL PLOT

Marinette Teacher Helps Police Trap Pair Who Sent Letter.

MARINETTE, Wis., May 10—August Brodzinski and Oscar Gustafson who pleaded guilty before Judge W. B. Quinlan to a charge of conspiring to injure the reputation of a Marinette school teacher, have started serving their sentences of sixty and forty five days, respectively.

The case grew out of an attempt by Brodzinski to have the school teacher meet him, after he had written her a letter in which he declared he knew things about her that would not look well in print. He said, it is alleged, that a satisfactory settlement could be made if she would meet him.

The teacher told police of the letter and they decided to trap the writer. When she kept the appointment and the man assured her he was the one who had written the letter he was placed under arrest. Gustafson was arrested as an accomplice.

FREE INNOCENT YOUTHS FROM PENITENTIARY

(By Associated Press)
EIK RIVER, Minn., May 10—Dismissal of the case against Arthur Culbert and John Cooper, youths who served two months of a penitentiary sentence for a robbery which they were innocent was ordered here yesterday by the Sherburne county district court. Dismissal of the charges followed an investigation which linked three St. Cloud policemen with the robbery. Their trial is pending.

Bullet Bounces Off Man's Skull in Try at Suicide

(By Associated Press)
NEW YORK, May 10—Thomas Dunn is a hard-headed railroad clerk. He proved it the other day when a bullet which he fired at his forehead glanced from his skull and only slightly lacerated the top of his head. As a result Dunn is in Velleux hospital as a prisoner on a charge of violating the Sullivan anti-firearm law.

Miss Eleanor Crawford, a niece of Dunn, said that he went into her room early in the morning and awakened her. He had a pistol in his hand, and when she inquired what he wanted he remained silent. Then he turned and walked into his own room.

The girl heard a shot a few minutes later. She called Mr. and Mrs. Frank McKay, who live in the same house, and a policeman and ambulance were summoned. After being treated Dunn was arrested and taken to Bellevue.

SHIAWASSEE FARMERS WOULD BUY FIRE TRUCK

(By Associated Press)
OWOSSO, Mich., May 10—A. B. Cook of Maple River master of the state grange, has endorsed a proposal by Mayor A. T. Wright, that farmers within a radius of 10 miles of Owosso co-operate and buy a chemical fire truck to be kept in headquarters here to respond to alarms from the country. The grange master also advocates that farmers in other communities do likewise, asserting that hundreds of thousands of dollars worth of property would be saved every year by such fire protection.

"Let's Make Escanaba A Better City"

BEVERIDGE'S ATTITUDE.

A dispatch from Washington reveals the fact that politicians are speculating on what will be the attitude of Ex-Senator Beveridge when, and if, he goes back to his old seat after the election next November. It is said that since he made his own fight in the primary and will come into office under no great obligation to the administration or the party, he will be likely to "take a seat in the aisle" along with the LaFollette, Borah, and others of that stamp, and become a thorn in the side of the regulars.

The only person who can say whether that is true or not is Mr. Beveridge, but unless he has changed his mind within the last two years he will do nothing of the sort. This may be said with confidence, for Mr. Beveridge opened the Republican campaign in Detroit in the spring preceding the Chicago convention and no one who heard that speech can doubt his regularity. Mr. Beveridge spoke as a party man for his party. He proposed no new doctrines, and the only reforms he advocated were in the direction of conservatism and a return to first principles. He did not want more regulation for business, but less. He demanded a narrowing of government activity and lower taxes. He attacked the encroachments of organized labor on what he believed to be the rights of the employer in a manner that much have made more circumspect politicians tremble for fear of what the labor vote might do.

From beginning to end, there was not a hint of radicalism or insurgency in the speech, and it is to be noted that Mr. Beveridge was not hampered at that time by a party platform. The platform was yet to be made, and he was free to outline any policy for the coming campaign that met his individual judgment. Is it possible that the man who made that address desires to go to Washington for the purpose of becoming a disturber of the party peace and an apostle of revolt?

