## TO QUESTION CO-EDS IN MOUNT CASE

### STATE INSISTS ON GOING INTO PROBE DEEPLY

#### Girls Will Be Asked to Appear Before the Grand Jury.

#### Manslaughter Charges to Be Demanded in the Death of Louis Aubere, Student, Recently.

(By the Associated Press)  
Chicago, May 14—Reconvening today the grand jury will resume its investigations in the mysterious disappearance of Leighton Mount, the Northwestern freshman. For the first time since the grand jury has been in session, co-eds from the university will be questioned as to the finding of the skeleton under a pier in Evanston, that is believed to be Mount, which has remained a mystery as to efforts to explain how and when the skeleton came to its resting place.

Scores of witnesses, according to reports, have failed to throw any light on Mount's disappearance. The district attorney's office has delved into the death of Louis Aubere, Northwestern University freshman who was killed about two weeks ago in an automobile accident and announced that today it is prepared to ask the grand jury for manslaughter indictments in connection with his death. The assistant state's attorney said that he had evidence that Aubere's death occurred during a hazing episode, in which the car in which the student was riding was deliberately driven at another student car with the purpose of ramming it.

### U. S. Rail Board Again in Action After Long Lull

CHICAGO, May 14.—Virtually at a standstill for a month the United States Railroad Board resumed functioning again today facing reports from labor circles which indicate a concerted drive by the unions for increases in wages amounting to possibly a hundred and fifty million dollars or more annually.

### Six Deaths From Airplane Crash in Amiens, France

AMIENS, France, May 14.—Six persons, including a New Yorker, in the name of Schickel, were killed in the fall of a passenger airplane in France. The plane, which was one of the big air liners, must have become damaged in some unknown manner and fell to the ground from an elevation, it is alleged of about 5,000 feet.

### CARTER'S FATE IN JURY HANDS ON MANN ACT

#### Judge Refuses to Show Blame for Wild Party.

#### Admits, However, That He Attempted to Quell Public Talk About Scandal.

MARQUETTE, May 14.—The fate of Judge Frank Carter, Albert Weil and Obie Gibson, prominent Wisconsin citizens, charged with violation of the Mann act, was to be in the hands of the jury this afternoon. Indications that Frank Carter was to take entire blame for the alleged transportation of two women from Wisconsin into Michigan for immoral purposes were shattered when he took the stand on his own behalf in federal court Saturday and denied that he promised the girls money for their part in the "Garden of Eden" party at Duck Lake, Gogebic county.

He said no arrangement had been made with the women or the men, either individually or collectively, for immoral conduct and claimed that Edith Kerstan suggested that she attend the party and persuaded Gladys Jones to accompany her. Women Not Persuaded. The first witness to take the stand on the defense was Obie Gibson, county agricultural agent, a graduate of the University of Wisconsin, who, in a straightforward manner, related details of the arrangements, and stated that he met the women about a week before the party. He claimed Mrs. Kerstan wanted to be present at the party and that she was not persuaded to go.

### OFFICER FINDS BIG DIAMOND OPEN TO THEFT

#### Takes Stone and Returns It to Owner This Morning.

Louis Bove, of Chicago, arrived here Saturday to take charge of the local office of the National Cash Register Co., succeeding Mr. Palmer, who has been transferred to the St. Paul office.

Mr. Bove, incidentally will have cause to remember that Mother's Day, 1923, came on the 10th. Saturday evening he placed a diamond earring of great value to himself as an heirloom, in the cash register. In some manner the front door was not locked and during the night Officer Glenn Peterson discovered the earring had not been fastened. Going inside to investigate, he found the cash register open and the earring in it. The pin was taken to police headquarters and this morning was returned to Mr. Bove who was delighted at this first evidence of police efficiency in this city.

City Manager Harris is distinctly proud of the kind of service his police force is giving in such cases as this. It is evidence that the boys are always on the job and using their heads for the protection of the property and welfare of citizens. Mr. Bove was quite eager to tender the officer a reward, but inasmuch as this was a plain matter of duty, it could not be accepted.

## A Dozen Persons Killed In A Texas Tornado

### MOTHERS' DAY AND HOSPITAL DAY FITTINGLY HONORED HERE AT ST. FRANCIS' HOSPITAL

#### Gigantic Crowd Braves Chill Wind to Hear Tributes to Mother of Nursing and Mothers of Land.

Carrying on in more elaborately conducted and suitably extended program of a magnificent day, which has been the only one observed in a most fitting manner at St. Francis hospital, Sunday afternoon, a program and being observed in commemoration of the industry in various occupations. The singer of songs, who during 1907 years ago instituted the practice of the singing of an organized scale.

The last past week committee of five met and decided in cooperation with the sisters of St. Francis hospital, have been preparing for the big event and their efforts were crowned with a success which is hard to grasp and understand. At the same time has brought forth such a spirit and demonstration of noble loyalty that some times which animate the thinking men and women of this community.

It was a splendid gathering of approximately 1,000 persons which braved the chill wind to assemble at St. Francis hospital yesterday afternoon and long before 7:00 o'clock it became apparent that arrangements for the passing of one had the seating of the crowds, were to be taxed to the utmost.

