SINGLE COPIES, FIVE CENTS

American in Syria Sentenced to 20 Years

CHAS. R. CRANE IN A SERIOUS DIFFICULTY

Considerable Mystery in Connection With Peculiar Case.
Crane Said to Be in Paris Where He Is Attempting to "Square" Himself With Authorities.

(By Associated Press)
CHICAGO, May 25.—Sentence of 20 years in prison on a charge of inciting recent disturbances in French mandate territory in Syria has been meted out to Charles R. Crane, of Chicago, by a French military court in Damascus, according to a copyrighted dispatch from Cairo, Egypt, which was published today in the Chicago Daily News.

The dispatch is based on reports published in an Arabian newspaper which was received in Cairo. These reports, according to the Daily News dispatch, says the military court passed the sentence, but at a hearing by default, (that is in the absence of the accused.)

"The notice in the newspaper," the dispatch continues, "declared that the United States government has been notified of the verdict."
While Mr. Crane, in his travels, avoids the French possession as well as France, there is little possibility that the sentence will be carried out. According to the newspaper the court held that Mr. Crane was equally responsible with numerous Syrians who are now serving terms in prison on account of the outbreak.

Reports from Syria are that political prisoners are obliged to sleep on the jail floor and to subsist on dry bread and olives.

Acting "On His Own" NN
WASHINGTON, May 25.—Inquiry has been made by the French government of the state department as to the precise status of Charles R. Crane, who for the past six months has been conducting an inquiry into conditions in the Near East. The state department, it was learned today, replied that Mr. Crane was acting entirely on his own initiative and authority and was without any government commission.

Mr. Crane, after a trip across Siberia into Soviet Russia, last year and after a short visit to the United States, left for Southern Europe and at that time stated that he intended to visit Albania and Aolia, which were just being evacuated by the Italian and French troops, which had been in occupation since the close of the world's war.

More Evidence In Bureau Scandal Is Being Developed

WASHINGTON, May 25.—Commissioner Blair of the Internal Revenue in a formal statement today said that more than 200 wrappers of papers removed from the account mail of the revenue bureau, after the dismissal by order of Secretary Mellon of A. D. Sumner, deputy commissioner of internal revenue, in charge of accounts, and C. C. Childs, supervisor of collections, have been recovered and are under examination.

The papers were declared by the commissioner to have been found in the apartment of S. C. Patchell, former chief pay roll examiner of the account unit.

WOMAN'S CLUB HAS SUCCESSFUL YEAR IN ALL WELFARE WORK

Reports at Annual Meeting Show Wonderful Work to Have Been Accomplished During the Year.
What is regarded as one of the best meetings held in many months was that of the Escanaba Woman's Club at the Carnegie Library yesterday afternoon when annual reports of various committees were submitted and the club work generally reviewed. The meeting was very largely attended and the subject matter was such that the deepest interest of the women was held from the start.

Among other action was that of authorizing the furnishing of one room in the Delta Menominee county sanitarium, the appropriation of \$300 for the building fund, which now brings that fund up to \$600, and the donation of \$200 to the Girl Scout movement in the city.

Federation Delegates Named
Mrs. C. M. Frost, president of the club, was selected as a delegate to the Federation of Women's Clubs to be held in Flint, in October, with Mrs. J. J. Sourwine named as alternate delegate.

Among the reports submitted, those dealing with the charity work done by the club during the year and with the work of the visiting nurse were most interesting and enlightening. Both reports show the vast amount of splendid work which is being done for humanity under the auspices of this organization. The charity committee spent \$1400 last year in helpful charitable work.

UNCLE SAM IS READY TO TALK ABOUT CANAL

Would Consider Negotiations With Canadian Officials.
Secretary Hughes Sends Note to British Ambassador Regarding Deepening of Waterways.

(By Associated Press)
WASHINGTON, May 25.—The state department announced today that it had communicated to the Canadian government its willingness to begin negotiations in connection with the St. Lawrence canal project for ocean going vessels to reach the Great Lakes.

No answer has yet been received from the Canadian government. Secretary Hughes dispatched his note on the subject on the 17th of this month to the British ambassador, whom it is understood at the state department forwarded the communication promptly to the Canadian government.

The note, the department announced, stated that the United States government would be glad to take the matter up with the Canadian government the negotiation looking to the deepening of the water ways which would enable ocean going ships to reach the Great Lakes.

MICHIGAN MAN SEEKS U. S. JOB

Harding Considers Milo D Campbell for Place on Trade Commission.
(By Associated Press)
WASHINGTON, May 25.—The withdrawal of the nomination of George W. Upton of Ohio to be a member of the federal trade commission brings to prominence the possible appointment of Milo D. Campbell of Coldwater, Mich. to that position.

President Harding assured Senator Townsend some months ago that Mr. Campbell, who was candidate for the Republican nomination for governor in Michigan in 1920, would be named to the next vacancy on the board.

Whether or not the president intends to name Campbell in lieu of the Upton nomination, or whether he intends to wait until the next regular vacancy, it is not known.

RUDOLPH VALENTINO AND WIFE PHOTOGRAPHED AFTER MARRIAGE

Macon, Ga., May 25.—Jim Denison, Negro youth, whose appeal from a death sentence was carried without avail to the supreme court and who early this week narrowly escaped lynching at the hands of a mob, was safe today in the Bibb county "mob proof" jail.

