

OFFER \$10,000 REWARD IN MOUNT CASE

PRESIDENT OF NORTHWESTERN 'U' IS ACTIVE

Investigation Becomes Tangled Network of Testimony.
Students Adopt Resolution Denouncing Probe Being Made into College Life and Affairs.

(By the Associated Press)
Chicago, May 16.—A reward of \$10,000 was offered by the trustees of the Northwestern University, at the request of Walter Scott, president of the institution, for definite information that would clear up the mystery of the disappearance of Leighton Mount, the freshman who disappeared on September 21, 1921, after a class rush.

Results of the inquiries conducted by the staff of Robert E. Crowe, state's attorney, since the finding of a skeleton under the Evanson pier which was taken to be all that was left of Leighton Mount, three theories have been advanced: murder, voluntary disappearance and suicide. The investigation apparently has become a tangled network of testimony. Witnesses contradict each other and what seems to be promising leads fail to produce any tangible evidence after a thorough investigation.

Eight hundred students of the Northwestern university had a chapel meeting, called by the student counsel today and adopted a resolution approving President Scott's disapproval of the efforts into the investigation of the disappearance of Mount. The resolution which was drawn up by the student counsel was presented by James Patterson, an athlete and prominent in student activities. In a short address, Patterson declared that the administrative officers and the students were being "hied about and severely censured," when at the university wants the truth in the case and that an effort was being made in the investigation to make President Scott a victim.

LEIGH SWIFT MADE U. P. SPORTSMEN'S LEADER FOR YEAR

President Voght Invites Association to Escanaba for Annual Meeting in 1924.

Yesterday's meeting of the Northern Michigan Sportsmen's Association in Hancock proved a most interesting and pleasing gathering in every respect. John Baird, head of the state conservation commission, was present and made a brief address in which he indicated his intent to co-operate with sportsmen's associations in the state and outlined some of his plans for better game protection.

Will H. Dilig, editor of the Isaak Walton League Monthly, was also an interesting speaker. He urged regional meetings to solve local problems and pointed out how divergent laws in adjoining states permitted law violators to slip back and forth across the border and work both ends of the season, to the detriment of the game.

In the annual election of officers, E. C. Voght of this city, who has been president for several years and is now president of the Michigan Congress of Game Clubs, was succeeded by Leigh Swift, of Houghton. Other officers chosen are: Henry Grams, Houghton, secretary, and W. G. DeGubrial, Negaunee, treasurer. Vice presidents chosen are: John West, Hancock; George Cobb, Escanaba; H. A. St. Johns, Marquette; William Cornbear, Ishpeming; Aaron Kinney, Iron Mountain; John Reeton, Gwinn; Mose Buckman, Rapid River; Floyd Marble, Gladstone, and Dr. Paul Von Ripon, Champion.

District Attorney Dies From Fall In An Elevator

ADAM MICHEAU IS HELD TO COURT ON CHARGE OF MURDER

Bond Is Fixed at \$4000 for Man Held in Connection With Gladstone Tragedy.

Adam Micheau of Gladstone was held to the circuit court under a bond of \$4,000 in Justice McEwen's court this morning, following a preliminary examination on a charge of murder in connection with the death of John Ekblad of Gladstone on April 22.

Ekblad, it will be remembered, died in a local hospital without regaining consciousness after having fallen or been thrown down a stairway leading to the Micheau apartments over the Turkish station in Gladstone on April 20.

The circumstances were such that a coroner's jury was empaneled and sent into the matter, returning a verdict that Ekblad came to his death from accidental causes.

"ALL ABOARD" TO GET FIRST SHOWING HERE TONIGHT

Rehearsals Show That Public to Be Given One of Greatest Local Talent Productions.

Indications are that when the curtain goes up on "All Aboard" at the Delta theatre this evening, Escanabans are going to begin enjoying two hours of the finest entertainment ever offered by local talent. For the past month or more the cast has been rehearsing diligently under the supervision of Mr. and Mrs. Park of the John B. Rogers Company and both are more than pleased with the very splendid talent that has come into their hands.

The Escanaba Woman's Club, under whose auspices the show is being given tonight and tomorrow night, deserves great credit for its acumen in securing the services of such a splendid firm for the production of the play and there is every reason to believe that the show will prove the most popular local affair ever offered the public.

Some of the latest coast defenses guns of the United States can shoot a distance of 39 miles. It takes more than a minute for a shell to cover this range.

New County Board To Hold First Meet On Tuesday, May 22

Notices have been mailed by County Clerk George Harvey to all members of the new county board of supervisors, advising them that the date of the first regular meeting, which previously had been set for May 15, has been postponed until May 22. This postponement is made for the reason that the county court room will be in use on the 16th, 17th and 18th for the state examination of seventh and eighth grade pupils of the county district schools. A chairman is to be elected and new committees for the year appointed.

76 PASSENGERS PERILED WHEN 2 STEAMERS MEET

Crash in Midlake Just Before Dawn Tuesday Morning.

Six Members of Car Ferry Crew are Trapped But All Escape Through Arrival of Assistance.

When people will be deeply interested in the following account of a collision in midlake last Tuesday morning when the lives of a large number of people were imperiled. The Capt. Van Dyke, mentioned in the foretold captives was awaited anxiously.

The Milwaukee Journal carries the following account of the mishap: Disaster lurked in the low hanging fog over the lake Tuesday when Steamer No. 4 of the Pere Marquette line, carrying twenty-six passengers and a crew of fifty men, and Car Ferry No. 17, of the same line, carrying a similar crew, collided twenty-five miles off Milwaukee at 2:30 a. m. Of the passengers ten were women and three children.

The twenty-six passengers were transferred from the badly damaged steamer to the ferry in midlake and a tug sent in response to an S. O. S. call to bring in No. 4. The car ferry, a steel boat, came in on its own power. Both arrived in Milwaukee at 8 a. m.

