CHINESE CAPTIVES ARE TO BE FREED

SEND MESSAGE ALL ARE WELL AND HOPEFUL

Ransom Negotiations
Said to Indicate Re-
lease Very Soon.

Chinese Troops Reported to
Have Been Called Off and
Bandits to Surrender
Prisoners.

(BULLETIN)

2:45 P.M. from Shanghai.—All the foreign captives held by the bandits are well and "having a wonderful time," and expect to be released soon, according to written messages received from four of them by relief workers near Liang Chang, which arrived here today.

To Send Ransom.

Success in the negotiations to ransom the foreigners who are being held by Chinese bandits in the mountains back of Shan Tung was indicated today, when a dispatch from Peking announced the release of Roland Pinger, Jr., and Robert Allan. The officers were still being held according to the advices received this afternoon.

A private message from Tsao Chang at Shanghai by the Asia Development Company reported that all but one of the foreign captives had been released. The one still held, was said to be Chevalier Musso, an Italian attorney of Shanghai. Musso, it is said, is being held for a million dollars and it is said that the man is critically ill.

May Be Released Today.

The bandits are believed to consider Musso the most valuable prisoner. Advices received in Tianso indicated that the captives would be all released today. Early in the day it was learned that J. B. Powell, an American newspaper man and one of the prisoners, had contrived to smuggle out a message saying the foreigners faced dire consequences unless the troops surrounding the bandit's stronghold were withdrawn. The latest reports from Peking said that at least two women were among the captives. Mrs. Sanderson, an American, and Miss E. F. Fleming, of England.

Another woman whose home is in Berkeley, California, was said to be among those captured, but it developed later that the woman was not on the train at the time.

Troops Called Off.

WASHINGTON, May 10.—The attack by Chinese troops on the bandits who captured Americans and other foreigners and wrecked the Peking express, has been ordered stopped by the Peking government. The state department advises today from the American legation at Peking said the Peking authorities had ordered the Chinese troops to desist from measures against the bandits and devote their time to caring for the prisoners as they are released.

MEMORIAL DAY PLAN IS TO BE ARRANGED

Cloverland Post Meeting To-
night will Arrange Fitting
Observance of Day.

A very important meeting of the American Legion post will be held at 8 o'clock tonight at the Eagle hall for the purpose of taking initial steps in preparation of a suitable program for Memorial Day.

Secretary Gerald Cleary is enthusiastic over the results of the membership campaign which is now in progress. The fact that the Post has offered a free trip, with all expenses paid, to the Legion convention in Ironwood in August to the member who brings in the largest number of new memberships, has greatly stimulated interest in the drive and rivalry is growing quite intense in some cases.

The Ironwood Legion already is at work on a program which is intended to impress the entire state with the resourcefulness and hospitality of the north country, and the man who wins the free trip is assured the time of his life.

Former Ford Man Sought By Police In a Check Deal

DETROIT, May 10.—Emmanuel F. Burton, Detroit lawyer, said to have been the representatives of Henry Ford in a hundred million dollar check deal, is being sought by police on a charge concerning worthless checks. The amount involved is said to be \$120,000.

BOY SCOUTS TO ATTEND CHURCH ON MOTHER'S DAY

Also Arrange for Conveying of
'Shut-In' Mothers to Their
Favorite Church for
Services.

Sunday—Mothers' Day—all Boy Scouts of the city plan on going to church in their uniforms, all wearing appropriate flowers. This has become an annual custom with the Boy Scouts and aside from its sentiment, it is proving a feature which is eagerly anticipated each year by these many little fellows.

Arrangements are also being made to bring the spirit of the day into the hearts and homes of "shut-in" mothers, who by reason of some physical handicap are unable to attend services in their own church.

Anyone knowing of such a mother, is asked to call up the pastor of their church, or Boy Scout headquarters, and arrangements will be made, to see that that mother gets an opportunity to go to church Sunday.

20 WATER WITCHES IN "ALL ABOARD"

Rehearsals for Escanaba Wom-
an's Club Play Show Vast
Amount of Talent in
the City.

When shall we three meet again?
In thunder, lightning, or in rain?

This famous quotation uttered by the Witches in "Macbeth" would have to be altered to "When shall we twenty meet again?" for "All Aboard" because there are twenty Witches in this modern play which comes to the Delft next Wednesday and Thursday under the auspices of the Women's club.

These, too, are a brand new type of witches for they are "Water Witches" and it is said that they only appear on stormy nights on the decks of ships in mid-ocean. It does not fail to everyone's lot to be on shipboard at just the right time to see these sights in their weird midnight dances. Their appearance at 9:30 o'clock at the beginning of the second act of "All Aboard" is guaranteed by each one of the following girls, for they are the Witches: May DaMou, Elizabeth Maigotter, Gene Raye, Laura Hemes, Marie Moersch, Bernice Beaudin, Evelyn Raph, Margaret Stack, Olive Quinn, Margaret Gould, Lucille Stack, Belle Young, Marie Fish, Lucille Lindley, Jane Carlson, Katherine Goleau, Louise Pirlot, Holga Jacobson, Roberta Erickson, LaVern Tolan.

In view of the very splendid success scored in the first attempt, it seems to be a foregone conclusion that the show will be repeated next fall, but on a much broader and more comprehensive scale. The plans will undoubtedly be to expand this year's activities and in every way make the next year show 100 per cent improvement of the last one. Much valuable experience was gained this year which can be turned to account on the next show, and it is believed that Escanabans may be more fortunate in her weather during the next show, in which event it is believed that people will be brought in from great distances. The news of last year's success has traveled far and there is every reason to believe that the next show will be on a much more elaborate scale than had here tofore been deemed possible.

All outstanding bills are being paid by the organization and the books will be cleaned up at Wednesday's meeting.

WOMAN, 63, DROPS DEAD IN KALAMAZOO HOME

KALAMAZOO, May 10.—Mrs. Orville J. Shriner, 63 years old, dropped dead of heart trouble 15 minutes after she kissed her sister good by, after an all-day visit. Mrs. Shriner was seized with a coughing spell immediately after her sister, Mrs. Victoria Jones, started to drive back to her home in Benton Harbor, although she had been in excellent health.