He is so mighty proud to be here," was his smiling comment even though the sentence to be hanged on June 16th still stands for an alleged attack on an aged white woman, three years ago.

Jim, however had reason to smile on his escape from the mob because numerous white people in this and Wilkinson county believing his escape was an act of providence are considering an appeal to Governor Hartsick to make the sentence life imprisonment.

Negro Youth Glad He's In Jail That Is "Mob Proof"

Macon, Ga., May 25.—Jim Denison, Negro youth, whose appeal from a death sentence was carried without avail to the supreme court and who early this week narrowly escaped lynching at the hands of a mob, was safe today in the Bibb county "mob proof" jail.

He is so mighty proud to be here," was his smiling comment even though the sentence to be hanged on June 16th still stands for an alleged attack on an aged white woman, three years ago.

AIR NITRATE CONTRACT IS HELD INVALID

Atty. General Daugherty Submits Opinion Today.
Provision for Exclusive Purchase of Government's Interest in Power Plant Not Good.

(By Associated Press)
WASHINGTON, May 25.—An opinion by Attorney General Daugherty submitted today to the house military committee holds that the contract executed by the government with the Alabama Power company is "invalid" with respect to the provision which the power company official, contend reserves the right of exclusive purchase of the government's interest in the power plant at Gozka, Alabama.

The contract was negotiated by the government with the Air Nitrate Corporation of New York, which is a subsidiary of the American Cyanamid company, under which Nitrate Plant No. 2 was constructed at Muscle Shoals, Ala.

It is also held to be invalid by the attorney general with regard to the option of exclusive purchase which is claimed by the corporation in the event of the plant ever is disposed of by the government to private enterprise.

THEY ACTUALLY HAD MONEY LEFT FROM A BIG DAY

Something Unknown In History Develops Here Today.
Here's something different. Three years ago Escanaba had a Fourth of July celebration. Herman Gessner was chairman and Albert Ellsworth was treasurer of the committee. Some funds were raised and the celebration put on.

Again this year Escanaba is to have a Fourth of July celebration which promises to eclipse all past events in the upper peninsula. Again Herman Gessner is chairman, but Miles Thompson is treasurer.

And somebody think happened? Well, they found that a balance of \$1000 was left in that old fund of three years ago. It is the most surprising thing in all history. Never so far as the memory of the oldest inhabitant extends back in the dim and misty past, has anything ever been left of a Fourth of July fund to form a nucleus for some future celebration.

BIG CROWD WANTED TO ATTEND SCHOOL RECEPTION FRIDAY

Parents Are Promised An Entertaining, Enlightening, and Education Hour Tomorrow Afternoon.

Miss Wilson, grade supervisor of public schools, is especially desirous of a large number of the parents and friends of pupils attending the reception which is to be given at the grade school Friday afternoon at 2 o'clock.

This will be a rare opportunity for mothers to get acquainted with the teachers and to view a display of work which the little folks are doing, with reference to their studies. Briefly, it is an opportunity for the parent to get in closer touch with the aims and purposes of school work and the methods through results are being achieved.

The receptions will be held at the Franklin, Jefferson, Farr, Webster and Washington schools. The children will act as ushers and will render the parents and visitors about the various rooms, calling their attention specifically to various pieces of work done by them, introduce them to their teachers and otherwise function in the most surprising and entertaining manner.

Regardless of weather, or other duties, it is hoped that a very great percentage of the parents will come out to these receptions and take this splendid chance to view the exhibits in the various grades. It will not only be interesting and instructive to the parents, but will be helpful and encouraging and in fact, and pupils alike and establish a closer union of sympathy between those charged with the education of the young people.

TWO NEW LIGHT PLANTS ORGANIZED IN MICHIGAN

LANSING, May 25.—Three new electric companies have been organized within the past few days to serve high-voltage applications with light and power, two of them in the upper peninsula.

The Ansonia Lighting company will have its headquarters in Iron county which is the geographical center of the county. It has been incorporated for \$50,000 by Maurice E. Richards, Lewis T. Sterling and Frieda J. Eughon all of Iron Mountain. Ohio Electric company has been formed of Ishpeming by M. M. Umcau, O. D. McClure and J. J. Keaton. Ten thousand dollars has been paid in as capital. The company will distribute light and power in and around Ishpeming.

MAKE CHANGE IN TIME FOR ELKS' DOINGS

Secretary Bartella Gets Important Telegram This Afternoon.

Secretary John J. Bartella of the local lodge of Elks this afternoon received a telegram from the secretary of Lansing lodge stating that the date for the big time, which will be attended by a large number of Escanaba Elks, has been changed from Friday, Thursday, June 1st. This relates to the boxing bout between Virginia and Johnson and the bout will be staged at 8:30 o'clock.

The committee also found it necessary to advance the hour of the complimentary banquet to delegates to 5 o'clock the same evening.

The big parade scheduled for Friday night will be carried on as planned and every Elk in Michigan is expected to be in line.

Secretary Bartella is asked to write the number of delegates Escanaba will send and to make reservations for the boxing match. Seats will be from 11 to 5.

The news will spread pretty generally over the city before midnight and it is expected that Escanaba will respond with a large delegation.