The steamer, a wooden boat, was stove in from the bow to the pilot house. The steel car ferry was only slightly damaged. Ballast on the damaged boat prevented sinking, although she shipped water heavily. Capt. Michael Martin reported.

The damaged steamer had left Ludington for Milwaukee and the car ferry was making the trip to Ludington, when the crash occurred. The northeast wind prevented hearing the fog warnings. Capt. W. H. Van Dyke of the No. 17 reported, and the fog dimmed the lights that it was impossible to see clearly.

The boats were traveling at a comparatively moderate rate of speed because of the heavy fog and the crews were able to lash them together after the crash and transfer the passengers without the use of boats.

The break in the No. 4 occurred when the forepeak was spread in a triangle, but the break did not reach the water line.

Six Trapped. Six members of the No. 4 crew were trapped in the forepeak quarter deck when steam pipes burst and cut their direct escape. They reached safety by crawling into the hold and emerging through the aft hatchway.

The list of passengers on the steamer as announced by the purser included: J. H. Dean, M. F. Beck, C. Miller, C. Sass, Mrs. C. Miller, M. Bork, Mrs. M. Bork, Dr. Brodie, C. Daquist, C. Hanson, J. Hamilton, C. Schuck, Miss Stevens, Mrs. C. Schuck, M. Tomlinson, Miss Lahyn, Mrs. Bertrand, Carl Ashbacher, Miss M. Sparks, M. Widmark, L. E. Geer and party of five.

The first distress signal was received at the Pere Marquette lines at 3:30 p. m. I tread: Steamers No. 4 and 17 in collision twenty-five miles off Milwaukee. No. 4 badly damaged forward. Passengers safe on No. 17. "Capt. Van Dyke."

A second report read: "Send tugs to steamer No. 4. No. 17 coming under her own power. Heavy fog, northeast winds. "Capt. Van Dyke."

ALL BRIDES OF RECENT GROUP WEDDING RITES

Former Member of Purnell Colony also Goes on Stand.

ST. JOSEPH, Mich., May 16.—Five colony girls, each one a bride of a recent group marriage at the House of David, were summoned today before the one man grand jury investigating the cult. One Smith Rosetta, a former member of the colony, was again on the stand repeating some of the testimony she gave in the recent damage suit against the colony which was heard at Grand Rapids and going into events of colony life, which the rules of evidence did not allow at the trial.

The five girls from the colony were Myrtle Bulley, Marie Bell, Laura Hanson, Mary Coover Smith and Elizabeth Rowe. None of them have been called before and their testimony is expected to develop the present attitude of the colony towards certain precepts of Benjamin Purnell's teachings, as well as any other information which might be used in an actual case against the cult leader.

Backed by certificates from the colony physician that Eldorthea Smith was not in condition to take the stand, Judge Dingeman announced he would select a physician to visit the colony and make an examination to determine for the court whether the girl was able to appear.

CITY COUNCIL TO MEET TONIGHT TO DISCUSS BUSINESS

New Lighting Systems on Several Streets to Be Brought Up for Consideration.

What is expected to be an interesting meeting of the city council will be held this evening at the city hall. Among other business to be considered, Manager Harris will submit, at the request of council, estimates of the cost of installing a boulevard lighting system on Eighth avenue, south, from Fourteenth street to Lake Shore Drive; on South Tenth street from Ludington street to Lake Shore Drive and on Tenth avenue, south, from Fourteenth street to Lake Shore Drive.

These suggested systems, of course, are in accordance with the systems now installed and to be installed on other city streets. Mr. Harris has been asked by the council to provide estimates of the probable cost of the new lighting systems on the streets mentioned, requests having come from a number of residents of the streets to which reference is made.

The city engineer will also submit estimates of the cost of making repairs between the street car tracks on Hartnett and Stephenson avenues. This, also will be at the request of the city council.

It is also indicated that a few beverage shop licenses will be applied for and the banking arrangements for the city will be determined upon.

Another matter which will probably be discussed will be the proposition of renumbering the houses on Lake Shore Drive, where there is much duplication now because of the fact that the street has been numbered under two names—Delta avenue and Lake Shore Drive. The idea is to eliminate this confusion and have the present street renumbered.

Hansen & Jensen To Improve Docks In This City Soon

Among the matters to be presented to the city council this evening will be an application by Hansen & Jensen for a permit to improve their docks. It is stated that the present stocks have been in use for a matter of about a half century and it is desired to modernize them. In order to proceed with an improvement of this kind, the permission of the city is necessary.

GEORGE J. GOULD, FINANCIER, DIES IN FRANCE TODAY

Famous Railroad Promoter Passes Away After Gallant Fight.

Proves worthy successor to His Famous Father in the World of Finance.

(By the Associated Press)
MONTONE, France, May 16.—George Jay Gould, the American financier who has been ill at Cap Martin, near here, for some time, died at 4 o'clock this morning. Mr. Gould was stricken with pneumonia at his villa on March 20th. For several days his condition remained critical and on April 23rd he was said to be out of danger.

Three weeks later he suffered a relapse and on May 3rd took a turn for the worse. Mr. Gould's wife and two children were at the bedside when the end came.

George Jay Gould, financier and railroad man, succeeded to the leadership of the famous Gould family upon the death of his father, Jay Gould, December 2, 1892. In addition to assuming responsibility, as trustee and executor, for the \$29,000,000 estate left by his father, he carried on and expanded the great railroad holdings of the latter, and within a few years, during which he applied the lessons learned from the elder Gould, he became one of America's foremost railroad financiers. The 5,000 miles of road left by Jay Gould grew into more than 29,000 miles under the management of his son, while the many investments in other huge enterprises, including the Western Union Telegraph Company, also were largely managed by the principal heir.

George Jay Gould was born in New York City February 6, 1864, the sixth in line of descent from Major Nathan Gould, or Gold, the original ancestor, who came from the south of England in 1646 and settled in Fairfield, Conn. While many of Nathan Gould's descendants attained eminence in colonial affairs and through service in the Revolutionary War, it remained for Jay Gould to become the first financier.