Pope and Partner
Sentenced to Death
for Slaying Family

ISABEL, Okla., May 10.—Henry Pope, confessed slayer of his estranged wife, her father and mother and two children, and Aaron Harvey, his accomplice, were sentenced to death in court here today.

13 Dead in Gusher; Fate of 20 More In Doubt

Wisconsin Girl Is Awarded National Prize For Loving "The Great Out-Of-Doors"

CHICAGO, May 10.—Miss Gladys Jones, of Eagle River, Wis., today was awarded first honors in competition with girls who love the great out-of-doors at the National Out-Door Life exposition which is being held at the Coliseum.

In the opinion of the judges, Miss Jones can out-run and out-think any of her rivals. Incidentally the out-door girl declared that she would much rather live in a small shack in Eagle River than to have a mansion for her home in Chicago.

FORUM MEETING OF SEE-SEE TO BE HELD VERY SOON

School Bill Fight to Be Ex-
plained by Secretary

Bandeene.

Notices were being mailed out to day by the Chamber of Commerce for a forum meeting to be held next Tuesday evening at which time Secretary Bandeen will go fully into the situation with regard to "Escanaba's fight to get the 'Equal School Opportunity Bill'" passed at the last session of the legislature.

While Mr. Bandeen regrets that the bill was postponed, he is by no means dismayed. He feels certain that with the preliminary educational work done throughout the state during the campaign to put the bill through, it will be almost certain to pass at the next session of the legislature two years hence.

Mr. Bandeen will explain the many and complex conditions which he confronted during the six weeks or more he spent in Lansing and members of the Chamber of Commerce will be given a clear cut view of just what the local boosters of the measure were up against, as well as hearing Mr. Bandeen's optimistic and inspirational ideas as to the future course to be pursued.

NOTICE.—The same thing happened at the Northwestern Hotel, where Frank Smith was on the job.

Several cases of beer were taken from the Payette place on lower Ludington street for analysis.

A half pint of a whitish liquid, believed to be moonshine, was secured at the Alfred Lalonde place, 1223 Ludington street, where Ben Clément was taking care of the trade.

A glass with a small quantity of alleged liquor was taken from the John Peiter place at 1117 Ludington street. The glass, according to the police, had been dropped through a hole in the floor onto the concrete floor of the basement but it did not break and a small quantity of the fluid was recovered for analysis.

Three other places were visited, but nothing was brought away in the way of evidence.

Proprietors were held under charges of possession and keeping a place, while the bartenders were held on charges of sale. Preliminary hearings were set for May 14 in Justice McEwen's court.

NOTICE.—William L. Marble is on a motor trip through the southwest in the interests of the Marble Company, but is located at St. Louis and is on his way to Chicago, where he will join Mr. Marble, his brother, Floyd, and Mr. and Mrs. J. T. Jones, and his wife, who is going from Gladstone.

The body will be brought to Gladstone but at this time definite arrangements for the funeral have not been completed.

AUTO-RADIO SHOW PROMOTERS PLAN A BIGGER ONE NOW

Will Meet Next Wednesday to

Outline Preliminary Steps

for Next Year's Ac-

tivities.

A meeting of the executive committee and officers who put on the recent successful amateur radio show in this city, will meet next Wednesday to make final disposition of all the business in connection with the show, collect and square up accounts and talk over the proposition of putting on another show next year.

In view of the very splendid success scored in the first attempt, it seems to be a foregone conclusion that the show will be repeated next fall, but on a much broader and more comprehensive scale. The plans will undoubtedly be to expand this year's activities and in every way make the next year show 100 per cent improvement of the last one. Much valuable experience was gained this year which can be turned to account on the next show, and it is believed that Escanabans may be more fortunate in her weather during the next show, in which event it is believed that people will be brought in from great distances. The news of last year's success has traveled far and there is every reason to believe that the next show will be on a much more elaborate scale than had here tofore been deemed possible.

This will come later, when the formal opening will be held. The accident to the big window in the room makes it impossible to complete the interior decoration until a new window is shipped.

However, the firm decided to give patrons the advantage of having a downtown shopping point for Mother's Day and a large supply of beautiful blooms, potted plants and cut flowers were in stock when the doors were opened at noon today.

Arthur Peterson indicated this morning that the store will be one of the most attractive flower shops in the northwest when it is completed and with these immense houses to draw upon for fresh stock at all times, it will be a veritable bower of beauty.

All outstanding bills are being paid by the organization and the books will be cleaned up at Wednesday's meeting.

U.S. GOVERNMENT WINS IN OIL CASE

WASHINGTON, May 10.—The government Monday won in its effort to have the Supreme Court review the case of the Gulf Refining Company, against which a judgment of \$99,000 was returned in district court on a charge of receiving concessions and discriminations in rates on shipments of gasoline from Kiefer, Drumright and Jenks, Okla., to its refinery at Port Arthur, Tex. The court of appeals had set aside the judgment.

ISABEL, Okla., May 10.—Henry Pope, confessed slayer of his estranged wife, her father and mother and two children, and Aaron Harvey, his accomplice, were sentenced to death in court here today.

MRS. W. L. MARBLE PASSES AWAY IN A CHICAGO HOSPITAL

Noble Christian Resident of
Gladstone Succumbs to
Operation Following
Long Illness.

Gladstone, and Delta county residents generally, will learn with the deepest and most profound regret of the death of Mrs. Webster L. Marble in Chicago Wednesday evening, following an operation which was performed on Tuesday. Mr. Marble, 44, and Mrs. James T. Jones of Gladstone, were with Mrs. Marble when final dissolution occurred.

Mrs. Marble was 67 years of age. She had been in Florida all winter, suffering from the effects of influenza, which kept her ill most of the time. However, her week, her condition was regarded as sufficiently improved to make the journey to Chicago, where Mrs. Marble had previously been under treatment at Mercy hospital. They arrived in Chicago Monday and the operation was performed Tuesday.

Mrs. Marble was a native of New York state. She is survived by her husband, W. L. Marble, founder of the Marble Arms and Manufacturing Company and inventor of most of its products, two sons, Floyd and William L. Marble, and one sister, Miss Eunice Derry, who has made her home with Mrs. Marble for many years.