SIX RAIDS PULLED IN ESCANABA LATE THIS AFTERNOON

Report Not in From Three of the Places When Mirror Went to Press.

The police department this afternoon staged a series of raids on local soft drink parlors, and Sheriff George Harvey signalled his entry into the game by participating in three of the six raids pulled off.

Joseph Branchamp, 321 Ludington street, was raided and evidence taken. He will be charged with sale and possession.

Isador Morin's place at 200 Tenth street was also raided. Something resembling beer was secured and will be analyzed.

Frank Paquin's place on upper Ludington street was again raided but nothing was found.

LIONS CLUB IS ORGANIZED HERE LAST EVENING

Another Fine Organization Will Boost Escanaba's Interests.

Escanaba today has a new civic organization. The L. C. Club, which was organized last evening at a meeting held in the office of Mayor George Carr. This place is Escanaba the only city in the upper peninsula which Rotary, Kiwanis and Lions clubs. Twenty-five charter members representing as many businesses in this city, started off the membership.

CARNEY STILL A CANDIDATE FOR COUNTY OFFICE

Assistant Police Chief Don't Want Friends to Get Wrong Idea.

Chief of Police Joe Carney stated today that the appointment of a substitute to fill the office made vacant by the resignation of Sheriff Frank O'Brien, had made no changes in his own candidacy for the office.

BUDGET WILL BE DISCUSSED FULLY SATURDAY NIGHT

Public Meeting to Be Held Early Next Week.
An informal meeting of the city council will be held Saturday evening, preliminary to a formal meeting to be held early next week. Tomorrow night's session will be in conjunction with the heads of various city departments and the chief purpose of the gathering will be the discussion of the budget for the fiscal year and the making of appropriations for various city funds.

AUTO OUTPUT IN APRIL HEAVIEST IN 11 MONTHS

(By Associated Press)
WASHINGTON, May 25.—Production of passenger automobiles in April amounted to 196,521 an increase of 29 per cent over production in March, according to a report issued by the department of commerce. Truck production totaled 21,941 machines, compared with 19,499 in March. In both classes the output was highest for any one of the preceding 11 months.

Herman Gessner To Attend Conference In Chicago In June

Herman Gessner this morning received an invitation to attend the Victory Conference to be held in Chicago, on June 11th by chairman of drive committees in Zone 7 of the Jewish Relief Committee for War Sufferers, which recently achieved such a signal success in raising funds.

Committees Named

Mrs. Frost made the following committee appointments:
Charity—Miss Martha Green.
Treasurer—Mrs. A. D. Hoffman.
Publicity—Mrs. F. X. Almeau.
Legislative—Mrs. I. G. English.
Civic—Mrs. Nicholas Pavlow.
House—Mrs. I. A. Buck.
Election Committee—Mrs. E. A. Hubbard, Mrs. D. J. Durancan, Mrs. L. K. Edwards.
Auditing Committee—Miss Margaret Kessler, Mrs. W. J. Fax, Mrs. C. M. Newman.
Clinic—Mrs. C. R. Henderson.
Treasurer Red Cross Seal Fund—Mrs. M. E. Maine.
Among the other reports submitted were those of the treasurer and a report on the Marquette district meeting which was attended by local delegates.

THE WEATHER

For Escanaba and Vicinity—Fair tonight and Friday; not much change in temperature; gentle to moderate variable winds.
CHIMNEY FIRE
The fire department was called to 917 Lake Shore Drive about 10 o'clock this morning by a chimney fire. No damage was done.

Back In Escanaba And Glad Of It!

I have looked 'em all over, from Escanaba to San Diego, California, and "There's No Place Like Home"

The Opening of Tilbert's New Cafe Open Today

It is with pleasure that I invite the patronage of my old acquaintances—and all newcomers to Escanaba—to inspect my newly equipped and thoroughly modernized Cafe. Since my departure from Escanaba, nearly two years ago, I have visited many cities from Minneapolis to Los Angeles, and inspected many first-class restaurants. While I don't claim to have fixtures as elaborate as many—I expect to give you the Best of Service, Food and Cooking.

A New \$2000 Orchestrelle

Has been installed by Lang and Hess. This is an innovation to Escanaba, the latest popular numbers will be played.

All the instruments that you would hear in a Twelve Piece Orchestra are included in this wonderful musical instrument. Come and enjoy good music with a good meal.

Yours for a Bigger Escanaba,

HARRY TILBERT

SOCIAL NOTES

Opening Is Planned

The Escanaba Golf Club house will be opened to the members of that organization for the season on Tuesday of next week when a dinner dance will be held at 6:30 o'clock. The dinner will be served promptly at the hour announced and all reservations must be made by Saturday evening of this week.

The opening day will be marked by several events on the course, the day's program culminating with the dinner and dance in the evening.

Joint Meeting

The American Legion and the Women's Auxiliary will hold a joint meeting at the Eagle hall at 8 o'clock to night.

North Escanaba Chapel

The Ladies Aid of the Swedish Lutheran church will hold a meeting at the chapel at North Escanaba this afternoon. Mrs. John Redstrom will be the hostess. All are cordially invited to attend.

