LAFOLLETTE ATTACKS SUPREME COURT

RECENT RULING IN COAL STRIKE CASE OMINOUS

Wisconsin Senator Declares Highest Tribunal Overstepped Itself.

Criticism Brought About by Ruling That Unions Are Amenable to Action Under Anti-Trust Law.

(By Associated Press)

Washington, June 6.—Declaring that the supreme court decision in the recent Colorado coal case was the "most ominous" in what it foreshadows for union labor in this country, Senator LaFollette, of Wisconsin, today issued a statement in which he criticized the court.

The opinion he stated was "significant, because of what the court says on the questions not involved in the case, rather than because of anything that is actually decided."

INSERT BOXED RULES

After reviewing the conditions which led up to and prevailed during the strike in the Arkansas coal mines in April, 1914, upon which the case was based, the Wisconsin senator declared "a six line decision was all that was

needed to dispose of the case—on its merits, for the supreme court was obliged to reluctantly admit the fact as I have stated," the reference being to the assertion of the senator that "there is not and never was a case against the defendant in the federal court."

"The circumstances are such as to awake a regret that in our view of the federal jurisdiction, we cannot afford the judgment."

"The court also went out of its way," the senator said, "to change the law as it has existed in the United States since the beginning of the government, that unincorporated associations, such as are involved here, could not be sued as an entity."

Reviewing what he stated was the authority of the chief court upon which is based the findings, Senator LaFollette said, "Chief Justice Taft neglected to state that as the result of the Taft-Vail case, the British parliament passed a statute which took up that decision root and branch and made it impossible for an English court to ever render a similar decision."

"No doubt our supreme court feels secure before the bulwark of a rigid constitution, the meaning of which that court has arrogated to itself, the function of finally determining," the senator concluded.

Mr. and Mrs. Albert Bloom and Mr. and Mrs. V. J. Bloom, of Minneapolis are visiting at the home of their parents at 417 south 9th street.

AIDS IN WAR FRAUDS PROSECUTION, AND FOREMAN SPECIAL GRAND JURY

Mayor Stenbrink, leading New York lawyer (left) has accepted appointment as a special assistant to prosecute war fraud cases under the plan just made public by Attorney General Daugherty. (Right) Representative C. Frank Reavis of Nebraska, will resign from the House.

SIGNOR RICCI BELIEVES IN FREE SPEECH

Italian Ambassador Objects to Criticism of U. S. Senator.

Declares He Has Perfect Right to Tell What He Thinks of Tariff Matters and Immigration.

(By Associated Press)
WASHINGTON, June 7.—Taking note of objections made in the senate by Senator Watson of Indiana, to discussion by him of tariff and other legislation, Signor Ricci, the Italian ambassador in a formal statement today declared that tariff duties were an international problem and as such were a proper subject for discussion by the diplomatic agent of a foreign country.

The Italian ambassador defended his address in which he spoke on the American immigration laws, declared "when merchants and business men invite me to speak before their associations, I endeavor to say things clearly and to demonstrate the practical results therefrom, without ambiguity or circumlocution, apt only to befog the issues under consideration."

Intention to interfere with American internal affairs was disclaimed by the ambassador in his statement, the substance of which in reply to statement made in congress was regarded in diplomatic circles as a most unusual procedure.

Sweden is a land of enlightenment; education is compulsory.

HAVE YOU GOT YOUR DRIVER'S LICENSE?

Mr. Mrs. or Miss Motorist, if you have mislaid your driver's license, or have failed to get one, leave the car in the garage and amble to the city clerk's office unless you care to explain things to the state police.

Yesterday state policemen were stationed in Marquette to check up on motorists and find those who are driving without licenses, and they may be in Escanaba soon. They stopped scores of drivers and many could not show the certificates which the state law stipulates should be on their persons whenever they operate their automobiles.

91 WILL MAKE UP COMMENCEMENT CLASS OF 1922

Tentative List Is Given Out for Publication by Supt. Olds Today.

Graduation Exercises Will Bring to a Close One of the Most Successful School Years.

One of the largest graduating classes in the history of the local high school will be presented with diplomas at the final entertainment which will mark the close of the school year.

While it is generally understood that all of the following students will receive diplomas, this is only a tentative list and there may be one or two omissions when the final examination papers have been marked up.

NOLLE PROSE MOVE MADE IN PRISON CASES

Prosecution Requests Action; One Case Left On the Calendar.

MARQUETTE, June 7.—On motion of the prosecuting attorney and the attorney general of the state, four cases involving persons indicted for alleged criminal conspiracy by the grand jury which investigated affairs of the Marquette lunatic prison were nolle prossed yesterday afternoon in circuit court by order of Judge Richard C. Plannigan.

Nolle prosequere orders were entered in the following cases:

- People vs. Everett A. Thornton, Joseph Cone and W. A. Herbert.
- People vs. John G. Stoenum, Albert Horstein and Frank Russell.
- People vs. James L. Deagon, Robert Rhinehard, Eugene Johnston, Frank A. Ledstrand and Frank Russell.
- People vs. E. A. MacDonald.

The cases in which Frank A. Helm, of Chicago, is charged with obtaining money under false pretenses and with criminal conspiracy have been stricken from the calendar and the same is true of the case charging Louis S. Shauer and Gustave G. Shauer with criminal conspiracy.

Thus the only case left on the calendar is that in which Swan A. West, former prison clerk, is charged with criminal conspiracy, and this was continued for the term on motion of the prosecutor. West was named in two indictments. On the first, charging embezzlement of state funds, he was found not guilty after a jury trial.

The grand jury returned fifteen indictments, seven of which were quashed by the court on motion of counsel before the West embezzlement case was brought to trial. Acquittal of West, striking of the Helm and Shauer cases, and yesterday's nolle prosequere action leaves the calendar bare of prison cases, except for the one against West.

Court was adjourned yesterday afternoon after hearings in two divorce cases. Judge Plannigan has returned to his home in Norway.

Rev. Fr. J. B. Moriarity Will Come to Escanaba to Accept Pastorate of St. Patrick's

According to unofficial reports which may be taken as facts, Rev. Fr. Jeremiah B. Moriarity of Ironwood, will succeed the late Rev. Dr. Barth as the pastor of St. Patrick's church, and will make the announcement to his congregation in Ironwood Sunday. The announcement will probably be made in this city on the same day.

The appointment of Rev. Fr. Moriarity as the pastor of St. Patrick's church in this city will undoubtedly be received with general satisfaction by every member of the congregation, for he is a man who is fitted in every way to head the parish. A large number of the members of the local parish know

him personally and he has been regarded as one of the ablest pastors in the Marquette diocese, and an eloquent orator.