Fortune Dates From 1850. The Gould fortune dates from 1850, when Jay's grandfather, a partner in his father's hardware store in Delaware county, New York, bought for ten cents on the dollar a controlling interest in the Rutland and Washington railroad, a little bankrupt line running between Troy, New York, and Rutland, Vt. Young Gould, in addition to selling hardware, had studied surveying in his spare time, and took an interest in railroad building as a

POLICE MAKE HAUL AT KELL HOME ON SECOND AVENUE NO.

Two Other Places Visited and Charges Made Against the Owners by Local Officers.

Escanaba's police force started further raiding activities this morning, the first place visited being that of Mrs. John Kell, 1613 Second avenue, north, where Officers Papineau, Bruce, Finn and Assistant Chief Eitenhoffer paid an early visit, resulting in their bringing away four bags containing 160 bottles of what is believed to be home brew. Also one quart bottle of supposed "white mule" and a pint of yellow liquor where held as evidence. Mrs. Kell is charged with sale, possession and keeping a place.

Grover Lewis, 112 South Tenth street, was visited by Chief Toland and Officer Bruce. A glass containing approximately a half pint of yellowish liquid, believed to be moonshine, was secured as evidence. Lewis is held on charges of possession and keeping a place, and John Conahan, his bartender, is charged with sale.

15-Foot Woman Found.

LOS ANGELES, May 16.—That a prehistoric race of giants lived in California and Arizona 257,000 years before the Tutankamen of Egypt is conclusively proved, Samuel Hubbard, Oakland archaeologist, announced here, by evidence he has found in the Grand Canyon of Arizona. According to Hubbard, he found the prehistoric remains of a woman of the race who was 11 or 12 feet tall and well proportioned. He also saw the remains of a man fifteen feet tall, Hubbard said.

He is survived by his wife and three children.

GRANITE MAN'S SLAYER, CHICAGO JURY'S VERDICT

Granite Man Shows No Emotion When Convicted of Crime.

Chicago, May 15.—James Foster, the Granite Man, was found guilty of the murder of Mrs. Kate Mitchell, Tuesday, the jury announcing that he had killed her because of the fortune which she had inherited from her father.

He was convicted of the murder of Mrs. Foster, an employee of the Western Union Telegraph Company, whom he is believed to have thrown into the drainage canal when she refused to marry him.

Mrs. Roy Baker of Muskegon returned to her home this morning after a pleasant visit with her parents, Mr. and Mrs. Charles Rootings of South Eighteenth street.

Mrs. Jeanette Root of Chicago is here for an extended visit with her parents, Mr. and Mrs. Archie Prehn, of South Nineteenth street.

George J. Gould Dies in France

(Continued from Page One)

Two years after purchasing the road, Jay Gould had succeeded in extricating it from financial difficulties, and upon he sold at 120 the interest originally acquired at ten. This was the first feat by that great partnership, over and over in later life, gave him the foremost railroad developer of his time.

George Jay Gould, even when quite young, showed an inclination to follow in the footsteps of his father. He received a thorough education from private instructors, and subsequently entered Columbia University, but was not graduated.

Western Union Employee. After a tour of Europe, he became a clerk in the Western Union office, where he developed such an aptitude for detail that he soon became the assistant of his father. George Gould was at his desk ten hours a day and often remained long into the night, learning the business which, when he became its vice president a few years later, operated more than a million miles of telegraph wire.

For two decades after the death of his father, George Gould continued to manage the vast properties, and many financiers and railroad men have declared that he frequently surpassed his famous mentor in his capacity to weave an indefinite jumble of railroads into a definite and complete system. First Wife Drops Dead. Mr. Gould's first marriage was in

1886 to Edith Kingdon, who dropped dead while playing golf on the Gould estate at Lakewood, N. J., in November, 1921. From this union there were five children.

In May 1922, Mr. Gould married Jeanne Sinclair, a former actress, 20 years his junior. The second marriage was regarded as almost as much of an elopement as the marriages of three of his children Edith, George, Jr., and Kingdon. The first news of it came from Paris, where the couple were spending their honeymoon, but it later transpired that the ceremony was performed in Lakewood. As a consequence of this second marriage, Mr. Gould lost property valued at \$2,000,000 left by his first wife, which he converted to a trust fund for her children.

Mr. Gould's home in Lakewood, N. J., has been described as one of the most magnificent country places in America. It was modeled after the

old English estates, and had its gatekeeper, its lodge, its master of the hounds and its master of the hunt.

The financier had been a lover of outdoor sports from boyhood, and continued to ride, hunt and play golf as long as his health would permit.

Maddened Horse Kills a Notorious Chicago "Sluggo"

(By the Associated Press)

CHICAGO, May 16.—(Special) Nails, notorious underworld character, hooligan and recently tried and acquitted of murder, met what might be retributive justice Sunday, when he fell from a frantic horse and was kicked to death.

It is a singular coincidence that the horse was taken from the stable of "Con" Shea, likewise a notorious sluggo and who has figured largely in the criminal annals of Chicago, New York and Boston.

"Nails" had started out for a ride through Lincoln park, when his horse became unmanageable. "Nails" sawed at the bits and applied the spurs when the tortured animal reared and pitched his rider forward on his head. In the efforts to get free of the bridle reins, the horse trampled "Nails," one hoof fracturing his skull. He died in a nearby hospital without regaining consciousness.

Freight Rates and Valuation

Wide publicity has been given to the statement that the value of all the railroads of the United States does not exceed \$12,000,000,000, and that if such valuation had been used during the past three years in making rates all freight rates, including those on farm products, would have been materially reduced.

That statement disregards the railroads' right under the Federal and State Constitutions to earn a fair return on the value of their property, and denies the validity of the valuation made by the Interstate Commerce Commission.