Ladies Auxiliary Meeting

The Ladies Auxiliary of the Broth-

erhood of Railway Trainmen will hold their regular meeting this afternoon at the North Star hall. The meeting will be called to order at 2:30 sharp. All members are urged to attend this meeting as important business is to be taken up.

Swedish Baptist Church

Mrs. C. Lambert will entertain the Ladies Aid of the Swedish Baptist church, corner Second Ave. North and North 15th street, this afternoon. Refreshments will be served.

School Election

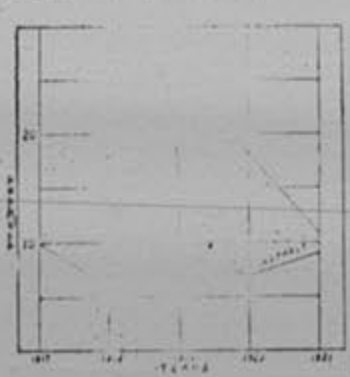

Troop 10, Boy Scouts of St. Anne's church, elected the following officers last night:

Leo McGuire, senior patrol leader; Arthur Fillion and George Jackson, patrol leaders; Leo Brunell, scribe; Committee: Rev. Fr. Jacques, Matt Fillion, Gus Trotter, Joseph Lesquia.

Be sure to get your book of coupons for every dollar you pay the collector when he comes to your home. You pay a dollar for your paper for two months, but you get the dollar back as soon as you spend a small amount of money in local stores.

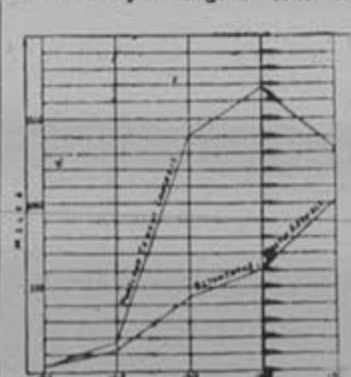

Types of Road Built Under Federal Aid

THE United States Bureau of Public Roads, during the five years 1917 to 1921 inclusive, has approved the expenditure of \$518,275,532.08 for the construction of 28,461 miles of Federal aid highways.

Mileage, 1917-21, of Asphalt and Portland Cement Used in Federal Aid Projects.

10 percent while the bituminous types dropped to 6 per cent. In 1919 concrete reached a total of 27 per cent. In 1920 the percentage dropped to 18 per cent and by 1921 to 11 per cent. The bituminous types represented 9 per cent in 1919, in 1920 7 per cent, and rose again in 1921 to 9 per cent. The net change from the close of 1919 to the close of 1921 has been a reduction in the percentage of concrete

Per Cent of Federal Aid Projects in Which Asphalt and Portland Cement Were Used.

ous types of pavement. "Competition between different types of material should be maintained and selection made to fit traffic requirements in each case," he said. "The Bureau does not recommend any one type to the exclusion of others." Of the construction types, higher than waterbound macadam, the keenest race has been between the flexible pavements, represented by the asphaltic types, and those in the rigid class represented by Portland cement concrete. "In 1917 the bituminous types, mostly asphalt and the Portland cement concrete type, each represented about 10 per cent of the total mileage paved in that year, the exact mileage being 32.3 for the bituminous types and 32.3 for concrete. In the next year Portland cement concrete remained at

from the peak of 27 per cent to 11 per cent, a loss of about 60 per cent, while the bituminous types finished the year 1921 with the same percentage as in 1919, showing no net loss. Highway engineers are following with keen interest the development of the two types of pavement in the expectation that definite and conclusive data will be obtained as to which type will best meet the needs of traffic on the heavily travelled country highways. The growing importance of the flexible types in the Federal aid system, particularly in 1920 and 1921, may indicate a definite and lasting trend toward the bituminous roadways, especially in view of the fact that the mileage is made up from a very widespread area.

Daily Fashion Hint

IMPORTANT ARE CAPES AND TAILLEURS

The cape and the tailleur are among the new and definite possibilities of the season, serving the well-dressed woman for all purposes of general wear. Meeting the ultimate test in smartness, the cape portrayed elects to be carried out in big flannel, checked with lines of maroon. (German and English) Corner 12th St. and Fourth Ave. So. Thursday, May 25, Ascension Day. Special services will be held at 7:30 p. m. in the English language. Christ, A. F. Doehler, Pastor.

CAPITALISM AS PRACTICED NOW IS CLASS WAR

Conference on Christianity and Economic Order Is Told Some Startling Things Today.

(By Associated Press)

EVANSTON, Ill., May 25—Capitalism as now practiced "is class war," and "destructive of civilization," Prof. John H. Gray of Carleton College, Northfield, Minn., a former president of the American Economic Association, told the Conference on Christianity and the Economic Order here today. The conference was called by leaders of the Methodist Episcopal church. Prof. Gray said in part:

"Capitalism as at present practiced is class war quite as destructive of civilization as international militarism. In fact, it is the moving force and cause of international aggression and war. It leads to social and political unrest and to such gross injustice as is inconsistent with any Christian civilization.

"Our economic order rests on the theory of private property, freedom of individual contract, and the universality and beneficence of competition. The theories on which we act grew out of circumstances that have entirely disappeared with the appearance and development of capitalism.