He was born and raised in Marquette and for the past ten years has had charge of the Ironwood church. His departure from that city will be regretted by his congregation for during the time he has been there he has worked hard to build up the parish and has just succeeded in raising a fund of \$100,000 for the erection of a new church.

With the announcement of his appointment to St. Patrick's church, the time of his assuming charge will also be given out.

MORE SOFT DRINK LICENSES GIVEN BY CITY COUNCIL

Much Other Business Came Up at Meeting Last Night.

The meeting of the council which was held at the city hall last evening was taken on several more licenses to conduct soft drink parlors.

The last piece of business taken up by the council was action on applications for beverage shop licenses. The following proprietors were granted permits: George Spears, South Park; G. Dessoire, South Park; Mrs. J. Hubens, South Park; Otto Sheriff, 1629 9th Ave. So.; Ed. Anderson, Royal Grocery Co.; Louis A. Hoyle, Ludington St.; Frank Scanton, Ludington street; George Propos, 1000 Ludington st.; Jos. Schutte, Ludington st.; Della Hotel, D. Cromier, Ludington st.; George Saykly, 2nd Ave. N.; Gust Graphos; Mrs. Charles Daily, 17th St.

Those denied licenses were V. H. Johnson, 330 Stephenson Ave.; Margaret Brassard, 322 Stephenson; The application of George Finnegan, 300 So. 6th street was held over for further consideration.

A petition signed by upwards of fifty persons was submitted to the council asking that the body reconsider its action on the denial of a number of licenses at a recent meeting.

The council received the petition and placed it on file. Aldermen explained at the meeting that individuals citizens who have suggestions to make are at liberty to appear before the council with cases of any nature on city business at any time they deem it necessary.

WOMEN FILE PROTEST

One of the features of the evening was the request of a number of women living on South Eleventh street, who appeared before the city body in a delegation, that the city use more care in placing ashes upon the street.

It was alleged that the ashes are dry and as they are spread, great clouds of dust arise and spread to the homes, causing great inconvenience and an unusual amount of work in cleaning the homes.

The council ordered the street department to sprinkle the ashes hereafter and not put the women to so much inconvenience.

HOOPER REPORTS FAILURE IN THE COAL ARGUMENT

Says Efforts of Himself and Colleagues Have Not Been Productive of Beneficial Results.

(By Associated Press)
WASHINGTON, June 7.—Secretary Hoover, in a report to the senate today, disclosed that he and Secretary Day had sought to present recently suggested terms of a settlement of the existing coal strike, but so far their efforts had been without results.

The commerce secretary's statement, which was the first disclosure that the government had sought to intervene in the struggle between the miners and operators in union fields, was contained in a response to the resolution by Senator Walsh, Democrat of Massachusetts which was adopted by the senate several days ago, calling for investigation regarding the coal strike.

It was indicated today that no wage decision affecting telegraphers, the next class of labor to be taken up by the board, will not come before the board for some time.

Fort Brady Now Recruiting Men for Overseas Duty

The recruiting officer at Fort Brady at the See, now has an opportunity to enlist men for overseas duty. Instructions have been received that recruit men for the Infantry and five for the Field Artillery are needed immediately.

The assignment will enable the men to travel and see considerable of the world at no expense to himself. Men desiring to enlist should apply to the Commanding Officer at Fort Brady, Sault Ste. Marie, Mich., and if between the ages of 18 and 21, they should bring some evidence of age such as a birth certificate, school certificate or an affidavit of parent showing day, month and year of birth.

Elizabeth Taylor and Cecile Esvland of this city, motored to Schaffty to spend the day.

Wales has the largest slate quarries in the world.

By the mayor and council that this ought to satisfy the people.

NEW AUTO ORDINANCE

An ordinance directed at the parking of cars near theatres or hotels will probably be drafted by the city attorney, as a protection to the public in case of a fire. Alderman Cotton said that with the large number of cars generally parked about such places it would greatly interfere with the work of the fire department in case of an accident and would probably have a tendency to prevent people getting out of the buildings. Attorney Riley will study the proposition and report at a future meeting.

The attention of the commission was called to the condition of some of the sidewalks by Alderman Hanrahan, who stated that in many places one of the cement sections had dropped down making the walking unpleasant and always causing a puddle of water on every rain. This was called to the attention of the street commissioner with instructions to correct all faults of that nature.

Other matters to come before the meeting was the resignation of Geo. Harvey from the library board which was received and adopted.

The request of the park care taken for a telephone. The request of the residents along North 19th street for a water main.

STRIKE VOTE OF UNIONS IS ON WITH RUSH

Orders Issued to Print Over Million Ballots and Mail Them.

Speed Will Maintain Through-out So That Vote Will Be Returnable by June 30; 1,200,000 Will Vote.

(By Associated Press)
CHICAGO, June 6.—Strike ballots returnable on June 30th, went out today to railway employees covered by wage reductions ordered by the United States Railroad Labor Board.

The vote will be taken by individual unions whose 1,200,000 members are affected by orders either issued or pending.

Paralysis of the national railroad on July 1 looms as a possibility as a result of the reductions which have already taken away \$110,000,000 from the pay envelopes of the workers. The cut is effective on July 1st.

Meanwhile the members of the board are preparing to hear disputes this month between ship craft employees and some of the roads over alleged unauthorized wage reductions for piece work.

B. M. Jewell, head of the railway employees department of the American Federation of Labor, who is leading the fight against the board's orders, was informed that the first of the hearings would be held tomorrow. Twenty-one roads are slated for an authorized wage reductions before the hearings. It is expected this hearing will run into several weeks.

It was indicated today that no wage decision affecting telegraphers, the next class of labor to be taken up by the board, will not come before the board for some time.

Will Make Auto Camping Trip to Denver, Colorado

Mr. and Mrs. H. G. Eslington, of Wells, will leave tomorrow morning for an extended automobile campaign trip throughout the west. They will go from here to Chicago, where they will be joined by their son Harry and at Lyons, Kansas, Karl Esington, another son and his wife will become members of the party.

A complete but compact camping outfit has been provided for the accommodation of the party and part of the time will be devoted to camping.

Pat O'Brien of Iron River Was In the City Today

Hon. Patrick O'Brien, editor of the Iron River Reporter, Cloverland's newest daily publication, drove to Escanaba today and enjoyed the excitement and pleasure of strolling up one side of the street and says he wishes he could do it often. He was accompanied by E. S. Cole and B. H. Campbell, of Iron River.

Detroit.—The new vessel of the Detroit & Windsor Ferry company, said to be the largest fresh water ferry in the world, has been launched in Toledo and will be in operation here within about a month if present plans are carried out.

Home is as near you as the Telephone

NO matter where you roam—or where business or pleasure calls—you will find a telephone near.