The program was altered somewhat by transferring the service of the exercises to the northwest side of the new hospital building, where the wind was somewhat broken and visitors could stand and sit with less discomfort.

Usured Through Hospital. In reality the observance started yesterday afternoon when hundreds of visitors entered the hospital and were shown through the various departments.

"All Aboard," the Women's Club annual musical comedy, offering at the Delta on Wednesday and Thursday, pleased from the start, the opening night being one of the snappiest numbers in the show. The scene is laid on board the steamship Florida, about thirty minutes before sailing time. The chorus groups comprise tourists, yachting girls, sailors, cabin boys and college men. Some of those in the chorus are Gertrude Anderson, Florence Olson, Florence Goulet, Isabelle Fish, Elizabeth Clark, Mary Hughes, Irene Dotsch, Thelma Erickson, Hubert Bray, John Harner, Perry Bergman, Nick Wolf, Harlan Yelland, Robert Shelton, Marvin Folio, and Leo McGuire.

### TO EXPLAIN FIGHT FOR ESCANABA BILL AT FORUM DINNER

#### Chamber of Commerce and Citizens Generally Invited to Attend Tuesday Evening.

Those who are interested in the bill will be given an opportunity to hear at first hand some of the details of the bill which has been waged for many months in Lansing in an effort to mitigate some of the evils of the existing system for the distribution of primary school money, which is working and has worked such an injustice and financial hardship upon so many counties in Michigan, Delta county being a notable instance.

The Chamber of Commerce will give its first forum dinner since January, in the Knights of Pythias hall Tuesday evening at 8:15 o'clock. On that occasion Secretary Bauden and his associates, including Representative E. H. Carter of this county and Senator Frank J. Sloan of Newberry will be guests of honor and will detail the various phases of the fight which was waged with such earnest purpose that it still which was passed in the house and assured of passage in the senate had not been strangled in committee through political intervention of Governor Greenbeck, who used it as a trading measure in his attempt to gain the south weight on his bill through the senate.

There are many interesting details of this question with which the public is not familiar and it is the purpose of the speakers to clear up some of these points by going fully into the details of the bill and the fight against it.

There is also to be given by the Chamber of Commerce a special dinner for the benefit of the hospital building fund.

### BANDEEN PAID COMPLIMENT BY NEWSPAPER MAN

In commenting on talks political, the activities of the late lamented state legislator and the etc., as Jack O'Keefe might say, editor M. H. Deane of the Charlotte Republican, takes occasion to pay O. I. Bauden, secretary of the Escanaba Chamber of Commerce, a high compliment, as follows:

"Glad to see, in this session, a splendid young chap, Bauden of Escanaba, landed in Lansing with a pair of revolvers the primary school fund, every one told him he might as well think of trying to improve the sermon on the Mount, so sacred had the primary school fund become in Michigan. Supported by what developed to be an equitable plan and a clean cut make up this young northerner actually put his plan across in the house. When the weight tax came two administration leaders in the senate told the youngster if he would get in and get some votes for the weight tax they would report out his bill. He did and for example within an hour had five telegrams on the desk of one doubtful member. The bill was reported out as per agreement and almost as suddenly pulled back in committee where it died as per schedule. All the people, it so happens, involved in this arrangement were college graduates showing that college degrees are just as amenable to political trades as the less intellectual whose degrees are conferred by some fraternal society."

Born to Mr. and Mrs. L. J. Harwood, a daughter.

### Eight Bodies Have Already Been Recovered And More Are Being Brought In Hourly

It is declared that twelve have been counted who are dead but so far there is no official estimate, it was stated.

Persons doing relief work reported dead and injured are being found at almost every scattered farm and ranch for miles northeast of here.

### MISS HOLLISTER BECOMES BRIDE OF HARRY DESNOYERS

#### Popular Escanaba Girl Wedded This Forenoon in City of Chicago.

Miss Browning B. Hollister, daughter of the late Mrs. Marian Hollister, of this city, was united in the holy bonds of wedlock to Harry B. Desnoyers of Green Bay, this forenoon in Chicago. The ceremony was performed by Rev. E. L. Nicklas, assistant pastor of the Fourth Presbyterian church.

Mrs. Desnoyers is one of the best known young business women of this city. For the past five years she has been connected with the business department of the Escanaba Daily Mirror and during that time has come in contact with the majority of this city's business men and women and has won a high place in their esteem for her ability and zeal. Her courtesy and efficiency in dealing with the public has left an indelible impression and her scores of friends will join the Daily Mirror in extending to her their sincerest wishes for a long and happy matrimonial life.

Mr. Desnoyers comes from one of the old and prominent families of Green Bay. He is a bustling, aggressive, talented young man who has by diligent application won a trusted place with the income tax department of the U. S. government, and for the past year he has had his headquarters in Chicago. Both Mr. and Mrs. Desnoyers were born and reared in their native city.

A number of pre-nuptial parties were given in Miss Hollister's honor during the past few weeks and the best wishes of her many friends here all accompany her into her new life.

Mr. and Mrs. Desnoyers will make their home in Chicago.