"When this system took shape, a society was virtually stagnant, and if the amount of production increased, the surplus went to the producers in fairly equal portions. Rapid invention, discovery and the development of capitalism with its working classes without ownership enormously increased this surplus, and caused it to go to the owners of the means of production, to the virtual exclusion of the workers.

"Such a system is incompatible with as wide a political franchise as we have today."

Prof. Gray served at various times as chairman of the municipal committee of the Civic Federation of Chicago, as chairman of the World's Congress Auxiliary on Political Science, and as associate editor of the Economic Bulletin. He was recently a professor at the University of Minnesota.

HARRISVILLE Farmers of Adams county are considering steps to form an organization and place their orchards on a better paying basis. Means of disposing of orchard products more advantageously will be sought.

By Wheeling Bricks in a Brick Yard

Andrew Carnegie made his first dollar. When he proudly took his wages home after his first week's work, his good mother advised him to lay aside TEN PER CENT. Much as he wanted to spend the money, Carnegie followed his mother's advice and placed one-tenth of his earnings in the bank.

This one-tenth plus other tenths gave him the capital he needed when Opportunity knocked on his door.

FOLLOW THIS PLAN—IT LEADS TO FORTUNE. PUT ASIDE ONE-TENTH OF YOUR EARNINGS IN A SAVINGS ACCOUNT IN THIS BANK.

"Let's Make Escanaba A Better City"

PINCHOT'S SUCCESS.

All sorts of diagnosis are being made in the efforts to account for the success of Gifford Pinchot at the Republican gubernatorial primary in Pennsylvania.

Those who feebly because of conviction or because of policy, have been anxious to see the Pennsylvania Republican organization go to pieces.

At this distance, it is difficult to judge of matters except in an approximate way, but to a disinterested person, the smashing process does not seem to have been very complete.

So far as the moral side is concerned, those who have observed the ways and moods of American politics throughout a period of years will be skeptical when they hear the reformers rejoice over a great ethical upheaval.

We do not mean to say that the periodical overturns lack benefit; often they are very opportune.

THE PLAN TO STEADY COAL PRICES.

Secretary Hoover's plan for meeting the danger that the coal market may be seized with panic, contemplates a purely voluntary regulation of the trade to continue while the strike lasts.

To this, about fifty operators have agreed and an effort to bring all of the mines into the bargain is now in progress.

Against this fact, the secretary set the suggestion that if the operators do not regulate their own trade the government will regulate it for them.

Of course the operators are anxious to avoid what they consider interference with their business, and they must be aware that a riot of coal profiteering would be a stronger inducement to the passage of the Provinghuyzen bill than any agreement that a senator could offer.

The financiers now say that if America makes a big loan to Germany it will raise the value of marks and wreck German trade.

After what Gifford Pinchot did in Pennsylvania the notion that a silk stocking politician is at a disadvantage among the farmers appears to be badly in need of revision.

Perhaps the senate would't be so long doing its work if the house of representatives would send fewer impossible measures to it for it to whip into shape.

To be the real thing the he-flapper ought to wear a Buster Brown cut.

As a good forester, Gifford Pinchot naturally knew how to find his way through the political woods.

NOTED SPORT AUTHORITY TO REFEREE INTERSCHOLASTIC GAMES

WALTER ECKERSALL

was practically disregarded by the jury, it is understood, when the error was found.

From the nature of the cross-examination Tuesday it would appear that West's attorney is attacking the auditor's report with a view to reopening later in the trial, that it be stricken from the records together with all testimony based on it.

Cross examination of the auditor will be continued this morning.

Will Argue Motion

At one o'clock Tuesday Myron J. Spencer, attorney for the defendants indicted by the grand jury on charges of conspiracy to defraud the state, argued a motion requesting the court to order the prosecution to furnish amended bills of particulars to support indictments brought against his clients.

During the first session of court following the grand jury session, Mr. Spencer's motions to quash some indictments and for bills of particulars in others were granted by Judge Flanigan.

The prosecuting attorney filed his

of particulars, but Mr. Sherwood takes the position that they do not give proper specifications of charges contained in the indictments.

We Have Just Received a Shipment of New Army Shoes All Styles and Sizes The Panitorium Dealers in Second-Hand Clothing

RESOLVE TO END JAZZ MUSIC RUN

U. P. Women Want Popular Good Music; Good Music Popular.

MARQUETTE, May 25—The upper peninsula district of the Federation of Women's clubs believes that "jazz," the popular music for dancing, must go and that the public must learn to appreciate a better quality of musical entertainment.

The district organization has gone on record as favoring abatement of the present type of music and has adopted as a slogan, "Make Good Music Popular, and Popular Music Good."

The subject is covered in the following resolution, drawn by a special committee appointed at the recent district convention in Marquette.

"Be it resolved that: 'The Upper Peninsula District of the Federation of Women's clubs go on record as endorsing all forms of activity to bring good music into the daily life of the people, through the public schools, churches, theatres, moving picture houses and various public entertainments. We realize that better quality of music than is ordinarily heard is easily available and may be used without loss of sentiment or spirit. Really good music needs only to be sufficiently heard to be preferred to the cheap, gaudy and obnoxious compositions so thoughtlessly used. This music commonly known as 'Jazz' can only be recommended as detrimental to musical appreciation, and sometimes also to morals. Let us adopt the slogan and work to 'Make Good Music Popular and Popular Music Good.'"