Don't spoil the pleasures of your tour or of your fishing or week-end trip with a single worry about the welfare of the folks at home or about your business.

Just keep in mind that every Bell telephone is a connecting link between you and home. Call home every evening—let the folks know you are thinking of them in the midst of your pleasures.

There are special evening and night conversational rates that make your calls very economical.

MICHIGAN STATE TELEPHONE COMPANY

ROYAL WEDDING WILL PRESENT NOVEL FEATURES

Young King Alexander Will Take Bride to Throne Tomorrow; Five Days of Festivities Mark Event.

BELGRADE, June 7—Many novel features will be introduced at the wedding, set for June 8, of young King Alexander of Yugoslavia to Princess Marie of Rumania. The marriage ceremony will be preceded and followed by festivities covering five days, in which the people of both countries will participate.

The Rumanian Royal family will leave Bucharest by train for Orsova, on the Danube, where they will embark on the Royal yacht for Belgrade. The party will be escorted up the Danube by monitors of the Yugoslav and Rumanian navies.

On arriving at Belgrade there will be an official and national reception, followed by a procession of delegates from all the Yugoslav colonies through the troop-lined and decorated streets. The King and his future bride will then proceed in State to the cathedral, when a solemn Te Deum will be sung.

The next day a reception of all the deputations from the various provinces, dressed in national costume and bearing gifts for the bride and groom, will be held. In the evening there will be a gala dinner at the palace, attended by all the visiting dignitaries and foreign envoys. This will be followed by a concert at the palace by the Royal Court orchestra.

The events on the day before the wedding include a reception to foreign guests; an official luncheon at the palace, national rejoicing and festivities on the part of the people, and military reviews. In the evening the King of Yugoslavia will give a banquet for his royal guests. This will be followed by a serenade in which more than 2,000 singers from the Serbian provinces will take part.

The wedding is set to take place in the Serbian Cathedral at 11 a. m., June 8. The Patriarch of the Serbian Orthodox church will officiate. In accordance with Serbian custom, no civil ceremony will be held.

The bride and groom and the royal families will then return to the palace in state, where they will receive the congratulations of relatives, friends and others. This will be followed by a luncheon at the palace, with the representatives of foreign families, cabinet members and government officials, as guests. In the afternoon there will be a military review. Another formal dinner will be given in the evening by the King and Queen of Rumania in honor of the bride and groom.

The Royal couple will then depart for a castle at Beed, Slovenia, six hours from Belgrade, where the honeymoon will be spent.

WILL NOT MAKE SPEECHES UPON THE NEXT VISIT

Lady Astor So Announces as She Departs From Her Home Abroad.

Continuous Speaking Becomes Tiring to the Nervous System, Declares Famous Politician.

(By Associated Press) NEW YORK, June 7—The next time Lady Astor visits America, she intends to make no speeches. That was what she confided to reporters before sailing for England.

Few public speakers, or workers of any sort, are ever freed to the high nervous tension with which Lady Astor seems charged when addressing an audience. Her nervousness may not have been so apparent to listening crowds at her 100th public speaking appearance in this country during April and the first three weeks of May. But if one sat near her, the eye quickly observed that she incessantly wrung her hands behind her back and ran her fingers over and under her jeweled bracelets, the muscles of her arms and shoulders quivering from nervousness.

Somehow the strain never seemed to affect the clarity of her speaking tones. In fact, her talks to crowds, no matter what their size, were in a manner friendly and informal. Always she was breaking away from her prepared notes to start a sentence with the loose, conversational "now" or "well."

But when the speech was done, the first woman of the House of Commons was fagged out and intensely nervous. That, too, seemed never to ruffle her smooth, smiling demeanor, nor did her expression reveal fatigue.

Lady Astor knew how high-strung the Lady Commoner really was, and he made it his job to keep her from talking too much to friends just before or after a speech. "Nancy, Nancy," he would call in warning whenever she pitched straight from a speech into chats to which she seemed to give just as much energy.

Reporters seated immediately in the rear of the speaker's dias when Lady Astor gave her farewell address noticed that her shoulders suddenly dropped to a pink flush as she got up to talk. Then, when her message had gone over, and there remained only the two closing paragraphs, the

tenstion was relieved and the blush faded from her skin.

Coach Yost Is Not Planning Retirement

(By Associated Press)

ANN ARBOR, Mich., June 7—Coach Fielding H. Yost desires to set at rest rumors emanating from all parts of the country of late that he is preparing to quit football coaching at the University of Michigan after more than two decades as mentor of the Maize and Blue machines.

The rumors have been so persistent recently that Coach Yost has made the following official statement, de-

scribed by his friends as "typically Yost:—"

"I expect to die some day. Also I expect some day to quit football coaching. The date of either event is indefinite."

The administration of law in La Grange township, N. Y., is now a family matter, Mrs. Anna S. Herz being constable and her husband judge.

Not "How Many" But "Who Are They?"

Quality depends upon what a thing is—not upon how many there may be of that particular thing. The whole of anything is the measure of value of its parts. Take Want Ads for instance. You couldn't hope to collect results from even a million people if not a single one of them had the dollars to purchase what you offered through that Want Ad. Yet if that same offered was purchased by many with the right sized check book—that distribution of exactly ten would be worth as much to you as a million "impossibilities." Remember, that when using Want Ads, if you'll hitch up to Mirror Want Ads, then you'll always be certain of an audience big enough and worth enough to do what you want them to do.

SPECTACLE MEN WILL GATHER IN NATIONAL MEETING

Indianapolis Will Be Scene of Elaborate Entertainment for Hundreds of Optometrists Soon.

(By Associated Press)

INDIANAPOLIS, Ind., June 7—Problems growing out of the new educational standards recently outlined during a conference on optometric education are expected to be among the most important matters to come before the 5th national convention of the American Optometric Association here June 25 to 29.

Leaders in the profession from all over the United States, Canada and Cuba have been given places on the program, it was said. Optometrists of Indiana have been working for nearly six months in arranging for the event. A splendid social program also has been arranged, one of the features being a circus to which the children of the city will be admitted free of charge. Shopping tours, garden and theatre parties, a golf tournament, a banquet and a dance also have been arranged.

Officers of the national association are Oliver Abel, St. Louis, president; Martin A. Luese, Washington, first vice-president and chairman of the department of administration; W. S. Todd, Hartford, Conn., second vice-

president, and chairman of the department of education; George L. Schneider, Berkeley, Cal., third vice-president, and chairman of the department of publicity; Stanley Gray, Toledo, Ohio, fourth vice-president and chairman of the department of organization and legislation; W. V. Nixon, Dayton, O., secretary, and C. M. Jenkins, Richmond, Ind., treasurer.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darken So Naturally That Nobody Can Tell.