Mrs. Marble was one of those noble Christian characters whose charity and helpfulness was as broad and understanding and sympathetic as it was unostentatious. She was an ardent church worker and identified with many societies of the Methodist church in Gladstone. She was devoted to her home and children and was one of the leading spirits in movements making for a better Gladstone. Her influence and ardor will be greatly missed by the entire community.

William L. Marble is on a motor trip through the southwest in the interests of the Marble Company, but is located at St. Louis and is on his way to Chicago, where he will join Mr. Marble, his brother, Floyd, and Mr. and Mrs. J. T. Jones, and his wife, who is going from Gladstone.

The body will be brought to Gladstone but at this time definite arrangements for the funeral have not been completed.

PETERSON & SONS OPEN STORE FOR BUSINESS TODAY

Formal Opening to Be
Held Later When
Fixtures Arrive.

Peterson & Sons, florists, today opened their new downtown store, 1901 Ludington street, formerly the Athletic Shop, for business, although the room has not been remodeled, big artist refrigerator included nor any of the artistic effects contemplated, put in.

This will come later, when the formal opening will be held. The accident to the big window in the room makes it impossible to complete the interior decoration until a new window is shipped.

However, the firm decided to give patrons the advantage of having a downtown shopping point for Mother's Day and a large supply of beautiful blooms, potted plants and cut flowers were in stock when the doors were opened at noon today.

Arthur Peterson indicated this morning that the store will be one of the most attractive flower shops in the northwest when it is completed and with these immense houses to draw upon for fresh stock at all times, it will be a veritable bower of beauty.

All outstanding bills are being paid by the organization and the books will be cleaned up at Wednesday's meeting.

PUTS CITY CASH TO WORK EARNING SOME INTEREST

City Comptroller Bids

for U.S. Treasury

Notes Now.

City Comptroller C. W. Ham has put in a subscription for \$5,000 worth of U. S. treasury notes, which the government is issuing in payment of the 4% per cent Victory Loan bonds issued during the war. The treasury notes yield 4% percent interest and are payable March 15, 1927.

If the notes are allotted, Mr. Ham will invest the money out of the sinking fund and will have \$5,000 earning nearly 5 per cent for the city during the next four years.

A week ago Mr. Ham invested \$5,000 of the sinking fund in first mortgage bonds of the Delta Hotel Company, which will yield six per cent interest.

The meeting lasts over tomorrow

and matters of great importance are to be transacted in connection with the program for road work during the coming summer.

R. P. Mason of Escanaba is secretary of the organization.

WOMAN'S CLUB
DELEGATES TO
U. P. MEETING

Big Gathering Slated for

Manistique May

16 and 17.

Delegates representing the Escanaba Women's Club are planning on attending the annual meeting of the Upper Peninsula Federation of Women's Clubs, which will be held in Manistique May 16 and 17. Mrs. Donald Russell, state president, of the federation, will be present and it is anticipated that this will be one of the most important meetings held in some years.

Name Delegates to Library Meeting in Menominee Shortly

Mrs. Nancy B. Thomas and Mrs. Barbara Somer, who were recently elected president of the Carnegie Library board, have been selected as delegates to attend the eleventh annual convention of the Upper Peninsula Library Association, which is to be held in Menominee May 24-25.

Mrs. Thomas will read a paper on

"Ways and Means of Attracting the Business Man to the Public Library."

Mrs. Somer, whose election took place on May 15, will succeed Guy Ramsey resigned. Matt Petersen was elected as vice-president.

TRAGEDY IN OIL FIELDS STARTED FROM HAMMER

<p

The Doctor Was Right

When the good old family doctor was asked about baking powders, he said:

"Use Royal. It is made from Cream of Tartar and is absolutely pure. You could dissolve a couple of teaspoons of Royal in water and drink it with benefit. That's a health test mighty few baking powders can meet."

The doctor was right.

GIRL SCOUT LEADERS HERO WRECKS CAR PLAN SUMMER WORK TO SAVE CHILDREN

Supervised Play Twice a Week Frisco Fireman Steers Auto
Is Among Recreation Features Arranged.

The chief business of the Girl Scout Leaders' meeting last night was making preparations for the summer playground work. It was decided to conduct play afternoons two times a week—Tuesdays and Thursdays, from 2 to 4 p.m. The work will be carried on much as it was last year, with supervision of swings and other apparatus, games, songs and story telling. Each Girl Scout Troop will report for duty for two afternoons during the summer. The work will be carried on through July and August and is the Scout's major community service program for the summer.

Through May and June troop meetings will be given over almost wholly to training for their summer playground work. The leaders at their meeting last night were given instructions in game leadership and many games for little children were demonstrated. The next meeting of leaders in June will also be a game and recreation meeting so that the leaders may pass this material on to their troops.

Odd Fellows to Hold State Meet In Battle Creek

(By the Associated Press)

BATTLE CREEK, May 10.—The annual Michigan convention of the Independent Order of Odd Fellows will be held here May 14, 15 and 16, and local members of the order are making extensive plans to entertain about 1,000 delegates.

In addition to the business sessions there will be drills and manoeuvres by various teams.

NOTICE TO CONTRACTORS

Sealed bids will be received by Mr. Louis Schemel, Secretary of the Board of Education, Escanaba, Michigan, on or before the 29th day of May, 1923, at 12:30 P.M. for furnishing all labor and material to erect and complete an addition to the Webster Grade School at North Escanaba, Michigan, and to all such remodeling as the plans and specifications call for prepared by G. Arntzen, Architect, Escanaba, Michigan, exclusive of heating, plumbing, electric wiring and painting.

Plans and specifications for the above stated work may be inspected at the Architect's office, Escanaba, Michigan; at the Builders and Traders Exchange, Milwaukee, Wisconsin; at no one of the Secretaries of the Board of Education.

Plans may be obtained from the Architect by depositing a certified check for Twenty (\$20.00) Dollars with a request for plans. The check will be returned to the bidder when the plans are returned to the Architect in good condition, otherwise the check will be forfeited.

The successful bidder whose bid is accepted will be required to furnish a bond equal to 100% of his bid to protect the School District of Escanaba, Michigan, and one bond equal to 50% to protect the People of the State of Michigan.