It also disregards the fact that the railroads during the 34 months prior to January 1, 1923, did not earn 4 per cent on \$12,000,000,000, although authorized to earn 9 per cent on \$18,500,000,000.

If, however, a valuation of \$12,000,000,000 had been made the basis for rates instead of the valuation found by the Commerce Commission and the reduction had only applied to freight rates, that reduction could not have exceeded 2.1 per cent of the rates collected in 1922. This conclusion is emphasized by the following facts:

Table with 2 columns: Item, Amount. GROSS FREIGHT REVENUES OF ALL CARRIERS FOR YEAR 1922: \$4,007,014,655. NET INCOME OF ALL CARRIERS FOR YEAR 1922: 776,665,690. RETURN ON ASSUMED VALUATION OF \$12,000,000,000: 690,000,000. EXCESS OF NET INCOME OVER THE RETURN ON THE ASSUMED VALUATION: 86,665,690.

A deduction of this excess of \$86,665,690 from the total gross freight revenues of \$4,007,014,655 would have reduced the gross freight revenues only 2.1 per cent. If this reduction of 2.1 per cent had been applied to freight rates, with no reduction in passenger fares or other charges, it would not, in fact, have increased the amount received by the farmer for his products.

GRAIN

A reduction of 2.1 per cent in freight rates means nothing to the individual shipper unless expressed in units with which he is familiar and be large enough to be recognized in commercial dealings. During the year 1922 the Chicago & North Western Ry. Co.'s average haul and rates on grain were as follows:

Table with 4 columns: Grain, Average Haul, Average Rates per Bushel, Reduction per Bushel. Wheat: 19 1/2 miles, 7.14 cents, 1.5 mills. Corn: 25 1/2 miles, 7.25 cents, 1.5 mills. Oats: 210 miles, 3.29 cents, 0.7 mills.

A reduction of 2.1 per cent in this company's freight rates would, therefore, have reduced its wheat rates 1 1/2 mills, its corn rates 1 1/2 mills and its oats rate 7-10 of one mill per bushel.

Experience shows that grain does not vary in price at country stations by less than one-half cent per bushel and ordinarily by not less than one cent per bushel. As a result, the assumed reduction in rates on corn and wheat of less than one-sixth of a cent per bushel would not have resulted in the increase of a single cent to the producer of grain.

LIVE STOCK

Table with 5 columns: Animal, Average Haul, Rate per Cwt., Reduction of 2.1%, Reduction per Animal, Cents. Cattle: 240 miles, 23 cents, 4.9 mills, 4.9. Hogs: 210 miles, 24 cents, 5.0 mills, 1.0. Sheep: 352 miles, 26 cents, 5.4 mills, 0.5.

A reduction of 2.1 per cent would have reduced the rates on cattle less than five cents, on hogs one cent, and on sheep one-half a cent per animal, assuming cattle weight 1,000, hogs 200 and sheep 90 pounds.

Such reductions mean little or nothing to the average producer of farm products, but a loss to the railroads of over \$86,000,000.

2 YOUTHS STAGE DUEL FOR LOVE OF HEROINE; USE GUN

One Shot in Arm, the Other in Leg, Before the Police Interiere.

(By the Associated Press)

DANVILLE, Ill., May 15.—Tony Novitsky, 18, and Michael Gonnus, 18, romancers from Chicago, ended a quest for adventure here last week to see which of the two youthful "heroes" would marry the "heroine."

Tony and Michael, with Dorothy Wasserman, 19, were brought to the police station as runaways after they had "shot out" the dispute at a local park, the police said.

The trio started out from Chicago for a career, that included a "sloop" of Danville Sunday according to the story authorities assert they obtained from the trio.

The two boys had pistols. Dorothy was to have been their "inspiration" and heroine. While the two were in the park learning to use their guns, they quarreled over the girl.

Tony shouted a challenge for a duel at Michael, and shot him in the leg. Michael returned the fire, wounding Novitsky in the fleshy part of the arm, they told police. The wounds of neither are serious.

Parents of the trio arrived Thursday to take the children home.

The boys said wind west movies gave them the idea of getting rich and famous by being "holdup men."

Rescues 9 Children When Houses Burn

CLEVELAND, Ohio, May 16.—After rousing members of four families occupying an apartment house when a blaze threatened destruction of the two-story frame building here early Monday, John Cracium made several trips into the burning structure, carried out seven of nine children rescued, and threw in a door so one of the families could escape.

Cracium carried out five of his children, his wife carrying their sixth, a six months old baby. He also assisted Mrs. Anna Marlan and her two children to safety.

The fire, which drove the children and eight men and women into heat freezing weather, apparently was caused by an overheated gas stove.

Saginaw Man Draws Two-Year Term; Stiff Sentences 'Handed Out.'

(By the Associated Press)

BA YCITY, Mich., May 15.—The stiffest bootlegger's sentence meted out by Judge Arthur J. Tuttle at the present term of the federal court, was given to Harvey, "Baldy" Berrin, of Saginaw, who drew two years in the federal penitentiary at Atlanta and a \$200 fine.

Berrin was given 30 days at the October term of court and was out only a few days when he was again caught.

Fred Spencer, 38 years old, of St. Charles, who changed his plea to guilty, was fined \$75. Peter Karas, 38 years old, of Flint, was given 35 days in the Detroit house of correction after he pleaded guilty to the sale of liquor. Mary Demick, of Flint, 45 years old, was sentenced to 91 days in the same institution. She admitted having paid a \$300 fine in the state courts for selling liquor.

Fred Borrick of Flint, who acted as interpreter in the case of Mrs. Demick, pleaded guilty to a liquor charge and was given six months in Detroit. John Van Vaughn of Flint, pleaded guilty to selling liquor in his pool room and was given 36 days, while Harold O. Bursley, his bartender, was given 30 days.