Hair that loses its color and lustre or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge of soft brush with it and draw this through your hair. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

GIRLS MEN MARRY

By Laurel Gray

GIRLS and the whole world find it easy to love an optimistic man. It is clever to be pessimistic, but that sort of cleverness is for the garden party, the dancing pavilion where anything will bring a laugh. The rosy round-lay of romance requires optimism, the very institution of matrimony is based on optimism. The fellow who cultivates a cheerful view of the world and whose credo is liberally studded with bright stars of optimism, has already paved a broad path for his own success and satisfaction in the serious business of Getting On. Just as all ball players, salesmen, dentists and folks who raise chickens are optimists, the gallant suitor must possess an optimistic heart. Love-making is the most hazardous game in the world, and the man who has an armor of optimism will find his armor embrothered with the golden threads of unquenchable confidence. While there's life there's hope! Where love blooms is the smile of optimism. Selah!

PLINT The advance guard of horses that will compete at Davison track during the meeting of the Short Shippers in the week of June 19 has begun to arrive. About 170 pacers and trotters are expected to be here when the meet opens.

SAGINAW The salary list of players in the Mint League will remain at \$3,000, it is announced by league officials.

First Authentic Photo Taken of Matty Since His Illness

The Peerless Pitcher of baseball now back to health is credited with the greatest battle of his career in his victory over the pulmonary illness which overtook him three years ago.

DETROIT, June 7—A public information booth has been opened in Campus Martius. It is designed to serve strangers as well as Detroiters and the patrolman in charge will endeavor to answer all questions regarding train schedules, locations of streets and buildings, and many others.

SAULT STE MARIE, June 7—Trout fishermen are preparing their files for opening of fishing in St. Mary's rapids. Fishermen were prevented from taking trout during the spawning period.

Slavery Still Exists

Even today, some women do not realize the advantages of buying their bread from bakers who are specialists in this delicate art.

Why slave in a hot kitchen—why experiment with expensive food ingredients and pay more in the end for inferior bread?

Be progressive. Order this week's supply from your grocer. Compare our bread with what you have been accustomed to and see for yourself how much more economical and convenient it is to buy—

BUDGETS CUT BY BOARD ALLOWING SCHOOLS MONEY

Appropriations Allow Them Half the Amount Granted for Building in 1921.

(By Associated Press) LANSING, Mich., June 7.—The tentative program adopted by the state administrative board to govern building operations during the next fiscal year at the University of Michigan, the Michigan Agricultural College, and the four state normal schools will allow the institutions less than half the appropriations granted them by the 1921 legislature for building and improvements. It will, however, if followed, mean that considerable building may be forwarded during the fiscal year 1922-23.

RUSSIA IS IN NEED OF LARGE AMOUNT OF MACHINERY NOW

Supplies Now Going in Are Small and Hardly Noticeable.

Germany and Russia Plan to Work Out Their Own Economic Life.

(By Associated Press) MOSCOW, June 7.—Russian needs a vast amount of machinery and other material for the rebuilding of her industries, but instead of a flood, the incoming streams of supplies are tiny and hardly make any impression on the actual needs of the country. Had the Geneva conference agreed upon an international loan to help Russia's conditions in this regard might be much more favorable today. It is pointed out but as it is, Soviet officials are saying "A little water is welcome in a de-

Germany," he said, "will give Russia technical help. I am of the opinion that Russia and Germany can re-establish their economic life by their own efforts."

The Russian Foreign Trade Department and the Supreme Economic Council discontinued many negotiations with individuals seeking concessions or endeavoring to make sales, while the Geneva conference was in session. These negotiations are now to be renewed.

Foreign money is coming into Russia in dribs and drabs, and foreign industries, particularly German, are accepting concessions with a measure of control by the Bolshevik government.

URIC ACID IN MEAT BRINGS RHEUMATISM

Says a little Salts in water may save you from dread attack.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water. Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

FREIGHT RATES IN MICHIGAN ARE TO BE ADJUSTED SOON

Adjustment of Rates Will Allow Larger Amount Trade to be Carried On Between Peninsulas.

(By Associated Press) DETROIT, Mich., June 7.—Detroit shippers and Michigan railroads have reached an agreement whereby freight rates between the Detroit and the Upper Peninsula are to be adjusted. The agreement was reached after the transportation committee of the Board of Commerce made an endeavor to have Detroit placed on a parity with Chicago and Milwaukee to points in northern Michigan.

Chiropractors to Meet June 9, 10, 11

LANSING, Mich., June 7.—Delegates from many Michigan cities are expected here June 9, 10 and 11 for the annual state convention of chiropractors.

STOP RHEUMATISM WITH RED PEPPER

When you are suffering with rheumatism so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat in three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and the old rheumatism torture is gone.

A Good Reputation plus a Better Price — \$10.90

THE new low mark of \$10.90 for the 30 x 3 1/2 size "Usco" created something of a sensation. Naturally, the first impulsive remark was on the "wonderful price."

Even more to the point are the comments of today.

People are getting more used to the \$10.90 price—but the "Usco" value is still a cause for wonder.

With thousands of \$10.90 "Usco's" running today, every locality has had a chance to check up on the surprising tire value.

Let all these "Usco" Tires now serving their owners so well remind you of this—

Whatever the price of "Usco," it has got to deliver big value because it has always done so.

Hotel Fort Shelby

Detroit

If he hails from Michigan, look for him first in the Fort Shelby

The genial atmosphere of this hotel has won the sincere friendship of business men throughout all Michigan, and of their families as well.

Stay at the Fort Shelby when next you come to Detroit. Avail yourself of the many conveniences to be had here. Let us purchase your theatre tickets and perform other similar courtesies for you. Write us in regard to any errands we can do for you in advance of your arrival.

Unusual accommodations for automobile parties. The Fort Shelby Garage service is unexcelled. It is important to remember that there is a shortage of garages in Detroit. For the accommodation of our guests we accept advance reservations for garage space.

The Fort Shelby, one of the newer hotels in Detroit, is conceded by many to be in a class by itself from the standpoint of service to the guest.

Rates per day: \$2, \$2.50, \$3, \$3.50, \$4, \$5. Double—\$3.50 to \$6

E. H. LERCHEN JR., Secretary-Treasurer
SETH E. FRYMIRE, Manager

TO THE VOTERS OF DELTA COUNTY

I do hereby announce my candidacy for the office of Sheriff of Delta County at the Primary Election, September 12, 1922, and earnestly solicit the votes and support of my political friends throughout the county for said office on the Republican ticket. My past political record is an open book to everyone and I invite the closest investigation and scrutiny of my official record, both as member and Chief of Police of the Escanaba department, and as Under Sheriff and Sheriff of this County. I have in every position entrusted to me by the people earnestly tried to do my duty as a public officer, always having in mind the best interest of all the people and the laws of the State. If favored with the nomination and election to the office sought, I promise to enforce the laws of the State without fear, favor or partiality to the best of my ability and honest convictions.