### DINING CLUBS ENTERTAINED BY LOCAL TALENT

#### Lawrence Hartwig and the Overall Chorus Please Clubs.

Members of the Overall Chorus of the "All Aboard" company today entertained both the members of the Rotary Club and the Kivans Club at their Monday luncheons at the Delta and Ludington hotels. The Rotarians were also highly pleased by Lawrence Hartwig, Escanaba high school declaimer, who recently won the district competition and will participate in the state contest, with his presentation of the prize winning declamation, which is a thrilling indictment of child labor.

Both city organizations were highly pleased.

### ESCANABA TAKES OPENER, 2 TO 1, FROM GLADSTONE

#### Fair Sized Crowd Attends Big Booster Game at South Park Despite Chilly Weather.

A well attended crowd, Escanaba's new ball team got away to a pretty fair start yesterday afternoon and despite the unfavorable condition of the weather it was too cold for players in the first game of the season to show much more than an indication of the stuff they would be able to show later in the season and it was rather cold for the spectators, but in spite of this, Gladstone sent a big crowd of fans over with their team and the crowd enjoyed the opening struggle greatly.

Escanaba won, 2 to 1, leading all the way to the ninth inning, when the first two men up hit and one run was scored. Critics claim that Gladstone's catcher, Foy, manifested symptoms of palsy while on third, standing flat-footed while he had a splendid opportunity to come home and for the score, thus sending the battle into extra innings.

Both batteries showed much promise, but it is early in the season and judgments cannot be too hastily passed. Gladly Zyrd pitched a nice game for Escanaba and Aoberg, Gladstone's new catcher, showed up greatly to the liking of fans and management.

Hegg, a rangy lad more than six feet vertically, recruited from the ranks of northern Minnesota, showed a lot of stuff on the hill for Gladstone, while Foy caught a nice game. The old "lucky seventh" proved Escanaba's opportunity, when Lantz picked out one of Hegg's rings for a ride and drove in the two lone scores of the game. Terry had whanged out a two-bagger previously and opened the fireworks in that inning.

The sensational fielding work of the game was done by Manager Jack Pyrrin, who went back to the fence and speared a high fly, while Carlisle pulled down a long air drive for the ball out of the game.

All in all, the opener may be considered a success and the speed and pep shown by the team is very satisfactory to fans.

A return booster game is to be played in Gladstone next Sunday and it is expected Escanaba will send over a giant crowd to get the aster city crew started off in good fashion for the season.

### NAME WOMAN AS POISON PEN WRITER

#### Maxwell's Friends Rally to His Aid in Time of Trouble.

#### Claim He Couldn't Have Written Letters Because He Was Too Ill at Time.

NEW YORK, May 14.—A woman will be named as the suspected writer of scurrilous letters which George Maxwell, internationally known music publisher, has been charged with having written in defamation of the character of Mrs. Allan Ryan, Mrs. Albert Guilan and several other socially prominent women in the last few years. It was announced by the friends of Maxwell today.

His friends, who are intimate with him and his life, are rallying to his defense, declaring that Maxwell had long suspected of a woman of being the author of the "poison pen" letters, and said they expressed him to give her name to District Attorney Blanton, on his arrival here.

Maxwell's attorney in London declared that he will return home immediately to face the indictment laid against him. Officers of the American Society of Authors, Publishers and Composers, of which Maxwell is the president, said that it would have been impossible for Maxwell to write some of the letters of which he is accused, as he was so ill at the time they were mailed that he was not able to sign checks for the concern.

**SILVER JUBILEE IS ARRANGED FOR FR. BUCHHOLTZ**

Twenty-Fifth Anniversary of His Ordination to Be Fitly Celebrated Tomorrow.

MARQUETTE, May 11. The Very Rev. Fr. Buchholz, pastor of St. Mary's cathedral, today celebrating a silver jubilee of his ordination. There was a solemn high mass, offered by Father Buchholz himself, with the Rev. James Corcoran of Hancock as deacon and the Rev. John Mochler of Iron Mountain, as sub-deacon, in the presence of the Rt. Rev. Paul Nishkamni, D. D., bishop of the diocese.

The Rt. Rev. Frederick E. D. D., bishop of Marquette, and the Rt. Rev. Joseph D'Elia, D. D., bishop of Superior, together with a number of the clergy of the diocese, assisted in the ceremony. The sermon was delivered by the Rev. M. Jodoy, of this city.

Father Buchholz was born in Escanaba, Mich., June 29, 1874. He was the son of Jacob and Catherine Gross. Buchholz devoted members of St. Joseph's parish of Escanaba, until the time of their death. At the age of thirteen years he entered St. Francis preparatory school, Milwaukee, Wis., where he spent four years in the study of the classics, completing the part of his course with the highest honors.

Following this he went to Mount St. Mary's university of the West, Cincinnati, O., for his four years' study of philosophy and theology. This was completed in 1897 and on May 15 of that year he was ordained by the late Bishop Victor of St. Joseph's church, Escanaba, and on May 22 celebrated his first solemn high mass in that church, which had been the scene of the greatest religious events of his life.