State's Mine Trial Witnesses Slain

(By the Associated Press)

POMEROY, Ohio, May 16.—Edward Reynolds and J. W. Swanner, West Virginia miners who were shot and killed here Wednesday by J. E. Miller, a local miner, were important witnesses for the state in the forthcoming trials at Lewisburg, W. Va., of union miners who are alleged to have taken part in the armed match at Logan two years ago, according to information reaching officials here from Logan, W. Va.

Swanner's home was at Logan and Reynolds' at Montgomery, W. V. Miller told authorities he shot the men when they attempted to enter his home, after having been denied admission by several union leaders.

ENDS 50 YEARS AS M. E. PASTOR

Bishop Berry, Former Detroit Man, Honored by Church.

(By the Associated Press)

PHILADELPHIA, Pa., May 16.—Rounding out the fiftieth year of his service in a ministry that began in the Detroit conference of the Methodist Episcopal church, Bishop Joseph F. Berry, now the senior bishop of his denomination, celebrated his half century of service here Thursday evening of last week.

Congratulatory telegrams poured in to him all day from every part of the United States, Bishop Berry's practice of presiding at many conferences having brought him into friendly contact with a host of Methodist clergy and laity.

Leaders in Methodism joined in the evening in paying tribute to their oldest bishop at a dinner given in his honor by the Methodist Episcopal social union at the Bellevue-Stratford hotel.

Governor Pinchot and Senator Geo. Wharton Pepper were among the guests, while the speakers included Rev. W. Beatty Jennings, president of the Philadelphia Interchurch federation; Judge Harold B. Wells, Senator-elect Royal S. Copeland, native of the state where Bishop Berry began his ministry and a life-long friend, and others.

After entering the ministry in the Detroit conference, Bishop Berry served various congregations in different parts of Michigan for 12 years, and then began his long career with the Michigan Christian Advocate, which continued until 1904 when he was elected bishop.

DRUGGISTS RECOMMEND Dr. A.W. Chase's Medicines

The druggist is the one family friend and adviser in whom everybody has implicit confidence. No druggist who values his reputation in his neighborhood will recommend any proprietary medicine unless he is absolutely sure it has outstanding merit. It would be business suicide for him to sell and endorse an inferior article. That's why we take great pride in presenting below the sincere opinions of a few of the many thousands of druggists who are now selling and recommending Dr. A. W. Chase's Medicines:

The Vancouver Drug Co., Ltd., Victoria, B. C., writes:
"Dr. Chase's Medicines are always in demand, and there are many repeat orders. There is a reason—Dr. Chase's Medicines are reliable."

Mr. T. T. Beattie, Druggist, 462 Bronson Ave., Ottawa, Ont., writes:
"I always recommend Dr. Chase's Medicines with perfect confidence, as I receive continual evidence that they are splendid relief-givers. In particular I have found Dr. Chase's Kidney-Liver Pills very efficacious. They are among the very best staple sellers, and the handling of these goods is highly satisfactory."

Mr. Frank Hyde, Druggist, Woodstock, Ont., writes:
"Among our best selling proprietary medicines, Dr. Chase's has a foremost place. They are necessary in every drug store, so permanent is the demand for them."

Mr. A. P. Chown, Druggist, Kingston, Ont., writes:
"Dr. Chase's Medicines have for many years had a steady sale and give good results and satisfaction."

Macartney's Drug Store, Stratford, Ont., writes:
"The demand for Dr. Chase's Medicines is very steady and in considerable proportion. Our investigation clearly shows that Dr. Chase's Medicines are recognized by the Druggists and the people as staple sellers and reliable medicines."

Mr. Frank J. Hoag, Druggist, Kingston, Ont., writes:
"Having handled the Dr. Chase's line of family medicines for fully twenty-five years, I have no hesitancy in saying that we consider them among our best sellers, as well as most reliable family medicines."

Mr. A. R. DuBerger, Druggist, Sherbrooke, Que., writes:
"I have handled Dr. Chase's line of medicines for years, and I find that, as proprietary medicines, this line is one of the ones—if not THE one—that gives the most general satisfaction to my customers."

Mr. O. J. Gill, Druggist, Ingersoll, Ont., writes:
"Dr. Chase's Medicines have a steady sale with us the year round, and we have always found them to be very reliable medicines."

Mr. E. G. Moxon, Druggist, Truro, N. S., writes:
"For a considerable length of time Dr. Chase's preparations have been one of our staple lines of medicines. Our patrons find them highly reliable and satisfactory. We consider them among the leading sellers and we aim to always keep them for sale."

Mr. C. A. McQuarrie, Druggist, Truro, N. S., writes:
"We have known Chase's Medicines from childhood. Their sales were great then, but greater now, and Chase's goods are among the fastest selling lines. The motto 'Chase's Goods are Good' seems to be upheld throughout their entire line."

Mr. W. D. Mitchell, Druggist, Prince Albert, Sask., writes:
"We have handled Dr. Chase's Medicines for a considerable number of years, and find them one of the most satisfactory staple lines, and among the best sellers. They are easy to sell, and we feel that having made a sale of Dr. Chase's Medicines, we have gained a satisfied customer."

A GAG FOR THE SAAR.

The Department of State has received and published the order issued by the Saar Commission of the League of Nations for the purpose of controlling speech and the press in the Saar Basin which is being administered by the League under the treaty of Versailles.

The substance of the decree is that nobody shall cast discredit on the treaty of Versailles, and that nobody shall criticize or traduce the League of Nations, the signatories of the treaty of Versailles, the governing commission, its members, organizations or administrative officials.

For a long while, the administration of affairs in the Saar under the commission appointed by the League has been pointed out as one of the organization's shining accomplishments. In that region it was said there was peace, content, justice and industrial productivity.

The gag which has now been stuffed into the mouth of every inhabitant of the Saar, causes a suspicion that things may not be quite as rosy as they have been reported. There must be something decidedly wrong when the commission can bring itself to punish any person who discredits a treaty that is now admitted to be a failure in every country that is a party to it.