Each bid shall be accompanied by a certified check on a bidder's bond equal to 25% of the amount of the bid submitted. This check or bond must be made payable to the Secretary of the Board of Education and such check or bond shall be forfeited to the Board of Education as liquidated damage in case the bidder refuses or fails to enter into contract, and furnish satisfactory bond as specified within 15 days after notice is received of contract awarded.

The bids must be sealed and marked "Proposal" for the addition and remodeling of the Webster Grade School, Escanaba, Michigan and addressed to the Secretary of the Board.

The Board of Education reserves the right to accept or reject any or all bids.

By order of the Board of Education of Escanaba, Michigan.

(Signed) G. ARNTZEN, Architect,

Escanaba, Mich.

SAN FRANCISCO, May 16.—Driving fearlessly with a driveless runaway automobile which was careening down a hill and bearing directly toward a group of children at play, Uremon Dennis Magee today saved the machine into a lamp post, saving the children and was himself severely injured.

He was coming down the steps of his home on Cortland avenue when he saw the automobile running wild. Without hesitation he made a running jump and caught the steering wheel as it passed. He was just in time to swerve the car away from the children.

A crash followed. The iron lamp post broked and the front of the car was wrecked. The shattered windshield showered the street with broken glass.

Magee was thrown violently to the pavement. He was badly cut by the sharp glass and suffered impossible internal injuries. He was taken to St. Luke's Hospital and later to the Mission Emergency, where he was operated on.

Magee is 28 and is stationed on the fireheat Dennis T. Sullivan. He has a wife and three little children of his own.

Lansing—Closing the first year of its operations April 30, the Michigan Live Stock Exchange declared in a recent statement that a refund of 10 per cent of the gross commissions will be made to member cooperative associations which have sold live stock through the central marketing office at Detroit.

Kalamazoo—The Civic Beauty Committee of the Lincoln Parent-Teachers Association has decided to ask each resident of Kalamazoo's north side to plant a rose-bush in his yard.

OBITUARY

MRS. ELIZABETH PATRED.

News of the death on April 25, in Hoquiam, Wash., of Mrs. Elizabeth Patred, a former resident of Ford River and Escanaba, has been received here by old friends of the family. Mrs. Patred was the wife of Frank A. Patred, who was employed for many years at Ford River, by the old Ford River Lumber Company. Mr. and Mrs. Patred celebrated their golden wedding anniversary on April 6, this year, a little more than two weeks before her death. Her husband and one son, Fred Patred, also of Hoquiam, survive.

The Patred family moved to the Pacific coast state about 20 years ago. Mrs. Patred was well known to a great many Escanaba people.

LOUIS ERICKSON FUNERAL

Funeral services for Louis Erickson, a pioneer resident of the Ford River community, were held at his home in Ford River at 2 o'clock this afternoon and were largely attended, not only by persons in that immediate vicinity but from various parts of the county. Rev. O. R. Palm of the Swedish Methodist church of this city officiated and burial was made in the family lot in South Ford River.

SUGAR INQUIRY JUMPS TO CUBA

Federal Agents Now Looking Into Industry There; May Show Banks' Control.

(By the Associated Press) WASHINGTON, May 9.—The governmental inquiry into alleged sugar speculation has been extended to include the trade in Cuba. The new avenue of investigation will make the government investigators international in scope and one of the largest ever undertaken.

Department of justice agents and representatives of the department of commerce are in Cuba now, with instructions to conduct researches into the whole structure of the sugar industry on the island. It is the intention of the government investigators to "follow" the sugar crop from the time the cane is cut in the field, through the process of refining to its ultimate destination in the American retail stores. This extensive probe, it is believed, will reveal the exact cause of recent price increases.

Despite the governments' plans, it was learned the progressive "blue" in congress will press the Brookhart resolution for a congressional investigation of the industry as soon as congress reconvenes. A congressional probe also is said to be favored by American beet sugar growers who are trade rivals of the refiners and Cuban growers.

The investigation, it is contended, will reveal that the Cuban sugar industry is controlled by American bankers who bought out the native planters. Reports that America's own three-fourths of the Cuban output, it was learned, now are being investigated by the government's agents.

If the federal inquiry proves the sugar industry is controlled by a handful of American bankers, the progressives will subsequently press for permanent legislation placing the trade under government regulation.

6,000 RESCUED IN SUBWAY JAM

Acid Fumes Overcome Scores On Stalled Trains; Woman Taken to Hospital.

(By the Associated Press) NEW YORK, May 9.—Five trains carrying 6,000 persons, were stalled for two hours in the Interborough's Queensboro tube Saturday night. Many of the passengers were treated by ambulance doctors when they were finally freed.

Miss Olivia Angelo, 18 of Brooklyn, was taken to St. John's hospital suffering from hysteria and shock.

Efforts to move the first train which stalled on the incline from the tube to Long Island City filled the tunnel, with acid fumes from the motors and smoke from burning insulation. The air became foul and many persons were on the verge of nausea. Others, particularly women, suffered from nervousness.

An hour after the first train stalled the Interborough sent the word to discharge all passengers, and policemen from the Hunters' Point station were sent around and opened an emergency exit at Fourth street and West avenue. The exit is only six feet square, and the narrow stair is almost perpendicular. The distance from the track to the surface of the street is about 80 feet, and only a few men and two or three women were brave enough to climb the stairway.

The others walked along the track to Jackson avenue station, 500 feet away, ladders were lowered to enable them to get to the station platform.

About a dozen women who were feeling faint and suffering from shock were attended by ambulance physicians, and several who got out of the tunnel by way of the emergency exit required medical attention.

When all but two cars were empty, the disabled train was pushed out of the tunnel by those caught behind it, and the remaining passengers were discharged at the Hunters' Point station. Normal service was resumed soon afterward. For a time Manhattan-bound traffic was held up due to the amount of rolling stock stalled in the tunnel.

Rub Rheumatic Pain From Aching Joints

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Stop "dousing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles, and bones; stops sciatica, lumbago, backache and neuralgia.