Thanking all my former political friends for their loyal support in the past, and in the hope that they again will favor me with their continued support for the office I now seek, as well as soliciting the support of our many new voters, ladies as well as gentlemen, I leave my candidacy in your hands with the assurance that I will be kindly remembered by all at the time of casting the primary ballot.

Yours for honest and conscientious service.

ANDREW IVERSON.

WEDNESDAY, JUNE 7, 1922

"Let's Make Escanaba A Better City"

THE PRESIDENT SAILS THE RIGHT COURSE.

President Harding makes no mistake in demanding of congress that it take prompt action with regard to the ship subsidy bill. This measure is of very highest importance to the country commercially. It provides a practical method for the establishment of a permanent American merchant marine on a business like basis. It ought to be passed as soon as possible.

The President intimates that if congress does not act, he will proceed to abolish the federal shipping board, that monstrous anachronism which persists as a hold over from the days of the last administration, and will wash his hands of the entire shipping problem, leaving its present management and future disposition to the legislators. Mr. Harding will be able to defend this course before the country without trouble, because as matters stand, he is able to accomplish nothing by keeping his finger off the merchant marine business, and because it is highly probable that if he does not abolish the shipping board in the event of failure of congress to act, the shipping board will abolish itself by process of disintegration. Nor if the members, including Chairman Lasker do quit can they be accused of shirking. Mr. Lasker in his recent exhaustive report fully exposed the impossible situation that exists and indicated the remedy for that situation, which remedy is indicated in the ship subsidy measure. There is nothing more he and his associates can do except mark time, and they are men who are too busy to be asked to waste weeks and months putting away at nothing, because congress is slothful.

Speaking more generally, it is a good thing that President Harding has lost patience with congress, and has begun to "talk turkey" to its members on any subject whatsoever. This is what is needed in Washington as much as any one thing is needed. We hope the President boils over some more in some other directions, and blisters the loafing senators and representatives until they are roused to action.

SOMETHING FLORIDA CANNOT DO.

A movement has started in Florida to change the name of the Everglades. The Miami Herald has offered a prize for the best suggestion as to what the new name shall be, the Tampa Times gives its approval, and the Miami Chamber of Commerce will back the movement if a suitable substitute is found. The rest of the United States, it is safe to predict, will go in its unheeding way calling the Everglades the Everglades, without regard to what Florida says about it.

The objection to the present name is that it suggests marmes, swamps and tangles of tropical vegetation in all their native wildness when, in point of fact, the Everglades region is rapidly being turned into farms. That is the same kind of reason the real estate dealer gives when he changes the name of a country road into something that sounds more civilized. In that way, the beauty of local geographical nomenclature is being destroyed in the vicinity of every growing city, and there is no help for it because the names are only known locally, but the name Everglades does not belong to Florida. It is wrapped in the history of the country and embalmed in the poetry of the world. It would be hard to think of another geographical name in all of the nation's wide expanse that is more suggestive, more alluring, more beautiful. Florida cannot abolish Everglades as the name of a region any more than Pennsylvania can abolish Valley Forge as the name of a town.

A PLAN TO REDEEM MARKS.

A dispatch from Washington details a report current in that city to the effect that the German government contemplates an announcement that it will redeem paper marks at something like their current exchange value. This is stated was learned "informally" after the German embassy had said it had no formal advices on the subject.

Taking the story for what it is worth and making all proper allowances for its informality it should still interest a considerable number of hopeful Americans who speculated in German marks. Their notion was that they could buy them at a cent or two and sell at the old rate of about four to the dollar when marks got back to par. That they would return to par was taken for granted, but as the months have slipped away and marks have continued to increase in volume and decrease in value this assumption has grown weaker and weaker. It is now fully realized that the German government is swamped in its own currency and marks at par are an impossibility.

That being true it seems likely that the German government could fix the value of the mark at some very low figure and undertake to "peg" it there without exciting any considerable protest.

NOT AN INFALLIBLE SIGN.

Dr. Frank Rose, clinician of the state health department, deems it important to tell the people that a child who is not up to the average weight for height is not to be classed below normal on that account alone. The idea appears to be that some children are naturally light of bone and spare of flesh, and where they have bright eyes, animated movements, firm muscles and a good complexion, the doctor is firmly of the opinion that their underweight is no proof of bad health.

This assurance would hardly have been necessary if some people had not been of a different opinion, but fortunately for the youth at large, there is a deep substratum of common sense underneath every faddish wave of science. Maybe some people have been trying to make the scales into a competent diagnostician, but the children's mothers and fathers, their aunts and grandmothers need no specialist's assurance that a lively child who looks well is in no danger of going into a decline merely because other children find reason for nicknaming him "Skinny."

ARKANSAS AFTER MORE TERRITORY

To File Claim in Supreme Court for the Bed of the Red River.

(By Associated Press)

WASHINGTON, June 7—Arkansas is preparing for filing in the Supreme Court an original suit in which it will claim not only all of the bed of the Red River, recently awarded to the United States in the boundary dispute between Oklahoma and Texas, but all that part of Texas east of the 100 degree of longitude west from London, and north of the 32nd degree of north latitude.

Counsel for Arkansas, engaged in the preparation of the case, stated today that a seventy mile strip of territory east of the present western boundary of Louisiana would also be claimed, and that the Supreme Court would be asked to remove existing confusion as to what constituted the "Mexican" boundary line, referred to by Congress in the enabling act of 1836 by which Arkansas was admitted into the Union.

Should the Supreme Court hold that the "Mexican" boundary line which was to be part of the southern boundary of Arkansas, mean the "Spanish" boundary line as fixed by the Treaty of 1819, then the thirty-second degree of latitude, counsel for Arkansas will contend, must be the southern boundary of the State from Louisiana to the 100 degree of longitude. However, should the Court accept Arkansas interpretation that the "Mexican" boundary referred to by Congress was the Rio Grande, its decision must transfer to Arkansas all of Texas east of the 100 degree of longitude.

Recently Arkansas was denied permission by the Supreme Court to intervene in the Oklahoma-Texas boundary case, when it sought to assert title to the bed of the Red River, which was then in dispute. It claims all the river between Oklahoma and Texas under that part of the enabling act which read that the State should be "bounded on the west to the north bank of the Red River" by the lines described in the Cherokee treaty of 1829.