But there is another aspect of the order that is important. The League is one of the three candidates for control of the Saar in the plebiscite to be held in 1935, and up to that time it will be actively administering the government of the region through a commission. By passing criticism of itself, its commission and its officials, it takes a step which prejudices the election. It is true that all signatories to the treaty, including France and Germany, are sheltered under the protecting wing of the order, but the commission of the League, being the governing body, is the only one of the three active in the Saar.

Practically, of course, the decree will work the other way, for no people ever liked to be silenced by law, but that fact does not put the League and its commission in a better light.

WHO SAID MEXICO IS BACKWARD?

Time was, and not so long since, when the little Mexican never saw a school-house, was widely unacquainted with teachers and had never heard of McCallay and his successors. This paradise of boyhood lately has been invaded by progress under the Oregon administration and the Mexican child is being caught and, say observers, well-taught.

The most recent development in the public school system of Mexico is the decision to teach all children how to make toys, candy, soap and other useful products. The preliminary announcements stress, significantly perhaps, those three "useful products," possibly to the cognition in contemplative Mexican children. No youngster can regard the trio entirely unmoved. A school lesson devoted to the manufacture of candy would find few tardy or absent, and there is a potency in the building of toys which is not without its appeal.

However, there is life symbolically set forth for the aspiring Mexican child. Life, he observes thoughtfully, is not all toys and candy; there can be no life (in school) without soap. Or if he be of sanguine temperament he can invert the order and reason with himself that he who has soap also has candy and toys. It is a superb lesson in the law of compensation.

WHAT DID THE SENATOR EXPECT?

Senator Moses, just back from Europe, is highly ruffled by the attitude of the continent toward this country. He says Europe is a "bed of hatred" and that though the nations over set are asking for our money they hate us intensely!

We wonder how the senator, expected to find Europe feeling. This country prevented the old world from committing suicide. It saved white civilization in the regions where white civilization originated. That alone was enough to earn for it the dislike and enmity of the continent. Then it declined to act as the fetch and carry servant for the European nations and refused to stand still and be plucked like a goose.

And still further it dared to suggest that the money loaned the old world nations was not a free gift, they were mortally offending all the principal powers except Great Britain. And to cap the climax, America has insisted upon growing prosperous. Such conduct as this is absolutely unforgivable, and America naturally is more or less an outcast among the nations. Only Britain, somewhat in the same boat with us, and as cordially disliked at least in France, as we are, can sympathize up to a certain point.

However, the United States has no ground for complaint. If a country will insist upon trying to help other countries that are in trouble, it must take the consequences. It must expect to get itself in bad and must find what comfort it can in an approving conscience and a knowledge that it has done its duty.

Statistics are said to show that a college professor's chances of long life are better than a blacksmith's. A college professor never has to shoe mules. He only teaches them.

Masons Visit Gladstone.

A number of the members of the Escanaba Lodge of Masons went to Gladstone on Monday evening and visited the Masonic lodge of that city. The visit was wholly informal and was greatly enjoyed by both the hosts and their guests of the evening. Following the coronation session a delightful luncheon was served by officers of the Gladstone lodge and their guests.

W. R. C. Meeting.

The Women's Relief Corps held a most important meeting Tuesday afternoon at 1:30 at Greenier's hall when much business was taken up and complete plans for the Memorial Day exercises and banquet were discussed.

A large class of candidates was initiated and a memorial for past president was read. Mrs. Alice Walter, oldest member of the corps, who is also the first president of the C. P. Smith Corps, read an eulogy on Past Presidents Mrs. Roth, and also on Past President Mrs. Asa Warren. Mrs. May Eastwood read one on Past President Mrs. McKeever.

There was a large attendance which was very gratifying to all. Saturday, May 19, is Tag Day for the W. R. C. and it is also Cookie Day for the American Legion Auxiliary. The Cookie Day was discussed at this meeting by the members of the W. R. C. and plans were made that all cookies which will be donated by the members of the Corps should be sent to the home of Mrs. Henry R. Dotsch, who will look after the part of the work and the will afterward turn them over to the Legion Auxiliary's rooms in that to be shipped with the others. The W. R. C. members are always ready to help in any good cause to help the overworked men. All members present at the meeting donated cookies.

The Ladies' Aid society of the Swedish Mission church will meet in the church parlors on Thursday afternoon at 2:30 o'clock. Mr. Ed Abrahamson will be hostess.

KIDNAPER FAILS TO HALT WEDDING

Bronx Girl Seized and Carried Off in Taxicab, But in Vain.

NEW YORK, May 16.—Kidnapers, hired by a former suitor, police say, failed to prevent the marriage of 18-year-old Rosa Silvera, of the Bronx. She was wed to the man of her choice, Dominick Uaglione.

The bridegroom did not appear in West Farms court to prosecute the man said to have undertaken the task of blocking the marriage. The bride-to-be went to One Hundred and Sixteenth street and Third avenue to purchase the finishing touches for her trousseau. She was accosted by her former sweetheart as she left the subway at Kingsbridge station on her way home.

After walking to a point near Two Hundredth street, Miss Silvera was suddenly seized and thrown into a taxicab. The other man and the former sweetheart were with the girl as she was driven away.

Detectives Cassano and Moncini heard

the young woman's screams and gave chase. They found the taxicab stalled at Two Hundred and Fourth street. The sweetheart had escaped, but the two men were still with the girl. The men described themselves as Joseph Vinci, 25, and Concetto Saldo, 27.

MAGISTRATE HENRY M. R. GOODMAN

held the men under bail of \$1,500 each on charges of suspicion of attempted kidnaping, and continued the case.

MEMORIAL DAY PROCLAMATION

Lee's surrender to Grant at Appomattox marked the close of the Civil War which had cost this country millions of treasure and many, many thousands of precious lives.

A generation passed and America again found herself in arms, not to put down rebellion but to establish the liberties and maintain the rights of a young, sister republic.