"HALLIE F. NICHOLS, 'ABBY BEECHER ROBERTS, 'JESSIE L. SNAYELA, 'Committee."

National Firemen Meet in Ludington

(By Associated Press) LUDINGTON, Mich., May 25—More than Joseph, chief of the Ludington fire department, has made tentative plans for the twenty-fourth annual convention of the National Firemen's association, to be held here July 18, 19 and 20.

Several business sessions, a banquet, memorial services and various entertainment features are called for.

RED PEPPER FOR COLDS IN CHEST

Ease your tight, aching chest. Stop the pain. Break up the congestion. Peel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints, relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, stiff neck or sore muscles, just get a jar of Rowels Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known.

TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night.

Any breaking out of the skin, even freckles, itching eczema, can be quickly overcome by applying Mentho Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings relief from skin irritation, soothes and heals the eczema, right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho Sulphur from any good druggist and use it like cold cream.

ADMITS MISTAKE IN PRISON AUDIT

Error of \$10,000 Is Made in Checking West's Accounts.

MARQUETTE, May 25—The only new development Tuesday in the trial of Stan A. West, accused of embezzling state funds when employed as bookkeeper at the branch prison was an admission on the witness stand by J. B. Edmiston, accountant that he made an error of about \$10,000 in checking up prison accounts kept by West.

This testimony was given by Edmiston late Tuesday afternoon when he was being cross-examined by N. C. Spencer, attorney for West. Edmiston admitted in answer to a direct question from Mr. Spencer, that the \$10,000 error was found in figures which he had compiled as a report of his audit figures which purported to show the amount of the alleged shortage.

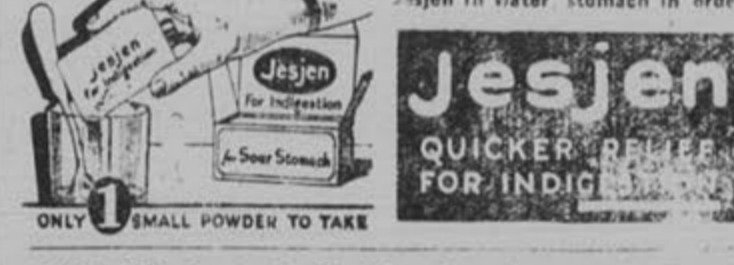

The auditor's report was included in the testimony presented to the grand jury which indicted West and

VETERAN OF CIVIL WAR REVEALS HEALTH SECRET

Tells of Wonderful Remedy That Has Kept Him Fit for Thirty Years

The Civil War ended more than fifty years ago, and the veterans of that great conflict are rapidly passing. The soldiers of that period endured many hardships, were exposed to the elements and in many cases, were ill fed. These conditions led to chronic ailments of all kinds, such as rheumatism, lumbago, sciatica, constipation, heart trouble and diseases of the kidneys and liver.

MEN GIRLS LOVE

By Laurel Gray

POLITE men are lovable men. Girls love polite men and when the innocent bystander observed the manners of the modern male it is a cause of wonder that so many regular chaps are so careless of the conventions of polite society.

PERSONAL

Doctors Ask U. S. Sell Them Rum But, As Medicine

ST. LOUIS, Mo., May 25—A recommendation that the government put up and sell to physicians whisky in 8, 16 and 32-ounce bottles, was made by the board of trustees of the American Medical Association at its seventy-third annual convention here.

MANY MENOMINEE CARS COMING TO ESCANABA SUNDAY

Fully 150 Fans Expected to Accompany Menominee Club Here for Game Next Sunday.

MENOMINEE, May 25—How many auto-loads of Menominee fans are going to make the trip to Escanaba Sunday morning? This question is frequently asked in sport circles this week.

Last night's announcement that a motor parade trip to the northern city would accompany the local baseball aggregation, was received with much enthusiasm, and already about sixteen cars have been listed, says the Herald-Examiner.

Manager Bresnahan's aggregation of ball tossers have been working hard in practice for this event, and are reported to be going in great style, indicating that Escanaba is in store for a regular he-man surprise when the umpire announces "Play ball" next Sunday afternoon.

Pitchers' Battle Expected

Krasnicky will face Evans in the rubber. These former teammates are each anxious to top the game, and Evans decided victory of the Gladstone tribe last weekend at Escanaba, won him a place in the northern city's hall of fame, and they are banking on him to stop the Menominee sluggers at the plate.

The auto parade will leave the Electric Square at nine o'clock. With good driving all the way the big delegation will arrive in time for the noon day lunch.

Who else wants to join this crew of regular he-men? Get set for the trip Sunday. We want at least thirty cars.

SAY 'CAPTAIN' FLED WITH GIRL

N. Y. Police Train Ex-Salvacionist On Charge of Abducting Army Private, Sixteen.

OLEAN, N. Y., May 25. County authorities have taken charge of the hunt for Edward E. Ballinger, ex-captain of the local corps of the Salvation Army, and Blanche Foster, 16, member of the corps. A warrant for the arrest of Ballinger on the charge of abduction was sworn out by the girl's mother.