A RUSSIAN PLOT IN FRANCE.

According to the French police, a revolutionary communist organization has been discovered in France which is regularly spying on the government, uncovering its secrets and communicating the results of its efforts to the soviet government of Russia. No less than 211 agents are reported to have been employed in that kind of work and the discovery of a powder factory controlled by the organization, indicates what the aim of the movement has been.

To those who remember what the proclaimed purposes of the soviet government are, there is nothing surprising in this discovery of a revolutionary organization in France linked with the government at Moscow. The Moscow government has admitted that its plans for a world revolution have failed, but it never has expressed repentance for its endeavors to plunge other countries into the disorder which reduced the Russian people to dependence upon charity.

Nevertheless there are those who fill the air with reproaches because the government of the United States takes the Russian government at its word and believes that the purposes which it has expressed are its real purposes, and that the acts of injustice which it has committed and never disavowed are its deliberate acts.

It is not likely that this new discovery of bolshevik activity will change the minds of easy going believers in the harmlessness of bolshevism. They will still wish to recognize a government which connives at the destruction of French security and order even while it asks favors of France in Genoa. The bulk of the American people are neither so soft hearted nor as soft headed.

NO LONGER AFRAID OF SIZE.

Recently the many rumors relating to the formation of a new combination of steel industries which would rival the United States Steel corporation in importance have been confirmed sufficiently to indicate that seven of the greatest independent companies will soon unite. If this combination should go through, there will remain but one nationally known "independent" steel company.

There was a time when the formation of a concern like the one contemplated would have caused wide-spread discussion and protest, but the fact that the Steel Corporation has survived every battle in the courts and has gradually established itself in public esteem saves the new plan criticism. Time has shown that industrial giants can operate without treading upon public rights and that instead of being unmanageable, they concentrate authority and make the application of controlling laws more practicable. The career of the steel corporation also has shown that great industrial combinations can, under statesmanlike management, exert a strong influence in favor of methods which tend to steady prices, prevent panics and keep business on an even keel.

This is not equivalent to saying that the country has ceased to oppose combinations in restraint of trade. The United States has never yet consented to that sort of thing, and it is never likely to do so, but the doctrine that mere size is something to be feared in industry, has practically disappeared from American thinking.

TALE OF HEROISM AND NEGLECT TOLD

TOWNSEND VIGOROUSLY PRESSES BILL FOR RELIEF OF ONE OF MICHIGAN'S GREAT-ST HEROES.

"BRAVEST MAN IN THE WAR"

Washington—Through a bill recently introduced by Senator Townsend of Michigan, one of the most heroic exploits of the World War—and likewise one of the most tragic examples of governmental red tape toward one of its heroes—has come to light.

It deals with Robert Guy Robinson, of Ypsilanti, one of the two Michigan men to be awarded the Congressional Medal of Honor—the nation's highest tribute to valor in action.

Robinson's military record relates that Robinson as a marine aviator took part in an aerial raid over the German lines, and that as a result of his squadron breaking up, he was obliged either to surrender or to fight his way back to the American lines through a German "circus" of nine Fokkers.

Determined to Fight.

He and his pilot determined to fight. At the first burst of German machine gun bullets, the goggles were shot from the pilot's eyes. Robinson received one bullet in the back and another in the elbow.

But flying fast toward a German salient, the American plane fought its way through the enemy flyers, shooting down two of them. Robinson then hit upon the most daring maneuver of all. He directed his plane directly over the area of the salient where the anti-aircraft guns were located.

The report of the commander of the Belgian hospital to which he was assigned is that Robinson was the bravest man whom he encountered during the war.

Honors—Then Neglect.

Citations, honors and medals followed. And then came the governmental neglect of one of its heroes returned to civil life.

Under the law, Robinson was entitled to be retired as a lieutenant of marines, with pay. Inasmuch as he is still disabled, and his parents died while he was in service, he needed that money.