Less than a score of years saw the outbreak of the great world conflict and, while at first it seemed that we might be able to keep out of it, as the war progressed it became more and more evident that the fruits of liberty, so dear to the heart of every American, were seriously menaced and that to insure our national independence we must take our place by the side of those who were battling for the freedom of the world.

Memorial Day is for the men who took part in all these wars, but our first thought will be for the gray-haired veterans, that last thinning blue line whose step is growing feebler year by year; and in this thoughtfulness for the old soldier none will join more heartily than the younger veterans of more recent wars.

Therefore, in order that we may pay a tribute of respect and attention to the surviving veterans of the Civil War, the Spanish American War and the Great World War, and do honor to the memory of their fallen comrades, I hereby sincerely urge that Wednesday, May 30th, 1923, be fittingly observed as Memorial Day; and I earnestly appeal to the people of Michigan for hearty cooperation in plans for the observance of the day in their respective communities.

On Memorial Day flags should be displayed at half-staff until noon and then hoisted to the top of the staff. Given under my hand and the great seal of the state this fourteenth day of May, in the year of our Lord one thousand nine hundred and twenty-three, and of the commonwealth the eighty-seventh.

ALEX. J. GROESBECK, Governor.

"Umbrella Mike" Mum On Fixing Len Small Jury

(By the Associated Press)

CHICAGO, May 16.—"Umbrella Mike" Boyle, Chicago labor leader, has been ordered by Judge Edwards to appear May 26 and show why he should not be held in contempt of court for alleged refusal to answer questions before the grand jury probing charges of "fixing" the jury that acquitted Governor Len Small.

"Did you ever talk to Charles Fitzmaurice (then chief of police) in any manner or form about influencing a juror in the case of the people of Illinois vs. Len Small?" "I refuse to answer because it may incriminate me," Boyle answered.

He made a similar reply to many other questions. Judge Edwards ordered that Boyle should answer, granting him immunity from any charge of bribery as a result of his statement.

DELTA COUNTY HAS \$14,728.33 DUE IN STATE ROAD AWARD

Action of State Administrative Body Will Determine Whether It Is to Be Paid.

LANSING, May 16.—(By the Associated Press)—Whether counties will receive their delinquent state road funds from the state apparently is a question to be decided by the state administrative board.

The 1923 legislature passed an act providing that no state rewards shall be paid for the next two years. There are, however, a number of unpaid claims, for which it is claimed the money is in the state treasury. No provision was made by the legislature for paying the counties their back rewards, but it is believed that the administrative board, inasmuch as it has made similar appropriations in the past, could authorize the payment if it felt so inclined.

It is the argument of the friends of the administration weight tax bill, which was defeated by the legislature, that the state, in view of the fact that no highway finance program was adopted, cannot afford to pay the rewards. Opponents of the measure, however, claim that the state is now exactly where it was before. That is, the road building program can proceed without interruption, financed by bonds which the administrative board has the right to issue, under the \$50,000,000 highway program.

In case no payments are made the counties of Upper Michigan will lose the following amounts:

DEVICE MAKES 350-FOOT DIVE

Cage-Like Apparatus May Eliminate Suit; 4-Hour Air-Trip Possible.

(By the Associated Press) MANITOWOC, Wis., May 16.—An invention which may revolutionize diving was recently tested at this port and, according to the inventor, Alexander O. Tesch, a Chicago man, proved successful.

The device is known as a diving chamber, which supplies the ordinary diving suit and permits the diver to go to the bed of the body of water at great depth.

Can See Into Water.

The chamber is seven feet high and three feet in diameter. It is made of steel seven-eighths of an inch thick. Attached to the steel cylinder, near the base, are four arms and on the end of each is fastened a propeller operated from within which enables the operator or diver inside to move about at will. Several protected windows dot the steel chamber and a powerful electric light allows the diver to see into the water.

Tesch, the inventor, went down a depth of 350 feet in the presence of several persons. The test was made 20 miles out. Owing to a heavy sea, Tesch did not accomplish his objective of reaching the deepest spot in Lake Michigan, 750 feet, which is said to be off Manitowoc 20 miles. Another test will be made as soon as weather permits.

Can Stand Pressure.

The steel chamber, its metal states, will stand terrific water pressure. While the inventor is willing to discuss his contrivance freely, he will not disclose the source of his oxygen supply. He says that the person in the steel cage could live four hours without aid of fresh air.

The diving chamber, which weighs more than a ton, is hoisted into the water and hauled out with a derrick.

CHESTER GRANT EXACTS SPEED

Americans Face No Easy Task in 'Amazing Bargain Sale,' Turkish Oil Pact Reveals.

(By the Associated Press) WASHINGTON, May 16.—Examination of the details of the so-called Chester grant by the Ottoman empire, described by a French banker as "the most amazing economic bargain sale the world has ever known," revealed that while Rear Admiral Colby M. Chester, retired, has a 99-year concession, he and his associates cannot immediately begin a start in the development of the oil and mineral resources of the Near East.

Must Start Operations.

Meanwhile, it appears, Admiral Chester and his associates are bound by their agreement to make a start toward compliance with their part of the agreement. The published text of the covenant between Turkey and the

concessionaires calls, among other things, for the following: The Chester syndicate within thirty days after ratification must deposit 50,000 Turkish pounds as a guarantee of execution. If the sum is not deposited the 50,000 Turkish pounds or equivalent deposited reverses to the Turkish government, but it is assumed that there will be difficulty in complying with this provision, which calls for less than \$20,000 additional in American currency.

The concession further provides that within six months the syndicate must be organized as a Turkish corporation, amenable to Turkish law, and subject to Turkish laws. Turkey is to have thirty days to approve of the plan of the syndicate of the Turkish corporation, which may be subject to Turkish approval.

The Turkish government had three months to study the plans for petroleum concessions, construction, which must be prepared within 12 months after ratification.

May Extend Time. In case of necessity the Committee of Public Works may extend the time, but the Chester syndicate is pledged to commence railroad line B from eastport to Yomourdash, within 90 days thereafter and to complete it within three years. Work on two other concessions must begin within two years after acceptance of the plans.