ANNOUNCEMENT
Napoleon Primeau, who is a candidate for the republican nomination of sheriff at the September primaries, has issued the following reasons why he is looking for the nomination and office:

"I desire all of my friends in Delta county to know that I am an avowed candidate for the Republican nomination for the office of sheriff in this county. I am a taxpayer of years in this city and county. I was forced to retire from my first business here a few years ago and the national depression has now forced me to discontinue my logging business. I know that I am qualified to discharge the duties of the office. I have a large family to support and I could well use

the office to aid me in fulfilling my duty to my family.
"If nominated and elected I will give to the office my most careful attention, enforcing the law in spirit as well as in letter and generally endeavor to make for this county a careful and efficient sheriff. I wish to ask my friends and the voters of Delta County to give careful consideration to my claim for recognition. I will greatly appreciate any aid that may be given to my candidacy by my friends and voters of every section of the county. I intend to make a complete canvass to meet personally all of the voters before primary day.
"(Signed) NAPOLEON PRIMEAU."

Rich Parents Said to Disown Son When He Marries Follies Beauty

Mrs. Bradish Johnson Carroll, Jr. formerly Miss Gladys E. Zelman, "Follies" beauty, who was married to young Carroll recently, and for whose life the wealthy young man may lose his fortune. Love for the Junior Carroll's divorced wife, Mrs. Mary Fannie Clapp Carroll, is said to have inspired the parents in cutting off their son.

"FLIVVER" USED BY FARMER WHEN LAND IS CLEARED

Magneto of Famous Ford Put to New Use, According to U. P. Development Reports.

Land clearing activity throughout the entire Upper Peninsula is daily bringing to light many new "wrinkles" concerning the handling of dynamite for stump blasting. Perhaps the best stunt reported to date comes from Earl Roberts, county agricultural agent, of Iron county, who says:

"George Saarinen, of Amasa, has started something new by using his Ford car to fire electric blasting charges. Here is how he does it: He grounds one lead wire to the car. The other wire is attached to the light wire on the right side. When all his dynamite charges have been placed under the stumps to be blasted, he starts his engine, speeds it up, then turns on the light switch on the dash. Off go the charges.

"Mr. Saarinen tells me that he has shot as many as twenty-five capped charges at one time in this way."

"The idea sounds feasible, and we will try it out," declares A. J. McAdams, explosive expert in charge of all the dynamite work done by the Land Clearing Short Course now making an eight weeks' tour of the Upper Peninsula. "The big idea is to get rid of the stumps, and if the current obtained from a Ford generator or

magneto will fire off charges electrically, put it to good use. Nothing like making the most of the things at hand, for it is in this way that non-productive stump land will most rapidly be converted into productive, profit-making, dollar-making acres. The cleared acre is the big thing. Crank up the old Ford. Let'er go."

LABOR SHORTAGE ACUTE ON WEST STATE FARMS

(By Associated Press)

GRAND RAPIDS, Mich., June 7.—The farm labor situation is as acute in western Michigan as at any time during the war, according to W. A. Harper of Middleville secretary of the West Michigan Holstein Breeders association. "Farmers in my section are finding it almost impossible to obtain experienced and reliable farm help at any price," Harper says. "I know of one farmer who is paying \$60 a month and board. The man is an exceptionally good one and the farmer says he is worth it. Most of us are satisfied to try to get along without additional help this summer."

Mr. and Mrs. R. J. Slinger who have been visiting at the home of Mr. and Mrs. Nick Worth returned to their home in Buffalo, N. Y., yesterday they were accompanied by Miss Henrietta Worth who will visit with them for a few weeks.

Mrs. J. V. Cooney of Los Angeles, Cal., is visiting at the home of her sister, Mrs. J. McGraw, South 12th st.

Miss May Minick of Frankfort, Mich. left stopped off here enroute to Crystal Falls.

Miss Mabel Neurohr of Winde transacted business here yesterday.

A Stitch In Time Saves Nine--

This is an old adage, but it is good—particularly so when it comes to automobile tires. Get that little sand blister or cut repaired at once. Do not let it grow. The guarantee has been taken off on all tires now and it pays to take good care of them. Let us diagnose your tire ailments and save you money.

CAR OWNERS ATTENTION!

Having had many requests from car owners for Slip and Seat Covers, which we were unable to give satisfactory service on from the factory, we have now put in a stock of material and are going to make them to order.

This will enable us to give you excellent service and give you a clean Slip or Seat Cover at a price you wish to pay.

We hope the car owners will appreciate this service and as we will be in a better position when ordering from the factory, we ought to be entitled to the local patronage.

Our price on Clean Slips will be from \$1.75 per Seat to \$4.75.

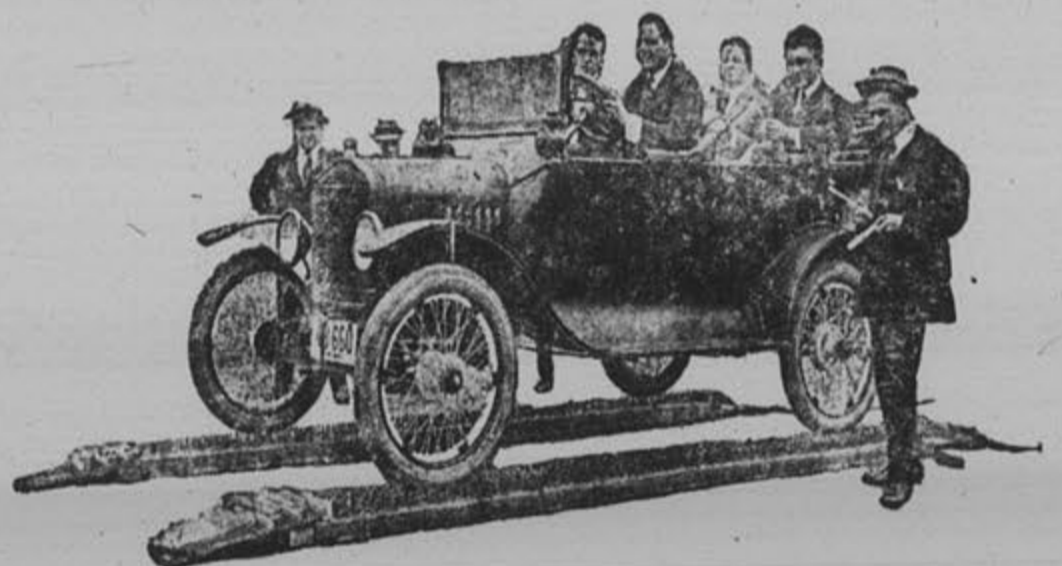

Seat Cover prices will range from \$7.50 per set to \$48, according to material and work desired, and the kind of car. We plan on one-day service. Bring the car in the morning; take it back at night, with a set of seat covers.

LEE Puncture Proof Tires

withstood this

"Torture Test"

TO PROVE beyond question that Lee Puncture Proof Pneumatics live up to their name, a car equipped with four of these sturdy tires was subjected to the "Torture Test" pictured above.