But no notification ever was given him, and the first he ever heard of it was through the American Legion on the day of the burial of the Unknown Soldier.

And—under the law—that was 20 days too late to file his claim!

The Legion took the matter up with Secretary Denby, but the latter was unable to unwind the red tape. However, he is cooperating with Senator Townsend to the fullest degree in having adopted a special act of Congress for Robinson's relief.

Circular shaped trimming pieces piped with black silk and sewed to pointed bands trim the waist and skirt, the fulness being confined beneath a soft girle of self-material. Medium size requires 4 3/4 yards 40-inch material.

Plain and figured crepe are combined in the next model, the figured silk featuring geometric designs in poison green on a background of black. The upper part of the dress is in bright green, the neck being in laceau outline and sleeves, long and flowing. The little slashes distributed below the waist for the belt to pass through are finished with buttonhole embroidery. Medium size requires 2 1/2 yards 40-inch plain, and 2 yards 40-inch figured material.

First Model: Pictorial Review Dress No. 9661. Sizes, 34 to 44 inches long. Price, 35 cents.

Second Model: Dress No. 9692.

MAN EATS 48 EGGS; THEN HAS DINNER

(By Associated Press) ALBION, Mich., May 10—William Neisley, a fireman for the Albion Malleable Iron company, would not wager a fellow employe that he could eat 48 eggs at one sitting but volunteered to do the stunt if the four dozen eggs would be provided. They were brought and Neisley ate them without a complaint. He suffered no inconvenience and afterward ate his usual dinner.

100,000 LIVE SHELLS DUG UP NEAR ARRAS (By Associated Press) PARIS, May 10—Nearly one hundred thousand tons of "live" shells of all calibres have been dug out of the wrecked countryside around Arras, since the armistice and it is estimated that the work has been only about thirty per cent completed. This district, known as the "Red Zone," was the scene of some of the heaviest artillery fighting of the war. The digging up of the explosives is extremely dangerous. So far the casualties among the workers amount to 217 killed and several hundred wounded. Many of these were German prisoners of war employed by the various committees of the devastated regions. Their families have been indemnified.

2,500 LEGION MEMBERS TO ATTEND U. P. MEET

IRON MOUNTAIN, Mich., May 10—The biggest event that has even taken

place in this city will be the Upper Peninsula convention of the American Legion, July 8. Elaborate plans have been made to entertain the 2,500 former service men who will attend. The program includes six bands, a barbecue, carnival, boxing show, baseball game, parade, dancing and several other features.

Hanford MacNider, national commander, will speak. Other speakers will be Franklin D'Olier and John G. Emery, past national commanders. Governor Grosbeck will be present. The Great Lakes and Fort Brady military bands, Iron Legion and Iron Mountain legion bands and the Copper Country Pipe and Drum Corps have been engaged. The sixth has not yet been selected.

SOCIAL NOTES

For Bride-to-Be—Miss Meta Brown entertained a number of friends at her home in Sand street, Monday evening. In honor of Miss Charlotte McArthur, who is to be married the latter part of this month. The party was arranged as a surprise to the young lady, who was invited to the Brown home to play cards, and upon her arrival at the home found a number of friends gathered to greet her. Games, cards and music were the diversions, followed by luncheon. Miss McArthur received many useful and pretty gifts.

Dance at Danforth—Johnson's orchestra has been engaged to play at a dance at Danforth this evening. It is expected that a large crowd will be in attendance.

POLICE CARRY MAN FROM FRICK HOME

NEW YORK, May 10—A man who said he was Selman Smith, 37, years old, of Middleborough, W. Va., forced his way in to the Fifth avenue home of Mrs. Adelaide Howard Frick, widow of Henry C. Frick, steel magnate and demanded to see her daughter.

The butler engaged Smith in conversation while another servant summoned the police. Smith told the police that "my future lies in this house" and resisted their effort to take him away. He was handcuffed and carried bodily from the residence.