The syndicate is given the right to construct a port at Yomourdash, plans to be submitted within five years and complete work within seven.

The agreement indicates that in a few months Admiral Chester and his associates must interest American capital in the venture and that successive

Shot Her Friend "To Keep Love"; Now He's Crazy

(By the Associated Press) CHICAGO, May 16.—Miss Jeanette Hoy, who came to Chicago from some point in Tennessee or Kentucky, has been declared temporarily insane and will be held in the psychopathic hospital until her mental condition is thoroughly established.

Miss Hoy is 25 years old and two years ago she tried to kill a girl friend who refused to associate longer with her. In explaining her act Miss Hoy said she wanted to lose the love of her friend and then her for that reason. At the same time she shot herself.

Several days ago Miss Hoy was arrested on complaint of Mrs. Augusta Miebner, who said her daughter, 19 years old, had been lured away and kept from home several days by Miss Hoy.

Girls' Plea Fails to Save Cave Man

NEW YORK, May 16—Love-making, which smacked of caveman tactics, has brought about the arrest of Frank Harris, 24.

Harris, it is charged, became infatuated with Mrs. Yvonne Revelle, 28, a war bride. He climbed the fire escape leading to Mrs. Revelle's apartment, flourishing a revolver and, it is said, threatened to kill the woman and himself.

Magistrate Oberwager held the man in \$5,000 bail despite the plea of Mrs. Revelle that she did not wish to see her unwelcome suitor sent to jail.

The French woman said an American soldier married her in France in 1919 and had deserted her shortly after arriving in America.

CHICKS NET \$6.66 EACH TO CASNOVIA BREEDER

CASNOVIA, Mich., May 16—A flock of two hens, thirty-eight pullets, one cock and a cockerel, owned by Mrs. W. Loomis, of Casnovia, has returned a net profit of \$6.66 per bird since the last year. Mrs. Loomis maintains a record, including the year she was given. Most of the birds were sold to breeders, except the cockerel, which she disposed of to breed. "My profit on under 175-egg production, in the year and the highest record was 261 eggs," Mrs. Loomis said.

HOT SPRINGS IS RECOVERING FROM FLOODS

Stores and Shops Being Reopened as Debris Is Removed.

(By the Associated Press)

HOT SPRINGS, Ark., May 16—Merchants and others of this stricken city opened their doors today again after a night through which crews of men worked in tireless efforts to remove the wreckage and debris left behind by the mad torrent that came down upon the city from the hills.

Central avenue, which is the main street of the city, was the chief bed of the madly rushing river, but it again open to traffic and street cars, cabs and utilities are all functioning. Mrs. Kate Christensen, the only person known to have received serious injury in the disaster, is at a local hospital today and is still in a critical condition as the result of a fracture of the skull which she suffered when the automobile which she was driving was caught by the Central avenue torrent and swept along for three blocks. Attending surgeons despair of her recovery.

Stories of remarkable rescues as told by eye witnesses today swelled the wonder that many lives had not been lost. In confirmation of the early belief, among the outstanding heroes of the disaster is Capt. Lovett of No. 1 fire company. He made several sensational rescues and on several different occasions his life was endangered by the risks he took in saving people who seemed to be in grave danger.

At one time he was swept away by the flood and was rendered unconscious when his head was dashed against a cement post. Comrades saw him in time, however, to drag him from the water and save his life.

Girl Kidnaped, Brother Fears

(By the Associated Press)

LOS ANGELES, May 16—Aster Jolly, 16, has been kidnaped, in the belief of A. W. Jolly, her brother, who reported her mysterious disappearance to the police.

According to Jolly, the girl left home to visit the woman at the police station. Later, the woman called up by telephone to say that her expected visitor had not appeared. Her father and mother then started out to look for her.

Jolly told the police that the parents heard voices, apparently in an argument, nearby.

"Look out, there's her mother," a man is said to have shouted to the parents, who were nearby.

"With those words the three men in an automobile parked nearby and drove away. Aster is described as being 5 feet 2 inches in height, weighs 120 pounds and has brown bobbed hair. She wore a blue silk dress.

CAMEL DRIVERS ORGANIZE A UNION IN PALESTINE

NEW YORK, May 16—Add the Camel Drivers' Union of Palestine to the long list of the world's labor unions.

The drivers have been organized for several years and are now an important part of the Federation of Labor in the Holy Land. The Camel Drivers' Union is one of the 12 trade unions that have been organized. The Federation is affiliated with the American International.

The Congress of Jewish Labor in Palestine, which is a part of the formation of the union, points out that colonization is growing rapidly and that cooperative activities are highly successful.

KIDNAPED YOUTH ACCUSES NEW JERSEY KU KLUX

(By the Associated Press)

BELMAR, N. J., May 16—The authorities early this week were seeking five men, who wearing masks, kidnaped George Titus, 18 years old high school student, from the home of William Rademan, drove him 28 miles in an automobile, threatening to kill him, and finally turned him loose.

Titus attributed the kidnaping to the Ku Klux Klan. It is the first time a kidnapping of this nature has been attributed to the Klan.

POISON SLAYING TRIAL FACES SECOND DAY

(By the Associated Press)

BELLSHOLE, Mich., May 16—The postponed examination of Mrs. Marie Kuhn, held at the county jail for the alleged murder of Zelon Lake, is set for Friday before Justice Glenn E. Miller. Prosecuting Attorney J. C. Rigg said the examination was likely to be again postponed because of the illness which made the first postponement necessary.

U. S. ALCOHOL EXPORTS TO GREECE ARE DOUBLED

WASHINGTON, May 16—United States exports of 1,012 tons of alcohol to Greece in the last eight months of 1922, the department of commerce has announced. Similar exports in 1921 were 502 tons. While not so stated it was pointed out the alcohol was of the "non-drinking" variety.