Authorities believe that Mrs. Lena Arrow, mother of three small children, are with the runaways. In letters found in rubbish near the Foster home instructions were given to join Mrs. Arrow. The writing was identified as that of Ballinger, by Mrs. Margaret Ballinger, the deserted wife.

Two trails, one to Nebraska, and the other to a city between Olean and that state, are being followed by authorities. Mrs. Arrow, it was learned, left her home in Pennsylvania, May 12, the day before the Foster girl went away. Ballinger left here May 16. The ex-captain intended to join the woman and girl in the city before going to Nebraska, police were informed.

The district attorney will seek indictments against Ballinger on an abduction charge, and Mrs. Arrow for being an accessory, according to authorities.

MOONSHINERS HAD HAPPY EXCURSION DOWN TO DETROIT

U. P. Violators Acted Like Schoolboys, Says Detroit Newspaper.

MARQUETTE, May 25—That the upper peninsula's fifty-two dry law violators sent to the Detroit house of correction last week by Judge Sessions looked forward to their incarceration with "hops up" is attested by the following from the Detroit News:

Fifty-two upper peninsula prohibition law violators, sent here from Marquette by the government, rolled into the Woodward avenue Michigan Central Station at 9 a. m. today on the "Moonshine Special," and were transferred to the house of correction in two sight-seeing busses.

Despite the fact that they faced sentences of from three to six months each imposed by Clarence J. Sessions, federal judge, who held court in Marquette, the 52 acted like school boys out on a lark.

Largest Group

The prisoners, the largest group ever brought into Detroit by federal or state authorities, were guarded by 29 United States marshals, under Henry Johnson and T. T. Hurley, of Marquette. Robert H. Grogan, deputy marshal here, and a squad of police from the Bethune station, were on the platform.

With laughs and cheers, the prisoners tumbled out from an old red coach at the end of the train. Most of them smoked cigars, and carried huge parcels of lunch under their arms. One man bore a large cribbage board. They were arranged two abreast, police and marshals skirting the edges of the line.

As they started for the waiting motor busses, one way in the center of the ranks, his pockets jammed with bananas, started a military "step, step, left, right, left—right as well learn the old back step now, boys." Hoots and shouts crackled along the whole line in answer to this rally.

Hilarious Songs

There are just about 2,000 C. P. A.'s in the United States and it is thought that Mr. Klinger is the first man from Escanaba to receive a C. P. A. certificate.

Mr. Klinger received his early education in St. Joseph's parochial and high school. After leaving school he worked as a shipping clerk for the Delta Hardware Co. He resumed this position to take up a business course at Valparaiso University, Valparaiso, Indiana. After completing this course he worked for a short time as stenographer for the Packard Motor Co. at Flint, Mich., and resigned there to accept a position as stenographer in the War Department at Washington, D. C.

Shortly after arriving in Washington he enlisted in the navy. After his discharge from the navy in 1918, he commenced work as a stenographer for the Southern Railroad Co. at Washington, D. C.

In June, 1917, resigning his chances

passed, and children came running for blocks.

In the meantime, a cordon of armed guards had been flung around the institution by J. O. Stutsman, superintendent.

When the busses unloaded at the side door, a few of the deputy marshals shook hands with their charges, some of whom were personal friends. The men were taken immediately to the "dressing room" where they exchanged their civilian clothes for the steel blue uniform of the institution. All assignments were made before 11 a. m.

ESCANABA BOY WINS C. P. A. CERTIFICATE

Robert M. Klinger Makes Rapid Strides in the State of North Carolina Following the War.

Robert M. Klinger, son of Mrs. John Klinger, 312 Fourth avenue south, this city, has just received a certificate as a Certified Public Accountant from the State Board of Examiners of the state of North Carolina.

The examination consisted of theory of accounts, practical accounting, income tax law, commercial law and auditing and took three days to complete.

There are just about 2,000 C. P. A.'s in the United States and it is thought that Mr. Klinger is the first man from Escanaba to receive a C. P. A. certificate.

Mr. Klinger received his early education in St. Joseph's parochial and high school. After leaving school he worked as a shipping clerk for the Delta Hardware Co. He resumed this position to take up a business course at Valparaiso University, Valparaiso, Indiana. After completing this course he worked for a short time as stenographer for the Packard Motor Co. at Flint, Mich., and resigned there to accept a position as stenographer in the War Department at Washington, D. C.

Shortly after arriving in Washington he enlisted in the navy. After his discharge from the navy in 1918, he commenced work as a stenographer for the Southern Railroad Co. at Washington, D. C.

In June, 1917, resigning his chances

for advancement were limited, he started the study of accounting in his spare time and made such rapid strides that he was able in the fall to pass a civil service examination for auditor in the income tax unit.

Mr. Klinger made quick progress in the income tax unit, being at one time assistant chief of appointments, but as his mind was set on accounting, work, he left this responsible position to accept income tax returns and how employed in the Natural Resources Division of the unit which is one of the most highly technical branches of the income tax. He has been entrusted with several field investigations and has never failed to give complete satisfaction. He is at the present time in Huntington, West Virginia, making a special investigation.

Friends of Mr. Klinger in this city wish him every possible success in his chosen profession.

Clothing Appeal Meets With Fine Response Here

The appeal of the Federated Chamber for summer clothing has met with splendid response.