The car, containing four men, was run repeatedly back and forth upon improvised tracks—two planks from which 5,000 thirty-penny nails protruded, points upward.

Twenty-four keen-bladed butcher knives, edge up, formed part of the track. Fifty pounds of broken glass and 100 yards of barbed wire littered the approaches.

The tires used were not "special" in any way, and were not new—they had already delivered nearly 5,000 miles of non-puncture service.

Yet, this record is no more remarkable than the performance of Lee Puncture Proof Tires, year in and year out, in ordinary, every-day use, for the past ten years.

Equipped with Lee Puncture Proof Pneumatics, your car can be driven anywhere and everywhere, without fear—protected by our cash-refund guarantee against puncture.

LEE does make it safer

Buy Lee tires every time you buy tires

GIANT PARADE ON THE FOURTH TO BE FEATURE

Thomas Dufour Urges Those Who Will Go in Parade to Register.

List of Cash Prizes Aggregating \$250 Will Be Given to Those Whom Can Win Them.

Thomas Dufour, of the Young & Filion company, who has charge of the automobile parade which has been planned for the Fourth of July celebration in Escanaba, wants everyone who intends to go in the parade to register as soon as possible, so that he can figure on what may be expected in the way of participation in the parade.

Already several firms have entered industrial floats and there will be any number of decorated private cars. In order that the line-up in the parade will be artistically arranged, it is hoped that entries will be registered at once.

Cash prizes will be given and the sum of \$250 has been set aside for that feature of the day's celebration. Just how the money is to be divided has not been made public as yet, but there will be two good-sized purses with second and third prizes.

SOCIAL NOTES

"TRAIN WOMEN" TO MEET

There will be a meeting of the Auxiliary to the Brotherhood of Railway Trainmen, held in the North Star hall Thursday afternoon at 2:30 o'clock. Lunch will be served and cards played after the business session.

SWEDISH MISSION SOCIAL

The Excelsior Literary Society of the Swedish Mission church will hold their monthly social meeting in the church Thursday evening at 8 o'clock. Wendell Lund, state oratorical champion, will deliver President Harding's Arlington Cemetery oration. Refreshments will be served after the meeting.

OBITUARY

INFANT DIED TODAY

The one-day-old daughter of Mr. and Mrs. George Daley, passed away at the family home, 106 North 19th street, this morning. Funeral services were held this afternoon from the home with burial in St. Joseph's cemetery.

EUGENE BOVIN

The funeral of the late Eugene Bovin was held at Gladstone this morning and was attended by a large number of friends of the unfortunate young ex-service man.

The procession from All Saint's church where the services were held, was headed by members of the American Legion. The pall bearers were composed of members of one of the railroad organizations and members of the Gladstone fire department formed part of the procession.

Rev. Fr. Bennett conducted the services.

LARSON FUNERAL TOMORROW

The body of Peter Larson, who died at his home in Masonville yesterday was returned to the family home from the Alfo Funeral Home this afternoon and the services will be conducted tomorrow afternoon at 2:30 o'clock at Masonville.

WORK ON STATE FAIR ROUNDS IS WELL UNDER WAY

Arthur Peterson Says Great Improvements Are Under Way for the Coming State Exhibition.

The work of putting the Michigan state fairgrounds in condition for the 1922 fair, and also that of carrying out a number of agricultural experiments designed to prove conclusively to fair visitors the value of scientific methods of farming, is going forward rapidly. It is announced by Arthur Peterson, member of the board.

Actual construction of the new coliseum, in which the cattle and horse shows will be held, is under way. The big steel supports and girders are being lifted into place and the structure will be ready for occupancy, it is expected, by September 1, if not before that date.

The additions to the cattle barns are being finished. These additions will permit the exhibition of 1,000 head of cattle, the number expected at this year's fair.

Planting of flower seeds and bulbs has begun, it being intended to make the entire grounds a great flower show throughout the summer and fall. Twenty thousand dahlias, gladioli and sim-

ilar bulbs are being placed in the soil. Morning glory vines and flowers are to cover the fences surrounding the grounds. Hanging flower boxes are being placed on many of the buildings. An interesting experiment in alfalfa culture has been started within the oval of the race track. Nine acres of ground are used, three of which are being planted to ordinary alfalfa and the remainder to two improved varieties. It is intended to show the farmers at fair time that better results can be obtained through use of improved seeds, the growing alfalfa standing as visible proof.

IRON RIVER IS PLANNING CARE FOR PYTHIANS

Plea Has Been Made to Citizens to Provide Lodging for 500.

Large Delegation Will Attend the Annual Convention From This City. It Is Now Believed.

With the good roads leading to Iron River from all over the upper peninsula that city is looking forward to having a large number of visitors to the annual convention of the Upper Peninsula Pythian League, which is to be held there on June 21, 22 and 23. The following article from the Iron River Reporter shows the spirit that is being manifested by the people of that city.

"In anticipation of from 500 to 600 Pythians at the annual convention of the Upper Peninsula Pythian League to be held in Iron River June 21, 22 and 23, local Pythians have issued a call to people of the district for rooms to shelter guests during their stay. Rooms reserved at hotels and in the homes of members only begin to accommodate the great influx which will arrive from all cities in the upper peninsula. Delegates from both the Knights of Pythias and Pythian Sisters will attend the convention.

"People are urgently asked to open their homes to the visitors," M. E. Oberg, chancellor commander of the Iron River lodge states, "Assurance has been given that we will provide adequate facilities for the comfort of guests, and we must rely upon those who have vacant rooms to come to our aid. All rooms will be paid for at the current rates. People may list their rooms and the number of persons they can take with The Daily Reporter, Central Drug Store and the City Laundry & Cleaning Works."

Daily Fashion Hint

PIQUANT MODEL FOR CREPE

Calan brown satin crepe develops this afternoon look with unquestionable chic. The cap, sleeves and drapery, which falls in cascade effect over the side fronts, are outlined with narrow ribbon in self-color. As smart costumes depend upon buttons for many things, this one requisites them for a unique trimming for the front, which falls in panel effect after the manner of the shirt to a cut-in-one belt. Material size requires 5 1/2 yards 30 inch wide.

Fashion Review Dress No. 9739, \$25; 31 to 45 inches bust and to 29 yards. Price 35 cents.

Need Funds

Funds for the entertainment of guests have been partially raised by the local order through a series of dances, a play, and convention program, and other means. In view of the sums needed to defray the expenses of the entertainment planned, it will be necessary to raise considerable more money, members state. This will probably be done thru popular public entertainment.

"Iron Mountain has raised \$8,000 for the entertainment of delegates to the Legion convention there in July," a Pythian declares. "Would it not seem just that a sum proportionate to the number attending be raised for the Pythian meeting?"