Liber up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

SUGAR INJUNCTION PUT UP TO COURT

U. S. Plea to Close N. Y. Exchange Taken Under Advisement.

(By the Associated Press)

NEW YORK, May 9.—The Federal Circuit Court of Appeals Monday took under advisement the petition of the federal government to temporarily restrain the New York Coffee and Sugar Exchange and its clearing association from trading in sugar until it gets back its actual ownership of control of the commodity.

The government's petition was for a preliminary injunction pending a final hearing of the question. The sugar exchange, under advisement of its attorney, John W. Davis, former American Ambassador to Great Britain, had presented arguments on behalf of its exchanges and after his arguments had been answered by counsel for the government.

The court denied application of counsel for the government to submit affidavits answering those submitted by counsel for the exchange Monday.

If Kidneys Act Bad Take Salts

Says Backache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and logy. When your kidneys get sluggish and clog you must relieve them. Like you relieve your bowels, removing all the body's urinary waste, else you have backache, headache, dizzy spells; your stomach aches, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy and sediment channels often get sore, we urinate, and you are obliged to urinate two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate the often-relieving bladder weakness.

Jad Salts is inexpensive, can not injure and makes a delicious, refreshing bath water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice yearly.

Ann Arbor, Arthur H. Blodgett head of the highway engineering highway engineers division of the University of Michigan and president of the National Highway Association, will speak at the annual meeting of that organization in New York May 10.

First film course will include an election May 15 the operation of improving bond issues covering \$75,000,000 construction of a blue ribbon monument. About half the sum would be used to extend lower bonds.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though it is troublesome, is an easier way to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

According to the files of the pension bureau in Washington, D. C., two women fought as private soldiers in American armies. Deborah Garnett of Massachusetts, who served throughout the Revolutionary war, enlisted under the name of Robert Shurtleff. Her services began in April, 1771, and continued until November, 1783, when she was honorably discharged. "Alice D. J. Custer" was the second woman private. She enlisted as a private in Company G, Ninety-fifth Illinois Infantry, in August, 1862, and was mustered out in August, 1865. She served in many battles and after the war worked on a farm in Illinois. She was awarded a pension and became an inmate of the Soldier's home at Quincy.

LEE
Cord
Puncture-Proof

THE dream of all tire makers is realized in the new LEE CORD PUNCTURE PROOF.

This tire is not an experiment. Lee has been making pneumatics for ten years. Yet the LEE CORD PUNCTURE-PROOF has been given every possible road test for eighteen months.

Every car owner will welcome the comfort and quality of an unusual Cord Tire plus absolute protection against punctures.

Here is the sectional construction of the Lee Cord Puncture-Proof. Note that the full resiliency of the Cord sidewall is preserved. Observe the weight and thickness of the various plies, and the complete protection given by the exclusive Lee patented shield of overlapping (without touching) finely tempered steel discs as thin as paper but as strong as battleship armor plate.

You are cordially invited to inspect this new tire. It adds comfort and saves infinite expense and trouble.

THURSDAY, MAY 10, 1923

ANOTHER SIDE OF IT.

The coming of spring, and the annually recurrent report of a shortage of farm labor, leads up to wonder if some of the sympathy we shower upon the farmer because of his inability to secure help sufficient to properly till the acres that are his is not misplaced; if we could not also commiserate a class who are generally overlooked in the summing up of a serious situation.

None will deny that the farmer has a hard row to hoe. His is a busy life that, besides long hours of labor, involves the perplexities of dealing with field, nature and the uncertainties of the markets. He is placed at a distinct disadvantage in competition with the manufacturer, who pays a wage that not only keeps labor in the city, but draws heavily from the rural communities as well. The outlook so far as the tiller of the soil is concerned grows worse instead of better with industrial advancement, and the complaint he utters is well founded.

Nevertheless, the farmer is not the only one who suffers on this score. The urban dweller pays quite as high a price for the privilege of living in town as does the ruralite who finds himself stripped of earnings that might be his if he were in a position, so far as labor is concerned, to cultivate all his land, instead of merely a fraction thereof. With the lessened acreage in production comes a corresponding, often a disproportionate, increase in the cost of foodstuffs that causes the outgo of the urbanite's income just as the income of the farmer recedes, so that in the end one probably is as well off as the other. Both are fortunate if they succeed in making enough at the close of the year, even though one may have more of what we sometimes tauntingly term "advantage" as he goes along.

This is not urged in defense of the factory toiler, nor in disparagement of the farmer who is the unwilling and unwitting victim of circumstances. Both have their problems that they must solve for themselves; the former with his hands and his brain as his capital, the latter with his hands and his brain plus the investment in fields from which he must gain a livelihood.

We merely indicate a condition which has impressed itself upon many a man who is migrated from the country to the city under the mistaken impression that he was bettering himself financially, and who learned when it was too late, and the bright lights had held a firm hold on him and his, that riding the crest of industrial prosperity has its unsuspected penalties, and that the end of the rainbow is not always the fabled pot of gold.

SOB SISTER NOT WITH HER.

If the Los Angeles police succeed in re-installing Clara Phillips in their legal lockup they will have a woman on their hands who is a rather distinguished person in her way. Her claims to distinction are several. In the first place she is a prepossessing damsel who has been convicted of murder by a jury. Also, she is one fairly desperate character who appears to have roused no wave of sympathy for herself among the self-starting sol-sorority.

This is quite unusual. Ordinarily if a woman has brains another with a manner and thereafter sawed her way out of jail she has every right to expect to have a train of emotional men on her neck. The more hideous the offense the more marked the phenomenon. It has been so whenever a criminal case has attracted wide notoriety.

But for some mysterious reason the lady of the tool chest has been deprived of the comfort of support among the sobbing. One or two coast papers have remarked the fact without getting up to explaining it. Mrs. Phillips has done everything in her power to gain the customary solicitude; she has been murderous in a particularly vicious fashion, she has broken out of prison, she has been a dangerous fugitive. She is 100 per cent wrong and still fails to swing the favor of the mandarin. Something is radically strange in the whole matter.

AN EXAGGERATED REPORT.

Even in the face of very explicit reports, it was difficult to believe that the first lord of the British admiralty would announce that the British navy is now planning control of all the seas. Any such plan would involve a defiance of the Washington treaties, and no nation welcomed the naval agreement of sincerity than the people of Great Britain did. There may have been some temporary sentiment in the enthusiasm; but more practical and permanent reason for their feeling on the subject was to be found in the tax question. Lower taxes is one thing that England is praying for, and the Washington treaties made a substantial cut in the tax rate.