Mrs. Frick said the man had annoyed her many times during the last year.

Going After Funds To Support Girl Scout Movement

A drive to secure funds for the further prosecution of Girl Scout work will be started here next week under the supervision of Mrs. F. F. Davis, who is chairman of the committee. It is planned to make a house to house canvass, each woman being assigned certain territory to cover. The work done by the girls and the splendid influence it is having on the future of the young people of the community will be explained, and the success of the drive seems fairly well assured at this time.

FREDERICKSON-LOEFFLER

Miss Ellen Frederickson, charming and popular daughter of Mrs. L. J. Frederickson, 409 south Ninth street, and Arthur William Loeffler, son of Mr. and Mrs. Frank Loeffler, 401 south Ninth street, were united in marriage at St. Joseph's parsonage at 7:30 o'clock this morning by Rev. Fr. Erasmus Dooley.

Following the ceremony a wedding breakfast was served at the home of the mother of the bride, only the immediate relatives of the contracting couple being present.

The young people left by auto for Milwaukee, Chicago and other points where they will spend their honeymoon. On their return they will locate in Sturgeon Bay, Wis., where Mr. Loeffler has a fine position with a drug firm.

W. R. C. DANCE SUCCESS

The dancing and card party given in the North Star hall last evening under the auspices of the Womans Relief Corps was a great success, both from a financial as well as a social standpoint.

The first prize went to Mrs. Magallier, while in the '500' contest first prize for ladies was won by Mrs. Peter Hirn. The first prize for gentlemen went to Antone Emba while Fred Emba was awarded the consolation prize.

MAKING PLANS FOR CLOSING SCHOOLS HERE NEXT MONTH

Something Doing Constantly From May 19th Until Commencement On June 8.

At the high school yesterday, a detailed announcement of the various events which will be held in connection with the closing of the session was made.

Probably the biggest event of the calendar of activities will be the appearance at the high school auditorium on the evening of June 15 of Woodbridge N. Ferris, former Governor of Michigan, who will deliver the annual Commencement Day address.

Mr. Ferris spoke in Escanaba more than a year ago. His address at that time still holds a prominent place in the minds of some of the hundreds of people who heard him at that time.

Superintendent Olds yesterday said he considered himself and in fact the city fortunate in being able to hear this talented orator and able educator talk to the class graduates.

Although the number of graduates who will be granted diplomas by virtue of their having completed successfully a four year course has not been decided on for certain, there is reason to believe that this year's class will be considerably larger than any which heretofore has been graduated from Escanaba high.

The grade school commencement exercises scheduled for June 8 will be of a more minute nature along the same lines. Students from every school who next year will don the green cap and become "full fledged" freshmen, will gather at the auditorium to be presented by the superintendent with their certificates showing that they have completed their grammar school work.

Programs will be given in occasion of the meeting and parents will be invited to make their presence known.

STILLWATER, Okla., May 10—Further investigation today by county officials of the slaying here of Buckham Cobb, aged 23, a government student at the Oklahoma Agricultural and Mechanical college, was expected to decide whether charges would be filed against L. E. Gordon, aged 25, another student at the college.

Cobb was shot to death near the campus yesterday by Gordon with a revolver. According to a witness, Cobb was forcing Gordon to accompany him home while the demand that Gordon apologize to Mrs. Cobb for an alleged insult.

The two were walking along the street arguing, when Gordon opened fire, sending three bullets into Cobb's body. Witnesses said Cobb stepped in front of Gordon before the latter declared that Gordon had shot several.

THE WEATHER

OBITUARY

FUNERAL OF CHILD

Funeral services were held here Monday afternoon for Robert Phillip Walden Davis, one-week-old child of Mr. and Mrs. William Davis, 416 Ludington street, who passed away last Sunday following a brief illness of pneumonia. The body was taken to the Allo Funeral Home to be prepared for burial and interment was made in Fernwood cemetery Gladstone.