"The meeting is an important one in the history of the village and delegates should leave with only kind memories of the manner in which they were received by our community. Why not community aid of this character?"

FOR RENT—Steamheated flat, all modern; newly decorated. Inquire 307 Second Avenue South. 169

TORVAL E. STROM A CANDIDATE FOR RENOMINATION

Prosecuting Attorney to Make Race in Coming Primaries in September.

Torval E. Strom, prosecuting attorney will be a candidate for renomination for that office at the hands of the republican voters in the September primaries, he announced last night.

Mr. Strom's open letter to the voters points to his record in the office as his platform for the primary race and pledges himself to continue to "hew close to my sworn line of duty, let the chips fall where they may" a policy which has dominated his past administrative transactions.

His formal announcement addressed to the voters of Delta County, says: "I wish to take this means to tell my good friends throughout the county that I have determined to again be a candidate at the Republican primaries September 12th next, for nomination as Prosecuting Attorney on that ticket. I have come to this conclusion somewhat reluctantly because I realize that I am asking for a fourth consecutive term; in fact, a sixth term in a period of fourteen years.

"Nevertheless, it has been with a certain sense of duty that I have listened to the insistent urging of my friends that I stand for renomination and reelection for this office. It is their claim that the people, having vested their money in training me for this office, are now entitled to receive the benefit of my matured experience in it, which has come to me in the ten years I have held the position. The truth of this contention has convinced me of my plain duty in the matter to again offer my services to the people who have so graciously honored me in the past. And I do so gladly, and with the hope of success.

"If renominated and elected, I shall continue in the conduct of the office, to hew close to my sworn line of duty, let the chips fall where they may. It will be my aim to protect the innocent as well as to pursue the guilty; and to that end to seek convictions only after an honest and careful examination into the facts of each case. The people are the government; their officers are their sworn agents to carry out the laws they, the people have made. The Constitution and the laws must be upheld, obeyed and enforced, by citizen and official else the government must fall. I deem it an honor as well as a privilege to do my share in maintaining American institutions and traditions. To shirk the duty involved is treason. Upon the record of my past service," honestly scrutinized, I am willing to stand, and feel justified in asking for favorable consideration.

Respectfully yours, T. E. STROM."

Muskegon—Whether the Muskegon board of education will manage bathing beaches here this year as has been done in recent seasons, is to be decided soon by the board. Some members of the board have voiced opposition to making the body responsible for the supervision, believing the work should be turned over to the city. The board members assert several drowning have been averted through board of education control.

BOY PITCHER BREAKS THE WORLD'S RECORD

What is believed to be the world's record in pitching was hung up by Alexander Block, the 19-year-old twirler for the Austin High School of Chicago. He pitched two no-hit games in one week. On Tuesday, May 9th, he pitched a no-hit, no-run game against Crane, and after one day's rest pitched a no-hit game against Marshall High School on Thursday, May 11th. Block is only 19 years old and his school mates believe he will soon be with one of the big league clubs.

SCOUT CAMP TO BE HELD AT FOX

Boy Scouts Start On Annual Camping Trip July 31; Continues One Month.

The annual summer camp for members of the various troops of Escanaba Council Boy Scouts of America will be conducted from July 31 to Aug. 31 at Fox on the south shore, 18 miles north of Escanaba, according to a decision reached by members of the executive board of the council yesterday. The location at Fox for the summer camp was recommended by the council unanimously by members of the camp committee, who in the past few weeks have traveled over a wide territory in search of what would most nearly approach an ideal Scout camp site for the troops of this city.

The site selected at Fox is excellently located on the bay, with an ideal sand beach and a large open space where the sleeping tents, cook tent and mess hall will be erected. Farmers of the vicinity have agreed to furnish all of the milk, butter, cream and green vegetables necessary for use in the camp and a fine supply of pure drinking water has been found available close to the camp site. The same arrangement as last year will be followed this year, the members of the various troops being divided into three sections, each section remaining at camp for a period of ten days.

Camp Fee Reduced

The cost of the camping trip for each troop member who participated has been reduced this year to \$6 from the fee of \$7 which was charged last year, and the remaining expense of conducting the camp will be borne by the council. R. D. Shaw, who served as assistant to Scout Executive H. G. Zion in charge of the camp last summer, has been engaged for the same service this year.

Boy Scout camping equipment will be used by the Girl Scouts for a camp to be conducted some time during the month of July, without cost to the Girl Scout organization, according to the decision of the executive board yesterday which adopted the recommendation of the camp committee. The Girl Scouts, however, will be required to provide board for the camp custodian and pay his salary, together with a nominal rental for the dining tent which the Boy Scouts will be forced to lease from a tent-making company for the period covered by the Girl and Boy Scouts camp.

Steps have been taken by the council toward the organization of Scout troops at Bark River, Rapid River and Nahma and by fall it is hoped to extend the work to a large part of Delta County.

ONE BILLION DIE WITH ONE STROKE

They Are Flies—"Swat 'Em Hard," Says City Health Officer.

If you could kill 1,000,000,000 flies with one stroke of a swatter, would you do it?

This is what Dr. H. C. Defnet, city health officer, claims a person does every time, at this season of the year, he brings the swatter down on one fly!

According to the health officer, one fly breeds one billion more flies during the season and for this reason it is important that every effort be made to exterminate the pest at this time.

"Every year the 'swat the fly' warning is given," declared Dr. Defnet, "but it is just as important as the traffic policeman who prevents accidents. If people knew the number of

deaths that could be traced to the house fly, they would be more anxious to exterminate it.

"Although the swatter should be used steadily, there are other methods of dealing with the little winged disease carrier. Ash cans and other receptacles should be covered and refuse should be removed instead of allowing it to accumulate.

"The house fly is a dangerous enemy. It feeds on the refuse in garbage cans and other places and picks up thousands of disease germs. Then it flies through the windows, alights on baby's milk bottle or visits the food on the table. At the same time, it deposits these germs. When a person eats food the flies have touched, the result is sickness and often death.

"The fly you carelessly passed by this spring will raise a snoring family if allowed to live till the end of the warm weather. He is a foe to health and must be exterminated. Start now! Join the preparedness movement. Kill every fly possible. Summer will be soon be here with its communicable disease and sanitary complaints. Swat the fly and avoid sickness."

JACKSON STREET CAR MEN DIDN'T WALK OUT TODAY

JACKSON, Mich., June 7—A strike of 700 conductors and motormen of the Michigan United Railways, called for today was averted temporarily when representatives of the company and the platform men agreed to an early morning conference in regard to the wage dispute.

It was decided to submit the wage question to a board of mediation which is to act within 48 hours. The company proposed a rate reduction of five cents an hour which the men rejected.