Those who expected for such reasons that a fuller report would put a different aspect upon what the first lord of the admiralty said, are now justified in that expectation. It appears from a special dispatch that nothing was said in parliament which could be construed into a threat to break the 5-5-3 ratio.

Instead, the debate showed, so far as such things can be revealed in debates, that Great Britain has no intention of attempting to command the Pacific, and places the most of its hope for security in that quarter upon continued friendship with the United States.

People afoot may be guilty of their share of carelessness, but that is no reason why motor car drivers should relax their vigilance, and perhaps a little closer attention to the horns may make pedestrians more watchful.

Sir Arthur Conan Doyle says that if men were really bad they would applaud the villain instead of the hero of a play, but that view hardly takes sufficient account of that kind of badness known as hypocrisy.

Even his most determined opponents will concede that the President got himself on the front page with a bang.

Red Crown Gasoline Is Vigorous

It makes your automobile an eager, throbbing agent of service. It imparts a flexibility and a responsiveness that thrill you. It answers your every whim—a lazy pace, a quick getaway, sizzling speed or a steady, unfaltering tugging pull—they are yours to command in fair weather or foul—with Red Crown Gasoline in the tank.

It Is Made to Fit Your Car

Red Crown is made, sold and guaranteed by the Standard Oil Company (Indiana). It is the best and most economical gasoline you can buy—it vaporizes to the last drop. There is no waste. Its quality never varies. It is always the same no matter where you get it and you can get it everywhere—every few blocks in the city and every few miles in the country.

BUY RED CROWN

S171

MICHIGAN TO PRACTICE WHAT IT PREACHES

Begins to Use Waterways More for General Transportation.

DETROIT, May 16.—The Great Lakes and Michigan in particular, for some time have been preparing about using the lakes for transportation to a greater extent, thus saving money and decreasing congestion on the railroads.

Now they are to practice what they preach.

The opening of navigation sees a combined fleet of 15 or more steel freighters plying between Detroit, Chicago and Milwaukee, making regular trips and transporting great cargoes of automobiles and other products of the three states to points throughout the territory.

The latest fleet to be put in operation is that of the Universal Steamship Company. Four ships are provided with a combined capacity of 18,058 tons or 1,110 automobiles. The passage time ranges from 39 hours from Detroit to Milwaukee and 47 hours from Detroit to Chicago, to 53 hours to Milwaukee and 43 hours to Chicago.

Two other steamship companies are operating fleets of four steel vessels each. Another company, using regular ships, is carrying package freight between the three points. The first three companies will handle only

general cargo or automobiles. Local business men declare addition of vessels to the Detroit-Milwaukee run will stimulate business in the lake region to a marked extent.

Toll of passenger service between Detroit and Milwaukee, with stops at Alpena, Rogers City, Cheboygan and Harbor Beach is being revived here, but no formal announcement has been made. Service on this run was abandoned some time ago by the Detroit and Cleveland Navigation Company because the business did not pay, due largely, it was said, to effects of the recent auto strike.

Kalamazoo—The thirty-fifth annual meeting of the Women's Home Missionary Society of the Kalamazoo district will be held May 10 and 11 at Galesburg, Allegan county.

Ann Arbor—More than 100 poor children from the larger cities of the state will attend the university's third annual fresh air camp this summer. A tag day will be held on the campus.

Ann Arbor—The signal corps unit of the R. O. T. C. at the university is one of ten signal corps units established by the army at 10 of the best engineering colleges in the country.

Ann Arbor—Sigma XI, national honorary society for the promotion of research in both pure and applied science, has elected 43 new members here.

SIX MEN LOST

IN ARMY BOAT

Motor Launch Separated From Steamer During Gale; Other Ships Missing.

(By the Associated Press)

KEY WEST, Fla., May 10.—The United States army steamer General Coxe arrived here late Monday, reported losing the 24-foot motor-launch Q-15, with a crew of six men aboard, in a heavy gale on the morning of May 5.

According to officers of the General Coxe, they were acting as a convoy for the Q-15 on a trip from New Orleans to Panama. Saturday morning the launch left the General Coxe and proceeded ahead during a heavy gale and was last seen at 4 o'clock Saturday afternoon.

Ten-Day Provisions.

The launch is equipped with provisions and gasoline to last 10 days.

The revenue cutter Santa and Cosseco left here late Monday to take up the search for the launch.

All Long Overdue.

Long overdue at their destinations, the barkentine Anna, the schooner Elmer H. and the 30-ton schooner Alice have been listed officially as missing. The crew of 30 men are believed to have been placed in a boat and perhaps lost.

The Alta, Captain Charles Saxon commanding, cleared from San Pedro, February 20, for Belligham, Wash. She carried a crew of 35. Mrs. Saxon and two children sailed with Captain Saxon.

The five-masted schooner, Elinor H., cleared from New Castle, Australia, on February 19, for Ahukial, Hawaii. Nothing has been heard from her since.

The Aliso left San Francisco February 18 for Unga, Alaska. The trip normally requires 15 days.

ACTRESS SEEKS HUSBAND'S SEAT IN PARLIAMENT

Mabel Russell Determined to Hold Commons Honor in Family.

(By the Associated Press)
LONDON, May 10.—England will have an actress as a member of the House of Commons, if Mabel Russell, wife of Captain Hilton Philipson, is successful in her campaign. Her husband, a conservative, lost his seat because of irregularities by his election agent, and she has made known her determination to keep the parliamentary seat in the family.

GAY & GLUM

By HY GAGE

GAY OUT FOR THE EVENING—ALMOST**SOCIETY****Girl Scouts Meet.**

Girl Scouts of the Wild Rose troop will meet at the Jefferson school tonight. Mrs. George Lemire and Mrs. H. R. Dotsch will have charge.

Marriage Licenses.

Marriage licenses were granted yesterday to Miss Julia Witkater of Englewood, and Harold E. Seehof of Alton; and to Miss Mahie Johnson and Tyler Way, both of Wells.

Meeting at Swedish Baptist.