JUDITH OSTBERG

Local friends have been advised of the death in St. Paul of Judith Marie, three-year-old daughter of Mr. and Mrs. Clarence Ostberg. Mrs. Ostberg was formerly Miss Hulda Nyström of Danforth. Funeral services were held in St. Paul Tuesday.

Women's Club Meet

Going Full Swing

(Continued From Page One) plains the purpose of the federation and gives the method of procedure for conducting meetings. Following the adoption of the constitution the first session adjourned, luncheon being served at 12 o'clock in the church parlors.

Jean McCombs Kepler played an organ prelude, for the afternoon session, which opened at 2 o'clock. This was followed by a vocal solo by Miss Flora Retalle, which was enthusiastically encored.

Mrs. W. R. Alvord, president of the Michigan State Federation of Women's clubs, gave the first address. Her topic was "Federation Technique."

She praised the upper peninsula club women highly for their activity in civic affairs. She then outlined the ideals which she had strived to attain during her term as president of the federation. They were: the reorganization of district departments to conform to the general federation plan, re-districting of the lower peninsula, more activity by district chairmen, attainment of the \$25,000 goal for the endowment fund, putting the state building on a self-supporting basis and approval of the twenty-five cent per capita dues for all affiliated clubs.

"Give Up Petty Things" Mrs. Alvord pleaded. She asserted that too many times the things of minor importance had been given prominence to the detriment of the performance of the real duties of a woman's club.

Mrs. Alvord's address was followed by a piano solo "Liebstrraum," by Mrs. Helen Weston, after which Mrs. F. W. Nichols, of Houghton, state chairman of music spoke on "The Relation of the Woman's club to the Music of the Community."

Mrs. Nichols urged the correlation of music programs with the regular programs of clubs. In this way, she said, more benefit would be derived from the music and the other work. She also advised the women to cooperate with supervisors of music in the public schools in promoting good music, declaring that the best time to influence the taste of persons in music is in their childhood.

"Jazz Is Discussed" Mrs. Nichols read a copy of resolutions passed by the Houghton county clubs and the state federation denouncing the so-called "jazz." She asserted that, in her opinion, "jazz" cannot be called music, as it is merely a "jumble of sounds," she suggested that the upper peninsula federation also adopt the resolutions.

The suggestion brought forth a general discussion of the question, Mrs. A. T. Roberts, of Marquette, cautioned the delegates against passing resolutions condemning something so abstract as "jazz" which she said never had been satisfactorily defined. She asserted that one of America's foremost composers used the syncopated rhythm which some experts call "jazz."

The question was left in the hands of a special committee, consisting of Mrs. Nichols, Mrs. Roberts and Mrs. Snaveley, which will report at this morning's meeting.

Home Economics "Reinterpreting the Responsibility of the Housewife," was the topic of an address by Miss Mary E. Sweeney dean of home economics of Michigan Agricultural college.

"Schools cannot be held responsible for the training of our children," Miss Sweeney declared. "In the final analysis, the real responsibility rests with the homes and society has a right to expect from its children who are physically fit and intellectually honest."

"This responsibility rests not wholly with the mothers, however, as the fathers must be brought to realize that they too have an important part to play in the rearing of children. Mothers and fathers should devote more time to giving their children the kind of an education they wish them to receive, for if they do not, the children will acquire their education from sources which are not as good as they should be."

Miss Corrine Jacques sang two numbers, following which the Rev. Dr. Charles J. Johnson, historian of the Marquette County Historical society, addressed the meeting on the subject, "Projecting and Promoting Local Historical Research and Record."

Dr. Johnson gave five methods as practicable in this work, organization, cooperation, collection, visualization and compilation. He advised clubs to work with local historical organizations, or, if there is no such body to organize one. He urged cooperation with existing institutions, such as libraries and schools. Documents and objects of historical interest may be collected thru these institutions, he said.

He described several means of visualization, such as pageants and exhibits.