It is most gratifying to the Federation to receive new bundles of clean, serviceable clothing which can be given to the needy families of the city without first having to be repaired and re-washed.

All the clothing sent to the Federation through the Chamber of Commerce is available to the members of the Federation only, namely, the city, the Women's Club and the Salvation Army.

The modern silk hat was first worn in England about 1840.

The death rate from cancer has doubled during the last 40 years.

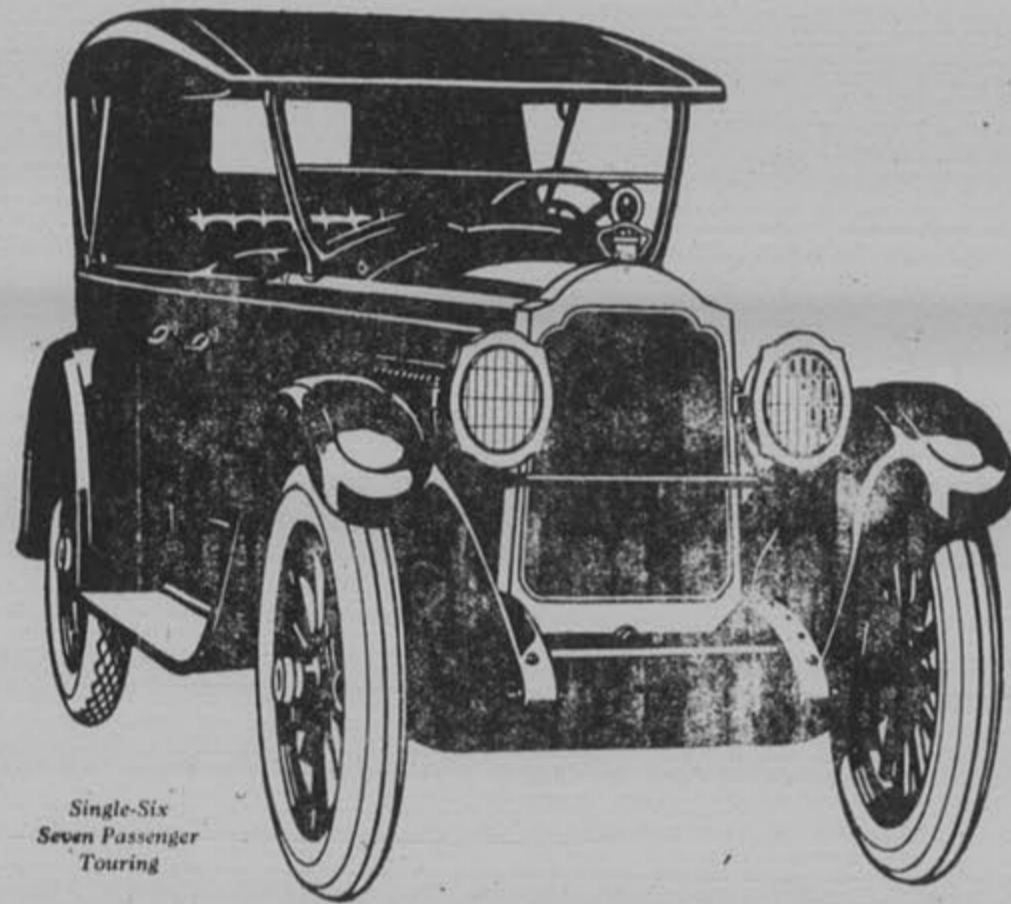

Why She Changed?

"I have always used the cheaper baking powders, supposing them just as good as Royal but I invested in a can of Royal Baking Powder and now find all my baking so much improved that I will use no other kind."

ROYAL Baking Powder Absolutely Pure Contains No Alum Leaves No Bitter Taste

Advertisement for Hall's Auto Radiator Service, featuring an image of a radiator and text describing leaky radiators.

IN the fabrication of really fine motor cars there has probably been no experience so exhaustive as Packard experience. So, too, there is probably no equipment in existence, dedicated over a long period to that high purpose, as exact and as effective in its application, as the Packard equipment. It was inevitable that out of these two basic advantages should come a leadership, among cars of Packard calibre, so outstanding as to be unmistakable. Carried beyond the best and most beautiful in Packard tradition, these new Packard Single-Six cars also set themselves apart and alone, as the most vivid examples of value in their class.

The price of the new Single-Six five passenger touring is \$2485 at Detroit. The new price of the Twin-Six touring is \$3850 at Detroit.

Announce Beginning Today**

A Great Ahead-of-Time

CLEAN-UP SALE!

Women's and Misses'

**High-Grade Apparel
Suits, Coats, Dresses, Skirts, etc.**

During the next six days—up to June 1st—The Fair Savings Bank will stage a Sale that you'll admit is apart and different from anything ever staged in Escanaba in the month of May. Different because it includes none but Highest Class Apparel.

We never hold "bargain sales of the sensational type," but we are going to sell thousands of dollars worth of quality apparel at such wonderful prices that it will make the sale and its better values the talk of the town and country-side.

Included in this Big Clean-Up Sale are several shipments of apparel manufacturers had failed to deliver on time. These shipments we accepted but at a big price concession, and to move them out quickly, offer the same, together with our regular stock, at prices no woman can resist.