A meeting will be held at the Swedish Baptist church this evening when Rev. Hugo Herrgard of Gladstone, will speak.

The Sunday afternoon services will be held a 12:45 o'clock.

Gunner's Orchestra at Isabella.

Gunner's orchestra formerly known as Mac's Entertainers, will play for a dancing party at Isabella Saturday evening. This is one of the best orchestras in the peninsula and many are planning on attending the party.

Junior Prom.

Work of decorating the High School gymnasium for the annual Junior prom, to be held in the High School gymnasium next Friday night, was begun yesterday. The decorations will be elaborate and the Juniors are leaving nothing undone in their efforts to make the affair one of the best of its kind in the school's history.

LeDuc's five-piece orchestra has been engaged to furnish the music.

One change has been made in the attendance rules this year. While the affair will be for Seniors and Juniors exclusively, members of those classes may be accompanied by partners who are not members of the classes.

The grand march will begin promptly at 8:30 and dancing will continue until 11:30 o'clock.

F. R. A. Party.

The members of the F. R. A. and their friends enjoyed a pleasant evening at cards at the Eagles' hall Monday when a large attendance was recorded.

After the card playing refreshments were served. The committee in charge are deserving of much credit for the success of the evening's entertainment. The proceeds are to be used to defray the expenses of the degree team when they attend the Interstate Contest which will be held at Iron Mountain June 25th, when they meet the Rhinelander Degree Team.

Members of the committee were Mr. and Mrs. C. A. Walstad, Mr. and Mrs. Wm. LeCesse, Mr. and Mrs. Louis Larson, Mr. and Mrs. Victor Nelson and Mrs. Anton Embus.

D. A. R. Elect Officers.

At a meeting of the Lewis Cass Chapter, D. A. R. which was held Tuesday afternoon at the home of Mrs. Gideon Stegall, 1115 Seventh avenue, south, the following officers were elected for the ensuing year: Regent, Mrs. Carrie L. McNaughton; vice regent, Mrs. Nellie B. N. Reade; chaplain, Mrs. Abbie A. Kelso; recording secretary, Mrs. Mabel H. Snow; corresponding secretary, Mrs. Katherine H. Clark; treasurer, Mrs. Grace B. Mason; registrar, Mrs. Mary L. Voght; historian, Mrs. Isabelle Moll.

Degree of Honor Meeting.

A most enjoyable meeting of the Degree of Honor was held Tuesday afternoon at the home of Mrs. McMonagle, South Sixteenth street. Five hundred was played and dainty refreshments were served.

Troop Five Meeting.

Troop Five Girl Scouts met at the Reede home for their regular meeting Wednesday afternoon. The hike, which was planned last week, was postponed until warmer weather. Compass tests were given and games played.

L. A. to O. R. C.

The Ladies' Auxiliary to the Order of Railway Conductors will hold their regular meeting Friday afternoon at Eagles' hall. All members are urged to attend.

Mrs. E. H. Hume of Hiawatha was a visitor in the city yesterday.

Jacob Koehler and Henry Koehler of this city, were killed to Edgar, Wis., by the death of their mother, Mrs. Rosina Koehler. They were accompanied by their aunt, Mrs. Mary Young, of Gladstone, who is Mrs. Koehler's sister.

Mrs. N. Maroni returned to Powers after a shopping trip to this city.

Hand Ironers wanted at the Escanaba Steam Laundry. Married women can be given half days' work. Inquire at once.

Mr. and Mrs. Phil Tonine returned from a weekend visit at Chicago.

Buy it today, tomorrow, the next day, and every day in the year at all good grocers. DANISH PRIDE MILK.

Mrs. Clair McConley of Powers left yesterday for a visit at Green Bay.

Miss Florence Cossette left yesterday for a visit with friends at Menominee.

Mrs. James Redmond has recovered from an attack of the grippe.

DANISH PRIDE MILK is milk that is at milk, no preservative, no coloring, no flavoring added.

Mrs. Ann Neelham, who is confined to a Chicago hospital is recovering rapidly and expects to be home in ten days.

Miss Edna Major of Huron, daughter of the MacNeills, and Mrs. Carl Gifford of Detroit, girls in the finance committee, arrived in the city yesterday to attend the Delta County Association meeting.

Mrs. Robert Pearson and baby left for Detroit, where they will spend two weeks with relatives.

Lake Michigan has its first planting of stores in the matter of state strawberry production, according to government figures received here. Michigan's 1922 strawberry production was 35,471,000 pounds. New Jersey came next with 260,000.

To Hold Hearing On Extending the Bass Closed Season

Escanaba sportsmen will be interested in a hearing which is to be held in Newberry May 13th, when John Baird, director of the state department of conservation, will conduct a hearing regarding the matter of extending the closed season on black bass in the Upper Peninsula country.

Many sportsmen from all over the Upper Peninsula are convinced that the black bass season is too long; that a greater measure of protection should be thrown about this game fish, and the hearing was called to get a better line on sentiment in the peninsula.

Johnson Family Going to Sweden

Mr. and Mrs. Carl B. Johnson and family of North Escanaba will leave Friday for Rockford, Ill., where they will visit with friends and motor from there to New York, where they will sail on May 29th for a year's visit in Sweden. Mr. Johnson is one of the old employees of the Escanaba tie-making plant and his friends presented him with a gold watch at a surprise party held at the Swedish Lutheran chapel, previous to his departure.

Arthur, Eighty-nine seniors from the University Literary College at the school of education have been voted into Phi Beta Kappa, national honorary literary society.

FIND THE EIGHT

ROWS

This question had been asked some by the Marinette county agent, August 1, 1922, on a 40-acre field of rural New Yorkers at C. le, Wis., certified present er of the eight rows in question.

"You now stand on a 40-acre field of potatoes, have been fertilized with Armour's 4-8-6, save which have received an application of Soil Manna. Find the eight rows." Not a man present could pick out the eight rows in question.

Have inserted photo covering this potato field that you may try your luck at location of these eight rows. To assist you in making proper selection we have marked dividing line with an arrow. Would ask you to please examine most closely and tell us on which side of the arrow are the Armour's and on what side the Soil Manna treated potatoes.

The more you examine this photo the more you come to the conclusion that it was an utter impossibility for these Wisconsin people to find the eight rows of Soil Manna treated potatoes.

There is no difference to be noticed in the stand of this field of potatoes, even with the demarcation line as drawn on this photo.

Yet you will find a big difference in the price of the two fertilizers applied if you will but take the trouble to inquire.

Soil Manna feeds for seasons with one lone application when most all other fertilizers will do well to do so for one lone season. Soil Manna will sweeten your land when sour, and it will help set free any latent fertility in your soil besides improving the physical condition thereof permanently.

Soil Manna will prove a Godsend to all worn out sour and sandy soils.

Give your garden a chance; do likewise by your lawns, your shrubs and house plants. Feed them Soil Manna and regale your heart and eye with the thriest, most beautiful plants you ever beheld.

One dollar paid out for Soil Manna will fetch you more genuine happiness and lasting benefit than any dollar you ever spent.

PLAN CANTATA AT METHODIST CHURCH SUND'Y

Gladstone Church Choir
to Present "The Good Shepherd."

Arrangements have been made to have the choir of the Alice Memorial Methodist church of Gladstone, which presented a beautiful cantata there last Sunday, repeat the cantata in the Escanaba Methodist church Sunday evening (Mothers' Day). The title of the cantata is "The Good Shepherd."

The text of the cantata is by Edith Sanford Tillotson and the music by Iris B. Wilson, and it is numbered among some of the most beautiful church music ever written.

The cantata will be sung by a choir of twenty-five voices with solos by Mr. and Mrs. Edward J. Nelson, Aileen Huford, George Vliet, Elsie Wolfe, Noble Swenson, Mrs. Edward Foster, Miss Ethel Empson, Matthew Wagner and others, with organ and orchestra accompaniment. Attorney G. Raymond Empson is director, Miss Alwyn Empson will preside at the organ.

Following are the numbers: Introductory, Organ, Make a Joyful Noise, Choir, I Will Search My Sheep, Soprano solo and quartet.

He Shall Feed His Flock, Mezzo soprano solo, Give Ear, O Shepherd of Israel, Choir,

Rejoice With Me, Tenor solo and choir,

One Fold and One Shepherd, Soprano solo and choir,

He Slumbers Not, Nor Sleeps, Contralto solo with violin obligato,

Like Wandering Sheep, Bass solo,

The Good Shepherd, Baritone solo,

Contralto solo and choir,

The Lord Is My Shepherd, Mezzo soprano solo, Contralto solo and choir,

Praise His Name, Tenor solo and choir.

DRUNK DRIVERS TO LOSE LICENSES, GOGBECIC RULE

BESSEMER, Mich., May 10.—Because of the increasing number of automobile accidents on account of intoxication of drivers, Sheriff Jeffrey of Gogebic county has announced that hereafter the driver's license will be revoked in every conviction. The situation, he said, reached a climax when two intoxicated men drove a car over a steep embankment recently and narrowly escaped death.

BOYS' PRANK BURNS GIRL, 2, TO DEATH

HOLLAND, Mich., May 10.—Mary Lewis, 2 years old, daughter of Jasper Lewis, Coopersville, was burned to death when the boys who were playing with matches set fire to the chicken coop she was playing in.

BAY STATE HOUSE BALKS BEER MOVE

BOSTON, May 10.—The house of representatives, without a record vote Monday refused to concur with the senate in memorializing congress for modification of the Volstead act to permit the sale of light wines and beer.

OBITUARY

MICHAEL KENNEY

Funeral services for Michael Kenney, supervisor from the town of Hardwood, in Marquette county, who was killed in an automobile accident Tuesday night, will be held in Foster City Saturday morning.

MRS. AUGUSTA ANDERSON

The body of Mrs. Augusta Anderson, who passed away at her home in Lathrop, will be brought to the Allie Funeral Home here tomorrow morning at 10:10 o'clock and funeral services will be held there about noon. Rev. Olson, pastor of the Swedish Lutheran church of Gladstone, officiating. The body will then be returned to Lathrop for burial.

SHORTAGE OF SKILLED LABOR HITS U. P. MILL

IRON MOUNTAIN, Mich., May 10.—When business depression was felt over the country the Von Platen Fox sawmill here was one of the few in the Upper Peninsula to keep its payroll intact. Now, however, the tables are turned, the mill having found it necessary to close down half of the night shift because of the shortage of skilled labor. This condition has been brought about by the increased activities at the Post plant, and in the iron mines.

LUSITANIA HORROR IS COMMEMORATED

NEW YORK, May 10.—Relatives of those lost on the Lusitania were observing Monday the eighth anniversary of the sinking of the giant liner by two torpedoes from a German submarine off Kinsale, Ireland.

Of the 1,198 who lost their lives, 124 were Americans.

WOMAN'S BODY FOUND HANGING IN BASEMENT

LOWELL, Mich., May 10.—Mrs. William Kilgus, who resides south of this village, was found hanging in the basement of her home this morning. She was dead when discovered.

F. C. Harris and daughter, Annie, have returned from New Orleans, La., where they accompanied the body of Mrs. Harris, who was buried there last week.

CAMP CUSTER CANDIDATES TO MEET TONIGHT

Should Be Present at the City Hall at 8 O'clock This Evening.

There will be the usual skating at the Coliseum rink this evening. Saturday afternoon a matinee for children will be given and on Sunday night, the season will be brought to a close with the regular skating program.

At 8 o'clock tonight an important meeting will be held in the office of City Manager Fred R. Harris of all boys who attended the Camp Custer Citizens' Training Camp last summer, and, what is more important, all who wish to attend camp this summer.

This meeting is for the purpose of explaining to the boys the requirements for going to camp. Delta county is entitled to send twelve, possibly fourteen, and it is necessary to pass a physical test before going.

The government pays all expenses, furnishes uniforms, etc., and the boys have all the privileges and the experience of a month's training under regular army officers, while plenty of healthy athletic games are worked into the training program.

Every boy desiring to attend camp should be present at the city hall this evening and learn all about it, then he will know whether he can qualify. This is open to boys in all sections of the country. It is indicated that at least six of the boys who were sent to camp last year, will return this year. The camp lasts from August 1 to September 1.

A BIG SELECTION To CHOOSE FROM
